

## Super D. S 2191

Chapter 2191: Ye Xuan shot

It's the voice of the nine princes. This guy, as if he didn't let everyone get out, wouldn't be willing.

I don't know, what good can he do if he let everyone retreat.

Suddenly, Ye Xuan's heart was a meal.

benefit?

Who is the most wanted to see the world?

I am afraid, that is to destroy the organization.

It's hard to be done. What is this time?

You must know that if you really destroy the organization, buying a small night empire will not waste any effort.

At the thought of this, Ye Xuan strode forward and walked forward, and said loudly in his mouth:

"Can't retreat, can't put these magical fishermen out of the island, otherwise it will be a catastrophe!"

.....

"Ye Xuan!"

"It turned out to be him!"

"Is this guy not disappearing for more than a year? How come it suddenly appears again, what does he want to do?"

There are many people talking.

"No, this guy is upgrading again! God, it's already in the heavens, and the speed of cultivation is terrible."

"Who said no, this guy, every time he sees him, he will raise the realm, how exactly did he do it, and the speed of this upgrade, can you find out more horrible people?"

Looking at Ye Xuan step by step, everyone consciously let a road come, and even those who are strong in the spiritual realm, see Ye Xuan, will also give the meaning of the three-point retreat.

The upgrade speed that Ye Xuan showed is really terrifying and terrifying.

Maybe seeing him this time is a godland, but maybe next time I meet, Ye Xuan's strength can surpass them!

For such a talented genius, no matter who it is, it will subconsciously maintain a certain respect.

"Master Ye, how come you!"

The moonless master looked at Ye Xuan and his brow was wrinkled. It seems that now he also seems to know Ye Xuan another identity.

Ye Xuan smiled at the moonless master and said.

"Retreat, it is definitely not retreat. I can arrange an absolute defense ban for you to take care of the injured disciples. However, if this island is not destroyed, it will definitely cause unnecessary

catastrophe. Therefore, I suggest squatting. Now that these enemies are trapped, we will solve them completely here."

"Hey, what are you, what are your qualifications to speak here!"

I saw that Ye Xuan dared to come and ruin his good deeds.

However, Ye Xuan looked too lazy to look at him and continued:

"I know that what you are most worried about now is the ability of the magical fishermen to resurrect infinitely. I will hand it over to me. I want to set up a ban to let the black gas not enter the theater. Then, the bodies of all the fish people. I also deal with it, so that the magic fisher will be killed more and less, and by then, we will have a chance of winning.

.....

"Well, this is a way, but, Ye Xuan, can you have a ban on me?"

Ye Xuan's ban in his room, after a long time passed, has long been known, coupled with the propaganda of the Master of the Moon, and everyone has already known that he is a forbidden master, more powerful than the moonless master, this When I heard Ye Xuan say so, they did not have much doubt.

However, if they want to block the black gas, they have not thought of a solution, but they have all failed, so they are still somewhat conservative.

"Don't believe him, just rely on him, why do he say this!"

It is still the sound of the night's divorce. I can't wait to kill Ye Xuan at night. Unfortunately, here, he can only think about it.

Suddenly, Ye Xuan turned his head and looked at the night for the first time. But when he said it, he made the night anger.

"If you don't want to participate, you can roll!"

Yes, Ye Xuan said so, Ye Xuan suspected that this guy has been bought out of the organization, naturally not polite, but now there is no evidence, otherwise, Ye Xuan shot to kill him, it is not impossible.

"You, you, what are you talking about!"

It's a pity that the night's dismissal was invincible. Unfortunately, Ye Xuan was not planning to pay attention to him.

"In this way, all the ban masters of Lingxuange have gone with me, I will find a way now!"

"Okay, we listen to you."

Others may be difficult to move Ye Xuan, but the people of Lingxuan Pavilion, Ye Xuan can still be called.

"Let's join us too!"

However, what I did not expect was that the banned masters of the remaining forces actually took the initiative to participate in Ye Xuan's actions.

For this, Ye Xuan did not care, anyway, Ye Xuan did not expect these people to do anything.

To be honest, Ye Xuan also has his own small abacus at this time. Otherwise, he proposed all the bodies of the demonized fisherman.

Such a good upgrade plan, Ye Xuan will not miss it.

Of course, the main thing is to stop these magical fish people.

Ye Xuan took people and left.

For Ye Xuan, everyone's feelings are different. For example, everyone in the training camp, because of Liu's relationship, apologizes to Ye Xuan.

Also apologetic, it also includes the power of the original Bai Ye Xuan, such as the Bailou.

In their hearts, it is because of their embarrassment that Ye Xuan will leave the training camp.

And now Ye Xuan is back again, and the original intention to shoot, so that these people are still quite emotional.

Ye Xuan took people and soon came to the bridgehead position.

At this point, the position of the bridgehead was occupied by hundreds of magical fishermen, blocking the only way for the coalition to attack.

It seems that this bridge is also the only intersection leading to the island.

Some people may say that it is better to use it.

However, there is a ban on the island and it is impossible to fly over.

It is naturally impossible to fly out.

Ye Xuan carefully observed the direction of those fish people.

But in my heart, I asked the system:

"System, can you have a solution?"

"Hey, the system suggests that the system gives two options given the current situation of the host.

"The first option, the host continues to cultivate the ban, and until the ban is strong enough, it may be able to study ways to block black gas."

"Hey, the second option, the host can redeem the corresponding special ban here in the system!"

Your sister!

Ye Xuan is depressed, this system, it is better to let yourself go to exchange for it, what to study, then when to study!

The system was switched on last time. However, Ye Xuan has never used it. After all, the system is very expensive and expensive.

"Well, system, help me pick a ban that suits the current situation. I want the most reasonable, otherwise I can't afford it!"

"Hey, the system prompts that the host can currently choose the best special prohibition for the demon ban, once this ban is turned on, it will be able to effectively destroy the magic."

Ye Xuan nodded, things are there, the key is how the price is!

In the hands of Ye Xuan, it seems that there is no resource at all.

"Hey, the system prompts, the host resources are insufficient, not enough to redeem, the system opens the mandatory redemption ability. If the host is forced to redeem, you can use one level as a price, in exchange for one use permission!"

One level!

Chapter 2192: Touched everyone

Ye Xuan brows wrinkled, this is to self-destruction level!

But is there a better way now? What's more, although it is used once at the expense of one level, after all, Ye Xuan can get the body of the demonized fisherman, and it is not worth losing money. Ok, this is the sale of Ye Xuan. Now!

"Okay, the system, use the level to redeem the usage rights."

Ye Xuan gnawed his teeth and made a direct decision. Then, I saw him moving and had already set a ban.

"Fast, protect the leaf master."

Missing the moon saw Ye Xuan directly started, immediately shouted.

Others also saw Ye Xuan's movements. Naturally, he would not hesitate. Soon, the battle broke out in an explosion, and Ye Xuan's side, two superior spiritual powers directly guarded him.

"Hey!"

Ye Xuan spurted out a blood, of course, not that he was injured, but the sequela of the self-depletion level.

I really thought that it would be as simple as using the privilege to use the level conversion prohibition?

When did anyone see it, who would ruin martial arts?

Ye Xuan can be called the first one.

Ye Xuan now feels that his internal organs are rotted, and the whole body is very painful.

"The trough, his uncle, in the future, I will not be replaced by the level of death, it hurts, it hurts me!"

Ye Xuan's heart mourned, but the movements on his hands did not stop.

At this point, almost everyone looked at Ye Xuan's movements.

They didn't know what kind of ban was set up by Ye Xuan. However, they all saw the miserable appearance of Ye Xuan. The blood of the mouth continued to flow out, but the movement of the hand did not stop.

