

Super D. S 2161

Chapter 2161: Ancient magical

"You only have one day, after twenty-four hours, you will be forced to send it out, so that you can do it yourself!"

At the same time as Ye Xuan made a decision, a sound sounded, and the sound was a bit confusing, because Ye Xuan could not see where others were.

Needless to say, I am afraid, it is the guardian here.

Ye Xuan certainly understands this truth, so he did not say anything.

I am afraid that these twelve inheritances should be regarded as the biggest capital and wealth in the training camp.

After Ye Xuan walked into the hall of the virtual shadow, he saw that there was nothing at all, empty, and could not see anything.

However, just as Ye Xuan was puzzled, suddenly a ray of light appeared, silently showing a battle.

The so-called inheritance of the illusion here is just a video of battle. It is no wonder that no one can understand it.

If this is the case, I am afraid that it is really a genius against the sky.

But, others can't, Ye Xuan can't do it?

"System, record images, analyze images!"

Ye Xuan said to the system, yes, he has the system, then, what else is Ye Xuan can not do, even if it can not restore the magical powers, presumably, can also gain something.

Among the silent images, a golden armor, as if it were an invincible emperor, stood proudly and seemed to be talking about something.

The opposite of him is a huge army, an alien army, Ye Xuan has not seen such a person, the only one who can be sure is the alien.

The army is huge, afraid that it is hundreds of millions, and there are also many strong people.

However, after the gold armor had finished speaking, he only saw his hand waving into the sky. Then he saw his hand and seemed to hold a beam of thunder.

With the strong push of the gold armor, Lei Guang instantly became a powerful supernatural power of the sky and the ground.

The whole world is occupied by the thunder.

The sky, the ground, and even the underground, countless people mourn and scream, but unfortunately, useless.

Raylight is everywhere, no life!

Although there is no sound in this image, Ye Xuan still feels the huge power.

What a powerful supernatural power can you have such powerful power?

Although Ye Xuan does not know the average strength of this army, it is good, these people are all able to fly, and also have a variety of supernatural powers.

What's more, their number is hundreds of millions!

Hundreds of millions of people have been killed by a stroke!

When killing these people, even a stone on the road, a grass, has not been hurt!

Ye Xuan's heart is extremely shocking.

This, what kind of power is it, is this the so-called ancient magical power!

So strong!

Really strong!

Unfortunately, the image is only a little bit, and there is no sound.

The image was repeated over and over again, and Ye Xuan looked over and over again.

Ye Xuan is like a fan, constantly looking at what kind of secrets there are, but unfortunately, he can't see it.

Of course, the system is constantly analyzing.

How the system is analyzed, Ye Xuan does not know, now, he has no intention to ask.

His heart has long been conquered by the amazing power of magic.

One day, really, it is very short and short.

Suddenly, one sounded.

"Time is up, you can go out."

A huge force directly brought Ye Xuan out.

Ye Xuan did not even have the slightest resistance.

Ye Xuan looked at the virtual cinema, but his heart was quite unwilling, so it was gone?

Fortunately, the system is estimated and recorded.

However, there are eleven illusions, then, this is an ancient supernatural power of the illusion of inheritance records, what is it?

Ye Xuan's heart secretly decided that in the morning and evening, he would like to see all the 12 to the virtual shadows.

The ancient gods, the powerful ancient magical powers, there are still many, even if you can not learn, even if you look at a few eyes, Ye Xuan is very satisfied.

Such a force, I am afraid that no **** can do it now.

There may be some powerful gods who can make such a great power. However, if you want to not hurt a flower early, not a stone, such a strong control, Ye Xuan does not think anyone can do it.

Going back to my room, this time two great gains made Ye Xuan extremely shocking, and at the same time, full of expectations.

This time the reward, Ye Xuan made a big profit.

Just returned home, Ye Xuan did not expect to ask the system:

"System, what is the result of your analysis, can you crack it?"

"Hey, the system prompts, the data is insufficient, the system can't be cracked!"

Although in the imagination, however, Ye Xuan is quite regrettable.

It's a pity that such a powerful supernatural power, if Ye Xuan can learn the hand, the cow is over there.

"Hey, the system prompts, the host should pay attention, the system makes some simple analysis, and now it is further strengthened. When the next fusion skill is hosted, the system will automatically add this analysis result to the new practice method."

Oh, it seems that the system still has something to gain.

The next skill blend can be added to it, then, Ye Xuan will wait, and wait until the next skill fusion, but it is necessary to see what kind of good things can be obtained.

After playing the ancient coin, Ye Xuan said to the system:

"System, since the magical power has no results, then first strengthen the sword of the scorpion, I would like to see, this sacred sword with the power of faith, can strengthen what special magical power."

"Hey, the system prompts, the fusion begins!"

"Hey, the system prompts, the fusion is successful!"

"Hey, congratulations to the host 弑Sword to gain new abilities and devour the soul!"

Devouring the soul, when the host uses the scorpion sword to attack, there is a chance to devour the opponent's soul and transform it, thus making the opponent become the faithful believer of the host.

Hey!

Ye Xuan, who was drinking water, almost didn't squirt out, actually, got such a property out.

This is too boring!

Obviously fighting with himself, but, with the fight, the opponent's soul has been transformed? Is this too abnormal?

However, when Ye Xuan saw the odds, the decisiveness was still speechless. This Nima is simply a pitted chicken rib property.

Because, the chance of triggering is one in ten thousand!

One in ten thousand is just a chance, not absolute, that is to say, it may not be triggered by Ye Xuan's tens of thousands of swords.

Such a taste of the chicken ribs, what Ye Xuan can say.

Can only say that it is good to look at.

Of course, if there is an opportunity in the future, it may be strengthened.

However, the phenomenon, the chance of one in ten thousand, how to strengthen, can be strengthened to be usable?

Forget it, Ye Xuan directly throws this away, just don't get it.

In the next few days, it seems as if they are very calm.

Chapter 2162: Flying smoke trapped

The savage swordsmen are constantly exploring this secret, but they have limited strength and ability and cannot find too many useful things.

The same is true of the people in the fire department, and the strength is not enough to reach the secret.

As for the news on the side of the hundred counts, there has been no return.

Ye Xuan had asked twice in the middle, only knowing that now Baidumen has sent people out of the sphere of influence of the cabinet, but still has no gains, looking for the whereabouts of the fall, it seems that it can only come slowly.

However, what Ye Xuan did not know was that the calm on the surface was just the eve of the storm.

At this time, there was a mysterious force gathered together, for that is to get Ye Xuan, even to the life of Ye Xuan.

Finally, the coming will always come.

On this day, Ye Xuan is boring to stay in the training camp. You must know that the course in the training camp, Ye Xuan is also interested in the history of the gods. I really want to say what the magical cultivation, Ye Xuan did not look at the eyes.

However, the original calm days were disrupted by a girl breaking into.

"Ye, Ye Xuan Gongzi, fast, let me go!"

This girl, Ye Xuan does not know, so eager to find myself, for what?

"Who are you, what are you looking for?"

"Oh, Ye Xuan Gongzi, just follow me, just don't leave, it's too late, and the flying smoke will definitely be taken away by them!"

What, flying smoke!

Ye Xuan was shocked and immediately stood up, as the girl rushed out.

On the way, Ye Xuan probably also understood the passing of things.

It turns out that Fei Xuan will make a food for Ye Xuan every half month. Although some of the ingredients are directly exchanged in the training camp, some of them are exchanged outside. Among them, especially the ingredients of the beasts, Most can only be redeemed from outside.

Today, the flying smoke and the girl named Luo Qi went to an inn in order to take the ingredients of the gods and animals that had already been set.

This ingredient is a good deal for the items exchanged for the flying smoke early training camp.

According to the truth, there is no problem.

However, when they came to the inn, they were directly surrounded by a group of people.

