

Super D. S 2181

Chapter 2181: Sense of belonging

"Consider a fart, I said, younger brother, you can't provoke distraction, be careful of me to punish you, then what, Ye Xuan, don't listen to him, you are my disciple, who wants to rob you, I yell at him! "

"Lord, let's have a few, who have you played?"

"I, I, I..."

The Lord of the Fifth Temple actually had nothing to say.

What is this, Ye Xuan has a feeling of being pitted, he joined the fifth hall, how it feels like this pit.

.....

"What are you doing here? Don't you do something?"

Suddenly, a voice came out. In an instant, there was no sound in the entire hall immediately, and the fifth temple owner was very proud.

"mother!"

Brother Wang was very happy and ran over.

Others shouted respectfully:

"I have seen my sister."

"Sister, are you going out early this time?"

Sister? mother?

This is actually the wife of the fifth temple owner?

A beautiful woman, a high-level repair, Ye Xuan shocked, it is no wonder that the fifth hall of the main hall clearly Ming strength, but can sit on the main position of the temple!

"I heard that we have a new disciple in the fifth hall. Of course, I have to come out and take a look. I haven't been alone in the fifth time in the past ten times. I really don't know what your group of elders are doing!"

Everyone looked at each other and looked at the fifth temple owner. The meaning is obvious.

"Look at what, I am talking about you, not him, what is it, there are things that are pushed to your brothers? Is it necessary for me to send you some tasks?"

"Don't, don't, sister, what, there are things on my side, I am busy."

"Amount, the sister, the brothers only received the disciples, I think you must celebrate, I will not bother you."

.....

Who knows, these people were just arrogant in front of the fifth temple, but in front of the lady of the temple, they were so timid.

"stop!"

The wife of the lord spoke up, and all the steps of the person were fixed there.

"Since you know that your brothers have received disciples, and that is the first new disciple of my fifth hall in the past 100 years, shouldn't you say something?"

Amount, is this a rip-off?

However, it was to help Ye Xuan knock.

Ye Xuan's face is stunned, this fifth hall is really completely out of Ye Xuan's previous expectations.

This force seems very interesting.

The fifth hall, a total of only six elders, compared to other temples, the strength is simply not worth mentioning, but have to say, living here, but a lot of random.

"Should, it should."

The six elders seemed to be very afraid of the lady of the temple. At this time, they all ran to Ye Xuan. No one had lost to Ye Xuan a ring, obviously, they were already ready.

After leaving the Qiankun Ring, the six elders left the ash.

Ye Xuan is very funny.

However, some people laughed out of Ye Xuan's first step, it is the brother of Wang.

Not laughing, this laugh, but it is a tragedy.

"Hey, come over!"

Wang Shixiong, the full name of Wang Tianzhen, um, but people are as their name.

"Ah, mother, are you looking for me?"

"Well, let your father and Ye Xuan talk about it here, go, go out with my mother, and I want to see if your cultivation is progressing."

In a word, Wang's brother changed his face in an instant. Obviously, he was very scared.

However, when the two men left, the fifth temple owner immediately resumed his previous state.

"Oh my mom, it's OK, but it's okay, I didn't train me this time, yes, Ye Xuan, you have three brothers, two sisters, but they are all performing tasks outside. This is for you. Prepare the meeting ceremony, the group of pit goods, actually give you so many good things, it hurts me too much, then what, no matter what you play casually, if you cultivate, go directly to the practice hall, want to learn what to choose, even the old man I won't give you anything, I think, what else?"

"Oh, yes, if you want to go out and play, you can go to your brother Wang, but you shouldn't be too much. Otherwise, you must be cleaned up by your teacher. Right, you can help me see this Wang brother. This guy ran all the way to the seventh hall, every time it hurts me to give him a black pot, you let him have nothing to do, the sister, the shameful, the strength is not enough, every time they are beaten back by the group of chicks, shameless face shame ""

Lying in the trough!

Ye Xuan is forced, this is his master?

This Nima is the master of his Ye Xuan in Mo Gege, is it sure to teach himself to practice?

Even until Ye Xuan walked out of the main hall, he was still in a state of arrogance. He had seen countless people and had a lot of inheritance. However, such a wonderful master, Ye Xuan was the first encounter, it can be said that it is unique!

When Ye Xuan went out, it was even more smashed by the outside situation.

There are three hundred disciples in the fifth temple. They don't say much, but they are not too few. Because of their wonderful temples, most of the disciples are following the practice of the six elders. However, the cultivation of these people is also Can be called wonderful!

There is no such thing as a unity of the big gates, but what they want to cultivate and what they are practicing. The magic weapon is even more strange.

Ye Xuan even felt that he was entering the Qiqi concentration camp.

Even once suspected, it is not that you are coming to the cabinet.

.....

"Hey, it's Wang Shidi! Haha, Ye Shidi, go and go with us to the back of the mountain to hunt the beast. I heard that a few days ago Li was kidnapped by a beast and we avenged him."

"Forehead, brothers, I will not go, Master Wang pulled me to the seventh hall. You also know the temper of Master Wang. If I don't go, he must stop at my door and not leave."

"Haha, that leaves the younger brother to ask for more blessings. I heard that the teacher is just these days, but they have to go out. You two, be careful to be caught by the singer, then you will be miserable!"

"Well, thank you brother for reminding me."

.....

Ye Xuan has been in this fifth hall for some time, but during this time, Ye Xuan really knows the freedom of the fifth temple.

If you want to cultivate, you will cultivate, no one will control you, you don't want to practice, then it's okay. Anyway, the teacher's retreat, if there is no progress, just wait for punishment.

The entire fifth hall, up to the main lord, down to the ordinary disciples, the only fear, only the singer.

However, the special practice of the teacher's cultivation has kept her in a state of retreat. It can be said that if she is not worried about the fifth hall, she is afraid that the teacher will not go out so frequently.

However, when the teacher came out, including the temple master, one by one honesty, but the teacher was reconciled, but one of them had the original form. It can be said that this fifth hall is really not a place suitable for cultivation.

Of course, Ye Xuan will not care about this. After all, he is here, and indeed it is not for cultivation.

But to be honest, this is the environment, so that Ye Xuan has a strong sense of belonging.

There is nothing good about the image of Moshang Ye Xuan, but for the fifth temple, Ye Xuan is really a sect of his own!

Chapter 2182: The use of Spiritual Wings

"Hey, Ye Xuan, you are going to hurry, I have been waiting for you for a long time!"

"Do you think that I am you, the task that the teacher gave me to do is not finished, I dare to come out? It is you, I heard, and the teacher is going to retreat, I will see how you will explain it."

"Ah, the mother is going to retreat, Ye Xuan, don't scare me!"

"What good is it to scare you?"

"Amount, there is no, but, but today, Kong Yue, they are going to play in Mocheng, I, I want to go..."

"Take you, anyway, my mission is finished, I am not afraid."

At this time, in front of Ye Xuan, isn't that the king innocent!

During this time, Ye Xuan's teacher was very concerned about Ye Xuan's genius disciple. It can be said that the fifth hall is a kind of place. She is very clear, so, every time, every time, it will definitely be set for Ye Xuan. Cultivation tasks.

Fortunately, Ye Xuan will not worry about anything at all. Ye Xuan, who has a devouring system in hand, is not a problem as long as there are resources.

Therefore, Ye Xuan became the fastest upgraded person in the entire fifth hall.

In just half a year, other people don't say that they have upgraded, even if it is difficult to repair it, but Ye Xuan, it is already at the peak stage of the middle god.

Of course, this is mainly because the fifth temple owner, the six elders, and other brothers have taken considerable care of Ye Xuan.

