

Super D. S 2141

Chapter 2141: Strong skill

Such a good thing is hard to meet for the second time.

It is also so easy to be sneak attacked by such a sect of the sacred beast, such as the beast of the beast, and the other sects, Ye Xuan is afraid that he has been killed before he even started.

It is hard to imagine a person who sneaked into a treasure house of a sect.

What's more, this person is only a man of God.

"System, come, upgrade, haha, the big harvest time is up. Right, the system, you can count it, I can only upgrade to the top of the gods, you can not upgrade to the gods. !"

Good tone of the cow!

See you, upgrades must be counted, do not upgrade more!

Ye Xuan is now a living tyrant. This kind of upgrade, I am afraid that I can not find a second home.

"Hey, the host breaks through, and the current nine products are in the top of God!"

Accompanied by the prompts of this system, Ye Xuan successfully upgraded to the nine people and other gods, that is, the peak of God's humanity!

Moreover, as long as Ye Xuan intends, he can even break through to the gods at any time, because he now has enough resources in his hands.

This time, even the one-third of the resources that Ye Xuan robbed were used.

It is so wayward!

You can upgrade, just don't upgrade!

However, next, Ye Xuan has to start thinking about how to strengthen his own strength in the case of the peak of the gods, and now the realm is enough, but the strength is still a little worse.

After all, this time the challenge, the Guardian God has already made it clear, it is not so simple, Ye Xuan wants to succeed, it is impossible to take out some strength.

"So, let's start with the exercises!"

"Come on, the system, all these all the exercises are reinvented, I don't believe that so many exercises can't get a good practice!"

The practice of the beasts of the beasts of the beasts is not seen by Ye Xuan. Even if they say that the town sects are in the eyes of Ye Xuan, it is just like that.

It's better to let the system merge, say no, and get the benefits that are not intended.

Through the integration of more than 30 exercises, what new skills can be raised?

Ye Xuan heart is very hopeful in the middle.

"Hey, the host chooses the fusion of the exercises, the fusion!"

"Hey, the system prompts, congratulations to the host, get special exercises, summon the world!"

what?

Summon the world?

What is this ghost?

Ye Xuan quickly and carefully looked at the practice, but after reading it, it was mixed.

What does this call the world strong?

Very strong and strong, it can be said that it is simply to the point of being eye-catching.

Summon the World: Special exercises, only for the host to use, can not be passed to anyone, will consume ten swallow points per use.

Special effect one: Any character summoned by the host, the bottom of the guarantee is not lower than the current level of the host, not capped!

Special effect 2: The host can summon any character fantasy, whether it is fictional or realistic!

Special effect three: The host can summon thousands of horses, but the average strength is weakened.

Restriction: Summon the world, only once a month, and the summoned characters can not be specified, each time will be randomly different!

Yes, it is such a cow, but the cooling time is chilling.

It can only be used once a month. What kind of ghost is this?

Of course, Ye Xuan is not really unsatisfied.

You know, the characters that are summoned are not capped.

The most important thing is that you can summon any character.

Even, even if Ye Xuan Ming Ming and someone are hostile, when they are ready to start, it is not impossible for Ye Xuan to summon and summon the person directly.

In short, this summoning of the world is simply a super skill that is powerful and explosive.

Moreover, in addition to summoning personnel to fight, it is also possible to summon a thousand troops and horses. It is not so cool.

Well, there is a limit, that is, ten swallowing points.

However, directly ignored by Ye Xuan, if you do not consume the swallowing point, Ye Xuan will be strange, there is a consumption of swallowing points, does not represent the system produced?

Produced by the system, it must be a boutique.

Ye Xuan, is satisfied.

The practice is there, then, look at whether there are other things that are useful for this trial.

Ye Xuan carefully examined the treasures he had obtained, but the result was that he was somewhat depressed, not that these treasures were really useless.

In fact, there are still a few good things in it, but the key point is that all of these things use the swallowing point without exception, and the lowest point is to use the five-point swallowing point, or other materials are not enough.

In this way, Ye Xuan does not want to use it.

That being the case, then Ye Xuan said directly to the Guardian God:

"Keeping the gods, I am ready, I am going to start the supreme trial!"

"Little guy, are you thinking about it?"

"Of course, since I have already reached this step, I can't give up!"

"Oh, rest assured, little guy, I will keep you safe, leave your godhead fragments, even if you are unfortunately killed, I can save you. Rest assured, I leave your gods fragments, not that kind of The shards of the restricted class, but the fragments of the gods that contain your gods and souls, will leave you a second life!"

Ye Xuan is stunned. What he thinks now is not why the gods of the gods want their own fragments of gods, but the words of flying smoke!

At the beginning, Feiyan said that it was the leaves of the goddess that Ye Xuan helped to return to Feiyu. It seems that the flying smoke is true.

This is not the case, at this time, the guardian **** is also asking Ye Xuan to be a fragment of the gods.

"Keeping the gods, I have a ruthless request, can you give me the fragments of Feiyu?"

Ye Xuan said directly, he does not know whether Guanshen can promise, but since Feifei has asked him this request, then Ye Xuan will not be stingy.

"Oh, you want to fly the feathers of the gods? Yes, anyway, this thing is not useful to me! Then!"

I did not expect that it would be so simple, even if the guardian **** would not ask more, he would directly throw the fragments of the flying feathers to Ye Xuan.

Ye Xuan is not a guest, directly squandering this sacred piece of debris into the space, together with Li Lei, Yu Bai and others, is planted next to the long soul flower.

"Well, now I will send you to the test. What I can tell you is that this supreme test is all random. This is the space that the master has specially made with the supreme power. The test there will be based on your own. The strength to choose the right illusion. Young people, come on!"

The voice of the Guardian God disappeared, and at the same time, Ye Xuan's figure disappeared from the trial tower.

When he appeared again, it appeared on a floating island.

Ye Xuan looked down on it. It turned out to be nothingness. Looking up, it was nothing.

The size of a small island in this district is actually built in the void!

Chapter 2142: Self challenge

Ye Xuan stood there alone, waiting for the assessment to proceed.

The guardian **** said that this time the supreme trial is to adjust the opponent according to his comprehensive strength, that is to say, even he himself does not know, who his opponent will be.

Or, what would it be?

However, Ye Xuan's wait did not last long, and soon, on the floating island, there was an illusory shadow.

Yes, it is a shadow, and this turned out to be Ye Xuan's opponent.

"are you ready?"

The shadow will speak?

Ye Xuan stunned, this shadow, actually can still talk!

"Be ready to start!"

Ye Xuan also said to the shadow, at the same time, it also set the posture.

This time, Ye Xuan did not take the initiative to launch an attack in advance, because he did not know what kind of ability this shadow has.

Of course, one thing is certain, that is, the strength of this shadow is by no means idle.

"Thousand beast swordsman, come out!"

A voice came and summoned a thousand beasts!

Is it that Ye Xuan is working?

Do not!

No!

Actually it was that shadow, he actually used the magic of Ye Xuan.

This!

what's going on?

Ye Xuan lived, he couldn't think of it, this shadow will use his skills.

Soon, there was another shadow around the shadow.

At this time, Ye Xuan only noticed that the outline of this guy is actually similar to Ye Xuan's own nine points.

And the outline of the thousand beast swordsmen is exactly the same as Ye Xuan's thousand beast swordsmen. Of course, they are all shadows.

Sure enough, without the accident of Ye Xuan, at the same time as the shadow of the beast swordsman appeared, he directly launched a large-scale beast, and then, a thousand-headed god-level mount appeared!

