

## Super D. S 2131

Chapter 2131: Hard to kill

When the white figure moved, it immediately rushed to Ye Xuan. In his hand, a sudden burst of light appeared. This is not like the attacking method that he should have.

Because, he used, turned out to be a powerful power class magical!

The radiance of that road seems to have its own personality, and it is constantly changing its position while attacking.

Yes, a ray of light, after rushing out of a certain distance, is like being put into a drive door, and when it comes back again, it has already changed its position!

What the hell!

Ye Xuan is very different.

What is this?

How can there be such a powerful attack, such an attack means how people go to the embankment.

It can be said that Ye Xuan has never seen such an attack. This kind of attack means is beyond the expectation of Ye Xuan. Don't say that I have seen it, even if I have never heard it.

In a flash, Ye Xuan has been completely surrounded by countless rays.

Those lights contain infinite power, and they are so strange that Ye Xuan can't react at all.

anti! Can only resist, Ye Xuan can not dodge such an attack.

"Haha, kid, how, the shadow of the deity, you like it?"

Shadowless light?

Hard to hear name!

However, its power can not be underestimated, or even horrible.

Ye Xuan constantly tried to rush out of these lights, but it was in vain.

Every time, Ye Xuan Ming Ming saw that there was an empty space in front of him. There was no light blocking the road, but as soon as Ye Xuan figured up, he would immediately be surrounded by several or even dozens of rays.

"Damn, \*\*\*\* it!"

Ye Xuan whispered, venting the depression in his heart.

However, even if it was a small voice, it was still heard by the white.

"Haha, kid, isn't it very comfortable? Is it really so simple to be the shadowless \*\*\*\* of the deity? Enjoy it, you can die under the shadow of the deity, and you should be honored."

.....

Can't go on like this. If this continues, then Ye Xuan will be defeated, and it can even be said that it may fall here.

How to do?

Damn, \*\*\*\* it!

Although Ye Xuan is in a hurry, he can't find any effective way.

Of course, it is not that Ye Xuan really has no backhand. For example, he can directly crush the specified transmission and return to the endless challenge.

However, Ye Xuan is not willing to do this, he is not willing to give up.

You know, since this white can wait outside Ye Xuan for such a long time, then even if Ye Xuan is now hiding, will it come out next time?

What should I do next time?

Never pin your hopes on others, only rely on yourself.

"Damn, I am fighting with you!"

Suddenly, Ye Xuan screamed and made a decision that made Bai Bai completely unexpected. Ye Xuan gave up the escape and gave up the defense. Instead, he concentrated all his cultivation and divine power on the sword. .

"Kill! Give me to die!"

"Destroy the gods!"

boom!

A sword light flew out of Ye Xuan's hand and went straight.

Yu Bai suddenly smiled.

"Kid, you can't threaten the deity, don't struggle, don't struggle, maybe, you can still suffer less!"

The white expression seems to have already decided to leave Ye Xuan. Of course, if it is normal, it is true that Ye Xuan has no chance of rebellion.

It is a pity that there will be exceptions. What's more, Ye Xuan's \*\*\*\* of destruction has its own effect of killing.

Just as the white is very proud, between the moments, the smugness on his face is always fixed.

Because, he is already dead!

No, to be precise, his body is dead and the godhead has been crushed.

However, after all, it is a strong person who is a god-like god. Of course, it is not so easy to die.

At this time, the whiteness, relying on his powerful power, even let the soul stay for a short time, and did not die in the first time.

The white body suddenly fell down, but in the place where he stood, a virtual shadow, but looked at Ye Xuan in horror, and kept saying the same sentence.

"This is impossible...it is impossible...this is impossible..."

As if, at this moment, it is only plain to say this sentence.

Of course, no matter what he said, Ye Xuan would not care.

"Call, okay, my luck is not so bad. I finally got a killing effect. If I don't want to kill, I am afraid I will be here today."

Ye Xuan also did not pay attention to the white soul. This guy, don't look at the present with the power of the soul to temporarily stay, but there is no use.

"How did you do it, tell me, tell me how you did it!"

Suddenly, the excited voice of Bai Bai came out. Obviously, for his inexplicable death, he was very unwilling.

"Oh, why should I tell you, give me a reason?"

Ye Xuan looked at the white, his eyes filled with banter.

This guy is a bit interesting. First of all, the angry and shadowless attack method. Now, after a death, the soul is temporarily retained. It can be said that the magical power of this guy is quite a lot.

"You tell me, I also tell you one thing, we exchange!"

I don't want to die, I don't want to die. Anyway, he is dead now. So what secret is not secret. For him, there is no need to keep it. Therefore, he is ready to exchange his biggest secret with Ye Xuan. .

And his secret, in fact, is not only remembered in the beasts of the beasts, but even outside, there are many people who want to know, but for some special reasons, no one has ever used him strong. It's gone.

Ye Xuan smiled and said: "The secret, you are a dead person? What qualifications tell me secret?"

"No, I am qualified. Do you want to know the secret of the shadowless god? Do you want to know the secret of my soul?" I tell you, I know a terrible secret, a secret that you only know, You tell me how you killed me, then I tell you, this secret!"

Ye Xuan brow slightly wrinkled, what \*\*\*\* thing?

This white, what do you want to say.

However, when Ye Xuan was ready to refuse, he heard the system prompt.

"Hey, the host finds hidden tasks, the task is temporarily unknown, and the host can choose whether to accept it."

wrong!

This time the hidden task is not directly sent out by the system, but because of the whiteness!

Chapter 2132: The ultimate secret of terror

Could it be said that the secret in the white mouth is what is the hidden task?

This is another situation that Ye Xuan did not encounter at all. It can be said that even Ye Xuan is somewhat confused.

This is already beyond the expectations of Ye Xuan, but Ye Xuan has a choice.

"Well, let me talk about it first, your secret, if it is heavy enough, I can tell you why my sword can kill you. Don't worry, you are just a dead person, I don't have to hide you."

Since the decision was made, Ye Xuan did not hesitate and said directly to Yu Baishui.

After hearing the positive answer from Ye Xuan, he said directly:

"I choose to believe in you, now, I will tell you the secrets I know!"

"My name is 昊白, the identity on the bright side, is the law enforcement elder of the beast god, but in fact, my real identity, but is the walking messenger of the cabinet? Do you want to ask what is the walking messenger? I I can tell you that walking messengers are the secret agents who are placed in various sects!

"Haha, of course, the secret agent is only the second time. I want to tell you, it has nothing to do with this secret agent identity. What I want to tell you is that it is only a slap in the face, you know, the whole The pavilion is a huge conspiracy, a shocking secret about the ancient demon!"

昊白 is talking like talking to himself.

However, Ye Xuan has already frowned. It seems that this time, he really encountered something unfortunate.

Ye Xuan did not speak, but continued to listen.

Of course, at this time, he has not been as casual as he started, and his attention has been concentrated.

"The kid, the ancient demon statue is just a title, but he does not represent a person, but a force, a force that has long since perished."

"Maybe you should know that there are countless strong men of the ancient times, but a war has destroyed everything, and it is the ancient demon statues that provoke this war, or you can call them, destroy!"

"Destruction is an organization, an organization that spreads over the realm of the gods. How strong is the strength of destruction. You can hardly imagine it. In fact, I don't know much about it, but what I want to tell you is that the extinction has been resurrected, and countless buried thousands. For millions

of years, the ancient demon gods are undergoing a horrific resurrection ceremony. Once the ceremony is completed, the entire \*\*\*\* world will disappear forever."

