Chapter 2111: Mysterious town

Missing Moon?

The only one of the 32 banned masters, I did not expect that it was the Lingxuan Pavilion!

Subsequently, the remaining people, also revealed their identity, leaving a token for Ye Xuan, and then this rushed away.

Ye Xuan can also understand Xing Qian at the moment. After so many years, I still don't know what happened outside.

In 20,000 years, in the realm of the gods, it may not be a permanent, but it is definitely a short period of time. After all, they are only just gods. For 20,000 years, it is indeed a long time for them. time.

Wait until everyone has left.

Ye Xuan began to think about his own affairs.

At this point, he has passed the test of the first level.

However, Ye Xuan did not know, this second level, what is it.

Of course, at the same time as the first pass, Ye Xuan has also passed this Tongtianxia.

Now, Ye Xuan can choose to move on or choose to leave.

However, the random task of repairing the system is to ask Ye Xuan to explore the entire region...

If this absolute valley is a general place, it is not bad. The key point is that this absolute valley is simply an endless trial of the Lord God.

Just the first level, it has delayed Ye Xuan for so long, then, the second level, the third level?

Even, Ye Xuan did not know, in the end, how many levels are waiting for him.

After hesitating for a while, Ye Xuan finally decided to move on. At least, Ye Xuan has not encountered any danger so far.

Keep going.

Ke Yixuan did not find anything special until he arrived in a small town.

Yes, in this vast valley, there are people, there are villages!

Ye Xuan stepped out and prepared to enter the town. However, at this time, a figure suddenly came to Ye Xuan.

"Trial, congratulations, step into the second test, huh, huh, not easy, 30,000 years, you are still the first 30,000 years, the first to come to my second level!

The test of my second pass is very simple. I can see the town in front of me. I can tell you that the people in the town are all defeated by the second pass and then sealed by me permanently.

And your second test is to kill the ancient dragon! According to the rules, it is not qualified to participate in the trials below the gods. However, since you can pass the first level and prove your strength, then I will give you a privilege. You can go to the town to choose four. Followers, with you to perform tasks, rest assured, they will definitely swear the essence of their own God, obey yours! "

After that, this illusion disappeared.

"Where, how can you be a virtue, can you say more than two?"

Ye Xuan was depressed, and the first pass of the guardian god, I made a self-introduction and said the reward.

This second level is good. If nothing is superfluous, then it will suddenly appear and suddenly disappear.

Looking at the town in front, Ye Xuan knew that he had to perform this trial.

Because, at this time, behind him, he has been laid a ban, a ban that is much stronger than the first ban.

Ye Xuan step by step toward the town.

However, it was discovered that others have not yet arrived, but the people in the town have already looked at him with different eyes.

How is this going?

Ye Xuan has a slight glimpse.

Heavenly Kingdom!

Heavenly Kingdom!

Actually, all of them are strong gods.

This strange and unique valley, so far, anyone seen by Ye Xuan, all of them are all in the heavens.

Is there any secret in this?

Ye Xuan frowned slightly, but still walked toward the front.

"Hey, medium-sized human beings? Strange, kid, where did you come from, why, only the middle-aged people, but also entered the trial of the ancient gods?"

Just as Ye Xuan just entered the town, someone immediately asked him.

The question is a young man who looks awkward and seems to be a little older than Ye Xuan.

Of course, Ye Xuan knows that these people are all antique-level characters. After all, the second-level guardian of the gods, said Ye Xuan is the first person to reach the second level in 30,000 years!

In other words, the people here, the least, have been trapped for more than 30,000 years.

Ye Xuan did not answer, but heard one person next to rush to talk.

"There are so many tubes, since it is able to enter here, then it proves to be a trial-maker, and through the first trial, we are all people who have failed in trials and can only form a team for the second time. Trial, now, it's hard to come to a person, do so much!"

When the man finished, he immediately asked Ye Xuan:

"Hey, boy, are you looking for a teammate, how about me?"

"Hu Laosan, you can't be kind, 30,000 years ago, when the nine knives came, you just followed, this time, are you still embarrassed?"

"How can I not, oh, there is no rule that everyone must take turns to do the task, and there is no rule that everyone can only do a few tasks. As long as I am willing, even if I go every time, how is it?"

"I don't know shame, Hu Laosan, your face is getting thicker and thicker!"

.....

Ye Xuan still has nothing to say, these people, but they quarreled first.

Of course, Ye Xuan will not say anything more. After all, he is in front of him, but hundreds of days of God.

Suddenly, Ye Xuan felt that his clothes had been pulled.

Ye Xuan turned his head and saw a girl standing in front of him.

"Oh, you are going to find a teammate, complete your task together, don't worry about them, choose who is your teammate, it is your own right, my name is Baihua, if you choose me as your teammate, I can even Give you the benefits you can't get."

As I said, this girl, who also throws a wink at Ye Xuan, is obviously obvious.

Of course, Ye Xuan did not pay any attention to her.

However, the current situation is indeed to make Ye Xuan somewhat confused.

These people, what is going on, and, in this town, what is going on.

"Okay, give me a shut up!"

Suddenly, a full-fledged voice sounded.

The people turned their heads and saw an old man coming over.

"Mayor!"

"Mayor!"

When everyone saw this old man, they let them go.

Mayor?

A group of gods of the gods?

Good guy, this is really more and more interesting.

"Little guy, you are here to choose your teammates. According to the rules, everyone in the town, as long as you are willing to each other, you can form a small team and perform your tasks together. As for who you choose, it is your own decision. Can you choose a few teammates?"

.....

Chapter 2112: Gods followers

"Mayor, you don't know what to ask, who doesn't know, the rule here is that everyone can only choose one team..."

Someone seems to be talking about something, but his words have not been finished yet, but he is directly there.

Because Ye Xuan extended a hand, compared to four fingers.

"I can choose four teammates!"

.....

Boom, in a word, let the whole town boil.

Four!

It turned out to be four!

Be aware that any of their tasks are only allowed to bring a teammate.

However, this kid is actually four!

However, when I think of Ye Xuan's cultivation of only the middle-aged people, the hearts of these people are gone.

After all, as far as they know, to enter this supreme endless trial, the minimum is the need for the gods to cultivate.

And the realm of the gods!

Ye Xuan, the first one, even this one who has been in the town for millions of years, is the first time to see a trialer below the gods.

"You said, you, can you bring four people and you to perform the mission once?"

The town asked very strangely.

"Well, yes, it's four!"

Ye Xuan replied affirmatively.

"Four, it turns out to be four! Is it true that this time it was wrong to keep the gods?"

There are many people talking.

Ke Yixuan, thinking about his own affairs, asked: "The mayor, why, the people of this town are all cultivated by the gods. Have you been trapped for so many years, no one can break through?"

"Oh, break through? Kid, you come, so you don't know it is normal, this town, also known as the eternal town, what he meant, is the people inside!"

"Those who are trapped here if the mission fails will always be fixed in their cultivation here, because there is no magic power here!"

"On this small town, everyone is immortal, but unfortunately, if you don't complete the task, you can never leave, and there is no way to cultivate!"

Eternal town?

There is such a presence.