It's all shadow!

Actually, this time Ye Xuan's opponent is himself!

what is this?

This **** trial, let Ye Xuan fight with himself?

How to fight this?

In fact, let Ye Xuan go to deal with the enemy, then, Ye Xuan can be said that there is no hesitation at all, nor fear.

But for yourself?

Often, the person that one knows best is himself, and the person who knows the least, the same, is himself!

Ye Xuan brows his wrinkles. He knows the challenge of this time, I am afraid it will not be that simple.

This shadow, the surface seems to be not much different from Ye Xuan really, but Ye Xuan is still keenly aware that this shadow is not flexible, but the skills used are stronger than Ye Xuan.

Those shadow-level mounts are all heavenly, that is to say, the skill of this shadow Ye Xuan is strengthened.

Do you make up for his inflexibility in an intensive way?

Ye Xuan thought about the problem in one heart, while already shooting, it is also summoning a thousand beast swordsman, as well as a god-level mount.

However, Ye Xuan's eyes have been staring at the shadow.

.....

After a while, Ye Xuan's mouth was hung with a smile.

This supreme trial, perhaps, Ye Xuan has understood his real purpose.

This trial is not a trial for trials. In fact, it is more like training and training.

Converging the shadow of a challenger, completely imitating all the capabilities of the challenger, it can be said that this is constantly collected data when Ye Xuan fights.

That is to say, perhaps from the beginning, from Ye Xuan entering this absolute valley, there is a pair of mysterious eyes watching Ye Xuan, watching Ye Xuan's every move, watching all the actions of Ye Xuan.

The reason why this is done is not that there is any bad meaning. On the contrary, it is precisely to better help Ye Xuan.

I don't want to say anything about rewards. This shadow opponent is an opportunity for Ye Xuan to better understand himself.

After trying to understand the key, Ye Xuan's heart is full of gratitude.

Yes, this trial is very majestic, and one is careless, that is, fallen.

However, before entering here, Ye Xuan's Godhead fragments were taken away. That is to say, from the beginning, this supreme trial was an absolutely safe environment.

The master here is simply to cultivate the people who enter the supreme trial.

Then, fight!

Do your best to fight, and use this battle to prove that the owner's eyes are not wrong.

Use this full force to let Ye Xuan discover his own shortcomings.

.....

The shadow god-level mount and Ye Xuan's god-level mounts have been strangled together, and Ye Xuan himself rushed to the shadow.

Every time, the shadow does not use special skills, Ye Xuan will not use it, but a sword and a sword to rub yourself.

Ye Xuan's current battle is like looking in the mirror. As long as Ye Xuan observes it carefully, he can find his own shortcomings.

As long as it is the shortcoming of the shadow, it is Ye Xuan's own shortcomings. The battle lasted for a long time, and even Ye Xuan had forgotten the time.

Thousands of beasts and swordsmen died in battle, but they waited until the cooling time had passed, and they were immediately summoned again.

The battle between Ye Xuan and the shadow has never stopped for a moment.

.....

time flies.

On this day, the battle is still not much different from the past, but suddenly, the shadow disappears.

A voice rang at the same time.

"Young people, qualifications are OK, you are very good, the deity is very satisfied, compared to the previous few guys, your mind is even better, I did not expect that from the beginning, you have already seen the true purpose of this trial. So, have you learned it?"

This voice is very old.

No, or should be described as more appropriate with vicissitudes of life, this voice is very embarrassing, as if it does not exist at all.

"I learned!"

Ye Xuan replied faintly. ,

Yes, he learned, but what did he learn?

A feeling, an understanding, a harvest that is indescribable in words.

If you say that the previous Ye Xuan battle is a master.

Well, now Ye Xuan is a generation of masters.

The same skills, after this baptism, Ye Xuan will be more used.

This can be an opportunity that cannot be met. It can be said that it is more worthy of cherishing than any reward.

The voice was silent for a while, and it seems to be remembering what Ye Xuan did during this time.

Indeed, a lot has grown!

Immediately, he said: "Well, since you have learned it, take it, this is your reward!"

A jade character flew to Ye Xuan, yes, this is the reward of Ye Xuan.

"Little guy, from today, you are the only surviving person of my Taikoo Emperor. Everything about me will belong to you."

"However, your strength is not enough, so give you too much, otherwise it will only make you add trouble."

"Work hard, whenever your strength meets the requirements, then the jade in your hand will open a new tip for you."

"Well, the strength of the deity is not enough to once again condense such a test. From then on, there will be no trials. You must also remember that you have never participated in any supreme trial."

"You are just getting the title of intermediate tester!"

Chapter 2143: Mo Shangge

"Yes, the younger generation understands."

Ye Xuan nodded respectfully, his natural way, the ancient emperor, what kind of wealth left for himself.

"You understand, remember, before you have enough strength, don't say your identity, your enemy is strong enough to be unimaginable."

"Of course, don't feel that the deity is asking you trouble. In fact, even if you don't want to, they will still find you, and will still kill you. Any genius, they will not let go, or say, any god, They won't let go..."

"Dissipate it, let it go, let everything turn into a cloud of smoke, a battle of hundreds of millions of years, countless times of reincarnation, after all, what is the end..."

The last sentence of the Emperor Taikoo, Ye Xuan did not quite understand what it meant.

However, Ye Xuan understands who the enemy of the Taishen Emperor is, although the Emperor of the Taigu did not say it, but he already knew it.

Off!

Yes, it is off!

I am afraid that in the war of the ancients, there will be inevitable figures!

The sound disappeared, and the floating island where Ye Xuan was located collapsed quickly. Ye Xuan did not dare to stay, and went straight into the transmission array and left.

.....

"you made it?"

When Ye Xuan came out, the guardian **** asked excitedly.

"Yes, I am successful!"

Ye Xuan naturally does not hide.

"Haha, haha, you succeeded, the master finally found the new Prince Edward..."

"No, it should be said that it is a new **** emperor!"

"Little master, please forgive the old servant unreasonable, the old servant has no ability to follow the little master, so let the old servant continue to follow the old master to leave!"

"Little master, goodbye."

The Guardian God suddenly laughed, and at the same time, Ye Xuan's figure was forced to leave.

Just when Ye Xuan left and left the vast valley, the entire stalwart valley suddenly changed dramatically, just like a mirror was broken, and the entire ruin valley was so fragmented. .

Whether it is a mountain or a river, whether it is a cloud or a flower or a tree inside.

As if, everything is illusory, and at the moment, the illusion is broken.

This process does not last long, and only Ye Xuan sees it alone.

When it was over, the vast valley was restored to its original state in an instant.

Even if it is one of the stones, it is no different from the beginning.

However, Ye Xuan knows that this looks exactly the same as the valley, which is different, because it loses the value of existence here and loses his soul.

From now on, here, it is just a common valley.

Of course, all of this is only known to Ye Xuan.

He silently watched the disappearance of the valley, and did not speak.

Although it is said that the time of contact with the Taishen Emperor is very short and short, and in this vast valley, Ye Xuan does not have any pleasant memories.

However, at the last moment, the Taikoo Emperor left Ye Xuan's unimaginable wealth and opportunity. All of this made Ye Xuan not forget this place. Similarly, the ancient gods could not be forgotten.

"It's time to leave!"

Ye Xuan turned and prepared to leave.

However, as soon as he turned around, he found that the flying smoke was standing behind him!

"When are you gimmicks, when are you coming over, God is not a ghost, can you not stand behind me next time, strange and scary."

