

## Super D. S 2221

### Chapter 2221: Enemy attack

Soon, the Lingxuan Pavilion owner came in, but this time, obviously this guy seems to have some changes.

"The patriarch of the fire department, the fire sky, see the gods!"

Suddenly, the Lingxuan Pavilion owner fell directly in front of Ye Xuan.

Ye Xuan looked up, he did not understand why this guy suddenly recognized himself.

"Get up."

Ye Xuan looked at the owner of Lingxuan Pavilion. He knew that this guy would naturally answer the doubts in his heart.

"Thank God!"

"God of the Emperor, please forgive the disrespect before the villain, the villain swears in the gods, will follow God the Emperor forever!"

"Hey, the system prompts, the host gets a little faith value!"

Ye Xuan nodded and did not say anything.

"I know, what's the matter, let's talk."

Huo Yuntian looked at Ye Xuan strangely. I don't know why Ye Xuan was so calm, but he dared not violate Ye Xuan's wishes and said directly to Ye Xuan.

"Adults, villains and people simply negotiated, I feel afraid that they will continue to be stationed here. If they are attacked by the cabinet, I can only suffer losses, so the villain proposes to transfer immediately."

"When you come over, that is to say this? If this is the case, you should tell those who hold such an idea, unless anyone can kill the ancient swords, otherwise, do not mention anything transfer, the ancient sword does not mean Get rid of, we can't leave here."

"But, the Emperor of the Emperor, the ancient swords are not me and I can now fight, and there are five true gods in the cabinet. If they attack, the consequences will be unimaginable."

"Yes, since you know that five true gods are unimaginable, you may want to, if they have six true gods, what will happen?"

"Okay, go on!"

Ye Xuan waved his hand and gestured to Ling Xuange to retreat.

In fact, Ye Xuan is very clear about what these people are planning.

Although Ye Xuan now has prestige, but it does not reach the level of conviction for everyone, so this coalition is a loose sand.

However, even if it is a loose sand, Ye Xuan can only rely on them.

Perhaps someone really thinks that they have no advantage in staying here, but they are afraid of being more people, but they are taking this opportunity to suppress Ye Xuan.

Ye Xuan's heart is clearer than anyone else. He can't ignore the coalition of the sand. Otherwise, it will only be wiped out by the organization's control.

Regardless of whether Ye Xuan is willing or not, as long as Ye Xuan does not want to see the place where Mo Baibai becomes a destroying organization, then he can only do so.

"Yes, God Emperor, the villain knows how to do it. However, there is a message from the Emperor, there may be a message here, maybe you will be interested."

"what news?"

Ye Xuan looked up at Ling Xuange.

"It is like this. When the hundred calculators come over, they tell the little ones. They have found the news you want."

"Really?"

Suddenly, Ye Xuan stood up directly, and finally there was news of the fall!

Ye Xuan waited for such a long time, and looked forward to it for so long, and finally there was news of the fall.

"Yes, God the Great, according to reliable news, the beast seems to be the reincarnation of the demon gods, but they are not willing to accept the identity, so at this moment the demon gods brought into the family, have been under house arrest, the demon gods have been since ancient times and I don't have much contact with the human race, so I don't know more about the news."

Ye Xuan nodded, but his heart was still very happy, at least one thing is certain, that is, the fall is now safe.

"The demon gods are very strong?"

Ye Xuan asked faintly.

"Returning to the Emperor of the Emperor, the demon gods also have a certain influence in the entire realm of the gods. They have a total of thousands of main gods, and they are separated from each other and rarely touch the rest of the forces.

Moreover, it is not a strange thing to see the Yaozu in the realm of the Terran Lord, but in the realm of the Lord of the Yaozu, there is absolutely no one to see the Terran! "

Suddenly, Ye Xuan's heart stunned. It seems that if you want to find it, it's not that simple.

What is the concept of thousands of gods?

You must know that Ye Xuan is now playing in this place, but it is only a small corner in the field of the main god!

This means that there is no possibility for Ye Xuan to go to the rescue now.

Nothing at all!

If it weren't for the demon gods who had made their sacred reincarnation, they would make a lot of noise. I am afraid that Ye Xuan still can't know the news of the fall.

No wonder!

It is no wonder that for such a long time, there can be no whereabouts of falling.

That's it!

"Okay, I know, you can retire."

Ye Xuan sat in a chair, and his heart was very messy.

The matter of being on the cabinet has not yet been fixed, and now there is a demon god!

Fortunately, after more troubles, Ye Xuan did not care so much.

Perhaps, you can only let it go.

.....

Time has passed another month.

On this day, finally bad news came over.

"Ye Xuan, not good, not good, there is a huge army, and it is attacking us."

This voice, Ye Xuan recognized is Wang Tianzhen.

This guy has rarely found Ye Xuan since the rest of the temple, but he did not want to, this time actually ran over.

"Wang brother, what is going on, you say something specific!"

"Oh, what do you say, Ye Xuan, go, everyone is waiting for you."

Ye Xuan nodded and had to go quickly.

Lingbo City is a city built around the Lake Lingbo. At this time, among the city's main government, representatives of various forces have already gathered.

Lingbo City does not have a city owner now, because everyone knows that becoming a city owner is equivalent to becoming the leader of the coalition.

Therefore, no one has ever proposed a matter for selection.

Ye Xuan has not arrived yet, but has been arguing in the city government.

.....

"The coalition forces cannot always be like this. They must choose a commander!"

"Yes, I agree with this, but you said that I chose Ye Master, but I disagreed."

"What happened to Master Ye, there is no Master Ye, I am afraid you don't know how you die now."

"I didn't say that Master Ye is not good. However, Master Ye is too young after all. The cultivation is too low. Let Master Ye become the leader of the coalition. It is really not in conformity. The realm of the gods is the strength of the respect, and the realm is not enough to serve the public?"

"Fart, realm? Yes, the highest level in our realm is the ancient sword of the magical fisherman island, isn't it, you have to respect the ancient sword as the leader!"

The quarrel in the city government is constant because of the leadership.

Even the people of the House of the Five Chambers are divided into three factions. One group thinks that Ye Xuan is qualified to become the leader. One group thinks that Ye Xuanxiu is not enough, and his experience is not enough, so he is not qualified.

As for the last faction, it is waiting to see.

And everyone who is on the cabinet undoubtedly represents everyone.

After getting the action on the side of the cabinet, the gangs began to make noises again and again, and they wanted to get the cabinet out, but they couldn't decide who to choose.

On the prestige, only Ye Xuan, and, Ling Xuange and other forces are absolutely firmly standing on Ye Xuan.

Chapter 2222: Thunder suppression

However, repairing and age is indeed a problem.

The quarrel has been constant, and even if Ye Xuan walks in, he has not stopped.

Ye Xuan directly achieved his position, the position of the city owner is empty, Ye Xuan, sitting next to the position of the city owner.

However, Ye Xuan did not speak, but just looked at these people. He wanted to see if these people could make a noise.

The flying smoke stood by Ye Xuan, but whispered to Ye Xuan that he had not happened before he arrived.

.....

"You, is it enough?"

Finally, Ye Xuan did not want to listen to it, and said directly.

Ye Xuan opened his mouth, whether it was supporting Ye Xuan or not supporting Ye Xuan, he closed his mouth and looked at Ye Xuan.

"Now, when are you arguing about these useless things? Mo has already punched the cabinet. Why, you are preparing to let people hit the city, will you fight?"

"A group of waste, there is time to argue here, why don't you think about how to face it?"

"Mo Court is obviously this time is just a test force. If you don't even dare to fight, then what kind of result is waiting for you, can't you see it?"

"I want to be noisy, can, get out of the city government, how do you want to quarrel with you! But now, the city government is going to discuss how to face the enemies that hit!"

Ye Xuan directly reprimanded everyone. He really couldn't get used to these guys. The enemies were hitting the door. They were still noisy here. They are nervous, or they want to die!