For a time, Ye Xuan became more and more difficult to ponder over the ancient gods who set this endless trial. This is what kind of strong person can make such a big hand.

You must know that even God, if the power is exhausted or the gods are broken, then it is dying.

Now there is such a place that you can live forever!

Of course, if you can't cultivate and you can't leave, such a day is indeed a torment.

At this time, because Ye Xuan was able to carry four people to perform the task, the towns and towns people all missed the excited look.

You know, they are trapped here because their missions fail.

And this second level, everyone's tasks are actually the same, are to kill a goal.

However, two people are going to kill a target and go to kill the target with five people. It is naturally obvious that the success rate of which combination is higher.

"Take me, let me go with you to perform the task!"

"Choose me, choose me, choose me, you will not regret it."

For a moment, the noise of everyone.

More big.

Ye Xuan looked at these people, and she had some knowledge of the town.

The people in this town seem to be nothing special, but in fact, everyone inside is suppressed, and there is only one way to leave, waiting for a first trial, with him. Team up and kill the target before you can leave!

At the same time, above the town, it is obviously prohibited to fight, did not see how these people quarrel, but no one at all?

.....

Ye Xuan now understands why the second level of the guardian god, just now, the last sentence will say, let Ye Xuan casually choose the followers, and even if Ye Xuan asks for the essence of the gods, no one will refuse .

Because, the people here, want to leave, there is only one way.

And Ye Xuan, the first person who has entered here for more than 30,000 years...

The essence of the gods, the momentum is a fragment of the gods.

As long as you achieve the above-mentioned cultivation of the gods, you will cultivate your own godhead.

It can be said that this godhead is not only useful but also more, it is equivalent to the source of life of everyone.

To surrender the essence of the gods is to surrender your own life!

Ye Xuan did not hesitate and said directly: "I choose the first point of my teammates and hand over the essence of your god. After the mission is completed, I will give you freedom. If you can achieve this, then you can sign up now. It is."

"what?"

This time, everyone was silent.

Handing over the fragments of the gods is equivalent to becoming a slave to the people in front of you.

Don't underestimate a fragment of God, as long as Ye Xuan has their own fragments of God, then, want to kill them, but only between them.

Give your life to a stranger, and still be a young man who is lower than himself. Of course, no one will be willing to agree.

However, the long wait has long since obliterated the patience of these people.

Going out and leaving this ghost place is the only thought in many people's minds.

Finally, someone stood up and said to Ye Xuan: "Well, I am willing to hand over the essence of the gods and follow the task with you."

"Medium God!"

Actually it is a medium god, Ye Xuan is slightly different.

Of course, he will not be able to show it now. He took over the fragments of the gods handed over by the man. The first follower was found.

"There are three places!"

Ye Xuan's mouth is slightly tilted.

With this first one, Ye Xuan believes that it is much simpler to recruit people behind.

Sure enough, seeing someone has taken the lead, finally, someone came out again.

And, with this person, there are more than a dozen people who have also stood up.

leave here?

There is always a price to pay, these people have been trapped here for too long.

For example, the first person who surrendered the fragments of Godhead, here, has been trapped for 300,000 years!

.....

A large group of gods, actively and enthusiastically to give Ye Xuan to follow?

Ye Xuan is happy at this time.

Once the essence of the gods is at hand, then, when Ye Xuan wants to let them go, it is already with Ye Xuan's own mood.

Soon, Ye Xuan chose another three.

Without exception, they are all medium-sized gods.

These three people, among the people who signed up, are the most powerful.

Some people may regret it, but no matter whether they are selected or not selected, they have no chance to regret it.

.....

When Ye Xuan chose to follow, the figure of him and the four people suddenly disappeared from the town.

It turned out that the second level of the guardian god, has been paying attention to this town, to be precise, is to pay attention to Ye Xuan's every move!

Chapter 2113: Ancient dragon

Until now, those talents think of asking Ye Xuan, what is his mission?

In fact, the task of this second level, although everyone is killing the designated target, but it is also very different.

Perhaps, these people will be so eager to join Ye Xuan's team, one of the reasons, fear is that Ye Xuan's repair is low enough!

"Right, Ye brother, what is your mission?"

The name of the speech is Li Lei, a very common name.

At this time, he was looking at Ye Xuan with a slight confusion. Obviously, for his future, he has no grasp in his heart.

Ye Xuan looked at Li Lei without any concealment. He directly replied: "I am trying to kill an ancient dragon!"

"What! What are you talking about!"

"The ancient dragon!"

"It's actually an ancient dragon!"

.....

Ye Xuan's voice just fell, and he saw the four people all with horrified eyes, as if they heard the horrible things.

"What's wrong with you, is it scared?"

Ye Xuan grinned, although he did not know what kind of existence of this ancient dragon, but at least he dared to challenge.

For the name of the ancient dragon, I was scared into the appearance of this person, Ye Xuan still quite disdain.

Li Lei looked at Ye Xuan, his face was incomparably ugly. After a while, he said to Ye Xuan: "Oh, I didn't expect that your mission turned out to be an ancient dragon. This is simply impossible task. I really I don't understand why the Guardian God will assign this task to you! No wonder it will make you pick four people together, but even if we are together, there is no chance of winning."

"Is it so serious?"

Ye Xuan can see that Li Lei is telling the truth, that is to say, in the heart of Li Lei, this ancient dragon is really an invincible existence.

However, Ye Xuan has not seen it after all, so at this time, she does not understand Li Lei's mood.

"Hey, it's serious. Just tell you the truth. There is only one ancient dragon. It is the most powerful existence in the second test. Since you have tried it, you should know that here. It is only allowed for people who have been repaired by the gods."

"And the ancient demon dragon is the peak of the gods, although it is because of the special environment here, its realm is suppressed and can not be promoted, but it is an ancient relic, not only the body is powerful, but also has several powerful powers. It can be said that as for us, there is no chance of winning half a point!"

Li Lei finished it in one breath, and then he sighed with other people. It seemed as if he felt that this time, there was no chance to defeat the ancient dragon, and thus he was left here, and it is even more likely to die here!

Ye Xuan was slightly stunned, and his brows were tightly wrinkled together.

From Li Lei's words, Ye Xuan also heard that this ancient dragon was not idle.

However, Ye Xuan does not think that this is really an unsolved task.

Even Ye Xuan feels that this is an opportunity.

The ancient demon dragon that exists in the peak of the gods, if Ye Xuan can successfully kill, then the reward is simply unimaginable.

If it is a promotion level, then Ye Xuan can almost be sure that just the ancient dragon, it will give him the opportunity to attack the gods.

Of course, the bigger possibility is that the system can get a certain percentage of repairs.

But in any case, whether it is to get a level upgrade or get a system repair, for Ye Xuan, it is definitely a big profit.

Therefore, this ancient dragon, Ye Xuan is dead.

Ye Xuan looked up and looked at the four people, but he didn't worry about anything at all.

The fragments of these four people are in the hands of Ye Xuan, even if they are not willing, they can only follow Ye Xuan.

Therefore, Ye Xuan is even too lazy to say more, but walks straight ahead.

The location where they are now transferred is a forest.

However, this is not an ordinary forest, but a lava forest, where only a strange tree can grow.

Lava fire tree!