This is not, Wang Tianzhen took out a treasure and handed it to Ye Xuan.

"Give you, oh, good things for refining, I have given me two, one of you, one of mine, what, that is good, you can say when you arrive, I am with you every day." Practice!"

"I said, Brother Wang, do you think that the teacher will believe me?"

"I don't care anyway, big deal, I am practicing tomorrow. I want to go to Motown today and go. Let's go."

Ye Xuan did not say anything, he is indeed ready to leave.

During this time, he stayed in the fifth hall, never looked at the flying smoke, and did not know how the flying smoke had recently.

Soon, they joined the Kong Yue and other people in the seventh hall and went to Mocheng.

The seventh hall is a sub-district composed of almost all female disciples. The rule of the seventh temple is that the female disciple said that the male disciple, unless it is a genius, would not want to enter, but in fact, really Few male disciples are recognized.

This is why Wang Tianzhen likes to run to the seventh hall.

"Hey, Ye Shidi is also there, that's great, we are Linger, but I look forward to his master Wang every day! Haha!"

Ye Xuan has already been familiar with this group of teachers and sisters. As for the Linger in their mouths, the look is cute, and the cultivation is even more advanced. It can be considered to be incomparable, but it is in the sight of Ye Xuan. At a glance, I liked Ye Xuan.

For such a thing, Ye Xuan's usual practice is to ignore it.

This time is no exception, just a smile.

"Senior brothers and sisters, this time, I am afraid I can't go with you, I am going to go to a place alone."

"Well, Ye Shidi, where are you going?"

It's the Linger who speaks, and the eyes are full of concern.

"Oh, the place I want to go is not a secret. It's just a training camp. Everyone knows that I started out from the training camp, so I am going to go back and see."

"This is the case, the line, Ye Shidi, although the past is, when we go back, we will pass it to you."

Ye Xuan nodded and left alone.

The advantage of being with this group of people is freedom. This group of disciples who are on the cabinet seem to be carefree all day, because they are almost all children of the elders and even the head of the house.

There is no pressure for cultivation and no trouble in finding resources.

For the treasures that ordinary disciples may have to desperately change, for them, they only need to open their own parents to get it.

Ye Xuan and they are not all the way, but because of Wang Tianzheng's relationship, they can only join.

Of course, this is also to facilitate the better exploration of the secret of Mo Shangge.

It is a pity that it seems that no one knows the message of the first hall in the nine halls inside and outside. The first hall is like a world that is isolated from the world.

People only know that everyone there is very powerful.

People only know that as long as they are motivated, they all want to enter the first hall.

I don't know where it is.

The residence of the flying smoke, of course, was horrified by the arrangement of Ye Xuan, and Ye Xuan also left enough cultivation resources for the flying smoke.

However, such a long time did not pass, Ye Xuan still can not put aside.

In the eyes of others, half a year may be just blinking, but in Ye Xuan's eyes, half a year is indeed very long.

"Taro, are you there?"

"Hey, how did the son of the son ring today to come here? Is there anything?"

"Oh, if you have nothing, you can't come over and see you, yes, are you still used to it here?"

"The son of the child has provided such a good cultivation environment for the little girl. Where the little woman is still unsatisfied, the son can rest assured that the little woman can practice here with peace of mind."

"This is fine."

Ye Xuan nodded, but he wouldn't really worry too much. After all, once he practiced, the time passed quickly, and he wouldn't have to practice it every day.

Suddenly, from the side of Ye Xuan, a stream of light went straight to the flying smoke.

Whether it is Ye Xuan or flying smoke, there are some differences.

However, when seeing the streamer, Ye Xuan was even more confused.

Isn't that the brother of the king who gave Ye Xuan the spirit of the gods?

You know, Ye Xuan didn't study this thing during this time, but it didn't seem to be of any use.

But today, I don't want to, he has taken the initiative to fly to the side of the flying smoke.

"This, where does the son get this thing!"

I didn't expect the smoke that had always been a surprise, but I was very excited when I saw the wing.

"This is, when I was on the court today, a brother sent it, why, Shantou like it, if you like it, you can take it."

"Really, then, the little girl thanked the son."

Flying smoke did not refuse, and Ye Xuan would not care.

To be honest, this winger Ye Xuan has never understood what is useful, and he does not want to use the system.

Now that he has a relationship with Feiyan, Ye Xuan will not be stingy.

But the next scene made Ye Xuan quite surprised.

Between the flying smoke seems to say a few strange words to the wing.

That Wing Ling instantly turned into a pair of invisible wings directly integrated with the flying smoke!

This thing turned out to be a pair of wings!

Ye Xuan was greatly surprised.

I am afraid that if I don't see the flying smoke, I'm afraid no one can find this secret, either in the hands of Wang Tianzhen or in the hands of Ye Xuan, who has always been regarded as a pet of ornamental nature. .

Chapter 2183: The main **** battlefield opens

Of course, the wings are second, the key is the strength of the flying smoke, even a single breath directly broke through to the peak of the gods!

Directly beyond Ye Xuan!

Ye Xuan is thoroughly insightful, what is called the opportunity, this is called the opportunity.

In the fifth hall, he often obtained some treasures, but he just reached the peak of the middle god. However, the flying smoke is not only in the blink of an eye, but directly promoted to the peak of the superior god, this upgrade speed is simply more abnormal than Ye Xuan.

Of course, flying tobacco upgrades, Ye Xuan is still happy for her.

After chatting with Feiyan for a while, Ye Xuan received a message from Wang Tianzhen, and the original teacher had gone out in advance.

Found that Wang Tianzhen is not here, is getting angry at the moment.

Ye Xuan smiled slightly, and this time went back, and there was another good show.

"Oh, hoe, you are here to practice, I will go back first."

"Good son."

Feiyan nodded and sent Ye Xuan to leave and turned back.

Ye Xuan and quickly found Wang Tianzhen, at this time, Wang Tianzhen's face can not be read.

"It's over, it's over, Ye Xuan, I am finished. I must be fined this time. How can the mother kiss out in advance, I am dead!"

"Haha, Master Wang, I reminded you when I came out."

"The guy who is not loyal, just want to see me ugly, oh, yes, if you don't wait for us to say that I am accompanying you, you are going to go back to the training camp to see, can you say? ?"

"Oh, brother, I am fine, but I am afraid, the teacher will still let you go."

"Ah, what to do, Ye Xuan, Ye Shidi, you can help me think about it."

"Don't look at me, I can't help it anyway."

Ye Xuan shrugged.

This action was still learned by him and Wang Tianzhen.

"You're a boring guy! Finished, this time it's really finished."

Even if Ye Xuan has a way, he will naturally not help him. This guy is never willing to put his mind on cultivation.

Although this is not bad, the dangers of the realm are everywhere.

If you don't say far, you can say that the things in Lingbo Lake will happen sooner or later. If one day there is a danger, Wang Tianzhen has no defenses and how to resist it.

Therefore, Ye Xuan actually supports the teacher to control Wang Tianzhen.

After returning to the fifth hall, there was no suspense. Wang Tianzhen was pulled out to test, but the accident was that Ye Xuan was also taken away.

However, it is not the teacher who is pulling him, but his master.

"Master, where are you taking me?"

Ye Xuan is a bit strange. You must know that his master is not going to manage things under normal circumstances. What happened today?

"Oh, let's hurry up. Going late, it's going to be miserable!"

Ye Xuan helpless, can only follow his master behind the road.

But after Ye Xuan arrived at the place, he found that there are already many disciples here.

And it seems that they are waiting for him...

