

Super D. S 2121

Chapter 2121: Jubao Pavilion?

"Ok?"

Ye Xuan is a glimpse of the identity of this elder, really, he did not understand.

However, he saw the elders in the area. After all, the missing moon master did not explain to him at the beginning. His token actually had such a big right.

The small magic weapon of the musical notes, positioning beasts, etc., even in the realm of the gods, is also very common, and the distance is very far.

After all, the gods are so big, want to connect with each other, no conventional means, how is it possible?

Ye Xuan decisively condensed a few notes, handed it directly to the little white elder, and then said: "There is something, you can directly pass it to me, then, I will be disturbed after three days!"

"Oh, it's too elders. If you say this, you can come to your disciples. It's a privilege to be a disciple. How can you be disturbed?"

Ye Xuan smiled and did not say much but went straight out. Since he is waiting for the auction to start here, he is naturally impossible to leave.

After all, the three days are actually very short.

Soon, Ye Xuan found a hotel called Jushen Pavilion, and asked for a room to live directly.

Speaking of it, the food of the gods has not been tasted yet by Ye Xuan.

This time it is a busy sneak, Ye Xuan naturally will not miss the opportunity.

Spend more than a thousand Shenjing, Ye Xuan directly asked for a table of wine, and placed the sword on top of the table, then leisurely taste the food of this god.

Seriously, although it is really expensive to say that a thousand gods are, this enjoyment is by no means a leisurely one.

Ye Xuan only eats a few mouthfuls of wine, it feels very comfortable.

.....

However, if there are more people, it will inevitably lead to trouble.

And, especially when Ye Xuan was eyeing.

"This is the kid, I heard that he has a certain relationship in Lingxuan Pavilion. However, since it is a person of Lingxuan Pavilion, then this son is going to have a look, what can he have, Qi Kang, you go to give me a good Lessons and lessons for this kid, let him know that this is the site of my Jubao Pavilion, and his Lingxuan Pavilion people should give me honesty!"

"Yes, son!"

A middle-aged man respectfully bowed to the young master, and with a wave of his hand, he took the three followers toward Ye Xuan.

Jubaoge is equivalent to the existence of Lingxuan Pavilion.

However, Lingxuan Pavilion is a wide open semi-colon, the visitors are guests, but the Jubao Pavilion is only a big business such as family sects, and disregards the gods.

If you add the rainy Xuan that only does a woman business, then these three major auction houses are undoubtedly the three largest auction houses in Jiuhua Shenjing East.

Including all the forces that Ye Xuan has contacted so far, such as Mo Shangge, etc., are actually only the forces of Jiuhua Shenjing. Of course, the Jiuhua Divine is just one of the countless medium powers in the realm of the gods. Among them, the Jiuhua Landlord is a superpower of the main **** level!

These things are too far away for Ye Xuan.

.....

"Good wine, it is a good wine, this wine of the gods is not the same, but unfortunately there is too much energy, I have to find a way to dilute it, and then give it to the family to taste. Well, yes, there is a black horn And the tree is old, they all get some past."

Ye Xuan put down the glass and had a faint smile on his face.

But the next moment, he looked at his eyes, and it was a slap in the face.

It turned out that Na Qikang and others have come to Ye Xuan's side, but Qi Kang is attracted by Ye Xuan's sacred sword.

Of course, this also blames Ye Xuan himself, has to put the sacred sword outside to sway, want to not be noticed, not.

Therefore, a follower of Qi Kang will know what to do, and he is ready to grab it directly. This is the drama that Ye Xuan has used to slap a fan.

The followers have the cultivation of a godman, and seeing Ye Xuan, but a medium-sized man, naturally despise three points. But he knows that he hasn't touched the sword, but he slaps Ye Xuan first.

If it is not the automatic support of the gods, afraid of this slap in the face, he will fly out.

"You dare to beat me!"

The followers looked at Ye Xuan in vain. In his eyes, Ye Xuan was only a middle-aged man in the district. Where did he dare to resist them? Unexpectedly, Ye Xuan really did.

Therefore, for a while, he did not react.

"How about playing you, even if you kill you, it is also your own life to find death!"

Ye Xuan put the sword in his hand and he looked at the four people in front of him.

An inferior goddess, two superior gods, and one, the peak of the middle of the gods!

The strength of these people seems to be very strong!

Ye Xuan is secretly vigilant. However, it seems that he has not had a conflict with anyone except the sin of the beasts, but why would anyone find trouble with himself?

The cultivation of the middle-aged gods in the district is only the existence of the bottom of the gods. Ye Xuan did not think of it at all. It was really unfortunate that he was only able to find a meal but was brought to the door.

"Haha, kid, you have a big tone, want to kill me, just rely on you? A medium-sized man in the district, and dare to threaten to kill me, I think you are still looking for death!"

When he followed Ye Xuan's words, he immediately became happy. He knew very well that they came to find Ye Xuan to find trouble, so they were not afraid of causing trouble. This is what the son told him to do, of course, don't care.

At this time, I saw the words threatened by Ye Xuan, but I laughed happily, but I forgot it. Only then was he slap by Ye Xuan.

Ye Xuan did not pay attention to him, but he took a glass of wine from the table and took it again, relishing the endless deliciousness.

The follower saw Ye Xuan ignoring him, secretly looking at Qi Kang, seeing Qi Kang nod, the follower no longer hesitated, directly shot to Ye Xuan.

"Kid, this is your own death, then let me fulfill you!"

This catch, not just a simple catch, but went straight to Ye Xuan's head, this is the rhythm of preparing for Ye Xuan's life.

Although Ye Xuan said that he first came to the realm of the gods, of course, he understands that it is best not to arbitrarily engage in evil, but others are bullied to the head, then there is no need to be patient.

In an instant, Ye Xuan also shot.

"Destroy the gods!"

boom!

Ye Xuan shot speed is extremely fast.

What if you are a good god?

In the face of the gods, don't want to take advantage of it under the sword.

After a loud bang, the sword actually hit the effect of crit. This superior **** man is just a **** in a district.

In addition, there is no defense, where to resist, even directly killed by Ye Xuan a sword.

Ye Xuan is also slightly wrong. In fact, although he is not afraid of these people, he does not intend to enlarge the contradictions.

However, who knows, this time a crit, directly kill the person in front of him.

Chapter 2122: Playing the dog does not look at the owner

What is this all about?

This is good, there is no need to talk about it.

However, since he has already killed people, Ye Xuan simply does not endlessly, and immediately rushes the ensuing corpse together with his sacred ring to engulf the space.

Of course, Ye Xuan will not choose to break through this time. At least he will not break through the situation. After all, the requirements of endless trials are there. If Ye Xuan breaks through now, wait for him to try back. Refining, the difficulty will increase.

Then, Ye Xuan specializes out this time, but it will not be effective.

.....

"You dare to kill!"

Seeing that Ye Xuan actually shot his hand and killed his companion, Qi Kang was also awkward. The key point is that Ye Xuan is just a medium-sized man.

Especially for the sword just now, Qi Kang even had a feeling that even if he faced the sword, there was no possibility of avoiding it.

The stunningness of that sword is really too bright.

At this time, among the inns, there were some diners, but when they saw the conflict between Ye Xuan and Qi Kang, they immediately turned and left.

Ye Xuan does not know who Qi Kang and others are, but these diners know.

This Qikang is the most powerful force in the city. It is not the kind of savvy that the diners can offend, but they don't even dare to watch the war.

Of course, they are also extremely curious at the same time, who is such a courage, dare to provoke the people of Jubaoge.

It should be known that the Jubao Pavilion is a family form, that is to say, the minority of the division is also the main family, and the background is extremely powerful.

"I dare not kill, you see it, how, do you want to try my sword is not sharp enough?"