The biggest characteristic of this kind of tree is that she is growing in the magma.

Of course, this kind of tree is actually a good material for refining. However, Ye Xuan can now have no interest in these lava fire trees.

Ye Xuan took four people and carefully shuttled through the lava fire tree forest. They carefully searched every possible corner to find out the ancient dragon.

This ancient dragon loved magma, and most of the time they rested in the magma.

.....

Suddenly, a loud bang suddenly rang, but it was not a thunder, but a sneeze of some creature!

"over there!"

Ye Xuan did not hesitate and rushed straight to the place where the sound came out.

Li Lei and others have been following Ye Xuan's side, and they are better in front. At this time, they are hesitant.

Li Lei first stopped in front of Ye Xuan.

"That, I said Ye Brothers, or let us give up, this ancient magic * is not something we can deal with. If we are now, it is no different from sending death."

Ye Xuan was blocked by Li Lei and had to stop.

"You, do you think so?"

Ye Xuan turned his head and asked the other three.

The three hurriedly replied: "Yeah, this is the ancient dragon, we, how could it be its opponent! We are now past, it is simply sent to death. Ye Xiaoyou, it is better, forget it!"

Ye Xuan looked at the four people faintly. He knew that if he did not use some special means, then there was no way to drive these people.

It seems that they are too good for them, and they think that Ye Xuan is so good.

"You have only two choices now, or you can work together to help me kill the ancient dragons, and then I will give you freedom. Or, you can choose to let me crush your fragments of God now!"

Ye Xuan's tone is very indifferent, as if to say that the weather is really good today, so casual.

However, as soon as the sentence was finished, the four people immediately changed their face!

The godhead is crushed, but it will die!

Ye Xuan, actually took the gods to threaten them!

Until now, these talents have really reacted. They are not equal to Ye Xuan at all. They are not qualified to bargain with Ye Xuan!

From the very beginning, they started by handing out their own godheads.

They said that it is a good friend, Ye Xuan's partner, said that it is difficult to listen to, the root is Ye Xuan's servant, slave!

What are their qualifications to make irresponsible remarks here?

In an instant, the faces of the four people changed a lot, and then they went silent!

Yes, they have no right to choose, they can only obey Ye Xuan's decision.

Chapter 2114: The scale of the dragon

"Good! We know!"

Li Lei's voice is very cold. Obviously, it is full of hostility towards Ye Xuan.

However, what he thinks, Ye Xuan only has one day and his godhead fragments, then he will never qualify for resistance.

Ye Xuan nodded and did not give them a lesson. They responded to their current identity!

"Well, move on, I said that Ye Xuan, as long as you help me kill this ancient dragon, then I will give you freedom. Of course, you are best to pray and not fall in battle."

"In addition, I remind you that if you come up with your full strength, no one should want to be lazy. Since you all know that this ancient dragon is not easy to deal with, then you should understand that if you do not come up with all your strength, it is impossible. Kill."

"Oh, if I am dead, do you think that you still have a way to live?"

Threat!

Red - bare naked threat!

However, when I heard Ye Lei's words, Li Lei and others, there was no way to say that it was half a word.

Ye Xuan, this sentence, they do not understand.

At this time, Ye Xuan waved his hand, and all the bones of the swords that were merged in front were summoned.

These things, although not very useful, are useful for exploring the road and finding the location of the ancient dragon.

With Ye Xuan's command, in an instant, all the savage swordsmen rushed toward the front, and their task was only to lead the ancient dragon.

.....

"boom!"

A loud noise.

At the same time, the system's prompts also rang.

"Hey, the bones of the sword are dead, and the host needs to consume a heart to resurrect!"

Ye Xuan did not care about this suggestion, but his eyes suddenly changed.

"over there!"

In an instant, Li Lei and other four people immediately rushed over.

That direction is the direction of the death of the bones!

And when Ye Xuan saw the appearance of the ancient dragon, I realized why Li Lei and others said that this ancient dragon could not be defeated!

I saw that the ancient dragons were covered with dark red scales, and those scales not only shone with a faint purple glow, but also burst from time to time.

"Xuanhuo Shengjin!"

Ye Xuan could not help but shouted out.

The scales of the ancient dragons are all Xuanhuo Shengjin!

Is this really a creature?

You must know that Xuan Huo Sheng Jin is a super material made of dark gold stone growing at the bottom of the volcano, combined with the heart of the Wannianling tree and a mysterious essence of the universe.

It can be said that a defensive magic weapon refining with Xuanhuo Shengjin is at least twice as strong as the defensive magic weapon of the same level!

However, this ancient magic dragon, you can refine this rare Xuanhu Shengjin as a scale.

It's hard to imagine!

Of course, even if it is so, can it be that Ye Xuan is scared?

"What are you doing, four of you, together!"

Ye Xuan ordered Li Lei and others to order.

At this time, Li Lei and other four people are very clear in mind, no matter how powerful the ancient dragons in front of them, they have no other chance to survive except to defeat this ancient dragon.

Therefore, with Ye Xuan's order, these four people did not say anything, and directly sacrificed their magic weapon!

"The **** ancient dragon, today, the old man has to be a warrior who is a dragon!"

The person who spoke was named White Broken, and his hand was a knife, sharp and incomparable.

After the order of Ye Xuan, Bai Bian will not hesitate to directly cut it out!

This knife, he did not have the slightest to keep hands, it can be said that it has already used his full strength.

"Give me to die!"

Juli Shentong bless!

Tianyan magic blessing!

Killing!

boom!

A powerful light directly resembles the ancient dragon.

At this time, the ancient demon dragon, to be precise, has not yet regained consciousness, but is still sleeping.

Therefore, the white-broken knife hits directly.

It is a pity that although this knife has been exhausted, but the ancient demon dragon, it is so easy to kill.

The huge ray of light succeeded in the body of the ancient dragon, and it can even be said that the ancient dragons did not have the slightest defense.

However, the result is only a shallow scratch.

"Roar!"

The ancient dragons suffered from pain and made a loud noise.

Later, I saw him screaming at the mouth, and a bit of a dragon spurted out!

This ancient magic dragon, with a huge body of more than 30 meters high, although smaller than the creatures Ye Xuan had seen before, but this does not represent the attack of the ancient dragon, than those 10,000 meters, 100,000 meters, or even millions The creatures of rice are high and weak.

The dragon's breath from the giant mouth is terrible!

"The old man is in danger!"

White mourning, I want to escape.

The dragon's breath of the ancient dragon can actually block the space, so that there is no way to use special tricks to leave.

White was scared and pale, thinking that he was dead this time.

However, at this time, Li Lei shot.

"White brother is afraid!"

Li Lei flashed a figure and threw a silk-like magic weapon from his hand. He instantly bundled the white and then pulled it back.

All this, but it is done in the blink of an eye, it is a tacit understanding.

At the same time, the other two also quickly shot, exhausted all efforts to attack the ancient magic dragon.

Ye Xuan has already said that if they want to live, then they can only fight with all their strength. Only by killing this ancient dragon, they have a chance to live.

Therefore, at this moment, no one will keep it at all.

Of course, Ye Xuan is actually not idle. Suddenly, this level of fighting is not something that Ye Xuan can participate in.