"Oh, Ye Xuan, I thought you had to give up this opportunity. Fortunately, you are finally on time."

Ye Xuan's name is quite loud in this Moshang Court, and it's the first place in the training camp.

Once I came over, I was vying for the nine halls!

In just half a year, even a few levels!

It can be said that anything that Ye Xuan sat down is quite shocking.

Therefore, even if Ye Xuan is not famous, it is difficult.

"I have seen Uncle Shi!"

"Well, well, I don't talk much about nonsense. This time, what kind of secret you are going to go to, I don't have much confidence. Now, take out your battlefield transmissions."

"You must remember that you are going to the site of the battlefield of the Lord God. There are countless opportunities there, but there are countless dangers, so no matter one of you, once you meet your companions, you must hold the group."

"In the battlefield of the Lord God, there is no way to intervene in the power of any sect. So the battle is inevitable. Can you understand?"

The main **** battlefield?

what?

Ye Xuan did not respond to him for a while, but his master reminded him in time that when Ye Xuan first entered the Zongmen, an elder gave him a transfer-like thing, and that was the battlefield of the Lord God. The gateway to the voucher.

After every battle of the Lord God, it is inevitable that many treasures will be left on the battlefield. Therefore, in the case of the default of the two gods, there is such a trial.

Of course, those who enter it can only be repaired below the spiritual state, and after entering, everything is responsible for it.

Whether you are alive, you are dead, or you can get a chance, you all look at your luck.

After understanding this situation, Ye Xuan was overjoyed.

The battlefield of the Lord God is actually the battlefield of the Lord God!

Even if he only has the cultivation of the gods, he can only enter the outer battlefield, but it is definitely a rare opportunity.

"Well, you take care of yourself, the battlefield is already open, you can enter."

Along with this sentence, everyone shattered the battlefield transmission.

To be honest, this thing is hard to come by and can only be rewarded by the Lord God.

Don't look at it now, there seem to be hundreds of people who have this transmission, and if you count all the forces in the world of the Lord's God, there are definitely hundreds of thousands of people entering it.

However, the battlefield of the Lord God is vast and vast. These hundreds of thousands of people are scattered among them, and they really can't afford much wind and waves.

After the end of the war, the two sides will inevitably send people to clean the battlefield one step at a time. Then, what can be left is even rarer.

However, after all, it is the battlefield of the Lord God. A small soldier has the lowest battlefield of the main god, which is the peak of the gods. If you can get a treasure, it is also a big profit.

If you can get a ring, it is a huge fortune.

Ye Xuan did not even fully understand what it was, and was urged to crush the transmitter. The only thing he knew was that they entered the battlefield of the Lord God and could clean the battlefield.

The way to leave is to find the battlefield portal left behind on your own side.

As for the others, Ye Xuan knows nothing about it.

This is an opportunity, and it is also an adventure.

Every time you enter the battlefield of the Lord God, less than one-third of the people can come back alive, but as long as they are able to come back, they will all make great progress.

Therefore, this is why, once the notice of the opening of the main **** battlefield is received, there is no hesitation in the strength of either party, and the reason why the most elite disciples will be sent.

.....

The light shone, and when Ye Xuan came back, he had already appeared in a strange place.

Here, there is no sun in the sky, but it is bright and bright. There are standing fortresses here, and those are the strongholds left by the war.

Ye Xuan did not know where he was transferred. Because there is no map in the battlefield space of the main god, even if there is, it is impossible to give them.

Chapter 2184: Shura

Ye Xuan is a little confused now, not knowing what to do next.

Suddenly, there was a bright light in the distance.

That light, breaking through the clouds, is so dazzling!

"treasure!"

Ye Xuan was shocked and did not expect that he came over and found a treasure.

Not hesitating, Ye Xuan figure quickly rushed toward the front.

What is the treasure?

What kind of treasure is, can radiate that bright light, presumably not idle.

Ye Xuan was very fast, and soon he rushed into the fortress that shines.

The fort is large and the materials used are not ordinary materials.

However, at the moment it seems to be extremely ruined, and there are countless ruins and broken walls, as if to describe the cruelty of the battle.

Spotted blood can be seen everywhere, and Ye Xuan is also told. Here, there have been large-scale battles. Of course, most of the bodies have been recycled by the two.

"boom!"

Suddenly, there was no sign, and a powerful force broke out and rushed toward Ye Xuan.

"Hey, it's detected that the host is under a powerful attack!"

The system lifts up.

Ye Xuan did not hesitate for a moment and went straight to the side.

A huge black light column directly hits the position where Ye Xuan just stood, and the ground is cracked between the moments.

"Who!"

Ye Xuan is quite angry, even someone has attacked himself, this must not be forgiven!

"Oh, I can escape my attack, the guy of the Terran, you are lucky."

A voice came and Ye Xuan also locked the position.

I saw a figure surrounded by a huge black cloak, and the three-meter-high body and six arms showed that he was not a human.

"System, what is this monster?"

"Hey, the system is testing!"

"Hey, the system prompts that this person is an Ashura, and the host should be careful."

"Ashura? What is this race?"

"Hey, the system suggests that the Ashura is a member of the Mozu. The Ashura people have special magical powers. Please be careful."

That's it!

Unexpectedly, Ye Xuan once again saw the alien gods, even in this battlefield of the Lord God.

However, what is this Ashura?

Is it another race under the Lord God?

Ye Xuan can't be sure. After all, the world of a main **** is so big. In the world of the main **** Ye Xuan, there is no alien, how can Ye Xuan know.

However, one thing is certain, since this guy is doing it for himself, then it is impossible to be a friend.

"System, how is his strength?"

"Hey, the system prompts that this person is the top five gods!"

Five finest gods?

Ye Xuan is now a middle-aged **** of the peak, that is, Jiu Pinzhong Tianshen, only five grades.

Then, Ye Xuan is sure to win him.

"Hey, you dare to attack me!"

Ye Xuan looked at the Ashura people, and the sword had been pulled out, ready to let go of the battle.

"Haha, Terran kid, sneak attack on you? How do I attack you? I am a bright and want to kill you, give you two choices, first, leave your ring and all the treasures on you, then you can Leave alive."

"Second, if you can't bear the treasure, then I just need to pick it up."

A good arrogant tone, how do you feel that Ye Xuan's realm is lower than him?

"Haha, OK, I am giving you one more choice, handing over your godhead fragments, and I can spare you not to die!"

Ye Xuan said faintly, but the tone has begun to be indifferent.

"court death!"

The man saw Ye Xuan actually decided to resist, and immediately launched a fighting stance.

In his six hands, he held a magic weapon, and he even manipulated six magic weapons at the same time and attacked Ye Xuan.

"town!"

boom!

A mountain suddenly appeared, pressing directly toward Ye Xuan.

This is the first magic weapon of the Ashura people, the mountain town!

Among the magic weapons, a special forbidden mountain peak is sealed. Once it is sacrificed, it can crush the enemy with absolute power.

Fortunately, at this time the system has already turned on the early warning capability, so it has just been launched in this hill town, and Ye Xuan has already made a dodge.

So did not hurt Ye Xuan.

However, with the arrival of the first attack, the attack of the Ashura people began to start.

"cut!"

Oh!

A huge knife suddenly rushed to Ye Xuan, Ye Xuan simply could not escape, but fortunately, this knife is powerful, and the defense ability of the Shenjian sword is enough to offset.

However, the next attack, Ye Xuan can not afford to escape.

This guy, the magic weapon on the six hands, is not a common product, six magic weapons take turns to attack, for a time, turned out to be Ye Xuan repeatedly defeated, only defense, and no ability to counterattack.

