

Super D. S 2101

Chapter 2101: Bohai

Looking at this strange valley, Ye Xuan also hesitated.

From the memory of Wolf Kun, Ye Xuan knows that this vast valley is divided into five layers.

The core is the place where the tomb of the **** is.

Subsequently, it is the inner valley, the outer valley, the Tongtianxia!

And, Ye Xuan is now in this peripheral area.

Wolf Kun and others were killed in Tongtianxia.

In other words, if Ye Xuan continues to move forward, then it is very likely that they will have the same results.

How to do?

Give up the system recast task?

Not exploring here?

Do not!

Ye Xuan could not do this.

The system can't be repaired, then, Ye Xuan is even more difficult.

Sometimes, the adventure is still adventurous!

Ye Xuan, will not give up this opportunity.

Although I know that once I start exploring this place, then all kinds of weird things, all kinds of powerful demon gods will appear constantly, and the ubiquitous singular prohibition, the array, or the same as the ancient tree thing!

However, Ye Xuan has to try it.

Is it dangerous?

It is indeed dangerous.

However, is it dangerous to be conquered?

Since there was a decision, Ye Xuan was not delaying, but went straight ahead.

Step by step, every step, Ye Xuan is very careful.

As he continued to deepen, he was able to clearly feel the violent temperament in the air getting heavier and heavier.

However, fortunately, Ye Xuan already knows the easiest way to deal with this violent breath.

To put it bluntly, don't absorb the breath in the air.

Perhaps it is very difficult for others to do.

But for Ye Xuan, it can be done easily.

Others, whether they use magical powers, or what exercises, etc., then, must be borrowed, must borrow the power of the void, and inevitably, will be infected by the violent breath in the air.

However, Ye Xuan does not have to worry about this.

First of all, when he first came to the realm of the gods, what was the magical power, strictly speaking, Ye Xuan did not.

Later, now Ye Xuan can use it, whether it is the attack of the sword, or the hand of engulfing, the eye of insight.

Even the sword waiter, in fact, does not need Ye Xuan to take advantage of the power from the void.

Well, naturally, this violent breath, for Ye Xuan, can be directly ignored.

In this peripheral area, there is no danger. Although there are some strange demon gods and other things on the way, they are almost like a ghost.

It was simply a matter of playing pigs and eating tigers, and was directly swallowed up by Ye Xuan. By the way, I also got a few Qiang Kun ring.

In this vast valley, as long as you are fighting with the power of God, then you will inevitably be infected by violent breath.

Only those monsters who have no strength at all can live here.

Of course, if there is something like a monster, Ye Xuan will not have any threat.

Until, Ye Xuan went to the entrance of the Tongtianxia!

Tongtianxia.

As its name suggests, it is a canyon that extends out into the sky.

This canyon was built on a huge mountain of Mount God.

How high is the mountain?

No one knows, at least, Ye Xuan and the unlucky ones that Ye Xuan swallowed, I don't know.

Perhaps it is, the tomb of the **** is the top of the mountain.

However, no one has ever arrived, so naturally no one knows.

Ye Xuan knows that from this Tongtianxia, all the way, the danger has begun, and it is no longer just those dead souls or violent breath.

Here, there have been various bans, or alien attacks.

"Is it finally here? Then, I have to see, how powerful is this so-called Tongtianxia!"

Ye Xuan holds the sword and does not hesitate for a moment, stepping out directly.

In an instant, the world is discolored.

Actually, from the beginning of the Tongtian Gorge, the surrounding scenery has completely changed.

Of course, Ye Xuan has already prepared for this.

In fact, everything that Ye Xuan sees now is the true appearance of the Valley.

Dead trees, broken stones, dead bodies, **** moons, yin winds!

It is a strange picture, and it is accompanied by countless dangers.

"The front is the first level, the bones of the sea. Once you step in, there will be countless crickets constantly appearing. Except for the past, there is no other way. The strength of these shackles, from the ordinary shackles that have not been repaired, to the nine products. When the gods are repaired, can you sneak into the past and completely look at your own skills!"

Ye Xuan said faintly.

However, there is no hesitation at the foot.

This is a canyon, a section that doesn't seem to have many special canyons, of course, except for the caves above the surrounding walls!

When Ye Xuan finally entered here, finally, in the cave, countless white bones began to emerge.

Under the reflection of the **** moon, the color of these white bones becomes dark red.

Bloody dark red.

Silent.

These embarrassing, it is impossible to speak, in the first sight of Ye Xuan, they directly launched a raid.

The tidal wave is generally coming towards Ye Xuan.

Endless!

I don't know if it is 100,000 or a million!

These white bones are the incarnations of countless people who were killed by the ancient gods when they built the tomb of the gods.

"kill!"

After calming down and not knowing how many years of canyons, finally a voice came out.

And Ye Xuan, has already rushed up.

"Hey, detect a special treasure - the heart of the heart, it is recommended that the host get it immediately."

Suddenly, the sound of the system sounded.

Seriously, in this extremely empty place, I heard a familiar voice, and the feeling is still very good.

Moreover, after the system malfunctions, it seems to become a bit more human, and even give advice.

You must know that the previous system can be all cold warning sounds, but also a variety of troubles for Ye Xuan, such as the generation of blood vessels holders, mad chasing Ye Xuan.

But then again, what is this heart?

Of course, since the system is recommended, it is definitely not a bad thing.

Ye Xuan looked at the past.

Good guy, a huge cockroach up to a hundred meters, is coming towards Ye Xuan.

This guy's bones are very strong.

Every foot goes out and kicks in front of hundreds of miles.

In his hand, he still holds a long sword.

What a ghost thing?

Ye Xuan does not know.

However, he knows that this huge chest, the thing with a faint **** glow, is the so-called heart!

弑Shenjian once again waved.

Hundreds of baht were directly smashed into pieces, and Ye Xuan, also rushed toward the huge rush.

"Destroy the gods!"

In an instant, the **** of destruction has its own special effect to launch, facing the demon **** of this kind, the crit chance is 100%!

A loud bang, the huge cockroach, was directly smashed by Ye Xuan.

Kill a sword!

As soon as the figure moved, Ye Xuan directly picked up the heart.

At this time, Ye Xuan passed the system and knew the usefulness of this heart.

Chapter 2102: Bone sword

Heart of Mind: Special materials, can be used to synthesize the bones of the sword! Three hearts of the scorpion, synthesizing a dead bone sword waiter.

There is no limit to the number of dead bones, and the host can increase the number without limit.

The Bone Swordsman is divided into nine categories, and each upgrade will consume a certain amount of heart!

The Bone Swordsman has a strong defense ability, a general attack ability, and a war dead. It can take a heart to resurrect and retain the original level of reinforcement after the resurrection.

Yes, this heart of the bones is actually a must-have material for the synthesis of special swordsmen and the bones of the sword.

However, the strength of this savage sword is really not very good, not only can not be upgraded with Ye Xuan, the key is that the starting level is still very low.

To put it bluntly, Ye Xuan now has to use at least the swordsman of the inferior gods.

Ok, then, these three levels of the bones of the sword are just the next level of the gods!

The fourth-level bones of the sword, only the primary gods.

A bit of a chicken-like feeling.

However, if you say that the amount of this heart is huge?

Ye Xuan looked at the countless Bohai Sea.

The corner of his mouth smiled slightly.

Good things.

This million baht is simply to give him food.

How many hearts can you have in a million?

Ye Xuan didn't know, but he knew that this time, the benefits he could get were definitely not small.