Four medium-day gods, one peak and the other gods.

The battle between the five strong players, even if it is the aftermath of the battle, Ye Xuan may be embarrassed if he is not careful, let alone let him participate.

However, not fighting, does not mean that Ye Xuan can not help.

"System, can you help me analyze the data of this ancient dragon, and then give me his weakness?"

Yes, Ye Xuan is now turning to the system.

The system said when the fault occurred, this time the repair will be challenged with Ye Xuan's wishes.

Although the current repair schedule is only 5 percent, it is equivalent to opening the system. Then, as long as Ye Xuan is willing, now, it is now possible to start integrating the new functions of the system.

"Hey, the system prompts, the host should pay attention to the fact that the ancient demon dragon is famous for its strong defensive power. It is an ancient alien dragon. The ancient demon dragon has only a slightly lower defense force on the back and down scales of the whole body. At the same time, it is also the closest to its life. The source is located.

It is recommended that the host find out the inverse scale and thus kill the ancient dragon! "

Well, what about scales?

Ok, then, Ye Xuan is going to see it, what is the anti-scale of the ancient dragon?

Chapter 2115: perish together

It is said that all dragons will have a reverse scale on their body.

This inverse scale, in simple terms, is a special scale that grows in the opposite direction with other scales.

There is only one dragon in each dragon, and there must be one.

Why is this so? Ye Xuan can not explore it. He only knows that the scale is the opportunity to kill the ancient dragon.

"Li Lei, you jumped to the back of him. The anti-scale of the ancient dragon was on his back, and he found the reverse scale, and he could kill this ancient dragon!"

Ye Xuan shouted and directed directly to Li Lei and others.

At this time, the ancient dragon is already in an angry state.

Of course, whoever sleeps well, but is awakened by a knife, it is estimated that it will be angry.

The whole body of the ancient dragons braved the purple-red flame, and the dragon's breath in the mouth was constantly ejected.

This dragon's breath is the ancient dragon, and it is also the basic attack method of each dragon. It does not require any preparation time and does not consume much.

As long as it is willing, he can even keep vomiting.

However, don't think that this is not consumed, it will be weak.

At this time, around the ancient dragons, those poor lava fire trees were also directly melted by the dragons with horrible temperatures.

The dragon's breath of this ancient dragon is even several times hotter than the hottest magma!

Li Lei and others immediately met.

Tu Long first looked for counter-scale, this can be regarded as common sense.

However, the scale of each dragon is undoubtedly the core of their defense, and they will try to hide the existence. Under normal circumstances, it is easy to know the position of the dragon against the scales.

Unexpectedly, Ye Xuan actually knew the position of the ancient demon dragon against the scales.

This is undoubtedly for the four of them to see the dawn again.

"kill!"

The four men rushed to the past again.

And Ye Xuan, but can only helplessly look at the side.

In fact, it is estimated that even if the system is intact, Ye Xuan is not qualified to be involved in such a battle.

So, from waiting, Ye Xuan, can't do anything else.

The battle lasted for three days and three nights.

In fact, how can the ancient dragons not know the importance of their own scales.

Therefore, Li Lei and others simply could not find a chance to shoot.

However, as the battle progressed, the four people cooperated more skillfully.

Finally, the ancient demon dragon was just a small negligence, and gave Li Lei and other people a chance!

"It is now, fast, shot!"

I saw Li Lei suddenly ruined the white, and when the white broke in the air, he sacrificed his strongest killing and flew straight to the back of the ancient dragon.

"Hey!"

The ancient demon dragon who was attacking another person, found the intention of white breaking, suddenly turned around, and wanted to stop the white break.

However, as soon as he turned his head, the man who was previously suppressed by him also rushed toward the back of the ancient dragon.

.....

Time, as if at this moment, Ye Xuan stared at the battlefield, the fists are tightly pinched together, can not beat the ancient dragon, just look at this blow.

If it fails, then Ye Xuan is afraid that he can only be trapped here, but if it is successful, Ye Xuan will get huge benefits!

It seems to be between the blink of an eye, it seems to have experienced thousands of years!

Along with a huge incomparable roar, the above ancient demon dragons are centered, and suddenly there is a huge incomparable air wave.

Hot air waves!

That is the last madness of the ancient dragon, how can it not be strong!

"not good!"

Ye Xuan figure suddenly retreats, this air wave, it is too strong, it can be said that it is enough to let Ye Xuan powder broken bones.

The Bone Swordsman came out, all in front of Ye Xuan, and one of the defensive magic weapons was also thrown out by Ye Xuan.

At the same time, Ye Xuan is fully retreating.

But even so, the air wave hit Ye Xuan.

"puff!"

Ye Xuan spit out a blood!

"Damn, it was so powerful, I was hiding in the distance, and I also resisted it with the bones of the sword and countless defenses. I was so hurt. This ancient dragon is too strong." !"

Ye Xuan helplessly said to himself, at this time, he already knows, afraid that Li Lei and others have been fierce!

Sure enough, when Ye Xuan once again flew to the fighting position, but where to see the bodies of the four people, the four people, even directly hit by the ancient magic dragon, completely shattered.

"Hey, the four of you are dead for me after all, I will not lose you, Ye Xuan, let me, resurrect for you!"

In the hands of Ye Xuan, there are fragments of the four gods, which are equivalent to the imprint of life. With this fragment of the gods, he can resurrect the four.

However, the price is extremely high.

After all, Ye Xuan's hands are just small pieces.

At this time, the ancient demon dragon and the four people have already died together. Ye Xuan naturally will not waste, directly immersing the body of the ancient dragon dragon into the space.

This ancient demon dragon is a treasure, it can be said that whether it is Ye Xuan's own upgrade, or used to repair the system, it is definitely a good thing, of course, before this, we must first deal with the front of the gods.

From the moment of the death of the ancient dragon, this guardian **** has already appeared in front of Ye Xuan.

"Oh, boy, yes, even the ancient dragons have been killed by you, not bad, for you, this is your reward, you can leave."

The Guardian God does not seem to care about how Ye Xuan actually passed. In his eyes, as long as the ancient dragon died, then even Ye Xuan passed the trial.

With the words of the guardian god, Ye Xuan's figure was once again moved, and it was once again sent away.

Of course, Ye Xuan does not mind.

When he came outside and determined that there was no danger, he began to deal with his own gains.

He was the first to reward the god, but when he took out the thing, he was embarrassed.

Actually an egg!

"Hey, congratulations to the host, get special treasures, the ancient magic dragon eggs, the host please note that the ancient magic dragon can use other special materials to synthesize special pets."

Sure enough, Ye Xuan nodded. When I saw the egg, Ye Xuan's first reaction was to estimate that he would get a new pet this time.

Sure enough, along with the system's prompts, it is undoubtedly proof that Ye Xuan's guess is correct.

However, now Ye Xuan has no other materials, so this ancient dragon egg can only be placed first.

This ancient magic dragon, however, can synthesize three kinds of pets.

The first one is the ancient dragon. It is not so much a fusion as catalysis, because this egg is the ancient dragon. Of course, this is undoubtedly the least resource and the lowest combat power.

The first thing that Ye Xuan ruled out was it.

