

## Super D. S 2211

### Chapter 2211: Trial place

In the ancient times, there was a sacred gate called the Beast Pavilion. Although this sect was also famous for its royal beasts, it was not incompetent with the sacred ancestral hall that Ye Xuan encountered.

In fact, many of the ancestral halls of the same name are now, but their abilities are not enough for one thousandth of the original beasts!

Under normal circumstances, if someone mentions the Beast Court, it may still make people think a lot, but if you mention the ancient eternal beast, then only one can think of!

However, I am afraid that no one will think that this ancient eternal beast will be hidden in this valley of the beasts.

But when I think about it, I realize that it is a matter of course. In the Valley of the Beasts, there is a beast that is like an endless general, and it can't be killed.

Well, if there are no reasons, I am afraid that there are not so many beasts at all.

Under the leadership of Shen Luo, Wang Xuan shuttled in a mysterious situation.

These secrets are very special and obviously made by some people.

"Master, please be careful, there will be 13 forks in front, and every fork will be guarded by powerful beasts. Don't alarm them. Otherwise, we are afraid that we will not be able to."

On the way, Shen Luo Shen Wang carefully reminded Ye Xuan that some need to pay attention, obviously, he is not here for the first time.

There is a road to the king of Sen Luo, Ye Xuan all the way is shocking, and soon, they came to a special space.

"Here, is this the ancient ruins of the ancient beasts?"

Ye Xuan looked at the front and asked to the king of Sen Luo.

At this time, Ye Xuan, if I haven't already known where I might go, I'm afraid I won't believe that everything is true!

In front of Ye Xuan is a vast plain, without the slightest ups and downs, and above this plain, there are countless towers.

These towers are the towers of the Beasts in the mouth of the king of Senro.

Ye Xuan has encountered a lot of trial towers.

Therefore, Ye Xuan can know that this tower of trials seems to be a special selection of disciples in the realm of the gods, or a means of issuing special rewards.

"Yes, the master, it is here, but the owner must be careful, although the surface does not seem to be dangerous here, but the higher the tower, the more different the test, the more than nine floors of the tower, There is danger to life!"

"At the beginning, all I chose was a trial tower below nine floors."

Ye Xuan nodded, but did not pay attention to the king of Sen Luo, but let him wait here. As for Ye Xuan himself, he walked toward the front.

These towers seem to be distributed in a circular shape. The more they walk toward the inside, the higher the height of the tower.

Starting from the lowest tower with only one floor, the more you walk towards it, the higher the height of the tower.

"Since I am here for the first time, I will choose a slightly lower difficulty and try the power!"

Ye Xuan said faintly, and at the same time, he has entered a 19-story trial tower.

When Ye Xuan stepped into the tower, moments, a powerful momentum directly swept his body.

It seems that Ye Xuan is going to pry into the general, and at the same time, a voice has already rang.

"The detection and analysis is completed, the target has no records, backup files, and trials are allowed!"

what! Ye Xuan's heart was slightly shocked, because this voice was somewhat close to the system's prompts. How to make Ye Xuan not surprised!

"System, what is this?"

Ye Xuan asked subconsciously toward the system.

"Hey, the system prompts, there is not enough data, can't detect!"

"Hey, the system prompts, automatically unlock the ancient gods inheritance!"

"Hey, the system prompts, the data is collected, and the collection is complete."

"Hey, congratulations to the host, triggering the reactivation of the Zongmen system hidden task, the host attacked the trial here, will initially activate the Zongmen system."

Ok? Initial activation, what does this mean?

Also, why did this task feel so special?

"Hey, the system prompts, the host please note that the Zongmen system has been automatically updated to the Shenzong Zongmen system, the host needs to collect various Zongmen fragments, and constantly improve the God-class sacred door system, the current target can get the shards!"

Ye Xuan is more and more confused now, but a little Ye Xuan is very clear, that is, this time he wants to reactivate the Zongmen system, I am afraid it is not that simple.

Of course, another explanation for this difficulty in activation is that once Ye Xuan activates the Zongmen system, it will be extremely powerful.

Royal beast debris?

Although the system did not say too obvious, but Ye Xuan has already grasped.

This is to let Ye Xuan all pass the various tests of the ancient eternal ceremonial pavilion, and then strengthen the sacred beasts in his own ancestral system.

Of course, for this, Ye Xuan has nothing to doubt, whether it is to reactivate the Zongmen system, or to get rewards through trials, Ye Xuan will have to complete this one trial.

19-story trial tower?

For Ye Xuan, it is nothing at all, and it will pass without a moment.

The reward is nothing but a very common remedy in Ye Xuan's eyes.

But Ye Xuan learned about the general mechanism of the trial tower through him.

The trial of the ancient eternal beast was also automatically adjusted according to the realm of the people who entered it.

In each layer, there are beasts and beasts, killing the beasts, and you can reach the next level.

Now that you know the general mechanism, then Ye Xuan naturally will not waste time on these ordinary towers.

Soon, Ye Xuan went directly to the most central place, the most central position of the entire trial tower.

Here, there are a total of six towers like plum blossoms. The core is a super high tower of 9,999 floors.

And there is no seat around him, they are special high towers of 8,999 floors.

Here, will this core of the ancient eternal beasts be tried?

Then, start with these five towers.

Ye Xuan did not hesitate to push open the door of one of the towers and walked in.

However, Ye Xuan Cai walked in and found that he made a big mistake.

Or, he cares!

Although Ye Xuan took a tower test outside, but in fact, the trial is not as simple as Ye Xuan thought.

"Is it finally someone to try it out? For thousands of years, I have been lonely for thousands of years, and finally someone is coming!"

"Little guy, congratulations, come here. Since you are here, you should know that you can only leave if you are on the highest point. I wish you good luck. I hope that you will not be like the people before. Halfway, the gods are exhausted!"

In a word, let Ye Xuan's heart suddenly slammed.

Although Ye Xuan didn't know where it came from, but what he said in his words, wouldn't he go and say that before Ye Xuan, there were still many people who came to challenge, but the final result was exhausted. !

Chapter 2212: Secret stone

Be aware that the depletion of the gods can be different from the death of war.

The gods are exhausted, and the life is naturally exhausted, and the power is naturally exhausted!

So, how long have those people in front stayed here!

"Are you the patron saint of this trial pavilion?"

Ye Xuan asked loudly.

Unfortunately, the voice did not pay attention to the meaning of Ye Xuan, but said to himself:

"Little guy, choose your time ratio, the lowest one to one hundred, the highest one to one hundred thousand, the higher the proportion of time, then the difficulty will be even greater."

what!

Choose your own time ratio?

In this trial tower, you can choose the time ratio yourself!

Ye Xuan is in the heart.

You know, every time this secret, even if he and the outside world have different time flow rates, you can at least have a fixed time flow rate at the beginning.

So what is the situation of this trial tower that Ye Xuan is now, and I can choose the time flow rate I want!

What exactly is this, and how strong is it to be able to set such a time choice!

For a time, Ye Xuan was directly there, able to arrange the time flow rate by himself, which made Ye Xuan's heart shocking.

Then, what kind of time ratio Ye Xuan should choose is the most appropriate.

You know, if you choose a relatively large proportion of time, then Ye Xuan may stay here for 10,000 years, and the outside world is only a year away.

If this is the case, it is definitely a good thing for Ye Xuan. After all, Ye Xuan still has a lot of things to do, and he is not willing to waste too much time here.

However, if the proportion of time is too large, then Ye Xuan will face more difficulties, and the difficulty of trials is naturally much stronger.

How to choose, it can be said that Ye Xuan must choose the most appropriate ratio.

