

## Super D. S 220

### Chapter 220: Flying Dragon!

But they rushed to half, but the Song Dynasty was suddenly pointing to the emperor: "Look."

In fact, Ye Xuan has already seen it.

At this time in the Imperial Capital, there has been a lot of black smoke, and the emperor must have something.

"Go, go in and see."

Ye Xuan took up the slender hand of the Song Dynasty and rushed over.

They ran outside the city gate, and they could hear the crying inside through the gate. At the same time, many people escaped from the city.

"What happened to this big brother, the emperor?" Ye Xuan directly stopped a middle-aged man and asked.

The middle-aged man is also a warrior. He can see that Ye Xuan is not an ordinary person. He immediately explained: "Little brother, you don't want to go in. You don't know why there is a flying dragon in the emperor. I have given it up."

"What, flying dragon?"

The Song Dynasty was directly exclaimed.

"Yes, it is the dragon, and the wings are still hurt, can't fly, so it's messed up in the emperor. It just has a flame, even if there is nothing, it can burn to tomorrow. Now the whole palace is in flames, it is said that

the whole royal family The masters have been planted, and the emperors have come out, but they are directly sprayed with ashes by the flame of this dragon..."

The middle-aged man was so arrogant that he had seen it with his own eyes.

"Thank you big brother." After listening to Ye Xuan, he also gave him some pieces of spar, let him quickly leave.

The middle-aged man saw the Chinese crystal spar, and the whole eye was about to come out. He was just an ordinary warrior, and even the real spirit was not.

Moreover, it is still a whole bag of spar.

Happy, he thanked and thanked him, and almost gave Ye Xuan the ancestors.

However, when he reacted, Ye Xuan and Song Dianjing had disappeared into place.

At this time, the walls of the Imperial City are on the tower.

"The Bible, is this dragon a kind of mysterious beast?" Ye Xuan stood on the tower and looked around.

"Yes, but it is not. I have only seen it in the classics. This dragon is infinitely powerful, and it can be fired like a double-headed squama, and the flame is extremely difficult to extinguish. It is said that the young dragon is comparable to the human body. The warrior..."

The Song Dynasty has not finished, Ye Xuan is exclaimed: "Hey? The young dragons are comparable to the human body of the Dandan?"

"Well, my grandfather said before that the first gravity of the gods in the four worlds is based on the power of the dragon. So, an adult dragon is comparable to the strong one." Nod.

"This..." Ye Xuan was already surprised to say nothing.

Even if it is a young dragon, I am afraid that he is not able to deal with it. After all, the Didan environment also has the points of first entry, small success, and great success.

If it is an adult dragon, it can't be beaten, but it is the strength of the detachment of God.

"Look at that!"

Just in Ye Xuan's hair, Song Congjing's chopped fingers suddenly pointed in one direction. Ye Xuan turned his head and saw that there was a skyrocketing flame.

Flying Dragon!

Ye Xuan stared at it, and sure enough, he saw a red dragon, a dragon that spits fire on his mouth.

This dragon is huge, although it is more than a lava giant tortoise, but it is bigger than Lingxiao Dapeng.

The blood of the beast and the blood of the arrow esteem, let Ye Xuan's vision exceed the average person, and the appearance of the dragon can be seen through several kilometers.

At this time.

Suddenly there was a figure that reflected the eyes of Ye Xuan.

"Who is this, dare to provoke the dragon?"

Ye Xuan's heart trembled, and after he saw the face of this person, he was scared to death.

"Tang Shun? 哎哟 lying trough, Tang Xun was burned to a ash by a bite." Ye Xuan hit a chill.

Tang Xun was in the Datang Dynasty, he was not surprised.

The man who came out only was the Tang Dynasty Emperor Tang of the Tang Dynasty. However, he was squandered by the dragon.

"Ye Xuan, what do we do?" Song cuts the eyebrows.

Although this is the Tang Dynasty, not the Great Song Dynasty, there are countless innocent people in the Imperial Capital.

"The royal family of the Tang Dynasty must have been associated with the beasts. Perhaps, the beast is to control this dragon, but it has not succeeded. We have to go quickly, and it is not good to be stared by this dragon."

Ye Xuan said that he was prepared to take the Song Dynasty and leave.

This level of mysterious beasts has a strong sense that they can sense the master.

Both Ye Xuan and Song Dian Jing have already broken through to the Divine Realm. If it is discovered, it will be terrible.

It is at this time.

The dragon that is screaming at the dragon, suddenly turned the dragon head and looked in the direction of Ye Xuan.

"No, go!"

Ye Xuan's heart suddenly trembled, only when he and Feilong looked at each other, the other party must have found him.

At the moment, he directly picked up the Song Dynasty and jumped directly out of the city tower.

"Booming!"

In the imperial capital, the bangs rang loudly, and Ye Xuan quickly hugged the Song Dynasty to leave. In the blink of an eye, he was already flashing hundreds of meters away.

However, when he looked back, he suddenly found out that the dragon had directly knocked the wall out of a big hole and then chased it toward Ye Xuan.

"My grandfather!"

In the heart of Ye Xuan's heart, he quickly calculated it and found that the speed of this dragon was even faster than him, and it was not a little bit faster.

This is an adult dragon!

"Dead!"

Ye Xuan's face was black. He didn't expect to go to the Imperial Capital to make a soy sauce, but it caused a terrible crisis.

If he goes on like this, he and the Song Dynasty will definitely die here.

At the moment, he just put down the Song Dynasty and drank: "Go away!"

Song Chong Jing also felt tremendous pressure, facing an adult dragon, but when she reacted, Ye Xuan had already left her.

Although Ye Xuan is heading in the other direction, this direction is in close proximity to the dragon.

This is obviously dead!

Song Chongjing instantly understood that Ye Xuan wanted to delay a little time and let her escape.

"This bad guy, how stupid..."

She burst into tears and thought about it and didn't want to catch up.

Ye Xuan in the rushing rushed to hear the footsteps, turned his head and looked at it. He almost didn't faint, and the Song dynasty actually followed up. Is this wanting to be a pair of dead?

"Mother's, I still haven't married my wife, how can I die?"

Ye Xuan thought in his heart, suddenly shouted a few times in the sky.

This time, he is desperate!

Now his body is a high-level thunder leopard blood, running like lightning, but this can not escape the chasing of a comparable dragon.

Therefore, only use the cards!

Devouring everything in the phagocytic system and redeeming the top blood!

He has just blended the high blood, if it is forcibly integrated with the top blood, then the strength is retrogressive, and the weight is destroyed.

But is there still a choice for him?

With the strength of Ye Xuanchu entering the Dantian, forcing the integration of the top blood, I am afraid that nine lives. But if you don't integrate it, you must die!

But to escape, only the top bloodline!