"kill!"

There is no end to it, no day.

Because of the violent breath restrictions, Ye Xuan can only do it himself, using the 弑 弑 sword to kill these 骷 髅.

However, the horror attribute of the sacred sword, in addition to the gods of the Terran, any horrible property that the gods will crit.

Letting Ye Xuan kill these cockroaches is simply a breeze.

Ye Xuan stood on a huge body and swept out a sword.

There are countless smashes in one place.

At this time, the entire canyon space has been covered with countless white bones.

And the number of holes is getting smaller and smaller!

.....

"Why are you? Haha..."

The strange sound came, it seems, it is a kind of spell.

Ye Xuan's eyes suddenly looked forward.

I saw that the guys in the nameless black cloak actually gathered together and had words in their mouths.

what happened?

Those guys, what the hell?

Suddenly, the shackles at the foot of Ye Xuan's feet were actually in the resurrection!

"Damn! Don't let them resurrect these cockroaches!"

Ye Xuan is in the heart.

If this is the cloak of the canyon who was resurrected by the black cloak, then how can he pass?

The figure moved.

Ye Xuan has rushed up desperately.

"boom!"

With a sword, he directly smashed a huge cockroach, but Ye Xuan did not even charge the heart of the cockroach, and passed directly through the broken bones.

The footsteps did not stop at all, and they rushed forward toward the front.

"Boom!"

Ye Xuan leaped high, and in this **** canyon, there was an ban on the air, so that Ye Xuan could not fly at all.

However, you can't fly, can't you still jump?

Every time you jump, there will be a group of cockroaches who are directly smashed because of the great power of Ye Xuan.

The speed of Ye Xuan did not dare to stay for a moment.

At this time, among the hundreds of thousands of cockroaches that Ye Xuan was so hard to kill, half of them had swayed and stood up again.

Just killing once, it has already made Ye Xuan quite helpless.

If it is coming, Ye Xuan really wants to go away.

Must not let them succeed!

.....

"Give me to die, what are you ghosts!"

Ye Xuan jumped up, this jump, a hundred meters high.

The ban on the ban has been launched. Unfortunately, Ye Xuan is not flying, nor does he use any divine power. Therefore, even if this prohibition is forbidden, it is impossible to leave Ye Xuan.

"Destroy the gods!"

boom!

A strong light, in the light of the moon, directly like the five black cloaks.

"Boom!"

Continuously moving.

Ye Xuan, with a sword of anger, will take a canyon out of this Tongtian Gorge.

And the five black cloaks were killed without suspense!

Ye Xuan has landed and has arrived at the five people.

Just, let go of the cloak.

Ye Xuan suddenly found out that it was empty, except for the five strangely singular hearts, there was nothing at all, and there were no bones at all.

What is this ghost?

Of course, Ye Xuanzhen can not manage so much, after receiving these five special heart, Ye Xuan will continue to kill like the sea.

The battle lasted for three days!

Of course, in three days, killing millions of people, including countless inferior gods, this fighting power will not be said first.

Endurance is really not something that ordinary people can afford.

However, when Ye Xuan killed these cockroaches, they had different ideas in their hearts.

You must know that, in accordance with the truth, such a place should not be only the only one who is inferior to the gods.

Then, there is only one possibility, a test like this, fear that it is not just this place.

Of course, Ye Xuan will not mind.

This time, although he did not explode to any genius treasure, the level is basically no improvement.

However, it has received more than one hundred and thirty ordinary hearts and five special hearts.

This thing is a good thing.

骷髅剑侍, how to say it, but also to come out, especially in this crisis where there may be unexpected effects.

"System, I am going to synthesize a sword!"

Ye Xuan immediately said in his mind.

Although the name is called the bones of the sword, Ye Xuan is called a sword, but it is not bad.

"Hey, the host can use three hearts to synthesize a level of bones."

"Okay, come first!"

In an instant, the hearts of the three baboons disappeared, and then a cockroach came out.

"It's really ugly!"

Ye Xuan helpless, of course, this thing is only temporarily used, Ye Xuan is not so particular.

"System, I want to upgrade this savage sword."

"Hey, the bones of the sword are upgraded to the second level, and you need ten hearts!"

"Good, upgrade!"

"System, continue to upgrade!"

The first to second level is ten, the second to the third, but fifty!

Of course, Ye Xuan has more than a hundred hearts in his hands, but he does not feel bad.

Ye Xuan did not get more!

A cursed sword, enough for him to use now, the extra heart, or to resurrect it.

However, what are the five special heart, but what is it?

"Hey, the spirit of the scorpion: the necessary materials for the synthesis of the bones of the bones.

At present, the host material is insufficient, the specific information is temporarily unknown! "

Well, it seems that this spirit of sorrow is the promotion of the heart of the heart.

Ye Xuan put away his doubts in his heart.

Go ahead directly.

Of course, this time, he let the bones of the sword go to the road!

Ugly is ugly, useful.

Just entering here, Ye Xuan got the bones of the sword, then, on the way ahead, what exactly can Ye Xuan get?

Chapter 2103: Golden crystal

Tongtianxia, of course, can't be just that simple.

Millions of cockroaches, even, just appetizers.

Ye Xuan continued to move forward. When he left, there was no time, and he encountered a problem again.

At this point, the Bone Sword is walking in front of the road.

However, on the ground, which was originally unremarkable, suddenly opened a **** mouth, and even swallowed the bones of the sword!

"Hey, the bones of the sword are dead!"

"Hey, the host uses a heart of sorrow, and the resurrection of the bones is a success!"

I go!

Ye Xuan was speechless. Just now, everything happened too fast. So far, Ye Xuan didn't even figure out what was going on.

After the resurrection of the Bone Swordsman, the ground in front of him, it seems that nothing has happened before, so what is the big mouth of the blood is simply not appearing at all.

No, this time, Ye Xuan has to see what it is, what is it!

The Bone Swordsman continued to move forward. This time, there was a lot of obvious caution. Ye Xuan also carefully watched the surrounding situation.

One step, two steps...

The Bone Swordsman step by step, but it seems that nothing has happened.

However, it was only when Ye Xuan's heart was slightly relaxed.

The big mouth of the blood basin appeared again.

In an instant, the Bone Swordsman was swallowed again.

"Hey, the bones of the sword are dead."

"Hey, the host uses the heart of the scorpion, and the resurrection of the bones is successful!"

What the hell!

Ye Xuan is speechless, this time, he can see clearly.

However, the key thing is that he does not know what it is.

What is the demon god?

Not at all, because, with the exception of a giant mouth, there is no body.

This stuff is completely made up of sharp teeth. One circle and one circle, like a spiral.

When the Bone Swordsman was swallowed by him, the internal teeth quickly turned.

What is the strongest ability of the Bone Swordsman!

But it is defense!

It can be said that although Ye Xuan is a three-level savage sword, only the strength of the inferior gods, but the defensive power is comparable to the superior god.

However, even so, in the fast-rotating teeth, there is not much persistence for even a second!

Horrible thing!

Through the analysis, Ye Xuan can get the preliminary results.

The result is only one thing, that is, this thing is not a creature at all, but an organ within the trap.

Sister!

How is this played?

If it is a demon god, then Ye Xuan can be killed.

However, if this thing is an agency, it is not easy to get it.

Because, Ye Xuan simply did not dare to risk the past.

Something like this organ is a trigger class, and it may be that the sword is left behind.

But when it comes to Ye Xuan's body, there will be danger.

This stuff is not easy to get it!