Damn it!

Ye Xuan was shocked in the heart, so go on, then he will lose.

"Thousand beast swordsman!"

Ye Xuan is not hesitating, and summons a thousand beast swordsmen in an instant, and the thousands of beast swordsmen appear at the same time, and also directly issue big moves.

"Thousand beasts!"

"God-level mount!"

"Grill me to crush him!"

"Boom!" "Boom!" "Boom!"

A head-level mount suddenly appeared.

At the same time as it appeared, it was crushed towards the Ashura.

The overwhelming general momentum made the Ashura people who were unable to guard against it.

"The Terrans, you can summon so many powerful pets, it seems that you must have any special magic weapon. However, after today, those magic weapons are mine."

"Do you think that you can summon the war pets, I can do the same!"

"Come out, my partner, Shura! Yaksha!"

This guy also summoned his war pets, but not the beast, but Shura and Yaksha!

"Kid, let you see the power of Shura Yaksha, which I have carefully refined. Haha, my two little babies, have already eaten fresh flesh, you are honored to be their food."

Silly fork is willing to be the food of these two ugly monsters!

Upon hearing this, Ye Xuan browsed and chose to ignore the Ashura people, but only drove his god-level mount to rush.

Soon, the god-level mount has already fought with the Shura Yaksha.

However, the two guys are also monsters with six hands, and they also have the spiritual reality. For a time, Ye Xuan's god-level mount can't beat him.

What's more, there is the help of the Ashura people.

It can be said that the six hands are indeed much cheaper than the two hands.

But, how is that?

Suddenly, Ye Xuan will throw out the sword.

Megatron directly took over the control of the Shenjian sword and directly joined the battle.

The sacred sword is a sword, and it ignores many of Ashura's methods of attack. However, with Megatron as an instrumental spirit, the sacred sword can explode a powerful fighting force, so that the Ashura people have no defense at all.

The two rays of light are simultaneously waved out, and it is the **** of destruction.

However, the goal is that Shura and Yaksha.

What makes Ye Xuan quite unexpected is that there have been crit attacks at the same time.

Chapter 2185: upgrade

To be precise, it is a sword spike effect.

It is not strange to have a crit. After all, as long as it is facing aliens, then the Sword will naturally have a crit effect.

However, both swords trigger a one-shot kill effect, but it is also very rare.

"Ah, my Shura, my Yasha, damn, Terran kid, I want to kill you!"

Seeing that their two war pets were killed, the Ashura people are almost going crazy.

With his cultivation, the Shura and Yaksha refining the spiritual realm are not so simple, and the Ashura and the Terran are different. In their traditions, their own things can only be refining themselves.

That is to say, these two Shura Yaksha, but this Ashura people are hard to rectify, it is his greatest pride.

It is also because of the ability to refine the Shura Yaksha, and he has gained such an opportunity to enter the battlefield of the Lord God.

At this point, seeing his greatest pride was so easily killed by Ye Xuan, how can he not be angry.

It is a pity that even if it is angry, he is now completely surrounded by a god-level mount, and Megatron controls the sword to prepare for a sneak attack.

Under such circumstances, in fact, the Ashura people have already lost.

However, Ye Xuan did not immediately kill this person at this time. After all, this Ashura is the first time Ye Xuan has seen it. Who knows that he will encounter it later?

This Ashura is obviously a bit of a big idea, so Ye Xuan needs to know more about the Ashura people.

"Intelligence control!"

Ye Xuan directly launched the control of the spirit, this guy is now completely surrounded by the god-level mount, but also must fully cope, suddenly suffered the invasion of God, he has no time to defend.

It's just a blink of an eye, and Ye Xuan has completely controlled him.

"the host!"

The god-level mount retreats, and the sword is returned to Ye Xuan, and the Ashura has fallen to the ground.

Ye Xuan did not permanently control this guy. For Ye Xuan, there is no benefit in controlling him forever.

"Well, tell me about the situation of your Ashura people carefully!"

Ye Xuan listened to the various narratives and the sacred ring of the Ashura people while listening to the story of this guy.

Sure enough, he is not the person of Ye Xuan's main **** world, but another race of the main **** world.

From the mouth of the Ashura people, Ye Xuan knew that there were countless races in the world of the Lord God, and the Terran was the lowest.

It seems that Ye Xuan has some understanding why he is the main **** who will continue to wage war.

"Damn, **** it!"

Suddenly, the guy made a loud anger in his mouth.

"Wake up, then you can die!"

This time, Ye Xuan controlled the time is actually less than an hour, although Ye Xuan in this one hour also got some news, but this time is still too short.

It seems that the skill of controlling the mind is still somewhat flawed.

Of course, this is not the time to say this.

The sacred sword flew out and killed the man with a sword.

"The hand of devouring!"

Ye Xuan could not devour the body of this Ashura, but the Shura and Yaksha can be swallowed.

"Hey, congratulations to the host breakthrough, the current one is on the heavens!"

Before Ye Xuan swallowed a lot of magic weapons, this time, swallowed the body of Shura and Yaksha, did not expect to break through the medium-day god.

"This poor ghost, I thought I could give me something good, but I didn't have anything!"

Ye Xuan looked at the Axilu people's Qiang Kun ring, it looked a little depressed.

In this guy's Qiang Kun ring, the most is a black stone, the key is that there is no use for Ye Xuan.

Fortunately, Ye Xuan's goal is not this Ashura.

After solving this person, Ye Xuan quickly walked toward the inside of the ruins. Just now, what kind of treasure is it that can release such a strong light?

However, when Ye Xuan arrived at the place, he suddenly discovered that there were any treasures, all of which were all the scams of the Ashura people.

He deliberately used special means to make Baoguang, in order to attract people, and then kill and win.

This guy used the folding means to succeed in the front. Ye Xuan didn't know, but this time he actually found Ye Xuan's head, apparently looking for the wrong person.

However, although Ye Xuan knew that there was no treasure here, others did not know.

Therefore, the ones attracted by this Baoguang are not just Ye Xuan!

"It's here! Treasures must be inside!"

A group of people rushed over, these guys are lucky, at least not like Ye Xuan, when they are sent, they are alone.

However, their luck was unlucky, because they did not expect that they found the treasure, but found Ye Xuan.

"Well, somebody? It seems that someone has come one step ahead."

"Kid, hand over the treasure, then you can leave, otherwise we can only do it ourselves."

Look at these people, the clear spirit of the gods!

Ye Xuan knew that his explanation was useless, because in the eyes of these people, he had already determined that he had seized the treasure.

Business continue, I tell you, business, I've only come here and I'm not here, but they are definitely not, I'm saying that, what is really here?

"Boy, you think you said so, we will believe that you can't, hand over the treasure, you can leave, otherwise, today you want to leave alive."

Ye Xuan shook his head, and the god-level mount had entered the cooling time. Ye Xuan wanted to deal with so many people alone. There was no possibility at all. It seems that he can only temporarily retreat.

"I said that there are no treasures here. As for whether you believe it or not, that is your business."

"Megatron!"

Although Megatron is now the instrument of the sword, his original ability has not been lost. Therefore, at this moment, Ye Xuan directly summoned Megatron and turned it into a flying sword.

Perhaps the treasures such as Feijian are indeed outdated in the realm of the gods, but some special circumstances are not unusable.

For example, now, in the ruins of this fortress, if you use a large magic weapon such as a flying boat, it is not convenient.

Ye Xuan did not delay, jumped directly to Megatron and fled at full speed.

"Catch, damn, this guy must have robbed the treasure, caught up with him, treasure, is ours."

