Chapter 2171: The secret of Lingbo Lake

This time, Ye Xuan received two tasks at the same time. Now that he has already completed the first task, then naturally, you need to get the second task.

Lingbo Lake, although the name is lake, but the area is very large, far beyond the scope of a lake.

Lingbo Lake has always had nothing to watch out for.

However, just a few years ago, the fish that survived there were a lot of variation.

The fish in the gods are actually a certain kind of intelligence.

They are practicing here, and of course they are also pursuing the cultivation of the godhead.

However, I don't know why, the fish in Lingbo Lake are constantly changing into devils!

Moreover, it is not a conventional cultivation, but is forcibly promoted by a mysterious force.

Ye Xuan came over this time, just a person, there is no helper around, plus there is no people around this Lingbo Lake, saying that there is no danger, it is impossible.

However, Ye Xuan certainly cannot give up. Since it is a task, it is natural to complete.

Looking around around Lingbo Lake, Ye Xuan did not find any abnormalities.

"Don't there be anything worth paying attention to here? No, since the training camp has released the task, then there will be some strange things, because only then will the training camp release the task. So where is the problem? Already?"

Ye Xuan slightly frowned.

"System, can you scan the surrounding environment?"

Suddenly, Ye Xuan asked the system. After all, there are some things, Ye Xuan has no way, but it does not mean that the system has no way.

"Hey, the system prompts, the environment scans!"

"Hey, the system prompts, detects the hidden ban, whether the host chooses to break!"

Is there a ban?

Ye Xuan gave a slight glimpse, really, he did not notice, there are any signs of prohibition, it seems that there is nothing special about it, but I did not expect that there is a ban here!

The subtle hidden means turned out to be the exploration of Ye Xuan.

Unfortunately, even so, don't want to escape the system scan.

"Breaking, of course, it's a good break!"

Ye Xuan said to the system, his mission is to explore this Lingbo Lake, and found an abnormality, of course, will not let go,

"Hey, the system prompts, the ban is broken."

In an instant, in front of Ye Xuan, there was a strange bridge.

This small bridge is obviously connected to somewhere in the center of Lake Lingbo.

It is strange because the bridge is actually woven from a plant in the water of life.

It's weird!

This time, no one said, Ye Xuan also understands that there is a problem here.

Not hesitating, Ye Xuan went directly to the bridge.

The distance between the bridges is not too far. In a short time, Ye Xuan came to a small island. On the Lingbo Lake, it was hidden a small island?

Really, don't say Ye Xuan, even in the training camp, no one knows.

However, when Ye Xuan saw the residents on the island, he still had a slight glimpse.

Fish people?

The fisherman is not a strange thing, no matter what creature, even a plant, as long as you cultivate with your heart, there is a chance to become an adult.

Therefore, this fisherman, naturally nothing is strange.

But Ye Xuan is strange that there are quite a few strong people among the fish people, the most powerful one, even reaching the middle god.

Of course, the strangest thing is the behavior of these fish people.

It seems that they are all controlled by a mysterious force, without the slightest joy, and the rest is only dead.

All the fish people are doing their own things, and their main job now is to build an altar!

Although Ye Xuan is far away, it is also able to see the appearance of the altar.

After all, the altar is too big!

Above the altar is a statue of a beast, but the statue is a special one, his face is a human face.

Human face beast?

Ye Xuan is in doubt, and now he does not understand at all, what is being done here, and what kind of secrets are hidden here.

It seems that so far, everything that Ye Xuan saw has nothing to do with his mission. However, Ye Xuan is keenly aware that he needs to take a closer look here. I am afraid that this human face must have extraordinary The ability is also a hidden secret.

"Who, who is there!"

Suddenly, Ye Xuan heard the voice.

When Ye Xuan looked at the past, he discovered that at this time, there were already more than a dozen mermaid strongmen who were rushing toward Ye Xuan.

These mermaids have a black flame all over the body.

Just this appearance, let Ye Xuan know, fear, this may be the secret that you need to find.

Here, there is a mermaid that is demonized, and there is a large amount of existence. If there is no secret here, I am afraid that no one will believe it.

Ye Xuan does not want to break out with these mermaids. After all, once the conflict breaks out, Ye Xuan will be in trouble. When it is time, don't talk about the news. I am afraid that it is not a small life.

However, these magical mermaids are, after all, the target of Ye Xuan, so this battle cannot be avoided at all.

Obviously it is also a mermaid, but obviously, the mermaid after the demonization has not regarded other mermaids as the same kind, and they are unscrupulously suppressing their own people.

All of this, all of them are strange.

"Thousand beast swordsman!"

In an instant, Ye Xuan also shot, and the thousands of beast swordsmen were summoned.

However, there was not a chance to summon a god-level mount, and there was a powerful pressure to sweep over.

That pressure is strong, even Ye Xuan, there is a feeling of creepy feeling.

Retreat!

Ye Xuan did not hesitate to retreat directly, but the thousands of beasts waited, but instead rushed up.

"boom!"

Repression, this is definitely a crackdown.

Even if there is no summoning of the god-level mounts, the strength of the thousands of beasts is not a leisurely one.

I did not expect that the one thousand beast swordsman appeared on this side and was immediately suppressed by the suppression!

So strong!

At the moment, Ye Xuan was still thinking about how to explore this place, but at the last moment, Ye Xuan had only escaped in his heart.

too strong!

That pressure is too strong, it can be said that it is the strongest that Ye Xuan has never seen before.

Following the small bridge just now, Ye Xuan madly leaned back toward the back.

Behind him, a group of magical fish people are constantly chasing, and Ye Xuan does not even dare to look back.

escape! Crazy escape.

I did not expect that Ye Xuan's first mission was to encounter such a strong presence.

It can be said that he is also Ye Xuan, who changed other people to perform this task, unless it is a super strong, otherwise, fear is dead!

Ye Xuan's lifeless escape, because his heart is very clear, if he does not leave, he may not be able to go.

Fortunately, it seems that these mermaid strongmen can't get out of the island. When Ye Xuan left the island, these mermaid strongmen stopped pursuing.

Chapter 2172: Drastic change

From their unwilling eyes, Ye Xuan knew that they actually wanted to kill Ye Xuan, or, in other words, it was very afraid that the situation here was exposed, but unfortunately, they could not leave the island.

Ye Xuan did not dare to delay, quickly returned to the training camp, and then directly found Liu Liu.

"Ye Xuan, what are you looking for?"

Liu Liu is also different. You must know that although Ye Xuan is his man, he basically will not pay attention to him. Apart from the annual assessment, Ye Xuan basically did not even tell him. But this time, I did not expect that Ye Xuan actually came to him.

Ye Xuan looked at Liu Luo. In the training camp, Liu Hao was also one of the familiar people.

So instead of hesitating, say directly:

"Predecessors, do you know the ordinary difficulty mission of Lingbo Lake?"

Ye Xuan's task has been spread in the training camp. Especially the first person, I don't understand Ye Xuan's task. Naturally, the argument is constant. Now, Ye Xuan asks himself about Lingbo. Lake, it seems that Ye Xuan took the task, it is true.

"Well, I know, what happened? Is there any problem with Lingbo Lake?"

Liu Luo asked Ye Xuan.

"Predecessors, Lingbo Lake, I am afraid that something is going to happen. I took the task there and then went to see Lingbo Lake. However, I found a ban there. After cracking, I found a mysterious The island, the island is home to this large group of fish people!"

"The fisherman is not the key. The key point is that the mermaid is completely demonized, and there is a super strong guardian!"

"Wait a minute, Ye Xuan, you said mermaid and fisherman? What is going on? What is the difference?"