Ye Xuan is silent.

In the air, there is an injunction prohibition, so that Ye Xuan can not pass through the air.

The ground is again in crisis.

Sad reminder!

Is it true that Ye Xuan will be stopped here?

No, impossible!

Since it is an institution, there must be a method of cracking.

"System, give me a synthesis of ten levels of bones!"

As long as it is the heart of the heart, then you can infinitely synthesize the bones of the sword.

Although the first level of the bones of the sword, it is of no use, but in the current situation, it is very useful to find the way to find the organs.

So now, Ye Xuan will use these bones to serve, and check it out!

Ten first-class skeletal swordsmen appeared very quickly. Under Ye Xuan's orders, they explored the past directly.

Things like the agency, as long as they can find their switch, or trigger conditions.

Then you can pass.

What Ye Xuan is doing now is to find out the key.

The death of the Bone Swordsman has repeatedly reduced the heart of Ye Xuan's hands.

Suddenly, the death of a dead bone sword waited for Ye Xuan's attention.

"No, this time of death is obviously a bit slower than that of other dead bone swords! Even the development of the organ is slower!

Here, someone is in control! "

Just a moment, Ye Xuan has already thought of a possibility.

A seemingly unlikely possibility.

The institutions here are not triggered, but are controlled by others.

Well, since you understand this, the next thing is much easier.

The Bone Swordsman once again set off. This time, they were very scattered, and they were indiscriminately explored.

Ye Xuan is going to have a look at who is hiding in the dark and yin.

Losing the existence of these dead bones, otherwise, if Ye Xuan is out of the body, once caught in the mouth of the organs, the consequences are simply unimaginable.

"right here!"

Suddenly, Ye Xuan and all the bones of the sword, all eyes gathered on a large black stone.

This stone, when every time the organ is launched, will have a slight fluctuation.

Although, the fluctuations are not very strong.

However, it's still obvious that Ye Xuan is keenly aware.

"Hey, I have to see, how do you hide this time!"

Kill me! "

Ye Xuan waved with his hand, and the God of the Dead, who had been on standby, rushed to the past and slammed into the boulder with a positive charge that was not afraid of death.

"boom!"

A violent explosion rang and rang.

In an instant, the stone and the bones of the sword are together, and the bones are broken.

The guy hidden in the stone finally leaked out of the body!

Another one!

A gown in a maroon dress, with a strange scorpion in the eyes.

In the hands of this, holding a golden crystal.

That is the source of control of the organs here.

"Haha, I found your body, I want to see, this time, where do you hide!"

The shackles of this manipulator are not too powerful, and his only role is to control the organs here.

Once discovered, in fact, there is no fighting power at all.

.....

A sword is killing, so you can't resist Ye Xuan's attack.

Ye Xuan holds the golden crystal in his hand.

However, there is no choice to swallow.

Now, Ye Xuan has a feeling of inexplicable feelings.

He feels that perhaps the fundamental purpose of every level here is not to destroy the people who enter here.

But to test the people who entered here!

Although this feeling is totally unfounded.

However, with such intuition, Ye Xuan will leave a hand.

So, the golden crystal, Ye Xuan left.

Sure enough, no one is manipulating.

That powerful giant mouth did not appear again.

This level, Ye Xuan is over!

Keep going.

The road ahead is still opened by those bones, and Ye Xuan is far behind.

Chapter 2104: Extreme endless trial

However, this time, the test of Ye Xuan is a bridge.

A bridge that looks a little strange.

Around the bridge, there are poisonous fogs with strong corrosiveness. Even the most powerful three-level skeleton swordsman enters it, and it lasts for less than three seconds.

The scope of this poisonous fog can be said that even if Ye Xuan advances at full speed, he will not want to pass without half an hour.

To put it bluntly, this poisonous fog is a place that is not allowed to pass.

There is a bridge in the poisonous fog.

An eccentric iron bridge.

Why is this bridge weird?

Because on both sides of the bridge, there are sculptures of various monsters.

Once an outsider approaches, the sculpture will immediately wake up and attack the person in front without hesitation.

How long is the bridge?

I am afraid that it is more than a million meters!

On top of this, basically every ten meters, there is a pair of such sculptures.

That iron rope is not an ordinary iron rope!

This iron rope contains a special kind of energy.

The bridge is made up of sixteen iron ropes, and each two iron cables emit a strange light. Standing on this light is like standing on the ground.

Of course, you have to keep moving forward.

If you stand in the same position for too long, you will see that the color of the light turns from white to red.

When it reaches the redness, not only will there be a strong fire attack, but it will break directly.

Ye Xuan's abrupt sword is due to the sudden break of the light curtain, which fell to the invincible abyss and fell directly to death.

Is this a new test?

Then, fight!

I want to rely on these sculptures to block Ye Xuan. It seems that I think a bit more.

.....

When Ye Xuan successfully passed this place, his heart is more certain, here is definitely a specially designed trial place.

Because, at the last end of the cable bridge, Ye Xuan met a pair of monsters that were cultivated by the gods!

The only thing that makes Ye Xuan regret is that these sculptures have no devouring value at all.

Therefore, it caused Ye Xuan to have no improvement in level.

When Ye Xuan finally passed the cable bridge, he came to the last test of Tongtianxia.

This time, it is a real test, because this time, the rules are clearly written.

A stone monument!

A huge stone monument of more than ten meters.

When Ye Xuan arrived here, he suddenly appeared an illusory figure from the stone tablet.

The figure is very vague, so that Ye Xuan can't see his appearance at all.

"Welcome to you, the 176, 768 testers, congratulations on entering the endless trials of the great masters."

"Once you start, unless you pass, no, you will always fall into it!"

"Of course, through trials, you will get unexpected benefits. The old man is the first guard of the gods. Through this, you can get the inheritance of the master. Work hard, the trial!"

"It has been a long time since no one can pass here, old man, look forward to your performance!"

The illusory figure did not say much, but it made Ye Xuan feel a bit of an atmosphere.

Make sure this is a trial, then, no doubt Ye Xuan will be much safer.

Again, this represents an infinite opportunity.

What Ye Xuan already knows is that here is a test left by the ancient gods. The things that the ancient gods shot, I am afraid, not everything.

Although I don't know why I will enter here inexplicably, I have to say that this is an opportunity.

The ruthless valley in the outside world is actually a trial of the ancient gods. I don't know if the news will be sent out, how many people will be attracted.

Of course, it is superfluous now to say that.

At this time, Ye Xuan is ready.

Embarked on the test of this first level.

Forbidden mountain!

Forbidden mountains, a mysterious mountain that is all banned by various bans.

To say that he is big, he is indeed huge.

Said that he is small, in fact, what the naked eye sees, but only a slap-sized rockery.

Everything is due to the prohibition on it.

To be precise, the mountain itself is actually just a projection in the void.

When Ye Xuan stepped into it, he could say that he existed in this vast valley. It can also be said that it has already been transmitted to another different space!

Among the banned mountains, there are a total of 990,000 bans.

And the types of these bans are more surprising, but all have one thing in common, that is, each ban is sealed with a treasure.

A genius treasure, a magic weapon, as long as you can open the ban, then you can get something.

It can be said that there is no danger here.

Of course, the difficulty of the ban is that the harder it is to go to the top of the mountain.

.....

"Hey, congratulations to the host, open the ban, get the stone!"

A hint of the system instantly gave Ye Xuan a slight glimpse.

"Oh, it's actually a stone!"

Ye Xuan is holding a stone in his hand, quite surprised!