Constantly arranging the ban, but constantly spit blood, even to the back, Ye Xuan's nose, ears, and even the corners of the eyes, blood flowed out.

"Master Ye, if you can't, don't be reluctant, you, you must rest now."

One of the best spirits guarding him behind Ye Xuan's body said.

At this moment, who can still refuse?

"Snapped!"

The 100-story landlord is a slap in the face of his own, even directly on the ground.

"It is my 100th floor that doesn't have long eyes. I am swearing today with a godhead. If there is any doubt about the behavior of Master Ye, I hope that the gods will be broken!"

A poisonous vow, but this also illustrates the remorse of the hundredth floor.

The 100th floor finally apologized like Ye Xuan and apologized for such extreme measures.

Not only the hundred floors, but many people can't wait to give themselves a slap in the heart, but they don't have the unrestrained pride of the hundred floors, so they hold back.

Such a person who is willing to repair the world for the sake of the world, they even suspected that he would be a bad person!

Such behavior can hardly be forgiven.

Ye Xuan's level is reduced, and the appearance is miserable, that is not the result.

That is really happening.

"System, you are not saying that it is only a level of redemption rights, why, why is my realm falling rapidly?"

"Hey, the system prompts, the host please note that it is indeed a realm to redeem the use of rights, but the host self-destruction, it will naturally be seriously damaged, please rest assured, only need to nurse, the host can be restored!"

Before the release, Ye Xuan was the master of the five finest gods. However, when the demon ban was placed in half, Ye Xuan had already fallen to the cultivation of the five-character gods, a whole realm.

Moreover, this decline is still going on!

Ye Xuan walked all the way, leaving behind a piece of blood.

Those bloodstains, as if they were sharp swords, were tied in the hearts of everyone.

When Ye Xuan finally arranged to complete the ban, the only thing left was the cultivation of the gods. Although he knew that he could recover, the miserable appearance was still so sad.

"Master Ye, Master Ye, how are you, you are fine!"

When Ye Xuan came to the ground, countless people came over and asked with concern.

"I'm fine, you can do it now, that magic, can't help but ban!"

Ye Xuan, who was supported by the flying smoke, said that he was so weak, that he was so miserable, not for the present harvest, Ye Xuan certainly would not miss it.

"Good! Everyone, kill those monsters!"

The battle started again, but, as Ye Xuan said, this time, although there is a constant flow of magic, but once it reaches the banned place of Ye Xuan, it will be directly obliterated.

Although the strength of the magic fisherman is also good, but the forces at this time because Ye Xuan all killed the enemy, so those who are the magic fish are opponents, in just half a day, they are killed hundreds, but from that Above the island, there are constantly demonized fish people rushing out to join the battle, so for a while, the battle still remains deadlocked.

Ye Xuan said that he also had to set up an invincible ban to guard against the impact of those fish people.

Ye Xuan said that he got it and he could do it. Therefore, after only a few moments of rest, he began to set up an invincible ban.

To be honest, Ye Xuan's behavior has touched countless people. Everyone who passed by Ye Xuan will respectfully leave Ye Xuan's slight respect and show his respect.

The deputy occupation of the prohibitor, the refiner, and so on, was originally a respected existence.

What's more, Ye Xuan is also extremely amazing in the cultivation of talents. The name of the genius list is not a joke.

Such a powerful person, how much space for future growth, naturally needless to say.

So at the moment, Ye Xuan has used his actions to conquer almost everyone here.

Of course, it is almost. In fact, some people hate Ye Xuan.

Because, indeed, someone is ready to be here.

The organization that is hidden in the dark will not let go of any chance to make the world chaos. Naturally, this time is no exception.

It is a pity that the emergence of Ye Xuan has disrupted their plans, and those who cooperate with the organization have undoubtedly hated Ye Xuan's nosy.

Facts, the plot against Ye Xuan is also being planned.

This time, what they want is the life of Ye Xuan!

According to Ye Xuan's instructions, the body of the demonized fisherman was all sent to him. The reason given by Ye Xuan was that he had to thoroughly contact the aftermath, and no one would doubt him anyway.

Besides, the body of this magical fisherman, I am afraid that in addition to Ye Xuan, others have not used it.

Ye Xuan is naturally happy. He now only needs to sit here and go out to look at it from time to time. Then the body of the demonized fisherman will be sent to him. Where is this good thing to find.

Even if Ye Xuan wants to participate in the battle, it will definitely be stopped. Because Ye Xuan's miserable appearance has already frightened many people. In the hearts of many people, Ye Xuan is afraid of being seriously injured.

Ever since, the forces of the various parties have been constantly sending healing medicines!

This made Ye Xuan a little embarrassed.

Fortunately, under the double prohibition of shackles and invincible bans, the demonized fishermen are constantly being eliminated, but the forces are basically not killed, which is a good news.

Chapter 2193: Encounter ambush

"Hey, congratulations to the host recovery!"

"Hey, the host breaks through, and the current five products are in the heavens!"

Has it finally recovered its strength?

The body of the demonized fisherman was transported to Ye Xuan in front of him, and was allowed to be disposed of by Ye Xuan. However, it was still waiting for such a long time that Ye Xuan was able to restore his original strength.

It can be said that this time using the level to convert the use of the ban, it is really let Ye Xuan feel a big loss.

Fortunately, the strength is finally restored.

.....

"The kid is now being hit hard, and now everyone's attention is on the side of the magical fisherman. There is only one maid around him. It is better to do it tonight!"

"Yes, can't wait, the kid, who dares to break our big things, say nothing, and can't let him continue to be happy!"

"Okay, then, just settle down, His Royal Highness the Seven princes, this time, give you a chance to show, how to do it, I believe you should understand!"

"Reassured, this thing, give it to me!"

In a tent, a group of people secretly discussed something.

It turned out that they are people who want to target Ye Xuan!

It turned out that it was not just the seven princes who wanted to clean up Ye Xuan. That is to say, this conspiracy was not as simple as imagined.

After these people dispersed, the night guards called his four guardians.

After the secret language, they left.

Ye Xuan certainly cannot know these things. His current task is very simple. Occasionally, I will see if the two prohibitions are in good condition. At other times, I just wait for the body of the demon fisherman to come to the door.

In the realm of the gods, the ten sun cycles alternate, and the strict night does not exist, but it still divides the white night.

"Hey, the system prompts, detects hostility, the host should pay attention."

hostility?

Ye Xuan slightly frowned, at this time, with the flying smoke, is inspecting whether the invincible prohibition is intact.

The new round of fighting has not yet begun, so it seems very quiet.

With the recovery of Ye Xuan's strength, and after all, this is inside the coalition forces, so everyone is not worried about the safety of Ye Xuan. This is not the first time Ye Xuan just came with a flying cigarette.

In fact, according to Ye Xuan, flying cigarettes do not have to come over.

However, this \*\*\*\* because of the last Ye Xuan injured, said that Ye Xuan is not inseparable, Ye Xuan is also impossible to take her away, so it can only helplessly agree.

When I heard the system prompt, Ye Xuan stepped forward and immediately read it outside and looked around.

Here, no one is empty, it seems that no suspicious people have been found.

However, Ye Xuan is 100% trustworthy for the system. Since the system says it is hostile, there must be people in the vicinity, and it is the enemy.

"The kid seems to find us!"

"Well, it is very likely that I can see the disguise that I am waiting for, but it is not bad. However, there is still only one dead end. Hands-on!"

Brush it!

In the twinkling of an eye, there were four figures around Ye Xuan and Feiyan.

However, even if these four people jumped out, Ye Xuan could only see it, but could not feel it.

Special magical!

You can shield the special magical powers of the gods!

Ye Xuan was slightly surprised.

"System, check the ratings of these people!"