"Trial Tower, I want to know if the beasts I met in this trial process are real, and the rewards I can accept are only available at the end."

"Oh, a little bit, you guy, this is the first question to ask me. I can tell you that all the trials here are fictitious, but your rewards will be issued every ninth floor!"

"Well, in this case, I choose the proportion of time, one to ten thousand!"

Ye Xuan suddenly said, so that even the trial tower that lived for a few thousand years did not know a little.

He didn't understand why Ye Xuan asked if the challenge was real or fictional, and after the reward time was issued, he immediately made a choice.

There seems to be no necessary connection between the two!

Of course, this trial tower will not ask much more.

Fictional beast?

At this time, Ye Xuan's heart is slightly regrettable. It can be said that if the beasts here are real, then Ye Xuan can definitely upgrade constantly. However, if it is a fictional mirror, it is more difficult for Ye Xuan. It is.

However, Ye Xuan also understands that this trial tower was only for thousands of years ago, and it is also aimed at those ordinary disciples. Presumably, even if it is difficult, it will not really kill the machine.

So naturally, using the fictional mirror of the beast is the best choice.

"Choose your initial bonus, you can now choose a magic weapon, or choose a realm blessing."

Ye Xuan was wrong again. He did not expect that this trial tower had such a mechanism.

Choose bonus?

In other words, as long as Ye Xuan meets certain standards, then you can get special auxiliary combat power in this trial tower!

Such trials are simply unprecedented.

Of course, this is undoubtedly a good thing for Ye Xuan.

magic weapon? Ye Xuan is not lacking, but as for the realm, Ye Xuan is not willing to choose.

"Trial tower, can I add it for later use?"

"Oh, little guy, you are more and more interesting. This request, you are also the first one to come up with me! You can of course choose to keep it for later use. You can use it at any time through the blessings obtained! Of course Only during your trials."

Ye Xuan nodded. Since this is the case, then it will be easier.

After understanding all the things, Ye Xuan did not hesitate and walked straight ahead.

On the first floor, Ye Xuan encountered a cow head animal.

This beast has a powerful power, but the realm is the same level as Ye Xuan.

Is the initial level the same as Ye Xuan?

Then, Ye Xuan is going to have a look, what will happen next challenge.

However, what makes Ye Xuan strange is that he has even surpassed the ninety-nine layers in one breath, but he is a monster with the same realm as him. However, the type of monsters is constantly changing.

When he killed the ninety-ninth layer of the beast, a ray of light came down and sent Ye Xuan's first reward.

And at the same time, he once again received a bonus bonus.

"Well, this, this is actually a frosty snow!"

Ye Xuan opened the reward box and looked at the things inside, directly stunned.

Frost and snow, not so advanced, or what special resources, but it is very rare!

The role of frost and snow can be used to instantly change the current environment when it is used. It can be said that it is equivalent to creating a cold winter space for a short time.

This thing has no practical effect. However, it is almost impossible to obtain it, because this thing cannot be refining, but only by luck.

Ye Xuan did not think that the reward he received for the first time was such a special item.

However, what Ye Xuan didn't know was that he was surprised, and it is only just beginning!

Among the next challenges, Ye Xuan will get a bonus every ninety-nine layers. Similarly, he will receive the same treasure.

These rewards, without exception, are all special resources.

Especially when Ye Xuan passed the ninth-ninth floor, he got something, and it was a legendary thing.

"Hey, the system prompts, specify the item, the secret stone. With this item, the host can create the secret by itself, no matter where it is!"

Yes, the reward of the ninth-ninth floor is such a thing.

Creating a secret, many strong people can do it, but they rely on their powerful ability.

The secret stone that Ke Xuan now gets, can be crushed directly to create a secret space!

Which one is tough, you don't have to explain it.

All are special items, and they are all special items in the challenge rewards here!

The powerful ancient sacred beasts, how much resources they have, how can they be so rich, can actually do what they want, and can actually do so many special items directly as a customs clearance reward.

You know, such a tower has countless seats, even if Ye Xuan is now one of the core six towers!

The horror of the ancient eternal beasts, how powerful they are.

However, Ye Xuan also found out that it seems that only special resources are provided here.

Chapter 2213: Ben Ray Condor

As for the others, there is nothing.

Up to now, Ye Xuan has accumulated 12 activations, but Ye Xuan still has no choice.

At this time, Ye Xuan heart secretly fortunately, fortunately he has not used the ability to add, otherwise, afraid that he wants to pass this trial tower, it will become more and more difficult.

Ye Xuan has a feeling. He feels that the blessing of this trial tower is afraid of a trap. Ye Xuan has enough reason to believe that if he chooses blessing, the difficulty of the corresponding challenge will increase.

However, the blessing ability of the trial-maker is not his own, and he does not exert 100% strength.

In other words, I am afraid that many testers, even if they have the ability to pass, will only have no way to pass them if they use blessing.

A huge temptation, but it is a deadly test.

What kind of blessing is simply a hidden test.

Fortunately, Ye Xuan did not use it, otherwise the consequences were unimaginable.

As the challenge progresses, the strength of the beasts that Ye Xuan faces is constantly strengthening.

At this time, in front of Ye Xuan, once again appeared the cow head animal he encountered on the first floor.

"Hey, is this bullhead beast? So, this time, what special ability did you get?"

Ye Xuan looked at the cowhead beast, said faintly, anyway, this bullhead beast, Ye Xuan has seen countless times.

From the very beginning, it only relied on brute force, and then the speed increased, and then to have some magical powers, the strength of this bullhead beast continued to strengthen.

In this challenge of the ancient eternal beasts, the opponents are intensified again and again, and Ye Xuan himself, the strength will not have the slightest change!

Because Ye Xuan can't use those blessings at all!

"expensive!"

Suddenly, the bullhead beast screamed, and a powerful sound wave swept directly toward Ye Xuan.

"This is another trick. Is this the ability you have acquired for the third time? Unfortunately, it doesn't work for me!"

Ye Xuan's body suddenly tightened, and God quickly forced to close his own hearing.

Even though the sound is soaring, he can't help him!

"Booming!"

Like a landslide, the entire ground is rapidly broken, and a hot magma is also ejected directly.

Ye Xuan is like dancing, and he is free to dance on a piece of gravel. He simply ignores the scene in front of him, because this trick is also already experienced by Ye Xuan.

Suddenly, at the side of Ye Xuan, more than a dozen lava heads and beasts suddenly formed, and then they flew directly toward Ye Xuan!

"Is this ability to control lava?"

"Unfortunately, useless!"

Ye Xuan said faintly, the sacred sword in his hand suddenly slammed, and under the control of Megatron, he killed the lava bulls and beasts at a very fast speed.

Boom!

Every sword goes down, then there must be a lava beast that is killed, and Ye Xuan, like there is no slight influence, standing there steadily, only occasionally dodging it.

.....

The challenge continues. Although Ye Xuan faces only a few beasts, their abilities have been strengthened again and again. The more difficult it is to get to the back.

The time flow rate is one to ten thousand, so that Ye Xuan will not be too worried about spending time. In fact, the time used by Ye Xuan is actually not too long.

Of course, it is not too long, but it is also constant.

"Damn, this guy has been grinding for three years. Is it that I can't consume it?"

Ye Xuan has already reached the 5,732th floor.

However, here he encountered a difficult problem.

At that time, the lightning rat had a special talent, and was able to set things similar to the transmission array in advance, and directly launched and then evaded when needed.

Now, the face-hunting eagle that Ye Xuan faces has gained the ability to resemble the special talent of the lightning mouse. It can also change position in the air at any time.

In this ancient trial tower, each layer will create a separate environment, either a snowy mountain, a grassland, or a plain, all kinds of landforms, completely random.