"Good things, this is the stone, but one of the basic materials for the synthetic shadow guards!"

Ye Xuan casually collected this Mingshi stone, and his heart was very happy.

Shadow guards, but not what the bones of the sword can be compared.

The Bone Swordsman has a strong defense and the possibility of self-upgrading.

In other words, if Ye Xuan has enough ambiguity, even if he is at the current stage, he can also make a super invincible bone sword.

Unfortunately, this heart is not so good.

However, the shadow guards are not the same, he has three special abilities, not dead, invisible, coexistence!

It's well understood without death, it's an infinite resurrection.

Invisible and understandable, it is permanent stealth.

The key is that coexistence.

The coexistence ability of this guardian sword waiter means that all the combat power can be fully blessed on Ye Xuan.

And, regardless of the realm, or capacity growth.

Even any equipment used by Ye Xuan, the shadow guards will automatically copy a set.

Such a powerful swordsman, just such a coexisting skill, has already made Ye Xuan jealous.

This swordsman must be summoned.

Such a terrible ability must be used by Ye Xuan.

Looking up, looked at the countless prohibitions, Ye Xuan's hand movements, more speeds several times.

"Hey, congratulations to the host to unlock the first thousand bans, complete the system to recover hidden tasks, system response rate, increase by 5%!"

"Hey, unlock the system to break the ban."

Unconsciously, Ye Xuan unexpectedly solved a thousand bans?

Of course, what he relies on is of course the acone he bought from Lingxuan Pavilion.

However, the system can not manage so much, as long as Ye Xuan untied, it can be, and what will be used for him.

Hide subtasks?

Ye Xuan's mouth is slightly tilted.

This system is too capable of doing things. In addition to the main system recovery tasks, there are some hidden tasks that can also be restored.

Of course, this is undoubtedly a good thing for Ye Xuan.

Chapter 2105: Forbidden mountain trapped people

Suddenly, Ye Xuan looked up and looked at the forbidden mountain, and smiled proudly.

Regardless of the outcome of the other people who entered here, anyway, for Ye Xuan, this banned mountain, he was over.

The 99,000 treasures sealed in this forbidden mountain, he Ye Xuan, received!

Because the system's ability to break the prohibition is undoubtedly equal to letting Ye Xuan Bai Yi the cheaper mountain.

.....

Others have worked hard and even been trapped for hundreds of thousands of years, and it is difficult to move forward.

However, it is also a matter of minutes.

The forbidden mountain that has been trapped in countless strong men is so fragile in front of Ye Xuan!

Because the system's prohibition function has been restored, it has been restored!

What others are thinking about is to constantly move toward the top of the mountain, just to open a road of prohibition.

But Ye Xuan, but it is constantly moving around the forbidden mountain.

Because, what he has to do is to take away all the things that have been banned from the mountains.

"Well, ebony root, Hualian vine, frozen blood grass? No use, or swallow it!"

Ye Xuan once again waved three bans and took away the treasures. But after discovering that there was not much use, he chose to swallow.

In fact, now, Ye Xuan has finally found some unusual places.

Up to now, he has experienced a total of 320,000 bans, and he has been untied by him and then taken away.

However, among the 320,000 bans, almost 20,000 bans have obviously been opened, and the treasures inside are also much worse.

Even in the three bans that Ye Xuan unveiled this time, one of them is still recovering. That is to say, this ban was only solved before the millennium.

"Interesting, more and more interesting, it is difficult, can I still meet other people here?"

Ye Xuan took things and continued to sweep the goods.

He was like a bandit, wherever he went, where the prohibition was completely broken, and everything inside was completely taken away by him.

"Hey, the level of the boss is improved! The current level is three products of the gods!"

Among the treasures that Ye Xuan obtained, according to the difficulty of the ban, the treasures inside will be good or bad.

Ok, naturally take away. As for Ye Xuan's invisible eye, he swallowed it directly. Unexpectedly, unconsciously, he actually improved his realm!

Ye Xuan was in a good mood. He entered the forbidden mountain, but it was only ten days in the district. In addition to obtaining countless treasures, it also improved the realm.

Such a good thing, Ye Xuan will not refuse.

"Go, keep moving!"

Ye Xuan is preparing to move forward.

Suddenly, a powerful pressure crushed towards him!

"Not good! It is the pressure of the gods!"

Ye Xuan's heart suddenly shocked.

Heavenly Kingdom!

Why, why is there a strong **** in the heavens in this forbidden mountain?

Is this teasing for yourself?

Tian Xuanjing, Ye Xuan is not an opponent at all!

With the arrival of the pressure, but in the blink of an eye, two figures, has already come to Ye Xuan.

God, and, there are more than one!

I go!

Is this the meaning of not giving Ye Xuan a living road?

Ye Xuan looked nervously at the two people in front of him. It can be said that now he has no chance to escape. Once these two people are comfortable, then Ye Xuan will be finished!

"Is this the kid?"

"Yes, it is him, I can be 100% sure!"

"This, is it the repair of a medium-sized man in his district? Is it possible?"

"It is him, I secretly observed the whole three days, no mistake!"

The two strong gods, as if they did not care about Ye Xuan in front of them, but what they said there!

Ye Xuan did not dare to speak, but in his heart, it is inevitable that he will be confused. What are the two people who are playing dumb?

.....

"Kids, those bans, but you broke?"

Suddenly, one person finally spoke to Ye Xuan.

Forbidden, Ye Xuan gave a slight glimpse, and his heart quickly counted.

The rules for banned mountains are very simple and rude. If you break the ban, you can leave alive and even get rewards that are not intended. On the contrary, you will always be trapped here.

Can it be said that these two people are actually asking for themselves?

Probably!

Perhaps this is my only chance.

Ye Xuan is not hesitating, directly answering:

"Yes, the prohibition in the front is that I broke it. I don't know what the two are?"

Ye Xuan's affirmative answer, let the two men look at each other, and they all saw a stunned look from the other's eyes.

"You, you alone, relying on the aconite? How fast is the speed of the ban? Is it that you are a master of prohibition?"

.....

Dare, you can help yourself think about the name.

Ye Xuan smiled in his heart.

From their answer, Ye Xuan already knew their purpose. To put it bluntly, these guys were just the poor people who were trapped in the mountain.

At least, in this forbidden mountain, Ye Xuan is absolutely safe, because these people, want to live, want to leave this forbidden mountain, then only through this, there is a way to leave!

Then, Ye Xuan, who has the ability to break the ban, is undoubtedly their life-saving straw.

At least here, they absolutely dare not have the slightest satisfaction with Ye Xuan.

At the thought of this, Ye Xuan's heart exhaled an atmosphere.

Heavenly environment?

so what?

Here, Ye Xuan is the real king. These guys, what he is doing, are all asking for Ye Xuan.

"Oh, the master of the ban is not, but I know a little. I just heard that there is a ban on the mountain, so I will try it."

Ye Xuan replied faintly, that tone, although denying that he is not a master of prohibition, but clearly shows the disdain for this banned mountain.

The two gods are strong, and the face is ecstatic!

"Haha, haha, we, we finally waited for a real master of ban, damn, the **** master of the moon, trapped in a ban has been full for 18,000 years, in this way, among us, I am afraid Few people are able to leave here.

Master, then the windy night! This is Du Hai, I ask the master to take me and leave here. "

The two men did not hesitate, and said directly to Ye Xuan in a respectful tone.

