### Chapter 2231: Excalibur Valley Ban

The resource issue is undoubtedly a big problem for Ye Xuan.

In fact, it is true that Ye Xuan's engulfing space can be a kind of \*\*\*\* medicine, but first, the resources that Ye Xuan needs are not only resources such as Shenshen Shencao, but also many other resources.

The magical medicine is no more than the elixir medicine. Many \*\*\*\* medicines not only have a special environment, but even the divine power required is specific. Therefore, Ye Xuan's engulfing space can only grow a small part of it, and most of the rest, there is no way in his planting space.

As for other resources, such as the magic weapon, it is even more impossible to rely on the phagocytic space to grow.

Maybe Ye Xuan can improve the engulfing space in the future, making it more suitable for planting, but now it is not enough.

In addition to resources, it is the problem of the cabinet.

In fact, Ye Xuan can not take care of it. The little one is in a state of nowhere. He is allowed to be occupied by the cabinet and allowed to control the organization. For Ye Xuan, there will be no great influence at all.

He can continue to look for the landing to complete his mission.

However, Ye Xuan couldn't do it. Since he came to the realm of the gods, he came here, perhaps with his own instinct.

Ye Xuan, will not let go.

.....

Now that there are resources, then Ye Xuan can do a lot of things.

It is time to solve the problem of Mo Shangge, the strongest of the five true gods, Ye Xuan really can't deal with it now, but if you know the ants, then Ye Xuan is definitely a good thing.

"System, I need to refine a powerful attack defense. Do you have any good suggestions?"

"Hey, the system prompts, according to the needs of the host, the system gives three choices, please the host decides."

"Hey, choose one, the host can refine the special summoning ban, the door of the magic edge. Once this ban is opened, it will open a portal to the mysterious land to summon the demon gods to help."

"Hey, the system prompts, this ban can summon powerful Devils, but it is not easy to control!"

"Oh, choose two, the host can refine the order to destroy and ban, this ban has a very strong single attack ability, almost can kill any target under the realm of the Lord."

"Hey, the system prompts that order destruction can only be attacked three times! And it requires a lot of resources."

"Oh, choose three, the host can refine the Excalibur Valley ban, this ban can summon the infinite sword from the Excalibur Valley to attack the enemy, and continue to fight according to the resources provided by the host."

"Hey, the system prompts that once the Excalibur ban is turned on, it needs the host to use divine power or resources to maintain it."

Ye Xuan looked at these three choices and frowned slightly. It can be said that the three choices are not the most desired by Ye Xuan.

"System, is there no other choice?"

"Hey, the system prompts, the power is more prohibitive, the current host level is not enough, can not be refining, but the power is not enough to prohibit, do not recommend the use of the host!"

It turns out that it seems that its own realm has now become the main reason for restricting the refining of refining.

Three choices?

Ok, then choose one of the three!

Summon the demon gods, Ye Xuan first ruled out, because Ye Xuan is not sure, he summoned those people, can you send them away.

And the power of the most powerful order to destroy, Ye Xuan can not be used, after all, can only attack three times, even if Ye Xuan successfully killed the three real powerhouses, but for the entire situation, the impact is not great.

Therefore, Ye Xuan can choose, in fact, there is only one, the Valley of Excalibur!

"System, began to refine the Valley of Excalibur!"

"Hey, the system prompts that this refining takes seven days. It will require half of the resource reserves of the host. Is the host confirmed?"

"confirm!"

Half of the resource reserve?

As long as it is able to eliminate the cabinet, then Ye Xuan does not care, even if Ye Xuan is very lacking in resources, but in fact, no, how can it be?

Ye Xuan is not a miser. He wants resources, but he does not mean that he will be a miser!

Seven days, Na Yexuan waited for seven days.

At this time, in the back of Moshangge, the plundering totem beast has once again begun to be smashed. Now, their hopes are all pinned on the call of the ancient demon gods, so the speed is also a lot faster.

In fact, now Mo Gege has gathered as many as 900,000 totem beasts!

In other words, only 90,000 heads can execute their plans.

At the moment, as many as 80,000 totem beasts have been shipped from other places.

It can be said that both sides are nervously prepared.

At the same time that Ye Xuan refining the system, he also issued an order for comprehensive preparations.

The entire Lingbo City has been mobilized. No matter what it is, people are nervously prepared at this time. Everyone knows that this is an unprecedented war and even a battle to determine the fate of Lingbo.

Seven days, but only blink of an eye.

When Ye Xuan looked at the super banned by the 666-faced flag that he had refined in front of him, Ye Xuan's heart was much quieter.

The last battle!

Now, it is about to begin.

.....

Ye Xuan stood at the top of the city government, and looked at the tens of thousands of troops gathered under his feet. There were no sorrows and no joy on his face. These tens of thousands of people were the elite forces in the entire Lingbo City.

These tens of thousands of people are all composed of the gods and gods. As for the human condition, I am afraid that there is no room for play in this battle.

"Everyone, I don't want to say anything extra. If we are fighting, I think everyone is very clear. If you don't want to be a jealous person, then pick up your magic weapon and fight for it!"

"The enemy is very strong. There is no doubt that the cabinet is rich. They have five true gods. Their average realm is higher than us!"

"But what about it?"

"We will never give in to Lingbo City. You should also know that what you have done on the Mozambique, what is going on, is not ours, it is our home, it is the home of all of us. !"

"Fighting, let us fight together, let us fight together, let us die!"

Ye Xuan's hand was lifted up high, and suddenly he made a fist and shouted loudly:

"The death battle does not retreat! The death battle does not retreat!"

Tens of thousands of people, not hundreds of thousands of people shouted loudly, all the people who surpassed the human world came. This time, Lingbo City, all the strengths, God's humanity may not be able to play in the frontal battlefield. Too big a role, but they will also act as a reserve team and flanking.

As farther away, countless mortals look at this, their fate, only the soldiers who gave the station, they even have no right to the battlefield, because they are too weak.

"set off!"

Ye Xuan waved his hand, the city gate of Lingbo City was opened, and everyone directly sneaked out.

Chapter 2232: First wave

On the other side of the cabinet, how could you not see the action of Lingbo City.

At this time, the owner of Mo Gege looked disdainfully at the army of Lingbo City and said faintly:  
"These ants who are looking for death are huddled in the city. Maybe they can live for a few more days, but since they are going to die, then, We will fulfill them!"

"Haha, a group of rabble, what can they have besides a large number of people? Want to fight against us, find death, this time, it is all to kill them!"

The same is true of a true deity, with a mysterious mask on his face, making it difficult for his entire face to be seen. Almost everyone calls him a masked sage.

Because no one knows his name, no one knows his appearance.

"Mask, don't underestimate the enemy, the opponent still has some means. The last time they showed up the resurrection, it is not a leisure."

This person is called Magic Sky, and the best thing is to kill the magical power.

"Fantasy, you don't have to be arrogant. Organizing to send us to this place is also a trust in us. We just didn't think that we have been operating for more than 100,000 years. We watched the ancient demon gods be resurrected, but some people jumped. Come out and find death."

This person is the strongest of the five people, no one knows the name, everyone is used to calling it the boss!

"Boss, let's order, let me rush, kill those guys, the taste of blood, I like the taste of blood, the more blood of the strong, the more I can make me excited, haha, their real gods And the strong man of the true deity, I have to unscrew their heads and drink their blood!"

Killing God of War is his claim.

However, those who are on the cabinet are more willing to call him a murderer.

"Killing, your task is to look at that Ye Xuan, that kid is not simple, the realm is very low, but you can take care of this Lingbo City, can not be ignored. Well, don't go to the Lord, gather you Disciples, since the people of Lingbo City are coming to die, then we don't need to be polite."

The boss spoke up, there is no pre-war mobilization, because for Mo Gege, this is not needed.