If you don't kill the target beast, then this illusion will not disappear. Ye Xuan tried it. If he uses the system to destroy the illusion, then the challenge will only start again. Therefore, Ye Xuan has already not done such a thing.

In this trial, Ye Xuan has been in the past for a thousand years.

Of course, the one thousand years inside, outside, in fact, there is no longer how long in the past, after all, Ye Xuan chose a time ratio of one to ten thousand!

"Destroy the gods!"

Suddenly, Ye Xuan waved the sword, a powerful sword light, and went straight to the running eagle, the speed is extremely fast.

It is a pity that even Ye Xuan himself has no grasp at all.

Sure enough, I saw that the eagle flashed and disappeared again.

If Ye Xuan is now in a mountainous environment, maybe it is better, but Ye Xuan is now in a plain environment!

The sword light disappeared, and the \*\*\*\* of destruction disappeared again.

"Damn, it's damn, can't be so consumed, and then consume it, I'm afraid I will be trapped here!"

Ye Xuan thought in mind that in fact, he has used all the methods he can use.

The magical form of Megatron is refreshed every day, but regardless of the magic of any form, Ye Xuan is not allowed to run the Thunder Condor.

At the same time, Ye Xuan, the thousands of beast swordsman, the god-level mount, and even the ability to summon the world, etc., Ye Xuan all used.

No use, no use at all!

This Ben-Thunder Condor, the last time he received the blessing ability is a strong sense, he can use the gods in the entire virtual space to arrange space as a general space.

Any of Ye Xuan's actions have not even been displayed yet, and the Ben Rays Condor already knows, and then his uncooled momentary movement can quickly make him disappear.

"Booming!"

"Again!"

Ye Xuan figure quickly evades.

In the blink of an eye, with Ye Xuan as the center, countless lightnings directly constitute a purgatory. Fortunately, Ye Xuan has long been accustomed to such an attack method. This is the first lightning strike attack that comes with the Lei Lei Condor.

Although it has been strengthened many times, the attack method has not changed much, so Ye Xuan can dodge.

"It's not a way to go this way. What should I do?"

"System, what good way do you have!"

After entering this ancient trial tower, Ye Xuan did not call the system for a long time, but this time, I am afraid that I can only ask for help from the system!

"Hey, the system prompts, the host please note that the host currently has two choices. First, use special materials to strengthen the body, so that the host has a faster response, more powerful thoughts!"

"Hey, method two, the host can use special materials to arrange special bans to trap targets!"

Is these two ways?

Chapter 2214: God level blood

In fact, Ye Xuan asked about the system before, but the answer was not what Ye Xuan wanted.

You know, the special materials that Ye Xuan now gets, if you can take it out and use the swallowing point to strengthen it, then you can get Ye Xuan to get countless benefits, and directly use it to strengthen the body, then it will waste a lot.

If you use a swallowing point to compare those special materials to one hundred!

Then, the method of directly using special materials to strengthen the body is only one value, that is, it will waste 90%.

Ye Xuan is not willing to waste, let alone 99% of the waste.

As for what traps, it is not acceptable for Ye Xuan to consume a lot of special materials to trap the Lei Lei Condor. It is like a stupid way of waiting for a rabbit, but it is not a program that Ye Xuan likes.

How to do?

Is it now that there is no room for choice at all?

Can you just waste it yourself?

Ye Xuan bites his teeth, waste is wasted, anyway, after strengthening, the ability is still his own!

"System, using the optimal reinforcement program, I want to use special materials to strengthen myself!"

Special materials, the only reward that can be obtained in this ancient trial tower, but now, have to use!

"Hey, the system prompts, the host should pay attention, please choose the intensive program for the host to choose from, strengthen the mind, break through the blood, strengthen the nerve response, strengthen the power control!"

Break through the blood!

Indeed, Ye Xuan wants to break through the blood!

However, if you use the specified materials to break through, you only need a few materials, but if Ye Xuan chooses to break through now, he will consume almost all of his special materials!

Of course, other options are not much better.

These special materials reward, it is impossible to say what Ye Xuan can get what he wants, then the end result is that Ye Xuan can only use the waste method to accomplish the goal he wants.

Fortunately, since Ye Xuan has decided to waste, he will not care about wasting more.

"System, I want to break through the blood, at the same time, the rest of the special materials all strengthen the mind!"

Ye Xuan is the rhythm of preparing to waste a bit.

"Hey, the system prompts, the material combination is complete!"

"Hey, the system prompts, the host blood breaks!"

"Hey, the system prompts, the blood of the half-god \*\*\*\* of war, the blood of the half-god sword \*\*\*\* is successful!"

"Hey, the system suggests that the host uses special materials to force the blood to merge, and the blood changes!"

"Hey, the system prompts, the change continues!"

"Hey, the system prompts, the change is complete, all the special resources of the host are swallowed up by the new blood!"

"Hey, the system prompts, congratulations to the host, to get the only special blood, God-level blood, eternal blood!"

Eternal blood?

What is this bloodline! The key point is that Ye Xuan was originally prepared to use special materials for strengthening the mind, and was swallowed up by this eternal blood.

Then, what is special about this eternal blood?

Ye Xuan began to look at his special blood.

This does not seem to know, at first glance scared him, it can be said that when seeing the description of the eternal blood, Ye Xuan is simply ecstasy!

Eternal blood: the only special blood, the host is unique!

Special attribute one: Almighty. Gods above the level of the Lord God will be able to master one or two special laws of nature, such as time, space, life, etc., but even if the genius is superior in the Lord God, at most only two rules can be mastered.

However, the eternal blood of the host will be able to grasp the power of all rules, as long as the host is willing and has sufficient preconditions.

Master the power of all rules!

This eternal blood is too strong!

Ye Xuan looked at this first attribute and grabbed it directly.

This eternal blood, what kind of room for growth for Ye Xuan is simply to make Ye Xuan unimaginable.

Of course, now the eternal blood is still a super big bottle, what kind of water is inside, only Ye Xuan will choose later.

Special attribute 2: Forced phagocytosis, this attribute allows the host to pay a certain price, directly devour any law power, whether from the enemy, or the natural law, as long as the host can meet the predation of phagocytosis, then you can directly swallow!

Special attribute three: the eternal body, the eternal blood gives the host the right to eternal life. As long as the host is not completely destroyed, even if the \*\*\*\* is broken, it can repair itself. Only if any cell exists, then it can resurrect itself. Of course, the time of resurrection It will be very long. At the same time, the host is more resilient.

The second attribute can be regarded as the match with the first attribute, but the third attribute is that Ye Xuan has an immortal body. As long as one cell can be resurrected, and the gods are broken, it will not die.

Not only will not die, Godhead will automatically repair, such ability, can someone have heard?

Strong, invincible!

It is not the unique blood of Ye Xuan, such a strong blood, afraid that I will never find a second one!

However, this is over, is this all the eternal blood?

No, this is just the beginning!

Skill 1: Eternal field, the host will be able to construct its own special field, in the eternal field, all the attributes of the host, including the level directly increased by a hundred times!

Constructing a special field requires the host to use a special eternal point, and each time it is launched, it will also consume eternal points, cooling time, a thousand years!

Skill 2: Eternal reward, the host will be able to reward anyone, beast, demon, demon, etc. according to their own wishes. The target that is not directly related to the host is randomly rewarded, and the reward will be determined according to the eternal point provided by the host.

Skill 3: The current state of the host is insufficient and has not been opened yet.

Skill 4: The current state of the host is insufficient and has not been opened yet.

.....

Skills, up to ten!

"The trough, this, is not a bit too abnormal."