"Don't doubt me, don't think that a \*\*\*\* in my area will know this, because it is still very fragile, so even my little \*\*\*\* can know some secrets!"

"Mo Court, what is the name of the resurrection of the ancient demon, I don't know anyway, but I just need to tell you that if you want to resurrect him, then you need a total of 999,900 totem beasts, you should understand his horror."

"Okay, now, I have told you my secret, isn't it, you should tell me, what do I want to know?"

Yu Bai said a lot in one breath, the amount of information is large, so that Ye Xuan has been lost.

It seems that, unintentionally, Ye Xuan is in contact with a terrible secret, a secret secret in the realm of the gods, actually so known by a small Ye Xuan.

At this time, Ye Xuancai District is a middle-aged man!

Suddenly, panic, this kind of emotion that should not appear in Ye Xuan, but appeared.

"Well, I can tell you that my attack has the effect of killing one shot and you can be regarded as my magical power."

Ye Xuan has no mood to pay attention to the white, so I want to send a white sentence directly.

"It turned out to be like this. Your magical powers are very powerful. Well, since you told me what I want to know, I will finally send you a sentence, go to the ancient city of the north, the twilight of God, then you have what you want. More things to know..."

While Bai Bai said this sentence, the figure has slowly faded. When he finished this sentence, it has completely disappeared.

This conversation is actually very ridiculous.

But Bai Bai is already dead. It is useless to hide his secrets. It is better to die and understand how he was killed.

What's more, he told Ye Xuan about this secret, and he didn't mean anything, that is, let Ye Xuan go to death!

In this way, his enemies may be reported!

"Is the dusk of the ancient city of the north?"

Ye Xuan silently wrote down the word.

He knew that he was afraid that he would have no choice but to withdraw from his contact with this secret.

"Hey, the host should note that the host found a mandatory unique task, destroy!"

"Hey, the host automatically accepts the task, the task is successful, no rewards, the task fails, kill the host!"

The system prompts.

However, this hint is really pit.

However, this task has made Ye Xuan feel awkward.

Mandatory sole task, what kind of task is this?

"System, can you say the specific point, I am now in the fog, I don't know anything!"

Yes, Ye Xuan is now lost.

"Hey, the system prompts, the host should note that this task is the ultimate task that the host must complete. Before the organization destroys the gods, the host must stop. Otherwise, the system will kill the host before the host dies in the organization!"

What is this, what is this?

Ye Xuan is confused, yes, Ye Xuan is completely confused.

At this time, Ye Xuan seems to feel that he has fallen into a secret, and he can't pull out.

"Hey, system friendly tips, the host please note that this task can only be completed by the host independently. The system recommends that the host upgrade its strength as soon as possible, and establish its own power. Some people have already been born, once their leader appears, then It is the beginning of the demise of the gods."

"Hey, the host should pay attention to the leader of the annihilation, the leader who cannot be killed by conventional means, and immune to all means of attack, because the leader of the annihilation is the source of divine power."

.....

Silence, long silence.

Ye Xuan's heart is constantly thinking, but no matter how he thinks, the final result is only one, he can't avoid it.

"Oh, forget it, since you have already encountered it, you can't blame yourself for being unlucky, or you should call it lucky. After all, I know this news earlier, then I can start preparing in advance, and it will be much better than the inexplicable death." I didn't think that the secrets of the gods were hidden."

"Fortunately, here is the \*\*\*\* world, the organization that wants to resurrect is not possible. It is impossible to have a hundred million years. The time left for me is still very good. Fortunately, I know this in advance."

Is this Ye Xuan cheering on himself?

But this is also the reason, which clearly knows that it is impossible to avoid things, so knowing in advance, and then preparing, is better than finding out if things are not recovered.

"Hey, the system prompts, the host please note that the host discovers the ultimate secret of the gods in advance, in view of the extremely difficult task, the system automatically starts to update, and automatically strengthen!"

Chapter 2133: System automatic reinforcement

"Hey, the system prompts, the host please note that this enhancement, the default background, will not affect any use of the host!"

"Hey, the system prompts, the host please note that this enhanced update includes the humanization of the system and the development of the subsystem!"

"Hey, the system prompts, the host should pay attention, the system is more humanized. In order to facilitate the host to accumulate strength in advance, the system forcibly opens the sub-system, please choose the host."

"Hey, choose one, divide the system, after possessing this system, any enemy killed after the host will automatically back up a sub-body by the system, possessing all the strengths of the target, but no soul, to facilitate future host use."

"Hey, choose two, unlimited system, after using this system, the system will continue to improve the host's strength through the form of task guidance, so that the host grows rapidly."

"Hey, choose three, the main system upgrade, the main system after the upgrade, will open a special reward mode for the host, and other capabilities."

Suddenly, the system continues to prompt, and let Ye Xuan understand that this time, I am afraid that I have encountered something that I have not been able to do. Otherwise, the system will not be so nervous.

Split system, unlimited system, and main system upgrade, three options.

However, Ye Xuan did not consider it at all, and chose the third one directly.

why?

Because Ye Xuan knows that the first two options have limitations, although strong, but for Ye Xuan, it is not really practical.

The sub-system can provide subordinates for Ye Xuan, but it cannot strengthen Ye Xuan's own strength.

Unlimited system can only strengthen Ye Xuan's strength, but can't provide subordinates.

Therefore, only the main system upgrade is the best choice.

Of course, this upgrade is not the same as the previous upgrade. This upgrade mainly upgrades the system's functions.

In other words, the system will be more abnormal and more useful.

"Hey, the host selection is successful, the system prompts, this upgrade, it takes three days."

Ye Xuan nodded and then sat cross-legged.

He is waiting, waiting for the system to completely complete the upgrade, sharpening the knife and not cutting the woodwork, the system is the biggest guarantee of Ye Xuan's strength, so, three days, Ye Xuan can wait!

.....

“Hey, the system upgrade is successful, the main system upgrade is successful!”

Has the upgrade been completed?

However, when Ye Xuan looked at it, he couldn't see anything special. Maybe he could really understand it when he used it later. What kind of change happened?

Ye Xuan got up and walked straight outside.

That's right, that what destroyed the organization, let Ye Xuan feel the pressure.

However, this matter is far from the current Ye Xuan, so it is not necessary for Ye Xuan to care about it now.

Hurry up and improve your strength is Ye Xuan's best choice.

God, this mysterious world, this unknown world, how many unknowns are waiting for Ye Xuan?

There are not many things left by Bai Bai. Don't look at him as a strong man of the gods, but in the ring of 乾, he is really poor, and he doesn't know what the guy is doing.

Even after swallowing, even one level did not give Ye Xuan a hint.

As for the white body, Ye Xuan did not swallow it, but with Li Lei and others, it was contained in the devour space.

This guy, perhaps after the resurrection, has some use.

Ye Xuan began to set off. At this time, his goal has been clearly defined. If he uses the system, his ultimate mission is to fight against the mysterious organization.

Of course, before this, Ye Xuan's mission was to find the fall, and to pass the endless trial.

The direction of the fall is in the west, and the ancient city of the twilight is in the north, in two completely different directions.

Therefore, Ye Xuan still went to the west to explore the whereabouts of the fall in accordance with the original plan.

Of course, just take the opportunity to clean up the cabinet.

Ten days later...

"This son, let's take a look. These are the best slaves, beautiful women, bodyguards, or beasts with special abilities. Everything is there, rest assured, and you are satisfied."