A disciple who was named to the cabinet began to gather.

The two sides are facing each other. It can be said that such a distance can be easily attacked even by the human condition, but no one starts first.

The boss stood up and looked at Lingbo City. He said faintly: "The ants, you still have the opportunity to choose, surrender or die!"

Despise, this is the contempt of the fruit, perhaps in his eyes, the people of Lingbo City are not worth mentioning.

Ye Xuan also stood up. This strong realm of the gods, since he will actively speak, then Ye Xuan believes that he will not attack.

"Hey, want us to surrender? Then, let's just let go."

"Hey, kid, you are the genius Ye Xuan, I didn't see it. I have already waited for a sacred \*\*\*\* to repair. The speed of this upgrade is really fast enough. It is a genius. But, a product. Inferior mysterious god, what qualification do you have to talk to me!"

"boom!"

Suddenly, a strong force came directly.

It seems to be an invisible wave that rushes directly to Ye Xuan.

"Hey, alarms, alarms, the host is under strong attack, the system automatically defends!"

"Oh, the crisis is lifted!"

Just one sentence, not only let the system automatically defend, but also more than a dozen guards around Zhen Xuan!

So strong!

This person is so strong!

The true state of God, it is not a mysterious state can challenge.

Ye Xuan looked at the man. At this time, Ye Xuan, although he did not suffer any harm, but it also appeared a bit wolf.

"Kid, you are looking for death yourself, then I will fulfill you! Kill me!"

The person who was on the cabinet actually took the initiative to attack!

Also, in their eyes, the people of Lingbo City are a group of rabble.

The black-pressed figure rushed directly toward Lingbo City. These people are the melee players who mainly cultivated the refining spirits.

Behind them, countless people have already launched a supernatural power.

Various mysterious attacks have been attacked wildly.

"kill!"

Ye Xuan also shouted. In an instant, Lingbo City's refining body also rushed out, and at the same time, a light curtain was born.

"Boom!"

In the sky, the energy is vertical and horizontal, and the constant void cracks are shredded, and then quickly repaired!

Above the ground, the earth has been destroyed in an instant.

More than a dozen mountains around the battlefield, only the first wave of attacks began, has been razed to the ground!

In the sky, fireballs, thunder and lightning, blizzard, or a variety of weird laws, the beasts, the ghosts of the demon are constantly rushing.

A strong man screamed in the cry, and one of them was able to fall in madness.

The battle has directly entered the heat from the beginning.

"Flying smoke, start the ban!"

"Yes, son!"

Ye Xuan knows that this battle is a deadly battle, so he has already been fully prepared, and his resources will not be used from the beginning.

Under the leadership of the flying smoke, more than a thousand disciples of the gods and as many as 30,000 disciples of the gods gathered together, directly opening the prohibition of the Excalibur!

Ye Xuan is the core of the entire ban and the controller.

"Let you taste the power of sword shadow!"

Ye Xuan waved a hand, the next moment, the sky has gathered a myriad of swords, these are the phantom projections of the Excalibur in the Valley of the Excalibur, for a time, even across the sky.

"Hey!"

Numerous swords and rains rushed out and crossed the crowds that were being strangled in the central area, directly falling towards the back of Mo.

"defense!"

The disciples who were all on the court gave their own defensive magic.

But can you really be prepared?

"boom!"

A sword was dropped on the ground, and several disciples who were on the cabinet were directly blown out.

Although the magic weapon on them is still guarding their bodies, the numerous swords that followed have directly broken their defenses and shattered their bodies.

"boom!"

A Janguang directly hit a disciple of Mo Gege. In an instant, the disciple was directly smashed into meat, and the dead could not die!

The sword is like a rain.

What Ye Xuan wants is this effect. What is needed is a wave of suppression.

From the beginning, Ye Xuan did not think about opening the ban for the second time.

A wave, only one wave, a wave of killing.

The power of violent outbreaks.

Mo Shangge paid a heavy price for their light enemy.

Every second, there are hundreds of disciples who die or are injured. In fact, once injured, it is equal to death.

Because of the injury, they are even more impossible to defend.

Under the control of Ye Xuan, those sword rains continued to fall toward the crowd and harvest life.

Where there are many people, Ye Xuan will attack where.

"The \*\*\*\* kid, there is such a means, you think, you have a wide range of attacks!"

"Wan Shanfeng, give me off!"

Chapter 2233: Each magical power

There is a weird magic weapon in the hands of the mask. This magic weapon seems to be a rockery. But as the mask is thrown out, it will be turned into a mountain range in an instant, and there are countless figures on the mountain.

Those people are constantly attacking, and the entire mountain range is directly falling toward the people of Lingbo.

"boom!"

I don't know how many people were crushed by the mountains, and I don't know how many people were killed by the figures above the mountains.

How is the god, the powerful god, in the face of the war, also appears so fragile.

"Destroy, give me to die!"

It is also a super-powerful shot of a real god, and it is the boss.

The power of violent explosion broke out from him, and an invisible light curtain suddenly appeared.

The light curtain, like a pot lid, is directly attached to the ground, including some of the disciples of Mo Gege, and a large number of disciples of Lingbo City.

"burst!"

"boom!"

In an instant, the powerful mysterious magical powers actually blew directly, and all the self-explosive energy was squeezed toward the center.

A huge \* formation, that is the body of countless Lingbo disciples, and a part of the body of the brothers of the cabinet!

"Damn!"

At the same time of shocking, Ye Xuan also felt that his heart was bleeding. These two waves of attacks directly emptied a corner of the Lingbo City camp, fearing that it would not be directly killed by thousands of people.

This is the strength of the true God!

Ordinary gods and spiritual gods, in front of them, is really like an ant.

"Give me to die!"

Ye Xuan suddenly urged the Valley of Excalibur to ban, and in the sky, a huge horror sword appeared. This sword is afraid of a length of 10,000 meters, a width of a kilometer, and a horrible atmosphere, even him. As soon as he appeared, there was a tremor in the void around him.

"Give me death!"

Ye Xuan's hand waved, and the horrible sword was directly dropped.

"Booming."

The earth is broken, within a few hundred thousand meters of the radius, as long as it is not escaped, even a live mouth does not stay, or even can not find the body.

"Megatron, dispatch!"

Megatron controlled the sword and directly rushed out.

However, he is not fighting. With the strength of Megatron, even if he joins the battle, he does not have much effect. He is going to collect the Qiankun Ring. Ye Xuan needs resources, and those who are scattered everywhere, This is the goal that Ye Xuan collected.

In the war, in fact, from the beginning, Ye Xuan has such a plan.

Those Qiankun Rings may have a ban on seals, but in the face of Ye Xuan and the system, there is no use at all.

A sword is on the battlefield, and it is hard to be noticed.

After all, the swords on the battlefield, the magic weapon flying, who can care about the movement of a sword.

A piece of Qiang Kun was taken away by Megatron and then transported to Ye Xuan.

Ye Xuan will not control what is inside, and will all turn into the power of the prohibition of the Excalibur Valley, urging the attack.

"boom!"

"Boom! Boom!"

Every time Ye Xuan attack, it will cause a lot of casualties, and human life is so fragile on the battlefield, even if it is a god!

.....

"Damn, the kid must kill, kill, go, kill me!"

"Well, you must complete the task!"

Ye Xuan finally caught the attention of the enemy.

At this time, the killing \*\*\*\* of war directly rushed to Ye Xuan. In his hands, a mysterious magic weapon like a crescent moon constantly harvested life, but he did not care about these people at all. His goal was Ye Xuan.

"Roar!"

The ancient swordsmanship also rushed out. At this time, the ancient swordsmanship is the guardian beast of the mysterious world. Although it has already come out of the scope of the mystery, after all, he originally possessed the true deities, so he will go to fight the killing. God of War.