Ye Xuan looked at Qi Kang faintly. Since the contradiction broke out, it was said to be useless.

"Hey, kid, can you know who we are?"

"I care who you are, want to touch my sword, have you asked me?"

"Hello, you have to be bold, don't think that if you have a relationship with Lingxuan Pavilion, we will not kill you. For our young masters, you are pinching you, but you are killing a cock!"

Qi Kang's words, let Ye Xuan brow gently pick, it seems that there are people behind this guy.

"Hey, little master? You are just a dog, then let your little master come over and talk, I don't want to waste a word with a dog!"

"You, what are you talking about!"

Qi Kang was in a hurry, and his body broke out with a powerful momentum. The power of the gods suddenly broke out!

Well, he is also a strong man in the gods, and he is actually a dog by a medium-sized **** pointing his nose. I am afraid that it is difficult for others to accept it.

However, the realm of the gods is a bit different. Every small realm is a lot smaller than before and after the Eight Heavens. The example of the bigger realm challenge is obvious, so the people around you are not the first time to see God's humanity ridicule the gods.

Just as Qi Kang was ready to start, a voice instantly stopped Qi Kang from moving his hand.

"Qi Kang, step back!"

Yes, it is the young master who came over.

This little master, originally wanted to let Qi Kang test the bottom of Ye Xuan, who knows that Ye Xuan murders without a word, but also the cultivation of a medium-sized man, killing the gods.

This is still the second, the key is that when Ye Xuan murdered, unintentionally, he revealed his elder token.

The elders of Lingxuan Pavilion are not so good to provoke. It can be said that the power behind Ye Xuan is stronger than this.

We must know that the elders who control a branch are just ordinary elders, and the elders of the elders are the same as the characters of the regional elders.

Therefore, when the younger master saw Ye Xuan's token, his heart stunned.

Although he said that he really wants to find Lingxuan Pavilion people, but to offend a Lingxuan Pavilion elders?

At least so far, this little master has not had the courage.

.....

The younger man walked to Ye Xuan, and hugged his fists slightly. The number of gifts was very perfunctory. Of course, it was Ye Xuan who was killed by others. It is estimated that Ye Xuan still no one can bear.

"In the next Jubao Pavilion, Hong Mengxiao is missing, I don't know how you call it?"

Hong Mengjia!

It is the actual control family of Jubao Pavilion.

"You are the owner of this dog?"

Ye Xuan pointed to Qi Kang with his finger and asked faintly.

Qi Kang was trembled by Ye Xuan, but in the face of Hong Mengxiao's lack, he could not let go, and could only look at Ye Xuan with a cold look.

"Yes, I am his master. Since you are a Lingxuan Pavilion, why do you want to come to the restaurant opened by the Jubao Pavilion? Why, do you want to stir up the trouble?"

Although Hong Mengxiao lacks the identity of Ye Xuan, it does not mean that he will be afraid of Ye Xuan. After all, Ye Xuan is not a middle-aged man in the district. If there is no such token, he is afraid that he will be in front of him. The ants are not as good.

"Oh, is the restaurant your home? But even if you open the door to welcome you, why can't I come? It seems that I haven't seen you outside this restaurant, standing with a sign, Lingxuan Pavilion People are not allowed to enter?"

Ye Xuan said, but in my heart, I was once again curious about the elder token that the Master of the Moon was left to him. It seems that the token is really useful, and the rights represented are very big!

"This, okay, this is really not."

Hong Mengxiao's lack of words by Ye Xuan made a slight glimpse, no rebuttal.

Although Lingxuane and Jubaoge are competitors, there will be some fighting in the dark, but it is really not said that it is placed on the bright side. Ye Xuan's words are indeed asked to make Hong Mengxiao lack, do not know how to answer.

"In this case, I am eating at your restaurant. It is reasonable to say that I am your guest, but your dog has bitten your guests. If you don't manage your dog, it is a trouble for me." It seems, can't you say a little?"

Ye Xuan smiled slightly, and the corner of his mouth was obviously ridiculed. He would have to look at this **** and how to do it.

Of course, while talking, Ye Xuan is already ready. If the other party really wants to do it, then Ye Xuan will immediately escape.

After all, these people Ye Xuan can not beat.

"Well, today I am waiting for unreasonable, the treasurer, his consumption is my head, let's go!"

Hong Mengxiao is missing, is this a confession?

Ye Xuan looked at Hongmeng Xiaoxiao, but his heart was slightly vigilant.

In fact, a dog that is screaming often does not bite, but a dog that does not say anything is very embarrassing.

Obviously, this Hongmeng lacks the moon and belongs to the latter!

In other words, I am afraid, Ye Xuan's troubles are now only the beginning!

Sure enough, Na Hongmeng missed the restaurant and immediately ordered Qi Kang:

"Go, let me find out the head of this kid, hey, dare to offend the young master, I want him to die even if he doesn't know how to die!"

Chapter 2123: Lingxuan Pavilion's action

It turned out that Hong Mengxiao lacked the root cause of the lack of hands, just because of the taboo of Ye Xuan.

Since someone pays the bill, then Ye Xuan will naturally be polite, and directly order the best ingredients of this restaurant.

If you can't finish it, you can't eat it, and you don't want Ye Xuan to pay for it anyway.

In three days, Ye Xuan was here, and spent more than 300,000 Shenjing.

Because this guy not only eats himself, but also invites anyone who enters the restaurant to eat together.

The owner of the restaurant, his face was eaten by Ye Xuan, but unfortunately, he had no way.

As for Hong Mengxiao's lack of expression after seeing this bill, Ye Xuan will not care.

At this time, Ye Xuan has already arrived at this internal auction of Lingxuan Pavilion.

"Before the elders, you are finally here, please come with your disciples, the disciples have prepared a VIP room for you!"

"Why, I am not coming, will your auction not be held?"

Xiaobai elder smiled and said nothing.

However, Ye Xuan is really right, he does not come, this little white elder is really afraid to hold an auction.

In fact, he has contacted the regional elders inspected, and there is only one news from the regional elders who sent him back:

"Use all means to serve the elders of Ye Xuan, and keep him as much as possible, waiting for me to come!"

To put it bluntly, it is necessary for Xiaobai elders to leave Ye Xuan regardless of the means, and must not provoke Ye Xuan to be unhappy.

Although Xiaobai's elders don't know what the reason is, one thing that can be very clear is that Ye Xuan's identity at this time is not just a simple elder.

The elder White had recruited a beautiful waiter. After bringing Ye Xuan into the private room, he immediately returned to his room and then released the signal.

"Inspect the elders, Ye Xuan, the elders have come to the auction, please monitor the elders to speed up, maybe the auction will end, Ye Xuan will go to the elders!"

The news was conveyed at a very fast speed.

At the same time, a group of strong people are flying fast toward the branch where the white elders are located.

Among them, it includes the Master of the Moon, but it seems that this time, the Master of the Moon is just a follower.

When Ye Xuan finally entered the private room, the auctioneer on the high platform received the news, which was a sigh of relief.

In fact, Lingxuan Pavilion's internal auctions generally have no fixed time. As long as the invited people are all present, the auction will start, and sometimes, as long as the main invitees arrive, they will start. .

After all, this is not a formal auction, but an internal auction.

However, as early as an hour, everyone has arrived, and in normal terms, it should be auctioned at that time.

But Ye Xuan has not yet arrived. If Xiaobai's elders did not receive the message of the regional elders, Xiaobai's elders received it, so they could only let the auctioneer try their best to delay the time. .

An hour?

For the strongest who is almost the lowest in the heavens, it is really not a thing, but you can't wait so unreasonably.

Therefore, this auctioneer can be used to exhaust the time.