At this time, Ye Xuan stood in front of a middle-aged man, this middle-aged man with a special smile of the profiteer, but the strength is only inferior to the realm of the gods.

The city where Ye Xuan is now is the free market opened by the beast of the beast.

Here, as long as you have a god, you can get everything you want, whether it is a slave, or a message, as long as you get the price, you can get it.

This is also the reason why Ye Xuan came here.

Ye Xuan looked at the person in front of him and did not care.

What is a slave, Ye Xuan does not need now, what he needs now is to find the so-called hundred operator!

The hundred operators are specialized in providing various kinds of information in this city. Moreover, he is not a person, but a force, an organization that can accept exploration tasks.

Ye Xuan is going to pass them and try to find the whereabouts of the fall.

He turned away directly, making the businessman quite uncomfortable. Of course, he could not find Ye Xuan's trouble.

"Where is this hundred operators?"

Although Ye Xuan knows that there is such an organization, but the hundred operators are different from other forces. If you want to find them, unless there is an acquaintance, it is impossible.

"Forget it, I will go to Lingxuan Pavilion first to see if Lingxuan Pavilion knows it."

Ye Xuan made up his mind and went straight to Lingxuan Pavilion. Compared to the mysterious hundred operators, the Lingxuan Pavilion's branch can be much better.

Soon, Ye Xuan came to Lingxuan Pavilion.

"Don, what do you need?"

A waiter came to Ye Xuan's side and asked.

Ye Xuan looked at the waiter and then directly took out his own guardian elder token, and then said:  
"Go to call your elders old."

"Yes, yes, small, go immediately."

The waiter hurriedly promised to walk away quickly.

Soon, the elder of Lingxuan Pavilion came out, it is the management elder of this branch.

"The disciple went to see the elders of the guard."

The elder saw the token in Ye Xuan's hand and did not hesitate to fall down directly on the ground.

"Get up, I am looking for you, there is only something to ask you, no need to be nervous."

"Yes, the elders of the guards, what do you have, even though you told your disciples."

"Well, you know where the hundred operators are, I need to ask them to ask something."

"This, the elder of the guard, do you still need to ask a hundred things?"

The elder is obviously very different for Ye Xuan to ask the hundred operators. After all, in his eyes, the resources that the elders can be mobilized are huge, and they need to ask for help.

Of course, Ye Xuan does not blame him. How can this guy know that Ye Xuan, the elder of this guard, is basically a polished commander.

Chapter 2134: Female slave

"Okay, you don't need to know, you don't need to know, you know the hundred operators? Just answer my words."

"Yes, yes, the elders of the guards are angry, and the disciples will take you there now."

Seeing that Ye Xuan was somewhat annoyed, the elders of Lingxuan Pavilion did not dare to talk about anything, but walked straight ahead, apparently to bring Ye Xuan to the past.

After a while, when Ye Xuan came to the place, it was a bit strange.

Unexpectedly, the one hundred calculators turned out to be the slave trader that Ye Xuan had just encountered when he entered the city.

Of course, this slave trader is just a connector person.

Seeing that the elders of Lingxuan Pavilion came with a person and were very respectful, the slave merchants naturally did not dare to neglect, and they went to a house with Ye Xuan.

"Predecessors, please, the abacus of the city is inside."

"abacus?"

Ye Xuan said with doubt.

"Oh, my predecessors may not know. I have three major occupations. The first one is the one who leads me, and is generally called a fan."

"The second priority is the person responsible for intelligence and tasks, called the abacus."

"The third type is generally the person responsible for liaising with the forces of the parties, as well as some special tasks and intelligence. They are called 100."

.....

What are the names of ghosts?

Ye Xuan is speechless, of course, he does not have to worry about it.

Soon, they saw the so-called abacus.

I saw that this person had a strange disc magic weapon in his hand, and he did not know what it was for.

However, when the abacus saw the elders of Ling Xuange, he immediately smiled and walked over.

"Hey, what is this wind, blowing the elders of Lingxuan Pavilion to me, rare customers, rare customers!"

"Liu's abacus is not unreasonable. This is the elder of my Lingxuan Pavilion. I am not happy."

"what!"

Liu's abacus was shocked, and the name of the elders of the guards was too big to make him panic.

However, looking at Ye Xuan, a middle-aged person in a district, Liu's abacus revealed a doubtful look.

"It seems that this person's history is by no means simple, it is not that I can offend!"

Liu abacus said in his heart, after all, the elders of Lingxuan Pavilion can be said to be the top figures of Lingxuan Pavilion. The middle gods sit on the position of the elders of the guards. This has already explained Ye Xuan's extraordinary.

"The younger generation meets the predecessors, I don't know what the seniors are looking for in the younger generation?"

Although the strength of Liu's abacus is not very strong, it's also a good middle-aged god, but he is called a younger generation in front of Ye Xuan.

Of course, Ye Xuan will not care about this, but directly said:

"I need to probe a message, a news of a beast."

After that, Ye Xuan handed over the detailed information about the landing to Liu's abacus, and then continued: "I don't care what you use, but please help me find out where she is going? How? Questions?"

"No problem, no problem, huh, huh, my hundred operators and Lingxuan Pavilion themselves often move around, this little thing, just give it to us."

"Okay, then, please."

Ye Xuan turned to Liu's abacus and made a slap in the face.

"Predecessors, please rest assured, if there is news, I will inform you immediately."

Ye Xuan nodded and then asked:

"So, how do you charge?"

"Predecessors, are you making fun of my Liu abacus? How do you dare to ask the seniors to charge? You can rest assured that the things you will explain to the younger generation must go all out. Please feel free to wait for news."

Ok, it's just not collecting money. Ye Xuan is actually very poor now.

After the matter was completed, Ye Xuan naturally did not stay, but walked directly to the outside.

However, when he came to the slave market outside, he was attracted by a person who was held in a cage.

This is a girl, a human race girl, and also has the cultivation of the inferior gods, but why is it treated as a slave?

This is something that Ye Xuan does not understand.

Therefore, for a time, Ye Xuan stopped.

Seeing Ye Xuan's gaze, the first slave merchant immediately said to Ye Xuan: "The predecessors did not know that this woman is a man of a hundred evils. The felony was smothered by the Lord God, and at the same time, all the sinners were reduced to slaves, and they could not be turned over for generations!"

Lord God?

slave?

A hundred people?

Of course, these things, Ye Xuan is not qualified to change anything.

"If the predecessor likes this woman, then she will send her to her predecessors. However, you must remember that the predecessors are the sinners set by the Lord God, so if you don't like it, even if you don't like it, If you kill, you can't restore their freedom. Otherwise, I am afraid it will lead to unnecessary trouble."

Although the slave trader did not say it clearly, the meaning was obvious.

Ye Xuan is not a hairy boy who has only entered the realm of the gods. Although it is not a lot of things he knows, at least, the main god, he knows.

In this world, there is only one Lord God in the mouth, because it is his territory.

Soon, the slave merchant brought the girl of the hundred evils to Ye Xuan.

"Predecessor, this is the woman's life card. If you don't need her, just crush the card, she will die immediately!"

Ye Xuan nodded and didn't want to say anything more.

In fact, Ye Xuan himself did not know why he wanted to buy this girl from the horrible family. But when she saw the first sight of this girl, Ye Xuan felt that there was a voice telling him that she must save this girl.

Perhaps this is the so-called fate!