Liu Luo interrupted Ye Xuan, but the focus of his question was rather strange.

"I don't know the specifics. To put it simply, there are two kinds of aliens. Of course, there may be two branches of a race. The predecessors, this is not the key. The key is that the monsters above have been demonized! "

"Devil?"

Liu fell frown.

The word magic is no stranger, but in the realm of the gods, there are very few creatures or people who encounter magic.

There are many devils, but there is a fundamental difference between demonization and demon.

The demon **** is only a different cultivation method, or it is a cultivation of the Mozu.

However, magicalization refers to some people and monsters whose hearts and shapes have changed dramatically.

Cruel, bloody, violent, ruthless...

This kind of thing can't be called a person at all, it should be called a beast!

"Okay, Ye Xuan, I know, you should rest first, I will report this matter immediately."

Liu Luo would not doubt that Ye Xuan said.

Ye Xuan's identity is there, there is no need to say that he is deceiving.

Therefore, Liu quickly found the top of the training camp.

This incident, as if suddenly, completely disrupted the rhythm of the entire training camp, and also disrupted Ye Xuan's life.

This magical monster appears inexplicable, or it can be said that without Ye Xuan to discover, it will not cause so many things.

You know, the mission of Lingbo Lake is not just Ye Xuan's exploration. There are still many people, and even if it is normal, there will be some people passing by.

However, no one has found the slightest abnormality.

Because the prohibition there is too strong.

It can be said that if Ye Xuan does not pass, then this secret may be difficult to find.

At this time, when the thing of the demonized monster appears, let's not say anything else, even if it is the battle between Lingxuan Pavilion and the Dark Empire, it also subconsciously slows down the action.

Demonize the monster, this is a big thing.

In the midst of this, there has been no such thing at all.

In fact, the magic monsters that people know are from legends.

It is said that there are countless other **** gods outside the world of their main gods. Among them, the main **** closest to the world of their main gods is a demon god.

The battle between the two main gods has never been interrupted.

However, in general, fighting is erupted in the battle of the secret.

It is an independent battle space opened up by the two main gods and the only point of contact between the two main gods.

The realm of the gods is a huge continent. However, this continent is not complete. There are countless voids on the mainland.

It is said that those were destroyed by the battles of the ancient times.

These voids can be counted as desperate, except for those superpowers of the main **** level, others, only enter the dead! Because in it, there is a natural law of incomparable violent, once you enter, all are immediately spiked!

These voids have undoubtedly become the best natural boundary line.

In this way, the contact areas of the two main gods are naturally very important.

Ye Xuan's battle between the Lord God and the Lord God of the Devil is concentrated on one battlefield.

That is to say, inside, it should not be possible to have a demonized creature.

Could it be said that there is a huge conspiracy that is happening?

The entire training camp has been moved.

Not only did the training camp, but also the parties including Lingxuan Pavilion, they also sent their own strong, ready to go together to see what happened.

Ye Xuan was asked to join the team because he was the one who first went to the news. For this, Ye Xuan wouldn't mind.

In fact, even if he is not required to participate, Ye Xuan will take the initiative to participate. The last time, Ye Xuan is not easy to escape, say what, this time have to find the troubles of those magical creatures.

The team gathered after five days. Counting it, this can be said to be extremely fast.

And Ye Xuan, together with more than thirty gods, under the leadership of a three-product spirit, as the vanguard team first set off.

.....

"The elders of the guards, are you talking about here?"

This spirit is from the people of Lingxuan Pavilion, so I am very polite to Ye Xuan.

"Yes, it is here!"

Ye Xuan definitely answered.

Get a positive answer from Ye Xuan, everyone quickly guarded and looked around.

However, they can't find anything.

Even, including the inferior spirit!

"The elders of the guard, this, there is nothing here, are you remembering the wrong position?"

"I said it is here, then, naturally, it is wrong. There is a ban here. Have you not found it?"

Prohibition?

Everyone, look at me, I look at you, they are all inexplicable, they do not feel the fluctuations of the ban!

Generally speaking, any ban will have subtle fluctuations, and you may feel it without even touching the ban.

Of course, according to the strength of the prohibition level, then this fluctuation is not necessarily strong.

At this moment, I heard that Ye Xuan said that there is a ban on the system. Everyone pays great attention. Even many people have come up with a magic weapon to detect and ban.

Chapter 2173: Horrible island

However, there is no problem at all here.

Nothing, they didn't find any exceptions!

In this regard, Ye Xuan is surprised.

However, now is not the time to argue about this.

"System, break the ban here!"

"Hey, the ban is broken!"

In the eyes of everyone, Ye Xuan is just going to a corner position, and then standing there for a while.

Then I reached out and I waved.

In an instant, a weeded bridge appeared in front of them.

"Here, there is really a ban!"

Everyone's goal of looking at Ye Xuan has changed.

Ye Xuan was able to discover the ban and it was broken, but they could not find it.

So what did you explain?

I am not saying that Ye Xuan is a master of prohibition!

In an instant, everyone is even more terrified about the mystery of Ye Xuan.

Yes, it is horror.

This Ye Xuan, what is the identity, why, there are always so many mysterious things around him?

Of course, at this time, it is not the time to say that, after Ye Xuan broke the ban, everyone would not hesitate and walked toward the front.

However, when Ye Xuan was about to pass, he heard the spirit **** said.

"The elders of the guards please stay, please wait here for a moment, this prohibition, since the last one you have left, now it has been restored, then, it is very likely that this prohibition is a self-repairing ban, in order to prevent The people behind can't find this bridge, and ask the elders of the guard to leave the way for others!"

It can be said that the realm of this spirit is much higher than that of Ye Xuan. However, Ye Xuan's identity is much more noble than him. Naturally, he can only maintain equality in front of Ye Xuan.

Ye Xuan nodded, and this spirit is also reasonable.

So, Ye Xuan did not follow them.

The follow-up team is only a half-day late.

This half day of your time, Ye Xuan does not know what they are doing, of course, Ye Xuan is too lazy to control.

Fortunately, the ban has not been fixed, so everyone walked forward together.

However, what Ye Xuan was not able to achieve was that when they entered, they saw only a few broken bodies!

Dozens of the vanguard team have been completely destroyed.

No, there is still one person still fighting, it is the spirit of the next strong!

"Fast, save people!"

In an instant, several strong men rushed straight past and fought with the mermaid.

Soon, the spirits were saved.

"How is this going?"

Someone quickly asked the next spirit.

Then the spirits looked at the crowd and said.

"Here, I am afraid it is a trap. When I came here with the vanguard, I heard a voice saying that we have been waiting for us for a long time..."

"What do you mean, you say it clearly, what is this?"

"I don't know what it means. I only know that this voice has been waiting for us for a long time. Then, the fish people will attack us madly, although the average strength of these monsters is not very strong. However, they have some special magical powers. Among them, the most important thing for you to pay attention to is that these demonized monsters can be resurrected infinitely!"

What, unlimited resurrection!

This time, including Ye Xuan, everyone was stunned.

Resurrection, indeed some people have such special magical powers, but infinite resurrection, what is this?

"No matter how much, kill! Let's first check out the secret here!"

The people did not hesitate and directly killed the past. Originally, Ye Xuan was also ready to rush, but the Lingling Pavilion's inferior spirit suddenly stopped Ye Xuan.

"What are you doing?"

Ye Xuan looked at the spirit and did not know what he wanted to do.

"The elders of the guards, leave here, don't hesitate, leave immediately. Here, we can't provoke it. And, there are always a pair of eyes watching this side, so I can only let everyone rush together, but others can die. ,you can not!"