Until now, when Ye Xuan arrived, he was relieved.

"Oh, since everyone is waiting for it, then it is not a waste of time for everyone. Next, let our auction officially begin!"

The auctioneer was so excited that he could start normally. He now wants to be able to immediately auction all the things in one brain and then hurry up.

However, at this time, his ears, the voice of the little white elders.

"Explore the auction time as much as possible, especially the things that the elders want, must appear at the latest, but don't get too angry with the elders."

Yes, just a word.

However, I almost vomited the blood of the auctioneer.

What is going on here, and it will delay the time!

The key thing is that you can't provoke that anger, you have to get the last thing out.

Ye Xuan wanted, of course, that Xuan Shui flame stone, but Xuan Shui flame stone, although it is a heavy treasure for Ye Xuan, but in this auction, it is only medium quality.

To keep a medium-quality treasure at its best, you can't provoke that person to be angry. This auction is really a test of the auctioneer's skills.

The auctioneer is also helpless. Only one item can be photographed, and the usefulness and function of the item are explained in detail. This way, it is really stinking and long.

Such behavior is undoubtedly a complaint from other people who have been invited.

Fortunately, Ye Xuan is a newcomer to the world. Many things don't even know, so when the auctioneer introduced those items, Ye Xuan listened with gusto.

Of course, as long as Ye Xuan is satisfied, Xiaobai elders and others will be relieved. As for others?

Forget it, even if you offend everyone here, you can't offend Ye Xuan.

"The next item, the name is Liuyang Stone, yes, this Liuyang Stone is one of the necessary materials for the refining body below the Tianshen. Joining the Liuyang Stone Refining Body can make the body more strong..."

"What the hell, Liu Yangshi, this thing, who doesn't know, what happened to the auctioneer today, even a Liuyang stone must introduce this!"

In the hall, the crowd talked a lot.

"Isn't it, how to use Liuyangshi, is it necessary for this auctioneer to teach us that we can't, we don't have a few refining formulas about Liuyangshi? Hey, this auctioneer, I see, this auction When he is finished, he doesn't want to do it too much.

As an old qualified auctioneer, it was said that the auctioneer's face changed.

However, at this time, a sound sounded:

"Oh, Liuyang Sanxin Soup? Is there such a way of refining, then, what more materials are needed?"

Being able to ask such a question is undoubtedly Ye Xuan.

The auctioneer heard Ye Xuan's voice and immediately came to the interest. Not only did he start to explain in detail, but even the rest of the materials, where to get it, how to deal with it, and so on, all explained in detail.

Ye Xuan is so eager to listen, while others are impatient.

However, people who are keen have found unusual things.

"Who is in the private room? You know?"

"This is small, I don't know, but what is certain is that this person is definitely not small. In fact, the private room is the first word of the Lingxuan Pavilion. In general, don't say the first character, even if it is any A private room with a divine word at the beginning will not be easy to open..."

Chapter 2124: Is it repaying or wooing?

The eyes of countless people gathered in the room where Ye Xuan was located. In their hearts, they were full of big doubts.

Finally, the Missing Moon Master and the Regional Supervising Elders and others, after a constant speed trip, finally came to this branch.

The auctioneer also took a big breath and finally stopped spending time.

However, at this time, the items in his hands were not left in the auction.

Not hesitating, he directly shouted the Xuan Shui Flint that Ye Xuan wanted most!

"Next, the item to be auctioned is called Xuan Shui Flint, the reserve price is 100,000 Shenjing, and the price increase must not be less than 10,000. Well, now, the auction begins!"

"I am out of 150,000, hehe, this thing is actually placed in the auction now, is it that this Xuan Shui fiery stone, when has it become a treasure?"

"I am out of 200,000! Anyway, I have made so much. The auctioneer doesn't know what to do. It is a waste of time to put such a thing on the finale."

"That is, who wants, take it quickly, look upset!"

Ye Xuan finally waited for what he wanted, so he no longer hesitated and shouted the price directly:

"I am out of 500,000!"

This thing, really, may be normal for others, but for Ye Xuan, it is a rare good thing.

500,000?

In fact, of course, it is impossible to only value this price, let alone 500,000, normal auction, even two million is not impossible.

But now everyone in the field has long been confused, and there are so many.

Someone prepared to bid, but was pulled by someone next to him.

"Forget it, give him, it's not something too good. It seems that this person's posture seems very much, and you don't forget, he is in the Shenzi No. 1 package..."

Actually, it's so easy to get it?

Even Ye Xuan did not think that it would be so easy!

I have to know that Ye Xuan did not participate in the auction of the ancient magic finger just now, but the fierce competition directly allowed Ye Xuan to give up.

Unexpectedly, when it was the turn of this mysterious fire, it was so simple.

"Well, there are no one in the 500,000 people who are raising the price. Then, congratulations to the young master and get the auction."

Is there not three more questions about pricing?

This auctioneer is really a bit interesting.

Of course, this is a good thing for Ye Xuan, so Ye Xuan will not refuse.

The auction has just ended, and Ye Xuan's door has been ringed.

"Before the elders, can I come in?"

It is the voice of the elders of white.

Ye Xuan's mouth is smiling, this time he's earned, and he's naturally happy, so he said directly: "Come in!"

"Before the elders, there is a friend waiting for you in the inner hall, and please go with your disciples!"

After the little white elders came over, there was no nonsense, and he said directly to Ye Xuan.

my friend?

Ye Xuan has a slight glimpse. He is in the realm of the gods. It seems that there are no friends at all. What is going on?

Is that what is the lack of Hong Mengxiao?

However, even if Hong Mengxiao is missing to find himself, he should not be a friend!

Ye Xuan frowned slightly and asked: "My friend, who is it?"

"Before the elders, you will know when you have passed, huh, please go to the elders and disciples."

Little white face with a respectful smile, but obviously, this time, in addition to respect and even with a bit of meaning.

Although Ye Xuan didn't know what was going on, he wanted to see if he was the friend who was the most taboo of the little white elders.

Soon, Ye Xuan came to the inner hall of the Lingxuan Pavilion.

The people who came face to face, let Ye Xuan heart scream.

The Lord is coming!

Yes, that is the Lord of the elders token, the master of the moon.

It's hard to do it. I used the token of the elders of the elders to participate in the auction and directly get out the missing moon masters.

Ye Xuan looked at the missing moon quite awkwardly, of course, there are others.

"Master Ye, haha, really you, Master Ye, I didn't expect it, it will be you!"

The moonless master is very excited.

But it made Ye Xuan quite uncomfortable.

This guy, what medicine is sold in the gourd, is it necessary to be so excited?

"The deputy cabinet owner, yes, this is Ye Xuan, Master Ye, my little life, and everyone who was trapped there with me, and they all took the deputy of Master Ye, and left there!"

The moonless master said respectfully to the person behind him.

However, Ye Xuan turned out to be even the man's cultivation.

Even when Ye Xuan turned to the system, the answer was:

"Hey, the system prompts that the target realm is too high and cannot be explored for the time being!"

Ye Xuan's heart is slightly stunned!

I went, the realm came, so high that even the system could not be explored!

This is what he is jealous of, what is the strong man who is cultivated.

At the same time that Ye Xuan looked at the deputy cabinet owner, the deputy cabinet owner was also looking at Ye Xuan:

"You are Ye Xuan?"

In the face of such a strong person, Ye Xuan was disrespectful, and quickly squatted, then replied:

"Yes, I am Ye Xuan!"

"Well, it's not bad, it really is young and promising, right, what step have you tried now?"

Trial?

He actually knew the trial, but Ye Xuan looked at the missing moon master and understood why this person would know.

"Forehead, I have just got the title of the infinity tester for the primary test. I will come out temporarily and prepare to go there later!"