These people came to the inexplicable, so that the flying smoke and the girl were too unresponsive.

Luo Qi is only inferior to the gods, and the smoke is now only the gods.

The people around them, but five inferior gods, and two medium gods, and one, are the best heavenly gods!

It can be said that they have no chance of winning.

At the last minute, Feiqi used special means to send Luo Qi away.

This Luo Qi thought of Ye Xuan for the first time.

Because in the heart of Luo Qi, Ye Xuan is a very famous person, even the flying smoke is just his maid, so he did not hesitate, directly ran to find Ye Xuan.

The two men moved very quickly, and when they were not long, they came to the inn.

At this time, there were a lot of people gathered around the inn, but they all looked at it and no one intervened.

"I heard that the girl is actually a slave. The people around him are slaves. The slaves not only often get some slaves to sell, but also arrest the fugitive slaves. This girl is really enough. Unlucky, look at his current appearance is also mixed well, I did not expect, but it is a slave, but unfortunately."

Ye Xuan heard the argument far away, and naturally can be sure that it is the flying smoke.

damn it!

Who said that flying smoke is a slave?

In Ye Xuan's heart, there has never been, even if it is a slave in a moment.

The slave!

A good slave, who gave them all the power to arrest people?

boom!

Ye Xuan figure moved and rushed directly into the inn.

At this time, the flying smoke, a faint ban on the body around the cloth, obviously, this is the defense against the distribution of cigarettes.

Around her, eight people looked at the flying smoke.

"Oh, hey, I have to look at it, how long can you hold on, it doesn't matter, Grandpa has time to play with you."

It turned out that outside the prohibition of flying smoke, a special prohibition was placed on these people, and the defense against the loss of flying smoke was banned.

With the power of eight people to suppress the flying smoke, how can the flying smoke resist.

Suddenly I saw Ye Xuan coming in, and the person closest to Ye Xuan said casually.

"Young man, watching the theater stand far away, my slave is arresting the slaves, and carefully waiting for the accident to hurt you!"

.....

"I hurt your uncle!"

Suddenly, Ye Xuan shot, and when he shot, it was full!

"Destroy the gods!"

"Give me to die!"

This Jian Ye Xuan was angry and did not have the slightest hand to stay.

"boom!"

A sword is just a sword, and the man is killed in an instant.

Even the rest of the slaves have not come and reacted.

Until Ye Xuan killed people, those talents reacted.

"Damn, boy, you know who we are..."

However, this man's words were not finished and he was interrupted by Ye Xuan.

Moreover, it was interrupted between the swords.

boom!

It's another sword, it's still violent.

Another disciple of the slave was directly killed on the spot.

The remaining six people still dare to vague, and instantly retreat, pulling away the distance from Ye Xuan.

Seeing Ye Xuan murder, the people around him all missed the difference, and many people took the initiative to retreat toward the back.

However, Ye Xuan did not manage so much at all, but directly shot, and even did not see what action Ye Xuan had, it directly broke the prohibition of the slaves.

"Shantou, you are fine!"

Ye Xuan looked at the flying smoke, with concern in his eyes.

"Let the son worry, the little girl sinned!"

"What are you talking about? These people are afraid to hit your idea. Come over and help me take care of the girl. I want to kill these people!"

Ye Xuan's second sentence is to Luo Qi.

At this point, Luo Qi is dumbfounded.

In his eyes, although Ye Xuan's strength has been raised to a medium-sized person, however, after all, Ye Xuan's upgrade has not been long.

However, Ye Xuan actually faces eight strengths and can be said to be not weaker than his slave disciples. He still does not hesitate to shoot, but even one shot is to kill two people in a row.

"Oh, oh, okay, okay!"

Luo Qi has been stuttering, but still quickly came to the side of the flying smoke, carefully guarding the flying smoke.

"You are her master?"

At this point, the leading **** of the lead looked at Ye Xuan, his eyes were angry, but he suppressed the anger and asked Ye Xuan.

Will Ye Xuan answer him?

No, not at all. In Ye Xuan's heart, these people have only one way to go, and that is death!

Therefore, Ye Xuan slowly turned around, and the sword in his hand was gripped again.

The environment here is not suitable for summoning thousands of beasts.

However, Ye Xuan alone will not be afraid of these people.

"Kid, since you are her master, then things will be easier, this slave, my slave is willing to pay a big price to buy it, you pay a price!"

It turns out that they are simply robbing people.

"Bid, well, I will give you the price!"

"Destroy the gods!"

Chapter 2163: Dead slave

boom!

The price quoted by Ye Xuan is death!

Another slave is killed!

Even people who are in the same realm as Ye Xuan will be killed by Ye Xuan if they are not paying attention, let alone those who are lower than Ye Xuan.

Even if there is no crit, Ye Xuan can kill them.

magic weapon?

Do you want to use the power of the sword?

Is it possible?

Even killing three people, from the time of entering into the present, only how long, Ye Xuan has killed three people.

The slaves can't help it.

"Damn, kid, this is the person who is looking for you to die, dare to kill my slave. Today, you will die, go up, kill me, kill him! With the mission goal!"

A word caught the attention of Ye Xuan.

mission target?

It seems that these people are not finding a flying smoke for no reason.

However, Ye Xuan now does not want to ask so much, the figure flashed, it appeared outside the inn.

At this time, Luo Qi has also walked out of the inn with a weak flying smoke, so Ye Xuan will come out.

He wants to kill those slaves, and it is killing!

Let these people regret the trouble of finding a flying smoke, of course, even if you regret it, you will die!

Five people quickly rushed out and rushed directly toward Ye Xuan.

The three people killed by Ye Xuan are just the inferior gods.

Among the remaining five, one is a superior god, and two medium gods are repaired, so they feel that they are winning.

Even the onlookers are quite optimistic about Ye Xuan.

Some people can see that Ye Xuan's cultivation is only a medium-day god, and there is only one product.

In the face of three people above his realm, one is even higher than a big realm.

Well, they don't think that Ye Xuan can beat the opponent.

However, who told them that Ye Xuan had to be hands-on?

"Come out, thousands of beasts!"

"Thousand beasts!"

Between the crashes, thousands of beasts suddenly appeared, and when they appeared, they did not hesitate to surround the five.

Between the waves, summoning thousands of powerful warfare, this means, the slaves and the people around them are shocked.

It's no stranger to the war, and many people will get a few.

But a thousand heads, don't say if you can control, even if you arrest, I am afraid it is not that simple.

Those who can raise thousands of beasts are undoubtedly people with certain identities.

What's more, it's still so powerful.

Of course, Ye Xuan doesn't know what they are thinking, and he doesn't care what they are thinking.

Looking at the slaves, Ye Xuan directly ordered.

"Give me kill, kill them all!"

"Roar!"

"Roar!"

The thousand-headed god-level mount did not hesitate and rushed directly to the five slave disciples.

You know, Ye Xuan summoned this time, although there are only three Platinum-level, and seventeen gold-level Ares mounts.

However, such powerful strength has already been enough to crush these people countless times.

Yes, it is crushing, which is not a direct battle.

Not from the beginning.

Of course, at the beginning, on the surface, Ye Xuan was at a disadvantage.

Can fight, from the beginning has been doomed to the end.

The five people did not have the ability to resist at all, and they were upgraded by the thousands of beasts and even killed four people.

Only the slave disciples who were in the superiority of the heavens had resisted the first wave of attacks.

"Don't you want to know why we can't catch him!"

The slave disciple shouted and expected Ye Xuan to forgive him for this secret.

It's a pity that he really wants more, Ye Xuan, don't care.

Because, Ye Xuan has his own means to investigate clearly.

"Don't want!"

Accompanied by this sentence, the thousand beast swordsman directly shot!

Without suspense, the last slave disciple fell to the ground with infinite reluctance.