"This this....."

"What is this? Now, if you want to quarrel, you will go out and go to the noise, and the people who stay in the city government will discuss how to deal with the enemy!"

Someone wants to say something, but Ye Xuan, who is on the spur of the moment, interrupted him directly.

It can be said that Ye Xuan is now very inhuman, and naturally, someone will jump out.

This group of coalition forces, scattered sand, do not know how many people stare at the throne of the city, everyone knows, once you become a city owner, what will be!

"Ye Xuan, what qualifications do you have here to make a big noise, who are you? When you give your face, you will call you a master of leaves, not giving you face, you are not a fart!"

No, someone jumped out.

This person Ye Xuan has no image, and does not belong to the forces that used to encircle the ancient swords. At this time, it is obvious that he wants to find Ye Xuan.

"Bold, mad!"

Ling Xuange suddenly slammed into the man's face, but he did not start, Ye Xuan's voice rang.

"stop."

The Lingxuan Pavilion owner subconsciously stopped the action and then retreated to the side.

Ye Xuan stood up and walked over step by step.

"who are you?"

"Hey, the old man does not change his name and does not change his name. The ancient city of the city, the ancient merchants are also!"

"Snapped!"

The ancient business words were finished, but I heard a loud slap in the face.

Ye Xuan actually shot directly, and slap in the face to fly him.

"You dare to beat me, you are a Ye Xuan, you dare to shoot me, I want to kill you! I want to kill you!"

Being slap in the face of Ye Xuan's face with so many people, the ancient merchants have long been angry and even ready to work on Ye Xuan.

"System, detect the strength of this guy."

"Hey, the system prompts, specifies the target, the seven spirits and so on!"

Seven products waiting for God?

Just like this strength, I dare to scream with Ye Xuan. It seems that someone is secretly instructing!

Ye Xuan looked at the ancient merchant and said faintly: "Are you sure to follow me?"

Where the ancient merchants will manage so much now, looking at Ye Xuan with an angry look, said: "Kid, I am going to kill you today, I have to see, what can you have."

Ye Xuan smiled slightly, but suddenly said to the ancient merchant: "Dead!"

In the blink of an eye, a mysterious force erupted from Ye Xuan.

However, no one can detect this power.

The next moment, the ancient merchants who were still thundering, even went straight to the sound.

Hey!

The ancient merchant fell to the ground, and a person around him immediately walked over.

"died!"

what!

Everyone is discolored, this is dead!

Ye Xuan did not even start, he said a dead word to the ancient merchants, the ancient merchants actually died!

"The deification is completely broken, it is no saving!"

The man continued, but looking at Ye Xuan's wooden eyes, he was very incomparable.

At this point, I am afraid that anyone who looks at Ye Xuan's eyes will be amazed.

Ye Xuan may have tried to kill the ancient merchants, and there is no difficulty. However, in one sentence, the ancient merchants are directly broken.

Who has seen such a weird means?

"Is there anyone who wants to challenge me, I will give you a chance!"

Ye Xuan looked at these people and said faintly.

Ye Xuan is very clear that in the current situation, special measures must be used to suppress. These guys, each with their own ghosts, if this is the case, once the war is started, the coalition forces will suffer a lot, then, when they go to the cabinet, it will definitely come to the army.

Without words, there is no sound in the entire hall. In fact, many people here are much taller than Ye Xuan.

Although there is no such thing as a true godland, there are dozens of mysterious gods. Ye Xuan is not only a spiritual \*\*\*\* in the district, but only one product. It is nothing.

However, Ye Xuan's weird attack shocked everyone.

"Since there is nothing to say, now, let's start to discuss countermeasures. As for the city owner, how do you choose how to choose, I just ask, but not now."

Ye Xuan made a sound, and soon everyone discussed the countermeasures.

This time, Mo Shangge is obviously sending a temptation attack.

It can be said that this battle is still very particular, because the strength of the strong side of the coalition is much worse than that of the cabinet. The coalition has only a number of advantages.

Therefore, the first battle must win, and to win the beautiful, win the people who let the cabinet go to the ground that is not allowed to join the army.

After a moment of discussion, I finally got the final plan.

Soon, Ye Xuan took everyone to the front.

This time, the entire coalition's strong players are all dispatched, but they will not be able to do so at all.

The hands-on are just ordinary disciples of the gods and the gods.

There are two thousand tempering teams in Moshang, and only two of them are led by the mighty gods. There are also twenty spiritual elites.

Ye Xuan sent out a team of 5,000 people, most of whom are gods and gods, and there are only five.

However, these people, Ye Xuan used a banned blessing.

Since it is a temptation, then Ye Xuan will tell Mo to go to the cabinet, they do not need to send a strong, but also able to clean up each other.

Only in this way can we let the strongest of the five true gods be jealous and not dare to shoot.

Although this is nothing but a slow-moving plan, it is time to get what the coalition needs now.

Chapter 2223: First power

When the battle is on the verge, the two sides will not have extra words at all.

When I saw that the coalition forces sent out such a disciple with such a low level, the party on the court did not even laugh out. In their eyes, perhaps they felt that this battle would win.

"The ban is open! The first team, attack!"

A spiritual \*\*\*\* disciple shouted loudly, and soon the first team of a thousand members of the coalition forces launched the attack directly.

Fire Dragon is banned!

A very simple attack ban, but only one person can start, and this ban can be carried with you, which is the maximum number of Ye Xuan can be rushed out in the shortest time.

In fact, this thousand bans are already all the bans that the 5,000 coalition forces can carry.

Time is not enough, Ye Xuan can't make more bans.

A thousand fire dragons suddenly broke out, and the scene was spectacular.

The entire sky seems to be covered by the fire dragon.

As soon as these fire dragons appeared, they roared and rushed to the side of the cabinet.

"Boom!" "Boom!" "Boom!"

The sound of successive explosions rang.

The first wave of fire dragon attack, in the moment, let Mo Gege lose a lot here!

"kill!"

The five spiritual disciples of the coalition forces were both at the same time, and five thousand people rushed out in an instant.

Perhaps the strength of the opponent's realm is indeed stronger than his own.

However, under the attack of the fire dragon, the party on the cabinet has already been disrupted, and hundreds of people have been lost.

"Damn, how could this be! Kill me!"

The people who came to the cabinet also rushed out.

The stumps fluttered, the broken arm flew, and the entire battlefield seemed to be turned into purgatory.

The gap in the realm is always an insurmountable gap. As the fighting progresses, the coalition forces are gradually at a disadvantage.

"Master Ye, send out reinforcements, otherwise, our people will be all over!"

One person said to Ye Xuan anxiously.

However, Ye Xuan, who heard this, waved his hand: "No, don't worry, we won't lose, and we won't suffer too much."

Ye Xuan's words made everyone unable to understand, because in their eyes, the coalition forces had already suffered most of the death and injury, and the collapse seemed to be only the next moment.

They don't know what Ye Xuan still has, so they are wondering.

Ye Xuan felt that it should be almost the same, and suddenly the hand was lifted up.

"System, come on! Resurrect these people!"

"Life!"

Suddenly, Ye Xuan's voice came out and spread throughout the battlefield.

The mysterious power of the mysterious reappears.

Those who have already been shattered have all stood up again.

At the same time, Ye Xuan's hands burst into a burst of light, and the light passed through, and one of the seriously injured coalition disciples quickly recovered.

"Hey, the host resources are all exhausted, and the six-word mantra stops!"

terror!

It was only a moment that the whole Mo Court was all messy.

"withdraw!"

Escaped, they escaped.

Because such a battle can't be done at all.

what's going on?

The enemies who managed to kill were able to resurrect in an instant and attack them again.

What is this means!

The coalition side, also looked at Ye Xuan very incomparably.

The moment before, it was a death.

At this moment, it turned out to be a word of life.

What kind of supernatural power does Ye Xuan have?

Life and death are in his words, he is how strong.