"Hey, the system prompts, designate four people, the strength is the spirit of the six spirits, the spirit of the three spirits, the spirit of the four spirits, and the nine heavens!"

Lying in the trough!

Ye Xuan has a slight glimpse, three spiritual gods, a peak god!

This is the rhythm of going to kill yourself!

"Who are you, what do you want to do!"

Ye Xuan looked at the four people and asked, and in his hand, he had pulled out the sword!

"Little guy, you said what we have to do, dare to break our good deeds, you are looking for death yourself, then, today I will complete you."

"Haha, joke, just four of you?"

Although Ye Xuan is a little nervous, but the tone will not show weakness, then again, he is not far from the camp, really broke out, I believe that someone will soon support.

However, the words of those mysterious people instantly broke Ye Xuan's expectations.

"Kid, it's so arrogant to die. How do you feel that if you fight with us, someone will save you? Haha, you are too naive, you think I will choose to ambush here, there is no Not ready?"

Damn it!

Upon hearing this, Ye Xuan knew that things were not so simple.

"System, check the surrounding situation!"

"Hey, the system prompts, detects a chain ban!"

The serial prohibition is actually a series of bans?

The serial ban is more horrible than the ordinary ban, because the serial ban means that a series of bans are directly combined and used. The function of what is not mentioned first, just want to crack, it is quite a waste of time.

Ye Xuan believes that these people will not give him this time.

Sure enough, at the moment, the four men shouted without hesitation:

"Hands, this guy is a forbidden guru, and he can't give him time to crack the ban!"

"kill!"

The shouting sound suddenly sounded, and the four men rushed toward Ye Xuan.

"Heavy knife!"

"Even the sword!"

"Ten years of ruin!"

"Sleepy spell!"

When they shot, the four were killing, and when they shot, the four were full.

"Hey, the alarm is alarming, the host suffers from an irresistible attack!"

"Hey, the host life is threatened and the system automatically starts defense!"

"Hey, it's detected that you can use magic power, and the invincible defense starts!"

Boom!

With Ye Xuan as the center, the entire land is rapidly collapsing. A mountain behind Ye Xuan is even directly turned into a powder.

However, this is not the most surprised Ye Xuan, the most surprised Ye Xuan is flying smoke, at this time, the wings of the flying smoke shook, it has disappeared invisible.

Of course, Ye Xuan is now taking care of himself and just looking at the smoke.

The powerful attack broke out in an instant, but it was clearly not far from the camp, but there was no slightest awareness.

Under the cover of the ban, no one has found that there is a life and death battle here.

.....

"Hey, that kid should be dead this time. I have joined forces to launch the strongest attack. Even if it is a strong spiritual \*\*\*\* under the peak, it will be killed by our attack, let alone such a region." The kid."

"It should be dead. The four of us have been training these four supernatural powers since childhood. The tacit understanding is so high. The power of instant explosion is equivalent to the attack of a medium-spiritual powerhouse. It is strange that he does not die."

The four stopped the movements on their hands and looked at the ruins as if they had already determined that Ye Xuan would die.

Of course, as normal, it is true. If you change to any god, you can't even hide from the peak of the gods. After all, the power of such a powerful explosion is hard to imagine.

Chapter 2194: Persimmons are pinched from soft

At this time, Ye Xuan originally stood in the position, where there is still a figure, only a hundred meters of giant pits.

However, just as the four were proud, a voice came over.

"Why, do you think that I am going to die?"

It is the voice of Ye Xuan.

The four people changed their face, and their joint attack, there is no one who kills a \*\*\*\* in the area, how is this possible!

It is a pity that the facts are placed in front of them and they are not allowed to believe.

Ye Xuan step by step, came out of the dust, on his body, a circle of light curtains, even so that dust can not be contaminated with him.

"I am giving you a chance to tell who sent you. Maybe, I can spare you not to die."

At that moment, Ye Xuan was really shocked. The attack of these people was too unexpected and too strong.

Let Ye Xuan simply can't resist it. If the system does not kill the invincible defense at the last moment, I am afraid, Ye Xuan is now dead.

"You, are you all right?"

"I think I have something? Just rely on your four ants? Hey, you are really damn, actually wasting my absolute defense. Since you don't say it, it seems that I only have to find the answer myself!"

"Intelligence control!"

This time, Ye Xuan's spiritual control is directed at the four people. Of course, Ye Xuan knows that it is impossible to use it at all. It is impossible to control these four people at the same time.

But Ye Xuan did not intend to say that he really wants to control them.

Persimmons, of course, must be soft!

Ye Xuan launches the control of the spirit, but it is only a cover.

In an instant, Ye Xuan's hands flashed, and a powerful attack had already started. This is the real killing of Ye Xuan.

"Destroy the gods!"

The target chosen by Ye Xuan is the guy who is the peak of the gods, who told him to be the weakest.

"boom!"

A sword broke out and the man did not fly directly.

"No crit!"

"So, eat me a sword again, destroy the gods!"

A single defeat failed, Ye Xuan will not hesitate, he has already decided that this time shot, will kill one person.

boom!

This time, it really played a crit effect, it is still against the peak of the gods control, only between the moment, it will fall.

This process, but blinking time.

And Ye Xuan's spiritual control can only interfere with the blink of an eye, but this is enough, enough Ye Xuan to kill one person.

When the other three finally got rid of the control of the spirit, they saw only the body of the companion.

In such a short period of time, Ye Xuan has already killed one of them.

"This, how is this possible?"

These mysterious people are not willing to believe that they do not want to believe that in such a short period of time, they have lost a companion, knowing that any one of them is confident that they have the strength to kill Ye Xuan.

However, the fact is that in fact, Ye Xuan killed one of them, no pressure to kill.

Ye Xuan immediately collected the person's Qiang Kun ring, but did not take away his body, because Ye Xuan has Ye Xuan's plan.

"So, the next one is you."

Ye Xuan suddenly turned around and said to the strong man of the three spirits.

The tone is so indifferent, as if it is not killing, but the weather is really good today.

The strongman in the third-class spirit and the realm of the gods was shocked, and even the whole body had a feeling of creepy feelings. The intuition told him that he was afraid of big trouble this time.

However, after all, he is a strong spiritual god, and Ye Xuan is not a serious injury to the gods. He does not believe that Ye Xuan can kill him.

"Boy, you are talking about me, a arrogant boy, I want to teach you today, what kind of respect should be faced with the strong."

"Everyone went together and killed him!"

Although Ye Xuan did not choose the other two as the target, but the two can not say anything moral, their goal is only one, kill Ye Xuan, as to what means to use, will not consider.

The three shot again toward Ye Xuan.

However, do you think that Ye Xuan will be as unprepared as the last time?

how is this possible?

"Come out, thousands of beasts!"

"God-level mounts call!"

In an instant, a thousand god-level mounts appeared directly, and as soon as they appeared, they were divided into two teams and flew to one person.

It is almost without any pressure to trap a spiritually powerful person with a five-hundred-level mount.

In the hands of Ye Xuan, Megatron took over the sacred sword, and together with Ye Xuan, rushed toward the goal that had already been selected by Ye Xuan.

"Go to death!"

Ye Xuan fists out.

However, the real threat is the sword!

The sacred sword controlled by Megatron is more powerful than Ye Xuan's personal control.

The man was obviously a bit flustered. It was clearly that they had an absolute advantage. They clearly had the strength to crush Ye Xuan. However, when they started, they knew that Ye Xuan had violently gone.

"boom!"

Megatron's sacred sword was one step ahead of Ye Xuan's attack.

A sword directly penetrates the body of the person, and at the same time, it also shatters the man's deity.

The mysterious man's eyes were so incomparable. When he died, he did not understand how he died.

