

## Super D. S 212

### Chapter 212: Experience mission

After Ye Xuan left, Lin Biao couldn't help but ask: "Is it too embarrassing for the elders to let him go to destroy the beasts?"

"It's okay, this kid is no worse than Ye Chong, the mysterious beast, and he can't threaten him."

The elders did not care, he was very confident in Ye Xuan.

.....

After leaving the residence of the elders of the elders, Ye Xuan just found a place and began to devour the best spar.

But what surprised him was that after he swallowed more than 200 pieces of the best spar, he found that the body of the Dan dollar did not increase.

"Hey, the host's Danyuan reaches the upper limit, and it can be broken by swallowing a mysterious beast."

"What? I am like the ordinary warrior, need the mysterious benefactor?"

Ye Xuan said in his heart, he thought that he could break through to the gods in an unimpeded manner.

"Since you can't increase Dan Yuan, then these spar will be reserved."

Ye Xuan thought about it, and then went back to Xuanzhi.

On the way, he also exchanged a few prefecture-level martial arts, and even the prefecture-level martial arts of the Chinese goods to save his life.

Now, he wants to find a strong man of the gods and fights.

As for the top five in the list of the day, this is not anxious for the time being. Maybe he will be a \*\*\*\* after he returns.

However, when he returned to the house of the land, he found that the strength of the heavens and the earth in the yard was quickly consumed.

This is, someone broke through!

"That meditation jade and high-efficiency gathering effect is really good, this will break through for a long time, it seems that there is a way to go to the beast."

Ye Xuan sat in the yard and thought.

He estimated that the Song Dynasty will also go out to destroy the beasts. After all, the beasts of the beasts permeated the four great dynasties, and the Great Song Dynasty naturally also.

Soon, the Song Dynasty was a successful breakthrough, and then opened the door and walked out.

"Congratulations." Ye Xuan said with a smile.

"This is still thanks to your polydings and meditation, or I have not broken so fast."

Song Congjing ran to the side of Ye Xuan and sat down. He suddenly reached out and laughed and said: "What good surprise?"

"You remember really clearly, take it." Ye Xuan took out a six-yuan Dan from the swallowing space.

"What is this?" Song Zongjing looked at this medicinal herb, revealing a strange look.

Ye Xuan said with a smile: "You will know when you serve, I will help you refine."

Song Chongjing did not have much doubt, and swallowed it directly. Ye Xuan also extended a hand on her shoulder and gently passed some Danyuan.

"this is....."

In less than a minute, the Song Dynasty was amazed, and the cherry mouth was so big that the rosy lips made Ye Xuan want to kiss him.

"This is Liu Yuan Dan, you can directly condense Dan Yuan, so you don't have to work hard to consolidate Dan Yuan." Ye Xuan said with a smile.

Even if the peak of the real Xuanjing has a prefecture-level method, it is not so easy to concoct the first silk Danyuan. Some people even stuck here for a few years, so that they could not break through to the gods. But with this six-yuan Dan, the warrior can directly condense the Danyuan, saving a long step.

"This six-yuan Dan, is it too... No, is that the master who let you refine it?" Song Congjing suddenly said.

"Yeah." Ye Xuan nodded.

"That seems to be very expensive?" Song Congjing asked a little embarrassedly. Now she doesn't have many net worth, and she can't afford this kind of god.

"Not much, it is only 10,000 yuan in the spar." Ye Xuan casually said.

"One thousand crystals?"

Song Congjing widened his eyes and exclaimed: "My Qiushui sword is only one thousand and five hundred crystals..."

"Don't talk first, concentrate on refining."

A few minutes later, Ye Xuan also helped the Song Dynasty to refine the six yuan Dan. At this time, the Song Dynasty was already condensed out of Dan Yuan, and then her cultivation was much faster than the average person.

"Yeah, I didn't expect that I would jump two levels in a day. I really thank you very much." Under the excitement of Song Zongjing, he directly hugged Ye Xuan's face and almost frightened the latter.

"Don't mess with each other, or else people think you are my girlfriend." Ye Xuan was secretly happy.

"Why, are you still suffering?" Song Congjing said with some dissatisfaction.

"Cut, don't look at me like this, I will go to the street and there will be beautiful girls."

Ye Xuan sighed coldly and said: "Tomorrow I will leave Lingxiaofu to do the mission, can you go?"

"Experience the task, can you go, where?" Song Congjing spent a few months in Lingxiao, but also wanted to go out for a stroll.

"The beasts of the beasts revived, and the entire eastern region was indiscriminate. This time I went down the mountain to destroy the beasts. It is said that you also have a mysterious beast in the Great Song Dynasty, and your grandfather has already gone back." Ye Xuandao.

After listening to it, Song Congjing also exclaimed: "What? Xuan beast?"

"Yes, there are mysterious beasts in the four great dynasties. You also have the Great Song Dynasty, and you and I have both gone to the half-step Dan Yuanjing, and you still have a breakthrough in the mysterious beast. This time, maybe you can make a breakthrough. Ye Xuan nodded.

"If you don't want to be late, we will leave immediately." Song Cong Jing got up directly.

Ye Xuan said: "So urgent?"

"When I go to the night, how many people will die in the Song Dynasty, let's go, we will go through the task." Song Cong directly took Ye Xuan's hand and ran toward the calendar hall.

The look of the two hands holding hands was also seen by the disciples who were hanging out.

Song Congjing did not find anything wrong, but Ye Xuan found it.

"Hey, it's really good to be pulled by a girl. This girl looks good. Although I am one year older than my body, it's a good choice. The big Song Dynasty's Hummer, hehe..."

Ye Xuan is in the heart of fantasy.

In other words, after crossing the world, he still has nothing to do, and he knows the upgrade. Now, it's time to find a girl to be a family and do something that adults love to do.

You know, the world is 16 years old and you can be married.

Most importantly, he still likes the Song Dynasty.

And Song Zhengjing's qualifications are good, and Ye Xuan now has the ability to make her a super master.

As long as the level difference is not big, it will be a good companion.

.....

The two came to the calendar hall.

Ye Xuan went up a step and said: "This younger brother, I have to take over the task of destroying the beast."

"It turned out to be Ye Brother. May I ask the brothers which empire you want to pick?" asked a disciple.

"Great Song Dynasty." Ye Xuan directly answered.

"This....."

The disciple hesitated. "Sorry, Ye Shixiong, the Song Dynasty dynasty has too many people. The Songcheng elders have brought a lot of people to the past. Not only that, the Da Zhou Dynasty and the Da Yan Dynasty are the same, so Only the Datang Dynasty is left."