Chapter 2116: Endless killing trial

The second way to synthesize is to use the thing called Tianxuan body to synthesize the ancient Tianlong!

To put it simply, it is an enhanced version of the ancient dragon, and then look good.

The third way to synthesize, you need to get seven-star grass, one-leaf flower, three-eyed stone, and ancient sea ice heart!

The synthetic thing is actually called the crystal dragon!

Of course, Ye Xuan doesn't even know what these four materials are.

Therefore, the current Ye Xuan, there is no idea to play this ancient magic dragon egg.

Let's talk about it later, what materials can be encountered in the future, what to synthesize, and then, the swallowing point is not so good.

After reading the ancient demon dragon egg, Ye Xuan will focus on his biggest harvest, the body of the ancient dragon, and Li Lei and other four people!

"Hey, the system prompts, congratulations to the host to complete the hidden task, the last one is the ancient dragon!"

"Hey, the system prompts that the system repair rate has increased by 5%, currently 10%!"

"Hey, the system prompts, the host please note that the host can now make a choice, the ancient dragon dragon body, can promote the six realms for the host, or refine the essence repair system one percent, and then the host gets a level of reward!"

"Hey, please host to make a choice."

Ye Xuan frowned!

Choose, the system actually let yourself choose!

You should know that this kind of situation rarely occurs in the system. It can be said that the system that appears is very human.

However, Ye Xuan is keenly aware that the system seems to be undergoing some kind of change.

Only, this change is going on silently.

Even Ye Xuan himself does not know what kind of changes might happen.

Don't even know if it's good or bad!

Of course, if you don't say anything else, let's choose it first.

One hundred percent of the system is repaired.

Really, so little!

However, Ye Xuan still resolutely chose the second option.

Fix the system one percent and then he gets a rating.

Because, once the system is repaired, Ye Xuan will get more benefits.

Compared with the early repair of the system, Ye Xuan upgraded later, in fact, it is not a big deal. After all, not all tasks can repair the system.

Even if it breaks through six times, there is no repair task, and it is empty talk!

"System, I choose the second option!"

"Hey, the system prompts, the host makes a choice!"

"Hey, the system prompts that the system repair rate has increased by one percent, currently 11 percent!"

"Hey, the host breaks through, and it's currently a four-person medium god!"

Ye Xuan nodded, and the matter here is over.

However, Li Lei, they still have to solve Ye Xuan.

"System, I want to resurrect Li Lei, what can I do?"

"Hey, the system suggests that the host can look for special materials for the resurrection of Li Lei and others. Currently, the fragments of Li Lei and others can be planted in the plant space, slowly recovering their power!"

"Well, then, that's all."

Ye Xuan knows that it is almost impossible to resurrect these four guys at once.

After breaking through to the gods, it is not so easy to resurrect. As for the people killed by Ye Xuan, he has used the power of God to restore them all and let these people live in the space.

However, as long as there is an opportunity, then it will do.

After solving all the things, Ye Xuan began to notice the previous situation.

At this time, Ye Xuan stood in front of a tall tower.

This tower towered high, even if Ye Xuan tried to look at it, he could not see how high he was.

And around this tower, there is nothing but nothing.

Ye Xuan knows that this should be the third level.

He did not hesitate and walked straight inside.

Pushing the door of the tower, just a moment, a powerful suction, will inhale Ye Xuan.

At the same time, a sound came out.

"Welcome to the Endless Tower, Congratulations, Trial, you successfully entered the third level, the third level of the rules is very simple, you only need to climb the highest level of this endless tower, then you pass It is."

"Of course, because the Endless Tower is more difficult, so as long as you climb halfway, you can choose to leave at any time. However, I need to remind you that there are powerful beasts in each of these towers! "

"Let's enjoy it, try the experimenter, enjoy this endless killing!"

Speaking, no suspense, can only be the third guard of the gods.

However, this third-level Guardian God seems to be more abhorrent than the previous two levels. It turns out that even people do not appear.

Of course, since the rules have already been explained, then Ye Xuan does not have to wait for anything. He lifted his foot directly and walked toward the second floor.

It seems that the bottom layer is only for reception, so there is no animal.

However, when Ye Xuan walked into the second floor, she saw a beast.

"Is the next level of God?"

Ye Xuan gave a slight glimpse. Looking at this tiger with a horn, it was very strange. Actually, there was only one product waiting for the cultivation of the gods. Is this too simple?

Killing this beast at once, however, what makes Ye Xuan unexpected is that after this guy was killed, he turned into a blue smoke and disappeared.

Is this not a avatar?

Of course, Ye Xuan will not care so much, but go directly to the second floor.

"Well, it's still a wait for the repair of the gods, but this time it's ten!"

Without threats, Ye Xuan smothered and then continued to move forward.

.....

Constantly stifling, constantly climbing.

Ye Xuan has not remembered how many floors he has climbed, but he has already figured out the rules here.

The monsters here will change every tenth.

One on the first floor and ten on the second floor!

The third layer of fifty, this increase, up to the thousandth of the tenth floor!

Of course, the level will not become.

However, when the eleventh floor, it will be replaced by five monsters waiting for the gods.

Subsequently, it is the monster that the peak of the gods is waiting for.

Then there is a monster that is cultivated as a medium-sized god, and then a five-person medium-human **** monster...

Now, what Ye Xuan is facing is a thousand heads, a monster of five talents and a gods!

Seriously, Ye Xuan is very tired now.

You must know that Ye Xuan himself only has the cultivation of a fourth-class middle-aged man, but he has to face a thousand-faced five-character medium-human god.

It can be said that the pressure is huge!

Ye Xuan stood at the door and stood quietly. At the door, this beast would not take the initiative to attack, and it would be a chance to give the tester a gasp.

However, Ye Xuan tried it. It only took a scent of time. When the time is up, he will be directly promoted by a force.

What to do, so continuous, it seems impossible to pass.

Chapter 2117: There are also mortals in the gods

Now it is the beast of the five-character and medium-spirited human beings, then the next wave is the middle-aged man of the peak!

Moreover, this trial seems to have no end at all, standing on the spiral ladder, Ye Xuan can see that there are countless layers above!

Endless trials!

Endless killing!

Sure enough, worthy of the name!

Suddenly, a force came from behind Ye Xuan and directly pushed Ye Xuan into it.

It turned out that the time for rest was over.

In an instant, those beasts rushed toward Ye Xuan like a flood.

Ye Xuan helpless, can only take out the sword, and start fighting again.

In such a trial, don't try to use any powerful attack.

Because, that's just a waste of your own power.

It is the most sensible choice to fight with the most economical and divine combat methods. Although he has a super-recovery of the **** of war, in this case, there are times when it is not enough.

After all, every time you kill a layer of the beast, you will not be allowed to stay on that floor for too long.

Of course, the time to kill monsters is also limited.

Ye Xuan took a sword and killed a beast that rushed to him, watching the beast become a white smoke.

I am thinking about it, what should I do?

This trial seems to have no end at all, even if Ye Xuan has passed the level of the peak of the gods, even if he has passed the level of the peak of the gods.

So, what about the next Tianjing situation?

What's more, there is a realm beyond the gods?

It's not a way to fight all the time!