His heart is remorseful, why, why did you pick up this task.

At the time, when the person gave them a task, they did not say that this young man had such a terrible strength.

If you know, they will not go to the mission like this!

"Nu Ge, hey, a good slave, today's business, I remembered Ye Xuan, come to Japan, will be a newbie to extermination of your slaves!"

Ye Xuan's faint voice passed to the ears of the people around him, and no one said half a word.

At this time, Ye Xuan turned around and looked at the flying smoke with a little anger.

"Why don't you go?"

Others don't understand, but the flying smoke understands the meaning of this sentence, and the flying smoke can be quickly transferred to Ye Xuan anywhere.

If I have trouble at the beginning, she will send it directly and she can definitely avoid it.

However, the flying smoke is answering:

"Not too late!"

And Ye Xuan, I also understood this sentence.

The meaning of flying smoke is that in the beginning, in order to cover Rogi's departure, I missed the opportunity, and behind, I have no time to leave.

It seems that this Luo Qi is a good friend of Feiyan.

For this, Ye Xuan is not good to say anything, he can not order the smoke to not make friends or something?

"I will unlock the slave mark for you!"

As he said, Ye Xuan took out the fragments of the flying smoke.

This request was mentioned before Ye Xuan.

However, the flying smoke refused.

I did not expect that this time, the flying smoke refused again.

"No, this is a little woman's willingness, a small woman, willing to be a slave to the son of life, forget the son."

Suddenly, the flying smoke fell directly on the ground. It seems that the flying smoke that is not afraid of the death threat is afraid to contact the master and servant relationship with Ye Xuan.

Ye Xuan frowned, he did not understand, he really did not understand, normal, even if Ye Xuan lifted the master slave relationship to the flying smoke, the flying smoke can not be left in Ye Xuan, and what is the difference now? ?

Why, why is flying smoke not reluctant, and life and death are not willing to lift this slave relationship?

Even death is willing, but it is not willing to lift the relationship between the master and slave.

Ye Xuan really can't understand, can't understand what the flying smoke is thinking.

Seeing such a decisive flying smoke, Ye Xuan is naturally not good at what to say.

Instead, take the first few steps and take the flying smoke out.

"Well, since you still don't want to, I don't force you!"

The flying smoke smiled slightly, and the eyes were full of gratitude.

.....

Why is the flying smoke unwilling to contact the master slave relationship with Ye Xuan? In fact, it is also because Ye Xuan devours the flying feathers in the space. As for the reason, I am afraid that it will be a long time later, Ye Xuan can understand.

Luo Qi could not understand the master servants of Ye Xuan and Fei Yu.

Being the master's heart wants to dispel the relationship between the master and the slave, but it is the slave who is killed and unwilling.

This wonderful combination is rare.

Until this time, Luo Qi did understand why the flying smoke is so heartfelt to Ye Xuan, this is not the reason for the main slave contract, but because the flying smoke hits the depths of the heart, it is absolutely loyal to Ye Xuan. .

Of course, only flying the smoke itself until her loyalty, not only for Ye Xuan.

Then the three went back to the training camp.

Chapter 2164: Conspiracy begins

However, this scene was clearly seen by a group of people in the distance.

"I didn't expect that this Ye Xuan's strength could be so powerful. No, it is precisely his warfare. I didn't expect that he had so many powerful warfare. It seems that I still underestimated him! This group of wastes can't even do such a small thing!"

Obviously, this person is the one who released the arrested flying smoke.

"Hey, flying smoke, flying smoke, you are mine, you are my night away from repair!"

This person, it is a night of repair, has not defeated Ye Xuan, but the night away from repair, but already can not help but want to have flying smoke in advance.

Especially when the family guards around him told him that the flying smoke turned out to be a slave, and after a virgin, it was simply that he could not wait.

The nucleus naturally has a special way to make the original shards of the flying smog lose its effect, and to differentiate itself from a shard of gods used to control the flying smoke.

Such a means is that there is hardly any strength similar to a slave, but because of the particularity of the gas, there are few people who know it and rarely use it.

This time, the night repair has already prepared enough price, that is, I want to get the flying smoke in one fell swoop, but unfortunately, I did not expect it to eventually fail.

"Go, pass the command of the prince, give me a full-scale action against that guy. Hey, war pets, I have to look at it. In the training camp, you can't use the war pets, how to face it!"

It is not really not allowed to use the war pets in the training camp. It is only a rule that in the battle between the disciples, they can only rely on their own strength.

Obviously, the night of the repair is also arranged a large chess, a large chess against Ye Xuan.

At the moment, he finally got started.

Ye Xuan returned to his residence with a flying smoke.

Unexpectedly, Luo Qi also followed.

At this time, in the heart of Luo Qi, Ye Xuan is simply a super perfect man.

After knowing that the flying smoke was a slave to Ye Xuan, Luo Qi was shocked, and the servants were more common.

But slaves, really, are not really common.

Because many people prefer to die and are not willing to be slaves.

Therefore, the number of slaves and at least, of course, you have to say that those who use ordinary people as slaves are certainly many, many.

However, it is really rare to become a slave after becoming a god.

What's more, such a combination of flying smoke and Ye Xuan?

The owner wants to contact the master and slave, but the slave is not willing.

What is the beauty of flying smoke? Very beautiful and beautiful, as long as I have seen people who are flying smoke, men are dumped, and women, even the heart of the company, can't live.

Is flying smoke so powerful? Very powerful, in the seventh, flying smoke is a recognized genius, although the realm is not high now, but that strong learning, and extraordinary talent, she is also famous on the genius list.

However, because Ye Xuan's light is too strong, it is blocked.

What's more, flying smoke is more familiar with many mysterious powers!

It can be said that flying smoke is almost perfect.

However, it is such a perfect woman, but willingly become a slave to Ye Xuan.

For a time, Luo Qi was more curious about Ye Xuan.

There was no rest in the flying smoke. Even though he had just experienced the battle, the loss was very large. However, she did not have a moment to rest, but was busy preparing food for Ye Xuan.

Moreover, no matter how Ye Xuan asked, Feiyan just smiled and did not stop.

Later, Ye Xuan gave up.

I waited until I watched Ye Xuan eat the food I prepared, and the smoke was satisfied and left with Luo Qi.

What happened today undoubtedly sounded the alarm for Ye Xuan, letting Ye Xuan understand that he was not safe in training camp.

On the way back, Luo Qi was constantly inquiring about Ye Xuan with flying cigarettes.

Flying smoke to direct, as long as it can be said, it is simply knowing nothing.

In fact, a girl inquires about a man because of what is afraid, but it is obvious.

Unfortunately, Ye Xuan did not care about Roqi.

If it is not because Luo Qi is a friend of Feiyan, I am afraid that Ye Xuan will not look at her more.

This Luo Qi, in fact, is not simple, Luo Jia, in the presence of Mo Ge, also has a certain strength.

Luo Qi is the only heir to the Luo family.

It is conceivable that there are certainly many people who chase her.

What about the gods, men and women love this kind of thing, of course, it is also very normal.

After Ye Xuan left the two women, he found the person in the fire department. He needs to know who the slave is accepting, and then go to the trouble of flying the cigarette. He will take the person out and then squat. Hey, pick up.

Unfortunately, this time, Ye Xuan is miscalculated.

There is no useful news to investigate at all.

As if the task, just the eight people had accepted it privately.

When Ye Xuan received the report, he was even more secretive about the slave.

If this is the case, then don't blame Ye Xuan for destroying the slave.

However, before this, Ye Xuan had trouble.

.....

"Ye Xuan, you give me out!"

When Ye Xuan was in the first boring time, he heard the shouting outside the door.

Ye Xuan frowned slightly, who is looking for himself, and, still, such a big anger.

Therefore, he did not hesitate and went straight out.

"who are you?"

