Chapter 213: Emperor of the Tang Dynasty

"What? There are too many people in the Great Song Dynasty?" Song Congjing gave a slight glimpse.

"That's it. There are many people going to the Song Dynasty. Isn't that good?" Ye Xuan said.

After such a reminder, the Song Dynasty was also reflected. How good people are, the Lingxiao House is an elite, and the beast gods in the Great Song Dynasty will soon be cleared.

"But, the Tang Dynasty..." Song Congjing was somewhat worried and turned to look at Ye Xuan.

"It doesn't matter, my Ye Xuan is not the same as before. If Tang Ding dares to appear, I let him go without it." Ye Xuan said with confidence.

Tang Xun, who had attacked him before and then fled, was sure to flee back to the Tang Dynasty. Not only that, but the missing Tang Tian is definitely the same.

Although the power of the Tang Dynasty in Lingxiao was disintegrated, Lingxiao House could not destroy the entire Tang Dynasty because of Tang's affairs.

However, because of this, there were not many people in the Datang Dynasty. Even the people who were the Datang dynasty were the same. They all arranged their families to leave the Datang Dynasty when the power of the Tang Dynasty was disintegrated.

Since no one is going, it's cheaper!

"Since you have such great confidence, then the Tang Dynasty." Song Congjing nodded and promised.

"Well, Ye Shixiong, Song Shimei, this is the information of the Datang Dynasty beast gods, please be careful."

The disciple handed a few sheepskin rolls to Ye Xuan.

Ye Xuan opened it and looked at it. The entire Tang Dynasty was riddled with holes. Every county had the embers of the beasts. The Tang Dynasty was in danger.

"Hey, Tang Xun, Tang Xun, even dared to attack me, seeing that I don't rob your family's national treasury!"

Ye Xuan's heart immediately had a plan.

"What are you laughing at, so cumbersome." Song Congjing disliked his face.

"Nothing, let's go!"

After Ye Xuan finished, he went to the place where the Song Dynasty had gone to the land to raise the place of Ling Dapeng, and then led a real Xuanjing Ling Dapeng.

Ling Xuan Dapeng of the real Xuanjing, only the top 20 disciples of the address list can borrow, Ye Xuan is exactly the twentieth.

Although his speed is fast, if he takes the Song Dynasty, it will take several months to reach the Tang Dynasty.

Ye Xuan's Ling Xiao Dapeng is a real Xuanjing. If you fly normally, you will need to go to the Datang Dynasty in half a month. If you don't fly, it only takes seven days.

Ling Xiao Dapeng is a spirit beast. Even if he continues to fly for a month, he will not be tired. For seven days, it is a small meaning for it.

In these seven days, both Ye Xuan and Song Dian Jing spent on the back of Ling Xiao Dapeng.

At the same time, Ye Xuan also showed the information.

In the Datang Dynasty, there may be two mysterious beasts, one in the south and one in the north.

The Emperor of the Tang Dynasty was in the north, so the first destination of Ye Xuan was to go to the Imperial Capital.

Song Chongjing also already knew Ye Xuan's plan. She was also interested in the treasury of the Tang Dynasty, and she immediately agreed.

The relationship between the Datang Dynasty and the Song Dynasty is not good. If the former removes Tang Dynasty, then there are only two and a half steps of Dan Yuanjing, or two half-step Dan Yuanjing that cannot break through to the Shen Dan.

Now Ye Xuan is not afraid of even the gods, and it is even more unlikely that he will be afraid of these two half-steps, even if it is Tang Xun.

After seven days, they also entered the Datang Empire. On the road, they also saw many empire in dire straits.

It seems that this time, the Beast God is planning for a long time, ready to destroy the entire East.

However, Lingxiao House is the hegemon of the Eastern Region. At the same time, it must also maintain peace in the Eastern Region. Naturally, it will not look at the beasts of the beasts.

At this time, the Lingxiao House was also a person who went to the building. It was already a lot of disciples and guardians, even the elders.

After another day, Ye Xuan also came to the emperor's capital of the Tang Dynasty.

"The data shows that there is a mysterious beast in the east of the Emperor of the Tang Dynasty, but this is a good early information, we still have to meet our old friends first."

Ye Xuan on Ling Xiao Dapeng smiled.

"Old friend?" Song cuts a glimpse, and suddenly responded, big eyes directly flashing greedy look, "We are going to grab the treasure house of the Tang Dynasty?"

"How can I say that I want to grab it, I am going to get some interest. However, this has to wait for the killing of the mysterious beast."

Ye Xuan corrected.

"Why do you kill the mysterious beast first? We don't know where the mysterious beast is now." Song Congjing blinked with big eyes and asked inexplicably.

"This is not easy. I ask the royals to go. They must have news." Ye Xuan said, it was to Ling Xiao Dapeng: "Go!"

Ling Xiao Dapeng seems to understand, directly dive down.

"Not good, there are unknown spirits close to the Imperial City, and quickly report to the emperor!"

"No, the bow and arrow can't shoot!"

"Shooting a wool and concentrating on the attack!"

"Wait, this seems to be Ling Xiao Dapeng in Lingxiao!"

It was a mess, but someone still recognized Ling Xiao Dapeng.

"What? Ling Xiao Dapeng? It is the messenger of Lingxiaofu!"

"Distribute, give me away, and meet the messenger of Lingxiaofu!"

The guards in front of the Imperial City all dispersed, giving Ling Xiao Dapeng the land to land.

"Stay in the sky for a while, wait for us to pick us up." Ye Xuan took a shot of Ling Dapeng's head, and then he took the Song Dynasty and jumped.

Then, Ling Xiao Dapeng is rising, and then squatting in the air.

After Ye Xuan and Song Dianjing landed, there was also a general of gold armor who came out and hugged his fist: "I have seen the messenger!"

Now Ye Xuan is wearing the costumes of the official disciples of Lingxiao House, which is easy to identify.

"I want to see your emperor." Ye Xuan said to the mountain.

"Yes, I will inform you to the adults." General Jin Jia said, they took Ye Xuan into the Imperial City.

They are very anxious. After all, the entire Tang Dynasty is already in dire straits, and the disciples of Lingxiao House are now visiting, obviously to help.

"General, have anyone else been there?"

On the way, Ye Xuan also asked.

"No, the two messengers are the first ones." General Jin Jia shook his head.

Ye Xuan and Song Dianjing were slightly stagnation. It seems that the popularity of this Tang Dynasty dynasty is not very good. Everyone comes to help.

"Then your prince and the emperor are coming back?" Ye Xuan continued to ask.

"Prince, too emperor?" General Jin Jia, paused, and shook his head: "I have not seen it. Maybe the Prince and the Emperor of the Emperor are also driving the birds, so they did not come in from the Imperial City."

Ye Xuan's heart was slightly congested. After attacking him in Tang Dynasty, he fled with sin. Not only that, but Tang Tian disappeared without a trace, and did not know where to go.

No, is it abandoning the Datang Dynasty?

"It should not be lost to the home, they must have come back secretly, then Tang Xun is also hesitating. If you kill the mysterious beast, it will reveal the whereabouts..."

Ye Xuan thought in his heart.