Those who saw Ye Xuan fled directly, and even more that Ye Xuan was the one who grabbed the treasures here.

In an instant, the ray of light continued to appear. It was those who drove their own magic weapon and chased Ye Xuan.

Unfortunately, they underestimated the speed of Ye Xuan.

After chasing one escape, Ye Xuan did not know how much time had passed, but fortunately, he had already got rid of the chase.

However, just now, Ye Xuan can be said to be flustered, and he did not carefully check where he was heading.

Waiting until now, Ye Xuan discovered that it seems that this time he has a big trouble.

Chapter 2186: Weird place

Unconsciously, he actually rushed into the core of the battlefield of the Lord God.

We must know that in the battlefield of the Lord God, the superpower is the fall of the superpower. Even the battlefield of the Lord God is the super existence of the supreme refinement of the two main gods. However, the chaos inside is not imaginable by ordinary people.

Among the battlefields of the Lord God, the most dangerous are not the other people who win the treasure, nor the institutions that may appear at any time.

But endless negative emotions!

"Hey, the system prompts, the host please pay attention, the host please note, please the host immediately leave this place, otherwise, will be endless killing erosion of the mind, and even directly lose the nature!"

The system warning sounded.

Ye Xuan's mind suddenly slammed.

Without hesitation, God read directly and placed a strong guardian around his body. At least, you can resist the endless killing in a short time.

In the core area, endless killings and countless kinds of distractions are filled with the whole space. These are the negative emotions left by the super strong, crazy, bloody, cruel or mourning, crying, etc., full of the whole The core of the main **** space.

From time to time, there will be an echo of the battle of the strong guys!

What is the echo of the battle?

Echo This thing is well understood, and the echo of the battle is about some super-powerful people. When fighting, the various powerful attacks that erupted, even after thousands of years, will still remain.

At the beginning, the sword in Lingbo Lake was actually a kind of echo!

Imagine how terrible this is.

Ye Xuan did not dare to have the slightest change. When I rushed here, I still didn't think it, but now, Ye Xuan knows how terrible it is.

"Give me to die!"

boom!

A thunder burst instantly, and even the void was shattered.

However, this is not true, but a phantom, a phantom with powerful power.

Ye Xuan Ming Ming knows that it is just a replay of the afterimage of the battle process, but he only just saw it at a glance, but it was also shocked by the momentum of the two strong.

"Hey!"

A stream of blood spouted.

Ye Xuan was directly hit hard.

So strong!

Really strong, obviously have died, do not know how many years of the two strong, but they left the battle afterimage, but they can also directly hit Ye Xuan.

Ye Xuan knows, stay here, then, only wait for death.

So even if it is dangerous, Ye Xuan must leave here.

On the side of Ye Xuan, there is a fortress ruin. Obviously, there has been a battle there.

It can be said that the more such a place, the more dangerous it is.

However, Ye Xuan has no choice.

Staying outside, those battles that may appear at any time, even the erosion of killings and negative emotions are enough to make Ye Xuan fall.

Going to the fortress, there are some hopes to survive.

This is a gamble.

Either, Ye Xuan found a way out in the ruins of the fortress, or Ye Xuan was left outside to die.

As for how to choose, it is already obvious.

Waiting for death and gambling, Ye Xuan certainly chooses the latter.

"Hey, alarm, alarm, please leave the host immediately, please leave the site immediately!"

The system kept issuing warnings. However, Ye Xuan could only smile and leave. He didn't want to, but he could only walk slowly.

Not to mention the pressure here, it is impossible for Ye Xuan to let go of speed.

It is enough to say that the inexplicable echo attack that occurred from time to time is enough for Ye Xuan to move slowly.

"boom!"

There was a huge sound in the ear, and Ye Xuan didn't have to look back and knew that it was just a battle afterimage.

However, even if he knew how it could be, the pressure of the aftermath of the aftermath still made Ye Xuan suffer.

Advance, step by step, and constantly advance, Ye Xuan has no choice, everything, can only see how God wants!

.....

Perhaps, God is still ignoring Ye Xuan, so he successfully entered the fortress ruins.

As Ye Xuan initially envisioned, here, the number of battle afterimages broke out more and more, and Ye Xuan was repeatedly hit hard.

Ye Xuan was helpless. He had no other way than to advance his teeth.

These attacks are not directed at Ye Xuan. These attacks are nothing but the aftermath. Even the aftermath of the afterimages has already made Ye Xuan so unbearable.

It is conceivable that these are the images of how strong the powerful are left behind.

It is also conceivable that there is cruelty in the battlefield of the Lord God.

Ye Xuan's thoughts were shocked again and again, and even several times he was almost broken.

If God's defense is broken, maybe, just need to blink, Ye Xuan will be eroded by the killing here, and become the existence of the walking dead...

As for Ye Xuan's body, it is even more unbearable, it is destroyed again and again, and then it is repaired again and again by relying on strong blood.

But even the last trauma has not been repaired, and new injuries have arrived.

If someone now sees the appearance of Ye Xuan, I am afraid that it is not a single person!

Because, in addition to the figure, there is no such thing as a human being.

This is the battlefield of the Lord God, the powerful and cruel battlefield of the Lord God.

"bright!"

Suddenly, Ye Xuan found a ray of light in front of him. It seems that it is a general thing.

Now Ye Xuan, where is the mood to explore what, almost subconsciously went inside.

However, when he walked in, he fainted.

.....

I don't know how long it has been. At least, Ye Xuan didn't know how much time had passed. Finally, Ye Xuan's body moved slightly, and under the powerful blood resilience, it was already about to lose its life. Ye Xuan, finally woke up.

However, Ye Xuan still looks weak.

Ye Xuan smiled, this time, it is a loss of hair, the most important thing is that he does not know, how to get out again, it is impossible, has been trapped here.

"Hey, the system prompts that the host has a dead body effect! The body's ability to recover temporarily drops."

"Hey, the system prompts that the host has suffered a temporary loss of the realm of damage, and now it has fallen to the next level of God."

amount.

Another bad news, then, what bad news?

It's better to say it together!

However, fortunately, there is no news that is too bad.

"Hey, the system prompts, the host please note that the host enters a special enclosed space."

Special enclosed space?

What do you mean, Ye Xuan sat up, and now Ye Xuan is very weak, but the situation around him makes him quite different.

At first, Ye Xuan did not pay attention, but now, Ye Xuan found that his position is like a water surface, above the sky, with a little bit of stars.

The reflection below the surface of the water is another starry sky.

What is going on here?

Ye Xuan is slightly different.

Chapter 2187: Mirror edge

Except for the existence of this water surface, there is nothing here, even Ye Xuan, just lying on the surface of the lake.

Here, where is it?

Ye Xuan stood up and took a few steps at random. At this time, he was starry at the top of his head. Really, this feeling is very strange.

If Ye Xuan could walk here, he would even suspect that he had fallen into the stars.

Suddenly, when Ye Xuan was puzzled, a huge illusion of people covering the sky appeared.

The figure is huge, only one eye, even let Ye Xuan feel like a planet, even Ye Xuan can not see the fullness of this virtual shadow.

"End...in...there are...people...into...coming..."

Just seven words, but this illusion is enough to say that it is almost an hour!

Seven words, said an hour, can imagine, what kind of feeling Ye Xuan is.

"who are you?"

Ye Xuan asked, but he only regretted his words, because he knew that it was estimated that this time after the false answer was at least one hour later.

"Haha, who am I, you asked me who I am, you are in my space, don't you know who I am? I am the mirror."

Sure enough, Ye Xuan's prediction was not wrong. This time, he waited for a long time.