Ye Xuan smiled slightly, pretending to wave high:

"Well, let's say, anyway, I am also going to leave here. Then, let's go together, listen to your tone. It seems that you are not only two people? Is there anyone else trapped here?" "

Ye Xuan's tone is indifferent.

But the heart has long been happy to open the flowers, two gods, in front of themselves, do not have to be embarrassed.

What is needed is this effect!

Chapter 2106: Reasonable bamboo

"Don't be a master, I am waiting for thirty-two people, but I entered this ancient **** trial 20,000 years ago. Unfortunately, just this first trial, I am trapped for 20,000 years, oh, this ban Although there is no danger in the mountains, if it is impossible to break the ban, it will be impossible to move. Moreover, as the progress of the passage of time continues, my divine power is constantly fading!"

"There were actually hundreds of people who came in together at the beginning, but now, I am only waiting for 32 people. Others have already exhausted their power and broken their minds..."

I rubbed, Ye Xuan was slightly surprised.

These guys actually came in 20,000 years ago.

*, how old is Ye Xuan now?

For 20,000 years, it is a horrible number that Ye Xuan can't think of.

In the heart of Ye Xuan, these guys, I am afraid that loneliness is very embarrassing.

Of course, this is not to say that Ye Xuan, but still maintains the attitude of the master of the wind and the light, not at all moved.

Seeing that Ye Xuan did not answer, Du Hai immediately said:

"Master, please, here, perhaps the master does not know. This prohibits the mountain. It is not necessary to completely break the prohibition. It only needs to reach the top of the mountain all the way. In the middle of the mountain, there is a way to leave!"

Nonsense, Ye Xuan can not know?

Ye Xuan clearly knows this well. However, in each of these prohibitions, there are some treasures. This is the reason why Ye Xuanzhen broke the prohibition!

Of course, he is now facing two gods, naturally not too dare to be too arrogant, can only nod and follow the guidance of the two toward the front.

Just after an hour, Ye Xuan, I have already seen a large group of people in the distance.

This strangely forbidden mountain is only a one-hour journey away, but Ye Xuan's thoughts can't sense that there are people here!

.....

"Haha, everyone is coming over, see who I brought back, tell you, this is the real master of prohibition!"

Du Hai always greeted the group of people.

Heavenly Kingdom!

Heavenly Kingdom!

Lying in a large trough, it is all heaven!

Inferior god, medium god, superior god!

These thirty-two people, actually the worst, are the nine gods and other gods!

Your uncle!

Ye Xuan's heart is slightly cold.

These horrible guys, afraid that any one of them needs only one hand, can be like pinching a cockroach ant, pinching Ye Xuan!

Thirty-two heavenly gods!

The power of terror!

.....

"Du Hai, you said this kid, is a master of the ban? Just him? A middle-class man of the real world?"

Suddenly, a robe veteran went directly to Ye Xuan, and it seems that almost everyone here is very jealous of him.

However, his strength is only a mere faction of a medium-sized man.

Seeing this situation, Ye Xuan did not need to know and know that this guy is the so-called master of the moon.

Sure enough, not waiting for Ye Xuan to open, Du Hai will immediately say:

"The master of the moon, hehe, I waited to see Ye master swept the following ban, this point, I will not doubt."

Although Du Hai's tone does not seem to be abnormal, but the disdain of the eyes has proved his distrust of the master of the moon.

Of course, if someone is trapped for a ban on 18,000 years, I am afraid that there will be such an idea.

"Haha, okay, since you said that this kid is a master of ban, the old man does not argue with you, boy, come, you will try this ban!"

The master of the lack of the moon pointed out that it was a ban on his fullness of 18,000 years.

Ye Xuan is also lazy to say that his realm is too low. It can be said that if there is no ability to break the prohibition, in the eyes of these people, he will not look at him more.

Therefore, Ye Xuan needs to prove his value by breaking the ban.

Only in this way can he get the shelter of these people, or that they will not be obliterated by these people.

.....

Seeing that Ye Xuan actually said nothing, he walked over to the ban, and everyone immediately closed his mouth. Even the master who lacked the moon was not ridiculed.

After all, breaking the ban is the only chance for them to survive.

No one will be upset at this time, because no one will make fun of their own lives.

However, although Ye Xuan came to the side of the ban, he did not immediately let the system do it, but just sat there and began to sort out his own gains.

Because Ye Xuan is very clear, this prohibition has trapped these people for 18,000 years. If he immediately breaks it, he will be afraid of unnecessary trouble.

This sitting is a whole month.

In the past month, Ye Xuan did not even move.

Others, it seems, the same, no one has a half-point action.

It seems that time has already been fixed.

"Hey!"

Suddenly, Ye Xuan sighed.

In an instant, those people's faces changed dramatically.

Can it be said that Ye Xuan is powerless?

"Haha, Xiaomao, the master can not break the ban, you a arrogant boy, even dare to put a big word?"

At this time, the Missing Moon Master showed a disdainful look, and there was no half-heartedness in his mouth.

Du Hai also immediately went to Ye Xuan.

"Master, this, this ban, can you have no way?"

Yes, if Ye Xuan has no way, then, are they waiting for a thousand and eight thousand years, waiting for someone to come here?

Ye Xuan's mouth was slightly tilted, but it quickly disappeared, but revealed a helpless expression.

"This prohibition, I can break it, but unfortunately, I need some materials, and I don't have enough talents in my hands."

Rip up!

Ye Xuan This is the rip-off of the fruit of the thorns!

"It turns out, come, Master, these few 乾 戒 戒 戒 戒 戒 戒 ,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,
,,,,,,,,,,,,,,,,,,,,,

Suddenly, a superior **** directly came to Ye Xuan, and when he shot, it was five Qiang Kun.

Ye Xuan took it with him and asked for a look.

The heart is simply ecstasy.

God, so many treasures, I am afraid that it is more than enough for him to break through to the superior gods, not to mention, there are more resources to resources for him.

Cool!

This is simply to be cool, don't want it.

Of course, Ye Xuan's face could not reveal the slightest joy. He took over the five Qiang Kun Rings and began to pretend to be pretending to be pretending.

Unfortunately, no one can understand what he wants to do. ,

Of course, even Ye Xuan himself is simply a random move. He wants to break the ban, of course, it needs a system.

"System, come, break the ban in front of me!"

"Hey, the system prompts that this prohibition is a heavenly ban. If you want to break it, you need to use some special resources, please provide resources!"

Chapter 2107: Opportunities and dangers coexist

"Hey, the system prompts that this prohibition is a heavenly ban. If you want to break it, you need to use some special resources, please provide resources!"

Ye Xuan has a slight glimpse!

Potholes, actually need resources to break!

Really* is a crow mouth!

Of course, Ye Xuan can't say that he doesn't agree.

"System, it doesn't matter, any resources in the ring, you can use it directly!"

"Hey, the resource collection is complete, the host please note that the ban is about to be broken!"

Accompanied by this sentence, I saw from the hands of Ye Xuan, there are constantly a variety of or stone, or Lingmu, or the animal material directly flies into the air, and then quickly condensed.

This process lasted for three hours. In the end, the countless materials actually condensed into a drop of water.

When the water drops, the prohibition in front of it melts invisibly in an instant...

Of course, this is the result of Ye Xuan's deliberate slowdown.

"This, this, this..."

The lack of moon master's face became pig liver color. Before the moment, he still wondered if Ye Xuan could crack this prohibition.

But now, Ye Xuan is not only broken, but even the methods used are all he has never seen before!

A month's time?

For these old guys who have been trapped here for tens of thousands of years, isn't it just between the blink of an eye!

terror!

