

## Super D. S 214

Chapter 214: Greed is afraid of death?

After a while, Ye Xuan also came to the palace of the Emperor of the Tang Dynasty. At this time, there were already many officials of the Tang Dynasty in front of the palace waiting anxiously.

"Hey, how did the deputy commander come?"

"Who is the two people behind him, the clothes are familiar."

"That is the official disciple of Lingxiaofu. It was saved and saved. Lingxiaofu came to support it."

"What happened to the emperor, the empire has become like this, how can there be no measures?"

Under the watchful eyes of this group of ministers, Ye Xuan came to the emperor's palace.

Suddenly, this group of ministers was quiet and did not dare to discuss Ye Xuan.

However, their previous discussion, Ye Xuan was listening to it.

Immediately, Ye Xuan turned his head and said, "What are you doing here?"

The group of ministers was shocked. They didn't know that Ye Xuan was asking to sleep.

"You, come out and answer." Ye Xuan casually pointed to a big belly.

This fat minister also slowly came out and said: "Adult, we are here to ask the emperor to send troops and destroy the beast."

"Request to send troops?" After listening to Ye Xuan, his look suddenly changed. He said: "Your emperor should not be greedy and fearful of death, and gather his troops in the Imperial Capital?"

When he rode Ling Xiao Dapeng, he found that there were many military camps around the emperor.

"The emperor has not had any action since the rise of the beast gods. Now the whole dynasty is in a crisis. If it is no longer indifferent, I am afraid that the whole dynasty will..."

The fat minister said with a dignified face.

"The prime minister, are you questioning the decision of the emperor?"

Someone immediately stood up with dissatisfaction.

"Yes, the emperor must do this for a reason."

"I believe that the emperor will come out later."

A group of ministers defended the emperor of the Tang Dynasty.

"Isn't it just because of greed and fear of death? There are so many people who believe it." Song Congjing whispered.

However, her voice just fell, and someone stood up and said loudly: "Little girl, although you are the messenger of Lingxiaofu, you can't say the emperor of my Tang Dynasty!"

This person is a military commander. When he stood up, someone immediately followed.

"Well, if you are not greedy and afraid of death, how can you force all the troops around the emperor, instead of saving the towns that have been trampled by the beasts?" Song Chongjing retorted.

"The emperor must have his thoughts, we should not speculate."

"Yes, it must be like this!"

"My Datang Dynasty will definitely be able to survive this crisis."

A group of ministers still do not believe that a country's emperor will be a greedy and fearful person.

In fact, Ye Xuan does not believe it.

After the rise of the beast gods, even the small empire will send troops to resist, and the Tang Dynasty dynasty is one of the four dynasties, how can there be no action at all?

It's tricky!

"Tang Xing should be back. Even if he doesn't shoot, he will not send heavy troops to suppress. The royal family is indifferent, there must be a conspiracy!"

Ye Xuan thought about it.

At this moment, the generals who entered the newspaper reported that they had come out.

"The two messengers are adults, sorry, the emperor's dragon body is not safe, it is not appropriate to meet, please stay in the palace first..."

Staying?

Ye Xuan sneered in the heart, this emperor has no ghosts, that is strange.

The entire Tang Dynasty dynasty was so hot that they came to help destroy the beasts. The emperors did not go out and let them stay.

"But, wait for me to destroy the mysterious beast, and then come back to see what the emperor is doing." Ye Xuan thought about it, and then turned around: "The ministers, in the next is to destroy the beasts, I do not know. Does anyone know where the mysterious beast went?"

After a group of ministers heard it, their eyes were bright.

The martial artist who just hit the Song Dynasty: "The strength of the mysterious beast is amazing. Even if it is a warrior who first entered the Danish territory, I am afraid it is difficult to deal with it. It has already destroyed several cities, and the emperor has gone to the east a few days ago. ""

"What does he look like?" Ye Xuan continued to ask.

"It is a big snake with only two heads. One head can spit fire, and one head will spray poison. If someone is poisoned, it will be instantly eroded." The generals replied.

After listening to it, Song Tanjing also exclaimed: "It is a double-headed poison scale."

Ye Xuan didn't know much about the mysterious beast, but he didn't ask much. He used to look at it. He immediately hugged his fist: "Well, then we both will remove it for you."

"Congratulations to the two messengers!"

.....

Ye Xuan and Song Dianjing left the Imperial City directly, and then flew over the Emperor's capital of Linglong Dapeng.

"Ye Xuan, the emperor of the Tang Dynasty, does not seem to be timid..."

On the Dapeng of Ling Xiao, Song Tan could not help but ask.

"Well, this Tang Dynasty has an ulterior secret. You know, what sound did I hear at the door?" Ye Xuan turned and asked.

"Is there a voice? Why didn't I hear it?" Song Congjing blinked his eyes and was very confused.

"Yes, it is underneath, my physique is several times stronger than you, I heard a beast." Ye Xuan nodded.

Not only that, but his intermediate-level beasts are also inspired.

Under the imperial city, it seems that there is a powerful creature, at least the mysterious beast level.

"The beast?" The Song Dynasty was stunned and said: "Is it true that the royal family of the Tang Dynasty is related to the beast?"

"clever."

Ye Xuan smiled slightly, he likes smart girls, no need to explain.

"Right, I remember that the beast gods rose up in the Tang Dynasty dynasty a hundred years ago. Later, the Tang Dynasty dynasty couldn't cope with it. Let Ling Xiaofu help and remove this beast." Song Dynasty suddenly remembered.

"It seems that the royal family of the Tang Dynasty should be infiltrated and controlled by the beasts. It is no wonder that this is indifferent to this matter." Ye Xuan said: "But this is fine, they are, I am lazy, I am If you go to kill the mysterious beast, you will be able to break through to the gods, and then go to the treasure house of the Tang Dynasty."

To be honest, Ye Xuan is very interested in the treasure house of the Tang Dynasty.

A big dynasty, the land is thousands of times larger than the Xuanyang empire, and there are certainly many good things in it.

If it was the original Datang Dynasty, Ye Xuan did not care, but now he has a relationship with the Beast, he has to be cautious.

Caution is the boat!

After leaving the Imperial Capital, Ye Xuan rushed to the east. On the road, he saw many refugees who fled, and they also learned about the fate of the beast and the head of the poisonous scale.

The overall strength of the Tang Dynasty was not weak, and the strength of the heavens and the earth was abundant, so many powerful monsters and beasts were born.

Ye Xuan Road has encountered a lot of waves of hundreds of animal tides, and those who have just resurrected soon, can see the bones of the beast.

For these monsters, Ye Xuan jumped directly and killed him directly with the arrow rain.

The ordinary demon corpse, Ye Xuan does not look up, so he lost a place. But the body of the beast, Ye Xuan has received a lot, and then swallowed after the breakthrough, otherwise it is too bad.