"The son will be scared by the little girl?"

Flying smoke smiled and looked at Ye Xuan, and the joy in his eyes was not hidden.

Ye Xuan is speechless, but it is not good to provoke this girl. This is the mouth of the girl, but it is slippery. Anyway, Ye Xuan is not sure what he can say.

"Hey, the system prompts, congratulations to the host to complete the random mission, explore the absolute valley!"

"Hey, the system prompts, the system repair is improved! Currently 40%!"

"Hey, the system prompts that the system is more user-friendly and will actively provide some rationalization suggestions for the host."

"Hey, the system prompts, congratulations to the host to complete the random task, the system randomly issued rewards!"

"Hey, the system prompts, congratulations to the host to get rewards, swallowing 10 points, a random special material!"

Ok?

Rewarding the swallowing point?

Ye Xuan is a bit strange, actually can also reward 10 points to swallow?

Of course, this is a good thing for him, and naturally it will not be disgusted.

However, in fact, Ye Xuan is not very concerned about rewards, he is concerned about another hint of the system.

Unexpectedly, the humanization of the system has improved, and I can give myself some rationalization suggestions in the future.

Of course, Ye Xuan understands that the system is a system after all, and it is never possible to provide guidance to Ye Xuan with one person.

The so-called rationalization proposal is just a reference based on data analysis. In the end, it is still only Ye Xuan himself to get the idea.

Of course, this is undoubtedly a good news, because the system has absolute rationality, the system can not be emotional, so the results he analyzes are definitely the most suitable solution.

However, I just don't know, this function, what is the specific use.

It seems that I have to wait for it to be discovered later.

Out of the valley!

Ye Xuan still has some reluctance.

To be honest, after coming to the realm of the gods, Ye Xuan spends most of his time in the vast valley. It is not an exaggeration to say that Ye Xuan is the most familiar place in the realm of the gods.

It is a pity that he did not even have time to see the whole picture of this local valley. Even the inner valley has not yet entered, but it disappeared in front of Ye Xuan.

So what are you doing next?

"Forget it, still look for the fall."

Ye Xuan said faintly, then he walked forward.

Flying smoke silently followed Ye Xuan's skill, not much words.

Do not go to the cabinet!

It seems that it is time to take a look at this.

Ye Xuan heard that this has been on the pavilion for a long time, not to mention the fact that this is not a shackle, so Ye Xuan said that I have to check it out.

"Hey, nine hundred nine thousand nine hundred ninety-nine ninety-nine totem beasts? Want to collect it completely? How could you give me a chance!"

Ye Xuan is moving fast. He doesn't even have to fly the cigarette, because even if the flying smoke is left behind, as long as Ye Xuan stops, then you can instantly locate the position of Ye Xuan and then transfer it.

Seriously, Ye Xuan is quite jealous of this magical power. Unfortunately, the system is damaged, so that many things before him are gone. Now, I have to run on my own.

Mo Court is located in the Moshang Mountain Range. It is precisely because of this that it was named after the cabinet. This is a very closed sect.

Although they have absolute strength in this film, their people are rarely seen in the eyes of the world.

In most cases, the connection with Mo Gege can only pass through the only city outside Moshang Mountain, Mocheng!

Chapter 2144: Three major lists

Among the Mocheng, there are disciples of Mo Gege who have been stationed for a long time. At the same time, they are also the main place where Mo Gege recruits new disciples.

The location where Ye Xuan is now is Mocheng.

"Two guest officers, what do you want to eat?"

Ye Xuan and Feiyan are sitting in a restaurant at this time. This restaurant is directly opposite to the office.

At this time, there is a lot of people outside, and I don't know what to do.

"Small two, this is what you want to do, why are there so many people gathered around?"

"Hey, is the guest officer coming from a foreign country?"

Xiao Er asked with a smile.

Field?

Ok, Ye Xuan is just a foreigner.

"Well, yes, we are coming from outside."

"Oh, this is no wonder."

"This month, it's a ten-year apprentice day. The people you saw are coming to the outside of the cabinet with the idea of trying to give it a try. Their purpose is also to think. Look to see if you have the chance to become a disciple of Mo Court."

"However, I have been here for hundreds of years. I have seen such a number of people who have been on the shelves. These people, I am afraid that one percent will be able to go in."

Upon hearing this, Ye Xuan's pretending question asked: "Oh, is the test so difficult? As far as I know, the strength of this cabinet is so good, how can it be so attractive?"

The shop's second child looked at Ye Xuan with a strange look, and then he said without hesitation: "You are outside, you don't know it."

"This is not so simple. They are not only proficient in the way of the beast, but also proficient in the prohibition, and the supernatural powers are extremely powerful. All the geniuses in the square!"

The gods are very big, so the unit for calculating the distance is the realm!

The so-called one environment, if it is replaced by other places, even comparable to the size of a continent.

The scope of the world can be really small.

If you say that the population is in the middle of the world, it is afraid that there are more than hundreds of millions of gods.

Ye Xuan nodded, and said with amazement: "Really? I didn't expect that this is a powerful thing, but what about the training camp? Is it a college?"

"Haha, guest officer, you can really make a joke, but you can say that this is right. This is not a training camp. It is really similar to the nature of the academy. Small so explain to you, this is not There are three major lists in the upper academy. The first list is the list. The above characters are the most powerful characters in the world."

That small two paused and continued: "This second list is called the Moss list. Of course, under normal circumstances, everyone calls it the talent list. The characters above are all young people, and they gather all of them." The genius character. As for the third list, it is the comprehensive strength list, but it is marked by the most powerful family, Zongmen, etc.

Ye Xuan nodded and suddenly rose up and smiled and asked: "I heard that there is a 10,000 beast, it seems that the strength is good, I don't know, how many ranks on this power list?"

"The beast of the beasts? On that door, there is no qualification for the list, not to mention the current chaos. As far as I know, when the beast is the most powerful, it is only after the qualification."

"On the list? Just rely on them, there is no chance!"

Listening to the words of Xiao Er, Ye Xuan's heart was slightly surprised. The beast of the beast, even the qualifications of the list, did not appear. It seems that this list of the cabinet is indeed not to be underestimated.

"Small two, I am asking you, want to enter the training camp, what are the conditions?"

Ye Xuan said, while he took out dozens of Shenjing and handed it to Xiao Er.

Shenjing is the universal currency of the gods. However, it is for the gods, but for the mortal, in fact, it is not even qualified.

This shop is very scared, not to mention dozens of pieces, even if he does not eat or drink for a hundred years, he will not earn a **** crystal!

Of course, he would not be stupid to refuse, and immediately took those gods to the past.

Take advantage of this, the store is a small second is nothing to say, as long as Ye Xuan asked, if he knows, it will be explained in detail.

It turns out that there are not many requirements for entering the training camp.

First of all, you have to have a clean identity. To put it bluntly, someone has to introduce it.

Secondly, you have to have a certain talent, the realm is second, talent is very important.

There are no other requirements for these two requirements.

In fact, it's very good to hide in the cabinet. For example, this is not a training camp. It seems to be a convenient place for everyone. It is a place to teach magical powers. However, I know the essence of the cabinet. But they are very clear about what they are!

"Okay, Xiao Er, go get some food for us."

Ye Xuan retired from the store's second, but it was planned in the heart. It seems that it is necessary to go in and see it.

Although it is important to find a place to fall, Ye Xuan can't neglect the news about the organization.

Besides, the news on the side of the hundred operators has not yet arrived, even if Ye Xuan is now delaying a little time, there is nothing.