Ye Xuan's brows are wrinkled, and while the hands are constantly killing those beasts, the mind is constantly thinking.

However, let Ye Xuan try his best, but find that he has no way to solve the dilemma!

Finally, the beast is still killed, Ye Xuan can only helplessly go up and down.

They come, the security!

However, let Ye Xuan go up and down.

The voice of the third gate of the Guardian God finally rang again.

"Hey, young people are very good."

"Congratulations, you have passed the first test and won the title of junior endless trial, huh, huh, but those who can come here, I am afraid I can get this title."

"Oh, I forgot to tell you, as long as you kill the wave of the beast that is similar to your own strength, you can get the primary title, then you can make a choice, continue to challenge, or leave directly."

"Well, kindly remind you that the lower your realm, the lower the difficulty level of the beast that needs to be overcome."

"As long as you have won the title of Super Endless Trialist, even if it is after me, how about, have you considered it?"

Hearing the words of the fourth-level Guanshen, Ye Xuan's heart is an atmosphere.

Fortunately, this endless trial is automatically adjusted according to the entrant's realm, rather than really have to hit the last layer.

It seems that Ye Xuan is not without a chance to pass.

However, even so, Ye Xuan decided to temporarily withdraw.

"Keeping the gods, isn't it, after I got the title of the primary tester, if I have time, I can come over and try again?"

"Of course, you can come and try it whenever you want, but you only have three chances and three chances to run out, then you are not qualified to be here!"

"Okay, I understand, I choose to leave temporarily."

Ye Xuan directly stated his decision because he knew that with his current strength, I am afraid I could not have created it.

"Well, since you decided, then I will send you away."

"This is three directional transmissions. I will send you directly from the trial. If you want to continue the challenge, you can get here directly. Then remind you, if you want to As the ascension is over, then the realm of these beasts has also been adjusted, understand?"

"alright, I understand!"

With Ye Xuan's answer, I saw a white light flashing, and Ye Xuan disappeared in place.

When Ye Xuan reacted, he appeared in a strange place.

In other words, the fourth level of the Guardian God directly sent Ye Xuan out of the Valley!

"Where, I just want to try to find the material in the valley, and then strengthen my strength. This is the guardian god, actually sent me out!"

Ye Xuan said silently, he did not intend to leave the Valley of the Valley!

However, now that it has come out, there is no way.

Fortunately, I can go back at any time.

Ye Xuan, Ye Xuan is a must to complete, after all, the task of repairing the system is still there.

Ye Xuan can imagine that as long as the exploration of the absolute valley is completed, then it will certainly get a lot of system repairs, or even completely repair the system, it is not impossible.

Now that it has come out, then Ye Xuan can also look outside to find out if he can find the right materials to strengthen himself.

The best way is to reinforce or break through the two major levels of blood, half-god-level blood, although it is also extremely powerful.

But obviously, Ye Xuan wants to pass the trial of the endless tower, then, just Ye Xuan's current half-god-level blood, is not enough.

Of course, if you want to break through, it's a simple matter, maybe you can get some enhancements, it's not easy.

Ye Xuan Shen read it outside, he believes that it is impossible to drive itself to a place far away.

However, Ye Xuan is still underestimated, here is the gods.

The geographical concept of the gods is fundamentally different from other places.

Don't look at the Guardian God is just to transfer Ye Xuan, but it is directly transferring Ye Xuan to thousands of miles away!

Through the exploration of the gods, Ye Xuan saw a huge city in the distance.

Since the city was discovered, Ye Xuan will not delay and fly directly to the city.

"Forget the city!"

"This name is good!"

At this time, Ye Xuan stood outside the huge city gate and looked at the bustling crowd, but there were some differences.

Because he saw that most of the people here are just ordinary people, and the appearance is also very strange.

The Tauren, the Kobold, the winged bird, or the snail who carries a huge shell!

How is this going?

The key point is that these people are very low-minded, and there are even people who have no repairs.

what on earth is it?

"Welcome to the City of Worry, the first time you are here to forget the city?"

Just when Ye Xuan was puzzled, a teenager ran to him.

Nothing to do, it turned out to be a mortal!

Ye Xuan brows slightly wrinkled and asked the man: "What is the city?"

Chapter 2118: Go to Lingxuan Pavilion

"What is going on, guest, I don't know how to answer this question?"

The man touched his head and looked confused.

"Oh, who do I mean, why are there so many mortals here? Isn't it a goddom here?"

Ye Xuan had to answer directly.

However, his words made the man scared to fall to the ground immediately.

"The noble god, the small eye does not know Taishan, please God forgiveness is small."

Ye Xuan looked at the man.

"Get up, I will ask you something, you will answer me!"

"Yes, yes, the gods are like this. There are a lot of indigenous races in the realm of the gods, and some of the lower bound creatures brought up by the gods. But although this is the **** world, it is not the god. Everyone can do it."

"Over time, the indigenous peoples of the gods and the mortals like me who were brought up by the ancestors from the Eight Heavens constitute the mortal world of the gods..."

Ye Xuan nodded, it turned out to be.

In his current realm, the former is indeed a mortal, even if it is not the ruler, it is the same.

Anyway, that's just a name.

What's more, the **** man can only be called a mortal with a relatively high realm.

It is no wonder that some people may have some special abilities after condensing their gods, and many people may choose to bring their own family or disciples to the lower realm.

After all, the gods are dangerous, and who can guarantee that they will never fall.

However, the gods are full of divine power and more suitable for cultivation. As a result, many people will naturally release their own disciples and others directly.

As for the original indigenous race, this Ye Xuan is not good to say anything.

However, there are indigenous people in the realm of the gods. This is a wonderful thing.

Ye Xuan ignored the person, but went straight into the city of forgetfulness.

Compared to the one that Ye Xuan entered last time, it was all built by a person with a godhead.

This forgets the city, but it seems to be full of vitality.

Numerous figures are moving through it. In the realm of the gods, even an ordinary mortal, who has lived for thousands of years, is a normal thing.

Therefore, people are naturally more and more.

Of course, the realm of the gods and the city of a million people is just a drop in the ocean!

Ye Xuan walked around and knew the origin of this city.

The city was built by the lord of the city here, but it was only a few hundred people, but after tens of thousands of years of development, it has become the scale of today. And this forgotten city is equivalent to the private territory of the old man who has forgotten.

However, even so, there are still some inside.

Forgetting the old man in this forgotten city, he established the Forgetting House and selected elite disciples to train them. Not to mention, he was really cultivated by him.

Today's Forget City, with hundreds of gods, is considered to be the most powerful among the dozens of cities around.

Of course, these can have nothing to do with Ye Xuan.

Feel free to check it out and didn't find what Ye Xuan needs. Ye Xuan turned and prepared to leave.

However, he did not even have time to leave, but he encountered an interesting thing.

An army is led by an inferior god, Sanming, and a dozen gods.

Actually came outside this forgotten city.

Ye Xuan's figure is already on the top of the building that is the highest in the city.

Ye Xuan wants to see, here, what will happen.

.....

"Forget the old man, you give me out!"

Just after Ye Xuan set up his posture and prepared to watch the show, the gods outside the city shouted loudly toward the city of forgetfulness.