Ye Xuan looked at the man. He didn't know this person. He could even say that he had never seen it before.

But why is this person coming to find his own troubles?

"Ye Xuan, you are a hypocrite, who am I, I am the brother of Hongyuan who was ruined by you, today, I must avenge my sister and kill you!"

.....

"Hey, it's really the elder brother of Hongyuan. Red Yuan is the ninth. It looks very beautiful. I didn't expect this Ye Xuan to be such a beast!"

Ye Xuan slightly stunned, what red Yuan Green Yuan, he did not know, he Ye Xuan, is not such a person.

It seems that this person is looking for the wrong person.

"Who is your sister, I don't know, and I will not make such awkward things. You go, you are looking for the wrong person."

"Hey, look for the wrong person? Of course you won't admit it. Don't worry, I killed you, you will naturally admit it."

That person actually shot directly, regardless of the rules of the training camp, one shot, it is killing.

At this point, many people, including those who have mentor, still don't understand what is going on.

So no one is prepared.

But this person is obviously prepared.

One shot, even the one that was sacrificed was a ghost of the demon god.

This ghost of the demon **** is obviously not something that people like him can have, because the strength of this virtual shadow has already reached the peak of the gods.

"Hey, the host should pay attention, detect a strong attack, the host should be prepared for defense."

Damn it!

Said that it is hands-on, Ye Xuan has said, then what Hongyuan, he did not know, did not expect, this guy, actually still said it will be shot.

Chapter 2165: New Megatron

This is a ghost of the demon **** of the peak of the gods, and that person, is also a strong man of the superior heaven.

At this moment, not only the demon **** rushed to Ye Xuan, but the man also rushed over.

Damn it!

Ye Xuan was very angry, but he was not idle.

A ray of light erupted around the sacred sword and directly guarded Ye Xuan.

The powerful attack, when it arrived at Ye Xuan's side, was directly resisted!

This time, Ye Xuan did not control the sword, but the sword was flying out.

Of course, it is accurate to say that Megatron has shot.

Megatron has been living in the sacred sword. Now that Ye Xuan is in danger, then Megatron will not care. When the sacred gods and the gods are rushing over, Megatron will Without hesitation, they launched the Soul Eater Shield and blocked their attacks.

At this time, Ye Xuan is still standing in such a leisurely position.

On top of his head, the sacred sword exudes a faint glow, protecting Ye Xuan.

And Hongyuan's brother is constantly launching a fierce attack around Ye Xuan's side!

Of course, it is just futile.

At this time, the people around are also shocked.

Why do they rock the red Yuan's brother will burst into such a powerful attack, after all, before the red Yuan's brother can not have such a powerful way.

At the same time, it is shocking to leave Villa defense.

Ignore!

This is simply ignored as powerful in attack ah.

Many people can do it by being able to attack the ghosts of the gods who are against the peaks of the gods.

Some can be easier than Ye Xuan.

However, it is because their own strength is very strong and strong, beyond the red brother's brother.

However, Ye Xuan is not the same, Ye Xuan's strength, just a medium-sized one is too deep.

Even a few months ago, he was just a scum of the gods.

However, it is such a person who is obviously at an absolute disadvantage, and even defended against the attack of a powerful person who is many times more powerful than him.

In this case, let the surrounding around, what can you say?

"It's the magic weapon, the sword seems to be very powerful!"

Some people say that at this time, Ye Xuan's performance, the most dazzling, is the sacred sword.

From the initial active defense, the sacred sword attacked from the back side of the defense. It can be said that all this happened without the control of Ye Xuan, and it was completely done by the sword itself.

Or it is Megatron's control.

In the eyes of others, nature is inevitably surprised.

There are many, many things that have a weapon or equipment.

There are also many who can fight autonomously.

However, after all, the spirit is an instrumental spirit, and the defects are also very obvious.

If you let the spirits go to fight yourself, the power will drop a lot. This is something everyone knows. Therefore, under normal circumstances, no one will let the spirits fight for themselves unless they have to.

However, what is Ye Xuan's current situation?

Obviously, the sword is fighting in itself, but it can suppress the magical shadow of the demon **** and the brother of Hongyuan?

The spirit of the spirit can never surpass the strength of the master.

This is the iron law, no one can violate it.

can not read it!

Everyone has lost their minds. They can't understand the battle now. They can't understand why Ye Xuan's sword is so powerful.

At this time, Ye Xuan did not want to shoot.

This guy is obviously because his sister was ruined, so he came to revenge.

Although it is said that Ye Xuan did not do this, Ye Xuan is quite pitiful, so Ye Xuan does not want to fight this person.

"Okay, you are enough. I said, your sister's business is not what I did. I don't know where you heard this news. But, not what I did, it was not what I did." I am doing things in Ye Xuan, but I will never block it."

.....

"Don't you do it? Hey, Ye Xuan, you **** guy, I saw you coming out of my sister's room. Do you want to argue!"

Ye Xuan Le, seeing myself with my own eyes?

"When did you see it?"

"Last night! Hey, Ye Xuan, you don't have to argue, today, I will kill you!"

Haha, Ye Xuan laughed, last night?

It looks like he didn't even have a door last night.

However, letting this guy go to trouble is not the way.

"Okay, I said, I am not me, but since someone dares to discredit me, no matter who I am, I will definitely arrest him. Rest assured, your business, I am in charge of you, I am thinking of it. I myself, the head of that person, I will keep it for you!"

Ye Xuan said faintly, his eyes had been looked around.

Now, Ye Xuan understands that some people want to frame themselves. If they don't have some strength, then they can kill Ye Xuan with their brother.

Those who hide in the dark are good calculations, and they can solve Ye Xuan without using their own shots.

Unfortunately, his wishful thinking is playing very well.

Ye Xuan, not a person who is allowed to be slaughtered by others.

"Give me back!"

Ye Xuan shouted.

Megatron and Ye Xuan thought for a moment, and two lights broke out at the same time.

"Destroy the gods!"

Yes, it is to destroy the gods. In the hands of Ye Xuan, the sword can only be used to kill a god.

When Megatron took over the control authority, he even issued two.

Bang!

Two loud noises sounded.

The two rays of light, instantly forced back the red brother's brother and the demon **** virtual shadow.

Moreover, because the sacred sword is facing the reason that the demon **** will crit, even the illusion of the demon **** is severely damaged!

In fact, although the brother of Hong Yuan's brother is in a hurry, although he is angry, there is still reason.

From Ye Xuan has not been shot, in the interpretation of Ye Xuan.

In combination with his own situation, Hong Yuan's brother still has some doubts.

You know, yesterday, his demon **** illusion was just a medium-day god. However, when his sister's incident happened, somehow, one person exchanged with him at a low price. A heavy treasure, a treasure that can temporarily enhance the strength of his demon **** virtual shadow.

That heavy treasure, can make this demon **** illusion burst out of the strength of the peak of the gods within an hour.

Such a good thing, Hong Yuan's brother has not encountered in the training camp for thousands of years, why did it happen yesterday?

Also, he went to Hongyuan's residence, and it seems that someone deliberately guided him.

At that time, someone told him that his sister was in danger, so he immediately rushed over.

Coincidentally, he only passed, and he saw the scene of Ye Xuan.

If Ye Xuan is now directly with him, perhaps he will not doubt anything, but Ye Xuan does not shoot, but just his sword and his own fight, they have been able to force themselves back.

Ye Xuan's big move to summon thousands of beasts is not a secret in the entire training camp.

Chapter 2166: Trouble

Then, Ye Xuan did not shoot, but was able to force himself to retreat. This is not to explain, Ye Xuan has defeated, and even strangled his strength?

Ye Xuan did not do this, but instead faced himself with frankness.

Undoubtedly, let the original red-hearted brother, who was originally indignant, slowly calm down.

.....

"My sister's business, isn't that what you did?"