Ye Xuan also did not hide, directly replied.

Obviously, after the man heard this, he suddenly stiffened.

Then I looked at Ye Xuan, as if I wanted to see Ye Xuan as transparent.

"Good, good, good, it really is young and good, then, you continue to cheer!"

Ye Xuan was puzzled by the words of the deputy cabinet owner. What happened now is beyond the expectations of Ye Xuan.

He didn't even understand what was happening.

However, after the cabinet owner finished speaking, he did not continue to speak, but the moonless master ran like Ye Xuan.

"Oh, Master Ye, this time, I have to trouble you, give you this, this is the new identity token that I have installed for you, that, my token, you still give it back, otherwise I can't order my former subordinates."

The moonless master smiled and handed a purple token to Ye Xuan. On the token, there are only two words: Ling Xuan!

This is too elder token, after all, it is a master of the moon, since the lack of the moon master wants to go back, then, Ye Xuan naturally can not occupy the non-return, all without hesitation, directly to the order of the elders The card was handed to the Master of the Moon.

This thing, although easy to use, but after all, is not Ye Xuan himself.

Chapter 2125: Double reinforcement

However, Ye Xuan did not reach out to pick up the token because he still does not understand what happened.

However, the Missing Moon Master seems to be prepared to put the token directly into Ye Xuan's hand and then retreat to the side.

Ye Xuan stunned.

"No, the Master of the Moon, what do you mean by this?"

However, the Master of the Moon is just a mysterious smile, and he saw that several people, including the White Elders, and many others, immediately fell to the front of Ye Xuan.

"See the elders of the guards!"

What the hell?

How did you become the elder of the guard?

Moreover, it seems that this elder is more than the elders and the calf?

what's the problem?

Ye Xuan stunned and directly looked at the missing moon master.

The Missing Moon Master naturally understands what Ye Xuan wants to ask.

So also unambiguous, go back directly to:

"Haha, Master Ye, you will accept it. You know, what is my identity in Lingxuan Pavilion?"

Ye Xuan smashed?

Isn't it too elder elder?

What is the identity?

However, Ye Xuan still did not answer, but heard the lack of the moon master directly replied:

"Master Ye, other people may not know, but I have been trapped there for countless years. Do you know this?"

"In fact, in addition to the identity of the elders, I am the younger brother of the Lingxuan Pavilion. You talked about it. You saved his brother. My brother who is a brother, does it mean? "

"So, this guardian elder token, you still accept it, anyway, my Lingxuan Pavilion four guards elders, one has entered another secret environment has long fallen, and there is also a guardian elder is also exhausted, I Lingxuan Pavilion, now only has two guards elders!

"Of course, Master Ye does not have to doubt. You are in charge of the ban, and tell you the truth. Now you can ban the cabinet as an elder of your guard. As for your other elders or disciples, there is no one!"

Until this time the master of the moon is finished, Ye Xuan understands, dare to love, Ling Xuange is pulling himself!

Although it is said that it is nothing but an empty shell, in fact, just the benefit of such a token is already infinite.

Ye Xuan want to refuse?

how is this possible!

As long as Ye Xuan is not stupid enough to be teasing, then it is impossible to refuse. In fact, he can be regarded as nothing at all. He can find a backer and benefit him a lot.

Although I don't know why Lingxuan Pavilion will pay attention to this, I believe that it is impossible to simply because the Master of the Moon is the brother of their owner.

However, this has something to do with Ye Xuan.

There are benefits, then fishing.

"Well, anyway, I don't have a door now, then I am disrespectful!"

Ye Xuan replied.

His answer instantly gave a smile on everyone's face, including the assistant.

Of course, in fact, don't look at Ye Xuan as the elder of the Lingxuan Pavilion. In fact, he does not even know what the Lingxuan Pavilion is.

Just know that this Lingxuan Pavilion is an auction.

The guardian elder token in Ye Xuan's hand is only a token that can be bought and sold by Ye Xuan.

The addition of Ye Xuan, inevitably, will let Lingxuan Pavilion hold a banquet.

This trouble is a full seven days.

It's amazing to eat a meal for seven days.

When the deputy chief and the moonless master and others left, Ye Xuan was still dreaming.

This time, how to say, it is also his Ye Xuan smashed a big bargain.

Of course, this is also the so-called cause and effect.

If it wasn't for Ye Xuan's first pass in the louver valley, and the ban on the mountain to save the moon hunter and other people, then there would be no such thing happening today.

After sorting out the mood, Ye Xuan had the privilege of not having to use it. He directly asked the little white elders to get a lot of refining materials for him. This time, he is ready to quench his physique, so he can go again. That endless trial.

Of course, this thing still wants Ye Xuan to pay for his own money, so the millions of crystals he has finally gotten are all used out.

However, what you get is also rich.

If you want to upgrade the beast swordsman, then you need to swallow the point.

At this point, Ye Xuan had only two points to swallow.

There are very few things he can do.

For the time being, it is either to strengthen the beasts of the beasts, or to strengthen the Ares mount!

With Ye Xuan breaking into the realm, the summoned are also the beasts of the beasts, so the God of War mounts can also be called the god-level mounts!

Because of the system error, the God-class mount is now relegated to the silver level. If it can advance to the gold level, the combat power will definitely strengthen a lot.

However, if Ye Xuan chooses to strengthen the swordsman, it is actually very useful.

As I said before, this Xuan Shui fiery stone can increase the resilience of the beasts of the beasts. So, what exactly is it reflected in?

For example, summon cooldown!

Strengthening the God of War mount, then Ye Xuan can get enough strength at a time, and strengthen the beast swordsman, but let Ye Xuan get a short time, more summoning times.

Two choices, two tangled choices.

However, in combination with the needs of the trial, in the end, Ye Xuan decided to strengthen the beast swordsman!

"System, I want to use the swallowing point and Xuan Shui fiery stone to strengthen the beast swordsman!"

"Hey, the host uses Xuan Shui Flint, consumes two points to swallow, and strengthens the beast of the beast!"

"Hey, the time to resurrect the death of the beasts of the beasts is cut in half, and the cooling time of the beasts of the beasts is reduced by half!"

With the system prompts, Ye Xuan's face showed a satisfying smile.

I don't have to spend so much energy on my own, I have finally paid off.

Reduce the time by half, that is, every half day, Ye Xuan can use the beast once!

So, how useful is this?

The mechanism of endless trials is constantly strengthened, one layer is stronger than one layer, up to a thousand monsters.

Now, Ye Xuan's beast swordsman's slogan has shortened the cooling time, which means that as long as Ye Xuan controls the speed of the squad, then every time he faces the strongest wave of monsters, he will be able to Saving a lot of physical strength, which undoubtedly makes Ye Xuan's success rate through endless trials many times larger.

This is the result of Ye Xuan!

Of course, in addition to strengthening the beasts of the beasts, the other things that Ye Xuan brought are not useless.

This time, the material that Ye Xuan got was used for refining.

Moreover, it is still possible to simultaneously stimulate the blood of the sword **** and the blood of the **** of war.

Don't look at the general thing of this soup, but Ye Xuan exchanged it with Shen Jing, but the use of Ye Xuan is not simple.

In the wooden barrel, after a whole day and night, like a bath, Ye Xuan was able to absorb all the effects of the liquid.

"Hey, the host sword **** grows up!"

"Hey, the host war **** blood grows!"

"Hey, the host combat power is enhanced!"

With the system prompts, Ye Xuan nodded slightly.

Ok, all the results are in the hands of Ye Xuan, and there are even surprises.

So now, it's time to go back and try again!

Chapter 2126: Continue the trial challenge

Ye Xuan took out a designated transmission character directly. This was the original Guan Guan who left it to Ye Xuan. After crumpling, he could return to endless trials.