Unfortunately, Ye Xuan's bitterness, only Ye Xuan himself knows, the resurrection of so many people, the price that Ye Xuan paid is not something that other people can imagine.

During this time, all the resources collected by Ye Xuan were consumed, and Ye Xuan even extracted some of the power from the swallowing space, and even if this was the case, he fell into weakness.

Within a month, Ye Xuan did not say that the six-character mantra was launched. Even if it was a wave of swords, it would be hard to do it again.

However, watching the enemy retreat, Ye Xuan is satisfied.

Time, what he wants now is time. Only when he asks Mo to ask questions, only if he does not dare to act rashly, Ye Xuan can have enough time to reorganize the inside of the coalition.

Otherwise, once the war is really going on, it will be defeated.

"I am a little tired, I will hand it over to you."

Ye Xuan did not dare to show weakness in front of these people.

With so many people, Ye Xuan did not know whether there would be any spies on the cabinet.

Accompanied by flying smoke, Ye Xuan returned to his residence.

However, only once he went back, he spit out blood, and he has been suppressing his injuries.

Fortunately, now Ye Xuan has upgraded to the blood of the gods - the eternal blood, the recovery ability has been more powerful.

Ye Xuan sits cross-legged, this month, he has nothing to control, can only recover the injury.

Fortunately, Ling Xuan Ge and other forces will help him hide.

The performance of Ye Xuan this time undoubtedly shocked everyone.

The people who were on the cabinet did not dare to act rashly, but only step by step to explore the details of the coalition forces. Inside the coalition, those who wait and see have finally made a choice.

Ye Xuan's room for growth has already made them understand how to choose.

Even if it was originally opposed to Ye Xuan becoming a city owner, it changed his mind at this time.

A word of life and death!

Such a strange supernatural power, let alone see, they have not even heard of it.

The identity of Ye Xuan's banned master, Ye Xuan's upgrade speed, also let them see how great the potential of Ye Xuan's growth.

How can there be some doubts about such growth potential?

This time, Ye Xuan took a full 23 days to recover, although I am afraid there is still no way to fight, but at least there is no problem in walking.

However, when Ye Xuan went out, he found that the entire Lingbo City was lit up, as if something was going to happen.

"Shantou, what's wrong with this? Is it still celebrating the last victory?"

Ye Xuan frowned, if it was because of that small victory, it would be able to make this coalition excited for so long, then the coalition forces fear that it was really not saved.

"No, the son, because of other things, everyone finally made a unified decision and elected the city owner."

"Oh, I see?"

Ye Xuan nodded. If this is the case, then it would be nothing to do with the lanterns.

"Why, isn't the public not curious?"

Flying smoke looked at Ye Xuan, some doubts asked.

"It doesn't matter who is it. As long as the coalition has a real leader, as long as it is no longer a loose sand, it will be much better."

"Oh, the son is generous, but the little woman still has to congratulate the son, the son has been recognized by everyone, the elected city owner, is the son."

"Is it me?"

Ye Xuan is still very flat, and does not show the slightest excitement.

Because in Ye Xuan's heart, this is just a starting point, he will not belong here.

There is no place in the district, and Ye Xuan really does not look at it. In the future, all he faces will be many times more powerful than this.

The vast realm of the gods, the district is not a hundred, what is it?

However, it is still coming.

Under the support of everyone, Ye Xuan became the Chuzhu of Lingbo City, no matter what Ye Xuan thought, but at least, Lingbo City became the first force that Ye Xuan really possessed in the realm of the gods.

Even in Ye Xuan's heart, it is still very weak.

On this day, the entire Lingbo City was decorated with lights, and everyone had a faint smile on his face.

And as many as hundreds of forces have disappeared forever, because they will all be renamed the families of Lingbo City today.

Lingbo City, this new force that can counter the Mo cabinet, is about to be born.

Chapter 2224: Use the secret stone

Ye Xuan went all the way to the city's main government. The people he met on the road must be like him. Now he is afraid that no one does not know Ye Xuan.

Regardless of whether these people recognize Ye Xuan from the heart, but at least after today, Ye Xuan is their leader, their commander.

Among the city's main government, the representatives of the various forces have long been waiting for it. From Ye Xuanyi, they spontaneously gathered in the city government, because they are very clear about what day it is today.

"See the Lord of the City!"

When Ye Xuan walked in, the head of the Lingxuan Pavilion, the 100th floor of the landlord, and the fifth disciple of the disciples led the crowd to immediately admire Ye Xuan.

"Get up."

Ye Xuan is also unpretentious, because he knows that this city seat, as long as one day is still empty, then it will cause people to sneak, morning and evening is a scourge.

Therefore, he is not as good as sitting next to himself.

"What is the lordship ceremony? You don't care, but what I want to ask is, do you have a sneak attack on the cabinet? Is there a manpower to arrange defense?"

Everyone did not think that Ye Xuan would ask this question in the first sentence.

The Bailou stood up and said to Ye Xuan: "The city owner, Mo Shangge should not be so bold. Today, I am Lingbo City, and the strong people gather. Do they dare to attack us at this time?"

"Whether it is not afraid of 10,000, I am afraid that if we attack the US at this time, we all gather here. It is not the best chance of attack. They are the five true gods, let alone all come. Just two or three, can you kill all our leaders?"

Ye Xuan said his own thoughts. He said that all the talents are reacting, but isn't it? If you don't come to the cabinet to act as a dagger, then everyone will be dumped.

"The master of the city, since there is no action on the side of the cabinet, I should not be coming."

"You will think so, then, will the people who are on the cabinet wait for you to think so?"

Ye Xuan frowned.

In fact, if he is replaced by him, then he will not let go of such a good beheading opportunity. Perhaps the reason why he has not acted is because he has not yet appeared.

"The city owner's boarding ceremony was suspended. I will first make some preparations and arrange some prohibitions. Or that sentence, not afraid of 10,000, I am afraid that in case, we Lingbo City can not withstand such toss!"

"Yes, the city owner!"

It was said by Ye Xuan that everyone still did not understand the truth, so that the entire Lingbo City was quickly preparing, and the originally lax people also strengthened their alert.

In fact, Ye Xuan's guess is correct. At this time, in the vicinity of Lingbo City, there have been many invisible eyes and ears, and a large army is ready to dispatch.

This time, the team leader is a super powerhouse!

.....

Ye Xuan came to the highest building in Lingbo City, a tower with 999 floors, called the Yezhi Tower!

This tower is the representative building of Lingbo City. At the same time, it is also the right to symbolize Ye Xuan. It was created only a few days ago. In fact, this tower is only symbolic until now, and there is no actual The function.

But after today, I am afraid that it will change.

The eyes of countless people are condensed on the tower. People know that Ye Xuan has to make some arrangements. However, no one can know what kind of arrangement Ye Xuan is going to do.

Ye Xuan proudly stood at the top of the tower and looked at the giant city under his feet. There was nothing sad or happy in his heart.

"System, I want to use the secret stone, just here, decorate the secret!"

Ye Xuan had a piece of secret stone in the trial of the ancient ancestral hall, which can be used to arrange the secrets at any time and at any time.

However, the layout of the secrets, of course, is to prepare as full as possible, but now there is no time to prepare for Ye Xuan.

"Hey, the host is about to use the secret stone, build the secret, ready!"

“Hey, start to set up a random secret!”

In an instant, after the tower, there was a powerful storm on the second floor, which swept out with the tower as the center.

This is a powerful and powerful storm that comes from the arrangement of the secrets. One circle after another, as if it is ripples in the water, it echoes directly in the whole world.

Yes, it is all over the place, because this force is too strong.

It can be said that many places have already rushed out to other regions!

This pressure is the pressure from the depths of God's mind, a kind of pressure that reveals simplicity and sharpness.

Strong!

vast!

Whether you are a super-powerful true-minded person or an ordinary mortal, you can feel the pressure behind this wave.

Of course, for everyone in Lingbo City, this is a good thing, a good thing that makes them excited.