What do you mean?

Ye Xuan had some reactions, but in this guy's discourse, he did not explain what happened, just let Ye Xuan leave quickly.

Let Ye Xuan leave, it is not impossible, but you can make it clear.

However, this inferior spirit did not continue to speak, but suddenly and directly, hitting Ye Xuan.

Of course, he is not going to hurt Ye Xuan. In fact, his palm directly pushes Ye Xuan away at a very fast speed.

"What do you want to do!"

Ye Xuan looked at the man, and the figure flew back, but the mouth continued to ask.

However, a sudden black giant answered the question of Ye Xuan.

The hand came out from under the island. As soon as it appeared, it locked the target on Ye Xuan, who was about to leave.

Damn it!

What is this?

Ye Xuan was shocked, and the current situation has already exceeded his expectations.

The first time he came, he was flying.

The second time, he still has to escape, what is this?

Damn, **** it!

This feeling makes Ye Xuan very unhappy.

The next spirit suddenly jumped up and used all his power to block the attack for Ye Xuan. The mouth shouted loudly:

"Go!"

Ye Xuan didn't know why this guy was doing this, but when he left, when he finally looked at the island, he already knew that this time, no one but him could escape.

Ye Xuan's last glance, he was frightened and even panicked.

So, what did Ye Xuan see?

It turned out that what Ye Xuan saw at the last glance was a huge black giant.

These giants are powerful enough to be unimaginable, and they can catch one person with one hand.

It can be said that no one can resist living in the heavenly state.

However, this time, but only the strongest of the five spiritual realms, obviously, can not play the slightest role.

how is this possible!

How can this be!

What happened?

Ye Xuan's heart is very incomparable.

Without hesitation, he returned directly to the training camp.

At this time in the training camp, everyone was not too worried about going to explore Lingbo Lake. Perhaps, in their eyes, this is a battle that is stable.

However, when they saw the panic of Ye Xuan coming back, they obviously all showed a different expression.

The Lingxuan Pavilion owner walked quickly to Ye Xuan's front. In fact, if this is not the magical monster that suddenly appeared this time, perhaps he would not be willing to take the initiative to see Ye Xuan.

"Master Ye, what happened, why did you come back alone, other people?"

Called Ye Xuan as Master Ye? This is of course also to hide the identity of Ye Xuan.

"They can't come back!"

Ye Xuan said, while also watching the people present, Ling Shenjing!

All of them are strong people in the spiritual realm. These people are the most powerful forces in the world.

Chapter 2174:

"Wait a minute, Ye Xuan, you said they can't come back, what's the matter?"

The speaker is the battalion commander of the training camp. This is a ghost-stricken guy. Of course, the title of the battalion commander is still a little difficult. Therefore, everyone respects him as the fog language sage!

"Lingbo Lake is a trap. I don't know what secrets there are. But the people in the past are all trapped! It can be said that there is almost no possibility of getting back!"

Ye Xuan replied.

However, Ye Xuan's words have attracted criticism.

"Kid, what do you say, you said that my brothers can't come back, you give me a clear statement, the news is that you brought it back, and now you are only alone, you must explain it to me clearly!"

This time, the person who spoke was attached to a force called the Bailou, and it was considered a medium power in the world.

Ye Xuan frowned, this person's words, obviously have strong doubts, and even can be said that has been pointing to Ye Xuan is the person who planned this conspiracy.

The 100th floor and the night empire are good, and it is reasonable to wait for Ye Xuan to fall. However, at this time, I doubt Ye Xuan, is it too much!

In a flash, Ye Xuan only felt that his anger was rising in an instant, and a pair of eyes stared at the man.

However, some people want to jump out than Ye Xuan.

This person is the master of the moon.

"Hundreds of landlords, what do you say? Are you doubting Master Ye?"

"Haha, I doubt him, is he not doubtful?"

"Well, I ask you, why is the secret of Lingbo Lake only found by him alone? We have been to so many people before. Why can't anyone discover it? Now, he wants to bring everyone to the past, but everyone has not come back. He is back alone, what do you say?"

When this is said, someone should immediately say:

"That is, this Ye Xuan is nothing more than a medium-sized god. In the hands of the people who are sent out, most of the people are higher than his cultivation, but why is he alone, other people?"

"If there is any danger, this kid can escape. Why can't other people do it? You know, there are five strong spirits in the ranks. Can you say that this kid is better than the spirit? Is it even worse?"

.....

"what did you say!"

Ye Xuan is already angry in the heart, although the strength of these people is extremely powerful, but Ye Xuan really wants to kill them now, the feeling of being embarrassed, really uncomfortable.

What's more, this time, Ye Xuan was able to escape, completely because Lingxuan Pavilion's who was a spiritual **** was saved.

"Look at what you see, you are talking about you, kid, don't you be suspected, hey, and you Lingxuange, I suspect now, that you Lingxuange colluded with this kid, deliberately want to consume everyone's strength, such a Come, you can make it bigger!"

This is the more outrageous!

Ye Xuan held the sword in his hand.

However, the owner of Lingxuan Pavilion came to Ye Xuan's side and gently shook his head against Ye Xuan.

It can be said that no one believes in Ye Xuan, but the people of Lingxuan Pavilion will never doubt Ye Xuan, even if this Lingxuan Pavilion owner does not fully recognize Ye Xuan's identity.

"kill him!"

Suddenly, one sounded.

It turned out to kill Ye Xuan!

Ye Xuan's heart is so angry.

However, what can he do? If he does not say that he can't beat these people, he will say this and let him explain.

In fact, it is true that Ye Xuan first discovered the anomaly. Later, Ye Xuan returned alone.

Especially the people in the training camp, at this time, everyone's eyes are obviously not good.

Even Liu Liu's eyes are complicated.

"You, are you doubting me?"

When Ye Xuan saw Liu's eyes, he felt a sad feeling in his heart.

Well, in this training camp, I have been there for a while, but even the people in the training camp are not willing to believe him, which makes Ye Xuan feel how.

"Want to kill Ye Xuan? Then, step on my body first!"

Even Lingxuan Pavilion did not want to completely obey the appointment of Ye Xuan, but when Ye Xuan had trouble, Ling Xuange, the owner of the cabinet, still stood on the side of Ye Xuan.

For a while, the audience fell into silence, and some people remained neutral, because they didn't decide what to do until things were clear.

Another part of the people, I really want to kill Ye Xuan, but under the guard of the Lingxuan Pavilion, they still have to be jealous of three points.

"Well, I am quiet and give me a face. This matter has yet to be investigated. The investigation is clear and it is not too late to make a decision."

The fog language sage stood up. Anyway, Ye Xuan is now his man, and here is his place, so he naturally can't care.

"Hey, why, you don't have to go to the training camp, but also stand with this kid?"

Someone jumped out.

Ye Xuan didn't know these people, but he didn't understand why, why did these people have to want to kill him!

Killing Ye Xuan, what good is it for them?

Or is it purely to take Ye Xuan to vent their depressed and angry?

The fog language sorcerer frowns, this person's words can be said to be too much to make the fog language sages are also quite angry.

However, at this time, there were rumors in the distance.

"Report, report to your predecessors, someone is back!"

Someone is back!

Ye Xuan's heart was finally relieved, and others were facing each other.

However, everyone did not hesitate, but quickly went out.

When Ye Xuan saw the man, it was terrible.

At this point, the man was all black, and one hand and one foot had been demonized.

In the eyes, some madness is also revealed. Fortunately, the mind is still clear.

"Fast, quick withdrawal, that thing, resurrected!"