With a slight effort on his hand, he shattered the transfer symbol directly.

In an instant, there was a mysterious array at his feet, and then it was just between the blink of an eye, his figure disappeared invisible.

When Ye Xuan opened his eyes again, he was already in the transfer cabinet.

"Are you coming, are you ready to continue your trial?"

The voice of the guardian **** sounded, Ye Xuan could not see where he was, but this voice seemed to indicate that the guardian **** had been staring at Ye Xuan.

"Yes, I am ready!"

"Okay, then you will go to the next level. The rules must not be said by me. This time, it is still the same. Before you get the title of intermediate tester, you are not allowed to leave. Do you understand?"

"Yes, I understand!"

Ye Xuan nodded, and of course he understood the rules here.

The voice of the guardian **** did not ring again, and Ye Xuan went to the next level.

It seems that the challenge has changed and even the opponent has changed.

This time, his opponent is still a beast, a konjac monster with six arms.

What is the specific name, Ye Xuan does not know, just call him six arms konjac.

These six-armed konjac have extremely powerful speed. At the same time, the six hands have six different magic weapons, no more, three attack classes and three defense classes.

At this level, Ye Xuan is faced with only one head, and it is only a middle-aged person. Therefore, when Ye Xuan carefully understands the opportunities of these six-armed konjac.

Stepping out and leaving the stairway, the six-armed konjac was noticed.

"Hey!"

The six-armed konjac burst into a snoring sound. At the same time, a magical light bursting out like a bowl-shaped magic weapon, and it was attacked by Ye Xuan.

"Well, the power of the strong and powerful, this light seems to be used to suppress my mobility, and this intensity is just the strength that the middle of the gods can have!"

Ye Xuan's heart silently analyzed, of course, the strength of such a strength for Ye Xuan, will not be affected too much.

However, even so, Ye Xuan did not quickly kill the six-armed konjac, but quietly waited for the attack of the six-armed konjac.

At this level, the main purpose of the selection is to first master the strength of the six-armed konjac to facilitate the later battles.

The six-armed konjac didn't seem to have much wisdom at all. After the first attack was issued, almost the second attack had already rushed over.

This is still a ray of light, but it is a radiant glow.

Moreover, this time the light is not only as simple as the suppression of pressure, but has become a real powerful attack.

"Is it corrosive? Not right, in addition to corrosion, it also has frozen properties. This attack can slowly slow down my movements and erode my power!"

Ye Xuan felt a little, and already knew the effect of this attack.

"Well, so, if it is late, I can't say that it is a long delay. After all, once the six-armed konjac has become a scale, such an attack will become a huge test."

Ye Xuan frowned slightly, but what he thought in his heart was a test of the later stage.

Knowing ourselves and knowing each other can only be a battle.

This is not Ye Xuan timid, here is the gods, even if it is just a trial blame, it is also Ye Xuan has never seen before, so, Ye Xuan must be familiar with these monsters.

Not only because here, but also for the whole world of God.

Now Ye Xuan is constantly accumulating experience!

Soon, the attack method of the six-armed konjac has been completed by Ye Xuan, then, try this guy's defense.

The beast swordsman must be used in the thousands of beasts. Megatron can be used, but it is not the present. Therefore, Ye Xuan still only pulls out the sword and attacked the six-armed konjac.

"Eat a sword!"

This time, Ye Xuan just used a normal attack.

I know, the six-armed konjac even waved, and used a long sword to resist Ye Xuan's attack.

"It's not bad. Although I didn't use the skill of the sword to attack this time, I also used the eight-pointer. It seems that the strength of this guy is not as ugly on the surface!"

"Okay, then, next, you can start killing!"

Ye Xuan feels that he has mastered the general ability of the six-armed konjac, and he is not hesitating.

The sacred sword broke out with a strong ray of light, Ye Xuan, has already shot!

"Destroy the gods!"

boom!

The crit effect appears, although there is no one hit and kill, but the effect of ten times crit is no different from the one hit.

In an instant, the six-armed konjac in front of Ye Xuan was directly killed and turned into a white light disappeared.

Ye Xuan did not hesitate to step directly on the upper and lower levels.

It can be said that after understanding the strength of these six-armed konjac, even if he is obviously higher than the realm of Ye Xuan, it can not stop Ye Xuan's progress.

In front of Ye Xuan, a six-armed konjac was killed, and Ye Xuan's progress was getting firmer!

"Well, is it the last level of this peak god?"

At this point, Ye Xuan stood on the stairs and looked at the dense six-armed konjac in front of him.

A thousand heads, a lot of quantity!

However, what is the use?

Do you want to rely on such six-armed konjac, but also want to block Ye Xuan's footsteps?

"The beast swordsman, give me out!"

Ye Xuan finally used the cards.

As soon as he summoned the beast swordsman, he did not hesitate to let the beast swordsman release the beasts, and summoned a hundred god-level mounts!

In an instant, a hundred-level silver-level god-level mount appeared, without hesitating to the six-armed konjac.

Unfortunately, this time Ye Xuan's luck is not good. There isn't a gold-level one in a hundred god-level mounts.

There aren't even gold-level mounts, let alone Platinum.

.....

"Well, it's a bit interesting, the little guy has such a card!"

Suddenly, the voice of the **** of Guan Guan came out.

This sound makes Ye Xuan's body slightly stiff.

The Guardian is definitely not the super-existence that Ye Xuan can overcome, but when he is at the gate, this Guardian has never interfered with himself.

But now, why does he suddenly speak?

Is it here that it is not allowed to borrow external forces?

Ye Xuan was puzzled, but did not ask.

However, the guardian **** seems to have seen the idea of Ye Xuan, directly said:

"Young people, rest assured, the pet you summoned can be counted in your own strength and is a reasonable strength."

"I only have to curious about these pets. Well, when you get the title of intermediate endless trials, you can get a reward. Young people, work hard, I have a very suitable skill for you now. The reward, if you can pass this assessment, then I will give you this reward!"

Once the words of the guardian **** are finished, they disappear again.

Chapter 2127: Spiritual control

Ye Xuan's heart moved slightly.

What does this guardian **** mean, what is the reward for your current skills?

The ability to keep the mouth of the gods is undoubtedly referring to the fact that Ye Xuan summoned a hundred silver-level god-level mounts through the big trick of the beast swordsman.

So, what is the reward he said?

Of course, although Ye Xuan is puzzled, he understands that he is afraid that this time he will be cheap.

As long as it is able to obtain the title of this intermediate-level tester, no matter what the reward in the guardian's mouth is, it will become the object of Ye Xuan's bag. Presumably, it is not necessary to tease Ye Xuan.

Then, fight!

Try to kill, no matter what the reward is, what is the reward for Ye Xuan.

All rewards are only available after Ye Xuan has won the title of Intermediate Endless Trial.

Therefore, Ye Xuan has only one full battle!

The endless trial, called the endless, is because he will not give you any rest time.

If you want to slow down the battle, delay the time?

Impossible, because fighting is time-limited!

If you want to end the battle quickly, then take advantage of that free time to rest?

It is also impossible, because even the excessive time after the end of the battle, there are limits!

Endless trials, endless killing!

Ye Xuan has already killed his eyes, and he does not know exactly how many monsters he has killed.

Kill, endless killing, only fighting, non-stop fighting.

Moreover, as you walk over the tower, the strength of the monster is constantly strengthening!

Fortunately, the sacred sword faces these monsters and can be effectively suppressed. This makes Ye Xuan feel awkward on the way!

A product waiting for God's humanity, pass!

Five products are waiting for God's humanity, pass!

The peak of the gods and other people, through!

At the moment, in front of Ye Xuan, is a rival of the heavenly gods!

A six-armed konjac with a head and a god.