Ye Xuan looked at his new blood and was even dumbfounded by himself. Even he couldn't help but feel a little too abnormal.

Ten skill slots, just two that have already been opened, make Ye Xuan stunned.

So how powerful is the other eight skills?

However, the eternal point is something, Ye Xuan still does not know, after all, there is no introduction.

However, according to Ye Xuan's experience, it is estimated that it is similar to the previous killing, or it may be something like a swallowing point.

Although Ye Xuan knew that the blood of the sword \*\*\*\* and the blood of the \*\*\*\* of war can be advanced into the blood of the sword and the blood of the \*\*\*\* of war, but now, this eternal blood is obviously stronger.

Moreover, the swordsmanship of the blood of the swordsman and the God of War of the God of War have been preserved.

This eternal blood is a special god-level bloodline that extends from the blood of the sword \*\*\*\* and the blood of the \*\*\*\* of war.

To put it simply, now Ye Xuan has three blood vessels, the blood of the \*\*\*\* of the gods, the blood of the sword god, and the eternal blood of the god.

However, when Ye Xuan was so excited, he was interrupted.

"boom!"

A huge incomparable \*\*\*\* of mine descends from the sky, and the Flying Thunder Condor will not care what Ye Xuan is thinking now.

The time of Ye Xuan's hairlessness undoubtedly gave the Ben Leiyang the best chance of sneak attack.

"Hey, alarms, alarms, the host is under strong attack!"

"Damn!"

Ye Xuan wandered on the ground, and the wolf was innocent.

But even then, Ye Xuan did not escape in time.

Chapter 2215: New sung gate system

"It hurts!"

Even if it is to avoid most of the attacks, but only the prestige of Shen Lei, Ye Xuan is quite uncomfortable.

"Damn guy, you give me waiting!"

Ye Xuan swayed with a sword and went straight to the Lei Lei Condor.

It's a pity that it still didn't hit.

In fact, after the excitement, Ye Xuan suddenly discovered a very real problem, that is, even though he now forcibly merges the blood, upgrades the semi-god-level blood to the god-level blood, and still obtains the only special blood!

However, it seems that there is no way to deal with this \*\*\*\* rushing eagle.

Special materials have all been used to upgrade the blood, mainly because Ye Xuan has no way to deal with this Ben Lei Condor.

This is awkward, and it is not always said that the blood has been upgraded. Ye Xuan can't help but run the Thunder Condor.

How to do?

Ye Xuan's brows are wrinkled, and one side is dodging the attack of the Flying Thunder Condor, while thinking about the countermeasures in his heart.

Suddenly, Ye Xuan's glimmer of light flashed, why did he have to fight against this lion?

This ancient eternal tempering trial rule does not mean that the trial hunter must be a lore, that is to say, the rushing eagle, in fact, has weaknesses.

The most obvious and most common is that he also needs to rest on the ground, but can not always hover in the air!

In fact, in the past three years, this Ben Lei Condor has also landed more than a dozen times.

Just before every time when the Thunder Condor landed, Ye Xuan was too tired, so the Ben Lei Condor did not attack, and Ye Xuan took the opportunity to rest.

However, now Ye Xuan discovered that in fact, he did not need to use this Thunder Eagle to consume, just need him to land, then the opportunity will come.

Ye Xuan's mouth is slightly tilted, decisive is not shot, but just dodge attack.

Sure enough, as Ye Xuan thought, this Ben Lei Shen eagle really wants to land.

This time, when the Shenlei Condor landed, Ye Xuan quickly shot.

"Destroy the gods!"

Just as the Ben Rays Condor landed, Ye Xuan decisively shot.

boom!

A crazy attack followed.

Ben Lei Lei Shen could not think of this time Ye Xuan would actually attack, it landed more than ten times, Ye Xuan never shot, but this time, Ye Xuan shot.

Sudden shots, so that the Ben Lei Lei Condor can not react.

A loud bang, the rushing eagle was directly hit, and a hit, Ye Xuan will waste the opportunity, suddenly rushed up.

.....

In fact, Ye Xuan does not like the beasts in the trial, because these virtual mirrors clearly have strong strength. But there is no entity, that is to say, even if Ye Xuan killed them, they could not swallow their bodies.

Although it is said that any trial will have rewards, at that time, the realm is difficult to upgrade.

Of course, such trials, rewards are generally very rich, so, there is no need for Ye Xuan to care about the level of things.

The next challenge is a smooth one.

Although the supernatural powers owned by the opponents in front of Ye Xuan are constantly increasing, but Ye Xuan has resisted the temptation of that level of bonus, then his opponent's realm will not increase.

Moreover, these are all beasts, even if they have more magical powers, they will still be restrained by the sword.

For example, in the seven thousand layers, Ye Xuan and a beast with almost invincible defense have been entangled for fifty years!

Fifty years of boring battles can be said to be unimaginable.

However, that battle was a long time.

Because Ye Xuan's guy actually got a similar supernatural power in the field, it was simply tough to let Ye Xuan desperate.

However, Ye Xuan did not choose to use the level blessing, but just to deal with that guy.

But the final result is that Megatron controls the Excalibur. In the case of almost no anticipation, it will kill the gods and hit the killing effect, and then kill the trial beast!

It can be said that it was a very lucky victory, but it was also an inevitable victory.

.....

Finally, finally arrived at the eighth thousand nine hundred and ninety-nine layers!

The last layer, this is the last test in front of Ye Xuan!

You know, Ye Xuan is here, staying for more than 9,800 years!

Even the outside time, it is close to a year!

The battle of nearly 10,000 years has made Ye Xuan's extremely fast response, and he has achieved Ye Xuan and his rich combat experience.

Although the level has not been improved, but if you take the current Ye Xuan and when you enter, Ye Xuan is probably more than ten times better.

The simplest example is the use of annihilation. Ye Xuan originally only had one sword at a time, but now, Ye Xuan can swing seven swords at the same time!

Don't underestimate such a change, just a little change, so that Ye Xuan has the fighting power to cross the border without killing any system.

And these can be said that without this long-term battle experience, it is simply impossible to change.

Of course, but at this time Ye Xuan, the realm still has no improvement!

He is only constantly consolidating his will to fight and consolidating his fighting instinct.

However, what Ye Xuan did not think was that he thought it would be a \*\*\*\* battle here. After all, this is the last layer, so it will be the strongest layer.

However, it was only when Ye Xuan entered that it was discovered that it was the time to receive the reward.

"Congratulations, little guy, you have successfully passed the test of the first pass. Everything here is your reward."

That voice appeared, this voice, now Ye Xuan has understood that it is equivalent to the existence of the gods, control everything here.

Accompanied by the sound, in front of Ye Xuan, there was a book-like thing, but on top of it, it was a treasure box, which turned out to be thousands of.

Ye Xuan naturally will not be polite, directly all of his own engulfing space.

“Hey, the system prompts, congratulations to the host to unlock the Zongmen system, the Zongmen system is reactivated, and it is automatically upgraded to a God-class sacred door system.”

Ye Xuan smiled slightly, he fought for so long, not for the moment. Of course, for thousands of years of fighting, if you change someone, you are afraid that it will collapse.

However, he is Ye Xuan, he is invincible Ye Xuan, how could it be collapsed by a district trial?

Ye Xuan no longer hesitated and went straight out of this trial tower.

Re-entering the outside world, let Ye Xuan have a feeling of being separated from the world.

Fortunately, the generous rewards make Ye Xuan a worthwhile trip.

Looking at the other five core towers, Ye Xuan is not choosing to continue to challenge.

Here, Ye Xuan has been wasting a full year, and he is not willing to continue to waste time.