"Hey, don't go to the cabinet, you go to support."

In an instant, Mo Shangge also rushed to Ye Xuan.

"Apprentice, I will hand you here."

A voice came from behind Ye Xuan.

It is the voice of the Lord of the Fifth Temple, the voice of Master Ye Xuan.

In fact, Ye Xuan has been carefully protecting the fifth temple master. Although he did not say it in his mouth, he still kept his master and teacher at the end when he arranged the task.

But at the moment, Lingbo City, only he is a true god, he does not go, who can go.

Therefore, the Lord of the Fifth Temple directly confronted the owner of the Cabinet.

"I didn't expect that there are two guys in the real world of Lingbo City. Hey, masks, don't worry about those ants, you also go to support."

The boss once again issued an order.

The mask man did not hesitate, rushed straight up, and took a casual look, his eyes locked in the fifth temple owner.

"Damn! Damn!"

Ye Xuan constantly urged the Valley of Excalibur to ban, and a powerful attack continued to launch.

However, his gaze is always on the side of the fifth temple.

It can be seen that the Lord of the Fifth Temple has exhausted all his strength and has already launched all his own heritage.

However, when one person faces two true gods, he still seems to be incapable.

He is not Ye Xuan, he has no systematic help, so he has been almost being beaten.

Ye Xuan is anxious, but there is no way at all, because Lingbo City, there is no strong God.

The disciples of the fifth temple constantly tried to help, but unfortunately, even the elders of Xuan Shenjing went to die.

"Devouring!"

Suddenly, Ye Xuan launched a swallow, and swallowed some of the resources inside the ring.

Ye Xuan wants to advance, wants to have strong power, and wants to guard the people he wants to guard.

"Hey, the host breaks through, and the current five products are under the mysterious state!"

"Devouring!"

Continuously swallowed!

"Hey, the host breaks through, the current seven products are under the mysterious state!"

"Give me another!"

"Hey, the host breaks through, the current nine products are under the mysterious godland!"

"Hey, the system prompts, the resources are insufficient, the Valley of Excalibur is banned, and the attack will stop!"

Ye Xuan continued to upgrade, and continued to swallow. In a flash, it was a rise of eight realms, but this is already the limit, because now Ye Xuan has no resources, and even the prohibition of the Excalibur Valley is about to stop running.

Damn, \*\*\*\* it!

Ye Xuan's eyes are scarlet. It can be said that he is now somewhat abnormal.

It is reasonable to say that Ye Xuan is not an unsettled person, but once it is related to Ye Xuan, Ye Xuan can even be crazy!

The fifth temple owner can be said that after Ye Xuan entered the realm of the gods, he was the best person for him. At the same time, he was also the master of Ye Xuan. At this time, he was repeatedly injured by the other two, and Ye Xuan's heart was not anxious.

The power of the prohibition of the Excalibur Valley has declined. In an instant, the Lingbo City on the battlefield has been easily suppressed, and there are constantly disciples.

Ye Xuan's heart is simply uncomfortable like a drop of blood.

Fortunately, Megatron once again sent new resources, and the Excalibur Valley banned fire again.

Chapter 2234: Use phagocytic space

"Well, that is called Ye Xuan, hasn't it been killed? This is not enough! These three guys are doing something, killing the ants directly, why bother, these disciples, Although I don't feel bad when I die, after all, we still need them to do things afterwards."

"Fantasy, you have passed, remember to kill Ye Xuan directly, as for the remaining ants, do not need to pay attention."

"Yes, boss!"

For a Ye Xuan, have you dispatched four powerful realists?

They really can see Ye Xuan.

Of course, the prohibition of Ye Xuan's ban is indeed a lot of harm to the people who are on the cabinet.

The magical sky moves very fast, and it comes to Ye Xuan in an instant.

"Kids, the three of them are too lazy to kill you, but I will not let you go, are you ready to die?"

There is a faint smile on the face of Magic Sky. Looking at Ye Xuan's wooden tube, there is no slight concern. He does not put Ye Xuan in his eyes!

"Want to kill me? Despite the hands!"

Ye Xuan looked at the magic sky in front of him.

"Haha, it's a bit interesting!"

I saw that the magical sky waved, and a powerful force swept directly toward Ye Xuan.

"guard!"

The guardian of Ye Xuan is not to protect people, but to mobilize the special guardianship of the Valley of Excalibur.

This ban is mainly to summon the sword of the Excalibur in the Valley of Excalibur, so it is natural to attack and defend.

In an instant, hundreds of thousands of sacred shadows directly condensed in front of Ye Xuan, forming a giant shield.

"It's a bit interesting, can you use it like this, then, can you bear me with this sword shield?"

boom!

A punch, yes, is a punch, the magical sky is good at magical killing magic, but at this moment, but with a boxing broke the shield guard in front of Ye Xuan!

The gap is too big!

Isn't it true that Ye Xuan really can't have this powerful existence?

"Thousand beast swordsman!"

"Flower God Swordsman!"

"Blood swordsman!"

In an instant, Ye Xuan has been fully launched.

It is a pity that after the three swordsmen came out, they did not launch an attack, but they were directly killed.

Is this the gap in strength?

"Have me hurt!"

A crisp voice came from the voice of Ye Xuan.

"Sister, don't come over!"

Ye Xuan was in a hurry, but it was still late.

"boom!"

The magical sky kicked out, and in an instant, Ye Xuan's sister was shot and it was obviously hurt.

"Mixing things, Laozi fights with you!"

Suddenly, with Ye Xuan as the center, a powerful force broke out, and Ye Xuan himself rushed toward the magic sky.

No, not the power of Ye Xuan, an illusory door suddenly appeared.

Ye Xuan actually wants to pull the magical day into the devour space.

This is a real god!

Once the true gods enter the phagocytic space, it may cause great damage to the phagocytic space.

However, Ye Xuan can now have any solution, he is just the inferior god, but there is no card in his hand, in addition to using the swallow space, what can he do!

Devouring the space can kill the magical sky, this is for sure, of course, Ye Xuan will definitely pay a great price for it!

Suddenly, Ye Xuan and Magic Sky disappeared from the battlefield.

Everyone is looking at this side with doubt, because no matter who they are, they are not able to sense the traces of Ye Xuan and Magic Sky.

It seems that these two people seem to have never appeared before!

How is this going?

No one knows, no one knows what happened.

.....

At this moment, in the engulfing space, Ye Xuan is far away from watching the magical sky, and the fantasy sky is also puzzled.

"Hey, what's going on here, kid, is this your illusion? Or your field? No, you are a subordinate god, how can there be a field."

It seems that the magical sky did not respond at all, or that it did not care at all.

"Wow, it's not bad, it's a good place."

Fantasy, even have a mood to appreciate the scenery?

How much is this contempt for Ye Xuan?

"Hey, alarm, alarm, host please note, the host please note that the space is swallowed into the powerful enemy, please kill the host immediately, please the host immediately kill!"

The system's alarms are continuous, and it seems that the system is also in a hurry.

Ye Xuan looked at the magical sky. He knew that he had to click and kill this person. In fact, don't say that it was a magical day to launch an attack. Even if he entered, it would cause damage to the swallowing space.

Because, his realm is much higher than Ye Xuan, and the devour space can't bear it!

"go to hell!"

In the swallowing space, Ye Xuan's projection will get a strong blessing, and Ye Xuan can call countless energy.

Along with Ye Xuan's plain words, between the moments, hundreds of prohibitions directly suppressed the past.

"Haha, the ants are the ants, why, do you want to beat me with this ability? I don't want to do it!"

boom!

Magic Sky shot, magical killing magic.

It is a combination of illusion and killing power. He can completely confuse people's minds and then use powerful means to kill the enemy.