.....

"Good boy, this is the speed, you can be the first one I have encountered in the past three million years."

"What is the last one that can keep you at such a speed? Oh, yes, it seems to be flying feathers. Not bad, your kid's performance is fine."

The voice of the Guardian God appeared again. This time, it is directly appreciated by Ye Xuan, which is a rare thing!

Ye Xuan did not answer, because at this moment, he did not have the mood to answer.

From the beginning of this intermediate trial, Ye Xuan has been challenging monsters above his level.

Even on the first floor, he is fighting against a thousand powerful opponents who have the highest level of God!

Such a tough opponent, if it is said that Ye Xuan can easily overcome, it is simply impossible.

Even if the Sword is able to effectively suppress those monsters, the sword can be crit, and from time to time, it also has the effect of killing one shot, and the swordsman of the beast is also very difficult.

If you don't say anything else, you can say that the duration of this battle is five days. Ye Xuan even summoned ten beast swordsmen!

It can be imagined how difficult this war is.

In fact, now Ye Xuan is not only tired, but also a whole body injury.

On the last level, Ye Xuan was in danger several times.

A few times, I almost died!

Fortunately, the heavier the injury, the more the increase in the **** world.

However, such a battle can not see the end!

Endless trials, and sure enough, like its name, endless.

It's just that the constantly emerging opponents are enough to make people with weak willpower desperate.

Ye Xuan's willpower is not weak, but it does not mean that he is really good now.

At this time, Ye Xuan even gave up the idea of giving up.

difficult!

It's too hard!

This endless trial can be said to let Ye Xuan experience what is called real endless, what is called endless killing.

However, can Ye Xuan give up?

No, because this is a part of the system repair mission, Ye Xuan can only continue to bite his teeth.

What's more, if others can complete the trial, why can't Ye Xuan finish?

Now it's just a mid-level trial, and there are advanced, even higher levels.

Can it be said that Ye Xuan can't even go to an intermediate level?

No, Ye Xuan does not believe that he does not believe that he has only such strength!

"kill!"

Ye Xuan suddenly burst into a burst!

At this time, the beast swordsman and the god-level mounts all entered the cooling time.

It is useless to call out the bones of the bones.

The same is true for Megatron, which does not play any role.

Everything can only rely on Ye Xuan himself.

"Hey!"

The six-armed konjac seemed to be very excited, and with a wave in his hand, it was a powerful pressure that fell on Ye Xuan.

Only in an instant, Ye Xuan felt that he was suppressed by a mountain, and it was difficult to move!

Is this a six-armed konjac that is cultivated in the heavens and gods, but it is a super-adversary that has surpassed Ye Xuan's two realms.

Ye Xuan, but only a middle-aged person in the district, and, is still a four-person medium-sized man.

What's more, he has experienced repeated killings in the past, and he has already been exhausted.

What rewards, what title, Ye Xuan can't think of it at all.

Now, he is only fighting in a tenacious will.

boom!

A strong force came, Ye Xuan was directly shot by the six-armed scorpion, and the corner of his mouth was already bloody.

At this time, Ye Xuan, as if the bones of the whole body must be broken, it is so weak, and it is so tired.

Is that just over?

Can you really pass it?

Even, will you fall here?

No, no!

Ye Xuan is not willing, not willing to fail like this!

At this time, his eyes suddenly opened.

"No, I don't admit defeat, how is the gods, I Ye Xuan, also kill you!"

"Intelligence control!"

Suddenly, Ye Xuan screamed, and his thoughts suddenly condensed, and the six-armed konjac of the day was attacked.

I hope to control this six-armed konjac with spiritual control?

This is almost impossible!

In fact, let alone the six-armed konjac of the gods, even before, Ye Xuan did not use this genius control.

As for the reason?

The reason is simple, because the monsters in these trial towers are not entities, but only illusory projections.

The virtual shadow that there is no body, where is the soul?

How can Ye Xuan feel that they can be subdued by spiritual control?

.....

However, when Ye Xuan's spiritual control controlled the shot, the result was beyond his expectations.

Actually successful?

Ye Xuan was dumbfounded. At this time, he was staring at the six-armed konjac that had been temporarily controlled by him.

what is this?

Obviously, after this thing was killed, it would disappear after a white smoke.

What, can you control him with spiritual control?

Is it so simple?

Ye Xuan took a sword and killed the six-armed konjac without any suspense!

However, he himself is like a dream, because it is the most difficult battle, but the simplest battle, which makes Ye Xuan a little reaction.

.....

"Hey, boy, you have a medium-sized man in your district, and there is such a means? Let me see, grace, spiritual control? Isn't it a trick? Isn't it a god?"

"What is going on here? The means of spiritual control, as far as I know, there are very few people in control, and it is impossible to master under the real state of God. How did you do it?"

The guardian **** suddenly spoke and awakened Ye Xuan, who was in a daze.

Chapter 2128: Great opportunity

This kind of spiritual control is obtained by Ye Xuan through system integration skills. Where do you know so much?

At this moment, when I heard the words of the gods, I realized that this control of the mind was a big deal.

However, this does not explain the doubts in Ye Xuan's heart. Why, the control of the spirit can control this six-armed konjac!

However, in front of the guardian god, Ye Xuan is certainly not qualified to ask more questions. In fact, he asked, this guardian **** will not even care.

"Okay, kid, this is your turn, congratulations on getting the title of intermediate tester. It seems that this routine endless trial can't be difficult for you. I can only start special levels."

The second half of the Shouguan God seems to be talking to himself.

Ye Xuan, but he did not know what he meant.

After a while, I only heard the Guardian God continue to say:

"Kid, from the end of my endless tower, the special level has only been activated twice, and you are the third person!"

"I don't know if this is your blessing or not, let's do it yourself!"

"Right, by the way, telling you that the first two people have failed. If I don't want to save, they are afraid that they will not be guaranteed, and this time, I have been unable to help, so I can do it myself!"

"I will send you in the past. This time, you can have three days of rest. Of course, you can choose to leave temporarily. You will come to challenge later. After all, if this challenge, if you succeed, you will directly get the unique supreme. Trialist title."

Hearing this, Ye Xuan could not help but frown.

What is the challenge, will let yourself skip the challenge so many times, directly get the title of the supreme trial?

Moreover, it is still a unique title.

That is to say, this time the challenge is directly equivalent to passing the trial tower.

Ye Xuan frowned and felt a little uneasy.

Others don't say, at least one thing is certain, that is, the challenge of this level is absolutely very difficult. It can even be said that it will be several times more difficult than the difficulty of any challenge faced by Ye Xuan. .

However, the same, this is also an opportunity for Ye Xuan, a unique opportunity.

Of course, before the transfer, Ye Xuan still did not forget the words that the guardian **** had said.

"Keeping the gods, you said, I will reward me through this challenge, then, what is the reward?"

"Haha, kid, you still remember this thing. You know, what do you get when you pass the test of the Supreme Power? Actually still care about this area."

"For you, maybe it's just a trivial thing, but for me, it's not so simple. It's enough to add a bit of strength. For me, it's enough."

Ye Xuan said faintly.

"Your kid is straightforward, well, this reward is what you deserve, then take it."

Suddenly, a ray of light emerged from the tower, and it suddenly appeared in front of Ye Xuan.

"This is your reward. Next, you choose it yourself. I will leave it here for you. You want to go in when you want to go. I am too lazy to limit you time. After all, it is only a million years. There is a person who can challenge there. Give you some privileges, even if the owner knows, he will not say anything."

In this sentence, the voice of the gods is a bit vicissitudes. Perhaps he is missing his master.

Of course, these have nothing to do with Ye Xuan.

Ye Xuan took over the light.