However, for those who are on the cabinet, it is not a good thing.

Suddenly, the mysterious runes of the ancients began to appear. These are the mysterious runes of the ancient times, and no one has known them. However, the powerful power revealed in this rune is recognized by everyone.

A road rune directly covers the entire Lingbo City, and along with it, there is a sudden emergence of a ban.

"Hey, the system prompts, the first layer of the secret environment begins to be arranged. According to the host's wishes, Lingbo City will become the only entrance to the secret environment and will also become the guardian of the secret environment!"

Along with the system's prompts, the ban will continue to rebuild Lingbo City.

A tower of high towers rises from the ground. This is a guardian tower formed under the power of the secret.

Ye Xuan does not know what kind of secret he got this time, because this secret, this is randomly generated.

However, looking at the towers, Ye Xuan knows that I am afraid that the secret he will acquire will be a secret environment with strong guardianship.

Lingbo City is located on the shore of Lingbo Lake. There is no building on the lake. However, when the secret is launched, there are some high-rise towers built on the lake. These towers will be circled one after another and will be the whole Lingbo City. Surrounded by surrounds.

With Ye Xuan's high tower as the center, there are no forty-nine high towers.

These are the projections of the mystery, the key to linking the mysterious secret with the city of Lingbo!

"Hey, the second layer of the secret, the guardianship is beginning to be arranged!"

In an instant, a road ban suddenly appeared, which is ten times more powerful than the ban on Ye Xuan. This is a ban on the secret.

The same is forbidden, but Ye Xuan, regardless of its power or scope, is much stronger than the arrangement of Ye Xuan!

Based on forty-nine high towers, a circle of encirclement with the ancient atmosphere directly encircles the entire Lingbo City.

Chapter 2225: Harvest belief value

In a flash, Lingbo City disappeared. To be precise, it was completely surrounded by those prohibitions.

"Hey, the third layer of the secret, the big array began to be laid out!"

"Hey, the fourth floor of the secret, the interior space is starting to be laid out!"

"Hey, the fifth layer of the secret, the guardian organs began to arrange!"

Along with the system's prompts, there has been a huge change in Ye Xuan and the places that everyone can see, as well as the inner space of the secrets that cannot be seen.

Countless people admire the ground, they once again witnessed the strength of Ye Xuan, what kind of ability is this?

I am afraid, this is already a powerful force they can't imagine!

"Hey!!"

The sound of the tremor is the sentiment of the ancient sword.

Let the coalition forces have no reason to go to the ancient swordsmanship, at this time, is making a desperate cry!

"Hey, the system prompts, detects the beast that can be used to protect the mystery - the ancient sword, the host is forced to conquer!"

Ye Xuan slightly stunned, did not expect that the ancient swordsmanship will be forced to conquer because of the layout of the secret!

For him, it is not a good news or a bad news.

After all, the ancient sword is the key item for the upgrade of the Shenjian sword, but now it has become the guardian beast of the secret. Doesn't that mean that Ye Xuan will lose this ancient sword?

But Ye Xuan thought about it, but he didn't care so much. After all, the ancient sword was Ye Xuan's short time, and he couldn't help it.

"Conquer, let him be the guardian beast of the secret!"

"Hey, the host command confirms, force the service to open!"

"boom!"

A ray of light suddenly appeared on the magical fisherman's island, and the light directly wrapped the ancient swordsmanship completely. Anyone can see that the ancient sword is trying to struggle.

However, there is no consumption, less than half an hour, the ancient sword is still surrendered to the light.

"Hey, the system prompts that the ancient swords are blessed by the power of the secret, and the realm continues to improve!"

"Hey, the mysterious guardian of the beast, the ancient swordsmanship is elevated to the true state of the gods. As long as it is within the scope of the mystery, the ancient swords will have the power of the gods!"

terror!

Even Ye Xuan feels terrible.

Even if it is directly raised to the real state of the peak, is it not to say that only one step can become the main god!

A little one is in a hurry, and there is a super existence that can become the Lord God!

It is a pity that this guy is nothing but a guardian beast of the mystery. That is to say, there is no room for improvement in the future.

The entire Lingbo City, bathed in the mysterious light of the mysterious world, many people suddenly found that they actually upgraded.

Yes, in the light of this mystery, they have collectively elevated their realm.

"Oh, the special effects of the secret environment are launched. Within the scope of the mystery, those who truly surrender to the host will gain the ability to bless, the more loyal, then the more powerful the blessing!"

Is there still such a hidden setting?

Ye Xuan's mouth is slightly upturned.

This, really can have!

Speaking of it, this hidden setting is considered to be the great welfare of Ye Xuan!

People throughout the city of Lingbo have discovered that the more people who are loyal to Ye Xuan, the faster they are.

Of course, the most surprising thing is that the most uplifting is actually the owner of the fifth hall, which is the cheap master of Ye Xuan.

He even broke through to a product of true God repair!

It turns out that the real concern for Ye Xuan is actually him!

I am afraid that even Ye Xuan himself did not think of this. Perhaps in the heart of Ye Xuan, the hundredth floor of the belief value has been obtained. Lingxuan should be the most loyal to him, but did not expect that it was the master of Ye Xuan. !

"Hey, the system prompts, the host should pay attention to the formation of the secret treasure house, the secret treasure house automatically communicates with the host devour space, and in the future, anyone in the secret will receive one-tenth of it automatically stored in the treasure house and become the host. Private items!"

Great welfare!

This is definitely a big blessing. This kind of setting, isn't that let Ye Xuan have more than 10 million people to provide him with resources!

Ye Xuan smiled, laughing!

The laughter, even in an instant, was passed to the ground.

Regardless of the enemy and me, I heard Ye Xuan's laughter.

"From today, Lingbo City was formally established. If you go to the cabinet, I will look at it. Can you help me!"

In a word, like the thunder and the sky, the whole sweep of the whole world, is not Ye Xuan said? Who else can you!

"Hey, the host gets the faith value!"

"Hey, the host gets the faith value!"

.....

At the same time as Ye Xuan landed, there were systematic prompts.

Even at this moment, Ye Xuan gained more than 500 points of belief!

In other words, at this moment, there are 500 people who have announced their loyalty to Ye Xuan from the bottom of their hearts!

Moreover, this is not over, because from time to time, there will be new belief values.

Rebuilding the faith, I am afraid that it will start from this Lingbo City.

"See the Lord of the City!"

Countless people bowed to the ground. At this moment, no matter whether it is higher than Ye Xuanxiu, or a person lower than Ye Xuanxiu, or whether he truly acknowledges the right of Ye Xuan as the owner of the city, he does not dare to hesitate. Directly worshipped on the ground.

Because Ye Xuan is coming with the pressure of the secret.

"Get up, the ceremony continues."

"Hey, the system prompts, the host should note that the host has initially opened the Zongmen system, and the Lingbo City secret will automatically belong to the host's sect. However, the host is not in sufficient condition to officially activate the Zongmen."

"Hey, the system prompts, the host please note that the host can now set up Lingbo City guardian elders five, guardian guards 500 people!"

Ok?

Even if the Zongmen system is not officially opened, the system can't stand the loneliness at this time, so you have to plug it in!

This can also be!

"Go back to the city, I have to make some rewards."

Ye Xuan said faintly, of course, no one dared to violate him at the moment.

The people followed closely behind Ye Xuan.

At this time, the city government has also changed greatly, and it is more brilliant and spectacular.

Of course, in Ye Xuan's heart, there is nothing at all.

Ye Xuan sat down, and the strong powers of the original forces were standing in front of Ye Xuan.

The former said that there is a reward.

It is extremely strange to be a child of a spiritual \*\*\*\* in a district, to detain the mighty gods and even the true gods. However, no one will question Ye Xuan. From the moment when the secret was born, people knew that they should not use this realm to guess the essence of Ye Xuan.

"I have set a secret in the city of Lingbo. As for what kind of mystery, you should explore it yourself."