After saying this, the strong man of the spiritual realm fainted.

"Second brother!"

The hundred-storey landlord rushed over. It turned out that this person is his younger brother.

This person, in a word, instantly cleared the suspicion of Ye Xuan.

However, no one at all cares about Ye Xuan.

In their eyes, Ye Xuan is not an ant, even if it is misunderstood, do not let them apologize.

That thing?

what?

Ye Xuan was puzzled, but some people solved the doubts of Ye Xuan.

"This, how is this possible? Isn't he already dead? When I waited for the whole shot, it took me a hundred years to refine it. Why did he resurrect, and also appeared in Lingbo Lake? "

"This is impossible. That thing has long been wiped out. Why is it resurrected? This is impossible!"

"Yeah, that group of ancient swords, only the instinct of killing, even if it is resurrection, should not learn to arrange traps. When the ancient sword was born, it killed the Quartet, I waited for hundreds of years of blood, and used After a hundred years of refining, he completely erased his body, and this ancient sword is not eliminated, why it will appear!"

Chapter 2175: Trading with Lingxuan Pavilion

Ancient swordsmanship?

What is this?

Ye Xuan frowned again.

Fortunately, the Missing Moon Master came to Ye Xuan's side and explained to Xiao Xuan whispered:

"Master Ye, you may not know, the ancient sword is a sword that remains on the ancient mysterious ancient sword. Even the spirit is not counted. However, after years of cultivation, it has been obtained. The incomplete godhead is extremely powerful."

"About more than 500,000 years ago, this sword appeared for the first time in my world. At that time, people did not know his horror. He thought he was a magic weapon and attracted many strengths. However, after the **** battle, the people were killed by thousands of people who had been killed by the ancient sword. Then, dozens of cities were killed and nearly 10 million people were degraded."

"Later, I have no choice but to gather all the power. After a **** battle, I will destroy it. It can be said that it is a disaster, a horrible disaster. This is why, now, in general, we will not explore the ancient times. The main reason for the secret treasure, because of the ancient things, no one knows what changes will be introduced..."

It turned out to be the case!

Unexpectedly, just an ancient sword, it caused such trouble.

And after hundreds of thousands of years, it has appeared again, and when it appears, it brings such panic!

It can be said that this time, the occurrence of the event is very sudden, however, it can be found in advance, but it is also extremely lucky.

The powerful sword meaning that can reduce the whole situation, if it really makes his plan successful, I am afraid that there will be another catastrophe.

Suddenly, when Ye Xuan was thinking about the problem, the sound of the system sounded.

"Hey, the system prompts, congratulations to the host to find special items, the ancient sword meaning, this thing is a super treasure to promote the blood of the host, it is recommended to collect the host!"

what?

Is it a good thing to promote your blood?

However, then the thing of the cow fork, sure that there is a way to accept it?

Ye Xuan is depressed, it is always impossible. It is hard to find a treasure that is useful to him. Then there is no way to get it. This result, Ye Xuan can't accept it.

No, you must find ways to strengthen your own strength.

Suddenly, Ye Xuan's gaze turned to the Lingxuan Pavilion owner. It seems that there are many good things in Lingxuan Pavilion.

However, this Lingxuan Pavilion is not completely conquered now. It seems that it will take some price to get the benefits that you want.

"Lingxuan Pavilion owner, is it convenient to find a place to talk about?"

Ye Xuan directly said to the owner of Lingxuan Pavilion.

The owner of Lingxuan Pavilion was stunned. What is the identity of Ye Xuan, his heart is very clear, it can be said that if Ye Xuan really forced him to surrender, he really could not refuse.

As for the reason?

All of the ancient survivors were so obedient to the ancient gods, not only because of the identity of the ancient gods, but also because the ancient gods had the means to control them.

In fact, these ancient survivors, all of them in the ancient times, were slaves of the ancient gods, and the times were marked by slaves.

It is not the same as the means of controlling slaves.

It is the blood and the soul that controls them!

In the simplest way of speaking, Ye Xuan has inherited the inheritance of the ancient gods, that is, the **** seal, and in fact has inherited complete control over them, but now Ye Xuan does not know it.

Ye Xuansheng, they were born, Ye Xuan died, as long as Ye Xuan said, all of them must be buried.

This is not counting, the key is that any of Ye Xuan's words, they have no capital at all.

Because Ye Xuan has any words, they have the power of soul oppression.

Fortunately, Ye Xuan does not know this, so Ling Xuange will naturally not propose it.

"Well, please Master Ye here?"

Although it is said that the Lingxuan Pavilion owner wants to show a strong posture in front of Ye Xuan, once he speaks, he still changes his taste and still looks respectful.

Soon, Ye Xuan and Ling Xuange came to a room.

The Lingxuan Pavilion owner arranged a simple ban, which was asked by Ye Xuan:

"I don't know, what does Ye Master look for?"

"It is like this. I want to talk to you about a deal. I don't know if you are interested."

"Oh, I would like to ask Master Ye to explain what the deal is."

Ling Xuange also had some doubts in his heart. I don't know, Ye Xuan wants to talk to him about any transaction.

"Okay, then I will say it directly. I hope that you will arrange an absolute defense ban for you, in exchange for a collection of treasures from Lingxuan Pavilion to enhance your strength."

Yes, this is Ye Xuan's card.

At the beginning, when she broke the banned mountain, Ye Xuan got an absolute defense. Although it could not be imparted to anyone, Ye Xuan could display it!

When Ye Xuan said this absolute defense ban, Ling Xuange had already known what it was.

After all, he is also a servant of the ancient gods, and Ye Xuan's inheritance is also from the ancient gods. Then, what exactly is the absolute defense ban, he certainly knows.

In fact, regardless of whether Lingxuan Pavilion is willing or unwilling, he can only promise.

"can!"

Ling Xuange's answer was very brief, and did not even ask Ye Xuan what he wanted to exchange.

Of course, this matter is naturally something that someone will negotiate with Ye Xuan.

Let Lingxuan come to the negotiations and estimate what Ye Xuan said is what it is.

Therefore, Lingxuan Pavilion is still a little clever.

But what is the use of such cleverness?

Ye Xuan is eager to improve his own strength, and he is not nonsense. He came directly to the main cabinet of Lingxuan Pavilion. Here, it is the headquarters of Lingxuan Pavilion. It covers an area and is large. However, Ye Xuan does not use the ban. All of them are surrounded here. All he needs to do is to surround the main hall of Lingxuan Pavilion with a ban.

This matter only costs Ye Xuan for three days. It may be that it takes a long time for others to arrange it. But for Ye Xuan, there is systematic assistance and the speed is naturally very fast.

Since the last time, the Lingxuan Pavilion owner and Ye Xuan have separated from Ye Xuan, who is responsible for contact with Ye Xuan.

"Master Ye, your ban is simply perfect. I believe that unless the Lord God personally releases it, no one can break it. A strong ban, a mysterious ban, I have seen countless bans in this life, but Master Ye A ban, but I have never seen it!"

"Oh, as long as you are satisfied, then, can you give me my reward?"

"Amount, Master Ye, you are now a guardian of my Lingxuan Pavilion. Therefore, after deliberation with the owner, I am going to assign you directly to your 20 sub-branches as your subordinates and will give you A treasure, what do you think?"

Chapter 2176: Leaving the camp

Ye Xuan gave a slight glimpse, really, he didn't think that he would get so much at first. According to Ye Xuan's thought, it would be nice to get some treasures, but he didn't think that he gave him twenty points. As a direct genera.