And the sense of falling has always existed, then it means that there is no danger of falling.

"Shantou, your son, I am going to go to the training camp for a while, you, what are you going to do?"

Ye Xuan looked at the flying smoke. The nominal flying smoke was the slave of Ye Xuan, but in fact, Ye Xuan never even used the flying smoke as a slave.

At this time, Ye Xuan is ready to enter the Mo Court, and is also considering the matter of flying cigarettes.

"Since the son is going, then the little girl will go in with the son!"

"Oh, so confident, how do you think you can go in?"

"The son can go in, then the little girl can go in."

Feiyan's answer is very good and very powerful. However, Ye Xuan does not know where the flying smoke comes from, and does not say anything else. He said that the introducer, I am afraid that there is no way to get the smoke as a slave. Right?

As for Ye Xuan himself?

What is not introduced, it is not a matter at all, what is the identity of Ye Xuan in Lingxuan Pavilion?

That is the elder of the guard, that is to say, Ye Xuan himself wrote an introduction to himself, to ensure that the people who took the cabinet had to be careful to wait.

The introduction of the elders of Lingxuan Pavilion, can other people compare?

Without hesitation, Ye Xuan directly gave himself a promotion, but he did not really go to the smoke, but also made a copy of the flying smoke.

After eating a sumptuous meal, Ye Xuan went with the flying smoke and went to the office.

Here, it is the place where Mo Gegong recruits disciples, and at the same time, it is also the place to apply to join the training camp.

Chapter 2145: Hidden smoke

"Queue, queue, your kid, how to jump in?"

That long team, let Ye Xuan go to the queue?

I thought more, so Ye Xuan went straight to the front with the flying smoke. This is the rhythm of the intention to cut the team.

This does not immediately cause dissatisfaction among others.

However, Ye Xuan did not pay attention to these people, even the person who spoke is a god.

"Don't worry about him, hey, when it is here, the disciples of the cabinet will not pay attention to him."

Everyone looked at Ye Xuan's eyes full of disdain.

Not to mention, when Ye Xuan went to the front, the disciple who worked, really said to Ye Xuan:

"Little guys, sign up and line up, unruly people, I don't welcome the cabinet."

"Oh, yes, really don't welcome me, then I will leave."

Ye Xuan's hand has already produced his own recommendation, but he said it in a pretentious manner.

The disciple looked up, this is the first time he met someone who spoke to him.

You know, whoever came to the cabinet is not trying to get into the cabinet, this time it is good, and there is a guy who can't go without saying a word.

It's hard to say that it's unobtrusive.

However, when the disciple saw Ye Xuan's recommendation, his heart suddenly stunned.

Lingxuan Pavilion is an auction, but it is also an auction that all parties can't afford to sin, because Lingxuan Pavilion not only has resources, but also has strength.

"That, wait a minute, can you let me see your recommendation?"

"You are not saying, don't welcome me, I think, I still leave better."

Ye Xuan's mouth is slightly upturned, which is what he wants.

"That, this young master please wait a moment, it is my disciples who are negligent, please do not blame the young master."

At this point, a middle-aged man came out, first glanced at the disciple, and then hugged his hand to Ye Xuan.

the reason?

Very simple, Ye Xuan's hands, don't say that he is such an ordinary disciple, even if it is to change to the elders in the cabinet, you must be careful.

Ye Xuan, of course, may have really left. His purpose is to enter the cabinet. If he leaves, then how can the rest of the play be played?

Therefore, Ye Xuan looked at the disciple with disdain, and then handed over the things in his hand.

The disciple carefully took over the recommendation of Ye Xuan, and the more he saw it, the more he was shocked.

Can you not be scared? This is the recommendation of a guardian of the Lingxuan Pavilion. In the language, it is all compliments and praises...

My sister's recommendation for myself, that's not a good thing to say casually.

"Don't ask the son of your family?"

"Ye Xuan!"

"It turned out to be Ye Gongzi. What is the relationship between the son and the elder of the Lingxuan Pavilion?"

"What elders are not elders, who knows who he is, I just have no one around me, so let him write the recommendations, how, there is a problem?"

Silence, silence.

At this time, no matter those who lined up, or the disciples who were in the cabinet, they were all shocked.

The elders of Lingxuan Pavilion, what kind of person is that?

However, in Ye Xuan's mouth, it seems like that!

So, what kind of identity is Ye Xuan?

Ye Xuan will ignore the elders of Lingxuan Pavilion. However, the elders of the guards are still full of compliments in the speech. Only this point has proved that Ye Xuan is not simple.

"No, no, no problem, no problem. Since the son wants to join me, I will not have any problems."

The disciple said with a smile, in fact, even the realm of the gods, the identity background is a non-negligible existence.

Ye Xuan looked at the disciple of the Mo Gege, and said very arrogantly: "Who told you that I want to join you, but I just want to go to the training camp to play."

"Okay, okay, the son wants to join the training camp. It is natural." The disciple did not dare to be disrespectful and respectful.

Ye Xuan nodded and said nothing.

Then, the flying smoke went away.

It is also the recommendation of Lingxuange elders. However, Ye Xuan's recommendation for Feiyan is also an ordinary recommendation. After all, Ye Xuan does not want to make the flying smoke too eye-catching.

The disciple looked at the recommendation of the flying smoke, and looked at the Ye Xuan. I already understood that I was afraid that the flying smoke was only the accompanying reading of Ye Xuan.

"This, flying smoke is right, you join the training camp, there is no problem, but in the training camp is not allowed to use illusion camouflage, so please also remove the illusion camouflage, you see? "

In the last sentence, this disciple asked Ye Xuan because he understood that Ye Xuan had the right to decide.

However, he knows where, in fact, Ye Xuan did not intend to control the flying smoke.

The flying smoke is also directly, and with a wave of his hand, he will withdraw his illusion camouflage.

"So, is it ok?"

The voice is still that voice, but the person is not the one.

The former flying smoke, in the eyes of Ye Xuan, is definitely not a beautiful woman, that is, an ordinary girl.

But now, once the flying smoke removes the disguise, the real appearance is revealed, but it is difficult for countless people to directly remove their eyes!

"What a nice view!"

Someone said it unconsciously, and this is the voice of everyone.

What happened, Ye Xuan is a little surprised.

I was going to see how beautiful this flying smoke was, but I knew that the flying smoke had just returned to the ordinary appearance.

"My son doesn't allow me to expose my appearance outside, so you can see if it's convenient."

At this time, Ye Xuan, slightly frowning, and walking towards the flying smoke, is really a bit unsatisfactory.

When everyone heard the words of flying smoke, they looked at Ye Xuan with a slightly angry look. In their eyes, the beautiful appearance of the flying smoke should be displayed so that people can see it.

However, this guy, actually so selfish, does not allow such a beautiful woman to show his face.

What is this?

However, Ye Xuan's heart is also thinking about this sentence!

"Where, what does this have to do with me? Looks like, I have never seen the original appearance of flying smoke! This is a bully!"

Looking at the smiling eyes of the flying smoke, Ye Xuan was extremely depressed.

Of course, for such a small matter, Ye Xuan may not have to find the trouble of flying cigarettes.

.....

"Since it is the meaning of the son, then you can franchise you without having to remove the disguise..."

The disciple's heart is simply bleeding, so beautiful face, he actually has the opportunity to see it every day, this is simply unacceptable.

Unfortunately, he did not dare to offend Ye Xuan, so this can only be thought of in his heart.

Some people may say that since Ye Xuan came to the training camp to probe the news, then it should not be so publicized!