After all, the ancient sword, but also waiting for Ye Xuan to kill.

The longer the time drags, the greater the chance that the ancient sword will break through the seal.

Chapter 2216: Mysterious snake

Once the ancient swordsmanship really broke through the seal, I am afraid that the world's catastrophe will be inevitable.

This is not the result that Ye Xuan wants, so Ye Xuan chose to leave this place.

Since it is said that the ruins of the ancient eternal beast house have been here, and no one except the singer who has mistakenly entered into it, no one knows that in this sacred valley, there is such a secret. Then Ye Xuan does not have to worry about being discovered here.

Of course, even if it is discovered, no one can pass the test of this genius.

However, Ye Xuan left, but did not forget to arrange a heavy ban to close this place.

Here, it is the place where Ye Xuan will come back later. It is already the place where Ye Xuan is privately owned!

Then, if the natural Ye Xuan leaves, there will be no worry.

At the beginning, Ye Xuan decided to set off three target locations. Now Ye Xuan is only the first Wanniu Valley, but the gains he has made have greatly improved Ye Xuan's strength.

But it is not enough to become the capital of the ancient swordsmanship. Therefore, Ye Xuan thought about leaving here and going to the drug king valley.

Although Ye Xuan understands that simple leveling may be better here, but Ye Xuan is aware that often looking for the ancient heritage to obtain a special heritage, can make his strength even stronger.

At this time, Ye Xuan had a terrible thought in his heart. Although it has not been confirmed, Ye Xuan felt that it was very possible. That is, the enemies and even allies he faced now are actually not the most Strong.

Because Ye Xuan saw a possibility from his constant improvement, that is, if the ancient heritage is obtained, the strength can be improved a lot in the same situation.

For example, the current Ye Xuan, the strength is clearly only the eight realities of the gods, but he has enough confidence to kill the middle spirit, even the upper spirit!

The root cause is that he has gained the ancient heritage!

In other words, Ye Xuan can get, so why can't others get it?

These super-powers who have been passed down from ancient times, I am afraid that one will not be so simple!

It's just a small and small place. After all, it's even less than a small one.

Then, in this way, who can guarantee that it is in other places, not those who have gained the inheritance of the ancients, or even the true ancient strong?

Ye Xuan must improve his own strength. Only in this way can he have the ability to fight with the pride of those days!

The level must be improved, but the ancient secrets will not be missed.

This one of the Beast Valley hides the inheritance of the ancient eternal beasts. So, in the king of medicine, will there be inheritance waiting for Ye Xuan?

Ye Xuan moved very fast, and did not use much time, he went directly to Yaowang Valley.

Compared to the Beast Valley, Yao Wang Valley will appear to be much deserted. Although everyone knows that there are countless resources of magic medicine here, few people choose to come here.

Because it is too dangerous here, even Ye Xuan, it is frowning at this time.

Ye Xuan is only in the outermost layer of Yaowang Valley, but he has encountered a beast, a horrible beast that has swallowed up countless gods and grown up.

This is a red giant snake with two pairs of wings, and has cultivated a sense of wisdom.

"Human, why are you here? This is not the place you should come. If you leave here, I can spare you from death. Otherwise, you will die!"

The red serpent said to Ye Xuan, the tone was indifferent, even when he was talking, he was too lazy to look at Ye Xuan.

"You let me go? Just by you?"

Ye Xuan looked at the red giant snake and said.

Although Ye Xuan also saw it, the strength of this red giant snake is extraordinary, but if you want to scare away Ye Xuan, it is impossible.

"A man who is so arrogant, it seems that you are looking for death!"

The red giant snake suddenly stood up!

Yes, it is standing!

Like the cobra, the head is lifted up, and it is even more than a dozen meters high. Among the two triangular eyes, the dark red light is very strange.

"Haha, you have to fight and fight, there are so many nonsense!"

"Destroy the gods!"

Hey, at the same time, Ye Xuan continued to wave the sword, and several swords directly rushed to the red giant snake.

Ye Xuan's trial in the ancient Wanwan Pavilion is not casual.

At this time, his combat power has increased several times.

Five rays of light, going straight to the red giant snake.

Under the influence of restraint, these five evil spirits, but the lowest will have the ability of ten times crit!

However, I saw a reddish smog in the mouth of the red giant snake.

When the smoke came into contact with Jianguang, Ye Xuan suddenly discovered that his attack was not only quickly weakened, but even the power was eliminated!

This red smoke is actually a special kind of poisonous mist, which can weaken the special poisonous mist of divine power!

"Human, this is not where you should come, leave, leave here."

Ye Xuan frowned, he did not understand why this guy must let himself leave.

"System, check target strength!"

"Hey, the system prompts, specifies the target, the middle peaks of the gods!"

Medium peak spirit?

Not really strong, Ye Xuan is sure to kill!

Hey, dare to despise Ye Xuan, then, this giant snake is looking for death.

"Thousand beast swordsman!"

Suddenly, Ye Xuan summoned a thousand beast swordsmen.

At the same time as the one thousand beast swordsman appeared, he used his own big tricks, thousands of beasts!

Ye Xuan naturally does not hesitate to directly use the god-level mount to summon.

In an instant, a ray of light appeared, a head-level mount, appeared in front of Ye Xuan!

One hundred gold grades, thirty-two platinum grades!

This time, it was a big explosion!

"Thousand beasts feast!"

Ye Xuan knows that this red giant snake may not be so good.

Therefore, while the god-level mount appeared, Ye Xuan also used the feast of thousands of beasts!

"Give me kill!"

Ye Xuan shouted loudly, his hand waved, all the god-level mounts, rushed straight over.

There are many kinds of god-level mounts that are summoned this time, and even a crit of a basaltic beast.

You must know that although the basaltic beast is only a common beast in the realm of the gods.

However, Ye Xuan summoned this head, but the Platinum level, the strength is incomparable, and even Ye Xuan feels that with this basaltic, it is enough to single out the red giant snake.

Ye Xuan's mouth is slightly upturned.

He wants to see how this red giant snake responds!

"Human, it seems that you want to find yourself dead, then, don't want monsters to be ruthless!"

"The mad snake dances!"

Chapter 2217: Ancient crown title

With the red serpent screaming, I saw a red glow coming out of its body.

As soon as these lights appeared, they immediately turned into a red giant snake. When it appeared, it was small, but its volume continued to grow.

The quantity is even more terrifying!

Looking at this scene, Ye Xuan suddenly had an unknown feeling.

After a while, everything in front of me proved that Ye Xuan's unclear feeling is not wrong.

I saw those red power snakes rushed directly to Ye Xuan's thousand-headed mounts.

These horrible snakes are just a means of attack!

"Boom!" "Boom!" Boom! "

In the mad explosion, Ye Xuan could not stand on the ground because the whole ground was shaking.

However, even if he flies into the air, there is no safety, because there is still energy in the air, and these chaotic energy makes Ye Xuan extremely uncomfortable.

And Ye Xuan, who did not participate in the war, would be so uncomfortable, but I can imagine how those god-level mounts would be.

To be precise, when the red snake serpent launched his special abilities, Ye Xuan's god-level mount was already on the verge of extinction.

One move is just a trick. Ye Xuan's thousand-headed god-level mount army, even including the thousand beast swordsman, is completely destroyed!

How can this be!

Ye Xuan, he did not understand why there was such a situation.

"Haha, human, now you understand, Yao Wanggu is not the current you can enter, want to enter the drug king Valley, then you can get a higher title title!"

What do you mean? What is this guy talking about?

At the same time that Ye Xuan quickly retreated, she was thinking about this problem.

What is this red giant snake wanting to say?