"Master, please come out!"

Ye Xuan respectfully said to the Lord of the Fifth Temple. After all, the Lord of the Fifth Temple was the most concerned about Ye Xuan from beginning to end.

"I am in the name of the master of Lingbo City, and the Lord of the Fifth Temple will be the guardian of the Lingbo City, the guardian of the elders, and all the arrangements for Lingbo City and the secrets will be arranged directly by the fifth temple master! "

Chapter 2226: Don't come to the cabinet

"boom!"

A strong light directly descends on the Lord of the Fifth Temple. From this time on, he will become the second person in the entire Lingbo City and Lingbo City secret rights!

The first person, of course, is Ye Xuan.

"Master, five hundred guardian disciples, I will hand it over to you."

Ye Xuan smiled and looked at the fifth temple master. In fact, this is equivalent to handing over the entire Lingbo city to him, because Ye Xuan will leave sooner or later, and now the ancient sword is surrendered, then, Ye Xuan only If you sneak up on the cabinet, I am afraid I will leave directly.

"Okay, I know how to do it!"

Just now, the fifth temple owner has accepted all the news about the secret, and can even say that he knows the secret more than Ye Xuan.

Subsequently, Ye Xuan also detained Lingxuan Pavilion, the 100-floor landlord and two other strongmen as guardian elders.

Although only five people were rewarded, the top right of Lingxuan City is officially established!

Ye Xuan is busy here, and Mo is on the side of the cabinet, and there is no stop.

At this time, the voice of the disciples came from outside the door.

"Report! The master of the city, returning in front, Mo Shangge sent a large army, has gone straight to my Lingbo city."

Ye Xuan nodded and looked at the crowd, then said: "Well, come here today, the benefits of the secret, you will explore slowly later, first with me."

"Yes, the city owner!"

When Ye Xuan came to the city with the crowd, he realized that this time, Mo Shangge is afraid to prepare for a full-scale war.

Also, the secret was born just now, and the people who had been on the cabinet finally couldn't help it. The organization of the extermination completely controlled the first hall of Mo's cabinet. The purpose was not to gradually devour the whole world.

But now, in the midst of the situation, there is a force that can compete with Mo Ge. This is not what the organization wants to see, so they came and prepared to destroy Lingbo City in one fell swoop.

Just as Lingbo City has just been established, they are preparing to take Lingbo City by surprise.

But is it really wise to attack now?

Seeing the powerful army of tens of thousands of people in front, the entire Lingbo City people are grinding their hands.

We must know that many people have already benefited from it. Moreover, after all, the secret environment cannot be entered by everyone. Now is a good time to kill the enemy.

Who doesn't want to improve, who doesn't want to be strong?

Then, if you don't make meritorious deeds, you can get more resources.

Lingbo City, although it is a city, and the rules have not yet been formulated, but the merits and rewards, fear is always there.

What's more, this battle will be decided, perhaps the distribution of the rights of each strength in Lingbo City!

Who does not want to kill the enemy.

I am afraid, Mo Gege can't think of it, the time they chose is actually the worst time!

"You are Ye Xuan!"

An old man stood proudly, faintly asked Ye Xuan.

"Hey, the system prompts, specifies the target, and the seven products are in the real world!"

Seven products are waiting for the true God!

Ye Xuan's brow wrinkled, this guy may not be a person who is not on the cabinet, because even the owner of the cabinet, there is no such high cultivation.

It can be said that this guy has the strength to crush Ye Xuan.

Well, not the person who is on the cabinet, I am afraid, it can only be the person who destroyed the organization.

"I am Ye Xuan!"

Ye Xuan answered and observed carefully.

Unfortunately, he was too low, even if he was observing it, he could not detect the slightest abnormality.

"Haha, good for you, Ye Xuan, betrayed the Zongmen, and even dare to confront a group of gangsters and Zongmen, you can know sin!"

The voice of the man is aggravated. When he said this sentence, it also contained the supreme majesty, as if he wanted to shock Ye Xuan in one fell swoop.

Unfortunately, is Ye Xuan so easy to lose?

How can the true deity be, even if Ye Xuan is in front of him, like an ant, but what about it?

Strength does not mean courage.

"I said that I betrayed the Zongmen? Is it because you are not on the cabinet? Unfortunately, I have never regarded you as a sect of my ancestral hall. My sect is only the fifth temple!"

Ye Xuan said faintly, in his tone, he revealed his disdain for Mo Shangge.

Yes, it is disdain!

In Ye Xuan's heart, from the very beginning, whether it is to join the training camp, or to go to the cabinet, the root cause is to investigate the black hand behind the cabinet.

In this way, how can it be said that it will be regarded as his own ancestral hall?

"Bold! The guy who bullies the ancestors, even dare to be so arrogant! Ye Xuan, the old man gives you a chance to immediately dissolve Lingbo City, then your sin can be forgiven before, otherwise..."

"How else, do you want me to die right? Haha, I want you to die from Ye Xuan, not a bad one, but I have the ability to come. Oh, it's not to destroy, I have to look, What are your skills!"

boom!

Ye Xuan a word, let some people suddenly become a stiff body!

Off!

It turned out to be an organization!

That legend has disturbed the super existence of the gods in the ancient times!

The culprit that caused the chaos of the ancient gods?

Is it going to be revived?

It's not that the organization has long since died out, why, they will still appear.

Of course, the most shocking people are those who are not on the cabinet. They are members of the organization. But the organization can be said to have been low-key after the ancient times, and even once forgotten them!

But why, why are the guys in a district who are in the same spirit, can actually know their existence!

Who is this Ye Xuan, why do they know them, or even know that Mo Ge is controlled by them?

In fact, among the entire Mo Court, only five true gods know this secret, others don't know!

However, Ye Xuan knows, but knows this secret!

Ye Xuan has decided everything, since Ye Xuan knows such a secret, then the representative said that there is no room for negotiation at all.

"Well, Ye Xuan, I have to look at how you can resist this gang of people. Today, I will kill you first!"

With a bang, the man said that he shot and shot directly toward Ye Xuan.

The power of violent, bursting out in an instant.

That is the power of the true deity, and it is the power that Ye Xuan can overcome without a half.

However, Ye Xuan just looked at him faintly, and did not mean to dodge.

Could it be said that Ye Xuan was scared? I don't even dodge, I want to wait for death?

No, of course not, how can Ye Xuan find himself dead.

In fact, when the man attacked, the system did not even send out the alarm.

The ancient sword, this guy who was conquered by the secret, it is time to show its strength.

"Hey!"

A shocking beast.

This horrible monster, which is fused by the ancient swordsmanship without the entity and the powerful sacred beast, is like a mountain and descends from the sky!

Chapter 2227: Long live the city owner

"not good!"

The man who sneaked on Ye Xuan, in a moment, retreated toward the rear in horror, because he knew that if he was not leaving, I am afraid that he would be killed by this ancient sword!

"boom!"

The whole earth is shaking, almost making everyone stand unsteady, the ancient sword, the huge body shape, appears in the eyes of everyone!

"You are looking for death!"

The ancient sword speaks!

This guy, after being transformed by the mystery, has produced intelligence and is able to speak!

In a word, although there are only four words, but these four words, but with infinite pressure.

Let the whole Mo Court all panic.

The peak of the real world!

It turned out to be the true \*\*\*\* of the peak, how can it be so strong.

In the district, there is no one in the world. In this small world that has never been seen by the outside world, there are so many true gods!

It's understandable that Mo is on the side of the cabinet.

However, in a district of Lingbo City, there is actually a true god, and it is still the super-existence of the true gods at the peak, which makes people wonder.

This is a super-existence of the Lord God in one step.

The Lord God is the collective name of the Five Realms of God. Its first realm is the God King, also known as the Lord God.

The panic spread among the entire disciples of Mogaku. After all, the coalition army was composed of various forces. So, there are also people with ghosts.

"Good, strong, we can't beat, can't beat!"

