

## Super D. S 21

Chapter 21: Lion mouth wide open

"What, two five martial arts?"

Ye Zhang and the four major families all got up.

Five martial arts, each door is worth a lot, if it is a relatively rare martial arts, then the price will be even higher.

Ye Jia is one of the four major families of Lianyun City, but the family is also the strongest of the seventh martial arts, which is the four old people in front of Ye Xuan.

There was originally one, Ye Xuan's grandfather, Ye Zhang's father, but the old wounds were too much, so he died for many years.

Although Ye Zhang is expensive as the owner of the Ye family, his strength has not reached the seventh weight of the martial arts, but the sixth heavy weapon.

However, the military generally learns martial arts downwards. For example, the martial art of the seventh martial arts is generally learning six martial arts, because it is easier to master, and it is easier to master. If you are practicing martial arts of the same product, then you will need a lot of time to practice, and the effect of cultivation will not necessarily be good, unless it is a talented genius.

The backbone of Ye Family is the Sixth Warrior, so Wu Pinwu is just right for them.

Ye Zhang took over the two books that Ye Xuan handed over and muttered: "The martial swordsmanship, the rushing step, these two martial arts, it seems that I have never appeared in Yuncheng."

"Haha, it's not bad, seven million two really worth the money, which can make my overall strength of Yejia improve a lot." The second family old caressed the long smile.

However, the next moment, his laughter came to an abrupt end.

"Sorry, I don't want to hand over the family to the two martial arts, but to sell to the family, a price, two million and two silver!" Ye Xuan said slowly.

I want him to turn over the martial arts that he has fortunately fortunately, and there are no doors!

If you want, just take the money to buy!

He became so snobbish because he had experienced the abandoned incident, which was given to him by Ye Jiajiao.

"You rabbit scorpion, addicted to extortion, right?" The second family immediately yelled.

"Two elders, you are not right. The two martial arts have not appeared in Lianyun City. If I get the auction house to sell, other families will definitely buy more than two million silver, and I sold it to the family, which is because my name is Ye. Moreover, the martial arts thing can be accidentally transmitted, and Ye Jiada can copy a copy and sell it to the Lin family. It can definitely recover a lot of costs." Ye Xuan said slowly. .

Anyway, he estimates that Ye Jia must have bought it, which is definitely a big profit.

"But, these two martial arts have not been verified, I do not know whether it is true or false." Ye Zhang said with some suspicion.

"I have learned, you look at the uncle!"

Ye Xuan's voice just fell, his body shape flashed instantly, and then flew in the lobby.

"Fast speed, this seems to catch up with me!" Ye Zhangyi eyes wide open, he is the sixth heavy weapon, but also a five-product martial arts, but he feels that this door is called The five-in-law martial arts of the assault step is much better than the one in the family.

"That is the assault step, now it is the sword."

Ye Xuan shouted, that is, the two moves in the sword of the blast, the three thorns of the blast and the blast.

"Okay, good, two million two silver, absolutely no loss!" the first family boss shouted.

Now he is also very certain, Ye Xuan's qualifications are beyond the owner of the Ye family, and even the entire Lianyun City is no one compared.

Spend nine million two to cultivate a super genius, this is definitely worth it!

"Well, Ye Xuan, these two martial arts Ye Jia bought, a total of nine million two silver, and later you can go to the treasure house, choose something worth nine million two silver." Ye Zhang is also satisfied.

If these two five-art martial arts are resold to the Lin family, they will definitely be able to take this back.

"Complete!"

.....

At the moment, Ye Zhang is telling one person to inform the treasure house, and also ordered that Ye Xuan has the qualification to receive three blood tests per month. Three blood tests, each month is 300,000 silver, Ye Jia seems to be the blood.

In addition to the industry in Lianyun City, Ye Family also has a hunting team, hunting for the beasts all year round, so there are still many natural treasures.

Ye Xuan estimates that the nine million and two silvers will allow him to break through to the sixth heavyweight. This is not the point. The point is to get nine points of devouring points and exchange for more good things.

After leaving the Yejia lobby, Ye Xuan took Xue Qingqing back to his house.

"Qingqing, you will live next to Liuer. After a while, we will go to split Yunzong together." Ye Xuan said to Xiao Qing, Xue Qingqing.

Xue Qingqing was sneaked out. She said that Xue Hai is estimated to be anxious to die, so Ye Xuan Fang is also a quick-moving person to inform Xue Hai to go, so that he does not have to worry.

"Okay, but Liu Er is still not awake..." Xue Qingqing is also worried. Although she has not come to Yuncheng for four years, she also played well with Liuer when she came.

"Liuer will not have anything to do." Ye Xuan said, he has already cured Liu Liu with Baihualu, and he will wake up after a while.

"Yeah." Xue Qingqing nodded.

After a while, someone came to inform Ye Xuan that he could go to Ye Jiabao to choose something.

At the moment, Ye Xuan is going directly to the treasure house. He estimates that this time, Ye Bao's treasure house must be at least half empty by him.

Ye Xuan came to Ye Jiabao, and there was a figure welcoming him in the distance. At the same time, smiled and said: "Young master, his subordinates have been waiting for a long time."

When I received the blood ginseng from the treasure house of Ye Xuan, I was once ridiculed by a treasure house manager. Now, this person who is welcoming Ye Xuan is not the treasure house of the day?

"Oh? Is it you?" Ye Xuan naturally will not forget this treasure house.

The treasure house was scared to cry out. Ye Xuan really remembered him. When he was sent by Ye Zhang, he thought he had got it wrong. He was ready to pack things and leave Ye Family.

"Xuan Shaoye, the small day is also based on the instructions of the owner of the house, but also ask the young master Xuan forgive me." Treasure manager said with respect and respect, if Ye Xuan really wants to find him trouble, he can only bite down the scalp.

"Forget it, I am not so stingy, I will deduct your half-year wages."

Ye Xuan said casually.

If he really wants to care about it, it must be a sword to stab the treasure house, but this will only provoke gossip, so he feels that this treasure house is a matter of management.

"Yes, yes, I would like to thank the young masters of Xuan Xuan for not counting the villain." The big stone in the treasure house management is also sinking. Isn't it a half-year job, is it better than death?

Ye Xuan was too lazy to take care of him, went straight into the treasure house and chose a lot of things.

Ye Jiabao has accumulated a lot of good things, at least 30 million yuan, but the name and description are written with a wooden sign to prevent thieves from sneaking into the treasure house.

After entering the treasure house, Ye Xuan is a big slap in the face, as long as all the valuable things are selected, he will come out in less than ten minutes.

Nine million two silver, just right!