However, he does not need to understand.

With a punch, Ye Xuan directly flew the man.

Of course, this person has long lost the possibility of living.

The sacred sword quickly flies past and directly takes away the person's shackles.

At this moment, Ye Xuan will pay attention to the other two people trapped by the god-level mount.

"You are not afraid to dare to start with me. Have you thought of such a result before you started?"

Ye Xuan looked at the two men.

Here, these people have arranged a series of bans.

This thing is not something that their strength can arrange. In fact, after they open this chain of bans, they can't even open themselves.

A thousand head-level mounts were divided into two groups, which were constantly impacting, so that the two could only panic and fight, and where they could free their hands to attack Ye Xuan.

"So, you two, who wants to live, tell me who sent you over, who told me first, whoever lives around me. Say, don't test my patience!"

Megatron controls the sacred sword and surrounds Ye Xuan, as if he could kill one person at any time.

"Hey, boy, can't kill you, it's really that we underestimate your strength, but you want to get what you want from our mouth, dream!"

One person shouted loudly.

Ye Xuan smiled slightly, ignored him, but looked at the other person.

"I said, I said, did I say it, can you let me go?"

"Yes, I am always talking about Ye Xuan. I said, who told me your behind-the-scenes instigation, then, who I let go."

In the face of death, Ye Xuan does not believe that no one is not afraid, and he guessed it. Sure enough, this is still scared.

Chapter 2195: Who said not to kill you?

After all, the strength that Ye Xuan now shows is too horrible.

One shot is to kill two of their companions, then the next one will be them.

"It is the seventh prince, we are the guards of His Royal Highness seven princes!"

One voice sounded, but it wasn't the one who answered Ye Xuan at the beginning, and the answer was actually the guy who insisted that he could not leak.

Ye Xuan's mouth was slightly tilted, but he looked at the man and said:

"I have asked you?"

boom!

The sacred sword rushed over, and the sword light that followed one after another rushed to the past.

If a sword does not crit, then what about the ten swords?

Where would anyone think of it, even if he took the initiative to answer, Ye Xuan did not let him go, but did not even think that Ye Xuan's attack would be so strange and powerful.

"Hey!"

Finally, there was a sword that hit the crit effect and directly hit the man, and the god-level mounts around him would have such a good chance, so they all rushed over.

There is no suspense, this person has no way to live.

"Master Ye, I said, I will say now, you want to know what I tell you, beg you not to kill me."

The last person looked at Ye Xuan stunnedly. At this time, he only thought about how to live. He saw his companion being directly separated by the beasts and saying that he was not afraid. It was a lie.

They are the guardians of the night leave, and they are still handy when they bully and bully the weak. However, once they encounter the strong, they have no courage.

"Now want to say? Late, I said, who told me what I want, you can live, but unfortunately, now, I already know the answer I want to know."

"So, you can go to die."

The scorpion sword and all the god-level mounts rushed to the guy.

Then, how could he be able to survive?

Kill again!

How long has it been since the four people jumped out to be killed by Ye Xuan?

"You said, don't kill me."

In the end, the man was mourning for life at the moment of his death.

It's a pity that since we cherish life so much, why come to Ye Xuan's troubles.

Putting away these people's Qiang Kun ring, Ye Xuan did not swallow, resources are now extremely useful for Ye Xuan.

Don't look at these four people have been killed by Ye Xuan.

However, Ye Xuan's heart is still quite annoyed. The absolute defense is not to say that there is there. If you don't say the cooling time, you can say that the singularity is not so easy to find. It can be said that Ye Xuan's absolute defense in a short time. Will not be used.

This is definitely an unacceptable thing for Ye Xuan.

Therefore, he needs resources to use the mirror magic power, otherwise, Ye Xuan is not sure to face the sudden attack like this one.

Of course, Ye Xuan is not without a card, for example, his summoning skills in the world, has not been used until now.

Because, now there is no opponent worthy of Ye Xuan.

The serial ban is only a matter of time, but it cannot be broken.

Soon, Ye Xuan cracked the chain ban.

However, the figure of flying smoke also appeared in front of Ye Xuan.

"Shantou, yes, life-saving means is good, so I am relieved a lot."

Ye Xuan said with a smile, he did not blame the flying smoke, because in Ye Xuan's heart, he did not want to let the flying smoke to protect.

Who knows, Ye Xuan's words are finished, and I saw two bodies in the air.

"The son, the two men are hiding in the dark, trying to attack the son when the four men attacked the son, so they were solved by the little girl."

Enemies lurking in the dark!

Ye Xuan was shocked. It seems that he has to thank the flying smoke this time.

You must know that when I was fighting, there was a time when Ye Xuan could say that there was no precaution.

Thousands of beasts, god-level mounts, and sacred swords were sent out. Ye Xuan's side can be said to have no defense, and the invincible defense has cooled.

If at that time, the two men suddenly attacked Ye Xuan, the consequences could not be imagined.

Good means!

Good calculations, actually a ring of a ring.

Unfortunately, they still failed.

Ye Xuan took away the two people's Qiankun world, but suddenly had an idea.

.....

At night, I didn't know that the men he sent out had been completely destroyed. At this time, he was still waiting for the arrival of good news. In his heart, the trap he placed was absolutely enough to kill Ye Xuan. It was absolutely perfect. plan of.

However, all of a sudden, a voice is remembered outside.

"His Royal Highness, Master Ye asks."

"Master Ye, which leaf master?"

In the middle of the night, Ye Xuan is afraid that he has already been killed, so he suddenly heard Ye Master, he has not responded.

"It is Ye Xuan, Master Ye."

Where did the guard know what his master was thinking, and he answered honestly.

The words of the guards made the night away from repairing and creeping.

impossible!

This is absolutely impossible!

That kid, shouldn't it have been killed now, why, will it appear outside of his tent?

Unfortunately, at this time Ye Xuan has directly sneaked in.

Now the coalition forces, no one does not know Ye Xuan, in their eyes, Ye Xuan is definitely a mysterious strong, and, not Ye Xuan's repair is low, they dare to look at Ye Xuan.

Therefore, Ye Xuanqi came in, and those guards did not dare to directly block.

"Night repair! Seven princes, huh, huh, you have sent me a big gift, but come and not indecent, so this time, I will also give you a gift."

When Ye Xuan entered the tent for the night leave, he smiled and said that the bright smile made the night leave without knowing what Ye Xuan wanted to do.

Is it that those people have not had time to shoot?

In the heart of the night, I can only think about it. After all, in the heart of the night, killing Ye Xuan, there is almost no suspense.

However, when Ye Xuan left a pack of things to the front of the night, the night of the repair suddenly panicked.

Because, the package of things, Ye Xuan did not hide the slightest, even without the need to unlock, they can see what is inside.

Six people head!

It was the six people who left the school at night.

In addition to a peak of the gods, the other five, can be the strong soul of the spiritual realm.

However, how long did they go out, at this moment, their heads were lost in front of the night?

"Oh, since the Seven Princes like to give gifts to me, then I will not mind, if there is any gift in the future, even if I send it, I will accept it."

Ye Xuan Ming Ming knows that night retreat means to make these people behind the scenes.

However, Ye Xuan did not directly kill the night to repair, not because it is a coalition camp, but only because Ye Xuan wants to test it and see if there is no companion in the night.

Of course, this time the temptation, Ye Xuan will get his results.

Chapter 2196: argue

After dropping the bag of things, Ye Xuan turned and left, as if he really only came to give gifts, of course, the weight of the gift is still very heavy.

Others don't even know about Ye Xuan and the night's departure, because Ye Xuan is not prepared to say anything more.

Until Ye Xuan left, the night was repaired.

This time, he brought a lot of guards to the spiritual world.