However, Ye Xuan will tell him that Ye Xuan not only wants to publicize, but also has more publicity!

Chapter 2146: Initial training camp

Because according to Ye Xuan's plan, he used to attract firepower. As for the investigation, he can hand it over to the bones of the bones.

Of course, it seems that now, someone is more attractive than him.

That is flying smoke!

How beautiful is the flying smoke, will actually make these people collectively lost?

Ye Xuan was thinking about this issue until Ye Xuan walked into the training camp.

However, the flying smoke does not show his face in front of him, and Ye Xuan will not force it.

There is no fixed time for recruiting disciples in the training camp. After all, once you join, it is normal to stay in it hundreds of years ago, and even tens of thousands of years are not.

Therefore, for the collection of disciples, the training camp has always been as long as there are people who meet the standards, they will receive!

The training camp of the gods!

Ye Xuan was quite surprised at this time.

To be honest, the influence of Zongmen, the family, the alliance, etc., Ye Xuan is not surprised.

However, getting such a training camp out, always let Ye Xuan feel a little strange feeling.

Of course, such a big **** world, there is nothing, it seems that it is not too much surprise.

"Ye Yeh, your room has been arranged for you. At the same time, this training camp is fully open to you. You want to use any magic weapon, or you can learn anything, there is no limit."

The disciple who led the road for Ye Xuan was very respectful to Ye Xuan. Even on the way, I introduced a lot of things to Ye Xuan.

Of course, Ye Xuan still shows a high profile.

"Okay, I know, you go back."

Ye Xuan waved his hand as if to treat this disciple as his follower.

However, the disciple did not dare to violate Ye Xuan's wishes, so he directly retired.

Feiyan is not assigned with Ye Xuan. Of course, this is the meaning of Ye Xuan. Otherwise, if you want to let Feifei be with yourself, it is just a matter of words.

Ye Xuan did this only to facilitate the investigation.

At this point, Ye Xuan was alone in the room, but he thought of the jade.

Yu Xuan, who was left to Ye Xuan by the Emperor of Taikoo, has not yet studied carefully.

Anyway, there is nothing wrong at the moment, so it is better to take a look.

Ye Xuan took the jade out of it. On the surface, this jade symbol does not seem to be special. At least, Ye Xuan can't see how it can be. This jade can give him the inheritance of the ancient gods. of?

This is a jade, not a ring, so he can't store things?

Can it be said that what is the practice or treasure map?

Ye Xuan stunned, and God read it outside, trying to explore one.

.....

When Ye Xuan's thoughts invaded the jade, it was only between the moments that Yu Fu's words would be an aura and merged with Ye Xuan's gods!

Yes, it is a fusion with God!

At the same time, in Ye Xuan's heart, the inexplicable one gave birth to a feeling, and there was a memory that did not belong to Ye Xuan.

The content of this memory is very simple, that is, the realm of the box leaves is not enough. When Ye Xuan reaches the heavenly state, he will receive the inheritance of the ancient gods at the initial level.

What kind of means is this?

What is the jade character, what is it?

Ye Xuan is hard to imagine.

It can be said that the jade symbol is simply a magical thing that Ye Xuan has never seen before.

What is the **** of heaven?

In fact, Ye Xuan has a lot of resources in his hands. If he swallows up, he even needs only a small part of it to break through the gods.

However, Ye Xuan did not choose to break through.

At the beginning, it was because of the final trial, so Ye Xuan deliberately retained the realm. As for restrictions, Ye Xuan was to be low-key...

His actions can be arrogant and can attract the attention of everyone in the training camp. However, his realm cannot be too high.

Because only in this way, people in the training camp will despise Ye Xuan.

On the one hand, because of Ye Xuan's special avatar and arrogant behavior, he retired from the three points, but on the one hand, he missed the three points because of the cultivation of Ye Xuan's god.

Undoubtedly, this will make it more suitable for Ye Xuan's actions.

The secret of Yufu seems to be temporarily unraveled. It seems that the words of the ancient gods are true. Only the strength of Ye Xuan will gradually improve the benefits left by Ye Xuan in this inheritance.

.....

Today, it is Ye Xuan's training in the training camp on the first day.

The entire training camp is divided into two inner and outer battalions, and the outer camp is divided into ten major departments, each of which learns something different.

The elders who taught in the training camp are not only those who are in the cabinet, but also the elders of other forces.

It can be said that there are so many things that can be learned.

Ye Xuan has a special identity, so the first one is directly entered. The first one is more than the other nine. The only one has only one privilege, that is, the right to listen.

In other words, Ye Xuan can go to listen to any choice that he is interested in.

Of course, as the first day to participate in the training, Ye Xuan still has to go to the first part to see.

The first part of the staff is relatively small. After all, among the first part, there are people with backgrounds.

There are even ten people on the so-called power list, and six of them are the first ones.

We must know that it is not the three major powers of the training camp. The statistics are all the forces in the world. It is conceivable how powerful this first part is.

However, the arrival of Ye Xuan attracted hostility, not friendship.

"Hey, are you new?"

Ye Xuan entered the first department and was stopped by a teenager.

Ye Xuan looked up and looked at the man, though, let's say, because Ye Xuan now chooses to play the role, it is a character that is not to be seen, but it is so troublesome to find the door, but it is also out of Ye Xuan. Unexpectedly.

"What, do you have an opinion?"

Ye Xuan raised an eyebrow and looked at the man with a provocative look.

"Hey, cockroach ants."

Who knows, the man even looked at Ye Xuan directly, and turned around and left.

Ye Xuan did not care, walking directly toward the inside.

Soon, another person came over.

"Ye Shaoye does not have to care. The person is Jubao, and naturally it will be uncomfortable to see you."

"Oh, it turned out to be the case, then why are you willing to contact me?"

Ye Xuan looked at this person, some doubts.

"Oh, I am Kunsang of the Juding Chamber of Commerce."

The man said faintly.

Juding Chamber of Commerce?

What the hell?

Ye Xuan has not heard of it.

However, he can roughly guess why this person will take the initiative to contact himself. I am afraid that this gathering of business should be a good relationship with Lingxuan.

Ye Xuan's identity was published very arrogantly when he joined, a young master who had a special relationship with Lingxuan Pavilion. At least, it was like this on the bright side.

Well, people who have a good relationship with Lingxuan now take the initiative to find Ye Xuan, which is also a matter of reason.

Chapter 2147: Person looking for something

This first training, at the beginning, did not have anything. Although everyone did not wait to see Ye Xuan, they did not find trouble.

However, this training has just ended, and someone will come to see Ye Xuan.

"You are Ye Xuan?"

This person, Ye Xuan does not know, is not the first person, but if you dare to come to Ye Xuan's trouble, then, Ye Xuan will naturally let him go.

In fact, Ye Xuan understands that this is nothing but a sentiment.

Inferior gods realm?

Looks like Ye Xuan is indeed a little higher, but Ye Xuan will care?

"who are you?"

Ye Xuan did not answer the other party's question, just looked at the person faintly, with a little disdain in his eyes.

"Hey, it doesn't matter who I am, but I heard that your kid is crazy. You know, what are the rules you need to follow when you get here?"

Ye Xuan smiled slightly, the rules?

What rules does this guy talk to himself?

Just rely on him, what qualifications does he have to talk to himself about the rules!

"What rules are irregular, this young master does not know!"

Ye Xuan is now playing an innocent madness, where is the bird.

Of course, even if you don't have to play, Ye Xuan will not pay attention to such a small flaw.