At this moment, everyone, looking at Ye Xuan's gaze, all with the meaning of worship.

.....

"You have to stop in your hands, all to Master Ye!"

Suddenly, one person shouted loudly, and let Ye Xuan never think of it. The person who spoke was actually the master of the moon.

No one wants to die, everyone wants to leave this ghost place.

Nowadays, opportunities are placed in front of them, which makes them, how not to be excited.

"Okay, I will give it!"

"As long as Master Ye can take me away, don't say Qiang Kun, even if I follow this master Ye in this life, I have no regrets!"

Everyone, you say a word, I have to take out all the extra Qiang Kun ring.

Ye Xuan's heart is called a music.

Cool!

Cool!

These are all the good things of the gods and strong people, the good things inside, but there is not much more.

However, when Ye Xuan received it, he was disappointed.

This time, the ones that were given to him were fifty-three 乾戒.

However, the things in the fifty-three 乾戒 are not as good as those in the previous five 乾戒

It turned out that in order to maintain their own power, in fact, most of the resources have long been consumed by these people.

Plus, after all, you have to use a part, so they can't really call out all the family.

If you don't see Ye Xuan's ability to break the ban, he is afraid that these resources will not be given.

Of course, even so, Ye Xuan is a big earner.

You must know that there are many good things in these Qiang Kun Rings!

In particular, those things that cannot be refining into divine power may not be of much use to others. For Ye Xuan, the use can be great.

However, now these things, Ye Xuan can only be placed in his own ring.

Even, I dare not devour.

why?

The reason is very simple. Ye Xuan's current realm is only a medium-sized man. Then, these gods will not care about Ye Xuan at all. However, if Ye Xuan's strength is soaring, the consequences can be imagined.

Ye Xuan is very clear, these people in their hands, these guys, even if not everyone stares, it is absolutely someone will make an idea.

Of course, now, you don't have to think about it at all.

As long as one day is still banned from the mountains, then these people will never dare to think about themselves.

However, perhaps for these people, the waiting for thousands of years is acceptable.

But for Ye Xuan, even if he waits for a month, it makes him uncomfortable.

Quickly break the ban, then leave here, will face these strong?

Or come slowly, think of ways, in this forbidden mountain, try to eliminate the danger?

Two choices, but not too difficult.

Ye Xuan turned and looked at these gods.

It seems that before leaving, Ye Xuan, it is necessary to remove the unstable factors before they can.

Killing?

Looks like it can't be done!

So, the best way is to control these people unconsciously!

Soul control!

Simple and rude means.

However, it is absolutely effective, it doesn't need to be permanent, and it can't be permanent, but even short-term control is enough.

After leaving this, the mountain was forbidden. Ye Xuan had long gone. As for the control of these people's souls, Ye Xuan also believed that their first thought was to leave here instead of finding Ye Xuan.

Sister!

The gap in the realm is too big to kill these people?

Ye Xuan has no idea.

However, how can we reach Ye Xuan's thoughts?

Look at the group of gods!

The big challenge, this cliff is a super big challenge.

Ye Xuan silently went to the next ban, and then sat down directly.

No one bothered him, he thought that he was trying to crack.

But in fact, Ye Xuan is sorting out what he has got, trying to find a way to solve the current predicament.

"The heart of the cold ice? Garbage!"

"Shui Yuelian Huajing Nuclear? Garbage!"

"Well, the essence of the immortal **** wood? This is not bad, you can use it!"

.....

This time, Ye Xuan's harvest and its richness, not to mention the other, is the universal **** currency, Shen Jing, there are millions, of course, I am afraid that there is more, but this thing can directly refine the power, long ago It is almost consumed.

The system is damaged, many things, Ye Xuan, and even do not know what it is, the only thing that can be confirmed is that these things are good things.

“Hey, the system prompts, it detects special materials that can be used to strengthen the blood of the **** of war, does the host choose to strengthen?”

"Well? Actually, there is a way to strengthen the blood, this must be strengthened, and now strengthen!"

“Hey, the resources are used successfully. Please note that the current system is in a broken state. The reinforcement will have a failure rate of 60%. At the same time, each enhancement will take seven days to wait!”

"Hey, reinforcement failure, resource extraction, reinforcement failure!

Hey, resource extraction, strengthening success! ”

"Hey, the blood of the host war **** is strengthened."

Not advanced?

Damn, system failure, let Ye Xuan's loss is extremely heavy, three times to strengthen, only once.

However, Ye Xuan has to continue to strengthen, and only constantly strengthen his own strength without increasing the cultivation, so that he can have a greater chance of winning in the face of these gods!

“Hey, it’s detected that special materials can be used to strengthen the host’s mind, whether the host chooses to strengthen!”

"Strengthen, why not strengthen! Hey, what about the loss? Can't leave here, then everything is no good!"

Anyway, these resources come easily, and Ye Xuan does not need to be too stingy at all.

Of course, it would be better if you could have the materials to repair the system. Unfortunately, this can only be thought of...

Chapter 2108: Skill devour

It was another full month, and Ye Xuan sat in the same place, and there was almost no extra movement.

Of course, it is impossible for someone to bother him. Don't say that for a month, even if Ye Xuan breaks a ban for ten years, it is acceptable for these people.

Of course, Ye Xuan can't wait for so long.

During this month's time, Ye Xuan spent countless resources and experienced repeated failures, which strengthened his blood and mind.

Although on the surface, Ye Xuan’s realm has not improved, but his combat effectiveness has increased a lot.

After all, blood is equal to physical fitness.

As for the mind, there is more use.

Strengthening the two will undoubtedly strengthen the example of Ye Xuan.

Of course, for Ye Xuan, the most important thing is for that trick!

Among these Qiankun Rings, Ye Xuan received a lot of exercises in addition to a large number of resources.

These exercises are probably left by the original owner of the ring.

Very messy, from the most basic use of power, to some basic magical powers, even the secret law, there are!

After all, these people are strong in the gods, how can there be no inventory?

Other people who are also in the same position may not see their eyes at all, so when they are thrown to Ye Xuan, these exercises are now among them.

However, for Ye Xuan, it is definitely an opportunity.

"System, can these exercises have reference value?"

Why did Ye Xuan ask this question?

It turns out that Ye Xuan originally planned to use the means of soul control to eliminate danger. Then, naturally, he would think of the system.

Originally, Ye Xuan did not have much hope, but who knows.

The system actually gave Ye Xuan a surprise.

Skills are swallowed!

Yes, anyway, before Ye Xuan did not encounter any skills to swallow, although his insightful eye can learn other people's special magical exercises. However, the skills swallowed, Ye Xuan is really the first time I heard.

According to the description of the system, devour skills, and the nature of consuming all kinds of treasures and then upgrading.

To put it simply, Ye Xuan can devour a lot of skills and then provide experience for a skill.

Of course, these experiences are not used to upgrade skills, but to integrate skills!

According to the system, as long as the system requires the quality of the work, then you can combine two or more together to synthesize new exercises!

In the mortal world, he got similar system functions, but this is not the same as it is now.

Ye Xuan just thought of this function, he was so excited that he was trembling, although he still did not get any system integration skills. However, just listening to this description, it is also something that bulls do not want.

Even he has a feeling.

That is, this time the system failure for Ye Xuan, it is not a disaster at all, on the contrary, it is a big good thing!

Because, this nominal system failure, but, in fact, is simply the recast of the system!

Moreover, it was not the first time that Ye Xuan thought so simple recast!