However, it seems that the magical sky did not say that it is intended to launch the illusion, but directly with the power of the strong, want to crush Ye Xuan.

“Hey, the system prompts that the phagocytic space is damaged and continues to be damaged.”

"Hey, alarms, alarms, devour the current damage to the space, five percent!"

"Hey, alert, alert, please host to kill the intruder immediately!"

Ye Xuan frowned, this \*\*\*\* guy, once again caused damage to the phagocytic space, must not be forgiven.

"Give me to die!"

Suddenly, Ye Xuan rushed up.

That illusion looked at Ye Xuan actually attacked him, did not care, did not care, said: "Kid, don't try to struggle, swear by death, maybe you can suffer less pain!"

Ye Xuan did not care about him at all. In the engulfing of space, how is the true state of God, engulfing space, is his territory!

"boom!"

In a boxing, the magical sky was instantly shot, and the mouth was bloody.

"How is it possible, how is it possible!"

The illusion of the sky is so dumb, he was actually shot by Ye Xuan, and directly hit hard, is this really a power of the inferior Xuan Shenjing?

“Hey, alarm, alarm, devour space is damaged, the current damage is seven percent!”

Since Ye Xuan pulled this guy in, he knew that the damage could not be avoided, so at this moment, you only need to hurry to end the battle.

However, after eating Ye Xuan's fist, the magical sky did not dare to underestimate the enemy.

Unfortunately, it is not too light now, and it is already late.

Boom!

One punch and one punch.

It is the fist, Ye Xuan did not use any power at all, that is, to clean up him with a simple fist!

.....

Finally, this magical day was shot by Ye Xuan.

Collapse this guy's Qiankunjie, Ye Xuan figure has moved, it has appeared again.

Of course, because of the difference in time and flow rate, Ye Xuan disappeared from the emergence, in the entire battlefield, but it was just a blink of an eye.

Chapter 2235: Space damage

"Hey, the system prompts that the phagocytic space is damaged by 15%! The host should note that the host must repair the phagocytic space as soon as possible!"

"Hey, the system suggests that the phagocytic space is seriously damaged, and the host's engulfing gain is reduced by 15% before repairing the phagocytic space!"

The system's prompt Ye Xuan did not care, this result has already been in his expectation, at this time Ye Xuan has once again taken over the Excalibur Valley ban, once again launched an attack.

In the blink of an eye, the power of a true \*\*\*\* disappeared.

The strange disappeared, and no one even knows what Ye Xuan did.

But what they can be sure of is that since Ye Xuan came out, and that fantasy sky did not come out.

I am afraid that the magical sky is already fierce!

At this time, whether it is the people of Lingbo City or the people who are on the cabinet, looking at Ye Xuan's eyes, they are all awe-inspiring. Even those who are strong, they are also wary in their eyes.

After all, the means that Ye Xuan showed was really too strange.

That is the strong man of the true state of God, saying no, no.

Even no one knows what happened!

What people saw was that Ye Xuan rushed to the magical sky, and then the two disappeared, and then Ye Xuan appeared, and the magic sky, disappeared!

"Continue to kill me, today, will definitely kill the cabinet!"

.....

Ye Xuan issued an order, and everyone in Lingbo City was soaring in war. This is their city owner. This is their invincible city master.

"Long live the city owner, rush! Kill!"

After everyone in Lingbo City reacted, there was a buzzing sound, and they rushed over again.

The people who are on the cabinet, but the momentum is greatly damaged.

How many different ways does this guy have?

"Don't play with you, old guy!"

Suddenly, the killing goddess figure retired and left the battle with the fifth temple master. The mask man also left the battle with the ancient swordsman. The two quickly came to the boss's side and said silently. what.

"Boss, this kid is weird, the power of the magical sky is not weak, the means is even better, the magical killing technique, even if we all feel tricky, but why this kid can annihilate the magic sky in an instant, weird It's weird."

The boss looked at the battlefield and nodded and said: "It seems that this Moshang Court has no value. You go to the altar position at two speeds and speed up the resurrection of the ancient demon god. I am here to delay the time, and the district is in a state of nowhere. Still not in the eyes of the organization."

"However, if you both listen well, the ancient demon \*\*\*\* is a big plan of the organization, and must be resurrected. Moreover, after the resurrection, you must immediately withdraw the organization with the ancient demon god, and never let the ancient demon \*\*\*\* damage, understand no."

"Okay, boss, we know!"

The two left quickly.

This scene, Ye Xuan certainly saw it, but Ye Xuan did not know what their purpose was.

"Give me kill, hey!"

"Mystery, 傀儡 control!"

In an instant, from the body of the boss, countless fine red lines of the hairspring appeared, directly connecting all the people who were on the cabinet.

This is the means by which they control Mo.

Those who are connected by the thin red lines immediately fall into madness, which can be said to be an attack of desperation.

They have all lost their intelligence.

Of course, the owner of the cabinet has not lost his intelligence. After all, he is also a true god.

"You, what are you doing, why do you start secret surgery?"

When the owner of the cabinet came to the boss's side, the voice trembled and asked.

When he was on the cabinet, he established it. Although he later worked hard to destroy the organization, he still had feelings for Mo.

"Hey, the ants are only in the area. If you die, you will die. You can't talk nonsense, kill them, kill these rebels, and then leave here. It's not a hundred, don't give up." |

The owner of the cabinet did not dare to resist. After all, in his body, he was also set up with some kind of secret technique. This boss can even control him.

For a time, there was a strange change on the battlefield. The people who were on the court were all like madmen. They only attacked and defended, even if they lost their lives, even many people chose to blew themselves.

For a time, Lingbo City suffered heavy losses.

Ye Xuan sees all of this in his eyes, but he can only continually urge the Excalibur Valley to ban attacks. Others have no way at all.

.....

Fighting is far faster than imagined, but the loss is extremely heavy.

So many people have already surpassed the limit of Ye Xuan's resurrection, so many people are destined to die.

In three days, Ye Xuan only had three days. In these three days, Ye Xuan moved all the way, but only resurrected one-fifth of the dead.

But fortunately, Mo Shangge has been eliminated.

Three days later, the people in Lingbo City were still resting. Ye Xuan left the fifth hall, the Lingxuan Pavilion, the Bailou and others, and then left alone.

In fact, the reason why Ye Xuan stayed for so long was just because he was worried about going to the cabinet.

Nowadays, the overall situation has been fixed, then, Ye Xuan naturally cannot continue to stay here.

A lot of resources have been left in Lingbo City, because Ye Xuan knows that once he leaves, he will only be able to fend for himself.

In what to say, here is also the first force of Ye Xuan. Here, there are also people who are concerned about Ye Xuan. Therefore, Ye Xuan has to reserve enough resources.

Ye Xuan's departure did not alarm anyone. At the time of Lingbo City's carnival, Ye Xuan walked quietly with the flying smoke.

.....

"The son, where are we going next?"

After walking for a while, the flying smoke asked Ye Xuan.

"Of course, go to the cabinet?"

"What is the name of the son? Then the cabinet has been destroyed, and what are you going to do?"

"Haha, of course, it is harvested. We have worked hard and hard, shouldn't we go to the treasure house of Mo Shangge?"

Ye Xuan is in a good mood, although he left Lingbo City, but next, he has to face a big harvest.

Ye Xuan did not send someone to take over the cabinet, but also left so many resources, for what?

Is it just to be able to occupy the treasure house of the cabinet?

After hearing Ye Xuan's words, the flying smoke smiled slightly and said: "Then the son may have to speed up. I'm afraid that the news that the cabinet was destroyed is already spread. The son wants to be the treasure house of the cabinet. Then, the other People don't want to, don't want to be, now, Mo Shangge is afraid that people who have already gathered countless treasures!"

.....

"The trough!"