I saw that the light quickly condensed in the hands of Ye Xuan, and when it was not long, it turned into a small box.

This box is very delicate, no matter the material or workmanship is exceptionally elegant.

Although Ye Xuan didn't know what it was, he knew that the box was definitely not simple.

"Hey, the system prompts, find special materials, Yong Ye Bao Box!"

"Hey, the system prompts, find special materials, thousands of souls!"

Two consecutive system prompts, let Ye Xuan slightly glimpse.

Yong night treasure box?

Thousand souls?

What are these things?

"System, identify this Yongyebao box and thousands of souls, I would like to see, this guardian God, what is left for me.

Ye Xuan said to the system.

Soon, I heard the sound of the system identification success, and at the same time, the appearance of these two things finally appeared in front of Ye Xuan.

Yong Ye Bao Box: special treasure box, the only function, save forever!

The description is as simple as that!

However, Ye Xuan went to see the clue from the words of Yong Yong.

In fact, there are many kinds of treasures, and the characteristics are different.

Among them, there are some treasures that can't see the slightest light at all, and they can't be affected by the outside world at all.

Ye Xuan remembers that he once heard of a magical material called the 10th flower.

This flower is very strange. Its appearance is fixed every day of the year. Of course, on which day, each flower is different.

The time of emergence is a fixed day, but the location is not necessarily, it may be in the forest, it may be above the volcano, it may be in the air, it is the sea, or even the void!

This kind of magical thing is hard to get, let alone the current Ye Xuan, even those who are beyond the many leaves of Ye Xuan, do not necessarily get it.

Of course, even if you get it, you can't store it.

Because, this thing can not be contaminated with the slightest smell of dust, and even, the power of God can not be contaminated.

Therefore, it is not easy to find such a heavy treasure, and it is not necessarily found after the discovery. Even if it is obtained, the means without storage is also awkward.

This Yongyebao box is such a treasure.

It can be said that just this Yongyebao box, Ye Xuan has already made a big profit.

What's more, there are more important treasures inside.

Thousand souls!

Yes, just call this name.

There is only one attribute of the thousand souls, that is, a god-level soul with a thousand blanks!

What concept is this?

Ye Xuan just thought a little, and the heart was already shocked without words.

To put it simply, this sacred **** is to give the god-level mounts of Ye Xuan the god-level soul.

Ye Xuan's current god-level mount, it is only a pet, and it is simply a random summoning. Strictly speaking, it has great instability.

However, if it is strengthened with this thousand god-level souls, what effect will it have?

This is out of Ye Xuan's imagination, maybe only after strengthening, can you know.

"Hey, the host should pay attention to the special materials that can be used for reinforcement. The system will give three options, please choose the host."

Chapter 2129: Humanized system

"Hey, the host should pay attention to the special materials that can be used for reinforcement. The system gives three options, please choose the host."

"Hey, scheme one, the host can use the thousand souls to directly strengthen the **** level mount, which requires two points to swallow the point and re-raise the **** level mount to the gold level."

"Hey, scheme two, the host can use the thousand souls to directly strengthen the beast swordsman, use the three-point swallowing point, upgrade the beast swordsman to a thousand beast swordsman, and upgrade the big move to a thousand beasts, which can summon one thousand gods at the same time. Level mount!"

"Hey, scheme three, the host can directly strengthen the bones of the sword with thousands of souls, give the soul of the bones to the soul, upgrade the bones of the sword to the orthodox swordsman, and the host can get the special ability of the bones!"

Lying in the trough, so good?

The system's tips made Ye Xuan's heart quite a surprise. It can be said that these three programs are all beneficial to Ye Xuan.

Even if it is a consumable item, it is useless. This kind of heart doesn't know when it will be available again. It is of little use to strengthen him.

However, strengthening the god-level mounts and the beasts of the beasts are two good choices.

If it is said that this time it is used to strengthen the swordsman of the beasts, then this beast swordsman is too powerful.

The last time it was reduced was the cooling time, and this time, it was possible to strengthen his big move.

It can be said that in this intensification, the beast swordsman must become the first card of Ye Xuan.

Of course, this beast swordsman still has to cooperate with the **** level mount to play the most important role.

However, regardless of any of these two enhancements, it is necessary to swallow the point. It seems that Ye Xuan can not be strengthened for the time being. After all, the engulfing of the beast is not something you can encounter.

What to do, is it to challenge now?

Or do you accumulate strength and go again?

Ye Xuan is in a dilemma. If he is now, he will challenge the unknown trial.

The Guardian God has said very clearly that the thing is extremely powerful. It can be said that Ye Xuan has no grasp at all.

Even, even if Ye Xuan reinforces the swordsmanship of the beasts, and even strengthens the god-level mounts at the same time, there is no great grasp of it.

Ye Xuan frowned slightly, thinking of this is a good opportunity.

Obviously, as long as you pass this trial, you will definitely get the unintended benefits, but now his strength does not seem to be enough.

"What to do, let me give up directly, I am not willing. But if you want to challenge that thing, then I can't even improve the realm, and I am not sure!"

Ye Xuan said to himself, or that only the system that can hear him speak.

However, let Ye Xuan never think of it, even can be said that it was almost frightened, this time, the system actively issued a boost!

"Hey, the system is upgraded. According to the current situation of the host, the system suggests that the host can continue to upgrade the level, and strengthen the strength, and challenge again when the top of the gods is peak!"

Yes, the system proactively gives a hint, this is something that has never been done before.

Ye Xuanyuan's stay in place.

The system is more humane after the error, but now, this hint is already obvious.

However, is this a good thing or a bad thing?

Ye Xuan has no spectrum at all.

It can be said that in Ye Xuan's heart, the system that used to be cold and cold seems to be the system he knows. Now it is slowly becoming a humanized system, but it makes him a little embarrassed.

However, in any case, the system is still the system, no matter how he changes, it is Ye Xuan's system.

.....

"Okay, I understand!"

Ye Xuan said faintly, for the system, Ye Xuan understood.

The peak of the finest gods can be said to be the highest peak in the realm of the gods, but what Ye Xuan needs to face is still a trial of the gods and humans. In this way, it is indeed able to maximize the strength of Ye Xuan. good.

After thinking about the key, Ye Xuan's heart seems to be a breath, as if a stone fell on the ground.

So, don't go through this final trial challenge now, or go out and enhance your strength.

Ye Xuan made the final decision!

He has spent a lot of time in this vast valley. He has not been able to investigate the whereabouts of the fall.

This is not the case with Ye Xuan.

Since this has a designated transfer character, he can quickly return here no matter where he is.

Then, this time, Ye Xuan can continue to explore the whereabouts of the fall while strengthening his own strength. When he reaches the peak of the human world, it is not too late.

Thinking of this, Ye Xuan just recovered a little bit of strength and injury, and went straight to the outside.

When I came in, I walked through the roads all the way. When I went out, it was not so difficult, even without any hindrance.

Of course, besides the law enforcement elders of the beastly gods who are outside!

Before Ye Xuan actually came out, he did not consider this person at all.

After all, speaking, he does not have much contradiction with the blasphemy of the beasts.

Moreover, Ye Xuan stayed in the louver for so long. According to normal, the law enforcement elder of the 10,000 beasts should also leave, but unfortunately, this guy has really not gone, but has been Waiting outside for Ye Xuan.

Isn't this nothing to look for?

In the strength of the beasts of the beasts, naturally, I don't know the secrets of the valley. In this person's heart, I feel that Ye Xuan may have fallen into this vast valley.

However, since they all feel that Ye Xuan has fallen, why should they wait for the outside?

How much hatred is this, how much resentment?

.....

"Boy, you finally came out, I don't want to wait here for you for so long!"

When Ye Xuan Cai went out, he was stopped by the white beast of the beast!

