

Super D. S 219

Chapter 219: Great Song Hummer

"No way, will I promise?" Ye Xuan smiled and took out a remedy from the phagocytic space.

This remedy, but spent a full five billion of his engulfing points. Before he used up the engulfing points, but after breaking through to the gods, he swallowed the bodies and spar in the swallowing space.

But now, he has become a poor man.

"What is this?" Song Cong asked curiously.

"Don't care what, swallow it is." Ye Xuan replied.

There is some uneasiness in the heart of Song Dianjing, saying: "I don't eat!"

"Grandma, do you still want to lie? Give me a swallow!" Ye Xuan's face changed, and directly put the medicinal herbs and mysterious inner Nei Dan into the small mouth of the Song Dynasty.

I want to go back, no way!

"Hey, you are a bad guy..." Song Congjing did not have time to react, and the drug was swallowed.

Then she felt that something changed in the body.

Dan Yuan!

In her body, she was constantly pouring out of Dan Yuan and then going to Dantian.

"This, is this condensing people?" Song Congjing was shocked.

"Stupid girl, hurry to refine, don't waste this god." Ye Xuan's voice fell into her ears.

Now, she does not care about the three seven twenty-one, the medicinal herbs are eaten, can not be wasted?

This medicinal herb is bought by Ye Xuan with a total of 5 billion swallowing points, which can accelerate the refining of the sacred beast, and it is a hundred times.

The average person refining the mysterious beast, at least three months, and the qualifications of the Song Dynasty are also okay, so it will be less than three months.

In addition, this medicinal herb and Ye Xuan assisted refining at the side. Therefore, it took only half a day for the Song Dynasty to condense the people and achieve the gods.

"Ha ha ha, you have to call me to be married later..."

In the air of a certain place in the Tang Dynasty, there was a burst of laughter, the master of this voice, Ye Xuan.

"How is this possible, this is only a long time..."

The Song Dynasty was already surprised to say nothing. She did not expect that the miracle happened again.

In half a day, she broke through from the half-step Dan Yuan to the humanity, and there was no one to believe.

"You pit me again!"

Immediately, the Song Dynasty was glaring at Ye Xuan.

"What pits you, obviously you promised." Ye Xuan rolled his eyes.

"hateful."

Song cuts his teeth and bites his teeth, and he can't wait to kill Ye Xuan.

"Well, now that you are my fiancée, it's not bad. I can make a prince's princess as a wife and earn a profit."

Ye Xuan stood up and looked up and down the Song Dynasty with a different look. The latter's figure is indeed better than Huaying of the Xuanyang Imperial General.

There are chest and buttocks, white skin and long legs.

If you want to give the Song Dynasty a score, Ye Xuan definitely gives a hundred!

"You are a bad guy, don't look at it." Song Congjing was seen with a red face, and he hurriedly sighed.

"How, if you look at your fiancée, can't you?"

Ye Xuan went around the Song Dynasty and suddenly sat down and hugged her from behind, scaring her body.

"Don't move, let me hold."

Ye Xuan whispered next to the ear of the Song Dynasty.

The Song Dynasty was originally resisted by Ye Xuan. Now the ears are so blown, the whole bones are soft, and they are directly in the leaves of Ye Xuan.

"You can't disappoint me..." After he hesitated in Song Zhongjing's heart, he finally said that although the voice was very small, Ye Xuan listened clearly.

"Ok."

Ye Xuan whispered a sentence, suddenly pressed the Song Dynasty to the body, directly printed on the latter's cherry mouth.

"Well."

When the Song Dynasty was reacted, it was too late and it was already succeeded by Ye Xuan. She wanted to push away Ye Xuan for the first time, but she just thought about it. Then she closed her eyes and took the initiative to wrap her arms around Ye Xuan's neck.

This is her first time, after enjoying it, she is directly addicted to it.

Ye Xuan stroking her face while sucking the two rosy lips, and then his hand went down unconscionably.

Song Congjing did not respond, and he was directly untied by Ye Xuan.

Come on the back of a flying spirit, this is not something that ordinary people can experience.

Song Congjing was scared to death. She just wanted to open Ye Xuan's hand. In the calm sky, it suddenly sounded a huge bang.

"Hey..."

This giant python, also scared Ye Xuan, he quickly turned his head and looked at it, but did not find anything.

Song Congjing asked with a red face: "What is this sound?"

"It should be a kind of spirit beast, it is damn, even dare to disturb my good deeds, continue!" Ye Xuan said, actually went to kiss.

It didn't take long before the buzzing sounded again.

This time, the blood in his body is boiling.

"No, this is a mysterious beast!"

Ye Xuan licked his lips and frowned.

The Song Dynasty was also a strange look, asked: "Isn't the Tang Dynasty dynasty two nemesis?"

"Well, it may be that the beast and the embers have forcibly upgraded one up." Ye Xuan nodded, but the next moment, he found a problem.

The sound is coming from their front!

And in front of them, it is the imperial capital of the Tang Dynasty!

"It won't be, is that under the Royal Palace of the Tang Dynasty?" Ye Xuan shocked.

"The Royal Palace?"

After the Song Dynasty was heard, it was also suddenly remembered. Before Ye Xuan said that he heard a beast, which was from under the palace.

"This beast god, I feel not ordinary, give me a quick hurry." Ye Xuan felt a little upset.

This Ling Xiao Dapeng also understood that he immediately screamed and began to fly.

As for Ye Xuan, I have no intention of teasing the Song Dynasty.

He felt that this time the Great Tang Dynasty catastrophe was more catastrophic than the countless beasts.

Under the sprint of Ling Xiao Dapeng, Ye Xuan finally arrived at the Emperor of the Tang Dynasty when night fell.

However, when he was about to enter the Imperial Capital, Ling Xiao Dapeng suddenly landed.

"What situation, I did not let you land." Ye Xuan asked strangely.

Ling Xiao Dapeng opened his mouth and screamed.

After breaking through to the gods, Ye Xuan's intermediate-level beast blood is also promoted to the beast. Now he has a strong sense of the beast, the beast, etc., and can also generally understand their language.

"You mean, are you afraid? There are too many creatures in the emperor than you?" asked Ye Xuan.

Ling Xiao Dapeng's head was a little bit.

"Well, I feel it too, then you will go to the mountain first, let us go in." Ye Xuan did not force.

Subsequently, he directly rushed to the Emperor of the Tang Dynasty with the Song Dynasty.