Perhaps it seems that there is no use on the surface, but in fact, these 20 divisions, strictly speaking, are already Ye Xuan's own forces, that is, from today, Ye Xuan can form his own forces. .

If one day, the Zongmen system is reopened, then, how much benefit Ye Xuan can get, can be imagined, and even now, with 20 divisions, it can provide some stable income for Ye Xuan.

Ye Xuan is poor, very poor and poor. Now he, even the body is even ten thousand Shenjing can not get out.

"Okay, deal!"

Obviously speaking, they are all a forceful person. Unfortunately, there are plans for each other, and they are doomed to have differences between Ye Xuan and Lingxuan Pavilion.

To Ye Xuan's 20th branch, for Lingxuan Pavilion, it is nothing at all. You must know that Lingxuan Pavilion has more than tens of thousands of branches in the world!

However, for Ye Xuan, it is a big profit.

According to the requirements of Ye Xuan, the 20th Pavilion was selected in the site of the original beast of the beasts. Among them, Ye Xuan's first Lingxuan Pavilion was visited.

Ye Xuan still remembers the elders of Lin in the branch, the old man who was awkward. At the beginning, Ye Xuan's strength was general, and it was the elders of Lin, who gave Ye Xuan the first advantage.

Today, Ye Xuan will naturally thank him.

Ye Xuan once said that if there is a chance to repay him, then now is an opportunity.

For the management of the auction, Ye Xuan has no experience, so a direct order is issued.

Elder Lin Nalin is the regional monitoring elder and is responsible for all the matters of the 20 sub-branches owned by Ling Xuan.

Of course, Ling Xuan himself has not passed.

Elder Lin, I was afraid that I couldn't think of it. His original goodwill was exchanged for the benefits of today.

.....

Ye Xuan returned to his training camp, although he said that he was disappointed with the training camp, but after all, except for this, he has no place to stay yet, let alone the flying smoke is still here. .

When he returned to his room, he couldn't wait to see what Ling Xuange had given him.

Not to mention, Lingxuan Pavilion is not stingy.

It is a pity that these treasures that are worthless in the outside world have only one role in Ye Xuan.

"System, after testing, is there any treasure worth keeping?"

"Hey, the system prompts that no special items were found in this test."

"Well, if that's the case, then swallow it, all swallowed up, it's time to upgrade!"

.....

"Hey, the host breaks through, the current five products are in the middle of the sky!"

Just upgraded to five products!

Although it is said that it is even four levels, but Ye Xuan can not be satisfied!

You must know that the enemy he will face next is very powerful.

In Ye Xuan's heart, his enemies are not only those ancient swords, but also those who humiliated him that day.

Ye Xuan, one will not let them go.

It seems that for a while, things about Lingbo Lake have stopped.

But no matter who it is, it is very clear that this is just the calm before the arrival of the war.

Around Lingbo Lake, countless camps have been built by various parties, and strong people are stationed at any time, and they are always watching.

The entire Lingbo Lake has been completely closed.

No one wants to face the catastrophe again, so everyone wants to be able to make the danger clear in advance, but it has not been done now.

Without sufficient preparation, no one dared to easily provoke the war.

Before the storm, Ye Xuan continued to take on the task and earned points.

Ye Xuan discovered that the secret of Lingbo Lake was not regarded as a hero. Instead, it was regarded as a disaster star. For a time, the entire training camp was hiding from him.

Fortunately, Ye Xuan will not care about this at all.

In just three months, Ye Xuan, but earned 10,000 points!

The speed of such a terrible sweep is only that he can do it.

So, why Ye Xuan is so desperate to earn points.

It turned out that in this training camp, there is a spirit of Zhu grass!

Not much more, just need 10,000 points.

On this day, Ye Xuan came directly to the redemption center, and he was going to exchange the spirit of the grass.

"Ye Gongzi, what do you need?"

Ye Xuan's training camp in Mozhao has long been unknown, no matter what, of course, whether this is good or malicious, only they know.

"Oh, I want to exchange for a treasure."

"Okay, what kind of treasure does Ye Gongzi need to exchange?"

"The Spirit of Grass!"

"The Spirit of Grass? Ye Gongzi, the Spirit of Grass, but needs 10,000 points, you are sure to exchange?"

"determine!"

Ye Xuan certainly determined that he now has one thousand and fifty points and exchanged the grass spirit. Then, he only has fifty points left. It can be said that it is very hanging and can be expelled at any time. However, Ye Xuan does not care. It is.

At first, Ye Xuan went to this camp, in order to investigate the secret of Mo Shangge, but after such a long time passed, there was no result at all.

Business, where is Ye Yin left here, and what is governments?

Plus the previous things, so Ye Xuan is ready to leave here.

Here, there is no reason for Ye Xuan to stay.

Besides, all the attention of the current forces is above the Lingbo Lake. Who will go to the small movement of Ye Xuan, so Ye Xuan is ready to enter Mo Court directly!

On this day, Ye Xuan took the flying smoke and left the training camp directly, but his departure did not attract anyone's attention. Because Ye Xuan did not even say hello to the training camp, he left.

Perhaps the only thing that will be pity is that Liu Liu.

In fact, Liu fell in the real thing, knowing that Ye Xuan was defamed, but he did regret it.

Anyway, Ye Xuan counts, and he is half a disciple, even if there is little contact between the two.

Can Liu Liu heart, not really do not care about Ye Xuan.

Ye Xuan, can be said to be his most proud disciple.

Unfortunately, he did not express himself in good faith, and Ye Xuan did not care about him at all.

Ye Xuan left, the whole training camp was almost no different from before. Only Liu Liu was filled with stinging.

Of course, Ye Xuan's departure is not to say that there is really no movement.

Ye Xuan has no friends in the training camp, but the enemy is quite a lot.

Many people Ye Xuan's talent, the strength of Yan Ye Xuan, also Ye Xuan has flying smoke, so, after Ye Xuan left, it was someone who secretly celebrated.

Of course, all of this has nothing to do with Ye Xuan.

Chapter 2177: Join Moshang Court

"The son, where are we going?"

The flying smoke was suddenly noticed by Ye Xuan. Although there was no question, it was still a bit strange.

"Well, I am going to join Mo, but this time I don't need you to join, because I am not doing good things. When I get to the place, I will arrange accommodation for you. You will stay there for the time being, and wait for me to finish. "

"Okay, the little girl understood."

Feiyan will not have any arrangements for Ye Xuan. Anyway, Ye Xuan arranges what she does.

It's not always there that I've been in the cabinet, but I can go there.

However, it is necessary to go to the five customs in normal times, which is much stricter than when you accept the apprentice.

Of course, Ye Xuan has a full grasp.

It's also the first and only place to stay in the real world. Yeah, if it's the humiliation of the misunderstanding, maybe Ye Xuan will not leave so soon.

Therefore, when Ye Xuan left, he went to the training camp, where he originally lived, leaving a ban.

Of course, this thing, only Luo Qi knows.

Luo Qi is a friend of Feiyan. In Ye Xuan's heart, he is also a half friend. The reservation is left for him to remember the training camp, but also for Luo Qi and others.

Ye Xuan has a feeling.

In the near future, perhaps there will be a terrible battle in the training camp.

This feeling is only Ye Xuan's unfounded subjective judgment, but Ye Xuan's own guess, so he did not tell anyone.

After all, who knows about this, will it happen?

Soon, Ye Xuan and Feiyan came to the gate of Mo Shange.

Mo Shangge, as the biggest strength of this hundred, has a large area, but there is only one entrance, because this is not the case. When it was first established, it was a Jedi.

The surrounding area of Mo Court is surrounded by endless mountains. Of course, this endless mountain is not a Jedi.