Unexpectedly, once an action, it was almost completely destroyed.

At night, I didn't dare to delay the repair, and immediately ran towards another tent.

Although Ye Xuan left, but want to know the things here, for him, it is not a matter at all.

Therefore, he also saw this scene.

"Sure enough, there are accomplices. I didn't expect that the enemies like the magic fishermen are currently, these people, and the mood to consider \*\*\*\* themselves. Hey, even if not all of them are bought out by the organization, I Will not let them go."

Ye Xuan said in his heart, but his eyes looked at the tent.

He didn't know who was in the tent, but he was already killing.

Dare to do it yourself, then you must be prepared to die.

"System, start to set up a ban."

Isn't it a night's departure to trap yourself with a ban?

So now, Ye Xuan also uses the ban to control these people first.

Ye Xuan's movements are extremely fast. If there is system assistance, the arrangement prohibits such things. For Ye Xuan, it is a matter of minutes.

So far, Ye Xuan will not arrange a series of bans. However, the ban on the arrangement of Ye Xuan is not a leisure.

However, Ye Xuan has no hidden magic weapon in his hand. Therefore, this has only set three prohibitions, and he is noticed.

"Well? Who is outside?"

"This is where the big camp is. There are people around it that are normal. There is nothing fussing."

"No, some people have been wandering around us, there must be problems, let me go out and see!"

One person was keenly aware of Ye Xuan's unusual actions, so he went straight out.

Ye Xuan would have thought that in this big camp where people came and went, this guy could still find his whereabouts and judged that he had abnormal behavior.

This guy is either too sensitive or too sharp!

"It's you!"

The man saw Ye Xuan, a slight glimpse, knowing that they were still discussing in the room how to take Ye Xuan in one fell swoop, but they didn't want to, Ye Xuan had already been around them.

Don't even think about it, Ye Xuan is what he found.

Others came out later, and when they saw Ye Xuan, they were all slightly surprised.

Of course, Ye Xuan is also very strange now. You must know that Ye Xuan originally thought that here is just some inferior spiritual deities, and the highest may have a strong spirit of the middle spirit.

However, when the system prompts, he knows how powerful the enemy he is facing this time.

"Hey, the system prompts that the designated targets have two spirits, two spirits, seven spirits, nine spirits, nine spirits, and six spirits."

These four people are still the strongest of them. As for the gods, there are still seven or eight people!

Just for a moment, Ye Xuan knew that he couldn't beat it.

Fortunately, here is in the big camp, and Ye Xuan has also arranged a ban.

Therefore, Ye Xuan is still sure to win these people.

"I am, how?"

Ye Xuan looked at those people, and the figure suddenly retreated toward the back. This is not a fear, but Ye Xuan is going to withdraw from the first prohibited attack range.

"Haha, kid, you dare to send it to the door. You killed the seven guards under seven princes for no reason. I am waiting for you to say it. I didn't expect that you actually sent it to the door. Then, should you come in? Tell me why you kill?"

"Why am I killing people? I am afraid that you know it!"

Ye Xuan looked at those people. It can be said that Ye Xuan can still use various means to deal with the inferior spirits. However, the medium-spirited gods, even if Ye Xuan's full force is not enough, as for the superior spiritual realm. However, it is possible to kill him directly.

This time, the opponent is very powerful and powerful enough to let Ye Xuan have to think quickly about the countermeasures in his mind, and also consider how to fight in the future.

First, be strong, first summon everyone to be here, then you can be safe.

Ye Xuan thought of it, and then, without hesitation, directly launched the first ban.

"Booming!"

I saw a thunder suddenly slammed down, and then, in the position of the group of people, the thunder was rolling and bombarded.

However, such a force may cause damage to the gods, but the strong man of the spiritual realm, but can not help.

Originally, Ye Xuan used this method as an auxiliary means to facilitate himself to rush.

The enemy's unexpected power is so strong that Ye Xuan had to use this ban as a signal.

Sure enough, with the rolling thunder, the entire camp was alarmed, and countless strong men flew directly.

Then they saw a strange scene.

Ye Xuan, alone, faced many powerful people, and was still actively attacking.

"Master Ye, what are you doing?"

The first one who rushed to Ye Xuan was the Master of the Moon. At this time, the Missing Moon Master could not understand Ye Xuan. Why Ye Xuan would attack these powerful people who were obviously much stronger than him.

This thing, looking at the strange surprise.

"You just happened to be trapped in them. These guys are behind the scenes of this magical fisherman incident, and, just before, they sent people to kill me!"

"What, there is such a thing."

When I heard Ye Xuan's words, everyone reacted differently. Some people, represented by the hundred-storey landlord, Liu Luo and Ling Xuan's main house, surrounded the group directly.

And there are still some people who are holding a wait-and-see attitude and still guessing.

In addition, some people, such as Jubao, have already spoken out at this time.

"Master Ye, I will know that you and the Seven Princes of the Dark Empire have always had personal grievances. However, now that the enemy is present, can you see, can you leave it for the time being?"

This guy's words are very sinister. To put it bluntly, it is to say that Ye Xuan is now a public enemy of the Gazette, destroying the great things about the magical fishermen.

It is a pity that Ye Xuan did not pay attention to this person. If it wasn't for this person, it would not be bought by the annihilated organization. I am afraid that Ye Xuan will not let him go.

However, since Ye Xuan has spoken, then those people inside will not be silent.

"Hey, Ye Xuan, don't think that everyone will give you three-point color now, you can open the dyeing house. Who do you think you are? What is the qualification of a scorpion ant in the area? What is the

qualification to yell in front of the deity? You say that the deity is This magical fisherman's black hand, you come up with evidence, or you can say clearly, how do we become this black hand."

Chapter 2197: The fifth hall comes to support

Ye Xuan can't say anything about the organization, even if it is said, ordinary people don't even know it, and now, once he reveals that he knows about the organization, he is afraid that Ye Xuan will die if he has the ability to do it all.

Therefore, Ye Xuan must come up with a suitable reason.

Ye Xuan's eyes turned and quickly replied:

"Hey, you don't admit it. The night guards sent the guards to ambush me and I was killed. But before they died, they told me all about your plans. You don't just want to destroy the coalition's actions, let go of that." Do you want to marry a fisherman? Do you want to take advantage of the world when you want to take advantage of the world? Why, you still want to argue?"

"Ha ha ha! Kid, you think, if you say this, would anyone believe it? Let out the magic fisherman? Let out the ancient swordsmanship? What good is this for us?"

The man smirked as if he had heard a big joke.

Isn't it, Ye Xuan's reason for saying it now is simply a joke, letting out the magical fisherman, letting out the ancient swordsmanship, how to look at it, how it does not have the slightest benefit to them.

Ye Xuan frowned, and he also knew that the reason he said now is not a reason at all, but these people must die.

However, at this time, a voice sounded.

"I believe!"

Boom!

In an instant, the number of people came directly to Ye Xuan's side.

"Master! Teacher! Brother!"

Before Ye Xuan came out, he already knew that the fifth temple owner and others would come here to investigate the magical fisherman, but he did not expect that his master would come at this critical moment, but he did not even think that his master turned out to be Still standing on your own side without doubt.

"Good boy, let you not come over and not come over, but you have to sneak up, wait, go back and pack you."

The fifth temple owner first said to Ye Xuan, and then looked at the trapped people.

"See the Five Lords!"

Everyone rushed to salute, and the authority of the cabinet was not in doubt. It was unquestionable. I did not expect that the Lord of the Fifth Temple actually came in person, and did not hesitate to cover up his own disciples.

However, at this time, another team of people appeared.

"The brothers are not too biased to their own apprentices. This matter is not yet investigated, I am afraid that it cannot be settled so early."