Huge sounds, even the lives of many mortals in the city!

"Damn, old man, what do you want to do!"

In the blink of an eye, another old man who was inferior to the gods rushed out.

At the same time, on this forgotten city, there is also a ban on the city.

Countless soldiers have already rushed to the city.

"Hey, what do I want to do? Forget the old man, don't go to the cabinet and order, collect the totem beast. You forget the old man to find his own death, but why should I harm me? You don't pay the totem beast, it is open and silent. Going to the cabinet as an enemy, you want to die, can you pull us down?"

"Haha, you, you are you, come to you. If you are strong in the cabinet, we can't afford to do so. But, in a word, they will take my beast away, and, more I sent it, why?"

Hearing here, Ye Xuan understands that the daring is the thing that the totem beast and Mo Gege brought.

At the beginning, Ye Xuan first came to the realm of the gods, and descended on the beast of the beast, and also obtained the totem beast.

Of course, compared to the beasts of the beasts of the beasts, the totem beast of this worry-free city is nothing.

Unfortunately, Worry-Free City does not have the strength of the beasts, so even the qualifications for redemption are not.

In the words of the cabinet, this worry-free city can only surrender the totem beast, and even must be sent in person.

To put it bluntly, everything is caused by weak strength.

The two strong gods are still bickering there, but Ye Xuan is not ready to watch it, because there is nothing necessary for Ye Xuan to continue to pay attention.

Strength, everything is the cause of problems.

This time, I saw that Ye Xuan once again understood that only if he has strong strength, will he not be bullied.

When Ye Xuan left, there was a voice of shouting in the direction of Wuyoucheng.

The killing of hundreds of thousands of troops is only because the two gods are strong and vindictive. Perhaps in the hearts of these two people, they have not cared about the lives and deaths of those mortals.

Ye Xuan summoned Tianma, leaving very fast, he did not need to find a mortal city pool.

There, maybe it's okay to look at it when I'm bored, but there's no help for Ye Xuan's ability to improve.

Soon, Ye Xuan once again found a city.

However, this is not a city of mortals.

It is a real city, belonging to the city of the gods.

"Well, it's here, Lingxuange, I didn't expect that there is Lingxuan Pavilion here. Then, I can go and see if there is material I need!"

Ye Xuan's figure fell on the ground and also picked up Tianma.

Walking alone into the city.

His goal is very clear, that is, Lingxuan Pavilion.

.....

"I heard that this Lingxuan Pavilion auction will auction a few treasures, just don't know what kind of baby it is."

"Hey, even if you heard about it, we are not qualified to participate. This time the auction is an internal auction. Only the people invited by Lingxuange are eligible to participate. There is no invitation, no one will enter. go with!"

Ye Xuan came into Lingxuan Pavilion and heard people's arguments.

Chapter 2119: Became a super elder?

It seems that Ye Xuan is still the time!

auctions!

Not bad. Generally speaking, there will always be a few good things on the auction. Of course, if you can get your hand, you can only look at your own financial resources!

This time, Ye Xuan will not be as hard as the last time, the Shen Jing of the body is used for careful calculation.

Then again, Ye Xuan is also a person worth millions.

However, how did the invitation get?

Yes, Ye Xuan suddenly remembered.

When he passed the first pass in the Outland Valley, there was no one who happened to be the elder of Lingxuan Pavilion. His token is now in his hands.

So, is it possible to use this thing to get an invitation, or to qualify for entry?

Thinking of this, Ye Xuan did not hesitate to go directly to the waiter of Lingxuan Pavilion.

.....

"Premier, can I help you with anything!"

The waiter asked respectfully to Ye Xuan.

"Oh, I want an invitation to the auction, how can I get it?"

"Guest, I am very sorry, this auction of this cabinet is not a public auction, but a small internal auction, so everyone except the invited person will not be allowed to participate."

Although the waiter said euphemism, but the people around Ye Xuan, Coke opened the flowers.

"Haha, I am not mistaken, a small guy in a medium-sized godland, and want to get an invitation to the auction? Don't you know, this invitation, the minimum is the gods, and, He actually went straight to the people who asked the Lingxuan Pavilion, but it was stupid enough!"

"Isn't it, laughing at me, what is his place at Lingxuan Pavilion? What is the internal auction of Lingxuan Pavilion? Who wants to go, is it called an internal auction?"

.....

There are many arguments.

Moreover, all of them are saying that Ye Xuan is not trying to be similar.

Ye Xuan did not pay any attention to these people, and what these people said, Ye Xuan himself wants to do what is the key!

"Oh, it turned out to be like this, then I want to ask, can I use this to change to an invitation?"

Ye Xuan did not hesitate to directly take out the elder jade!

The waiter saw something in Ye Xuan's hand and was shocked.

You must know that Lingxuan Pavilion is a separate force, of course, there are also detailed rights division.

As for the elders...

It can be said that in each division, there are usually one or two elders sitting in the town, but did not expect that someone is holding an elder token to change an invitation!

The waiter's forehead instantly showed sweat, but Nono's face to Ye Xuan said: "Big, adults please wait a moment, the small one immediately asks the elders to come out!"

While speaking, the waiter showed a slap in the face of Ye Xuan, and then rushed away.

Such dramatic changes have made everyone in the field open their eyes!

No!

What is this guy coming to?

What is the thing in his hand, why is it so frightening to this waiter!

For a time, all the people in the entire hall closed their mouths.

At the beginning, the few people who discussed Ye Xuan were even more changed.

Watching Ye Xuan carefully, it seems that I am afraid that Ye Xuan will pursue them in general.

It is a pity that Ye Xuan did not put these people in his eyes, so he would not care about them at all.

Soon, the elders of this branch rushed out.

"The disciple visits the elders!"

What everyone didn't think of was that even this elder was so respectful to Ye Xuan and even bowed directly.

In fact, Ye Xuan himself did not figure out what was going on.

It turns out that since Lingxuan Pavilion is a place to sell treasures, then naturally there are countless people.

The elder token of Lingxuan Pavilion is a very special thing. How is this thing refining? No one knows.

However, each elder has only one, and this token has its own ingenuity, but also a number of unique imprints.

Unless the owner of the token voluntarily, otherwise, the token will never follow anyone else.

Even if your strength is strong, then there is no way to force it, because this token has a self-destructive effect.

Of course, the elders of Lingxuan Pavilion are free to choose their heirs. That is to say, this token can also be inherited by a disciple. But undoubtedly, as long as the person holding the token is equal to the right to own the elder.

No matter how Ye Xuan got the elder token, no matter what the idea was.

But now, Ye Xuan holding this token in his hand, that is to say, Ye Xuan is the master of this token, is the legal elder of Lingxuan Pavilion, and is not an ordinary elder!

"You get up first!"

Ye Xuan stunned, said.

Now, even Ye Xuan himself is still confused.

What is going on?

After the elders of Lingxuan Pavilion stood up, Ye Xuan continued to ask: "This token is indeed the elder of your Lingxuan Pavilion. It is true that I am not the elder of Lingxuan Pavilion. I think You must have misunderstood something!"