Upon hearing this, Ye Xuan looked up and said faintly.

"I said, it's not me, it's not me. If it's really what I did, then do you think you still have trouble calling me here?"

"As for your sister, I don't even know who he is. Why are you looking for her trouble? Don't worry, since this matter has involved me, then I will take care of it, wait, very soon. I will give you the person behind you!"

Ye Xuan's commitment has always been observed.

What's more, Ye Xuan is very clear about today's affairs. He must make a solution. If he does not take the black hand behind the scenes, then something like this will happen again.

However, Ye Xuan still underestimated the means of those people.

After Hong Yuan's brother temporarily left, Ye Xuan began an investigation. He asked the smokers and the fire department to investigate for him. Unfortunately, there was no result.

Of course, Ye Xuan also understands that he is able to use too little and too little power.

However, Ye Xuan did not care too much.

Since the black hand behind the scenes will find Ye Xuan the first trouble, then there will be a second time, the third time, it can be said that those people do not achieve their purpose as long as one day, then, things like this will continue occur.

It's another few days.

On this day, Ye Xuan was only waiting for the training camp. However, the sudden attack said that the outbreak broke out.

The same is the training camp, five people, five of the same as the Tenth.

The weirdest thing is their reason.

.....

"It's him, yes, this is Ye Xuan, it's too deceiving, it's just too bullying!"

"Yes, today, I must wait for him to take revenge. Why, he is a genius, well, we are just ordinary people, we can let him, even hide from him, but why should he step by step, since Don't give a living, then let's die together!"

When the five people rushed to Ye Xuan, they first talked to each other, and then they immediately shot Ye Xuan.

When you shoot, it is killing, and you are going to do the same.

"Give me to die, **** guy!"

boom!

Suddenly attacked, Ye Xuan did not even understand anything.

At the time of the five people's arguments, Ye Xuan also heard it, but he did not expect to say that he was himself. But these five people said that they started to do it without any hesitation.

"Hey, detect a strong attack, the host please pay attention!"

With the prompts of the system, Megatron once again manipulated the scorpion sword automatic guardian.

"Hey, the host should note that the host has insufficient debris and the defense is broken."

"boom!"

Ye Xuan is directly flying by a boxing!

It was actually under the defense of the Sword, and it was also flying by a boxing.

Fortunately, Ye Xuan did not suffer the slightest damage, but it was just a dozen steps.

However, this is also unacceptable.

"Damn, what are you doing?"

Ye Xuan looked at the five people, and his heart had already raised anger.

Five superior heavens.

These guys, can't you take the wrong medicine?

"Hey, what do we do, you know in your heart, everyone together, kill him!"

The five men once again rushed toward Ye Xuan.

Ye Xuan grabbed the sword and at the same time, he was ready to summon the swordsman!

However, suddenly, he endured!

Obviously, these people are used by people and then find themselves in trouble.

If Ye Xuan is now shooting, let's not say whether they can defeat these people. Even if they are defeated, it is just a calculation of the people behind the scenes.

Therefore, even if Ye Xuan is not reconciled, he can only endure it.

Everything is the black hand behind the scenes. As for these people, they are just innocent people. They can even say that they are also victims.

"You give me a hand, well, since you are looking for trouble, then you are clear, how do I offend you?"

"Haha, how to offend us, Ye Xuan, Ye Xuan, you are still the first in the genius list, with your qualifications and strength, what are we, in front of you, what is the difference with the ants?"

"Ye Xuan, you can kill us. We are not strong enough. We are just ordinary people. We can't beat you, and we don't have a backing. We recognize it. But why do you want to tease us or even take our family?"

"Ye Xuan, I am a hundred and eighty people in Liujiacun. They are ordinary people I brought from the realm. What threats do they have to you? Or, what threats do you have to you, why do you want them all?" Got it out?"

.....

The five people said a word, the excitement of the tone, and even some incoherence.

However, Ye Xuan still understands.

The meaning of these people is that he Ye Xuan, in the first few days, began to find their troubles, in the beginning they asked them to sell their family to Ye Xuan, and then sold as a slave.

They naturally did not follow, and then, Ye Xuan used various means to deal with them, and even the last breath to destroy their people!

"The trough! Your uncle!"

After listening to Ye Xuan, he shouted directly.

"Well, you, Ye Xuan, now dare to be so arrogant, brothers, together, today, we will kill him, even if it is dead, we must avenge our family!"

The five were very excited, however, Ye Xuan was more excited than them at this time.

"All for the old man!"

boom! boom! boom!

Thousands of god-level mounts appeared in an instant, surrounded by the five people, but they did not.

Ye Xuan also said to the five of them at the same time.

"A group of stupid forks, what do I want your family to use? Sell them as slaves? You think that I am missing the point of Shen Jing! His uncle, and want to buckle my hat, in front of a thief hat, Why, what is this time?"

Ye Xuan is very excited now, and the people in the dark are not too much too much.

slave?

It seems that it is necessary to go to the garrison once.

"You five pigs, come with me now!"

Ye Xuan looked at the five people and said directly in an unquestionable command tone.

These five people said that if they were not forced to rush, I would not dare to take the mortal heart to find Ye Xuan's trouble. I know that Ye Xuan's strength is quite strong in this training camp.

Others do not say, it is said that the name of the first place that day is enough, so that Ye Xuan enjoys a lot of privileges in the training camp.

The five people who were so stunned by Ye Xuan were wilted.

They are brave enough to find Ye Xuan. In fact, they are already holding a mortal heart.

There is no intention to leave at all.

However, cultivation is not easy.

They can walk step by step to today, whoever wants to die so easily.

Chapter 2167: What kind of joke?

Although family members are important, their own lives are of course important. These five people can't do anything to make their families crazy.

At this moment, Ye Xuan went straight ahead, and the five people followed the past.

Not only these five people, but also the onlookers around.

During this time, Ye Xuan's limelight is too big to be considered difficult.

At this moment, I saw that Ye Xuan had finally had an action.

Whether it is doubtful of Ye Xuan, or that Ye Xuan is not a good person, I want to see what Ye Xuan is going to do.

You must know that Ye Xuan's strength is only a medium-sized god, and they will not be afraid of Ye Xuan.

For a time, Ye Xuan followed hundreds of people.

Ye Xuan put away those god-level mounts, his brows were wrinkled, and he came directly to the Lingcheng Pavilion in Mocheng.

Everyone knows that Ye Xuan and Ling Xuange have a relationship, but what is the relationship, but no one knows.

However, when Ye Xuan descended to Lingxuan Pavilion, they knew that Ye Xuan's identity in Lingxuan Pavilion was extremely high.

"The disciple sees the elders of the guards!"

This time, Ye Xuan did not hide his identity, but directly showed his token.

What kind of **** is hidden, since the plan is to attract the attention of the cabinet, and the fire department and other people secretly investigate, then Ye Xuan will be arrogant.

Hula, almost all of the Lingxuan Pavilion members fell in front of Ye Xuan.

Ye Xuan, the elder's token, but the goods are genuine.

Even if he is just a polished commander, there are as many rights as there are.

"You, give me a message to the elders, let him see me quickly."

"This, the elders of the guards, the deputy chief of the moon, this, this little dare!"

Although the person did not say it clearly, the meaning was obvious. What he meant was that Ye Xuan was just a guardian elder. Although he was full of strength, but the lack of moon is now the guardian of the house, let the moon come to see the leaves. Xuan, it is somewhat unreasonable.

Ye Xuan is too lazy to talk nonsense, directly release the notes, these people do not dare, then they will say.

Anyway, this guardian elder, Ye Xuan did not care much from the beginning.

He is looking for a missing month, but he is only missing the moon to help.

Behind Ye Xuan, the people in the training camps were so aggressive that they didn't understand what Ye Xuan was doing.