Some people fled, and under the eyes of everyone in Lingbo City, there was actually a small force of hundreds of people who fled from the edge of the Moshang coalition army.

"Haha, a group of daring generations, this guts, dare to challenge me Lingbo City?"

Some people laughed, but they didn't want to think about it. If there was no Ye Xuan, I was afraid that this coalition of Lingbo City had already collapsed.

.....

"Damn, fleeing, killing innocent!"

Suddenly, a voice broke out from the camp of Mogaku.

Then thousands of people directly dispatched and smashed those who fled.

"What are you waiting for?"

Suddenly, it was another sound, but this time, it was said to Lingbo City.

Everyone is inexplicable and doesn't know what that person means.

But soon, everyone will know.

I saw that in the city of Lingbo, more than 3,000 people began to make great damage at the same time. Mo Shangge had already sent a lurker.

Beside Ye Xuan, a guy in the spirit of the gods suddenly rushed toward Ye Xuan.

Look at the scarlet eyes and you will know that this guy actually wants to go with Ye Xuan!

"Damn!"

"Block him!"

"Protect the city owner!"

Lingbo City was in a panic, who could have imagined that Ye Xuan's side had been arranged by Asahi.

However, Ye Xuan did not reveal the look of fear. On the contrary, in his eyes, he even had a drama.

Ye Xuan slowly raised his hand and spit out a word in his mouth.

"dead!"

The six-character mantra was launched. In an instant, the man who flew toward Ye Xuan at the previous moment actually died.

Under the blessing of the secret, Ye Xuan was able to use the six-word mantra to kill the enemy!

"The secret guards are banned, the rebels, killing innocents!"

Ye Xuan's voice came again, still so plain, as if he didn't care about the three thousand rebels.

In fact, Ye Xuan really does not need to care.

In the sky, suddenly a ray of light, Jianguang!

Yes, it is Jianguang. The whole sky seems to be covered by Jianguang. As many as tens of thousands of Jianguang, as if it were raining, they rushed out toward those rebels.

Here is Lingbo City. Here is the secret place. If you want to launch civil strife here, do you rely on these three thousand people?

Far from enough.

"The city owner is mighty!"

On the Lingbo City side, a thunderous sound broke out.

Seeing no, this is their Lingbo City. If you want to engage in civil strife in Lingbo City, do you think too much?

"Megatron, up!"

In an instant, Megatron controlled the sword and flew straight out.

"Thousand beast swordsman!"

Ye Xuan summoned a thousand beast swordsmen.

The eternal blood is caused by the change, so it does not cover the original blood, so naturally, the thousands of beasts still exist.

"God-level mount!"

"Give me kill!"

The instant thousand-headed god-level mount appeared, followed by the thousand beast swordsman and Megatron, and launched the first wave of charge.

"Thousand beasts feast, kill!"

Ye Xuan waved his hand and even ordered it, it was an attacking order.

.....

"Kill!"

"For Lingbo City, kill!"

"Long live the city owner!"

In the blink of an eye, from the wall of Lingbo City, countless people rushed out and directed the direction of Mo's camp, directly launching the charge.

Although civil strife also occurred, Lingbo City was directly banned by the secret ban, and those who started the civil strife were lurking ghosts.

And on the side of the cabinet, it was killed by force.

Then, who is faster and who is slower, naturally at a glance.

At this time, the army of Mo Gege, even did not completely calm the civil strife.

Lingbo City's assault was overwhelming, in the sky, above the ground, countless people shouted slogans and rushed toward Moshang.

And rushing to the forefront, it is the ancient sword.

The people who are on the cabinet shouldn't have to do anything. They shouldn't find the Lingbo City army to fight in the vicinity of Lingbo City. Here, there is a secret blessing, which is simply looking for death.

The battle started, and the \*\*\*\* killing began.

How can the gods be, the gods broken, and the same will die.

The Moshang army, which was still in civil strife, appeared to be somewhat messy in the first contact. After a few moments of fighting, it was directly defeated. The five true gods could only announce the withdrawal.

They have the strength of awkwardness, but on the other hand, Lingbo City has an ancient sword.

After leaving tens of thousands of bodies, the people who took the cabinet rushed back.

"Don't chase, come back!"

Ye Xuan said faintly.

Because Ye Xuan is very clear, in this Lingbo City, relying on the blessing of the ban, Lingbo City can still take some of the cheap.

But if you chase out the scope, I am afraid that this time a big victory will become a fiasco.

Don't look at it now, Lingbo City seems to be the first to get a head start, but when it comes to real strength, it still has to go to the cabinet a lot.

The power of defense may be enough, but you can attack, but it is not that simple.

At the end of the battle, Lingbo City continued to fall into joy.

.....

How can I beat Mo on the cabinet?

Ye Xuan had to consider this issue.

Since the failure of the first attack, the people who have been on the cabinet seem to have learned too much, and they will not rush into the scope covered by Lingbo City.

Ye Xuan also tried to send a man to attack.

However, both actions ended in failure.

After all, if the scope of Lingbo City's mystery is out, then everyone in Lingbo City is really a huge gap.

Ye Xuan is sitting alone in the city's main government, thinking constantly in his mind.

Chapter 2228: Mo's new conspiracy

After getting the falling, Ye Xuan just wants to solve the problem here quickly, and then go out to experience, so that he can find the landing as soon as possible.

"It seems that I can only do this!"

Ye Xuan thought for a long time, but only thought of a feasible way to consume, that is, dare to die!

Whether it is a god-level mount or a flower god, the flower goddess is the ability to have an infinite resurrection. As long as the cooling time is over, you can call again.

The daring action prepared by Ye Xuan is specially set according to this characteristic. Ye Xuan is ready to use the god-level mounts and the flowers of the gods to die, to consume the strength of the cabinet!

Of course, it is inevitable, but also with the ban!

"System, began to make a lot of powerful attack defenses."

"Hey, the system prompts, the host please note that a large number of production prohibitions require a lot of resources, the host is currently insufficient resources, can not be used!"

No resources!

Ye Xuan frowned.

Indeed, he has no resources for now.

Then, let's open the secret.

"Taro, go find my master."

"Okay, son."

Feiyan basically stayed with Ye Xuan's side, got Ye Xuan's order, and soon found the fifth temple owner.

Ye Xuan did not delay the time. After directly discussing with the Lord of the Fifth Temple, he opened the secret test.

Of course, this secret, Ye Xuan himself will not be too interested.

What he is interested in is that after these people enter the secret, they will be given a tenth of the resources.

When the people who were in the cabinet were trapped outside the city of Lingbo, the interior of Lingbo City opened the secret.

One disciple entered the secret world from the tower that was renamed the Tower of the Secret, and constantly improved his strength.

These disciples entered it and brought a lot of resources to Ye Xuan.

It is a pity that most of these resources are not special resources.

Of course, Ye Xuan does not need special resources.

One by one, the ban was quickly made, and Ye Xuan would not use it immediately but hoard it.

Ye Xuan is preparing, so why are you not prepared?

What Ye Xuan didn't know was that when he was on the cabinet, he was also stepping up their actions, which was to summon the ancient demon.

Awakening this powerful demon with the way of the 900,000 totem beasts is the biggest goal of Mo Court, and it is also the value of Mo Court.

They have never given up.

However, because of the emergence of Lingbo City, Mo Shangge also gave up the previous low-key collection, but instead plundered.

Those who are sad, think that they are neutral can avoid the forces involved in the war, it can be considered a bad mold. As long as they have swallowed beasts, they will welcome the looting of the cabinet.

It's nothing to rob the swallowing beast. If you go to the pavilion, you will kill people. The city is shattered, just because they have what they want.

Of course, the brutality of the cabinet will undoubtedly allow those neutral forces to choose to join Lingbo City. This is undoubtedly a good thing for Lingbo City.

Outside of Lingbo City, dozens of new cities have been formed, just because Lingbo City is simply not enough to accommodate so many newcomers.