"System, what is going on here?"

At this point, Ye Xuan can only ask the system.

"Hey, the system prompts, the data is collected."

"Hey, the host should note that in the ancient times, all realms were divided into different front titles, for example, the lower spirits, the ancient times were also inferior spiritual gods, but the division was divided into scholars, will, king, Emperor, Emperor, respect the six former title."

"Hey, the spirit of the lower class is generally neglected before the crown, directly called the inferior spirit, but if it is a spirit of the next level, the strength is equivalent to ten ranks!"

"Hey, the title of the former crown, each realm is unified, and they are all divided into six realms. The strongmen of the ancient times cultivated and pursued the real strength, and they will continue to enhance their full potential, and now The way of upgrading the gods is not exactly the same!"

"Hey, the system prompts that every time a new realm is reached, the former title will be refreshed and re-cultivated."

"Hey, the system prompts that the host is currently in the spirit of the level!"

"Hey, the host should note that the host will not encounter the super strong with the former title before entering the core world. Please don't worry about the host."

Simply put, the person with the title of the former title is the genius in the same class!

The system has a series of tips, but it does not comfort Ye Xuan, but instead makes Ye Xuan more panic.

Perhaps it is too much to say that panic, but Ye Xuan really feels that it is not so simple.

What does it mean to not enter the core realm now, don't worry?

Is he Ye Xuan, who has spent a lifetime on the edge of this godland?

Moreover, there are some things that Ye Xuan does not want to do, and can not do it.

For example, when the ancient swordsmanship, when did Ye Xuan think about going to provoke?

After he apparently came to the realm of the gods, the first thing was just to find the place to fall back.

However, inexplicable things, so that Ye Xuan, whether it is original or not, but can only be involved in the vortex again and again, let Ye Xuan face different enemies again and again.

Some things, not Ye Xuan do not want to do, you can not do.

Sometimes, even Ye Xuan, when faced with certain things, can only talk about it.

Perhaps this is fate!

Ye Xuan looked up and looked at the red giant snake.

"System, detect the strength of the red giant snake!"

"Hey, the system prompts, specifies the target, and will level the peak of the spirit!"

"Hey, the system prompts, the system does not announce the title of the front crown by default. In the future, if the host looks at the target title, it will need a little swallowing point to view!"

Your uncle!

Ye Xuan's heart was slightly stunned. He was somewhat uncomfortable because he suddenly found the title of the former crown. Now the system tells him that even the detection of this former title title actually needs to consume the swallowing point.

How can this make Ye Xuan's heart cool?

It is no wonder that the strength of this red giant snake is so powerful. It turns out that this guy is also the same level as Ye Xuan, and it is still a peak of the middle of the spirit!

Can't beat!

Yes, Ye Xuan can't beat! This \*\*\*\* medicine Wang Gu, Ye Xuan can not even pass the first level.

why? Ye Xuan now wants to know why?

Why is it obvious that other people in this drug Wang Gu can enter, but it is not possible to change to Ye Xuan!

"Hey, the system prompts, according to the records of the ancient gods, some special secret entry methods will automatically change according to the title of the former crown, that is, if the host has the title of the former crown, then the channel that the host enters will be different from others. !"

That's it!

Ye Xuan finally understands why others can enter, and he can't?

Because Ye Xuan, it has already been too strong in the same realm, so when it comes to special secrets, Ye Xuan will be treated differently.

At this time, Ye Xuan finally understood that the Divine Realm is far from being as simple as any realm that Ye Xuan encountered before.

The gods are more complicated and complicated.

In the realm of the gods, the strength is respected, and it is reflected in the extreme.

Even the same realm will be divided into sixth, this is the \*\*\*\* world!

Perhaps, the realm that Ye Xuan knows now is the real god.

What kind of existence was in ancient times!

In the distant antiquity, those strong, how strong is the possession.

Ye Xuan now has no sigh of relief in his heart. Until now, he discovered that perhaps he was a frog at the bottom of the well. What he saw was too little!

Red giant snake, medicine king valley?

Wait, Ye Xuan will come over and challenge again!

When you come back again, you will kill the red snake with your own hands!

It can be said that this time, let Ye Xuan and his depression.

The bottom of the frog!

Unexpectedly, one day, Ye Xuan himself will become such a presence!

"Hey, the system prompts, congratulations to the host to find the title of the former crown, activate the system of the title system."

"Hey, the system prompts, the host gets the title, the gods explorer!"

"Oh, the title of the Divine Explorer will increase the chances of the host discovering the secrets of God!"

"Hey, the system prompts, the host gets the title, the ancient apostle!"

"Hey, the title of the ancient apostle will increase the chances of the host discovering the ancient secrets!"

At the same time, have you got two titles?

Chapter 2218: Emergency support

Ye Xuan did not care too much at all, because at this time, he was still in annoyed.

Entering the realm of God has been around for so long, and Ye Xuan has also experienced several battles and several expeditions.

But now he knows that the gods he knows are such limitations. Now he really understands that it is not so simple to explore the realm of God.

Now Ye Xuan has two tasks that must be completed.

The first one, of course, is to find the fall.

The second one is to rebuild faith.

Ye Xuan finally understands why there is a task of rebuilding faith.

Because the current world of gods is really much weaker than the ancient gods, and all these missions fall on Ye Xuan.

On his future road, there are still many unknowns waiting for Ye Xuan, which is not what Ye Xuan can think of.

Ye Xuan moved to the Wan Beast Valley.

Killing, crazy killing, as if only continuous killing, can make Ye Xuan feel a little calmer.

Some things he will know sooner or later, but when you know, Ye Xuan still feels so weak, it is so uncomfortable.

.....

On this day, Ye Xuan is still killing the beasts in the Valley of the Beasts.

The bodies of countless beasts have been swallowed up, and the leaves have been prompted several times.

"Hey, the host breaks through, and the current five products are in the middle of the gods."

Has it improved?

However, there is no upgrade in the heart of Ye Xuan, because the title of the former crown, as if a huge stone is pressing on his heart.

Suddenly, Ye Xuan appeared around a ray of light.

Then, the flying smoke appeared in front of Ye Xuan.

"Taro, how are you, are you looking for me?"

Seeing the flying smoke, I don't know why, Ye Xuan's heart calmed down a bit.

"The son of the five sons let the little girl inform the son, the ancient swordsman has changed frequently in these days. If it is ok, please ask the son to go back and have a look."

"Okay, I know."

Ye Xuan nodded.

Unexpectedly, the ancient sword, even so fast want to have new moves.

"Senro, come over!"

Shen Luo Shen Wang has been around Ye Xuan, but it is of no use to Ye Xuan.

Shen Luo Shen Wang did not know what Ye Xuan was going to do, but he immediately came to Ye Xuan. During this time, he also saw it.

Ye Xuan is not bad, but rather a little approachable.

"This is the fragment of your godhead. You will be free in the future. Practice it. The world of God is not as mixed as you think. Without strength, even if I don't kill you, you will die only sooner or later!"

After Ye Xuan finished, he directly threw out the fragments of Shen Luo's gods, and then walked away with the flying smoke.

Sen Luo looked at the fragments of the gods in his hand, thinking about Ye Xuan's words, and suddenly he was there.

Of course, what will happen to him afterwards, Ye Xuan can't control it.

Ye Xuan and Feiyan are extremely fast.

After all, the things of the ancient swordsmanship have always been in the heart of Ye Xuan.

Soon, Ye Xuan returned to the magical fisherman island.

Fortunately, there is no change in the ancient swords.

When Ye Xuan returned to the Devil's Fish Island, everyone was shocked by the upgrade speed of Ye Xuan.