In fact, I am afraid that Ye Xuan himself does not understand.

Normally, what is Ye Xuan? The relationship with the master of the moon, I am afraid it is not so good that you can order the master of the moon to do things.

However, Ye Xuan can only resort to the lack of a month, so I am too lazy to consider so much.

Soon, in the transmission array of this Lingxuan Pavilion, there was a figure.

Look at it, it seems that I am still doing something, and I still have a pile of materials in my hand.

"Master Ye, you, what are you looking for when I am so anxious?"

The Missing Moon Master came to Ye Xuan and looked at the angry face of Ye Xuan, very puzzled.

"I need your help!"

Ye Xuan did not hesitate, said directly.

"Haha, Master Ye, are you teasing me? With the ability of Master Ye, what else can't you do?"

Don't look at Ye Xuan repair is not high, but his banned master's avatar, but powerful, at least, in the eyes of people like the moon, Ye Xuan is absolutely indispensable to super strong followers.

After all, there will be strong followers around anyone like a powerful ban.

Unfortunately, they did not know, in the eyes of Ye Xuan, what the prohibition of the teacher, did not care about it.

Seeing Ye Xuan's indifferent eyes, the missing moon master also saw it. Ye Xuan, this time, I am afraid that there is really something.

Therefore, the Master of the Moon also put a smile on it and said it directly.

"What is the command of Master Ye, I am saved by the lack of this month, as long as you have any instructions, I will do my best to help."

boom!

In a word, let everyone fall into madness.

Who is the Master of the Moon?

That is a deputy cabinet owner of Lingxuan Pavilion. Moreover, don't look at the repair is not high, but it is the result of people being trapped for countless years. In fact, the identity of the missing moon master, in Lingxuan Pavilion, has already It is equivalent to the second sovereign, because even if the sovereign is in front of him, he has to give up the score.

However, such a person, at the moment in front of Ye Xuan, said that as long as Ye Xuan said a word, go all out to say such words, what does this mean!

Doesn't it mean that if Ye Xuan is willing, the entire Lingxuan Pavilion will be used for him?

Shocked, this time, those who did not attend the training camp really knew the horror of Ye Xuan.

And behind Ye Xuan, two people are green at the moment.

There is no suspense, these people are really involved in the calculation of Ye Xuan.

Now, when Ye Xuan is preparing to tear his face, they know that they seriously underestimated the strength of Ye Xuan.

.....

"Well, if you have this sentence, I am going to train camp now. I am very annoyed. Someone counts me one after another. I want you to help me and find out who the person is!"

Ye Xuan said, but after the words were finished, I saw that the Missing Moon Master was very strange.

"Wait a minute, Master Ye, you, what did you say, where are you?"

"I said that I was an apprentice in the training camp. What happened? Is there a problem?"

"This, what Ye Master wants to do, of course, whatever you want, but Master Ye, even if you want to get a training camp more powerful than the training camp, it is just a matter of words, why are you going to be a one? Apprentice, isn't the master you are free to do?"

In the words of the Missing Moon Master, there is some reaction to Ye Xuan's remarks.

Of course, such a misunderstanding, blame Ye Xuan, but also blame the lack of moon.

After all, the lack of a moon master can not know, Ye Xuan's banned strength, relying entirely on the system.

Ye Xuan is also not likely to know that the meaning of the lack of a moon is to let Ye Xuan use the identity of a forbidden guru.

Ye Xuan is worrying, but the Master of the Moon has some helpless words:

"Master Ye, you really like to make jokes, such a small thing, you come to me too, but this also shows that Master Ye did not take me out of the moon as an outsider, well, this thing, say what I am missing from the moon will do for you. You are waiting for the good news!"

After the lack of the month, Ye Xuan, who was in a slap in the face, returned with the training camps who were also in a state of procrastination.

At the moment, no one is doubting Ye Xuan.

Because the characters like the deputy director of Lingxuan Pavilion, they all seem to be obedient in front of Ye Xuan. As long as they are not fools, they all know that Ye Xuan's identity is definitely not simple.

.....

This matter, for Ye Xuan, is a hot brain.

But he did not know how much crisis it triggered.

A few times against Ye Xuan, there is no suspense, they are rented out of the night to leave the hand.

It is all the people he arranged to plan the calculation of Ye Xuan.

According to the idea of leaving the night to repair, it is to play Dead Ye Xuan.

Chapter 2168: Fire slave

However, when Ye Xuan broke out, he realized that he had provoked a powerful character. Ling Xuan Court actually helped Ye Xuan. These nights can only help the family.

On the side of the Missing Moon, Ye Xuanyi left, and immediately saw the sovereign of Lingxuan Pavilion.

What the eclipse master never imagined was that he was originally prepared to use his own strength to help Ye Xuan because of Ye Xuan's life-saving grace. However, Lingxuan's lord let everyone in Lingxuan Pavilion help Ye Xuan.

Note that it is the power of everyone Lingxuan Pavilion, that is to say, including the allies of Lingxuan Pavilion.

Moreover, when talking about this, the owner of the Lingxuan Pavilion was very happy, as if it was able to help Ye Xuan, what a glorious thing.

.....

The Master of the Moon has always known that the owner has a very special attention to Ye Xuan. From the first time he saw Ye Xuan, he asked if Ye Xuan had participated in the trial.

Later, he did not hesitate to give the identity of the elder of Ye Xuan.

It seems that these things are not unintentional.

At the beginning, the Lord of the Moon thought that the owner was pulling Ye Xuan.

But now it seems that it is not the case.

After all, pulling Ye Xuan, there is no need to use all the Lingxuan Pavilion's forces to help Ye Xuan.

It seems that there are hidden feelings in this.

A huge storm is happening.

The center of the storm is the training camp. This place was originally not considered by all parties.

As for the reason, it is only because Ye Xuan is here.

Of course, such a huge storm, wanting to sweep, is not something that will happen in a day or two.

Because of the sudden outbreak of Ye Xuan, let the night leave to stop any action on Ye Xuan, because at this moment, he only knows that this seems to have no special Ye Xuan, what kind of strength is behind it, even These strengths have not yet fully erupted.

Just one Lingxuan Pavilion has already forced him to stop any action.

He is just the Seven Princes of the Dark Empire. The rights are there, but they are not really big. Otherwise, he will not be thrown into the training camp.

At this time, his family had sent a message, so that he could not make any changes, otherwise it was the family law.

Originally, it was only a private conflict between Ye Xiu and Ye Xuan, but it has been transformed into a conflict between Lingxuan Pavilion and the entire Dark Night Empire.

Moreover, this conflict seems to be as long as Ye Xuan does not give up his ambitions, it will continue to upgrade.

Of course, Ye Xuan still does not know this until now, so according to his chance, he began to find trouble with the slave.

The slave is a force, but in the midst of the situation, it is only a small force equivalent to the beast of the beast.

Ye Xuan directly went to the slave outside with the five people who were initially involved.

A huge ancient town, here is the slave headquarters.

Among the slaves, there are still many masters.

To be honest, Ye Xuan took a few people who were on the training camp to find the slaves. How to see, there is no chance of winning.

However, when Ye Xuan and others used to, they found that there were only a dozen left-behind people in the slave headquarters, and all others were running clean.

In a rage, Ye Xuan directly burned the corps headquarters, and even the left-behind people saw Ye Xuan come over, without saying anything, they ran away.

We must know that the strength of those people is the lowest of the medium-day gods, but there is no courage to work with Ye Xuan.

After burning the slave headquarters, Ye Xuan's anger was almost vented.

Some time ago, I was found to be in trouble, so that Ye Xuan's heart was always holding a fire.

However, after the anger burned, Ye Xuan also calmed down and thought carefully.

It seems that the things around him are very strange.

Lingxuan Pavilion, there is no need to help Ye Xuan.