"Haha, boy, I am here to tell you, be a man, don't be too arrogant. You should know the training system of the camp. Then, my request is very simple. Let's have a gambling fight. Do you dare?"

Obviously, it was repaired by the gods of the gods, but it was to suppress Ye Xuan, the weak person who was only cultivated in the realm of the gods, and the person in front of him was so kind to say so directly, not too shameful?

Of course, Ye Xuan wouldn't mind, and there is a second-class **** in the district. Ye Xuan has enough strength to kill him.

Ye Xuan also knows the points in the training camp because someone has told him before.

Simply put, this score is equivalent to the common currency in the training camp. If you are strong enough, then you can **** someone else's points.

Of course, if you are not strong enough, you must pay for it if you lose.

Moreover, because it is a training camp after all, at least on the bright side, killing people inside the training camp is not allowed.

Each newbie will receive a thousand points. Through the points, the trainees in the training camp will be able to exchange some special magic weapons for using the training camp, or purchase materials, magic weapons and so on.

The Baimo training camp, on the surface, looks like a very fair place. As long as you have the strength, then you can use your strength to get everything you want, whether it is a magic weapon or a resource. Said to be a change, even into the camp.

Everything is done with strength.

It turned out that this guy is the idea of playing his own points!

You must know that there is a rule in the Bimo training camp. When your points are used up, then you must leave automatically, because even if you are going to pick up a group, you have to redeem points.

"Well, I can promise you, then, let's bet a thousand points."

Ye Xuan smiled, someone sent points to themselves, this kind of good thing, of course, will not miss.

The man gave a slight glimpse, he did not think, Ye Xuan actually promised so refreshing, but did not expect, Ye Xuan not only promised, but also directly increased the gambling points to a thousand!

As a newcomer who just entered the training camp, Ye Xuan is just like a desperate moment.

If Ye Xuan fails this time, then it is equivalent to automatically quit.

"Okay, very good, kid, you are courageous enough. Since you want to create a history of training camps, I will fulfill you and make you a person who has been forced to kick out in the training camp for the shortest time!"

"What to do, come on, come fight now."

Ye Xuan looked at this guy, he knew, I'm afraid it's secret, I don't know how many eyes are staring at him.

At this time, in the distance, at least a dozen people are paying attention to Ye Xuan at the same time.

Ye Xuan's madness and Ye Xuan's background make Ye Xuan a person who has to pay attention.

The first part of the camp, it can be said that it has always been a troublesome department, although the first person is really few.

However, each one has a special status. Being able to enter the first part is equal to half a foot stepping into the internal camp. This kind of environment makes it difficult for everyone to pay attention to the first part.

.....

"It's a arrogant boy. Although the red search of the Red House is not weak, the genius in the seventh part is also a genius. Don't look at this red quest, only the second product is finished, but his real combat power has already It is enough to fight the gods of the five products. Moreover, this guy is an old ghost, I am afraid, the old ghost also gave him the magic weapon to protect his body. This newcomer seems to be finished."

"Isn't it, really, I don't really have any feelings of resentment against this newcomer. Although this guy is really arrogant, since it is the full recommendation of the elders of Lingxuan, the identity is definitely not normal, then He is indeed a arrogant capital, but unfortunately, this guy is not very good at being a man!"

.....

"I heard that, the new kid who came yesterday, wait for the Quest of the Red Quest in Part VII. This is a good thing, haha!"

"You are talking about Ye Yeye? Damn, these **** guys, actually bullying Ye Shaoye did not know the rules, even so despicable, hey, I have to stop this gambling!"

"How do you stop it? You know, the rule of the gambling is that as long as the two sides agree, then no one can intervene!"

"However, in the five years of the new life, it is exempt from any form of gambling. Is this rule unchecked?"

"Haha, but don't forget, it's the case of a new student's refusal, but if someone is willing?"

Among the two people who spoke this time, it was obvious that one of them supported Ye Xuan.

However, the nature of Lingxuan Pavilion has determined that they simply cannot say how many people will be sent to participate in this training camp.

It can be said that before Ye Xuan, even those who have Lingxuan Pavilion participated, but they are also irrelevant.

So, even if someone supports Ye Xuan?

Their identity is too humble, the only one who can enter the first part is just the first bottom figure. As for the internal camp, don't even think about it.

This is the **** world, and it is in a small training camp.

Is there any news, is it not the entire training camp that has been passed in an instant?

At this point, almost everyone is paying attention to Ye Xuan, paying attention to this gambling, even if this gambling does not seem to have anything special.

The time that Ye Xuan and Nahong gamble agreed was after the training in the afternoon, as for the location, of course, the designated training camp.

At this time, under the platform, many people have already gathered, and it is undoubtedly to see Ye Xuan and Red Search.

Chapter 2148: Battle of gambling

Ye Xuan, from the beginning to enter this training camp, is an existence that can not be ignored, it is an existence that has to attract people's attention.

In the afternoon, the unique endless sun of the gods, the ninth day has been westward, and the tenth day is slowly rising.

Red Quest, already standing on the ring.

At the side of Hong Xun, there is also an old man. He is the host of this downfall. Similarly, he is also responsible for determining the outcome.

"That guy, shouldn't you dare to come?"

People talked a lot, because Red Search has waited for half a hour, but did not see Ye Xuan's figure.

There is some anxiety between the red and the eyebrows. The task he received was to give a good lesson to Ye Xuan and teach him how to be a person. If the task is completed, the benefits are naturally many, but if the task is not completed, the person can Not so good to talk.

So Ye Xuan does not come, the most worried is the red search.

Red has pinched the thing in his hand, and this time he has the conviction in his heart, really, if it is so red to find the trouble of Ye Xuan, even if you are borrowing red to find ten courage!

Ye Xuan's background is not a red search in his district. Fortunately, his master is a revenge with Lingxuan Pavilion. Then, even if he is looking for Ye Xuan, he will be guaranteed.

Finally, a person came in.

Not Ye Xuan, who else?

I saw Ye Xuan holding a special string of barbecue at this time. This kind of barbecue that I don't know is a beast. It can be said that it is a major feature of the training camp. The taste is really good.

The flying smoke, also holding a string of barbecue, silently followed Ye Xuan.

Eat barbecue?

There is nothing wrong with this. Although the price of this sacred roast is too high, few people will eat it, but occasionally it will be inevitable that some people will swear.

However, you are not gambling with people, but before the gambling, there is still a mood to eat barbecue.

In an instant, the onlookers immediately whispered.

As for the red search, his face has long been flushed, which is simply too insulting.

He stood on this platform, waiting for a small half hour like a silly fork, but his opponent, actually went to eat barbecue, it is simply an insult!

Ye Xuan walked step by step, but still eating barbecue.

"Well, I really didn't lie to me. This barbecue tastes really good. Who, you are not going to gamble with me, hurry, don't delay my time to eat barbecue!"

Face!

The face of this thorn fruit, as if to let the onlookers, have heard the sound of the noise.

This time, Red Search can be considered a shameful loss.

Red hunger with incomparable anger, and even the whole body is shaking, this is simply too bullying, this is simply too insulting!

.....

"Well, since both sides of the gambling have been reached, then I will confirm it at the end, Ye Xuan, do you agree to the gambling?"

"Well, agree to agree, isn't it an ant ant, wait for him to kick down the ring, hurry up, don't delay the time of this young master." Ye Xuan is another bite of a barbecue, very casual.

"Okay, if this is the case, then I declare that this gambling match is in line with the rules and the gambling battle points are one thousand."

"Battle, start now!"