However, what is strange is that at the end of this endless mountain there is a natural Jedi that is difficult to cross under the Lord God.

So far no one has been able to successfully pass, and Mo Gege deliberately banned and strengthened, so that there are only two ways to get into the cabinet.

The first one, through the transmission array directly to the inside, can be transmitted, and it is of course impossible to set it freely.

The second method is to take the only entrance.

"Stand up, who are you waiting for?"

Ye Xuan just arrived at the entrance, and two people stopped in front of him, watching Ye Xuan with vigilance.

Ye Xuan already knew that the defense of this cabinet was very strict, but he did not want to, it would be so strict, obviously a sect. However, there are countless whistle in Minggang. It can be said that the average person wants to enter, it is difficult.

"The younger generation came from the training camp, and hoped to enter the classroom to learn!"

Ye Xuan is also nonsense, directly speaking.

"Mo training camp? It turns out that, what is your name."

A white man appeared in front of Ye Xuan and smiled at Ye Xuan.

"The younger generation is Ye Xuan!"

Ye Xuan seems to be somewhat respectful. After all, this person's cultivation is a spiritual reality, and it is not the current Ye Xuan that can easily be offended.

"You are Ye Xuan?"

The man heard Ye Xuan's answer and looked a little surprised. He did not expect that he knew Ye Xuan's.

Of course, Ye Xuan's behavior in the training camp is arrogant. The main purpose is not to attract the attention of others. It is not surprising to be known.

"Yes, the younger generation is Ye Xuan!"

"Haha, I didn't expect it to be your kid. You are not in a training camp. Why are you leaving?"

The man smiled, and Ye Xuan's name was circulated in Mo's cabinet. After all, he was the first in the genius list.

Do you know if you don't know?

"Oh, since the predecessors know the younger generation, then it is natural to know that day, the younger generations ventured into the Lingbo Lake, but they were misunderstood. The younger generations are reluctant to stay there and can't stand the humiliation. "

Ye Xuandao.

This is a seamless excuse, and it is also a reasonable reason.

"It turned out to be the case, Ye Xuan, what I want to tell you here is that no matter where it is, such things can't be avoided."

"For you, Lingxuan Pavilion and the night empire war, the scope of the battle can be said to even cover all areas of the hundred, and the name of your first day is also very embarrassing."

"The most important thing is that you don't have the strength. Only if you don't have the strength to be afraid in a day, then no matter how high your talent is, then you will never have the right to be respected!"

"I said so, can you understand?"

Ye Xuan certainly understands, but I did not expect that this person would tell him so clearly and plainly.

"The younger generation understands that, in fact, it is precisely because of this, so the younger generation will ask the teacher to go to the cabinet!"

"Well, if that's the case, then you come with me. If you want to enter me, you must go through five tests. No matter who you are, you can't avoid it. Now I will take you over, right, I am the fifth. If you have a chance, you can go to the fifth hall to find me!"

"The fifth hall, the predecessors, can you tell the younger generation about more things about the cabinet? After all, the younger generation is about to enter the sect!"

Ye Xuan followed the man toward the front, and asked, knowing that he came to the cabinet, but actually wanted to probe the news.

"Haha, your kid is confident, but with your talent, the five customs can't stop you, so telling you is no problem."

"The outside world only knows that I am not a member of the whole cabinet, but few people know that I am not divided into ten halls. The ten halls act independently. If there is no cabinet order, they usually do not interfere with each other. The first hall is The most powerful is the main hall managed by the owner himself. It is mysterious and incomparable. I am also the place where I want to enter the crowd."

"The second to fourth halls, called the cabinet, are the elite core of my house."

"As for the later, including my fifth hall, it is actually the cabinet. Of course, you should not despise my sixth six halls because of the name of the cabinet. In fact, the strength of my sixth six halls cannot be underestimated!"

Ye Xuan nodded, and it was a preliminary understanding of the ten halls of Mo Shangge.

So why should this person tell Ye Xuan these things, and especially point out that their fifth hall is not weak?

That is obvious, but once Ye Xuan joins, then he will choose a temple to join. The meaning of this person is of course to let Ye Xuan choose the fifth hall.

After all, with the talents that Ye Xuan now shows, then even joining the first hall is possible.

Only he did not know, even without these words, Ye Xuan is absolutely impossible to join the first hall.

Because, obviously, the first temple, I am afraid that Ye Xuan is the most important embankment.

Ye Xuan has always known that this is not the shackles of the organization. Of course, he used to know this only in the past, but now it seems that it is not all controlled by the organization.

Chapter 2178: Grabbing the apprentice

Whether it is because the organization is taboo, so the hands and feet do not dare to let go, or that the organization does not have that strength to completely control the cabinet.

One thing that can be certain is that, in the middle of the cabinet, it is not a space without Ye Xuan's maneuver.

It should be said that this news is a good news for Ye Xuan.

.....

After crossing the number to the level, Ye Xuan finally came to one of his target locations.

"Ye Xuan, did you see the front? Here, it was the first test!"

Ye Xuan looked up and looked at it. At this time, he was in front of a ladder that could not be seen at the end, only one can pass the ladder!

And next to this ladder, there is an ordinary road. Obviously, this ladder is built specifically for the test!

"Ye Xuan, you have to pay attention. Going up from here is not as simple as you think. There will be a strong pressure here. This pressure will automatically adjust according to your current realm. You must remember that if you do not bear it, Live, then, don't force the customs. Otherwise, once you fall from this ladder, you will be seriously injured. If you are heavy, you can understand?"

"Well, the younger people understand."

"Okay, then go up, I will wait for you at the exit!"

Ye Xuan nodded and went straight to the ladder. However, Ye Xuan still had some doubts in his heart. Why is this person directly responsible for his assessment? Is there no special appraisal staff?

Of course, Ye Xuan knows that the special appraisers are definitely there.

However, the competition between the six halls of the cabinet is very fierce. Therefore, the reason why this person wants to be more and more arrogant is to give Ye Xuan a good image. Then, wait until Ye Xuan chooses which temple to go to. At that time, their chances of the fifth hall can be even bigger!

Ye Xuan walked on the ladder, and did feel the existence of the pressure. Moreover, as Ye Xuan progressed, the pressure was gradually improved.

However, such a pressure, for Ye Xuan, there is no pressure at all.

The first level is nothing more than that.

When Ye Xuan went up, she saw that the man was waiting for himself.

This time, it is not just that person, but there are many other people.

"Ye Xuan, come, I will tell you about these people. These people are the elders of the Jiu Ge inside and outside. This time, it is a special visit to see you."

See yourself?

Ye Xuan has a slight glimpse, is this necessary?

Of course, he can't say it.

"Well, next, you can enter the second level. In the second level, you can use any means, and only one target, through the wooden bridge! Of course, on the wooden bridge, you will encounter some obstacles, well. ,Go ahead!"

It's a person with a stiff face. It seems that this is the person who is really responsible for evaluating Ye Xuan.

Ye Xuan did not hesitate and stepped directly onto the wooden bridge.

"Hey, the system prompts, detects a special treasure, soul wood."

Amount, Ye Xuan slightly stunned, what situation, this section of the assessment of the wooden bridge, is actually a special treasure?

"System, what is the use of this soul wood?"

"Hey, the system suggests that in the usual time, the soul wood can refine the special magic weapon. This magic weapon can affect the people around it invisibly, and the impact is very hidden and not easy to be detected!"

"what!"

Ye Xuan's heart is slightly shocked. Sure enough, this is not a good place. Now, Ye Xuan is only in the process of getting started, but he has already encountered something like Soochow.