Ye Xuan is waiting to sleep, and this way of dialogue, Ye Xuan is also drunk.

In the next conversation, Ye Xuan did not dare to ask questions indiscriminately, and must ask the most crucial.

"How can I get out of here?"

Ye Xuan asked the question he most wanted to know.

"When you want to get out of here, it's very simple. As long as you can get out, as long as you can conquer me, then you can come out."

This is not nonsense, Ye Xuan is speechless, if he can go out, still use this guy to say?

Helpless, Ye Xuan had to get up and start exploring.

This investigation was a full two days, but nothing was found in the two days.

However, two days later, the voice rang again.

"I can give you a hint, as long as you can beat the eight guards outside the border, then you can come out."

.....

After a long time, the guy just took a break and took a break!

Sister's, he is breathing in the air, Ye Xuan is two days.

Ye Xuan is basically sure that he is actually in the space of the mirror edge, which is why his dialogue with the virtual shadow will be so hard.

Unexpectedly, Ye Xuan came here to search for treasures, but the treasures have not yet been found, first fell into the treasure space.

However, if there is no such image, Ye Xuan is afraid of tragedy.

Defeat the Eight Guardians, but fortunately, the goal is quite clear, so Ye Xuan is not too stunned.

With the goal, then Ye Xuan will know the direction.

At the beginning, Ye Xuan originally thought that these eight guards were the shadows of the mirror, because a magic weapon could only have a spirit.

Therefore, Ye Xuan will naturally think that it is a virtual shadow of the spirit.

However, I didn't know until Ye Xuan really encountered the first guardian. It turned out that he wanted to marry.

This guardian is simply a kind of inheritance.

Saying that he is life, he does have the characteristics of life, that he is an object, and he is indeed an item.

Ye Xuan did not know what this was.

The so-called defeat is not all fighting.

From the beginning of seeing this first guardian, Ye Xuan already knew.

.....

"Little guy, welcome you to my world, I don't care who you are, there is no way to manage it, but you can come to the mirror edge, then, it is your fate.

"I was one of the top ten warriors of the Lord God, but in the middle of the enemy ambush, fallen here. At the last moment, I used my life magic weapon to refine this mirror image, for that, I don't want this. Mirroring stunts are interrupted in my hand."

"Little guy, I don't know how your qualifications are. So, I set up a permanent ban and can learn my mirror magic. Then you can leave here, but if you don't learn, you will stay here forever. Until the gods are exhausted!"

"Mirroring magical power is divided into seven layers. The first seven passes through the mirror, each has a layer of inheritance, and the eighth inheritance mirror is the trick of my refining. As long as you can defeat him, you can leave here, and this image The fate is also presented to you, work hard!"

.....

Inheritance, mirroring magical powers?

Treasure hunt for treasure hunt, but Ye Xuan did not think that he would find treasure in this way.

From this moment on, Ye Xuan can only choose to cultivate, because he wants to leave, there is no other way than to learn this mirror.

Time passes, time is like an arrow.

In the blink of an eye, it is a year.

At this time, in the outside world, Mo Court, the fifth temple owner, some desperate pleading.

"Brother, brother, wait, wait a month, the last month, I believe that Ye Xuan is fine, he will be able to come out."

Behind the Lord of the Fifth Temple, almost all the disciples of the Fifth Temple came.

Today is the time when the battlefield of the Lord God is closed.

One year, one year has not yet come out, then, it is basically confirmed that Ye Xuan can no longer come out.

In the space of the Lord God, the time flow rate is different from the outside world. After all, it is built for the battle. Therefore, the outside world is fifty days inside.

That is to say, although there is only one year in the outside world, in fact, Ye Xuan has been trapped for fifty years.

In the world of the Lord God, it is only a small force that can enter, and naturally it is also the outermost area.

Even if their disciples want to get inside, it is not enough.

In the battlefield of the Lord God, the number of intersections transmitted is innumerable, because every ruin fortress actually has a transmission array.

In fact, as early as half a year, no disciples are coming back.

It is not proposed today that the closure of the transmission array was proposed. It is precisely because of the persistence of the Fifth Hall that it has been dragged to the present.

"Teacher, I know that you are worried about your disciple. However, it has been a year since Ye Xuan has not come out. I am afraid that it has been fierce. You also know that maintaining the transmission array requires a lot of resources. Let's do this. It's not a problem at all."

"Brothers, just one month, the last month, and all the resources we have in the fifth hall. After one month, if Ye Xuan has not come out, then I will never stop."

"Oh, well, since you are willing to use your resources to maintain the transmission array, I will not say anything."

"You can do it yourself!"

Ye Xuan did not know that his cheap master was doing everything for him outside. At this time, Ye Xuan, who had successfully learned the seventh layer mirroring magical power, was preparing for the final challenge.

Chapter 2188: Mirror supernatural

"A good mirror magical power, system, see no, this mirror magical is really amazing!"

Ye Xuan was very excited at this time, until he learned this mirror magical power, only to know how powerful it is.

Ye Xuan does not know what kind of existence is the person who invented this mirror. But he knows that this magical power should not exist in this world.

In fact, this magical power is actually a mystery that cannot be analyzed by the system.

According to the system, this magical power must initially control the time, and the two natural laws of space can be created.

It can be said that even the Lord God, I am afraid that I can't make such a thing.

So, what kind of existence is this supernatural power?

Simply put it is double!

Ye Xuan can use this supernatural power to copy anything. As long as there are resources, even if Ye Xuan can copy the system, it can be done. As for copying other ones, let alone.

Of course, the copying system is just a matter of imagination. The resources that are needed are not enough to package the whole gods.

It is precisely because the system can only provide a simple analysis this time, so Ye Xuan will spend such a long time.

At the moment, Ye Xuan only needs resources. As long as he gives him resources, he can copy everything he wants.

The magical power of horror is called a metamorphosis.

In the mirror edge, I can simulate any resources that Ye Xuan wants. Anyway, these are virtual, so at this time, Ye Xuan has successfully copied everything, except the system, including himself. This is for the final challenge.

Ye Xuan can't imagine it, what kind of challenge will the final challenge be.

But he knows that it is never simple.

Finally, is this the last challenge!

Ye Xuan looked at the last phantom in front of her eyes, and her eyes were full of indifference.

This battle is the time to verify Ye Xuan's performance during this time.

What kind of gains are there, it depends on this last battle.

"Congratulations, you have finally reached this step and can defeat the virtual shadow in front of you. Then you can leave here. If you can't beat it, then you should know the consequences."

"In order to be fair to you, so in your virtual world, and the shadow of the shadows, have the same resources, and the mirrors that condensed during your cultivation, all canceled, fight, how to perform Just look at your own play."

Accompanied by this voice, all the mirrors prepared by Ye Xuan disappeared.

Ye Xuan is speechless, knowing this, he will spend so much time to get this out.

However, this is the case now, then there is no need to go back.

This illusion, like the previous phantom, does not look like the slightest, only to see a silhouette.

But Ye Xuan knows clearly that this illusion is not so good.

"boom!"

Suddenly, the virtual shadow first launched the attack. Suddenly, a flame dragon flew over Ye Xuan, clearly knowing that all this was illusory, but that powerful pressure and hot atmosphere still let Ye Xuan Very uncomfortable.

Flame Dragon!

Then I copied your flame dragon!

Ye Xuan's eyes are locked in the dragon, and the system has been quickly analyzed. One piece of virtual material disappears directly from Ye Xuan's virtual ring.

After a while, with Ye Xuan waving a hand, exactly the same fire dragon appeared!