With the words of the old man, the beginning of this battle was also announced.

That red search, has long been unable to endure, in the old man's words, the figure suddenly slammed, rushed toward Ye Xuan.

However, although he is fast, but some people are faster than him.

Ye Xuan waved with his hand, and the thousands of beast swordsmen appeared directly.

"Thousand beasts!"

"God-level mounts summon!"

Rumble!

On the top of the small platform, there was a thousand god-level mounts in an instant!

Silver, gold!

This time, although it is only a crit, more than thirty gold-level mounts.

However, the scene was also shocking enough.

Is this going to be a cofferdam?

Driving the beast, for many people, is a regular way of fighting.

However, like Ye Xuan's so-handed wave, it's a thousand-headed beast, and it's really rare.

"Go, the beast swordsman, go and give me a good lesson to the guy opposite, yes, I almost forgot, here is not able to make a life, so get a half-residue!"

"In addition, I want his ring!"

Ye Xuan said faintly, for the people who won the battle, taking away the spoils of the losers, this is also in line with the rules.

However, after all, this is a training camp, not a cruel world outside. Generally speaking, unless there is a lot of hatred, no one will do so.

Of course, this rule is not suitable for Ye Xuan!

Is this battle still going on?

Where is this battle, it is simply mad!

At this point, no matter who has already understood, there is no chance for Red Search, only the qualifications that Ye Xuan can play with.

Thousands of beasts, and, in part, are beasts that have surpassed the power of Red Quest, and there is no way to fight.

In an instant, like a thousand horses galloping, Ye Xuan's god-level mount has already rushed over.

Mad!

Yes, it is mad!

Ye Xuan, with his own actions, let people know his madness. It also makes people know that he is not so good on the surface. Don't look at him as a god, but his strength is extremely powerful.

That red search did not have the slightest ability to fight back. The battle was over from the beginning.

Like a ball, the red-seeking body is constantly kicked by those god-level mounts and kicked in, while Ye Xuan stands by and eats barbecue.

When he finally finished eating the barbecue, it seemed to sound something general, faintly said: "Forget it, don't fight."

Accompanied by the words of Ye Xuan, those god-level mounts, including the thousand beast swordsmen, disappeared instantly, as if they had never appeared before.

Of course, the poor red search that lost half a life on the ground at this time proved that everything was not an illusion.

This battle is simply no suspense.

"I announced that this gambling war, the first, Ye Xuansheng."

The old man did not care about the situation at hand. His task was only to see the result of the gambling war. Of course, he also looked at not making a life.

He also saw the time when Ye Xuan took the red search for the Qiang Kun ring, but unfortunately he would not manage it.

Since the result has come out, then Ye Xuan does not need to continue to stay here.

Ye Xuan left directly. Where is his figure like to come to fight? I don't know if this kid is just watching the movie, not the person who sings.

Red Quest can now say that even the heart that wants to die is there. In his shackles, he stores almost all of his family.

You must know that because of the special nature of the training camp, although Red Search also has a small amount of things stored in other places, but at least 90% of his family base.

This is not the key, the key is the one thousand points!

Chapter 2149: Ancient survivors

Although Red Search is nominally speaking, it is also a small genius in the seventh department, but the strength is weak and poor, and there is no rely on mountains.

Therefore, he has only scored more than 1,700 points. Once he was taken away by Ye Xuan, he can be said to be abolished.

Because the remaining seven hundred points are not enough for him to buy back the magic weapon he needs.

The defeated person can never get the sympathy of others, even if it is the owner of Hong Xun, at this time, he will not pay attention to him at all.

No one will care about how the future will be. The people who are talking about it are the victors, Ye Xuan!

"Wow, Ye Yeye is not the leaf master, just rely on that to summon thousands of beasts, I am afraid that many people can't help it."

"Isn't it, with the strength that Ye Shaoye showed, I am afraid that no one can not provoke him in the middle of the heavens, let alone, like the identity of Ye Shaoye, how can it be said that there is only one trick. According to me Ah, Ye's strength is definitely reserved, so strong, it's not Ye Ye!"

The ignorant person is always so ignorant. When Ye Xuan wins, these people immediately change their tone and forget it. Before they, no one is optimistic about Ye Xuan.

Of course, Ye Xuan's performance naturally once again caught the attention of various figures in the training camp. Even those who did not pay attention to Ye Xuan, this moment, it is impossible to ignore Ye Xuan.

The cultivation of the gods in the district can be said to be the bottom of the training camp. However, the means presented and the information and potential contained in this means are worthy of attention.

"Is the son just deliberate?"

Suddenly, I followed the opening of the flying smoke behind Ye Xuan, and Ye Xuan's plan did not say anything to the flying smoke. Therefore, Feifei did not know what Ye Xuan's ultimate purpose was.

Of course, the wisdom of flying cigarettes can also be seen as a clue.

"Oh, gimmick, remove your disguise later, see your face with your true face, if you want to pretend in front of me, then I don't care about you."

Shantou is the name of Ye Xuan's flying cigarette.

Of course, strictly speaking, this is not a name at all.

"it is good!"

The flying smoke is also unambiguous, and it is directly answered that no matter what the purpose of Ye Xuan is, the flying smoke will obey unconditionally.

At this time, the flying smoke has already known that Ye Xuan not only acquired the godhead of Feiyu, but also began to resurrect.

Ye Xuan did not say that flying smoke did not ask, but Ye Xuan was quite grateful to Ye Xuan's heart, just like her vows.

At this time, Feiyan has already regarded himself as a personal item of Ye Xuan, or a female slave!

Ye Xuan returned to his place of residence. In this training camp, there is really no such trouble. But Ye Xuan will not always be here to enjoy.

"Come out, you will be abrupt!"

Dozens of sturdy swordsmen of different strengths appeared in an instant, and Ye Xuan took the cloaks he had prepared and threw them to these savage swordsmen before telling them:

"Go, go collect it for me, about Mo Court, all the news about this training camp!"

Want to investigate Mo Shangge, in fact, Ye Xuan does not have a clear road to death now, then, since this is the case, Ye Xuan is not as comprehensive as it is.

Of course, the Bone Swordsman is only the first one.

Ye Xuan's hands don't have much power at all, but these dead bones can at least play a role.

Do you go to the cabinet?

Off?

And what is the guy who needs 990,000 totem beasts to be resurrected?

Ye Xuan, I have to make it clear when I get there.

The Bone Swordsman left quickly, and Ye Xuan's plan went, and Ye Xuan was preparing to rest.

However, just after he was lying down, he heard the sound of knocking outside.

"Where is Ye Shaoye, can a small one come in?"

Yep? Someone looking for yourself?

Ye Xuan is a bit strange, is it that the power of the Lingxuan Pavilion is not good?

"come in!"

Since someone is looking for himself, Ye Xuan will let people come in directly.

However, the people who come in are not one but five.

When the five people entered the door, one person instantly threw out several flags and completely isolated the entire room. Then, the five people fell directly in front of Ye Xuan.

"The first apostle of the fire department, see the emperor!"

What the hell?

When the five people entered the house, they immediately set up a ban. They had also let Ye Xuan wonder what they wanted to do. As a result, the five people fell to the front of Ye Xuan, which made Ye Xuan a little reaction.

"You are?"

Ye Xuan asked strangely, these five people, he did not know at all.

"God Emperor, I am a five-member apostle of the Fire Department, but a legacy of the Taikoo!"

Taikoo!

Taikoo God!

In an instant, Ye Xuan understood their identity.