Say so, in this Mo Gong, how many things like this are hidden?

"System, can you protect my soul, I don't want to be infected."

"Hey, the system prompts that this soul wood will not cause any harm to the host!"

This is fine, Ye Xuan is relieved.

If he has not yet entered the cabinet, he will be changed invisibly. Then, it is a tragedy.

Ye Xuan stepped on the soul wood, and it is obvious that he can feel the strong attraction from the soul, as if he wants to devour the soul of Ye Xuan.

If there is no systematic prompt, Ye Xuan will mistakenly think that this is just a kind of repressive means of assessment, but with the system's prompt, Ye Xuan's heart is very clear, afraid that now, the effect of Soochow has been launched. .

Ye Xuan also has a lot of magic weapons that affect the soul. In addition, his blood is strong, so he can resist.

However, it is only an assessment now. So, in the Mo Gege, how many things are hidden about this?

It seems that strengthening your soul's strength can't be avoided.

Of course, I have to mention the flying smoke here. The flying tobacco has been reinforced with food for a long time. Among them, the strengthening is mainly the soul level.

It seems that Feiyan has done something for Ye Xuan, and maybe it is already her own plan.

On the top of the soul wood, there are indeed some beasts trying to block Ye Xuan forward, but there is no threat to Ye Xuan at all.

The next three tests, although difficult, are really not threatening Ye Xuan.

Finally, Ye Xuan was successful after a full seven-day assessment.

At this time, Ye Xuan was taken to a large hall.

In addition to the first hall, the other nine halls each sent their own people. It seems that it is time to decide the ownership of Ye Xuan.

In addition to this hall, there are also many people gathered.

Most of these people, the last time they joined Mo, but no one in the Nine Great Halls is willing to ask them, so it is still honed here.

According to Mo's rules, if no one is willing to accept them, then they can only choose to leave after three years.

In fact, being able to leave, for them, is not lucky.

However, Ye Xuan can't leave.

Fortunately, Ye Xuan can't say that no one wants.

"You are Ye Xuan!"

For the first elder, I looked at Ye Xuan with a faint smile in my eyes.

"Yes, the disciple is Ye Xuan!"

"Well, it's not bad. I can pass the test in seven days. You really have a lot of talent. My second hall is going!"

The elders said domineeringly.

Of course, if you want to accept Ye Xuan so easily, how is it possible?

"Oh, the last time you received the apprentice, Nangongyue, Beichendong, can be taken away by your second hall. This time, this Ye Xuan, should it be our third hall?"

One person stood up and directly robbed people.

However, when he finished speaking, he immediately stood up.

"Haha, did you not get the big foot in the third hall? We don't have any good seedlings in our fourth hall. How do we say that even if it is even, we should be our fourth hall?"

The three halls of the cabinet have all been rumored at the same time!

Chapter 2179: Ye Xuan's choice

"Several people, should you look at Ye Xuan's own wishes? Just when Ye Xuan passed the examination, he showed a good strength in the ban. I am not in the tenth hall of the cabinet, but also my seventh hall. I am specifically responsible for the ban, isn't it, I should let Ye Xuan return to my seventh hall, and do my best, this reason, everyone must understand?"

"Haha, I want to do my best, and the old man also wants this! When the child is in the fourth pass, he summons thousands of beasts. This is obviously a beast. The four halls of my emperor are the special responsible for managing the beasts." Isn't this talent that is displayed on the tamer, is it suitable for my fourth hall?"

.....

Everyone, you look at me, it seems that I can't wait to divide Ye Xuan into nine, and then take one away.

Speaking of it, it is really not easy to check this up. It is forced to expose himself to the cards.

Of course, these cards are just for people to see. What is Ye Xuan's real card?

It is a system, as long as the system is in, then the rest of the things are nothing.

However, even the things that Ye Xuan showed, let the rest of them hate to take it away immediately.

However, Ye Xuan's heart has already decided.

Therefore, when the elders of the second cabinet made a choice for Ye Xuan to choose, Ye Xuan answered without hesitation.

"You predecessors, since I have joined Ye Xuan in the cabinet, then, in which temple is cultivated, aren't they all the people who are on the court? The disciples are not, this time when they come over, there is

a fifth temple. Some fate, the disciples usually believe in fate, so the disciple decided to join the fifth hall."

Fifth Hall? Fate?

Ye Xuan certainly won't believe what fate, but this is undoubtedly a good excuse.

Others looked at the people in the fifth hall. They were very annoyed in their hearts. They understood the meaning of Ye Xuan's words. He came to Mo Shangge, and the first person to contact was the fifth hall. However, this counts What the **** fate is, it is just that the person who was the fifth temple on that day was responsible for the patrol.

However, since Ye Xuan said that point, what else can they say?

Ye Xuan said that the temples are all people who are on the shelves.

A new disciple of a family has such a sense of enlightenment. Is it difficult for them, are they elders still not so aware?

"Well, since Ye Xuan has made a decision, I will respect Ye Xuan's decision. Ye Xuan, come over, this is the gift of my second hall. I welcome you to join me."

Good guy, what is said in the mouth to follow Ye Xuan's decision, but at this time, I still want to draw Ye Xuan.

The thing that the man took out was a treasure that made Ye Xuan very heart-warming.

"The heart of the ancient devil!"

"It turned out to be the heart of the ancient devil! Two elders, you are really willing!"

Yes, it is the heart of the ancient devil. It can be said that this thing is a good material for refining.

The ancient devil said that it was the ancient demon god. Although the ancient devil's heart in this man's hand is just the heart of the ancient demon of the gods, it is also a must.

You must know that the ancient demon gods are also the same as the inheritance. The ancient devil's heart of a godland is a very rare good thing.

"Well, since the Lord of the Two Temples is so generous, my third hall will not be stingy, Ye Xuan, this thing, you take it."

Ye Xuan took over the things that the third temple elder handed over, and was once again shocked by a small one.

The spirit of the tree!

No, Ye Xuan wants to integrate Hualing Swordsman. He needs four materials. Originally, Ye Xuan was prepared to spend a long time collecting, but he didn't want to, but now he got three!

Baby, this is definitely a baby.

"Haha, what are you, the old man today, I want to give Ye Xuan a big chance, kid, then, with this token, then you have the opportunity to go there to seek opportunities, so do it yourself!"

.....

"Elders of the Four Halls, you, you actually gave this thing to him! Good, big handwriting, your fourth hall, really big handwriting!"

Ye Xuan holds this thing like a transfer character in his hand, but he can't figure it out. What is this thing, is it worth making such a fuss?

Of course, Ye Xuan is very clear, this is definitely a baby, so no matter what he is, Ye Xuan will definitely grasp it.

Come on, keep on!

Ye Xuan heart is very hopeful in the mid-term, now, he has three things, each one can be called heavy treasure, there are six halls, is it right, it should mean meaning!

You are not comparing, isn't you going to compare strength in front of me? Then, use the treasure to slap me, I like it!

Ye Xuan's heart has long been happy, but on the surface is still very clever where to stand.

Well, let alone, in addition to the fifth hall, the other temples really left a meeting for Ye Xuan.

To be honest, such behavior is absolutely unique.

However, the disciples who can let the nine halls rob the same at the same time are themselves a rare existence. So, it is not surprising to make something that is contrary to common sense.

Ye Xuan looked at the elder of the fifth hall.

In other words, the rest of the temples have said, why is the elder of the fifth temple not interesting?

Not always, Ye Xuan chose the most pitted temple?

Isn't Ye Xuanyuan a big loss?

However, at this time, the disciple who came in with Ye Xuan at the beginning suddenly stared at him.