In fact, in the current situation of Ye Xuan, where is suitable to carry a burden, but things have come to this, Ye Xuan is not good to say anything.

"Go!"

Ye Xuan said to the girl casually, then he walked toward the front and took care of himself.

After all, all of Ye Xuan's acceptance of this girl was only on the rise, but when she really got it, she didn't know what to do.

Waiting until leaving the city, Ye Xuan did not pay attention to the stupid woman, but the girl took the initiative to speak to Ye Xuan.

"The son stays."

The sound of not being humble, this is not a tone that a slave should have.

Ye Xuan subconsciously stopped and looked at the girl in confusion, not knowing what he was going to do.

"Dare to ask the son, why did you buy a little girl?"

Actually ask yourself this?

Ye Xuan stunned, although he did not know why he was going to do this. However, he is now a master, and this girl is a slave. How can this girl be more than his own master?

"You said why I bought you?"

I don't know why, Ye Xuan suddenly raised the idea of wanting to tease this girl.

So, directly to the girl with an evil smile, even, eyes continue to look at the girl.

Chapter 2135: Flying smoke

"You don't have to be like this. I am a slave in my life, and I will live forever." So no matter what the son wants to do to me, I can't resist."

"However, when the son first saw me, his eyes were confused, and his eyes were very clear at this moment. The little woman was not talented, but he also knew that the son bought a small woman is not for that embarrassing thing."

Great!

Ye Xuan was depressed, and it was directly seen by this girl.

"Little girl, I am your master now, you are talking to me, are you afraid of me punishing you?"

"The son of the son will not do this, because the heart of the son is not the same as everyone else."

"What do you mean, how can I not understand?"

Ye Xuan really can't understand what this gimmick means. What is called your own heart is different from other people, this sentence can be really confusing.

"Does the son of the family not only be the reason for the real sin?"

.....

"What do you have, can you say it directly, and play a riddle, I have no idea what to guess with you."

Ye Xuan was made speechless by this girl. What is it, what is it, how can I buy a slave and buy it back?

"There is no need for the son to be angry. The son may have heard of it. My sinful crime is the will of the Lord God, and it is because my ancestors have committed a felony, but the little woman wants to tell the son that I am a sinister. The original name is not a hundred evils, and if the ancestors really have anything wrong, then there is only one."

"Several meanings? You said don't make me a mystery!"

Ye Xuan was speechless and even annoyed.

"My ancestors, the sin committed is only one, that is, should not be promoted to the main divine!"

In a word, let Ye Xuan directly shock, what does this mean?

Shouldn't it be promoted to the main deity?

Can it be said that the ancestors of this hundred evil people are also the strongest of the main divine?

"Wait a minute, little girl, you shouldn't want to make me play. Hey, do you think I want you to be so cumbersome? To you, this is your life, you love it, you don't have to arrange it. The story is deceiving me."

What is happening now, no, accurately speaking, this girl's words have already made Ye Xuan completely confused, so he does not want to delay the time on this girl and directly lose her life.

He is too lazy to manage so much, this girl, love doing what he wants to do, as long as he does not bother him.

However, the difference between Ye Xuan is that the girl waved her hand and threw it back into Ye Xuan's hand. Then she continued: "The son can hear Fei Yu? The little girl wants to tell the son, I The ancestors of the Baifu people are Feiyu. In addition, the young woman still wants to tell the son that the original name of the Baifu clan is called the Bu nationality. Our talents are able to see all the past people in the past!"

Lying in the trough!

Ye Xuan was scared and almost didn't jump up.

What the hell!

This, what is this supernatural power?

It's too abnormal to be able to see what happened to someone in a year.

That is not to say that everything before Ye Xuan, this girl knows?

Nima, how can there be such a magical power?

Do you want to be so horrible, can you still play happily?

"Oh, the son doesn't have to be like this. It's a small woman who has lost her word. The little girl means that she can see things that are related to her family. So, the little girl saw your trial, and the guardian \*\*\*\* mentioned it to you. Pass my ancestors."

.....

"Amount, I said a little girl, talking without a big gasp, scared me, I thought your magical power is really abnormal. However, your magical powers are really powerful, I am strange, Why is there such a supernatural power?"

"There are so many ethnic groups in the world. There are some talents and magical powers. My family is not human. Although it is the same as human beings, there is no difference. But our family is not a human race. Natural magical powers will be different. ""

.....

"Taro, what are you going to say around?"

Ye Xuan has now been confused by this gimmick, and I don't know what this gimmick really meant!

"The request of the little girl is very simple. I hope that after the trial is completed, the son can bring the fragments of the goddess of the native ancestor Fei Yu!"

"Shenzhen debris?"

"Yes, is it true that the son is participating in the trial of the ancient gods, but he does not know, who is the ancient god?"

Ye Xuan has a slogan.

What is it, is it your own thing, even this gimmick is more detailed than what you know?

"Who is that ancient god? What does it have to do with me? Anyway, it is good to take it, but let me bring back the godhead of your ancestors, why should I do this?"

Yes, why?

Why did Ye Xuan help this girl? This is a sentence from the east of Shantou. It is to get help.

Besides, he is the master, and this girl is a slave!

"If the son can promise, then the little woman is willing to follow the son."

"Haha, joke, you are my slave, your life is in my hands. For your reason, it is not enough to touch me."

Ye Xuan was laughed at by this girl.

In Ye Xuan's heart, the purpose of this girl is obvious. However, it is just that she wants to save her ancestors. However, Ye Xuan helped her with her. It seems that there is no reason at all.

"The son will help the little girl, because the help of the little girl, the son can get the benefits that are not intended."

"You are really confident, but unfortunately, I am not interested."

Ye Xuan turned directly and ignored the little girl.

"Right, your name will be called \*\*\*\* in the future, no matter what you used to call, from today, your name is Shantou."

"Okay, son, fly the smoke."

.....

I wrote down and deliberately said the name to myself, a few meanings?

Ye Xuan was too lazy to look back, and continued to grind with this hoe. Sooner or later, she would not be known by the gimmicks.

However, Ye Xuan did not know that after he turned around, the smile of the flying smoke showed a smile, and with a wave of his hand, there was a faint light entering Ye Xuan's body.

"Master, my Bu nationality is the race of the heavens and the earth, and this life is not of any use to my family. The master knows that no one can hold us except us."

"After countless years have passed, you are the first person to hear the name of Feiyu. The name Feifei has long been forgotten in this area. It has already been sealed, even if you don't want it, but my Bu nationality also I can only rely on you."

Flying smoke silently said in the heart, looking at Ye Xuan's gaze, where is the slave looking at the owner's gaze, but she called Ye Xuan's name is the master.

Chapter 2136: Summon outbreak

The Bu nationality, the mysterious race, and the flying smoke, are deliberately coming to Ye Xuan.

So, is her purpose really for their ancestor Fei Yu, or is there any other purpose?

Of course, all of this, Ye Xuan can not know.

Inadvertently saving the next person, but it was a scene that people had already arranged. If Ye Xuan knew it, I don't know how to think about it.

Of course, Ye Xuan did not know, so Ye Xuan at this time is still walking towards the front.

"It's here. I heard that this is the Beast Mountain of the Beasts of the Beasts. Oh, that's embarrassing. I am going to kill the monsters here today."

Yes, Ye Xuan's purpose this time is to level up in this Wanshan Mountain.

"If you can meet the swallowing beast, oh, poor, I don't have any swallowing points on my body now. There is no treasure in the air. It's just irritating!"