How could this be, Ye Xuan left, but it was less than two years!

Two years!

In the realm of the gods, it is not worth mentioning at all, but it is only in less than two years, Ye Xuan has been promoted to the five spirits!

How horrible the upgrade speed is.

Everyone, looking at Ye Xuan's eyes have changed, what is a genius, this is the real genius.

Subconscious, everyone is more respectful to Ye Xuan.

The fifth temple owner is even more excited. Ye Xuan is his disciple. The achievement of Ye Xuan is the capital of his pride.

"What happened, what happened."

When Ye Xuan came back, he did not delay and asked directly to the crowd.

"Master Ye, after you left, everything here is normal. But six months ago, there was a mysterious strength constantly trying to help the ancient sword to break the seal."

"And, these people are so powerful that they can't even wait for them, or even who they are!"

"A month ago, the invincible banned system that you arranged was actually cracked by those people. Although I tried to stop it, I let the mysterious force enter the ancient sword."

"These guys are constantly destroying the seal of the ancient swords, so I can only let you come back in advance."

Everyone said a word, I told Ye Xuan about the passing of things.

Ye Xuan slightly frowned.

Can't help it anymore?

In fact, just half of it, Ye Xuan has already guessed who is blaming.

Ye Xuan turned and asked the Lord of the Fifth Temple: "Master, don't you have any action during this time?"

Ye Xuan asked this question, so that everyone was quite confused, only the elders of the third temple, the body suddenly stiffened.

"I don't know this, I am also surprised. Why is there no support for the Zongmen? You see, I have brought all your brothers and sisters together. Our fifth hall is now free. The forces outside the cabinet are gone."

The fifth temple hall smiled, although Ye Xuan was his apprentice, but he did not dare to stand in front of Ye Xuan.

Ye Xuan nodded and then directly said a sentence that made everyone very shocked.

"In this case, Master, you are not going to go to the cabinet. If I have not guessed wrong, this time, it's just that you are fooling! You say no, Master?"

A word from Ye Xuan, of course, is said to the elder of the third temple.

"Ye Xuan, what are you talking about, do you want to bully the ancestors, you dare to doubt your own sect?"

The third temple elder said with anger.

Unfortunately, Ye Xuan will not care about him, but directly shot!

Yes, in the face of so many people, Ye Xuan did not hesitate to shoot.

"Destroy the gods!"

"Megatron, the magic weapon!"

The five swords of light rushed toward the third elder, and at the same time, Ye Xuan directly let Megatron separate from the sacred sword.

"The spear of destruction, throwing a magic weapon, attacking powerful."

useless!

"Frenzy bow, automatically lock the enemy, killing forever!"

Well, this is ok!

Ye Xuan grabbed the violent bow of Megatron's change and directly bent the bow.

One shot, it is the nine arrows, nine light arrows, directly locked the elders of the third hall, shot out.

Ye Xuan suddenly shot, no one can think of it, including the elders of the third temple.

After all, in his eyes, Ye Xuan is also a disciple of the cabinet, no matter how obsessive, not to mention, so many people are here, he feels that Ye Xuan does not dare to bully the ancestors.

"The bully destroys the ancestors? Haha, my Ye Xuan's sect, is not your hypocrisy, but the fifth hall!"

Ye Xuan said loudly, and at the same time, the figure has already rushed out.

"boom!"

Chapter 2219: Storm eve

A sword fell, directly cut off the arms of the third temple elder, and Ye Xuan's other hand was immediately issued a number of prohibitions, directly sealed the third temple elders.

It all happened, but in the blink of an eye.

It can be said that no one has reacted at all, including the disciples of the Third Temple.

Ye Xuan waved his hand and received the elder's ring. He looked at it and there was nothing worth paying attention to. Ye Xuan swallowed it directly.

"Hey, the host breaks through, the current six products are in the middle of the gods!"

When the crowd reacted, it was already decided.

At this time, the third elder of the temple had already had no resilience.

"Ye Xuan, what are you doing!"

A number of shouts sounded, and the disciples of the third temple were already posing in a fighting stance.

However, the people in the fifth hall were trusting Ye Xuan, and the forces such as Lingxuan Pavilion and Bailou were also launched. For a time, the entire hall was arrogant, and it seemed that the next battle would break out.

"Okay, wait for your elders to tell you the truth, you will know what I am doing!"

Ye Xuan said loudly, it is temporarily stopping the conflict that is about to erupt.

Later, Ye Xuan said to the elder: "Let's say, let your mission and the movement of the first hall be said."

"I know that you have not completely fallen into it, so I did not directly kill you, but sealed you. If you have a conscience, then you should know what they will bring to the world." "

"You, how do you know!"

The elder's subconscious sentence is undoubtedly equal to what Ye Xuan said is true.

"How do I know, you don't need to ask, rest assured, you are not the first person, you are just being used, telling us the specific things, I can guarantee to unlock your seal immediately, and will be You reshape your body."

"really!"

What the first hall is doing now, it can be said that even this elder is not very recognized, but he has been hidden deeply and has not been exposed.

This made the first hall always trust him, and Ye Xuan also took a fancy to this point, and did not kill him.

"Do not worry, I will call you a teacher, you will say it, tell them what you know!"

"Okay, I said!"

The elders' minds have long been uneven. At this time, seeing the general trend has gone, naturally they are not willing to persist.

"Damn, the elders must betray the Zongmen and kill him!"

Suddenly, the eyes of a disciple of the third temple suddenly turned red and went straight to the elders of the third temple.

Unfortunately, Ye Xuan has been on the embankment for a long time, so this disciple has not had time to take the shot, Ye Xuan has already come to his side!

Kill a sword!

"Okay, let's talk, rest assured, one of them, one can't escape my eyes."

"Well, Ye Xuan, although I don't know how you found out, but your guess is not wrong, whether it is to start to release this magical fisherman and the ancient sword, or to destroy the seal now, are From the first temple..."

In a word, all of them were blown up in an instant, and they didn't even think that the whole thing of all these things came from Mo Gege!

"I don't know exactly what is going on, because I can only perform my own tasks. My task is to find a way to make you civil strife. Unfortunately, your approach to Ye Xuan is too clever, so my mission has never been. success."

"Ye Xuan, and everyone is better prepared, I have already discovered that the first hall seems to be a mysterious force to control..."

"boom!"

The elders have not finished yet, but they suddenly smashed and died.

Obviously, this is not his intention at all, but a certain force is under control.

"Damn!"

Ye Xuan was furious, and his figure flashed and rushed straight toward the third disciple.

Just now, only a mysterious force fluctuated in the third disciple.

Ye Xuan can be sure that the elder's self-destruction is out of this person's hand. If it is not Ye Xuan's ban, it is feared that this time, it will make everyone sullen.

boom!

Another sword is killing.

Unfortunately, this elder is already dead. Ye Xuan is killing this disciple now, and it will not help.

"Damn, \*\*\*\* it, I am serious!"

Ye Xuan holds the sword and is very annoyed.

"Master Ye does not have to care, can only say that this means to go to the cabinet, and there are still backhands."

"Yeah, but everyone did not think that all these arrangements were actually made by the cabinet, what are they for!"

Everyone still has some reason to understand now, and now they have already known everything.

Although Ye Xuan said that he has some self-blame, it is of course impossible to attribute all his guilt to himself.

After killing the disciple, Ye Xuan's heart was very clear.

"System, detect these people and see if there is any organization that destroys the organization!"

"Hey, the system prompts, no discovery."

Fortunately, the situation has been controlled here, that is to say, the organization will not be abnormal for a short time.

However, Ye Xuan knows that it will be discovered sooner or later.