"Oh, too elders, you should not tease your disciples. The rules of Lingxuan Pavilion have not changed for tens of millions of years. Perhaps it is really the former elders who gave you such tokens for some reasons, but As long as your token is in hand, then you are the elder of my Lingxuan Pavilion."

"Every elder token is fixed in my Lingxuan Pavilion. That is to say, the right of each token will not change because of people changing."

"I Lingxuan Pavilion, only recognize the token does not recognize people!"

I rub!

Ye Xuan stunned, only acknowledging that the token does not recognize people, what is the rule?

That is not to get a fake token, you can lie to the Lingxuan Pavilion people group.

Of course, Ye Xuan also understands that it is almost impossible to make a fake token.

After all, Lingxuan Pavilion is not a small force.

This kind of thing, Ye Xuan does not want to go deeper, his main purpose now is to get an invitation letter.

As for the token, wait until the next time, after meeting the missing moon master, let's ask.

"Well, I just want to ask you for an invitation letter. I want to participate in this auction. Unfortunately, there is no invitation letter. I don't know if it is convenient!" Ye Xuan said directly.

After listening to it, the elder's face showed a strange smile, and then said: "That, too elder, you really don't know? You are in the hands of the elders token, want to enter our branch office The in-house auction will be held at any time. The token in your hand represents your rights and is more useful than any invitation!"

amount!

Ye Xuan, I did not expect that this token actually has this use!

Chapter 2120: Lingxuan Pavilion elders

At this time, the people around Ye Xuan who began to talk about Ye Xuan had already been stunned and envious, and more panic.

The elders of Lianxuanxuan Pavilion must be treated with such respectfulness. Can that identity be simple?

People silently watched Ye Xuan's back and watched Ye Xuan walk into the inner hall of Lingxuan Pavilion. Many people even thought about how to get to Ye Xuan.

.....

Ye Xuan followed the reason why this elder came to the inner hall. Of course, it was not for the invitation, but wanted to know what good things were in this auction.

Even if there is a suitable, Ye Xuan is ready to buy it in advance, this is another advantage of the elder token.

"Before the elders, you see, this is all the items that will be shot at this auction."

The elder handed a list to Ye Xuan. The list clearly listed all the auction items for this auction.

Of course, one-third of them are from Lingxuan Pavilion, and the other two-thirds are just the items that others have sent.

Soon, Ye Xuan read all of the list.

Among them, there are three things, the most attention of Ye Xuan.

This first piece, called the ancient devil!

That's right, it's a finger of the ancient demon god.

It is said that this great demon has reached the cultivation of the main divine, a flesh, is simply powerful.

The ancient demon **** and the current demon **** still have a big difference. In fact, whether it is the ancient demon or the demon god, it is several times stronger than the current god.

As for the root cause, it is above the magical power!

Especially for the devil!

The devil, the general walking is the physical line, constantly strengthening his body and achieving the godhead.

However, the demon **** also has a variety of magical powers.

However, after many years, many of the special magical powers of the devil have been cut off.

The original master of this demon god's finger is a famous big demon in ancient times, the finger of the demon god.

How many supernatural powers there are in the demon gods, no one knows now, but people know that the most powerful magical power of this demon **** is exactly what he is.

It is said that if the **** of the gods wants to kill, just by hand, the person will scream, even if it is the same level of cultivation, it can not stop his finger.

Of course, these rumors Ye Xuan did not care, he cares about this interception of the bones, there are actually special substances that can strengthen his blood of the sword god.

"This thing, I must get it!"

Ye Xuan said to himself in the heart, but after he saw that the note said that it was actually a consignment, he could only show helpless smile.

This second item is a flower called Jiu Soul Flower!

There is only one use of the soul flower, which is to cultivate the soul.

Li Lei, four of them, Ye Xuan said that he wants to save, so this long soul flower, Ye Xuan is also to get it.

"Hey, is this something that Lingxuan Pavilion has taken out?"

Ye Xuan looked at the notes, slightly surprised, but immediately smiled.

"Who is this long-awaited flower, is it your auction?"

Ye Xuan turned and asked the elder of Lingxuan Pavilion.

"Go back to the elders, you can call me a little white, this long soul flower, can not be anything strange, is sold to my cabinet a few months ago, too old elders do you like this flower?"

"Well, yes, I just need this kind of material."

Ye Xuan nodded.

"Oh, if this is the case, then the elders can buy directly. The elders can enjoy half-price concessions in the cabinet. The disciples will take the initiative to erase your transaction fees. This is a long-lasting soul. Three thousand gods can be obtained."

"Well, it's so cheap? Well, you can take it for me."

"Oh, okay, too elders, but this long-lasting soul flower is just a common **** flower. If it is a refining magic weapon, it can be used below the gods. I don't know what the elders used for?"

.....

Ye Xuan has a slogan.

This guy, I don't know that I only have the cultivation of a medium-sized man, and it's still a newcomer to the gods.

If it is not a coincidence, he will not even have the strength to enter this Lingxuan Pavilion, let alone participate in the auction.

Of course, the man is just asking a word at random, not having to ask questions.

Seeing that Ye Xuan did not speak, the man also ordered a waiter to take the long-lasting soul flower.

As for Ye Xuan himself, he is looking at the last item!

Ye Xuan began to come to the realm of the gods, first to kill the totem beast of the beasts of the beasts of the beasts, and then, after the pursuit of the disciples of the beasts of the beasts, they fell into the valley of the extremities and conducted trials and trials again and again.

It can be said that many of its own strengths, except for the system's damage and therefore can not be used, the greater reason is that there is no opportunity to use.

However, this is not to say that Ye Xuan gave up his original things.

For example, the beast swordsman!

At this time, in front of Ye Xuan, it is a Xuan Shui flame stone!

This is a very strange stone, because it is not solid and non-liquid, non-qi non-virtual!

Simply put, the shape of this stone is a very strange state of self-burning!

This Xuan Shui flamestone burns on its own at any time, but the energy it burns is confined around the body, and quickly condenses into the body of the stone, so reciprocating and enduring.

Of course, in addition to its magical form, the most important thing is its effect, which is an excellent material to strengthen the sword of the beast.

Not only can it improve the attack and defense of the beast swordsman, but it can also improve the resilience of the beast swordsman!

The concept of resilience may not be so easy to understand.

To put it simply, as long as the Xuan Shui flame stone and the beast swordsman can be merged, then the beast swordsman will have unexpected changes.

This thing must be handed!

Even if you don't take the ancient devil's finger bones, you must also get this Xuan Shui flamestone!

Ye Xuan looked at this thing and was still in the state of being photographed.

In this case, he did not look at it more, but took the long-term soul flower directly from the little white elder. After giving Shenjing, he asked the elder White: "How long is the auction going?"

"If you return to the elders, the original plan is to be held three days later. Can you see it?"

What is Ye Xuan to see?

If you can, Ye Xuan still wants to hold it now.

Of course, this can not be said directly by Ye Xuan. After all, this is simply impossible.

"Okay, three days in three days, I will come back three days later."

"Okay, too elders.

"Right, too elders, in accordance with established practice, you appear in our branch office, I have to report to the regional monitoring elders, may be decisive time, the regional monitoring elders will come to you to determine your authority, etc., so can you please It's convenient for the elders to go, leaving a magic weapon like your notes!"