This time, the recasting will definitely bring more functions to Ye Xuan, and more benefits!

.....

"Hey, the host please specify the type of work required, the system will automatically group!"

Types of?

Ye Xuan frowned slightly.

It is a pity that there are many such exercises here, and there are many kinds of them. Attacks, defenses, even summoning, taming, etc. are all available. However, although these are good, they are not leaves. Xuan most needed.

"System, I want to control the classwork!"

Ye Xuan said directly, yes, this is what he needs most now.

"Hey, the system is successful, it is recommended to host two exercises, a magical!"

"Hey, I recommend one, Big Haye, you can force control of any target that is no higher than your own level!"

"Hey, recommendation two, 傀儡天道, special magical power, successful cultivation, will be able to permanently obtain the qualification to summon a different servant to help fight!"

"Hey, recommend three, live fetus, demon **** special exercises, you can cultivate your own servants, starting from the fetus!"

Lying in the trough!

Ye Xuan looked at the three methods and supernatural powers recommended by the system, a control class, a summoning class, and one that turned out to be a class.

Yes, these gods have a lot of inventory.

However, for Ye Xuan, these three exercises are just like that, because, Ye Xuan, what is necessary is fusion!

"Okay, system, train these three exercises and magical powers!"

"Hey, the host should pay attention, it takes three days to cultivate the exercises and magical powers."

Ye Xuan nodded, three days, not much, not much.

After three days, when the system prompts again.

The three-step exercises and supernatural powers have all been promoted to the god-level exercises after they have swallowed up countless other exercises and magical powers!

God level is the basic condition for engulfing fusion.

However, Ye Xuan did not rush to integrate immediately, but continued to let the system swallow.

"System, all the remaining exercises are swallowed up, anyway, there is no use to keep it, the average distribution experience, I want to merge a useful skill or magical power!"

"Hey, the host chooses to continue to swallow, and the phagocytosis continues. This time, it takes five days."

Ye Xuan nodded and waited silently.

.....

After five days!

Finally, it's time to witness the miracle.

A miracle created by the system, a new practice is about to be born.

"System, are you ready, come and integrate new skills!"

Ye Xuan said quite excitedly to the system.

Of course, the system is always ready.

"Hey, the fusion starts!"

“Hey, the fusion is successful!”

"Hey, congratulations to the host, get a new magical power, devouring the spirit!"

Spiritual engulfing?

This name seems to be slightly hanging.

Ye Xuan quickly looked at the description of the dark spirit.

After all, this, but the first time he swallowed the skills acquired by fusion, said not excited, it is deceptive.

Devouring the spirit: the unique magical power acquired by the host.

As long as you have enough thoughts, you can use them, and you also have two special abilities:

Capability One, the host can launch a sensation to swallow the spirit of forcing any target, turning it into its own cockroaches, which can be either permanently swallowed or temporarily swallowed. Permanent phagocytosis requires consumption of swallowing points. At the same time, the higher the target level, the more phagocytic points need to be consumed.

Ability 2: System conversion, this magical power is determined by the power of the host's mind to determine the success rate of engulfing. However, if the host is not enough, you can use the system to use various treasures and resources to strengthen the mind and improve the engulfment. rate.

Lying in the trough!

Ye Xuan is a bit dumbfounded, this skill, looks like a cow, don't want it.

Chapter 2109: Don't grab, use mine!

Regardless of who you are, as long as you have enough resources, you can convert to God and then forcefully devour the target's knowledge.

What is spiritual knowledge?

To put it bluntly, it is his subjective consciousness. After swallowing, the goal is not to become his own.

However, it is necessary to consume the swallowing point to be swallowed for a long time. This makes Ye Xuan somewhat uncomfortable.

Of course, such a savvy skill, if you really want to use it, how to use it, it is too abnormal, the system will give restrictions, it is also reasonable.

Moreover, Ye Xuan also has an intuition, fearing that this temporary engulfing of the spirit, I am afraid that time will not be too long.

Of course, this is also a good thing that Ye Xuan can use to please the predicament. I am not happy with Ye Xuan.

Looked at the gods around me.

Ye Xuan's mouth is slightly tilted.

Wait, these guys!

If they wait for the ban after the ban, they will not find Ye Xuan trouble. If they dare to come to him, he will let these people know that it is a feeling of being smashed by his partner.

Ye Xuan resisted the impulse to devour this ability now, stood up silently and began to break the ban. This time, he would not hesitate.

What he wants is to quickly break the ban and then quickly leave here!

Ye Xuan waved his hand and saw the number of rays rising. At the same time, he rushed toward several surrounding bans.

In the blink of an eye, the ban is broken, and the treasures of it fly directly into the hands of Ye Xuan.

However, Ye Xuan would not stop at that time.

After breaking these bans, Ye Xuan continued to move forward. He did not care about the dumb gods behind him and began a crazy harvest.

Harvesting the treasures here, at the same time, is also a ban on harvesting here.

"how is this possible....."

The big moon's mouth is so big that it is like a ghost.

At this time, Ye Xuan, is it really breaking the ban?

Others have broken a ban, how to say it, but also to study it carefully, and to do some preparation before dare to do it.

Moreover, even if this is the case, it is not guaranteed to be able to break!

However, what is the situation of this little guy in front of me.

With a wave of it, a few, even dozens of bans were broken at the same time.

Moreover, after a batch and then a batch, there is no meaning of a pause.

Ok, is this breaking the ban?

Breaking the ban on the banned mountain?

To get rid of the super ban that is trapped in countless powerful people?

.....

Dumbfounded is not just a master of the moon, but also those gods.

At this time, the thirty-two gods who were trapped here have already stood up.

Every face is full of a stunned look.

The means of breaking the ban have exceeded the limits of their imagination.

100% success rate!

It is like the speed of harvesting, which is already beyond the limits of their imagination.

Described as terror?

No, not enough!

"He, he, Master Ye, Master Ye is crazy?"

Someone whispered.

In fact, he simply couldn't find the right words to describe his mood now, and he couldn't find the right words to describe Ye Xuan's movements.

However, just in such a short period of time when they are in a daze, Ye Xuan has already harvested thousands of bans.

Ye Xuan is too lazy to look at the things in these bans. Anyway, no matter how good or bad, I will accept it first.

After all, even if Ye Xuan can't use anything, it can be exchanged for something useful to Ye Xuan.

"Fast, keep up with Master Ye."

Finally, someone reacted and quickly caught up with Ye Xuan's footsteps.

Ye Xuan ignored these people, but he was harvesting quickly in front of him.

Of course, once, Ye Xuanzhen will not be embarrassed and has been moving toward the top.

Instead, it spirals and directly surrounds the forbidden mountain, harvesting all the way.

After all, even one out of these things is a useful treasure for Ye Xuan, then it is definitely a big profit.

Seventeen days!

Just 17 days!

Ye Xuan and others have already come to the last ban.

Open here is the opportunity to go out.

Open here, you may leave this forbidden mountain!

Maybe Ye Xuan is okay. After all, he is not sleepy for a long time, but he can leave whenever he wants.

But other people have already been very excited at this time.

20,000 years?

Especially in such a lonely place, for these gods, it is really long and long.

Bitter for so long, seeing, going out, saying that they are not excited, it is a lie!

However, at this time, Ye Xuan stopped and did not move forward.

"This, Master Ye, why not continue to break the ban?"

In the past seventeen days, they have followed Ye Xuan's body and have never seen Ye Xuan's hesitation in half. All the way, it's like a broken bamboo. There is no prohibition to block Ye Xuan's footsteps.