Ye Xuan and Ling Xuange, there is no contact at all in the European style, that is, there is a certain connection with the Master of the Moon.

However, Lingxuan Pavilion has helped, not only to help, but also to help all the way, directly using all means.

In just three days, Ye Xuan received the news from Lingxuan Pavilion.

I also know that night retreat is a black hand behind the scenes.

However, the night of the repair also ran away, and all the nights were running.

When Ye Xuan knew the identity of the night leave, it was also very strange. The background of the night was repaired. According to the truth, pinching him Ye Xuan would kill a cock.

However, when the local contradictions broke out completely, the night retreat chose to give in.

what is this!

What is all about this?

Ye Xuan was puzzled. He was really dumbfounded this time.

Even the system, in the absence of information, can not understand what happened to Ye Xuan.

Of course, one thing to be sure is that behind Ye Xuan, there is a mysterious force helping him.

When Ye Xuan was thinking about the training camp, the external contradictions were also escalating. The first conflict that broke out was the contradiction between Lingxuan Pavilion and Jubao Pavilion.

In the midst of nothing, there is no suspense, there is a contradiction between Lingxuan Pavilion and Jubaoge that cannot be adjusted at all.

However, over the past few years, the two forces have not really broke out.

However, just one day, Lingxuan Pavilion dispatched all the elites, and between the two days, they destroyed thousands of strongholds in Jubaoge.

When the Jubaoge defense was over, it was already late.

Say it is easy to do it.

As for the reason given by Lingxuan Pavilion, it turned out to be a young master of Jubaoge, who once targeted Ye Xuan.

"Is it true that Lingxuan Pavilion has actually prepared for this work, this time, but is it an excuse for me?"

Ye Xuan thought so, this is the only reasonable reason he can think of.

Otherwise, how can he explain why Lingxuan Pavilion will help him fully.

The mystery cloud wraps around Ye Xuan, and the outside world has undergone tremendous changes.

Calm for millions of years, it's a matter of fighting, and it's a form of fighting.

Every day, countless people fall, and every day, there are countless battles.

Lingxuan Pavilion is like a madman, playing the banner of helping Ye Xuan revenge, carrying out everywhere, attacking the Jubao Pavilion and attacking the Dark Empire!

.....

And all these mysteries, when a walking messenger of the fire department found Ye Xuan reporting intelligence, it was only let Ye Xuan understand why Ling Xuan Court is so crazy.

"His visit to the Emperor!"

On this day, a fire minister's messenger came to Ye Xuan's room.

"It's you, is there anything?"

Ye Xuan certainly knows this person. After all, Ye Xuan has seen him.

"The Emperor, the subordinates who ordered the investigation of Mo's cabinet had some eyebrows, so I have to report it. In addition, there is one more thing. I feel that it is necessary to tell the Emperor!"

"Oh, what?"

Ye Xuan wondered, he didn't know what this person wanted to say.

"Go back to the Emperor, this thing is about Lingxuan Pavilion."

Ye Xuan slightly frowned, this Lingxuan Pavilion, it seems that there is really a problem.

Chapter 2169: Ye Xuan Ming Wu

"The Emperor of the Emperor, my fire department has set up some organizations in many places in order to facilitate the observation of the various places, and it is not a matter of special circumstances,

so because of the speciality of the cabinet, it has increased the investment, that Lingxuan Pavilion, The momentum is the force that the three tribes of the Ministry of Fire personally established, in order to facilitate the investigation of Mo Court!"

what!

Ye Xuan was dumbfounded. He wanted to come and think. However, he never thought that Lingxuan Pavilion was actually a fire department person. That is to say, this Lingxuan Pavilion was the power of Ye Xuan from the beginning.

This time, everything can be figured out.

Why Lingxuan Pavilion will give him a detachment of the elders of the guards, and why, when I know that Ye Xuan has an order, it will be so crazy.

Because, this Lingxuan Pavilion, originally belonged to him Ye Xuan.

Or, it belongs to the inheritance of the ancient gods!

And he, Ye Xuan is a new generation of gods, then, the owner of Lingxuan Pavilion is not him.

This ancient survivor, Ye Xuan does not know whether to cry or laugh.

After a long time of trouble, Ye Xuan has been tossing for so long, and the feelings have been carried out under the protection of the Lingxuan Pavilion.

However, this feeling, Ye Xuan did not know whether to be happy or to be angry.

Say happy, after all, suddenly there is such a big force, it is indeed a surprise for Ye Xuan, but also let Ye Xuan's strength strengthen a lot.

Say angry, especially, if you don't go to Lingxuan Pavilion, then the people of Lingxuan Pavilion will never tell Ye Xuan the truth.

Sister's, there are so many good things in Lingxuan Pavilion.

If Ye Xuan used it directly, I don't know how many levels to break.

"ok, I get it."

Ye Xuan sat down silently.

"That, the Emperor of the Emperor, the three chiefs have something to tell you!"

"You say, I am listening!"

"Yes, God!"

The people of the fire department suddenly fell to the ground and let Ye Xuan frown slightly.

Later, I heard him say: "The Emperor of the Gods, the three chiefs let me tell you, because our ancient heritage is very limited, and the enemy we need to confront is incomparable. Lingxuange is the most powerful part of our fire department. Force, so this time you can follow your order."

"After all, some contradictions have already existed, but only this time. After that, my fire department will not be able to obey your orders so directly!"

What do you mean?

Ye Xuan frowned.

Just listen to that person and continue to explain:

"The Emperor of God should know how powerful the enemy we are facing. It can be said that if it is not careful, our ancient survivors will be destroyed, and the Emperor of God will continue to strengthen their strength with their own strength, and will lead me as soon as possible. Fighting with the mighty existence, I will definitely fight all the time, but now I have to hide my strength!"

"The above is the original words of the three patriarchs. The chief of the three tribes said that if the gods of the gods blame, please wait until the powerful existence is destroyed."

Ye Xuan nodded and said:

"Well, you are thinking about it. I understand it. Then, do as you please. However, the investigation of Mo's cabinet cannot be relaxed. I must check the secret of Mo's cabinet. ""

"Yes, God Emperor!"

"Okay, nothing, you will be busy with you!"

Ye Xuan waved the man to retreat.

However, after the person left, Ye Xuan smiled.

Although the words of the three tribes are enough to hide.

But the meaning of it, Ye Xuan understands.

Perhaps it is true that the hidden strength should be, but, more importantly, the top of the fire department did not fully accept Ye Xuan.

Because of their ancestral training and family rules, they had to be based on Ye Xuan.

However, the current Ye Xuan is too weak, they will not really fully vote for Ye Xuan.

To put it bluntly, this ancient survivor belongs to Ye Xuan, but does not belong to Ye Xuan.

After all, hundreds of millions of years have changed too much.

At this time, the ancient survivors, how much loyalty to Ye Xuan, is not known.

Perhaps Ye Xuan has strong strength, they will definitely not hesitate to follow, but, Ye Xuan has no strength after all.

Strength, everything is strength.

Sometimes, even if it encounters a big chance, there is not enough strength, Ye Xuan can not completely control this opportunity in the hands.

For example, the Lingxuan Pavilion now has or can be called the ancient survivors.

However, soon Ye Xuan adjusted his mindset.

Also, why are everything pinned on others?

He Ye Xuan is Ye Xuan. There is nothing to do. He has to rely on others. This ancient survivor is willing to obey himself or not to obey, but Ye Xuan's own strength must be improved.

.....

Early the next morning, Ye Xuan appeared in a place he had never been to, even causing many people to be shocked.

Mission hall!

In the camp, many people usually exchange their points for rewards.

However, Ye Xuan has never been there, this is the first time Ye Xuan came over.

At this time, the outside world's affairs about Lingxuan Pavilion have already erupted to a new height.

And everyone in the training camp has a new understanding of Ye Xuan.