Some people came to the third temple. Although it was not the arrival of the lord, it was also a noble elder.

But obviously, they are not standing on the side of Ye Xuan.

"How, the younger brother has different opinions."

Although the Lord of the Fifth Temple is very arrogant in his own home, the elders and even the disciples are not afraid of him. But the foreigner is also a strong man who speaks one another. It is naturally unpleasant to see the man smashing him.

"The brothers are in a hurry, and then it's just a matter of fact. Ye Xuan is a disciple who is not on the court. I naturally can't say that she is skeptical of Ye Xuan. However, after all, this matter is still very big, so my suggestion is Investigate clearly."

Ye Xuan knows that from the appearance of this person, then, he wants to kill the plan of leaving the night and other people, it can not be implemented.

Speaking of it, I also blame Ye Xuan for being too arrogant. This time, there was no preparation in advance. It can be said that this failure was entirely caused by his own hands.

"Since Shi Shu said this, the disciples can't say anything. However, the disciples did suffer the ambush of the seven princes, and they also heard these things from his mouth. I also forgot to check."

Ye Xuan said first, he knows that if there is a direct contradiction at this time, even if the fifth temple owner is partial to him, then the follow-up will be troublesome.

"Is this really happening?"

The elder looked at Ye Xuan and his eyes were slight.

"Yes, the disciple dares to swear by the gods."

"okay, I get it!"

"boom!"

Say it is easy to do it, in front of so many people, the elders did not hesitate, directly shot the night to repair!

The seven princes of the Tang and Tang dynasty empire, even without the slightest preparation, were devastated.

This time, even if it is Ye Xuan, it is absolutely intent.

In the heart of Ye Xuan, Mo Shangge is simply the shackles of the organization. Then, no, these people are the biggest black hands behind them, and they are also on the cabinet.

However, this elder just because Ye Xuan said a word, he directly shot and killed the night to repair, what is the situation?

"Hey, I care who you are, dare to bully me on the head of the cabinet, then I am looking for a dead end! Ye Xuan, brother, you can rest assured that this matter, I must investigate clearly, no one wants to bully me. The people of the pavilion!"

A good arrogance, but this discourse, but simply pushed Ye Xuan to a bad direction.

This elder seems to be helping Ye Xuan, but in reality, it is simply to push Ye Xuan to the hostile side of everyone.

Such obvious cover will only make Ye Xuan even more unpopular.

However, the key is the movement of others. Ye Xuan really can't say half a word, even Ye Xuan can't doubt anything.

Most, just think that this teacher looks like he is taking care of himself.

"Oh, how do you say that killing people kills people? This is even the fault of the guy, but it must be investigated."

The fifth temple owner is not stupid. Don't look at him when he comes out, he has to cover Ye Xuan in the end. However, at this time he wants to fall into Ye Xuan's injustice, he can still see it.

The elder smiled and said:

"Yes, yes, the lesson of the brothers is that the younger brother is reckless, and the younger brother begins to investigate."

Has killed people, has already let Ye Xuan's image in the hearts of everyone suffer, even if it is investigated, what can it be?

However, Ye Xuan still thinks things too simple.

"Well, this matter is handed over to the younger brother, Ye Xuan, come with me."

Ye Xuan was helpless and could only leave with everyone in the fifth hall.

However, when he left, it was true that everyone would talk about it.

They wondered why Mo Gegong had sent so many people this time, but more of it was discussing, and the death of the night was repaired.

Undoubtedly, many people are not friendly to Ye Xuan.

It can be said that Ye Xuan's friendly feelings exchanged in the way of self-mutilation are mostly destroyed by the death of the night.

Fortunately, there are still some people who stand firm in Ye Xuan.

After Ye Xuan was carefully interrogated by his master, he was not in charge of him.

Wang Tianzhen was proud of this time, watching Ye Xuan being trained, don't mention how happy he was.

"Haha, your kid is also today, hey, I told you that it was not interesting at first, and told you to sneak out and play, not call me, deserve it!"

Ye Xuan is speechless, is this out to play?

The responsibility of myself is what this brainless guy can know?

Forget it, this guy is always good at himself, what can he do?

Chapter 2198: Prohibition

"Senior brother, the younger brother wants to kill the individual, how are you, do you help me, or do you want to go to the teacher to make a small report?"

Ye Xuan said directly to Wang Tianzhen.

"Killing? Lying in the trough, the younger brother, so embarrassing, killing who, how to kill, when to start, I certainly want to help you."

"You don't ask me why I want to kill?"

"I am in charge of you, anyway, the mother is guilty of sin, but also you punish, I am at most an accomplice."

Your sister!

Ye Xuan found that every time he was with this Wang Tianzhen, his IQ had to be pulled down a lot. This guy is simply a brainless to very low guy.

"Well, this time, we are going to kill him..."

At the time, Ye Xuan had always noticed a problem, a peak of the gods who had never said anything.

This guy is obviously only a god, but other people have intentionally or unintentionally guarded him in the center, and, several times, even the strongest of the spiritual gods, they will look at him several times.

Others may not have noticed these details, but Ye Xuan noticed.

This person is absolutely problematic and absolutely hides a huge secret.

Although Ye Xuan does not know what this secret is, one thing is certain, as long as he can open the mouth of this person, then Ye Xuan can definitely get a lot of news, including the magical fisherman incident. Things, maybe, can find an answer.

Ye Xuan noticed that the clothes on the man were just a small disciple called the tyrants. The tyrants were very small. They could even say that they did not even qualify for this action.

However, they came, just this, it is worthy of doubt, and not to mention, this person can be protected by others, saying that there is no problem, it is a lie.

Ye Xuan is not hesitating, and Wang Tianzhen has passed together.

Why does Ye Xuan want to bring Wang Tianzhen?

Of course, it would not be to let Wang Tianzhen be a combat helper, but just borrow Wang Tian's big mouth.

Since the arrival of the fifth hall, Ye Xuan does not care about other people's opinions, but he is not willing to let the people in the fifth hall regard him as a mischievous and lawless person. He does not want everyone in the fifth hall to reject it. he.

Soon, the two came to the Nabo camp.

But what Wan Xuan did not think of was that some people passed earlier than them.

It was the elder of the third hall, even those who were trapped by Ye Xuan during the day.

Wang Tianzhen was so embarrassed that he didn't learn anything, but he didn't mean he was really stupid.

Seeing this scene, Wang Tianzhen offered a magic weapon with his hands.

This magic weapon is like an eye, staring directly at it.

"Brother, what is this?"

Ye Xuan looked at Wang Tianzhen with a strange look. He didn't know what he was going to play.

"Hey, whisper, come, eat this remedy."

Ye Xuan naturally does not doubt, swallowed directly.

Then I heard Wang Tianzhen say:

"This is called the eye, of course, it is the simplest one."

"However, this heavenly eye can directly record everything that is seen and heard, and, in my eyes, it is also the eyes of the mother and the other child."

"So, what we saw, the mother kissed them, they can also see that the sacred beast was just given to you. The use of the scorpion is not useful. It is the ability to hide. It is temporary for us to hide. Get up, plus your array, we can get closer to those people."

Ye Xuan nodded, but the heart was a slight shock. I did not expect that this is the usual brother of Wang Lang, who is doing things right, or is there a model.

"Snapped!"

This is the sound of the slap, the loud slap.

"A group of rice barrels, how do you do things, will you be noticed by Ye Xuan? If it wasn't for me to kill the night and repair, do you think that the temper of the fifth temple master will be good? And you, as Supervised, did you not notice the abnormality of Ye Xuan?"