When the smoke was reminded, Ye Xuan reacted.

This Nima is too pitted. He killed him in front of him. If the benefits were taken away by others, Ye Xuan didn't even cry.

"Taro, go forward at full speed!"

Ye Xuan still manages so much, directly exploding all his speed.

Sure enough, when Ye Xuan reached that Momo's cabinet, the nine halls had gathered countless people, some important places, and sporadic battles. Obviously, the disciples who remained in the cabinet were still insisting.

Chapter 2236: Robbery

The whole Mo has been in the cabinet and has been occupied by countless people.

These people are either scattered or small forces.

The battle between Lingbo City and Mo Shangge did not have anything to do with them.

But the result of the battle is a point, these guys will not be polite.

"My resources! Damn, these guys, dare to grab my spoils."

Ye Xuan is simply bleeding in the heart, three days, even these people just came for a day or two, but there will be countless resources to be taken away.

Look at the present, in addition to the first hall, the other eight halls have been completely occupied by these people to continue to search and know, I am afraid that the treasure house of the Eight Great Halls has long been evacuated.

Of course, except for the fifth temple, the fifth hall has already left, and there is nothing left on the hill.

The first temple!

Yes, there is the first temple. At this time, there are still thousands of remnants of the last temple in the first temple, so the treasure house has not been lost.

That's Ye Xuan's. If even the treasure house of the first hall, Ye Xuan, didn't grab it, then Ye Xuan really had to lose money.

When the figure moved, Ye Xuan took control of other places and rushed directly to the first hall.

At this time, most of the first temple had fallen.

The remnants of the Moshang cabinet were guarded outside the main hall, and relying on the ban was able to withstand the outsiders.

The treasures of the first temple are behind the main hall.

In front of the main hall, at least no less than 100,000 people gathered!

Hundreds of thousands of people will be surrounded by the main hall, but among these people, even a real strong person does not.

"Mo Shangge has been destroyed. Do you still want to resist? The disciples who are on the cabinet, advise you to leave, I will not be difficult for you, we just want to get the benefits here, haha. !"

"A group of robbers, you guys, \*\*\*\* guys, wait for the masters to come back, you must grab all of you!"

A girl standing at the gate, the second-class Xuan Shen's cultivation, can be regarded as the strongest of the remnants of the entire Mo Shangge, however, the eyes are clear and incomparable, turned out to be people who have not been controlled by the organization.

But think about it too. Even if it is the first hall, it still has to be in contact with other places, so naturally it will leave some people who have not been defamed.

This girl guards the sword at the gate, and the cultivation of the second-class sacred gods makes the outsiders do not dare to be hard.

However, she can only do this.

"Your master brother? Haha, little girl, don't you know, they have all been annihilated by Lingbo City? You have been on the cabinet for many years, and finally have retribution, Lingbo City can't see your resources. So I don't pay attention to you, but when people react, I am afraid that you don't want to escape, and advise you to go quickly!"

"That is, just look at how the people of the other eight halls are so interesting, knowing that it is not our opponent, they have long since fled, and the people in your first hall are so uninterested, are you really trying to be killed by us?"

.....

"If you want to plunder us, then just step on my body!"

The girl did not pay attention to these people. Behind him, many of the disciples of the Court also guarded the gate.

It can be said that if you want to enter the main hall, then you can only enter from this door.

Mo Shangge has already made this main hall strong and powerful, and the air naturally cannot pass.

It is impossible to break the wall, but the main hall is guarded by special prohibitions.

Of course, other people can't do these prohibitions, but it's hard to beat Ye Xuan.

At this time, in a corner, Ye Xuan has quietly opened the ban and walked toward the interior of the main hall.

Ye Xuan can choose to go in from the main entrance, but that will undoubtedly let those people also rush in. At that time, I am afraid that it is not necessary to kill, this is not the result that Ye Xuan wants.

I ransacked the treasure house of Mo Shangge earlier. When I want to kill and want to go, there is no scruples.

Ye Xuan moves very fast. After killing the magical sky, he swallowed the sacred ring of the magical sky, and he rose one level.

At this time, a medium-sized Xuan Shenjing was repaired. In the present Mo, the only girl at the door can find him. However, the girl has a mood behind her.

.....

"Wow, this is a lot of good things to go to the cabinet, haha, this time earned."

Ye Xuan will not let go of any treasure house, as long as he sees it, then he will not let go.

One by one, the treasure house was looted, all falling into the hands of Ye Xuan.

The magical medicine, special ore, and animal material are also special magic weapons and exercises.

Ye Xuan will not let go.

After spending a full part of the day, Ye Xuan was robbed of all the treasures of the entire first hall.

"System, hurry to detect, see if there are any treasures?"

"Hey, the system prompts, scanning!"

"Hey, the system prompts, the host should pay attention, the system scans to an undetectable area."

"Well, I can't detect it? How could this be? It seems that it is necessary to have a look."

Even the system can't detect it, fearing that there will definitely be something valuable in it.

Under the guidance of the system, Ye Xuan was extremely fast and soon came to the place where the system said that there was no way to detect it.

This is a sculpture, a sculpture that does not know what material to use.

The sculpture is a strange attic, but obviously it is impossible to live in this attic.

"Come and come, take this thing away, and look at it later."

"Hey, the system prompts that the specified items are made of special materials and cannot be earned!"

"Hey, the system prompts that the specified items are made of special materials and cannot be used to engulf the space!"

what!

Even swallowing space will not work!

Ye Xuan is really surprised this time. I have to know that even the swallowing space can't be taken in. I am afraid that this is absolutely not simple.

It seems that only the way to break open.

"System, what can be done to destroy this thing?"

"Hey, the system prompts, there is not enough data to provide an effective solution for the host!"

Lying in the trough! The system can't get a solution!

In this case, Ye Xuan was first encountered.

"Hey, the system prompts, according to the analysis, since this thing appears here, there may be any mechanism, suggesting that the host look for the agency!"

The system prompts to sound.

However, for Ye Xuan, there is no help at all. Of course, he also knows that looking for an institution can break this prohibition. However, is the agency so easy to find?

Fortunately, at this time outside the main hall, those who worried that Lingbo City would send people to accept Mo's cabinet finally lost their patience and planned to attack the first hall of Mo's Court. Therefore, almost all the remaining disciples of Mo's Court have already rushed. To reinforce, it also made no one come to disturb Ye Xuan.

Ye Xuan carefully searched all the corners. Finally, a small sculpture caught the attention of Ye Xuan, making it a sculpture.

A sculpture like a normal display.

Chapter 2237: Nosy

However, Ye Xuan was keenly aware that the small sculpture was almost exactly the same as the big sculpture, saying that there was no problem, Ye Xuan did not believe it anyway.

Ye Xuan looked at the small sculpture carefully for a long time, but found that he could not see anything.

"What, feelings are deceptive."

Ye Xuan is ready to throw away, but after thinking about it, he directly thrown into the ring.

Suddenly, the big sculpture in front of Ye Xuan was gone.

Yes, it is such a strange disappearance.

Ye Xuan subconsciously thought that he wanted to ring, but this look scared him.

The sculpture has actually entered the ring of Ye Xuan.

what's going on?

However, when Ye Xuan wants to take it out, it will not work.

When Ye Xuan took out the small sculpture, the big sculpture followed.

Weird things, of course, now Ye Xuan has no mood to explore these.

Because there was a shouting sound outside.

In other words, the first hall of Mo Shangge finally lost.

Countless people rushed in, and when they came in, they madly plundered everything in the first hall that they could see.

These people are all a group of madmen. Yes, they are a group of madmen. Everything they can see, even a piece of floor tiles, will not let go.

At the same time, they will not let go of any disciple who is in the cabinet.

At this time, a dozen of the remaining disciples, the guards were around the girl, but surrounded by a group of people.