"Yeah, it's been almost a year, I didn't expect you to wait for me!"

Ye Xuan also looked at this guy with a slight frown, this person is really not rude.

At the same time, Ye Xuan also said to the system in his heart.

"System, fast, I want to urgently devour the gains I have accumulated before, I want to break through, I want to make a quick breakthrough!"

Ye Xuan's battles in the previous period were not without gains. The bodies of the ancient dragons, Li Lei and others were all huge wealth.

Therefore, his harvest is still a lot, but because of the trial tower, he has not chosen to break through.

However, at this time, since there is danger, and no breakthrough, it can not be said.

This is the white, but the elders of the gods and gods of the gods.

Ye Xuan, who had just played a six-armed konjac in the heavenly world, had no temper, let alone the white one.

Don't break through now, can't you die?

"Hey, the host breaks through, and the current five products are medium-sized people!"

.....

"Hey, the host breaks through, and the current nine products are medium-sized people!"

Lying in the trough, five litres!

Ye Xuan even won a five-game winning streak, from the four-character middle-aged humanity, directly broke through to the nine-character medium-human world.

This feeling is simply too cool.

It's not that Ye Xuan is so cool because he has even risen to the fifth grade. After all, it's not a problem before.

In fact, the most refreshing thing for Ye Xuan is that it has not been so upgraded for a long time!

Nine products in the middle of the gods!

If you take a step, you can break through to the superiority of God.

Chapter 2130: war!

At this time, Bai Bai was dumbfounded.

Ye Xuan's entire breakthrough process was carried out under his nose.

It can be said that he is very clear to see that Ye Xuan's realm has broken through again and again, and his strength has been strengthened again and again.

However, although Ye Xuan's breakthroughs have been made again and again, in the end, it's still only a medium-sized man's realm. It's not broken into the superior gods, but the white is the cultivation of the realm of the gods, so it's also Not too concerned about it.

"Kid, I didn't expect you to hide your strength, but what about it? Why, if you want to escape from my hands, I want to escape from my hands?"

Looking at Ye Xuan, he said with disdain.

He is the law enforcement elder of the beast of the beasts, and he has waited for so long outside of this absolute valley, in order to confirm the death of Ye Xuan, who has reported the enemies of the sixteen totem beasts!

The sixteen totem beasts, even for the beasts of the beasts, are a huge asset. It can be said that the loss of sixteen totem beasts is a major event for the beastly gods.

It is for this reason that the reason why Qi Bai did not leave.

Today, Ye Xuan is alive from the valley of the sacred valley, and the white is the heart of murder.

"Hey, you are very patient, how about the middle-aged people, killing you, enough!"

Ye Xuan looked at the white, since it is clear that this war can't be avoided, then there is no need to talk nonsense. If the loser does not lose, he will never be soft.

He pulled out the sword directly and prepared for the full battle!

"court death!"

Seeing that Ye Xuan dared to pull the sword against himself, Yu Bai was quite annoyed and ignored by a small man in a district. What made him feel the face of law enforcement elders?

I saw that the white swayed with a hand, and instantly condensed a sacred animal illusion, and even immediately flew toward Ye Xuan.

"Do you think that you will summon the beasts, too naive!"

Ye Xuan also waved, and the beast swordsman immediately appeared in front of him.

Fortunately, Ye Xuan stayed in the endless tower for a while, just now the cooldown of the call of the beast swordsman has arrived, otherwise, there is a helper.

"Beasts!"

When the beast swordsman appeared, it was not nonsense, and the big move was directly released. At the same time, Ye Xuan also summoned the goddess of God of the hundred heads.

This time, it is a gold-level mount.

In an instant, like a thousand troops, the general rush to the past!

"How is it possible that you have such a means."

The white stunned, Ye Xuan's calling method is even higher than him. This is something he is unacceptable.

However, after all, he is a **** of heaven, how can the card be just that?

"Well, since you want to compare the call of the pet, then the deity will let you know today, the essence of my beastly god."

"Come out, my servants, kill the enemies in front of you!"

With a scream of white, with the whiteness as the center, there is a constant radiance, and a powerful beast constantly appears. These are the unique beasts of the 10,000-born beast law enforcement team, and the number has reached a thousand many.

"boom!"

"boom!"

"boom!"

Ye Xuan's God of War mounts are directly strangled with the white-shouldered beasts, and the sound is like a thunder.

"Oh, ignorance!"

Ye Xuan's mouth is slightly tilted.

This guy, is it too simple to think of himself, really thought that he is relying on these God of War mounts?

"kill!"

Ye Xuan screamed, and in an instant, the figure had already rushed to the white.

The sword in the hand is suddenly thrown out.

"Destroy the gods!"

"Haha, is that so strong? Just so strong, I want to beat me?"

Yu Bai just waved his hand and knocked back Ye Xuan's raid.

Even directly flying Ye Xuan, the gap between a large realm is not to ignore the disregard.

"Kid, take me a blow!"

Suddenly, the white figure disappeared from the place, and when it appeared again, it appeared in front of Ye Xuan.

"boom!"

A punch, just a punch, Ye Xuan was directly shot.

Even if it is not the defensive skills of the Excalibur, the Spirit Shield will be launched directly at the most critical moment, and Ye Xuan may be killed by this boxing.

However, even so, Ye Xuan is still injured, it is worthy of the gods!

The defense of the Soul Shield, only in Ye Xuan has enough fragments of the soul to burst enough power.

But at this time, Ye Xuan and Ye Xuan did not get any fragments of the soul. At the time of the trial, Ye Xuan killed countless monsters, but those did not provide fragments of the soul.

Ye Xuan was flying out of a boxing, and the figure exploded dozens of meters.

That white did not continue to pursue, after all, in his eyes, Ye Xuan is not enough!

Ye Xuan frowns, the strength gap is still too big.

However, this is not to say that Ye Xuan has no chance.

Luck, yes, at this time, Ye Xuan can only gamble on the luck of gambling.

The control of the spirit is impossible for this guy to play a role. This is very clear.

is not a six-armed konjac, although it is also a godland, but the difference is actually there.

Destroying the gods is a chance to crit out, and in the crit effect, there is a certain chance that a single blow will kill.

If it is really an ordinary battle, Ye Xuan can't fight the whiteness of the gods. Therefore, all the hopes of Ye Xuan can only be placed on the outbreak effect.

"Destroy the gods!"

"Destroy the gods!"

.....

Ye Xuan can't manage so much, and he slams out thirty-two serial attacks in one breath.

Of course, this is already the limit of the number of times Ye Xuan can shoot in a short time.

"This is another trick? The deity has already said that it is useless. If you are attacking like this, you can't help yourself."

I didn't care, and those attacks, even when I came to the white side, were wiped out by him, and I couldn't help myself.

"Oh, yes, it seems that this attack is a bit of a look."

Thirty-two attacks, of course, also broke out ten times as many crit.

However, a ten-fold crit is not a threat to the white, because ten times and twice, for the white, there is no difference.

As for the reason, naturally because of the realm of Ye Xuan, too low!

A medium-sized man to challenge the gods, this is an impossible task in itself. If it is not white, you want to deliberately tease Ye Xuan, even Ye Xuan has already lost.

Twenty-two attacks are not enough?

Then, just a little more!

Ye Xuan bit his teeth, regardless of the exhaustion of the body and the consumption of divine power, once again waved the sword.

Still a god!

Ye Xuan uses a nearly mechanical action to continually issue a series of attacks.

"Nothing, it's really boring, kid, the deity can't have time to accompany you here. If you can't get the means worthy of your attention, then you can die!"

The white man moved, and he flew directly toward Ye Xuan. This time, he was going to kill Ye Xuan directly.

This time, he is already killing!