Ye Xuan pulled out the sword and was ready to fight.

However, at this time the flying smoke talked again.

"The son, give you a suggestion, don't kill the beast here, or you will have unexpected troubles."

Ye Xuan licked his mouth, this girl, I knew I shouldn't buy it, but now it's good, actually still manages myself!

With a wave of hand, the beast swordsman appeared directly, and then there was no suspense, directly using the big move.

In an instant, a hundred-headed god-level mount appeared.

"what!"

"Three-headed Platinum-class mounts, nine gold-level god-class mounts? This time luck is very good!"

Ye Xuan did not pay attention to the words of flying cigarettes and started work directly.

"Go on, kill it!"

With the order of Ye Xuan, the hundred-headed god-level mount, together with the beast swordsman, rushed out at the same time.

And Ye Xuan himself, will not be idle, and immediately shot.

Fight, at the touch of a hair.

.....

"Who would dare to let go of my beastly gods, find death!"

However, it was not long before Ye Xuan started working. He heard a giant cymbal, and then a flash of light, a group of people appeared directly in front of Ye Xuan.

What is the transmission matrix hidden by the ban?

What special warning system?

Ye Xuan stunned, what is this?

When did this beast, Shen Zong, when did he actually leave a hand?

rub!

Ye Xuan came over to leveling this time. There is no intention to bother with trouble. But now it seems that he is still in trouble.

"Kid, who are you, actually in my beast, the gods, do you want to live?"

Originally, Ye Xuan still felt that he was losing money.

Now it's good, this guy looks like a arrogant person, what do you think, Ye Xuan is not bullied?

Thirteen gods, two gods?

There is strength, but don't think that Ye Xuan will be afraid of them.

"I will kill, what do you want?"

Ye Xuan looked at those people and said directly.

The man stunned and was almost unresponsive by Ye Xuan.

I have seen arrogant, I have never seen such arrogance, and I ran to others to scatter wilderness. I am still so confident. The key point is that the strength is still so weak.

"Kid, it seems that you are looking for death yourself, then, I am so ruthless, I will kill him!"

Ye Xuan has no good image for the beasts of the beasts. Speaking of it, from Ye Xuan to the realm of the gods, it is entangled with the beasts of the beasts, and it is not a pleasant thing.

The previous white, is not the person of the beastly god, at least on the bright side.

Nowadays, these people of the beasts of the beasts still want to find the troubles of Ye Xuan, how can Ye Xuan promise.

"Give me all, kill them!"

Since the opponent has already started, Ye Xuan does not have to hesitate, directly commanding all the god-level mounts to rush toward the beasts of the beasts.

"Well, these beasts, is it impossible for him to control?"

At this time, the talents of the beasts of the beasts noticed that the beasts around them were all controlled by Ye Xuan.

It is not surprising to have a beast in Wanshou Mountain. After all, it is originally a place where the beasts of the beasts are used to captive animals.

"What is this, is it the so-called behemoth beast? And this, what is this beast, saber-toothed tiger? But why is the strength so strong!"

"Hey, there are these three beasts, how is it so weird, I haven't even seen them, and their strength, how can they be so strong!"

Only when they started the war, they clearly felt that they had an absolute advantage. They suddenly found that they were at an absolute disadvantage.

These guys, luck is also really bad, this time, Ye Xuan rarely came out with three Platinum-level Ares mounts, and nine gold-level Ares mounts, but they were hit by these guys.

It can be said that Ye Xuan does not even need to start, because only these God of War mounts, it is enough to clean up the people of the beasts.

"Fast, blow the beasts!"

A godly disciple of the gods of the gods shouted in a panic. At this time, Ye Xuan's God of War mounts had surrounded them, killing them was only a matter of time.

In an instant, I saw a disciple of a beast of the beasts suddenly took out a flute-like magic weapon and directly blew it.

Rumble!

It seems that the beasts of the entire Beast Mountain have been ordered, and they all rushed toward Ye Xuan.

Overwhelming, there are beasts everywhere, but strength, but strong and weak.

"Kill, kill me for them!"

The disciple of the beast of the beast was shouting like a panic, and in a flash, the beast was unfolding against the battle of the god-level mount.

However, although the beasts of the beasts have captivated countless beasts, but the strength, it is really not very good.

Most of them are just the equivalent of God's humanity, and there is no special magical power. It is possible to fight against Ye Xuan's god-level mount.

On the surface of the battle, it looks fierce, but in fact, it is simply that Ye Xuan's god-level mounts have taken advantage.

"The beasts of the beasts, give me a go! Kill them all at once, give me all to kill them!"

Ye Xuan launched the special ability that the beast swordsman gave him. The feast of the beast was opened, and the ability of the god-level mount was strengthened.

This battle has become a one-sided slaughter.

"Retreat, fast, leave here, this guy is too powerful, we are not opponents at all."

After realizing that there was no chance at all, the people of the beasts of the beasts were finally afraid. Soon, these people collectively transmitted and left with special means.

Here, after all, it is the land of the beasts of the beasts, and what organs are arranged under the people, Ye Xuan can only talk about it.

Ye Xuan understands that after these people leave, they will definitely inform more people.

However, Ye Xuan is not afraid, this time there are three Platinum-level god-level mounts in one breath, this is the capital of Ye Xuan.

Chapter 2137: Two swallowing beasts

It can be said that unless it is all the beasts of the beasts, it is impossible to leave Ye Xuan.

Of course, even so, Ye Xuan does not want to really have a big fight here.

The battle broke out on the people's site, and Ye Xuan didn't know anything about it. This is undoubtedly a disadvantage for Ye Xuan.

Therefore, Ye Xuan wants to kill quickly, how many beasts can be harvested, and not to fight.

.....

At this time, inside the beast of the beast, the alarm bell has already sounded.

A pair of disciples, a strong and sturdy animal.

For thousands of years, the beasts of the beasts did not ring such a high-level alarm, and many disciples did not understand what happened.

However, they can only follow behind many elders and rush toward the beasts.

"They are coming, is the son still not leaving?"

Suddenly, the sound of flying smoke came.

Ye Xuan turned his head and saw that the flying smoke was looking into the distance.

At this time, Ye Xuan just remembered that this gimmick had disappeared at the moment when the enemy appeared.

what is this?

Of course, Ye Xuan does not account for this. After all, this girl is only a man of God, and even if he comes, he can't help.

Ye Xuan knows who they are in the cigarette holder, but he does not want to leave this way. After all, it is not easy to summon the three Platinum-level God of War mounts this time.

The current God of War mounts call only the silver level, not to mention the Platinum level, even if the gold level is rare. Now leave, the next time, maybe you can't summon it.

To come, although this, the beasts of the beasts are not interested, Ye Xuan does not mind fighting with them!

"The big elder, that guy is in front!"

Soon, a group of people rushed over.

The crowd of black people, all of them are coming!

Ye Xuan stunned, as for what, he is just killing a few beasts, the reaction of this beast \*\*\*\* is not too much.

"Encircle him!"

In an instant, the disciples of the beasts of the beasts will be surrounded by the Beast Mountain!

In the sky, under the ground, countless disciples, countless beasts, is simply the intention to completely surround Ye Xuan.

"Swallow the beast!"

Suddenly, Ye Xuan sensed the existence of the swallowing beast.

"The trough! Must be killed!"

Although Ye Xuan has already seen the encirclement of the disciples around the beasts of the beasts, at this time, he actually discovered the swallowing beast and said that Ye Xuan could not leave.

