### Chapter 224: Back to Yuncheng

After staying in the Song Dynasty for three days, Ye Xuan also drove away from Lingxiao Dapeng. This time he went to the Xuanyang Empire and Song Congjing.

At this time, Ling Xiao Dapeng has entered the Xuanyang Empire.

"Taro, don't be nervous, the ugly wife will see her in-laws sooner or later, and then I will not be at home." Ye Xuan gently stroked the hair of the beautiful woman beside him.

Upon hearing this, Song Chong immediately said, "Who are you ugly?"

"Haha, it's just a metaphor. Of course you are not ugly." Ye Xuan knew that he had said the wrong thing and hurriedly argued.

They entered the Xuanyang Empire in just a few minutes, and Ling Xiao Dapeng had already flown to the top of Lianyun City.

"Arrived."

Ye Xuan stood up and looked at the big city pool in front of him. He couldn't help but say: "It's been a year since I was a big city."

He remembered that he left Lianyun City before the year, then went to the cracked Yunzong, went to Nanlin City, then the Emperor, and finally the Lingxiao House.

Now think about it, and I have to celebrate the New Year.

Song Chong Jing also stood up, and the nervous and shy expression fell into Ye Xuan's eyes, so he couldn't help but kiss him.

However, at this time, Ye Xuan suddenly remembered a question and said: "Right, I forgot to tell you something, I was pre-married."

"What? You have been engaged in marriage? You let me be a beggar?" Song Congjing exclaimed at once, and even asked two questions, the sparks had spewed in the eyes.

"Don't be nervous, forget to tell you, the engagement is a playmate when I was a child, but at the time she didn't want to marry an ugly monster, so take me as a shield."

Ye Xuan quickly explained that he felt that the Song Dynasty had to draw a sword.

"Humph."

Song Congjing snorted, this explanation is still satisfactory, but she does not mind how many women Ye Xuan has, as long as she does not disappoint her.

After all, her father has more than a dozen embarrassing, and her brother has already married three princes.

Of course, there is a requirement besides not disappointing her, that is, she should not be allowed to be small.

"Okay, let's go on." Ye Xuan smiled, then gently picked up the Song Dynasty, the latter also habitually wrapped his arms around Ye Xuan's neck.

As Ye Xuan leaped gently, they fell directly from the air. After two seconds, they suddenly fell to the ground.

Wherever it falls, it happens to be a yard of Ye Family, and there are exactly three middle-aged people in the yard.

The three middle-aged people are negotiating some issues, and suddenly a loud noise has scared them to death.

They turned their heads and found that one of the walls of the yard had collapsed, the smoke was filled, and then two figures came out of it.

"Da, I am back."

Ye Xuan came out of the smoke and said with a smile.

The three people in this yard are Ye Zhang, Xue Hai and Lin Ming.

"Ye Xuan?"

Ye Zhang also thought that there was a thief who sneaked into the Ye family. I did not expect that Ye Xuan was back.

Then, the three men were simultaneously gazing at the white woman behind Ye Xuan.

"Three uncles are good." Song Congjing was a little nervous and whispered.

"Ye Xuan, this is..." Ye Zhang looked at Ye Xuan.

Ye Xuan directly took the small hand of the Song Dynasty and introduced: "The princess of the Great Song Dynasty."

This action allowed Ye Zhang to understand the relationship between the two.

However, when they heard Ye Xuan's words, they almost did not faint.

Princess of the Great and Great Song Dynasty?

I have cut the grass!

A dynasty, but worth hundreds, even thousands of Xuanyang empire!

And Ye Jia?

It is just a small family in the Xuanyang Empire.

In the eyes of Ye Zhang, Ye Xuan has grown to a point where they can't imagine.

"Come and come, sit, sit." Ye Zhang laughed and closed his mouth, and quickly took Ye Xuan and sat down.

After all, it was my family and I quickly chatted.

Ye Xuan left home for a year, and even the Yuncheng City has undergone a huge change. The Xuanyang Royal Family also took great care of Ye Family and sent many people to help with the construction.

Not only that, but even Ouyang Ming came to Lianyun City to sit down.

Lianyun City is developing very well now, and it is very harmonious. There is nothing big happening, so Ye Xuan is very at ease.

As for Liu Er and Xue Qingqing, they also live very well. They are only suitable for this peaceful life, so they have no peace of mind.

This time back, Ye Xuan brought a lot of good things.

In addition to those cultivation resources and prefecture-level martial arts, there are also treasures exchanged in the phagocytic system, such as the meditation of the speed of cultivation, comparable to the guardian of the peak of the real Xuanjing.

Although the Xuanyang Empire is only a small empire, it is always a good thing to be strong, just in case.

With these, Ye, Xue and Lin will certainly be one of the most powerful families in the East.

After leaving Ye Zhang, Ye Xuan also returned to the small courtyard where he lived.

I haven't walked into the small courtyard yet. There is a burst of laughter and laughter from Yan Yanyan. It is obvious that two little girls are playing.

Ye Xuan directly pushed the door of the yard and walked in with the Song Dynasty.

After the two little girls inside saw Ye Xuan, they also flew directly to him.

"Young Master, you are finally back."

Liu Er directly rushed into the arms of Ye Xuan, and his eyes were red with excitement.

"Haha, I haven't seen it for a year, and Liu Er has grown a lot." Ye Xuan gently touched Liu's head.

"You are a bastard. When you are a general of the town, don't care about us? Don't come back once in a long time." Xue Qingqing walked angrily and pointed directly at Ye Xuan's nose.

"No way, when the time was tight, I left the Xuanyang Empire directly. Now I am not coming back."

Ye Xuan smiled, then gently pulled the Song dynasty standing at the door and introduced: "Introduction, this is my sister Liu Er, this, the amount, is also my sister Xue Qingqing."

His voice has not yet fallen, Xue Qingqing is dissatisfied: "Who is your sister, I am your fiancée, hey, I know you are restless, come back with a beautiful sister every time."

Ye Xuan stunned, and he suddenly remembered that when he was in the New Year, he brought back Guan Lan.

I don't know, is Guanlan Lan now good?

However, he didn't think much about it. When he got there, he went to split Yunzong and saw that Guan Lan had not returned.

"You are just a fake. In addition, the menstruation is also my fiancée. I have to get along well in the future..." Ye Xuan smiled slyly. He was already seeing the eyes of the Song Dynasty.

He also knows that the Song Dynasty should not be compared with Xue Qingqing, but rather another beautiful big sister in Xue Qingqing's mouth.

"This time, even if you bring it back next time, I will kill you." Xue Qing said with enthusiasm, he actually went directly to the Song Dynasty, and said with relatives: "This sister, we Go into the house and talk about him."

Ye Xuan turned his eyes and it was really faster than changing his face.