Invisible, in the hearts of these people, Ye Xuan has become an invincible existence.

In their hearts, there is no prohibition that Ye Xuan can't break.

Therefore, now suddenly see Ye Xuan stop, they will inevitably be strange.

"Oh, my resources are running out, hey, I didn't expect that this last ban, I actually have no resources to crack."

Ye Xuan smiled in his heart.

What resources are not resources, breaking this prohibition, for Ye Xuan, is just a matter of words.

Because the system breaks down these prohibitions, there is no difficulty at all, and the resources needed are minimal.

However, why is Ye Xuan so simple to break?

Since there are so many fat sheep behind me? Do not slaughter a knife, the right Ye Xuan stayed here for so long?

Yes, it is to rip off the bar. However, the bamboo bar of Ye Xuan is very willing to accept for those who are strong.

I even rushed to hand my own ring to the hands of Ye Xuan.

"Haha, it turns out that it is a treasure, I have it, I have it, and Master Ye uses it."

"Master Ye, come and use my treasures. I am still wondering why, this time, Ye Master can actually ban this all the time, and now it seems that Master Ye will definitely use all his resources."

"That is, Master Ye, how do you say that, when you leave here, it is also a big guy. You are working hard, I can't help with almost a little busy, and if the resources treasures need to use Ye master, then I can wait. It's too wrong, then, Master Ye, my 乾 戒 戒 戒 戒 ,,
,,,,,

"Use me! Master Ye uses my!"

"Don't rob me, Master Ye, use my resources!"

Chapter 2110: The first level, breakthrough!

Is this the rhythm of rushing to give Ye Xuan a treasure?

Ye Xuan's mouth is slightly tilted.

This time, it is not his greed, did not see the movements of these people, this situation, it is clear that if Ye Xuan does not use their treasures, but also with Ye Xuan eye-opening rhythm.

That Ye Xuan, can only accept all of its difficulties.

Of course, at this time, Ye Xuan's heart has long been happy.

Waiting to look at these guys, it really seems like there is no oil and water to look like, Ye Xuan turned to the last ban.

"System, come on, it's time to leave here, open this last ban, we leave!"

"Hey, the host should note that this ban is a ban on the main **** level and cannot be lifted at the moment!"

what!

Ye Xuan almost didn't panic and jumped directly.

No, it can't be broken.

Don't be scared of the system, is this really a joy?

"System, is there really no way?"

Ye Xuan was slightly excited and asked in the heart of the system.

"Hey, the host should pay attention to the fact that there are two plans to break this ban, which have a 30% chance and a 90% chance."

"Hey, plan one, forcibly stripping the host's power, violently breaking the ban, the chance of success is 30%, the price is that the host will be permanently downgraded to a god!"

"Hey, scheme two, using a lot of resources, using the means of killing to slowly break the ban, the probability of success of this program is 90%!"

Le is very sad, it really is very sad.

Ye Xuan stood in the same place.

It took a long time to react.

"Oh, this is no room for you to choose."

It can be said that the downgrade to the next person and other gods, but with sufficient resources, Ye Xuan can also quickly upgrade, but the 30% chance of success, but directly let Ye Xuan, it is impossible to choose .

The system gives, in fact, there is only one choice.

That is, use resources to exchange this last ban.

Since it is a separate reminder, Ye Xuan, can already imagine that this time, I am afraid that it will be bleeding.

The only consolation is that these resources were originally obtained by Ye Xuan, so even if they are consumed, they will not be too distressed.

"Well, system, use scenario 2, what resources are needed, you can extract it directly!"

Ye Xuan said helplessly.

Accompanied by Ye Xuan, I saw him all over the body, and suddenly burst into a colorful light.

These radiances turned out to be the purest power.

In Ye Xuan's engulfing space, among the Qiang Kun ring, countless treasures are quickly converted into divine power by the system.

These pure powers are all wrapped up in the last ban.

Soon, the entire ban, even all of them were wrapped in this colorful light brain...

"Good and pure power, it seems that Master Ye is afraid that he will take all his family out."

"Yeah, so much pure power, I don't know how many natural treasures I need to extract. Unfortunately, I don't have any good treasures on my hands. Otherwise, I will definitely give Master Ye, this time, Ye The price paid by the master is too great."

"I have heard that the masters of the ban usually have a large reserve of resources. It is precisely because of the prohibition of the arrangement or the prohibition of the ban. It requires a lot of resources. Originally, I thought this was a fake, but now it seems , not a fake!"

There are many people talking.

Sai Wen lost his horse and knew that he was not a blessing. Ye Xuan lost almost all of his gains this time. However, his behavior has exchanged the good feelings of these people. This is the so-called blessing and misfortune.

It can be said that perhaps someone will use Ye Xuan's idea after leaving.

But now I am afraid no one is there.

First of all, Ye Xuan's resources have been used, which is what everyone can see. Then, even if Ye Xuan is robbed, it will not gain much benefit.

Secondly, Ye Xuan, this time, is the savior of their 32 people. If they do it themselves, they will risk being offended by others. Then, in the current situation, it is unwise to go to Ye Xuan.

Thirty-two gods?

Moreover, it represents different forces.

It can be said that this time, although Ye Xuan lost resources, he exchanged the friendship of these people.

How to say it is not a loss.

Finally, after the sound of "wave".

The final ban was also opened.

Just the moment that was opened that.

A white light broke through the sky and landed directly on Ye Xuan.

Surround Ye Xuan completely.

"Hey, I detected a lot of pure feedback, suggesting that the host will swallow it immediately!"

"Hey, the host breaks through, and is currently a four-person medium man!"

"Hey, the host breaks through, and it's currently a five-person medium man!"

The time when the light column appeared was only three seconds!

Because, this light column is actually just the so-called magical reward for Ye Xuan.

However, Ye Xuan unexpectedly gained two levels of improvement.

Because, that light column, turned out to be pure power!

"Oh, unfortunately, if it can be a few seconds, then I can upgrade several times!"

All the resources harvested in this banned mountain were almost completely consumed by this last ban.

At this point, the emergence of this pure power, if Ye Xuan is not swallowing, it is really nothing.

Two levels?

Forget it, the two levels are two levels, it is better than nothing.

Ye Xuan helpless.

After all, the inheritance he got was really useless for Ye Xuan.

This inheritance turned out to be an absolute defense ban!

If it is said to be used by itself, the key point is that this prohibition can only be arranged in a fixed place, and then, to guard the things of one region.

So, for Ye Xuan, it doesn't make much use. At least, it doesn't make much use now.

.....

"I, finally came out! For 20,000 years, for 20,000 years, this **** place, this life, I don't want to come again!"

Only when they came out, the thirty-two gods were excited and shouted.

Obviously, they are really excited.

Of course, if you change Ye Xuan, let alone be trapped for 20,000 years, even if you are trapped for 20 years, it will be no different from them.

After a while, Du Hai reacted first and went straight to Ye Xuan.

"Master Ye, this time, we can successfully get off the line. Thanks to your help, I don't have any good things to come up with. Now, this jade is holding you. This is the token of my **** Shuizong. As long as you take this thing to find me, no matter what, my Du Hai absolutely absolutely help!"

"Yes, Master Ye, and me, this is the elder token of my Lingxuan Pavilion. Oh, it is also my status symbol. Seeing this token is like seeing me. Today, I am also missing the moon. Here, as long as you have anything to call, no matter where you are, no matter where you go, I am missing the moon, nothing to say!"