Ye Xuan does not care about this, he does not have the energy to manage.

If it is all things, let Ye Xuan personally, I am afraid that Ye Xuan can not have so much energy!

People who continue to have Lingbo City enter the secrets to explore treasures and trials. For them, they can get huge benefits, but for Ye Xuan, they can also get huge benefits.

In fact, the existence of the secret environment itself is a consumable, because the growth of resources inside takes time. Fortunately, the secret of Ye Xuan has just been established, so the resources inside are relatively rich.

Besides, even if you enter it and don't ask for resources, just ten times the speed of cultivation can make people crazy.

Ye Xuan is now impossible to limit, because he needs a lot of resources, because he needs to refine a large number of prohibitions, and may limit the entry to the future, but at least not now.

At this time, countless resources were banned by Ye Xuan refining.

These bans will be immediately equipped on each of the god-level mounts and the cool time of the flowers, and then rushed out.

Outside of Lingbo City, there was a strange scene.

Every day, from the city of Lingbo, a group of beasts will be rushed out. Most of these beasts are not high in realm, but they are equipped with small prohibitions.

These beasts will rush into the camp of Mo, and kill themselves. When they are suppressed, they choose to blow themselves.

Such madness has brought a lot of casualties to the ordinary disciples of Mo Gege, and even many ordinary disciples will count the time.

As long as those beasts did not appear, they would be careful, not even taking a break, but after the madness of the beasts, they would once again be active.

This scene is being played every day.

At the beginning, Mo Gege also retaliated against Lingbo City, but unfortunately, guarding him in the secret, but in vain.

Therefore, they can only wait and wait for their reinforcements.

After the end of the first battle, Mo Gege has already ruled out two true powers to \*\*\*\* the mysterious magic weapon.

Lingbo City is preparing, and Mo is on the court, it is also preparing.

Time is three years.

The three-year opposition is nothing in the realm of the gods. It can be said that it is only a trivial time.

However, on this day, Mo Shangge finally made their preparations.

Resurrection of the ancient demon is not so easy, but the secret magic weapon has arrived.

This is a magic weapon of its size and its size. It can't even be transported with Qiang Kun. It is just that, it is enough to explain his speciality.

.....

"Not good, it is the ancient hammer!"

"If you go to the cabinet, how can you have such a magic weapon? This is a magic weapon that will be used in the war of the Lord God. They got it from somewhere!"

Seeing the moment of the magic weapon, the strong people in Lingbo City are all chilling.

Ling Xuange looked at the magic weapon and made a sound of mourning in his mouth.

The ancient days of the hammer?

What is this?

After Ye Xuan heard the words of Ling Xuange, it was quite strange.

"System, detect that thing, I want to see what it is!"

"Hey, system detection, data collection!"

"Hey, the system prompts, the specified target, the small ancient hammer! It is a special strategic magic weapon invented by the ancient great power. This magic weapon needs a true \*\*\*\* strong, and leads a hundred Xuan Shenqiang strong people to control. The \*\*\*\* of the true \*\*\*\* and the hundred gods of the mysterious gods condense, attacking once!"

"Hey, the system prompts, the host please note that this magic weapon is enough to break the dual protection of invincible prohibition and secret guardian!"

what!

Ye Xuan is also very calm, no wonder everyone will be so fearful.

Chapter 2229: Death squad

This thing is enough to destroy the dual protection of invincible prohibition and guardianship of the secret, that is to say, this is simply a magic weapon for siege.

Looking at the disciples who were busy assembling the old hammer, Ye Xuan bit his teeth and shouted: "Lingxuange, immediately pick a thousand death squads and destroy me the ancient hammer!"

It can be said that this is a task that has no return.

A thousand people rushed into the camp of Mo Shangge, and they also had to break through the defense line of Mo Gege, and then destroy the ancient hammer, which is an impossible task.

However, everyone knows that if you don't do this, then the entire city of Lingbo will suffer.

"Listen, this action, I will be rewarded when I can come back alive. At the same time, I will resurrect you once, so you can let go!"

When the death squad gathered, Ye Xuan said to the crowd.

It can be said that even if these death squads are selected, many people have a desperate attitude.

But Ye Xuan gave them new courage and gave them the goal of struggle.

The urban masters may have resurrection ability, that is, they may not really die, and once they return, the rewards given by the urban masters are absolutely many.

When I heard Ye Xuan's words, everyone was excited. I had a new perspective on this mission of daring to die.

This is an opportunity. Once you make meritorious deeds, Ye Xuan will never treat them badly.

It can be said that the death squad that was formed this time is already elite in Lingbo City.

As many as three hundred spirits, seventeen strong gods, and the rest are all superior heavens.

This is the strongest combination that Ye Xuan can take out. Of course, this is not to say that this is the strongest presence in Lingbo City, but the necessary defense is to stay.

Therefore, this team has already counted the strongest elite that Lingbo City can gather.

Ye Xuan stood in the city, behind him, the death squad is ready to charge.

Of course, there is no way to prevent it from being on the side of the cabinet. In fact, they have arranged three whole defenses, and they are actually seated by three true gods!

"Give me kill!"

"Thousand beast swordsman! Flower \*\*\*\* swordsman! Give it to me!"

A loud bang, Ye Xuan, the god-level mount army once again set off.

And on the side of the cabinet, seeing these beasts, they decided to withdraw from the front line very decisively, because they know that these guys are simply coming to die. If you want to fight, then these beasts will blow directly and take you Die together.

"Damn, Lingbo City has come to this trick again! Give me a long-range attack, don't fight me!"

Ye Xuan's long-standing harassment tactics, at this time, actually played an unexpected effect.

The first line of defense, Mo Shangge actually chose to give up.

"The death squad! Chong!"

The door opened again, under the leadership of Lingxuan Pavilion, a thousand death squads, rushed out without fear of death.

"Not good, \*\*\*\* it, they have reinforcements this time, fast, come back to the line of defense!"

It's a pity that I want to go back to the line of defense now, how can I come!

"Forbidden to launch!"

A bang, in the sky, a variety of dazzling ban attacks launched instantly.

Or the dragon dances, or the swords and swords, in a flash, directly across the entire line of defense.

Some of the disciples who obeyed the order and wanted to go forward were strangled without suspense.

And the ones who have escaped, but they will not feel good, because the army of beasts has already been killed.

The first line of defense collapsed, and the second line of defense collapsed!

However, the army of the beasts can only do this, the third line of defense, they can not break anyway.

However, at this time the death squad has arrived, and the same is to ban the attack.

With Ye Xuan, as long as there are enough resources, then the prohibition is simply equal to infinity.

Of course, even this small ban can not be equipped on a large scale. In fact, the small ban carried by the death squad is the most sophisticated and powerful banned by Ye Xuan.

The third line of defense, broken!

Without any suspense, under the attack of the catastrophe, no one is willing to rush to death, so it is destined to be unstoppable.

"Damn, stop me and protect the ancient hammer!"

The five true gods who have been on the cabinet have already been dispatched.

It is a pity that the death squad knows that Ye Xuan will resurrect them so that they attack the unusual madness.

Even a lot of people, in order to be able to open a channel behind them, directly chose to blow!

With self-destruction as a means of attack, who can resist living, even those who are really strong, do not dare to face hostility.

"Chong, I rushed in with me!"

Ling Xuange main rushed to the front, constantly screaming in his mouth.

At his side, a disciple of Lingxuan Pavilion fell, but he did not look at Ye.

In his eyes, only the ancient hammer!

Close, near, closer.

"Self-explosive attack!"

The Lingxuan Pavilion screamed loudly and took the crowd directly to the ancient hammer.

As long as there is still a breath, as long as you can move forward, the pace of the death of the players will not stop!

"boom!"

When the first self-explosion sounded, it seemed to be a good agreement, and there was a constant self-explosion.

That huge ancient hammer, it is not known how to get the magic weapon from where the cabinet came from.