"This, the inspection does not blame, I am really wary, and be careful, but this Ye Xuan, at the beginning of the time because of the layout of the banned self-destructive repair, night departures sent six elite, five of them are spirits The strong, this is a foolproof thing, I don't know why it will be lost!"

"Hey, you don't know? Is this the reason? Ye Xuan is the genius in the cabinet. Although my department has now completely controlled the first hall of Moshang, and the other eight halls are also lurking in, but only The fifth temple, the only reason, the fifth hall, the original is the orthodox of the entire Mo Court, so it is so easy to deal with, hey, you hampers, even such a small thing can not do?"

Ye Xuan's heart was slightly shocked. It's no wonder that the fifth hall of Mo Shangge looked a little out of place with other temples. It's no wonder that the fifth hall would be so badly squandered, which was simply someone who was deliberately crowded out.

"Okay, the ancient swordsmanship must let him be born. Only by letting him out of the world can he be confused, and my ministry will be able to take the opportunity to develop, and even completely rule

this." Accident, you have to pay special attention to Ye Xuan, find a chance to kill him, that kid is not simple, understand no."

"Yes, I will wait!"

Suddenly, Ye Xuan felt that someone had shot him.

Looking around, I saw that Wang Tian was really telling him to leave.

Ye Xuan did not hesitate, and the two quickly walked away.

There is no chance to kill people tonight.

However, Ye Xuan still feels very depressed, this is good, there are people everywhere who want to deal with him.

I don't know, when will there be an action next time.

However, when Ye Xuan returned to the fifth hall, he was directly thrown into the temporary confinement room by his teacher. Of course, Wang Tianzhen, although they provided important information, was still fined.

So in the past few days, the battle with the magical fisherman continues, it seems that there is nothing special on the surface, but one day, a frontline combat disciple quickly ran back.

"Master Ye, Master Ye!"

The disciple was terrified, and when he entered the big camp, he shouted.

Ye Xuan, who is being confined by Shi Niang, can only extend his head out of the window and say loudly:

"I am here."

"Fast, Master Ye, going to the front line, the demon ban is ineffective, and there are dozens of powerful demonizers on the front line. We are suffering a lot."

What, the devil ban is invalid!

Ye Xuan still manages so many, directly ran out, even if the teacher blame, Ye Xuan can not say no matter.

Wang Tianzhen thought about it and immediately followed Ye Xuan.

Soon, Ye Xuan came to the front line. Sure enough, this time, there were more than thirty demonized people on the opposite side. To be precise, these are just dead bodies that have lost their spiritual knowledge. They are only fighting instinct. However, it is because of this that it is even more horrible.

Chapter 2199: Absolute dilemma

Where is the genie ban, I don't know why there is a loophole. It may be that the demon fisherman will destroy it. The loophole is not big, only one meter in size. However, the one-meter loophole is enough for the magic to enter.

In this way, the demonized fishermen and demonized people who were killed by the crowds will be able to be resurrected in an instant.

"Damn, how can this be the case, it is difficult, the monsters know how to break the ban!"

Ye Xuan was very angry, but when he saw the elder of the third temple in the distance, his heart was slightly stunned. Ye Xuan thought of a possibility, a thing that he did not want to believe, but very likely, perhaps, this The loophole is not broken by the demon fish. But there are traitors.

"Master Ye, you are here, can you have a way to block the loophole?"

Everyone saw Ye Xuan coming, and they all seemed a little excited.

After all, from that loophole, it has only been more than an hour since then, but they have lost more than 30 disciples.

"Ye Xuan, if you can block the loophole, go, the teacher will protect you."

Ye Xuan's teacher also stood up and said to Ye Xuan.

"Reassure, the disciple must block the loophole."

Ye Xuan nodded and said that he must block the loopholes, otherwise he will suffer heavy losses.

"Teacher, despite the past, we protect you!"

Another disciple of the fifth temple stood up. The location of the loophole was behind the magical fisherman camp. That is to say, Ye Xuan wanted to fix the loophole and would cross the entire magical fisherman's camp. This time, the action will be extremely dangerous. However, the people in the fifth hall stood up without hesitation.

Ye Xuan's heart was still slightly moved, and the fifth hall was his home in the real sense of the gods.

Because these brothers and sisters really treat him as a younger brother.

This time it is clear that the past may be very likely to die, but no one is hesitating.

It can be said that in addition to Ye Xuan's master, all others have already stood up, including Wang Tianzhen who is behind Ye Xuan.

"Okay, let's go together."

Ye Xuan nodded and then hesitated and rushed out.

"kill!"

The disciples of the Fifth Hall rushed in front of Ye Xuan without hesitation, sweeping the road for Ye Xuan.

The magical fisherman is obviously prepared, and as many as three hundred magical fishmen rushed out.

On the side of Ye Xuan, there are only thirty people. Even if there is a strong person in the center of Ye Xuan, it will inevitably have losses.

Not yet rushed to the past, a disciple of the fifth temple, because of a carelessness, directly surrounded by the magical fisherman, instantly fell.

"Brother!"

Ye Xuan looked at the man's fall, and his heart was as painful as a drop of blood.

However, now that he has limited strength, he can't help.

"Ye Xuan, go!"

The voice of Shi Niang came, and Ye Xuan turned to look at the place where the brothers fell, and the eyes were filled with killing!

"Thousand beast swordsman!"

"God-level mounts call!"

"Give me a rush, give me a rush!"

Between the crashes, the thousand-headed god-level mount appeared, rolling directly toward the front, although all the way to rush out, there are constantly god-level mounts being killed, but, Ye Xuan can not care so much.

"Megatron, flying sword form."

In an instant, Megatron separated from the sacred sword and turned into a flying sword form, which made Ye Xuan's speed increase again.

At this time, Ye Xuan and others have already broken through the blockade of the magic fishermen.

The fifth disciple was kept on both sides, and on the front of Ye Xuan, two disciples opened the way.

Ye Xuan is clear that he must be fast and must fix the loophole as quickly as possible. Otherwise, there will be more brothers and sisters falling.

It's hard to rush, but it doesn't take much time to fix it. After all, it's just a one-meter loophole.

"Hey, alarms, alarms, host fatal attacks, host fatal attacks!"

Suddenly, a system alarm sounded.

Just as Ye Xuan repaired the ban and was about to leave, from his feet, a magical person suddenly rushed out.

The peak of the spirit!

This is a trap at all, this is simply the trap that wants to kill Ye Xuan!

"brush!"

Suddenly, a figure appeared behind Ye Xuan.

A pair of smart wings made her petite body very agile.

Who is not flying smoke?

"boom!"

As soon as the flying smoke appeared, it directly resisted the attack of the magical person.

"Hey, alert, alert, host is attacked, host is attacked!"

However, there is only one possibility of ambush.

Just as the flying smoke blocked the magical person, another magical fisherman jumped out and attacked Ye Xuan.

巅峰灵神境!

It is also a peak spiritual place.

This is basically the strong presence of Ye Xuan without resistance.

"Damn, hurt me!"

boom!

A powerful pressure came, and at the same time, there was a terrorist attack.

No suspense, the magic fisherman was directly suppressed.

"The hand of devouring!"

At this time, Ye Xuan's longing for power, only his own grass knows how much he desires, and he waved directly to the bodies of several magical fishermen.

However, while doing this, Ye Xuan also retreated at full speed.

However, they are only 30 people, rushing into the magic fishermen's headquarters, it seems so weak.

"Hey, the host breaks through, the current six products are in the heavens!"

"The Elders of the Ambulance Court! Rush!"

The people of Lingxuan Pavilion have been dispatched. The strength of Lingxuan Pavilion may not have to be on the cabinet. However, compared with any other forces, it is feared that Lingxuan Pavilion will care more about Ye Xuan.

"Master Saver! Kill, kill me!"