"Destroy the gods!"

Ye Xuan figured and moved toward the end to swallow the beast.

In the middle of the sky, under the ground, a group of disciples of the beasts of the beasts of the beasts quickly encircled Ye Xuan.

Thousands of people shouted at the same time, accompanied by the roar of countless beasts, this is the rhythm of the intention to sleep Ye Xuan.

"boom!"

A sword, just a sword, Ye Xuan killed the swallowing beast.

"Hey, congratulations to the host for getting two points to swallow."

It turned out to be an intermediate devourer!

Ye Xuan was so happy that after he swallowed his hand, he was ready to leave.

However, all of a sudden, he sensed the existence of the swallowing beast.

"The trough, today is to devour the beasts, hoe, you go first..."

Ye Xuan turned his head and was preparing to greet the flying smoke to leave first. After all, the next battle, flying smoke is useless.

In fact, he should have reminded him long ago, but the battle was fierce, and Ye Xuan forgot.

However, when he turned his head and looked at it, it was awkward, because there is a flying smoke behind him.

"I rub, so no loyalty, I ran and ran."

Ye Xuan is speechless, of course, he will not be stingy to blame flying cigarettes.

"Where is there, where is the devouring beast? At the top of the mountain, well, I see how you can escape."

Ye Xuan took the three-headed Platinum-level mount, and left the mountain directly.

"Encircle him, fast, give me a quick action, summon all the beasts, today, must kill this thief!"

The disciple of the beast of the beast, seeing Ye Xuan actually running toward the top of the mountain, is a joy.

"Haha, this thief, I see where he fled this time, arranging a ban on the air, setting up a ban, and must not let this guy run away.

The ban on the ban is that Ye Xuan cannot fly in the air, and the ban is a special ban on the beast of the beast. The role is to prevent Ye Xuan from using the transmission.

At least 100 disciples of the beasts of the beasts were busy at once, and arranged a next ban.

.....

"This time, I see how the thief escaped, rushed up and killed him!"

The great elders of the beasts of the beasts took the crowd and walked toward the top of the mountain.

However, Ye Xuan at the moment, but also found another swallowing beast.

Although the strength of this devouring beast is much stronger than the previous one.

However, in the case of the three-headed Platinum God of War, and Ye Xuan personally shot, he did not have the possibility of fleeing at all.

"Scratch!"

A sword!

Kill in an instant!

"Hey, congratulations to the host for getting three points to swallow!"

It turned out to be an advanced swallowing beast!

"Shuang!"

Ye Xuan laughed, it was so cool, and got a five-point swallow point directly in one breath, which is a timely rain.

Of course, at this moment, the people of the beasts of the beasts have also come to Ye Xuan.

"The thief, I see how you escape today!"

As many as more than 300 strong people above the Tian Shen Jing, surrounded by Ye Xuan.

"The thief, he will smash his hand, I can still spare you a life, otherwise, you will not be born to die!"

.....

"Really? Haha, do you think that you can catch me?"

Ye Xuan laughed haha.

This laughter makes the people of the beasts of the beasts inexplicable.

Now, no matter how you look at it, Ye Xuan is in an absolute disadvantage. There are many people in the beasts of the beasts, and various magic weapons and beasts are even more powerful.

Ye Xuan, who was trapped in the center, how to see, how can there be no chance to escape, why, why is he still so arrogant?

"Kid, don't you still die now? I have waited for more than a ban, and you should not expect you to use the magic weapon to send away. I have also arranged a ban on blocking. You will die today!"

Wanshen Shenzong elders looked at Ye Xuan, faintly said, a pair of eating Ye Xuan's appearance, so that Ye Xuan is very unhappy.

"Oh, yes, then, come and catch me!"

"Haha, a bunch of stupid people!"

Suddenly, Ye Xuan took out a strange rune and then shredded it.

Then, Ye Xuan's figure disappeared.

"This, how is this possible, we have arranged a cross-cutting ban, how did he do it? Damn, \*\*\*\* it!"

"The elders, how to deal with the beasts left by the thief?"

"Kill, kill me all!"

The elders are not mad at the moment, because Ye Xuan can actually pass away under such circumstances, which makes him unacceptable. It was originally a must-have action. Unexpectedly, he was easily evaded by Ye Xuan. .

Chapter 2138: Thousand beast swordsman

However, the next scene is to let the old elders almost vomit a blood, because they are preparing to kill Ye Xuan's god-level mount.

Those god-level mounts turned out to be white light and disappeared.

Of course, this is just that Ye Xuan canceled the summoning, but the people of the beasts did not know.

They were all sent out, but even Ye Xuan's clothes were not touched, and they were directly played by Ye Xuan as a monkey, which made them accept.

Unfortunately, this is the fact that even if they are unwilling to accept it, they have to accept it.

At this time, Ye Xuan is already appearing in endless trials.

Yes, Ye Xuan's method of leaving just now is to crush the specified drive symbol of the endless tower.

It's that simple!

At the beginning, Ye Xuan obtained a total of three designated transmissions.

Now, Ye Xuan is using the second one.

"Hey, kid, come over so soon, how, this is ready to challenge!"

There is no suspense, Ye Xuan appeared, and the voice of Guan Guan also appeared.

"No, this time is to come back to see your old man, challenge me or wait, then, see you, the old man is safe, I am relieved, then, I will leave."

After that, Ye Xuan walked outside.

However, Ye Xuan did not notice that this time, the Guardian God did not even have a voice.

What he didn't know was that the guardian \*\*\*\* had been watching his figure, and there was a little bit of light in his eyes.

These guardian gods have always guarded this task of their own, and there has never been anyone who cares about them.

In the eyes of their masters, they may be just tools.

In the eyes of those who are trials, they are nothing but dispensable. Who cares about them?

No one, never.

Ye Xuan is the first one.

Of course, for Ye Xuan, he just said casually, not really concerned about keeping the gods.

But the guardian \*\*\*\* does not know. In his eyes, Ye Xuan is really coming over, and he also said to him the words of concern...

Ye Xuan did not know what he was doing. At this time, he was sorting out his own gains.

"System, swallow it, take a look at this time to upgrade several times!"

Ye Xuan did not devour the bodies of the beasts because he swallowed the beasts, but now he certainly wants to swallow.

The top of the gods and the peaks of the gods, this is the goal set by Ye Xuan, to reach the peak of the finest gods, he will challenge.

"Hey, the host breaks through, and the current level is four people waiting for God!"

Not bad, upgraded to the fourth level!

Ye Xuan is very satisfied. After all, in addition to these four levels, the most important gain is the five-point swallowing point.

Get a five-point swallowing point, then, the thousand souls that Ye Xuan got in front of it can be used.

Thousands of souls can only be used for reinforcement, either to upgrade the level of the beast mount or to strengthen the beast of the beast.

Of course, you can also strengthen the bones of the sword, but Ye Xuan did not consider this.

"System, I want to use the thousand souls and swallowing points, strengthen the beast swordsman!"

"Hey, strengthen the success, congratulations to the host, the beast swordsman is advanced to the thousand beast swordsman."

"Hey, the beasts are upgraded to thousands of beasts!"

Ye Xuan nodded, why did Ye Xuan choose to strengthen the beasts of the beasts instead of the gods?

The truth is actually very simple!

Although the enhancement of the god-level mount can restore the god-level mount to the gold level directly, the thousand-beast line can summon thousands of upgraded mounts.

Even if it is a silver level after the call of the bottom, it is also a summoning a thousand.

