Chapter 218: Gambling

However, the next moment, Ye Xuan's face is also a change.

"Not good, you have to erupt, just hide below." Ye Xuan hurriedly shouted.

Song Zongjing looked at the lava giant tortoise and trembled, and the turtle shell that made a loud bang, also reacted instantly, and hid under the turtle shell with Ye Xuan.

"Oh la la la."

The lava giant tortoise has at least 10 meters in diameter and is constantly pouring out blood.

At this time, the lava giant tortoise suddenly appeared to be a big excitement.

"Booming!"

"Booming!"

Although I can't see it, Ye Xuan and Song Dian Jing are audible.

On top of their heads, it was like lightning and thunder, and the sound was as bright as the sky would fall.

After a few seconds, they saw a few burning big rocks slamming into the distant ground.

One by one, the flame boulder fell and the earth began to vibrate violently. Fortunately, this lava giant tortoise is still in the wild. If it is near the city, I am afraid it will bring a huge disaster.

"Booming!"

The boulder is still going on.

After the lava giant tormented hundreds of flame boulders, they made another scream and gave a comfortable roar.

At this time, this area is already riddled with holes, surrounded by high temperature boulders, and the temperature has risen at least ten degrees.

"No, hurry out, this lava giant tore back into the turtle shell."

Ye Xuan's face changed again.

You must know that the Song Dynasty was cut off from the hind limbs of this lava giant tortoise.

The tortoises are timid, even if the lava giant tortoise is the same as the sacred beast, they will definitely retract into the tortoise shell when they are in danger.

At the moment, Ye Xuan quickly took the Song Dynasty and left.

Sure enough, when their forefoot left the bottom of the shell, the limbs and head of the lava giant turtle were shrinking, and the shell and the ground came into close contact.

If Ye Xuan and Song Dian are slower, I am afraid they will be crushed to death.

"Ye Xuan, what to do now, the Dan Yuan in my body has been exhausted, and even Xuanqi is not half."
Song Congjing glanced at the big tortoise, then turned to look at Ye Xuan.

"Chinese goods level martial arts, it is too expensive for you, you use it at most once. So, this can only be shot by me."

Ye Xuan said, and took the Song Dynasty and ran to the front of the lava giant tortoise.

"The nebula sword gave me." Ye Xuan took a hand.

Song Chong quickly handed the sword over.

Then, Ye Xuan revealed a very confident smile and said: "Next, I will let you look at this girl, my true strength."

When he spoke, the Dan Yuan in his body was already running fast, and then condensed on the Nebula sword.

"Breaking the sky!"

Ye Xuan shouted, and the sword was suddenly slammed down. A huge sword mans with a length of several tens of meters directly smashed the earth and swept toward the lava giant tortoise.

The next moment, the Song Dynasty was completely shocked.

I saw a sword flashing, directly across the body of the lava giant turtle, and divided it into two.

The body of the lava giant tortoise was cut in half together with the turtle shell, and the blood suddenly flooded out.

One hit and kill the defensive strong mysterious lava giant tortoise, this is even the weapon of the small Dan Xiaocheng can not do.

And Ye Xuan is just a first-time entry into the country, this is strength.

"It's terrible, but when you first enter the world, you have the power to destroy the earth. If it's the gods, can you hit a mountain with a punch?"

Ye Xuan also secretly said that he was only pretending to be a model. He estimated that he could indeed kill the lava giant tortoise, but he should not be able to smash the lava giant to two halves.

Unexpectedly, his strength is beyond imagination.

The ground, the middle-level martial arts, the blood of the Jiandi, and the gods, these factors have given him the strength to kill the lava giant tortoise.

"Hey, you are perverted, you can do it with one hit and kill the mysterious beast." After the Song Dynasty was smashed for a while, it was a return to God. Now she is already strange.

"Ha ha."

Ye Xuan smiled lightly, and quickly swallowed the large lava giant tortoise, and then handed the mysterious beast to the Song Dynasty.

"This lava giant turtle you are killing, do you really want to give this mysterious beast to me?" Song Congjing stared at the big eyes.

"Swords of the Emperor's blood are given to you, what is the meaning of a mysterious beast?" Ye Xuan is somewhat puzzled, a **** seed of the Sword Emperor, is more precious than the Xuan beast?

If you take it out and sell it, the blood of the Sword Emperor will definitely be rushed, and the price will be at least tens of millions of crystal spar.

However, this blood seed is as unique as the top blood. In other words, he can no longer exchange the blood of the Sword Emperor, and can only change it once.

"Well....."

Song Congjing took over the mysterious benefactor, and paused. Some tweaked and asked: "Do you really like me?"

"Why, you still don't believe it?" Ye Xuan asked strangely.

"Hey, what if you are a big radish?" Song Congjing asked again.

"If I am a flower, then you will accept it, and if you do not agree, I will spit out the blood seeds and give it back to me, oh, and the previous six yuan Dan." Ye Xuan directly stretched his hand.

"You bastard!"

Song cuts a sigh of relief, but she knows that Ye Xuan is joking. In fact, she was not ready yet, so he hesitated for a while and said: "If you can let me break through to God in two days, I promised... promised..."

Speaking of this, she suddenly did not know what words to use.

"As long as you let you break through to God in two days, you promise to follow me?" Ye Xuan eyes lit up.

"What is with you, so ugly, if you can do it, I will consider it..." Song jingjing said.

"What, then consider?" Ye Xuan said: "This way, I let you break through to God in a day, you marry me, how?"

"You have to take another inch..."

Song Congjing said subconsciously, but she felt that this was impossible. Generally, after half-step Dan Yuanjing practiced Dan Yuan to the extreme, he could refine the mysterious beast, but it also took a long process. It takes a few months to say less.

Ye Xuan can break through in one day, it is because of his physique.

Therefore, Song Dianjing felt that this was impossible.

"Well, if you let me break through to God in a day, I will marry you this bad guy." Song Congjing agreed, because she felt that this could not happen.

"Complete!"

Ye Xuan's face was full of joy, directly recruiting Ling Dapeng, and then flew toward the Emperor of the Tang Dynasty.

He estimated that when he returned to the Emperor of the Tang Dynasty, the Song Dynasty could almost break through.

"You, can't you really have a way?"

On the back of Ling Xiao Dapeng, Song Zongjing looked at Ye Xuan's confident look and couldn't help but ask.