Ye Xuan understands that there is a drama.

After Ye Xuan's attribution was decided, he immediately followed the fifth temple elder.

But on the way, the fifth temple elders took a step first, leaving only the person to lead the way for Ye Xuan.

Ye Xuan did not know why, but did not ask.

Wait until the fifth elders leave.

The disciple immediately laughed.

"Haha, good guy, this time I made a big profit, saying that when I entered Zongmen, I didn't have such a good thing."

"Forehead, the predecessors can not make fun of it, and then I have something to do, can the seniors still remember?"

"Call my brother, I said your kid, this is cheap and sells. After that, you will call me my brother Wang. Boy, you made a big profit this time. Do you think that our elders are rushing back and doing it? That is to prepare you for a meeting."

what?

Prepare yourself for a meeting.

Ye Xuan stunned and the footsteps stopped directly.

"Don't be in a hurry, hurry up. This time, you are really making a big profit. Those things are very exciting even for me. I am thinking about it. When you get a face-to-face ceremony, should I find a chance to give you A sap, then grab your things, red eyes and red eyes!"

Ye Xuan smiled, this guy, this is not the appearance of this.

However, this guy will say so clearly, obviously, in fact, did not even remember the things that Ye Xuan got.

"Amount, Master Wang, what does it mean to meet up?"

Chapter 2180: The fifth hall of Qiqi

"You have a pig's head, seeing the ceremony, naturally it is a meeting, I can tell you, in general, only the temple you joined will give you a face-to-face ceremony. Occasionally, there will be a genius that will attract the attention of other temples. I have a meeting, but that kind of thing is very rare. And, if every other temple sends a meeting, then which temple you join, there is a big bleeding, you have to surpass the things sent by the rest of the temple, but this is Let's not go to the tradition of the cabinet!"

The smile of Ye Xuan's face is getting more and more embarrassing. This Wang brother, Ye Xuan, now how to look at it is not reliable. This guy, just like the decent appearance, Ye Xuan really did not see it, wait until he joined. When you go to the cabinet, this guy will be revealed immediately!

Pig head!

Sister, if Ye Xuan is a pig's head, then, who is not a pig's head in the world.

However, Ye Xuan can only recognize it. Whoever calls this guy is obviously goodwill.

"Hey, I almost forgot, it looks like I have to mean something, finish, finish, what, Ye Xuan, how about discussing things?"

"Amount, what is the command of Brother Wang?"

"Oh, it's not a command, it's a discussion, it's a good deal, that one, can you not know it today? Do you know tomorrow?"

Ye Xuan stunned, my heart is simply crying and laughing, this is awkward to force Wang brother, do you have such a speech?

This guy, don't you just want to meet yourself? Besides, if you meet someone, you can't give it.

Who knows, Ye Xuan has not spoken yet, but he heard that the brother Wang continued.

"Oh, forget it, who told me that my luck is not good, how can I become your cousin, I have, this time I have planted it, give it to you, this thing you hold, the loss is big, it is a big loss. It!"

"Hey, the system prompts, detects a special treasure, Spiritual Wings!"

"Hey, the system prompts, the spirit is not the realm of speaking, but a **** made by a special spirit!"

"Hey, the system prompts, Spiritual Wings, with strong auxiliary ability, once confessed to the Lord, it will provide the host with unintended benefits."

Living thing! pet!

Ye Xuan gave a slight glimpse, did not expect that the brother of Wang, actually sent Ye Xuan a pet.

The most important thing is that this pet has even caused the system to prompt, it seems that it is not a simple item.

"This, Master Wang, I can't ask for this thing. When I look at the brother of Wang, I am very fond of it. I can't win the love of others."

"Sister's, you come less, you must be willing to take it away immediately, less in front of me, be careful, I regret it, I will not give it to you, let you hold it with you, give me less nonsense ""

Ye Xuan is speechless, even if you are telling the truth, but there is no need to say it directly, this is not to make Ye Xuan quite awkward.

However, with such people, Ye Xuan is willing to be friends.

Therefore, Ye Xuan is also unambiguous and directly said:

"Okay, then I will accept it. If so, if there is any good thing to see when I see the blessing, how can I choose one of Wang's brothers!"

"Cut, your kid, I will care about your things, know who I am, no, I am the fifth temple owner, hey, give you something, do it or I will play the rest!"

Ye Xuan almost fell to the ground.

Because of this guy, let Ye Xuan not think about it.

He is actually the son of the fifth temple owner?

It's no wonder that acting is so arrogant, there is no such thing as a disciple of a disciple. I am afraid that this guy, in this Mo cabinet, is not waiting for leisure.

Looking at the Wang brother in front of him, Ye Xuan really does not know what to say, this guy, can be regarded as the first wonder of Ye Xuan in the realm of the gods.

"Well, the things that were given to me are all left to play, then, should you compensate?"

Perhaps it was infected by this guy, Ye Xuan spoke up, and also played with three points.

"Don't, don't miss me, I don't have any good things for you, play, go, go, let's go back soon!"

When Wang Shixiong listened to Ye Xuan's words, he went straight ahead and rushed forward.

I am so amazed that I can't help but laugh.

"Well, your kid, I dare to tease me."

"Hey!"

A slap directly hit Ye Xuan's shoulder, but Ye Xuan laughed even more.

In any case, this Wang brother, it is to relax the leaves of Ye Xuan.

At the same time, let Ye Xuan understand one thing, that is, this is not on the control of the organization, and I am afraid that only the first temple is truly controlled by the organization.

Well, this Wang brother, Ye Xuan is worth making.

"Haha, go, brother Wang, let's go back soon."

This time, I changed to Ye Xuan and walked in front.

The brother of Wang's face was filled with dissatisfaction and said with anger.

"Go, take a fart, go, do you know the way, follow me!"

Of course, this can only make Ye Xuan laugh more happy.

Soon, the two came to the fifth hall.

But what Ye Xuan did not think of at all was that the fifth hall had only three hundred people. Compared with other temples, the strength of the fifth hall was really weak.

However, if you look at the brother of Wang, Ye Xuan will understand.

This Wang brother, I am afraid that he will be the heir to the fifth temple owner. Unfortunately, this is the appearance. The fifth hall is weak and has few people. For Ye Xuan, it is a good thing.

After all, from Ye Xuan entering this fifth hall, whether it is Ye Xuan himself or the system, no abnormalities were found.

"You are Ye Xuan, um, not bad, but it looks quite temperament!"

The fifth temple master, Ye Xuan's future master, came to Ye Xuan's face, but only said the first sentence, Ye Xuan already knew why the king's brother would be so mad, because, His boss is similar to him.

"The disciple has seen the Master."

For such a fifth temple owner, Ye Xuan really can't afford any negative emotions.

Who knows, this guy will be happy when he listens to Ye Xuan's name.

"Wow, haha, I heard no, I heard no, I want to rob my apprentice with me. You a few, still tender, now Ye Xuan admits that I am a teacher, I have nothing to say!"

Ye Xuan smashed his eyes, since he had divided himself into the fifth hall, this is not to say that the fifth temple owner is his own master?

"You kid, who told you that he is your teacher, what do you learn from him?"

"Hey, hello, younger brother, how to say it, how can the master of the temple not bring the apprentice? You, brother, you must tell me clearly, or you don't want to go out today!"

Who knows, the Lord of the Fifth Temple is actually anxious.

However, it seems that no one cares about him at all, only to see the elders continue to speak to Ye Xuan.

"Ye Xuan, the rule of our fifth hall is that once you enter, you can choose your own master. Can you think about it?"