Can it be said that this thousand-level god-level mounts can really be unlucky until all of them are silver-grade?

Therefore, how to see, how to strengthen the thousands of beasts is cost-effective.

For example, if at the beginning, Ye Xuan had already been strengthened by the thousand beasts when he was in the Beast Hill.

Perhaps that time, he summoned thirty Platinum-class mounts and ninety-level gold-level mounts.

The gap between them can be imagined.

The number is large, and the chance is naturally large. Therefore, Ye Xuan will use this only thousand souls to strengthen the body of the thousands of beasts. It is absolutely not wrong.

"Hey, the beast swordsman is upgraded to a thousand beast swordsman, the host has the skills, the beast feast is automatically promoted to a thousand beast feast!"

The sudden reminder of the system, let Ye Xuan a happy, he almost forgot before, and this welfare.

The upgrade of the Thousand Beast Swordsman has succeeded, and the skills possessed by Ye Xuan have not been upgraded yet!

Cool!

This time, it's cool.

The remaining two points of swallowing points, Ye Xuan certainly do not dare to use.

Once you meet two swallowing beasts, this is considered to be very lucky. The next time who knows when to encounter the swallowing beast, Ye Xuan can not mess.

If you encounter a good thing at a time, but do not swallow the point to strengthen, Ye Xuan can be depressed.

Continue to upgrade!

This is a good place for the beasts of the beasts, then, go find their troubles and see if you can meet a swallowing beast.

That's right, there are their totem beasts, don't let go!

Ye Xuan's mouth was slightly upturned, and his face had a faint smile.

Since the people of the beasts of the beasts are looking for Ye Xuan's troubles, Ye Xuan does not need to be polite with them.

Kill it, kill it, continue to upgrade!

Of course, this time Ye Xuan still has to be careful. After all, he only has the last designated transmission symbol. If he is forced into endless trials, then Ye Xuan can only test it. Absolutely not what Ye Xuan would like to see.

"If you want to kill, you can kill the useful ones. First, find the totem beast of the beastly gods!"

Ye Xuan smiled a little, but the people of the beasts of the beasts were unlucky.

Ye Xuan turned and was shocked.

"No, you are not leaving, how come out again!"

It turned out that behind Ye Xuan, the flying smoke stood silently.

what is this?

Ye Xuan did not even sense his appearance, but the flying smoke stood there!

You know, Ye Xuan uses the specified transmission character, and he is still in the stagnation valley. How does this flying smoke do?

"The son does not have to be nervous. The little woman is only using the special magical power of the little girl to bind herself and the son. No matter where the son is, the little girl can reach the son in an instant."

Sweeping!

Ye Xuan stunned, this magical power, enough cattle, what is the situation of this flying smoke, the two supernatural powers that are now displayed are so powerful.

I used to be able to see things related to my own people within a year. Now I have an infinite position and I can send it to my side at any time.

How much magic does she have?

This gimmick is nothing more than a \*\*\*\* man, but the means are so powerful.

Chapter 2139: Playing with the applause

Of course, Ye Xuan will not worry that this girl will be unfavorable to him, because the shard of the skull is in the hands of Ye Xuan. If Ye Xuan dies, then this girl can't live.

Moreover, if Ye Xuan is willing, a thought can make this girl die.

He did not pay attention to the flying smoke and ran directly outside the outlying valley.

Flying smoke silently glanced at the endless trial tower, which left behind Ye Xuan.

.....

"You are the one!"

At this time, Ye Xuan has appeared inside the beast of the beast. Although he does not know where other totem beasts are, this is not a disciple of the beast of the beast.

The disciple of this beast is also unlucky. He is only practicing, but he does not want to. Someone directly breaks into his home. He has been directly controlled after he has not had time to react.

Spiritual control is so easy to use.

"the host!"

The disciple of the 10,000 beasts looked at Ye Xuan, and his eyes were not stupid, but they were very clear. However, at this time, he was no longer the same as him.

"Well, tell me, what map of the rest of the totem beast is, except for the nine mountains and seven mountains."

"Yes, the master, the totem beast of the beastly gods, is divided into four places to suppress, in addition to the nine mountains and seven mountains, there are Haihanfeng, Jue Valley, Liuhuan Lake!"

"Well, then, take me there, it's convenient to go to the nearest place."

Ye Xuan said.

The disciple did not hesitate and walked straight ahead.

Ye Xuan walked away, but it was a little depressed, because he suddenly discovered that although the control of the mind is easy to use, it is not so cool, because if you do not consume the swallowing point for permanent control, then the person controlled by him, according to God The intensity of the reading, the time of control is not necessarily.

The guy who is in the middle of the gods in this district, the time that Ye Xuan can control, is only one day, and it will be cool if it can be unconditionally and permanently controlled.

This is not Ye Xuan does not know enough, but after all, this spiritual control is really good.

Soon, Ye Xuan came to a valley under the guidance of the disciple.

This valley has no entrance at all, and all sides are all cliffs. This is a natural cage!

In the valley, there are countless beasts in captivity, among which there are twenty totem beasts.

Here, it is the lord flute valley!

Similarly, the totem beasts here are all suppressed.

Of course, this time, Ye Xuan does not need to go to buy something to break the ban.

Ye Xuan jumped directly, although the valley is high, but for Ye Xuan, there is no slight pressure.

.....

"Well, someone broke into the gulf valley, hurry, go check!"

At the same time that Ye Xuan fell into the Valley of the Drum, the beast of the beast had received an alarm.

In an instant, more than a dozen disciples rushed toward the valley.

All of the Beast Mountain has a transmission ban, which is because it is actually a place where the sacred disciples practiced, and where the totem beast is suppressed, there is no transmission array.

After all, if this is not in the position of the totem beast, I don't know if it is for the convenience of the thief!

Therefore, these disciples can only fly quickly.

And the time they flew over was enough for Ye Xuan to kill all the totem beasts here.

These totem beasts have been suppressed by the ban, and it may be Ye Xuan's opponent. It's a knife and a knife. There is no suspense.

When the disciples of these beasts arrived, they saw nothing but a mess, and even the body of the totem beast had disappeared.

As for Ye Xuan, it has already changed places.

When those disciples reported, Ye Xuan had already reached the second goal, Hai Hanfeng.

"Damn, it must be him, it must be the thief, fast, send people to strictly guard the lake, and send someone to go to Haihanfeng, be sure!"

The beasts of the beasts of the beasts provoked Ye Xuan, and they were unlucky.

In fact, these four places to suppress the totem beasts are actually very secretive. The disciples of the nine-ten thousand beasts are not necessarily all known.

Of course, except for the disciples who specialize in the care of these totem beasts.

The disciple that Ye Xuan found was just a watchful disciple.

Offended Ye Xuan, but also hope to retain the totem beast, do you want more?

Twenty-one head totem pieces, plus the last one of Ye Xuan's remaining, is twenty-seven.

Of course, you will not be eager to use it.

When Ye Xuan killed the twenty-six totem beasts above Haihanfeng, he had fifty to three totem marks in his hands.

The poor beasts of the beasts, the dozens of totem beasts that were so pitiful, the result was mostly taken away by Ye Xuan.

.....

"Do the sons want to continue to kill the totem beast?"

From Haihanfeng, the flying smoke asked Ye Xuan.

"Haha, why should I go? Now as long as the beasts of the beasts are not stupid, I am afraid that there have been heavy troops there. I used to vote for the net, I am not so stupid!"