It can be said that the entire training camp is at least in the camp, and no one dares to say half a word in front of Ye Xuan.

However, it is clearly powerful and powerful.

Ye Xuan has come to the training camp, and today, is it better to prepare for the task?

The girl responsible for the release of the task was dumbfounded.

Whoever comes to him is not a strange thing, only Ye Xuan.

The appearance of Ye Xuan made him somewhat unresponsive.

"Ye, Ye Shaoye, may I ask if you have anything?"

"Oh, I am picking up the task, can I look at the list of tasks?"

Ye Xuan did not care about the surrounding eyes. They were not themselves and how they knew about their own affairs.

The girl hesitated for a moment, but fortunately, I immediately reacted and placed all the tasks directly in front of Ye Xuan.

The task of the training camp is divided into levels.

Simple, ordinary, difficult, nightmare, four levels, represented by four different levels of danger.

For simple tasks, the average casualty rate is almost zero.

The average task injury rate is 20%!

Fifty percent of the difficulty!

Nightmare level mission, the casualty rate is as high as 70%!

Of course, depending on the task, the rewards are of course different.

Moreover, each mission has a minimum level requirement.

There are not many room for Ye Xuan to choose. In fact, in addition to simple tasks, there are only two difficult tasks in front of him.

Task one, there is a powerful beast and evil in the Baihua Valley. Baihua Valley asks for help on the training camp, and asks to repel or kill the evil beast, and the requirements of the realm are limited to the medium-day gods!

Task 2, the aquatic beasts in Lingbo Lake have changed frequently during this time, the task requires exploration, and the realm requires the lowest elementary gods.

Chapter 2170: New swordsman

This is the only two common tasks that Ye Xuan can accept at present.

As for the simple tasks, there are some, but how can Ye Xuan do such a task, such a task, for Ye Xuan, is a waste of time.

"Can these two tasks be picked up together?"

Ye Xuan asked the girl, because the rewards of these two ordinary tasks add up to two hundred points, really, very few, but Ye Xuan can pick up two, he certainly does not want to miss.

"Ye Shaoye wants to accept these two tasks at the same time, of course it is ok."

At this time, the entire hall is full of talks, who is here, it is not strange, but, Ye Xuan actually came over, it is very strange, in their eyes, like the high-ranking son of Ye Xuan, how can go Do such low-level tasks, two hundred points? What can I redeem at the training camp?

Maybe in the eyes of ordinary disciples, you can exchange a lot of things, but for people like Ye Xuan, those things are not just different from garbage.

No one can understand what Ye Xuan wants to do.

However, Ye Xuan did just that.

I am at home, knowing myself.

Some time ago, Ye Xuan was still a little lazy.

The resources in his hands can be said to be all clean, but Ye Xuan has no action for so long, this is not a good habit.

Counting, Ye Xuan is only the lowest level in the realm of the gods. What qualifications are lazy?

According to the main and minor tasks, Ye Xuan first chose the one hundred flowers valley, the evil beast?

Ye Xuan is going to have a look at what a beast is.

Soon, Ye Xuan came to Baihua Valley.

This Baihua Valley was originally a beautiful place. Because it is rich in some beautiful flowers, although it is not famous, it is still famous.

The owner of Baihua Valley is a superior **** man. He lived here with his own ethnic group. At the beginning, it was a mixed one. However, until the beast appeared, all the things here were disrupted.

Even when he took the tribe to encircle the beast, he was seriously wounded, and he had no choice but to ask for help from the training camp.

When Ye Xuan came over, the owner of the Baihua Valley apparently did not trust Ye Xuan.

"You, is it the person sent to the training camp?"

Sitting on the bed, the owner of the valley looked at Ye Xuan's eyes full of distrust.

"Yes, I came over to clear the beast for you!"

"Little guy, fighting against the beast is not a joke, so you can go and see first. If you are not sure, don't be arrogant. The beast has a weird magical power. I can't do anything about it. You can pay attention to it. Don't send your life!"

Although this is a bit harsh, but after all, people are kind, so Ye Xuan just smiled and said nothing.

Seeing that Ye Xuan did not speak, the owner of the valley sent a person to lead Ye Xuan.

The two went all the way and soon reached a hill.

"The son, just in front, the beast is very powerful, small, small dare not advance, but also please be careful."

Ye Xuan nodded. This guy is just a mortal. He is not even waiting for God. He will be afraid and normal.

Then, Ye Xuan will go by himself.

The sacred sword was held in the hands of Ye Xuan, and Ye Xuan walked toward the front with vigilance.

God read it outside, and Ye Xuan looked at the situation around with vigilance.

He didn't know what the beast was in front of him, but it was always good to be vigilant.

However, when Ye Xuan saw the beast, it was a joy.

It turned out that this turned out to be a swallowing beast!

Devouring the beast for Ye Xuan, but good things, swallowing points, it depends on him.

I didn't expect that my luck was so good. It seems that if I have nothing to do, I still have to move around.

If you didn't pick up this task yourself, then isn't this devour of the beast not to be with you?

This is still a high-level devouring beast, which can bring Ye Xuan a three-point swallowing point.

The three-point swallowing point is not a small number for Ye Xuan.

Since the target has been confirmed, then there is no hesitation, start, kill!

"kill!"

Ye Xuan figured a move and directly rushed to the beast.

Although this beast has noticed Ye Xuan coming over.

However, for a long time, he occupied this place, no one is his opponent at all, although there are some people who come to crusade him, but he is also defeated.

"Hey, the system prompts, detects a special swallowing beast, the host please note that killing this swallowing beast in addition to getting the swallowing point, you can also get special materials, the heart of flowers!"

Heart of flowers? What is this?

"System, what is the use of this flower heart?"

"Hey, the system prompts, the heart of flowers can be used to blend the flower spirit sword!"

Amount, Hua Lingjian waiter?

Ye Xuan slightly stunned, anyway, listening to this name, it seems not very good.

Of course, no matter what, it's also a swordsman, or you have to get it.

"Destroy the gods!"

Boom, Ye Xuan took a sword and let Ye Xuan not think of it. I don't know if this beast has lived too long, or is too contemptuous of Ye Xuan.

In short, a sword will kill!

"Hey, congratulations to the host for getting three points to swallow!"

"Hey, congratulations to the host to get the heart of flowers!"

At this time, Ye Xuan began to observe the use of this flower elf sword waiter.

Flower Elf Swordsman: Blending conditions, 10 points to swallow, flower heart, grass spirit, tree soul, water source!

I went, actually want four special materials, but also to swallow the point!

Ye Xuan has a slight glimpse.

However, when he continued to look at it, he realized that the imposing power of the elf sword is not as incompetent as the name.

Flower Elf Sword Service Special Ability One: Huazu, Hualing Swordsman can summon the flowers and fairy to fight for themselves, and with the hints of the realm, you can also summon the tree god, grass **** and so on!

Special ability 2: The guardian of flowers, Hualing has extremely powerful resilience. After the host has Hualing Swordsman, it will have powerful healing ability and can treat other people in a wide range of powerful ways.

This is the ability. In addition, there is also his realm improvement. This Hualing swordsman has a high strength and room for improvement.

It seems that this flower spirit sword waiter, Ye Xuan still has to get it.

After all, the powerful healing power can bring Ye Xuan, but it is a very powerful combat power.

Especially the current Ye Xuan, what is needed is this strength.

What's more, Hualing Swordsman also has a very strong room for improvement. You must know that the Hualing Swordsman who has just merged has only one person to wait for the gods to cultivate. This is a sword waiter who needs to be constantly cultivated. I can imagine that it is not simple.

It can be said that if the slashed swordsmanship between Ye Xuan is a consumable item, then this flower genius sword waiter will become a possible existence of infinite growth.

It seems that for the next time, Ye Xuan has something to do.