The two fire dragons collided together in the air, and the powerful pressure walked out, so that Ye Xuan could not help but take a step back.

However, this is only the beginning of the battle.

Ye Xuan's movements are extremely fast, and a sword is slowly appearing beside him, but this is not enough. Ye Xuan still mirrors Megatron.

Because only the possession of Megatron's sword can only erupt the attack of the Lord.

After a while, two identical swords of swords rushed toward the shadow.

The reaction of the phantom is not full, and the defense is raised in an instant.

However, the power of the sword can not be resisted by this ordinary shield.

boom!

boom!

boom!

The shields of the road were broken, and the two swords of the sword penetrated the body of the shadow.

Is it so victorious?

Even Ye Xuan would not believe it at all.

"not good!"

Ye Xuan figure moved and disappeared from the place.

And while he disappeared, a terrorist attack has already hit.

It turned out that when Ye Xuan mirrored the sword and Megatron, the mirror was not idle, but it was a mirror of the same self.

The mirrored things are real, but there are also the primary and secondary points, the mirror is broken, the subject will not be affected, but if the subject disappears, the mirror will disappear.

This is a bit like a normal copy of the magical power, of course, copying the magical powers can not have the abnormality of mirroring magic.

Mirrored things, possessed 100% of the general ability of the body, etc., and can also have a sense of autonomy.

In this case, this image may be called an enhanced version of the copy.

With the help of the system, Ye Xuan can even mirror other people's magical powers and so on.

Although this image requires free resources, it can be produced.

However, even so, it is extremely abnormal!

Ye Xuan's reaction was not unpleasant, and his figure was dodging in the air.

However, the virtual shadow is tightly attached to Ye Xuan, making it difficult for Ye Xuan to get out.

Still, the two sacred swords rushed back in time and started attacking the guy directly.

In this way, it is only to let Ye Xuan get out of trouble.

"Damn, I have to look at it, then, how do you break!"

This time, Ye Xuan wants to mirror, the thousand beast swordsman!

Ye Xuan moves very fast, holding two scorpion swords to delay the enemy's time, Ye Xuan quickly used resources to construct a thousand beast swordsman.

Subsequently, along with Ye Xuan's order, the two thousand beasts and swordsmen launched a big move at the same time.

Two thousand head-level mounts appear out of thin air!

Moreover, the crit is actually only a Platinum-level god-level mount, there are nearly a hundred!

The amount of terror, the strength of terror.

When I first created this super-powerful image, I thought about it. There will be a day in the future. If you succeed in getting his inheritance, it will be a person who is more than a hundred times more perverted!

Yes, he wouldn't have thought that Ye Xuan would have such powerful strength.

This strength is not from the rest of the world, but from the treasures and skills that Ye Xuan has.

These treasures and skills are too strong!

The two thousand beast swordsmen launched a big move, and it was simply to put the virtual shadow on the ground.

You must know that the setting here is the realm of Ye Xuan, what is the realm of the opponent, because the beginning is to consider the mirror magic, but where to know, actually pulled out Ye Xuan, such a person who does not follow the common sense.

Chapter 2189: Report of flying smoke

When the last phantom disappeared, Ye Xuan was automatically transmitted.

"Hey, the host blood is strengthened, the host should pay attention to the bloodline has reached the highest enhancement, can not continue to strengthen before breaking through!"

"Hey, the end of the host's weak period, the host restores the original power, and the product is in the heavens!"

With the prompts of the system, Ye Xuan finally came out.

In his hand, he held a magic weapon in the mirror.

It seems that this is the mirror edge, this is what has been so sleepy for Ye Xuan!

Ye Xuan looked at the magic weapon in his hand, but did not say anything more.

"Transfer array!"

Suddenly, Ye Xuan saw a transmission array.

To be honest, Ye Xuan has seen countless transmission arrays. However, this transmission array is undoubtedly the most intimate.

Outside the ruins of the fortress, there is still endless killing and endless remnant. He is now in the core of the battlefield of the Lord God. Originally, Ye Xuan did not report hopes when he left, but he did not expect to be able to leave so easily. .

However, this transmission array has made Ye Xuan very happy.

Even Ye Xuan still doesn't know where the transfer array is.

Without any hesitation, Ye Xuan stepped directly onto the transmission array.

However, a strange scene appeared, and a burst of light from the transmission array directly locked Ye Xuan, seems to be automatically exploring what.

Ye Xuan stunned, more and more shocked.

"Is this the orientation of the memory transmission chain, I did not expect that there is such a thing."

"This serial transmission array can remember all transmission behaviors within all limits, no matter where it enters, but if you want to leave, step on any of the transmission arrays, then you can leave!"

Ye Xuan once heard of such a thing, but it has always been thought to be a legend, but I did not expect it to be true.

At this time, in the Mo.

The Lord of the Fifth Temple, and everyone in the Fifth Hall, waited silently. Today is the last day of the term.

Suddenly, there was a faint glow in the transmission array.

And this light, what is represented, is not exactly that someone is about to pass the transmission array!

In an instant, everyone is playing the spirit.

Is it that Ye Xuan is back.

Rays of light around, a figure appears, not Ye Xuan, or who!

"Good boy, I know you won't die!"

Wang Tianzhen strode to Ye Xuan's side, and gave Ye Xuan a punch, but with a little tear in his eyes.

"What happened to you?"

There seems to be something in Ye Xuan's heart that is gently moved.

"It's not your kid. Six months ago, everyone came back, but you haven't seen it for a long time. It's been more than half a year. Later, Zongmen was unwilling to wait. My father forced the request and used the fifth. The resources of the temple support the transmission array, even to prevent the Zongmen from closing, with us always staying here, but fortunately, you are back, just come back."

Ye Xuan was shocked and even felt his nose slightly sour.

Some words are simple to say, but they are really to be done, but they are not that simple.

Suddenly, Ye Xuan smiled.

"Master, you are so good to the disciples, it seems that you have to step up to make money later, and then you will end up giving you a pension!"

It seems to be the first joke, but only Ye Xuan himself knows what kind of weight this sentence is.

If Ye Xuan had only a sense of belonging to the Fifth Hall, then now, Ye Xuan has regarded the Fifth Hall as his second home.

For Ye Xuan, the enemy is to suppress it, it is to kill!

But for those who are good to themselves, Ye Xuan will pay back 100 times!

Because Ye Xuan also has the qualification to say this.

Ye Xuan came back and made many people very surprised.

Of course, Ye Xuan is a disciple of the Fifth Hall. Others are just surprised and have not said much. Only the fifth hall held a grand celebration.

However, this celebration has not yet begun, but Ye Xuan first got a transcription from his teacher.

"Give it to you, it has been sent for several months. It is a little aunt, claiming to be your maid, saying that there is an urgent matter to inform you. If you don't come out, I will keep it for you."

"Thank you, Teacher."

Ye Xuan smiled slightly, and also directly crushed the notes.

Sure enough, it is the sound of flying smoke.

However, the matter of the report of flying smoke made Ye Xuan surprised.

"The son, Lingxuan Pavilion lack of the moon master told me to tell you, please be prepared, no accident, half a year later, Lingbo Lake will have great changes, and they are not sure to be able to overcome, the lack of the moon master to let the little woman Tell the son, please be sure to leave the world immediately, otherwise, it is difficult to guarantee the safety of the son."

The words are short, but Ye Xuan already understands what happened.

It can be said that this time to go to the battlefield of the Lord God, strictly speaking, Ye Xuan is simply a waste of time, in addition to obtaining a mirror that does not know what is useful, it is to obtain a supernatural power that needs to consume a lot of resources to start, saying that it is a loss. It's not too much.