"Haha, little girl, just not very powerful, how can you not talk now, come and come with your brothers, and make sure you want to die!"

"You are a scum of this group, actually use poison!"

"Haha, what's wrong with poisoning, who can't use poison!"

It turned out that these guys knew that it was not the girl's opponent. They even used poison to the girl. To be precise, it was the use of poison for the entire remnant of the cabinet.

As for the others, they have already been killed by them!

These words, Ye Xuan heard.

To be honest, for the cabinet, Ye Xuan has no good feelings but it is not disgusting, but Ye Xuan has no good feelings for those who robbed the fire.

These guys, when Mo Gege was not destroyed, one by one, like a grandson, they went to the cabinet to please the cabinet, but now, once the cabinet was defeated, they revealed their ugly faces. ,

This kind of person is a person that Ye Xuan is very uncomfortable with.

At the beginning, Ye Xuan got the benefit. He didn't want to manage so much, but he was ready to leave. But when he saw these ugly people, Ye Xuan didn't know why, but he stood up.

"stop!"

Ye Xuan shouted loudly, and the figure had already arrived at the girl and the remnant of Mo Shangge.

"Hey, where are the little devils, what do you want to do?"

Looking at Ye Xuan standing out, those people are a bit strange.

"Now let me roll now, maybe I can spare you not to die."

These guys are generally gods, even if there are not many spiritual gods, as for the mysterious gods, there are even fewer, it can be said that Ye Xuan is not in the eyes.

Of course, spare the other side, just talk about it, because he knows that the other party is impossible to be scared away by him.

However, after Ye Xuan's words were finished, he heard the voices of those people laughing: "Haha, laughing at me, it's just laughing at me, kid, what do you want, is it fancy to this chick? Nothing, When the grandfathers have played, I will play for you!"

At this time, Ye Xuan deliberately concealed his cultivation, revealing it, but it is a medium-day god. Because Ye Xuan does not want to find trouble, he has obtained almost all the treasures of the cabinet, so he only wants to be mixed in the crowd. Leave it alone.

However, when he heard this person, Ye Xuan was still angry.

"Are you rolling or not rolling!"

"Haha, boy's big tone, talk about it, which family or martial art you are, you know who we are? Say it scared you, tell you, our sect is joining Lingbo City, how? Kind, is it very envious, come here, Grandpa gives you a chance, kneel down and ask me, beg me, I can take you to Lingbo City."

The man said, but he had already waved the people around him to surround Ye Xuan.

I can see that at least for now, he is proud to join Lingbo City. However, as for whether it was before, I don't know.

Ye Xuan still wants nonsense, gave this guy a chance to live, he does not know how to cherish, then now, there is no need to give him any chance.

The sacred sword was suddenly pulled out, and Ye Xuan directly killed the man with a sword!

"Killing, you, you dare to kill! You dare to kill our young master!"

"Just kill him, he is the embers of the cabinet, kill him!"

In an instant, dozens of people rushed toward Ye Xuan.

"court death!"

Ye Xuan waved with his hand, and a sword light flew out, and a dozen people flew in the blink of an eye!

"Fast, stop him, and the treasures of the cabinet will definitely be obtained by him. You can't see the sword in his hands. It's not easy. Let's go together and kill him!"

Someone provocatively said, but this provocation is obviously very useful, and soon, people around Ye Xuan noticed Ye Xuan.

"Treasure! Excalibur!"

"Damn, kid, you want to be alone, leave the sword in your hands, and treasures, otherwise, I can only take it myself!"

Ye Xuan frowned, these guys, really do not know how to write the dead words, even their own sacred swords want to snatch.

"Megatron, kill them!"

Ye Xuan has been too lazy to do it himself, and directly handed over the control authority of the sword to Megatron.

In an instant, under the control of Megatron, the scorpion sword flew directly.

Every time there is a move, there will inevitably be one person killed, and sometimes even several people.

However, this does not make these people afraid, but instead feels that the sword is a treasure and wants to \*\*\*\* it.

More people noticed Ye Xuan's side and rushed toward Ye Xuan.

"Fast, there are people who have won the treasure and want to leave. Everyone is going to pass."

More and more people are thinking that Ye Xuan has won the treasure and wants to stop Ye Xuan.

However, Ye Xuan did not care, but went to the girl.

"Can you still go?"

The girl didn't know who Ye Xuan was, and she didn't know why Ye Xuan wanted to save him, but she can be sure that Ye Xuan is not the one who is not on the court.

Although Ye Xuan did stay in the cabinet for a while, he spent most of his time in the fifth hall, and rarely touched the disciples of other temples, let alone the most mysterious first hall.

Even Ye Xuan's name is now known to everyone, but Ye Xuan's appearance has not been seen by several people.

"can!"

The girl nodded, and the other disciples who were on the cabinet also nodded.

"Well, if you can go, just follow me. Once you fall, I don't have the mood to save you."

"Thank you!"

The girl gently thanked, and the other disciples were nodded and thanked.

Soon, Ye Xuan took these people to the outside.

Beside them, Megatron controls the constant movement of the Sword.

## Chapter 2238: Killing traitors

The people outside, although it is said that the group will surround Ye Xuan, but simply can not help.

If you dare to block the road, Megatron will not hesitate to kill.

If you dare to lean forward, Megatron will also kill!

"Can't let him go! The treasure house of the first hall is gone. It must be this guy. It must be this guy who grabbed the treasure! Kill, everyone killed him and divided the treasure!"

Finally, someone looked at the treasure house of the first temple, but found that it was empty.

When you listen to this, those people still manage so much.

The gods, the strength is respect, for the sake of strength, many people would rather lose their lives.

The source of strength, in addition to cultivation, is naturally a treasure.

According to legend, there are countless good things in the cabinet, and these good things, even if they only need one, can make their strength soar.

At this time, I heard that Ye Xuan had more treasures. Who wouldn't want to kill Ye Xuan to grab the treasures?

For a time, the people around Ye Xuan rushed toward Ye Xuan like a moth.

Shouting and killing sounds constantly.

And the sacred sword, and finally began to be busy.

"Thousand beasts, you are coming out!"

Ye Xuan waved with his hand, and the beast swordsman appeared, of course, accompanied by a thousand god-level mounts.

The Thousand Beast Swordsman leads the god-level mounts, guarding them around Ye Xuan, and those people are still constantly attacking.

However, is it useful?

Ye Xuan walked toward the front like a walk. On his side, the sword was flying, and the thousands of beasts and the god-level mounts also looked for him while following his footsteps.

However, as time went by, finally, the strong began to appear.

At this time, the two strong inferior gods were in front of Ye Xuan.

Xuan Shenjing, in the midst of the world, has been counted as the most powerful existence, and it is already a supreme existence of one or a family.

The same is true of the two men, who are the leaders of one party.

"Kid, hand over the things in your hands, otherwise you can't go."

Ye Xuan looked up at the two men.

But I was too lazy to talk nonsense, just let me go, then said: "Death!"

At this time, Ye Xuan used the six-character mantra!

The power of mysteriousness suddenly broke out. The man did not even know what had happened, and he had already broken down.

The power of the six-word mantra is enough to kill everyone who is lower than Ye Xuan's strength.

"This, this, how is this possible!"

Another guy in Xuan Shenjing is dumbfounded. This is too powerful. You can kill people with one finger. How can you be strong enough?

"No, he is Ye Xuan!"

Suddenly, one sounded.

Hula!

Almost as soon as this voice appeared, everyone around Ye Xuan rushed back toward the back.

"Ye Xuan? No, no, he can't be Ye Xuan."

Some people doubted, but even if he still doubts, he does not dare to step forward!

"I heard that Ye Xuan is very young, is it really him?"

Some people also expressed their belief.