The hundred floors also rushed up with their own subordinates.

"Save Ye Xuan, save us from the pride of the training camp, kill!"

It is the voice of Liu Luo, Ye Xuan, is the pride of the training camp, this sentence, never know when to start, has been spread in the training camp.

At this time, few people in the training camp, almost no one hesitated, fully dispatched.

For the first time, the first full-scale war broke out in order to save Ye Xuan.

It's easy to rush, and you want to rush out, but it's not that simple.

This time, it is obviously a conspiracy that has been planned long ago. The demonized fisherman not only dispatched dozens of demonized people, but also the number of demonized fishermen reached thousands!

Surrounded by the group, these guys have only one goal, that is, killing Ye Xuan, and from above the bridge, there are still people who have been enchanted to join the battlefield.

The people in the fifth hall surrounded the Ye Xuan group in the center, and Ye Xuan felt that it was useless for the first time!

The god-level mounts have all died in battle, and even the thousands of beasts are directly suppressed.

In the peak of the spirit of the gods, there are actually seven powerful spirits of the peaks of the gods and the magical people constantly attacking Ye Xuan their camp.

"Damn, damn, \*\*\*\* it!"

The strong killing in Ye Xuan's heart is simply to swallow his entire heart.

Chapter 2200: Ye Xuan

The disciples who watched the fifth hall around him continued to fall.

After Ye Xuan joined, the disciples who took care of him again and again, actually died in front of Ye Xuan, Ye Xuan's entire heart, have been filled with hatred and killing.

"Ye Shidi, go, play with the brothers down the mountain."

Ye Xuan still remembers that the brother first met him, and he directly took him to let him go down to play.

"Ye Shidi, for you, we brought it back secretly, but it is delicious. You should pay attention to it. Don't be discovered by Wang Tianzhen. The guy, once you see it, will definitely rob you."

This is a delicious meal that the sister-in-law secretly brought back to him. Ye Xuan remembers clearly, but this sister has left him forever.

"what!!"

"Hey, alarms, alarms, abnormal host mood fluctuations, and abnormal host mood fluctuations!"

"Hey, alarms, alarms, the host is in a state of violent, the host is in a state of violent!"

"Hey, alarm, alarm, forced cooling function is disabled, start the rescue function!"

Accompanied by the sound of the system.

Everyone saw a crazy Ye Xuan, a chilling Ye Xuan.

"I want to kill you! I want you to die!"

boom!

Ye Xuan waved with his hand, as many as 30 attack bans appeared instantly, the thunder and lightning, the fire spread, the ancient trees and the sky, the mountains and rivers broken!

In an instant, there was a dead in front of Ye Xuan!

Ye Xuan shot, and directly killed as many as three hundred magic fish.

"Let's die, give me to die!"

With Ye Xuan as the center, there are more than a dozen virtual shadows between the moments. Those are summoning the existence of random summoning in the world. These virtual shadows appear, but they are not fighting at all, but directly blew themselves!

"Boom!"

Constant bangs, bombing and killing countless magic fish!

"Give me death!"

Ye Xuan holds the sword and suddenly swings toward the front.

An unprecedented radiance emerged, and the brilliance of the light made the entire battlefield light.

Hundreds of demonized fish people, no matter what they were repaired, were actually killed by Ye Xuan.

"Devouring, swallowing me, swallowing me!"

A sentence of magical fisherman's body, a piece of magic weapon, is constantly swallowed by Ye Xuan, however, Ye Xuan's level has not been improved, because those forces, were all used by Ye Xuan.

"Intelligence control!"

Almost all of his own gods were left with nothing left. In exchange for the nearly one hundred magical fishermen, they were controlled by Ye Xuan, even if it was temporary, and then the weapons were aimed at their companions.

“叮, alarm, alarm, system overload, system overload.”

"Hey!"

Ye Xuan spurted out a blood, and the whole person fell to the ground.

A short moment of the runaway is a powerful attack that Ye Xuan and the system broke out at the same time.

Fortunately, the system uses the means of guidance to alleviate the damage suffered by Ye Xuan itself.

"Fast, leave with Ye Xuan!"

The first reaction of the teacher was over.

At this moment, all the people know that Ye Xuan is a terrible genius.

Just the outbreak, everyone who saw out Ye Xuan is burning his life.

Of course, what they don't know is that Ye Xuan is burning the system.

However, the powerful attack still scared everyone.

The area is a \*\*\*\* of heaven, and even has not yet reached the peak of the gods.

The outbreak of the attack, the strength of the outbreak, is already more terrifying than the sum of all of them.

Although it is said that there is no one in the hands of Ye Xuan, there is no one in the middle of the spirit, but the horrible lethality is still frightening.

A group of people who are unconcerned, looking at Ye Xuan's eyes are all fear, they are now knowing, angered Ye Xuan, how terrible it is.

Ye Xuan fainted. Since entering the realm of the gods, Ye Xuan was so seriously injured for the first time, but he was willing to do so.

"Hey, the system prompts, the host recovers ingenuity!"

"Hey, the system prompts, the system is patched!"

I don't know how many days have passed, and Ye Xuan finally woke up. His powerful resilience, even in such a heavy situation, can be quickly recovered.

“Hey, the system prompts, the system is greatly improved!”

"Hey, the system prompts, the host activates special abilities, run away!"

"Hey, the ability to run away, the host is strongly stimulated, or the host is facing an absolutely powerful enemy, when the system launches a special protection program, the host body will explode a hundred times of combat power in a short time! However, this state is extremely dangerous, slightly Inadvertently, it will directly lead to the fall of the host!"

"Hey, the system starts to protect the host function, the ability to run away is hidden, set to latency, the host can not actively use, can not actively discover."

These tips, Ye Xuan did not know at all, but waited until the system a series of tips, Ye Xuan was awake.

"The trough, it hurts!"

When Ye Xuan woke up, he found that his body was very painful.

Well, he has a strong resilience, but he did not expect that it would be so tragic.

"Oh, my mom, you can wake up."

"It's you, Master Wang."

"Let's pull you down, less with me, hurry, eat some tonic, your maid, looking at me with resentful eyes every day, almost didn't scare me."

Ye Xuan is speechless.

However, I can see that Wang Tianzhen is always taking care of him during this time. Of course, it is with Feifei.

Ye Xuan's coma this time was full for three days.

Three days have happened and a lot has happened.

Because of Ye Xuan's violent walk, he directly killed the magical fisherman and the demonized person on the bridge.

Also because of Ye Xuan's violent walk, everyone is excited, and all of them are brave enough to kill all the magical fishermen at the bridgehead.

Of course, those bodies were thrown there, waiting for Ye Xuan to deal with it. In the eyes of everyone, the body of this magical fisherman was handed over to Ye Xuan, and it became a habit.

Those who secretly want to slay Ye Xuan, this time, is seriously miscalculated.

Originally, I wanted to take advantage of this extremely bad smothering Ye Xuan, but I didn't want to, Ye Xuan instead violently ruined all of their plans, and directly made it possible to destroy the devilized fisherman island.

These three days, of course, those guys also want to find opportunities to start Ye Xuan.

However, because Ye Xuan once violently left, let Ye Xuan in the eyes of everyone, it is simply to raise the status to an extreme.

In fact, many special magical powers, special medicinal herbs, and special magic weapons can activate the individual's violent state.

However, it usually increases the combat power several times. It can be invigorated even if it is dozens of times. As for dozens of times, it is a legendary existence.

So, what is Ye Xuan's hundred times?

Maybe only use enchanting and genius to describe it.

This also led to the location of Ye Xuan, directly into the core of the entire camp, Lingxuan Pavilion, the fifth hall, or many other forces, are surrounded by Ye Xuan.