"Now is not the time to say this, the master, and the brothers, I want to ask you, at the fastest speed, to return to Mo, and not to disturb the first hall, to inform the other eight halls, Quick evacuation and join us as soon as possible."

"Ye Xuan, you are worried, the first hall will be the other temples?"

The fifth temple owner asked strangely.

Ye Xuan nodded. He believed that the organization of the extermination would never have let go of other temples so easily.

"Okay, let's go now."

Under the leadership of the Fifth Temple, the remaining disciples of Mo Gege all left and flew toward Mo Ge.

Ye Xuan turned again at this time and said to the powerful people like Lingxuan Pavilion: "I can tell you that I am afraid that it will be controlled by the mysterious forces, not just the first hall of the cabinet."

"Now, you have to be dispatched immediately, bring all the forces you can trust here. Remember, there are mainly doubtful goals. Don't touch them, don't say your purpose."

"If you have no choice but to do so, you will say that the ancient swords and seals are loose, and you need to work together and go back quickly. I am afraid that there will not be much time left for us."

"Okay, let's go, Master Ye takes care."

Everyone left, and Ye Xuan was very clear in his heart. This sudden movement can be said to have pushed him into a new vortex.

However, there are some things, since he knows Ye Xuan, he can't care.

If he does not care, fear that this is bound to be in chaos, countless people will also be killed.

This is not what Ye Xuan wants to see, so Ye Xuan can only do this.

In a flash, countless figures flew out of the camp, and there were fewer than 100 people left in the camp, but Ye Xuan could only choose this way.

Chapter 2220: Mantra

"Shantou, you take them around and look for it. If there is anything suspicious, tell me immediately, I will first strengthen the forbidden seal on the ancient sword."

"Okay, please be careful."

Flying smoke nodded.

Soon, only Ye Xuan was left in the entire camp.

strength!

Now, Ye Xuan needs more strength.

"System, the special items I got in the ancient ancestral hall, can there be materials that can be used to improve strength?"

In the trial, Ye Xuan is fighting every day, and after coming out, things are one after another. Until now, Ye Xuan was able to check his own gains.

"Hey, the system is improving, the host is now able to integrate the flower spirit sword!"

"So, just merge!"

Even if this flower spirit sword waiter may not bring much power to Ye Xuan, but now, even if it is a little bit of combat power, Ye Xuan should cherish it.

"Hey, integration begins!"

"Hey, the fusion is successful, congratulations to the host to get the flower spirit sword!"

"Hey, congratulations to the host for the healing power of the Hualing Swordsman."

Ye Xuan is not in the mood to manage other things now. Now he has decided that if these special materials can not bring practical value to Ye Xuan now, then Ye Xuan will be swallowed up!

"System, keep checking, there are no useful things."

"Hey, the system prompts that Hualing Swordsman can now be promoted, whether the host chooses to upgrade Hualing Swordsman."

"Well, choose!"

"Hey, the upgrade is successful, congratulations to the host flower spirit sword service upgrade to the flower \*\*\*\* sword waiter!"

"carry on!"

"Hey, the system prompts, the host now has a variety of skills, a total of one hundred and twenty-three!"

Well, skills and magical powers?

When did this get?

By the way, after the trial of the ancient eternal beast, Ye Xuan won thousands of treasures, but Ye Xuan did not look carefully. It seems that these were the ones that were obtained.

"In this case, then combine these magical powers and skills. In addition, all the special materials that can be added are all added. I have to look at this, what skills can I bring to this time!"

Yes, Ye Xuan is going to break out once. He has to put so many magical skills and countless special materials into it. Even Ye Xuan does not know what kind of magical power he got!

However, this time gamble is a must.

"Hey, in the middle!"

"Hey, special materials are added!"

"Hey, the system prompts, the host summons the skills of the world to match the new skills, and automatically merges!"

"Hey, the system prompts, the host image supernatural match with the new skill, automatically merge!"

"Hey, the system prompts, congratulations to the host, get a new supernatural power, six-word mantra!"

Six-character mantra, a total of six words, life, death, disability, injury, complex, extinction!

Health: When the host faces a person who is not higher than his or her own realm, the character can be resurrected within three days of death. If you are above your own realm, you can resurrect with special resources.

Death: The host can live and die in the face of an enemy who does not tell his own realm.

Disability, injury, similar to the effect of death.

Complex: The host can copy the specified target in one word, but the strength of the copy can only be the highest level of the host.

Extinguish: Please note that this supernatural power is the highest state of the six-character mantra. Every time you use it, you will pay a great price. This supernatural power is an upgraded version of the dead word. You can set a \*\*\*\* life and death!

Strong!

Strong skills!

Although Ye Xuan paid a great price, this kind of harvest is absolutely shocking to Ye Xuan.

A word will die!

Ye Xuan, simply called the invincible existence.

This is simple and clear, but there is a powerful supernatural power, which is the most suitable magical power for Ye Xuan!

The most important thing is that this magical power has no cooling time, which is simply terrible.

Ye Xuan wants to see, if the organization destroys his anger!

"Hey, the system prompts that the host has special materials left, and the conditions are not enough to use."

Since you can't use it, then swallow it!

Ye Xuan directly swallowed all his materials.

"Hey, the host breaks through, and the current one is in the spirit of the gods!"

Yes, Ye Xuan's devouring this time directly promoted him to the top spirit.

From the five spirits of the spirit of the gods, a breath to upgrade to a spirit and so on, it can be said that Ye Xuan has been very satisfied.

Ye Xuan continued to arrange a number of bans. He knew that now, even if the manager had such a violent reminder, he could not help the ancient sword in front of him.

The true state of God, this \*\*\*\* antiquity sword is the true state of God.

The gap is too big. In addition to borrowing the power of seals, Ye Xuan has no way to deal with it.

.....

Calm, I don't know how many years have passed, and finally it's not quite flat.

In the whole world, there are always people, and there are countless people moving around, because they all know that a big event that is enough to sweep the whole world is about to happen.

Someone returned to the camp and came to Ye Xuan's side. At this time, around the Lingbo Lake, a new city has already been built.

Unfortunately, the reputation is not very good, because it is called a traitor!

In the eyes of the ordinary gods who are simply not enough to participate in this big event, there is so much to know, and what they can know is just the news released by the cabinet.

Unconsciously, Ye Xuan and others were named the rebels.

However, no matter whether Ye Xuan or anyone else, they don't care about it at all.

For Ye Xuan, as long as he can stop Mo on the cabinet, no matter what he calls Ye Xuan, he can accept it!

Of course, as time went by, the first hall of Mo Shangge finally found an abnormality.

After half of the nine halls were evacuated, the first hall of Mo Court finally got an action.

Overnight, the nine halls were actually massacred.

Up to the lord who did not evacuate, down to ordinary disciples, countless people died.

It was not until this time that people knew that there was not only one super-powerful super-powerful, but five in the first hall of the Court!

The super strong of the five true gods, a horrible force.

However, the number of their ordinary disciples is much less, and the two forces are constantly concentrating their own strengths. A big battle is about to unfold.

"The son of the son of Lingxuan Pavilion asked for help."

Ye Xuan is studying the new ban, but he heard the sound of flying smoke.

At this time, Ye Xuan has become the highest think tank of the entire coalition. Although it can't be called the commander, it is not much different.

Now, among the entire coalition forces, only Ye Xuan relies on Mo Gege, the training camp, Lingxuan Pavilion, and the support of those who he saved in the ban on the mountain. Prestige can temporarily lead the coalition forces.

Of course, there are still a lot of things that Ye Xuan has to do in order to truly control the stocks.

"Oh, let him in."

Ye Xuan replied casually.