Even an attack has not yet had time to launch, but it is directly destroyed by the crazy death squad!

"it's time!"

Ye Xuan looked at the battlefield in front, and at the moment when the ancient hammer was destroyed, he also launched his own attack means.

"System, mobilize all resources, I want to resurrect those people!"

"Six-word mantra: raw!"

With the voice of Ye Xuan, the power of the mysterious suddenly broke out.

A mortal member who has been killed or blew himself, is magically resurrected. After these people were resurrected, they saw that Ye did not look at the front and fled directly to Lingbo City.

At this time, the ancient swords, the fifth temple owner, has already been on the edge of the guardian of the secrets waiting for them.

Destroyed the ancient hammer, how can it be so easy to let the death squads escape.

At this time, there was no self-destructive attack. The five true gods were just like wolves entering the flock. They slaughtered the death squad of Lingbo City.

However, even if they rush all these people to kill, but the broken hammer, but it is impossible to repair.

escape!

The escape of no life.

Everyone will not look back at it, the task has been completed, as long as it is able to escape, it is victory.

It is a pity that even so, a thousand death squads, but less than two hundred people escaped.

The gods were completely destroyed, and the spiritual gods lost most of their lives. Even the super strong ones of Xuan Shenjing, when they went out, there were only seventeen people. When they came back, there were only eleven people!

Fortunately, the Lingxuan cabinet owner did not fall.

This is a very miserable victory, but it is also a fatal blow to Mo Gong.

It can be said that without this ancient hammer, there is no way to actually launch an effective attack on Lingbo City.

Chapter 2230: Resources, resources!

Ye Xuan looked at the people who came back alive. He promised that these people would reward them, then he would not renege.

But now, Ye Xuan is powerless, resources, and resources. Ye Xuan's resources have already been consumed when they resurrect these people.

"I promised that you will reward you, then I will do it when I say it, take a rest, and after a month, I will fulfill my promise."

One month, Ye Xuan can accumulate some resources, but perhaps not enough.

It can be said that Ye Xuan's best reward is to give these people a realm or treasure directly with the eternal reward.

Unfortunately, Ye Xuan has no eternal point at all.

Therefore, what Ye Xuan can do now is only to use resources to exchange some magic weapons to the system.

Although Ye Xuan is the owner of Lingbo City, in fact, Lingbo City is also a poor clinking, so resources always seem so inadequate.

Everything is a resource. Ye Xuan is too short of resources.

It can be said that during this time, Ye Xuan's brows are locked.

He didn't even improve his realm, because all the resources were used by Ye Xuan in other places, so that he had no resources to swallow.

Although he used to plant the heavens and earth treasures in the devour space, the heavenly treasures of the gods can grow up without taking time and require a specific environment.

It's almost useless to devour space for 50,000 years.

Moreover, after the deity of the gods, simple cultivation is difficult to break through, and it is necessary to rely on the combination of heaven and earth, so resources are very important.

.....

"The son, Ling Xuange seeks to see."

On this day, Ye Xuan was still worried about resources, but he did not want to fly outside and shouted at him.

"Let him come in!"

Lingxuange, in the last death squad, can be said to have paid a great price.

Among the one thousand people, including nearly 600 people in Lingxuan Pavilion!

And back, but there are fewer than 30 people!

"You looking for me?"

Ye Xuan looked at Ling Xuange, asked plainly.

"Yes, God Emperor, this time, I want to give you something that belongs to you."

"What belongs to me, what?"

Ye Xuan looked puzzled at Ling Xuange, he did not know the Lingxuan cabinet owner, what is to be handed over to him.

"The Emperor of the Emperor is this thing. This is the secret treasure of the Emperor's secret treasures under the control of the five ancient bereaved families. I have one of them."

"Okay, I have accepted it."

What is the secret treasure of the ancient gods?

Maybe there is something good, but unfortunately, Ye Xuan just took it.

Because of this, I can't bring the slightest help to Ye Xuan now.

Ye Xuan paused for a moment, only to find that the Lingxuan Pavilion owner had not left yet, so he asked him in confusion: "Do you still have something?"

"Yes, God Emperor, I know from the smoker, you are worrying about resources, maybe I can help you."

"Well? Are you talking about resources?"

"Yes, the Emperor of God, my fire department is an ancient survivor after all, naturally it has accumulated a lot of resources."

"How much? What are they? What I need is a genius treasure. Ordinary items are not useful to me."

Ye Xuan looked at Ling Xuange and asked.

"Adults, you can look at it yourself, small feelings, maybe these items can help adults."

Lingxuan Pavilion handed a rather strange Qikun ring to Ye Xuan, which is the accumulation of the fire department. It can be said that it is almost all the furniture of the fire department.

Ye Xuan took over the Qiang Kun ring, and God swept away and immediately fell into ecstasy.

Sure enough, they are all good things. Not only do they have some special resources, but ordinary resources can also be described as massive. With so many things, it can be said that for Ye Xuan, it is undoubtedly the carbon in the snow.

At least for a short time, Ye Xuan finally did not have to worry about resources.

With resources, Ye Xuan can finally squander one.

He promised those surviving death squads and rewarded them!

And now, it is time.

"System, I want to use resources to exchange magic!"

When I first entered the realm of the gods, the system has already opened a store-like function, but unfortunately, Ye Xuan has been very poor.

Now that Ye Xuan uses the store, it is actually to exchange things for others, and I don't know if this is not unbelievable.

These people have completed the mission of Ye Xuan in his life, so Ye Xuan will never be treated badly.

Only in this way, after Ye Xuan let what to do, will someone be willing to die!

Therefore, this time, Ye Xuan directly prepared an attack magic weapon, a defensive magic weapon, and another remedy that can improve the cultivation.

Not as expected by Ye Xuan, when his reward was issued, it caused a sensation directly in the entire Lingbo City.

People simply don't care why Ye Xuan can come up with so many good things. What people care about is just what Ye Xuan has come up with.

In the eyes of everyone in Lingbo City, Ye Xuan has already been omnipotent, and will not evaluate Ye Xuan's strength because of Ye Xuan's realm.

Of course, since it is sent to the death squads, Ye Xuan will not be ill-treated.

"This time, I have to break through to Xuan Shen directly!"

Ye Xuan is now full of resources and natural gas is also full.

However, he still underestimated the consumption of resources.

Yes, Ye Xuan upgraded, and swallowed countless resources directly in one breath. When the system prompts, Ye Xuan has already advanced to Xuan Shenjing!

"Hey, the host breaks through, and the current one is inferior!"

"Hey, the system prompts, this upgrade, consume one-third of the host's reserve resources!"

In addition to the consumption of the magic weapon from the system, the resources sent by the fire department, Ye Xuan one day, they used two-thirds!

If Ye Xuan deliberately controlled, leaving enough reserves for the next battle, even now it may be gone.

"Hey, the system prompts, the host please note that the host has broken through to the mysterious state, and the resources needed to swallow the upgrade will be doubled!"

"Hey, the system prompts, the host please note that the host breaks through the mysterious realm, and the ancient gods inherit the inheritance again!"

Did the ancient gods inherit the inheritance again? This time, Ye Xuan is also in the Xuan Shenjing, and I don't know, in the inheritance of the ancient gods, can you leave something useful to Ye Xuan.

"System, check out this time the ancient gods passed down to unlock something, is there anything useful?"

"Hey, data retrieval!"

'Hey, congratulations to the host for obtaining special items, the ancient species, the system is automatically synchronized! "

"Hey, the system prompts, the system will be able to provide the host with most of the gods, races, and other news!"

"Hey, congratulations to the host for obtaining special items, the ancient gods of the seventy-two main divine maps!"

"Hey, the system prompts, the system will be able to provide a comprehensive map guide for the host in the seventy-two main gods of the ancient gods."

Species and maps can be counted as good things, but what is the use now?

Maybe you can use it later, but this reminds Ye Xuan, maybe he can pay attention to collect the map for the system to use.