Unexpectedly, he only came out, but there have been great changes outside.

Lingbo Lake!

Is that the ancient sword?

That thing, Ye Xuan is a must, even if Ye Xuan knows the danger is extremely high.

But how dangerous is it that it is more dangerous than the battlefield of the Lord God?

Where is Ye Xuan, it can be said that he has already died once, is it that the ancient swordsmanship can still be stronger than the space of the Lord God.

"Sister, disciple, disciple wants to leave for a while and handle some things."

"Shi Niang knows what you want to do, but the teacher is not allowed to go there, it is too dangerous, your strength is not enough!"

Ye Xuan was slightly shocked, and it was not surprising that Shi Niang could guess what he wanted to do, but why not let him go.

"Sister, the disciple must pass, because that matter is caused by the disciple, the disciple must be responsible for the end."

To be honest, Ye Xuan now appears to be limited in the fifth hall. The reason is very simple. That is why he has concerns. Otherwise, he will not ask for the teacher.

However, for Ye Xuan, it is not a concern.

"I don't agree anyway, even if you go to find your master is useless, I said you are not allowed to go, then, no one can let you go!"

This is really not a mistake, but the teacher's words are a hundred times better than the master.

Do it!

Ye Xuan is tangled.

However, his teacher's mother left here, only to see his master sneaking, as a thief came to Ye Xuan.

"Master, what are you doing?"

"Hey, whisper, you want to be heard by your teacher, for you."

Ye Xuan stunned, and did not know what his master gave.

"Look what you see, you think we are all fools, the little girl who called the flying smoke. We have been in our fifth hall several times in the past few months, and, big things, you thought we didn't know."

"Do not worry, this time, I have to go with your teacher, hey, when your kid is ready to shine, don't be discovered by your teacher."

Chapter 2190: Enchanted fishman

"I will, master, even if I found out, I also said that I sneaked myself."

"You count your kid, but you must remember that this thing should not be known to your brother Wang. The rabbit scorpion fart does not want to be a hero every day, and I don't want to think about it. Is this place he can go, if he has you? Half of the kid's brain, I dare to let him go. Right, tell the master, this time you got the benefits, it took so long."

Ye Xuan is speechless, he is a master, I really don't know what to say.

However, Ye Xuan did not hide, and directly handed the image to the fifth temple owner.

"Wow, this is the baby, God, you can be your kid, don't say it, this thing, the master, I want it, you don't give it to me, rely on, this baby, that is used as a cultivation secret. Super good things, I heard that I have lost it, but I was surprised to get it."

Ye Xuan is speechless, without such a bully!

"Master, do you know what this is?"

"The image is like you, you are stupid, good, and play, let the teacher find your teacher to discuss it, how to use this image to get a dream of our fifth temple."

What Ye Xuan can say, this thing, in fact, is not useful in Ye Xuan's hands. He was taken away by his master and he could only recognize it.

But I thought that his master gave him a ring, but I don't know what it is.

"System, check out what is useful in this Qiang Kun ring. If not, it will be swallowed directly."

Ye Xuan did not care too much, because he felt that his master could not say that he gave him too many good things.

Unfortunately, when the system prompts, he knows what his master has given him.

"Hey, the host breaks through, and the current five products are in the heavens!"

what!

Directly upgraded to four levels!

Ye Xuan is dumbfounded, this, what is the situation.

"System, what was there in the ring?"

"Hey, the system prompts that among the Qiankun Rings, there are 1,372 pieces of various resource magic weapons, and there are 50 million pieces of Shenjing, so that the host can be upgraded to the fourth level!"

Lying in the trough!

Estimated this countless upgrades, this upgrade is Ye Xuan's most depressing once, because Ye Xuan has been able to guess what his master gave him.

It is very likely that it is the treasure house of their fifth temple.

I have long heard that the fifth hall is relatively poor, so the treasure house is directly installed with the Qiankun ring.

It seems that this is true, and it has been swallowed directly by Ye Xuan.

Your uncle!

Ye Xuan is extremely depressed, this time, how to explain to his master!

These, but the entire family of their fifth hall, the result was swallowed up by Ye Xuan, just now Ye Xuan did not take a look!

In fact, with the improvement of Ye Xuan's level, he has to ask for more resources to upgrade, and the quality is also very demanding.

However, in one breath, the treasures of the Fifth Hall were all swallowed. What can Ye Xuan say?

It seems that this time has to hide from his master, otherwise, in case one day his master asked him to ask for something, can not get it, then there is something to play.

In the evening, Ye Xuan left a note and slipped away.

Of course, if you want to find him, it is not a problem for the six elders of the Fifth Hall. But everyone knows what Ye Xuan wants to do, so no one will control it.

Where do they know that Ye Xuan is now so anxious to run out, not just because of Lingbo Lake.

After converging with the flying smoke, Ye Xuan knew that the current situation is exactly what it is.

After Ye Xuan left, the many powerful people headed by the training camp could not help the prohibition.

Even if it is lack of moon, it will not be broken. Instead, it will be occupied by the magical fisherman.

However, why did Ye Xuan leave the training camp and why he avoided it.

Everyone knows well, so no one is so embarrassed to ask Ye Xuan to break the ban.

The so-called impediment at the beginning was just an excuse. The root cause was that they could not open the ban.

The mobilization of countless people, in the case of the combination of dozens of banned masters led by the masters of the moon, finally succeeded in opening a gap six months ago.

However, the situation inside makes them very incomparable.

In just half a year, the mermaid and fishermen on the island have been largely demonized, and the resurrection of the ancient swordsmanship has finally been investigated.

It turned out that there was a corpse of the ancient beast on the small island. The ancient sword was the fusion of the body of the ancient beast, and a semi-magic half-spirit was born. The horror of half-human and half-beast.

Outside the island, there is an ban on ancient times. No one knows what the ban is for, but it can temporarily suppress the monster.

However, the magical mermaid inside is not suppressed.

The war broke out three months ago. Around the entrance to the bridge, several battles have erupted.

Ye Xuan and Feiyan are extremely fast. When they arrive, they are catching up with a wave of fighting.

One side is the magical mermaid who is standing at the bridgehead of the bridge, while the other side is a disciple of all parties including the training camp.

Hundreds of people were killed in that small position, and some people continued to fall, and some ethnic disciples fell.

However, those who enchanted the mermaid, shortly after their death, only need a black gas floating above the island, then they can be resurrected directly.

Such a battle, there is no need to fight, because the enemy is simply a monster that can not fight, then, even if they kill thousands of times, what is the use!

"I suggest that we leave here immediately. If we continue to do so, what good is it in addition to the increase in casualties?"

Night repair!

It turned out to be this guy!

Ye Xuan came to the outside of the headquarters and heard the sound of the night.

Moreover, it is the voice of the withdrawal.

"What are you talking about? Seven princes, your dark empire is far away. Do you think that putting these magical fish out? You have nothing to do with it. What I want to tell you is that once these magical mermaids come out, even if you are dark night Empire, don't think about peace. You shouldn't forget the last thing that the ancient swordsman swept through. If we leave now, then I am afraid that the last tragedy will repeat itself!"

"Yes, I am the same, can not leave, once retreat, the consequences can not imagine, we can only find a way to destroy this magical fisherman here, must not let these guys spread out, otherwise, I am afraid this time of destruction It will be bigger!"

.....

"Hey, what you said is good, how can the life of a low-level disciple not be a life? Every day, we have at least a dozen people fallen, and even more than a hundred people, you calculate it yourself, these three months, How many people have we lost? Can you really not care about the lives of junior disciples?"