"Should not be, Ye Xuan can become the city owner of Lingbo City, then how to say, the strength is also very strong, a young man, no matter how genius, it can not be too strong, you see him, but the gods only, should Not Ye Xuan."

People talked a lot, but no matter what they talked about, no one dared to shoot Ye Xuan!

Ye Xuan's mouth was slightly tilted, but he did not expect that his name could actually become a sign.

I just heard my name, but I haven't confirmed it. These people are scared like this. Around Ye Xuan's side, there are thousands of people who say less. However, just one Ye Xuan's name makes these thousands of people. No one dares to step forward!

This kind of power, I am afraid that there is no one in this place.

"Don't be afraid, Ye Xuan is the owner of Lingbo City. How could he come here? If Ye Xuan is really interested in this place, he has already sent people, so this guy is definitely not Ye Xuan."

"But, just now he can easily kill a strong man of Xuan Shenjing, not Ye Xuan, who else, if you don't believe it, then you are up!"

Everyone is constantly talking, but no one alone dares to go to thousands.

Ye Xuan is too lazy to meet these people, so it is better for Ye Xuan to fall, it is best that these people have not shot, then, Ye Xuan is too lazy to kill.

However, the idea is beautiful, reality, but not necessarily according to the idea.

"The old man can prove that he is not Ye Xuan, because the old man, I have seen Ye Xuan!"

A voice came!

The finest Xuan Shenjing!

Actually it is a fine mysterious god!

There are people who still have the finest Xuan Shenjing here.

wrong! His eyes are wrong, this guy, recognized himself, he is the person of Lingbo City!

Ye Xuan was shocked.

I did not expect that there are people in Lingbo City who have ideas for themselves!

Damn guy, is this going to kill someone with a knife?

Also, Ye Xuan's strength is not strong, but now, it is already the first person in the world. Then, naturally someone will peek at the rights in his hands, and naturally someone will shoot him.

Lingbo City, this is the coherence of countless forces.

When there are common enemies, perhaps everyone can still unite, but once the enemy is defeated, it is inevitable that some people will jump out.

"It's Jiuluo's Jiuluo old man. Jiuluo's old man has joined Lingbo City. It seems that this guy is really not Ye Xuan. Everyone killed him together. The treasure is ours."

Someone shouted loudly. Undoubtedly, this guy is pushing for help, because although he is so stunned, he has not shot.

"Nine Luozong, huh, huh, a good nine Luozong!"

Ye Xuan stopped and looked at the man, his eyes, already with killing.

"Everyone is together, killing him, killing his treasure is ours."

However, at this moment, no one moved, because Ye Xuan's instant eruption was in addition to the cultivation of Xuan's gods under his peak, and his eyes were directly locked on the body of Xuan Shen.

"You called Jiuluo?"

Ye Xuan looked at the man lightly.

"Kid, you dare to pretend to be the owner of Ye Xuan, don't want to find death."

Seeing it, the man is also a little panicked. You must know that Ye Xuan is always mysterious in Lingbo City. Even if it is a real god, he will be fooled by him, as long as he has seen Ye Xuan fight. People, which one is not afraid.

"I am asking you, answering me!"

Suddenly, Ye Xuan screamed.

Drink with anger!

Ye Xuan hates traitors. If he is not met by him, this Jiuluo, perhaps Ye Xuan will not manage at all, because Ye Xuan has already decided to leave.

But now, these people actually want to kill themselves, then, Ye Xuan will not let go.

"You, you dare to talk to me like this, everyone is still doing what they are doing, killing him, killing his treasure is yours!"

Jiuluo panicked, and the disciples he brought quickly gathered around him, but there were still some disciples who chose to avoid them directly. That is to say, these people directly betrayed him when they saw Ye Xuan's moment. .

Chapter 2239: Human-to-human gap

"A good nine Luozong, I am here to promise you, who can kill him, there must be a reward!"

Ye Xuan's voice is constantly spreading and passed directly to the entire square. At this time, all the people know that this is actually Ye Xuan, the city owner of Lingbo City!

"Don't listen to him, kill him, kill him treasures, it's all yours, what are you waiting for?"

Jiuluo was completely panicked because he found that when Ye Xuan really said his name, some of his disciples around him actually left him again, and the rest seemed to be in a panic.

Suddenly, someone shouted: "The person who killed him in front of him, he must be the enemy of Ye Xuancheng, kill him, Ye Xuancheng will definitely reward everyone, rush!"

"Yes, kill him, Ye Xuancheng will reward us, kill!"

This is the gap, let the nine Luo how to encourage, no one cares about him.

However, when Ye Xuan blew his name, there were countless people rushing to the nine Luo.

These people are not afraid of death, but they all burst out of courage that they did not have.

"Master, you actually want to harm the city owner."

Jiu Luo was dumbfounded. He was shocked to see that his disciples were leaving one by one. He brought a full 500 people, but now he has less than fifty people!

He didn't understand why Ye Xuan could get such a great prestige. In his eyes, Ye Xuan did not do anything at all.

In fact, he started with the little elders of the third temple.

In his heart, Ye Xuan will find him to settle accounts sooner or later. This time, he also wants to take advantage of Mo Shangge and then rebel from Lingbo City.

However, what surprised him was that he actually met Ye Xuan, so this guy directly moved his mind.

If you kill Ye Xuan, can you get the secret of Ye Xuan?

Moreover, he can continue to return to Lingbo City, saying that he can not plan, he can become the city owner of Lingbo City!

The guy missed the idea but pushed him to hell.

Those who were still around Ye Xuan knew that they had offended Ye Xuan, and they would not let go of the opportunity to make meritorious deeds.

Although said, this guy is a superior mysterious god.

However, the most powerful of the gods is not relying on cultivation, but on those powerful supernatural powers.

In fact, if a spirit \*\*\*\* guy has some kind of powerful magical power, he can even kill the existence of Xuan Shenjing.

Moreover, the gap between the realm of the gods and the strength is not so great. The people of Xuan Shenjing can easily kill the gods or the existence of the spiritual gods.

But even if it is a superior god, if you want to kill the middle god, you have to abandon your hands and feet.

The most important force is magical power, not realm.

Of course, if there is a person with the title of the former title, that is another matter.

Countless people rushed toward the nine.

Jiuluo's heart has already been panicked.

He kept shooting and constantly killing those people.

These are usually ordinary people in his eyes, but now, they can have his life.

Because it was Ye Xuan's order, almost everyone rushed toward him, including even his disciples.

"Megatron, you can also help."

Ye Xuan's heart is actually very clear. If you want to let yourself and the guy single-handedly, you can't beat it.

That is the finest god!

Unfortunately, here, Ye Xuan does not need to be hands-on.

There are a lot of people who are willing to fight for Ye Xuan.

The battle started fast, but the end was also very fast.

There is a saying in the world of gods that a mortal in a city can also consume a god!

It is the power of the crowd!

Of course, the mortal here refers to the gods in the low realm.

What's more, the rush to the person, the existence of the extraordinary spiritual god.

Of course, the last madness of this person also brought a lot of losses to everyone, at least 3,000 people were killed in the battle.

Three thousand people, Ye Xuan wants to be completely resurrected, almost impossible.

"Six-word mantra: raw!"

Along with Ye Xuan's words, all the undestroyed bodies have stood up again. Although this is only two or three hundred people, it is enough to make everyone excited.

After all, the power to bring people back to life is simply beyond their imagination.

"I promised you, I will reward you. Now you go to Lingbo City. Someone will receive you and reward you."

Ye Xuan said faintly.

And his words, no one will doubt.

Ye Xuan took away the items in the first hall of the cabinet. No one dared to say anything, so everyone had already retired.

Of course, Ye Xuan has to leave.

However, when Ye Xuan was preparing to leave, there was a voice, but it rang.