Ye Xuan received the inheritance of the Taishen Emperor. It can be said that he is now the Emperor of Taikoo. However, Ye Xuan did not consider it before. The Emperor of Taikoo still had a descendant or subordinate existence.

After all, this ancient **** is the superpower of countless years ago. Now, in the past tens of millions of years, who knows if there are any of his subordinates.

Even if there is, for a long time, these people have not done what they should do.

However, what Ye Xuan did not think was that he came to the training camp, and someone found him.

Perhaps it is to see Ye Xuan's doubts. The man continued to say: "The gods don't know. I am a legacy of the ancients. In fact, they have always been in contact with each other. Our special magical powers can sense the existence of the gods. We know that the Emperor Taishang has fallen, but his **** is still there, so when the Emperor Taishen gave the inheritance to the Emperor, I have already received the message!"

"Yes, the Emperor of the Emperor, the five parts of the Taikoo mystery are scattered throughout the realm of the gods. In addition, there are several servants who are sincerely interested in your race. For some reasons, I can only hide my identity. Tens of millions of years, I have been waiting for the arrival of the Emperor, and now we have finally waited!"

These people are very excited, however, Ye Xuan has only doubts.

"Wait a minute, how do you know my identity, how do you find me?"

Yes, Ye Xuan does not understand this matter, and his heart is inevitably uneasy. Now how does he feel that he feels that all his things are under the eyes of others!

This feeling is not good!

"When you accept the gods, I will already know that when your soul and the gods are merged, not only my fire department, I am afraid that everyone walking around the world of God has already known your presence.

"Small know, I will not come out without your call, this is not in line with the regulations, but I am really unable to hold back the excitement of the heart, we can not think of it, the Emperor of God, will actually come to Mo Training Camp!"

God seal?

Ye Xuan thought about it and understood.

I am afraid, it was the jade that was originally merged by Ye Xuan!

The Emperor of Taikoo left Ye Xuan with a jade symbol, but there was nothing else.

Chapter 2150: Annual assessment

At the beginning, Ye Xuan could think that this jade symbol is not so simple. Now it seems that this is the case. The original jade symbol represents a lot of things.

Of course, this is a good thing for Ye Xuan anyway.

"How old are you, too old, are there still energy?"

After thinking about it for a while, Ye Xuan asked directly.

These people will be his own power in the future, and naturally it is necessary to understand more.

"Go back to the Emperor, I don't know the rest of the four, but the strongest person in my fire department is a god!"

God Jun is a realm.

God man, god, spirit, mysterious god, true God.

The five realms are the five worlds of the division of the gods!

The true God is also a realm, but it is also a name.

Generally speaking, the **** of the Terran is called the true God, or the god.

Other races also have their own names. For example, the demon's **** is called the demon god, the spiritual god, and is called the spirit god!

Each of the realms is divided into upper, middle and lower three, each of which is divided into nine categories.

The gods are the first division of strength in the Five Kingdoms.

Ye Xuan slightly frowns, looks like this ancient survivor, the strength seems to be general!

At least, the strength of this fire department is really unswerving.

Of course, this is his Ye Xuan heart is too big, the existence of a true God is not to say play, it can be said that if a true **** is now, it is enough to crush the entire training camp.

After Ye Xuan thought for a moment, he had already decided in his heart.

For the emergence of these people, Ye Xuan can be said to be an accident, or it can be said that there is no accident at all. It's impossible to have a little god, if there is no means, it's impossible for Ye Xuan to accidentally find that these people will find him.

However, since these people are coming, then Ye Xuan can also make good use of it.

"I ask you, how much power does your fire department have in this area?"

"Returning to the Emperor, my fire department is only five of us in this film. The main activity area of my fire department is not here. I waited for five people to be ordered to investigate some things."

"Investigate things? Tell me, what are you investigating?"

"Returning to the Emperor, I was inspired by the fire department. This seems to be a bit strange in the cabinet, so I will wait to investigate."

Ye Xuan nodded, this ancient survivor's strength is nothing, the management is quite a lot, of course, there is a problem, and the problem is still very big.

However, with a fire department, the strongest is just a god's strength, but actually dare to go out of business?

It's really full of food, and I'm not afraid of being destroyed.

Of course, although Ye Xuan's heart thinks so, after all, he is not investigating Mo's cabinet now, so it's just that they can help these people assist themselves.

"Well, this is indeed a problem with the cabinet. In fact, they are just a sect of the sect. Well, extra things, I am too lazy to explain to you."

"Now, give you a task. If you come to see me today, no one should go to the wind. After today, you have never seen me before, and you have to be enemies with me, then take the opportunity to pull the ball. The person who took the cabinet secretly investigated and understood?"

Ye Xuan's words are simple, but the meaning has been expressed very clearly.

The five people are not fools, and there is no reason to understand.

But let them be enemies with Ye Xuan?

Even if they give them a hundred courage, they dare not!

When I heard Ye Xuan's words, the five people immediately fell to the ground and sang together:
"Below, the subordinates are afraid to be enemies with the gods!"

"What is the mother-in-law, this is to investigate the strategy of the last one, and it is not really letting you betray, OK, things are so fixed.

"Remember, after today, you should never miss out on your feet. Even if you do it directly with me, you can't have the slightest flaw. In addition, today's business has not happened, our opponents are not weak, if you guys leaked out I am afraid, we are all finished."

.....

"This... well, God Emperor, I already know how to do it!"

The five people understood the meaning of Ye Xuan and understood from the beginning, but they just did not dare to be enemies with Ye Xuan. At this time, it was actually that Ye Xuan had repeatedly asked, then they could only obey.

The five people quickly left, as if nothing really happened.

With the lurking of these five people, Ye Xuan has taken a few more points for me.

One bright, one dark, one front, one after!

Ye Xuan is a few roads together, I have to figure out, that is, the hidden secret of the cabinet.

Of course, even with the addition of five people in the fire department, Ye Xuan's strength is still very weak, very weak!

Mo on the cabinet, in front of Ye Xuan, is a huge monster, want to investigate, I am afraid I still have to find a way.

Of course, these things are urgently urgent, only the cycle is gradual.

The training of the next day, it is obvious that some people have already shown a lot of peace in front of Ye Xuan. As for ordinary people, they have to hide from Ye Xuan.

After all, from the background of Ye Xuan and the strength of Ye Xuan, he does not seem so good.

Soon, it was three months.

Ye Xuan, ushered in his first mission.

For the task, the training camp is forced to be released once a year, which is similar to the meaning of a little assessment.

In the training camp, it is not that you are safe when you enter. In fact, once the points are not enough, then it is normal.

The annual assessment is an opportunity and a crisis.

The annual assessment is five percent!

What is the concept of five hundred points?

You know, when Ye Xuan came, he only gave him a thousand points.

It can be said that if you don't work hard, then those points that send you can only be used for two years.

There are only three ways to earn points in the training camp, gambling, quests, and special training rewards.

Needless to say, the gambling has been manager once, but such a gambling war, there is usually no hate, then few people will choose.

There are a lot of tasks, and the annual assessment is mandatory. There are various tasks in peacetime.

However, the task of this annual assessment is the first time that Ye Xuan has been exposed to the mission mechanism of the training camp.

On this day, the entire training camp was concentrated, and everyone who had enough points, or who was not authorized to participate in the assessment, had gathered.

The minister of the first training camp, named Liu Liu.

Liu Luo is only a strong man of the peak of the gods. Originally, he is not qualified to become a minister, but he still has an identity, that is, the master of refining.

Therefore, it is only possible to sit on the position of the minister!