Ye Xuan smiled and answered that his mood is good now.

"Oh, then the son, are you going to go there again?"

Flying smoke looked at Ye Xuan, but also a smile.

"Where? Hey, since those guys thought I would go to the trouble of the totem beast, then there must be no one inside their sect, so I am going to their treasure house!"

Yes, Ye Xuan not only wants to rob the totem beast of the beast of the beast, but also to rob the treasure house of others.

The poor beast of the beast, it is really bloody.

In the case of Ye Xuan, such a killing, isn't it bad luck?

When Ye Xuan was in motion, he went straight to the hall of the beastly god.

From the mouth of the disciple who was controlled by Ye Xuan, he had already known everything he wanted.

Soon, he came to the mysterious hall.

Here, it is the most mysterious place of the whole beast, and at the same time, the core of the whole beast.

"The Beasts Pavilion!"

Wan Beast Baoge is a place where the beasts of the beasts store magic weapons, exercises and other good things. At ordinary times, there are dozens of disciples guarding at any time, but at this time, only ten people are here.

The beastly gods have won people, and they never thought about it. Ye Xuan will be so bold to come here to rob.

Here is the interior of the beast of the beast, here, but the most central place of the beast.

There are so many disciples outside, who can think of it, an outsider can sneak into here.

Unfortunately, others can't, Ye Xuan can.

At this time, Ye Xuan's side has gathered more than 30 million beasts of the beasts.

These are the people who are controlled by the spirit of Ye Xuan along the way.

Because of the call of Mo Gong, the lord of the beast and the two deputy patriarchs, together with more than a dozen strong men, have already gone to the Cabinet, and they are left behind, but only the elders.

Chapter 2140: To rob the beast

Of course, there are more than 300 days of divine disciples in the beasts of the beasts.

However, who can think of it, Ye Xuan will be so swaying into the core of the beastly gods?

"Go, go and let me solve it for everyone!"

Ye Xuan said to these disciples who were controlled by him.

These people, the strongest, are only waiting for the gods, not even a disciple of heaven.

And guarding around the Beast Baoge, there are ten disciples of the gods, and one of them is the strongest of the peaks of the gods.

Counting on these 30 people to defeat the ten gods, there is almost no possibility.

However, the number has become possible.

As for the reason, it is very simple, because these people are all a sect.

Although there are as many as a thousand disciples of the beasts of the beasts, they have been together for at least a thousand years, and they may not know each other.

Therefore, when these more than thirty disciples controlled by Ye Xuan went to the Beast Baoge, those guards did not think much.

"Hey, how did you get back, didn't you catch the thief with the elders?"

"Senior brother is deliberately jokes, I am waiting, obviously know that I am only waiting for the gods to cultivate, it is useless to go, you still say this."

"Oh, the younger brother does not blame, the brother is not the meaning, the brother is just curious, the thief even dared to provoke my beast, is simply looking for death!"

"Oh, yeah, just looking for death..."

Suddenly, these disciples, who were still talking about the moment before, suddenly burst into a powerful light.

There is no hesitation in the attack, even the means are extremely mean!

Where are these guardian disciples?

In an instant, six of them fell directly, and the remaining four were also hit hard. It was only the disciples of the peak of the day, and it was better.

However, he has no chance.

Because, under the command of Ye Xuan, the disciple controlled by the spirit between a dozen meters was directly pounced on him.

Explode!

Godhead blew!

This is the most powerful attack method for everyone.

Because this is an explosion that condenses all of it into a single moment, the power that can erupt is conceivable.

The disciple of the peak of the gods was very embarrassed. He didn't even figure out what happened.

However, it was smashed by a dozen people to kill themselves!

Ye Xuan figure has moved into the 10,000 beasts.

No matter how much, because Ye Xuan is very clear, this is definitely the most central place of the beasts of the beasts. Once there is any abnormality, there will definitely be a large number of supporters of the beasts of the beasts.

So after Ye Xuan entered, there is no problem at all, as long as it is what he sees, no matter what it is, all the income engulfs the space!

"Not good, Wan Bebao Pavilion!"

The great elders of the Beast Court are very incomparable. The only shock in the heart is that he knows himself. While shouting, the figure has disappeared.

Although he did not hesitate, he sent it back. It was just a matter of seconds. However, these few seconds were enough for Ye Xuan to do a lot of things.

"The thief died and died!"

When the elders appeared, they launched a strong attack.

It can be said that this attack is absolutely impossible for Ye Xuan to resist, because the realm of this elder is so powerful that even the system can't probe.

However, Ye Xuan has already prepared.

At the same time as the elders appeared, Ye Xuan also crushed the directional transmission in his hand.

The elders of the beasts of the beasts only saw Ye Xuan who had disappeared with a smile.

At this moment, he is bleeding in his heart, and even can be said to be extremely fearful.

When the lord left, he gave the sect to him. However, he not only lost almost all of the totem beasts, but now he is robbing the beasts of the beasts. How can he bear this blame?

Ye Xuan returned to the endless trial tower, but he did not know that because of his looting, the beast was finished!

Because, this elder knew that he was afraid of death, even after Ye Xuan left, he ransacked the remaining treasures of the Beast Baoge, and then fled with his close disciples.

The gods are so big, the great elders believe that you can definitely find a place to start from the new, not to mention, there are so many treasures in his hands.

The lord of the beast of the beast, the temper of vomiting blood when he got the news.

Thinking of his beast, Shen Xuan is a good Zongmen, but it will be finished in a day!

Without the totem beast, there is no treasure that has been accumulated for tens of thousands of years in the Beast Potter. Then, what else can the beast of the beast be left?

Nothing is left, leaving nothing but an empty shell.

Even the beasts of the beasts still exist, but the strength has also fallen to the lowest point.

Of course, these things have nothing to do with Ye Xuan.

Ye Xuan stood in the endless trial tower, but smiled silly.

"Haha, haha, earned it, this time, it's just earning it!"

Looking at the countless treasures that devour the space, Ye Xuan has already turned over the sky!

"Little guy, what's so happy, this time, I'm afraid you have to challenge it, your pass, but it's gone!"

It is the voice of the gods, but this time, how to keep the voice of God with some smiles.

Is it because I saw Ye Xuan stealing music there, so I laughed?

"Know know, this time, I definitely have to challenge, but I have to prepare."

Ye Xuan said to the guardian god.

At this time, he still has not recovered from the huge harvest.

In fact, there are seven floors in the Beast Baoge, and Ye Xuan's looting is nothing more than the first and second floors.

The treasure is naturally the higher the floor, the better, if it is calculated according to the value, then Ye Xuan got it, but it is only one percent of the value of the whole beast.

But don't forget, this inventory of a sect.

Even if it is only one percent, for Ye Xuan, it is definitely a big profit.

This time, Ye Xuan harvested countless treasures, specifically not to mention.

There are as many as 30 exercises in the single-practice method, among which there is one of the three great beasts of the three beasts of the beasts of the beasts!

First of all, no matter how useful these exercises are to Ye Xuan, don't forget that Ye Xuan can integrate the exercises. That is to say, even if Ye Xuan can't use the exercises, he can also change through the system. The good things he used.

Then there are those Qiankun Rings, those disciples who were initially controlled by Ye Xuan's knowledge, needless to say, Qiankun Ring has long been in the hands of Zao Ye Xuan, and the \*\*\*\* guards behind them have also been taken away by Ye Xuan. .

These things, it can be said that Ye Xuan is simply cheap.