"You, Ye Xuan, are you the city owner of Lingbo City?"

It is the voice of the girl.

Ye Xuan turned and looked at him and said, "Yes, I am Ye Xuan."

"You, why are you going to destroy us?"

The girl suddenly shouted loudly.

Ye Xuan smiled slightly, but said: "War is not your death or death, let alone, since you are a disciple of the first temple, can you still know the secret of the first temple?"

"How many people in Lingbo City are destroyed because they were persecuted, and their loved ones will join Lingbo City?"

"If we didn't kill them, then it is us who are killed."

Ye Xuan did not know why he explained this girl, but he still said it.

Of course, in fact, this girl can still know a little about the secrets of the cabinet, the brothers of those eyes, the first hall of silence and silence, all of which undoubtedly illustrate the speciality of this first hall.

What's more, Mo has been continually oppressing the small forces in the past, and strictly speaking, it is no longer the right way.

"Hey, the system prompts, congratulations to the host to completely solve the matter of the cabinet, get a little eternal point!"

what!

The sudden reminder made Ye Xuan stunned.

Eternal point, this is what Ye Xuan has always wanted, but it has never been successful.

Now, suddenly, getting a little eternal point, but let Ye Xuan not know what to do, because he did not know, what conditions are needed to obtain eternal points.

"System, what's going on, this eternal point, how can we get it?"

Since I have gained a little eternal point, then Ye Xuan naturally wants to ask.

"Hey, the system prompts, the host please note that the eternal point function is not fully open for the time being, and currently only some of the system will be rewarded randomly."

The system's answer made Ye Xuan wrong.

what is this?

Eternal point function has not been opened yet?

However, he has gained eternal blood.

"Hey, the system prompts, the host please note that the host's eternal blood is obtained because of the change, not normal, so the eternal point function can not be unlocked simultaneously."

Chapter 2240: Use of belief value

"Hey, the system prompts that although the eternal blood is a god-level blood, but there is no room for growth, only some skills can be unlocked. It is recommended that the host raise the blood of the sword \*\*\*\* and the blood of the \*\*\*\* of war to the blood of the gods as soon as possible, and then you can integrate the eternal blood."

Ok, it turned out to be because of this!

Indeed, Ye Xuan's eternal blood is different, that is to say, Ye Xuan got it in advance, and the use of eternal points is indeed very large, so the system did not come out, Ye Xuan can only helpless.

Fortunately, now the eternal point in Ye Xuan's hands is no longer zero, which is worth celebrating.

After Ye Xuan came out, the flying smoke also came to his side.

As for the rest, Ye Xuan has no intention to pay attention. At this time, he has re-entered the journey.

It's time to leave, and there's a lot of time in this area.

This time, Ye Xuan is ready to explore the mysterious ancient city first.

This thing, Ye Xuan has been obtained since the inheritance of the ancient gods, but there has been no time to see what the mysterious ancient city has.

Ye Xuan has reason to believe that perhaps in the mysterious ancient city, I can get some chances.

.....

On this day, Ye Xuan was walking, and suddenly, his ear rang the system prompt.

"Hey, the system prompts, congratulations on the value of the host belief exceeds 10,000 points, and the special function of the belief value is officially opened!"

Faith value!

Seriously, because the previous beliefs were too small, and basically no use for Ye Xuan, Ye Xuan did not care much.

But I don't want to, he has left Lingbo City, but he can also gain the value of faith.

"Hey, the system prompts, the host should note that once the host establishes its own power and operates carefully, then that force will continue to provide the faith value to the host."

"Hey, the system prompts, the host please note that the current belief value of the host is not enough, more features can not be unlocked temporarily, but from now on, the host can use the belief value to exchange the swallowing point or the eternal point, and the belief value can also be used alone. "

"Hey, the exchange ratio, 100,000 beliefs are exchanged for a little swallowing point, and one million beliefs are exchanged for a eternal point."

"Hey, the host please note that this exchange can only be a belief value. It is irreversible!"

"Hey, the host currently has 10,000 beliefs and can use two abilities. Capability 1, Faith Guardian, and Ten Thousand Faith values can be turned into an invincible guardian shield that lasts three seconds."

"Oh, ability, belief intensification, 10,000 beliefs, can add one effect to all attacks on the host, lasting a day."

.....

Ye Xuan listened to the introduction of the system, but it was somewhat silent.

This belief value is too worthless. If you want to spend 100,000 faith values, you can redeem a little swallowing point.

And the eternal point is not to mention, even one million.

This gap, the value of the belief is so worthless.

"Hey, the system prompts, the host should note that after the belief value is officially activated, every person who loyal to the host can provide a three-point belief value for the host every hundred years."

Lying in the trough!

Ye Xuan finally understands why the value of the faith is so worthless.

Sister's, this thing is basically a steady stream, and it may increase every day.

You know, Ye Xuan is now only a force like Lingbo City, but after Ye Xuan has more power, is it?

It can be said that everyone has the opportunity to let Ye Xuan obtain the value of the belief, and it is not a one-off, but can be continuously increased, and can be refreshed every 100 years.

This is simply a steady stream!

Speaking of it, I am afraid that this belief value is the most powerful thing.

Of course, the premise of all this is that Ye Xuan has enough belief values.

One hundred years, in the realm of the gods, it is really nothing.

Although the value of this 10,000-year belief in Ye Xuan's hands is very small, in any case, this is also a start.

Although Ye Xuan now has a lot of resources on hand, he has not swallowed up, because, in the absence of hundreds of things, he has already eaten enough resources without resources, so he does not dare to take the resources from Moshangge. usage of.

The whereabouts of the fall are clear, but Ye Xuan is powerless, so the most important task of Ye Xuan is to level up. Only the realm has been raised to a certain extent, and Ye Xuan is sure to find the fall.

The mysterious ancient city is situated in the desert in the north.

Of course, this so-called north side is only relative to Ye Xuan's current position.

When Ye Xuan and Feiyan came to the so-called endless desert, they knew why it was called the endless desert.

Here, in addition to the yellow sand, you can never see anything else!

There is a city before entering the desert. One is not a big city. It can be said that after leaving here, you may encounter some settlements, but the city is not expected to be encountered.

This is the city, called Shacheng!

Shacheng has moved away from the mundane, but a site belonging to the Shashen tribe.

This Shashen tribe is said to be not a human race, but it is not the only place in the area.

This is the desert, but with such a small force, there is no one to find them.

Because they have no oil and water at all.

On this day, Ye Xuan was resting at the inn, and he heard a group of people outside squatting in.

"Hurry, boss, hurry up and prepare enough water for us, we have to enter the desert."

"Oh, the guest officer waited for a moment, I don't know if the guest officer was so anxious to enter the desert, but what news?"

"Don't you know? I heard that there is a mysterious ancient city suddenly appearing in the desert. Some people have picked up a lot of ancient treasures from outside the ancient city. You have to know that it is an ancient treasure, it is not you. Imagine that many people have already passed."

"The ancient city? This is indeed there are many ancient cities in the desert. However, the ancient city with ancient treasures, this should not be false news. I have been here for more than 3,000 years, but I have never heard of it. A similar thing."

"There will be no fakes, because this time, this ancient city did not appear naturally, but the salon came out!"

"Salon, you mean salon, no, those monsters have appeared again?"

"Oh, boss, why are you asking so much? If you want to go, just go together, don't want to go, don't delay our time!"

Perhaps they saw that these people were a little hurry, and the boss had to prepare what they needed, and they were not talking too much.

However, the sudden emergence of the ancient city, but caused Ye Xuan's attention, it will not, is the ancient city he wants to find?

Ye Xuan went out and went to the boss to ask for a simple question.

Listening to the boss's explanation, Ye Xuan knew what happened to the salon and the ancient city.
