

## Super D. S 2241

Chapter 2241: Repair phagocytic space

It turns out that in this endless desert, there is a special kind of beast.

These beasts are creatures of the spiritual gods. They do not have flesh and blood, but build their bodies with sand.

These salons are huge in size and rarely found to be where they are, but this salon seems to have special feelings for the magic weapon and the heavenly treasure, and every time they appear, there will be some treasures.

"Boss, then, what is the spring water that those people are preparing, is it used to drink?"

Ye Xuan continued to ask.

"Of course not. The guest officer will really laugh. Once the gods are cultivated, they will not have to eat or drink. This spring water has other uses."

"Oh, talk about it!"

Ye Xuan is also interested.

"Oh, the guest should not be our locals, so I don't know this spring water. The spring water is actually a kind of juice secreted by a special plant in the desert, and it is very weird."

Ye Xuan slightly stunned, weird?

Actually use the word weird to describe water?

"This is the case. The guest officer does not know. If the \*\*\*\* spring water falls into this desert, then a forest can grow up in a moment. Although it is said that this forest does not have the support of the spring water, less than half an hour. It will turn into yellow sand and disappear."

"But, this half-hour time, but also can do a lot of things. For example, to avoid the special beasts in the desert or something, the beasts in the desert are generally afraid of plants, no reason for knowing, but, The news is absolutely reliable."

After listening to the innkeeper's words, let's not say that even Ye Xuan is quite strange. There is still such water. It can be drenched in the desert and turned into a forest. It is also a novelty.

"Okay, then, the boss, let me prepare some."

Since it is said that this water has a magical effect, then Ye Xuan also believes that he can not find useful places.

"Well, okay, the guest officer, this \*\*\*\* spring water is a drop of 10,000 gods, do not know how much the guest officer needs?"

What a drop of 10,000 gods!

Ye Xuan was shocked by this price.

A drop of 10,000 gods? This is too expensive.

Fortunately, Ye Xuan is not bad, so he said directly to the boss: "If this is the case, then come first!"

When Ye Xuan's voice fell, it's simple that the innkeeper looked at Ye Xuan with a weird look.

"This guest, are you sure you want a pot?"

When others buy it, it is a drop by drop, and when it is his turn to buy Ye Xuan, one opening is a pot!

"Why, aren't there so many springs here?"

Seeing the boss hesitating, Ye Xuan was surprised to see the past.

"No, if the guest officer needs it, then naturally there is!"

"Here, it is all the spring water of this store. There are more than 900 drops in total. Even if you are a guest officer, you will have nine hundred drops. Do you want all the officials?"

"Well, of course."

Ye Xuan has won the treasure house of the whole Mo Shangge, where will be the difference between Shen Jing, you know, the number of Shen Jing that Ye Xuan now has, afraid of hundreds of millions!

"Give you, this is nine million."

Ye Xuan threw out a ring of Qiang Kun, and it seemed so casual.

However, Ye Xuan's actions made everyone stunned.

Also returned to the nine million Shenjing.

You know, this is nine million gods.

However, Ye Xuan did not care at all. In fact, he bought so much directly because of the system's prompts.

“Hey, the system prompts, discovering materials that can be used to repair the phagocytic space, and recommends that the host harvest immediately.”

Yes, that's it, this spring water can repair the phagocytic space.

For Ye Xuan, the devour of space is his fundamental, other treasures, Shen Jing or something, for Ye Xuan is nothing.

As long as it can repair the phagocytic space, even if it is precious, Ye Xuan will not hesitate.

"Well, the system, the spring water is here, how do you use it?"

“Hey, the system suggests that the host only needs to pour the spring water into the phagocytic space.”

Ye Xuan nodded and did not hesitate to directly pour all the water of the gods into the devour space.

I know that once this spring water falls into the devour space, it is immediately turned into rain, and there is a heavy rain directly in the entire swallowing space.

“Hey, the system prompts, the progress of the swallow space repair is improved, the current damage is 14.5%!”

"Hey, the spring water can repair the phagocytic space to the upper limit, and the remaining spring water is automatically returned to the host."

What, there is actually a saying of the upper limit of saturation,

Ye Xuan originally thought that Shenquan water could infinitely repair and swallow space, and he was even ready to continue to purchase Shenquan water.

But where do you know that this is not the case at all, but there is a ceiling!

Looking at the system to return more than a hundred drops of spring water, Ye Xuan can only helplessly.

However, this time it was inspired by Ye Xuan. Does it mean that some special materials can repair the phagocytic space?

“System, among the resources I have, is there any material that can be used to repair the phagocytic space?”

“Hey, the system suggests that some of the special resources owned by the host can be used to repair the phagocytic space.”

"Since this is still the case, then hesitate, use it all, as long as it can be used to repair the resources of the phagocytic space, all use!"

“Hey, the system prompts, the resource is used successfully, the progress of the swallow space repair is improved, and the current damage is 10%!”

Unexpectedly, actually let Ye Xuan unintentionally found such a benefit, and swallowed the space and directly repaired 5 percent.

This is really good!

“Hey, the system prompts that the part detected from the host resource can be used to repair the system's items, and the system automatically collects and uses it!”

“Hey, the system prompts, the system is improved.”

Ye Xuan smiled slightly, not only repaired the phagocytic space, but did not expect that even the system also repaired some.

However, when the next prompt of the system sounded, Ye Xuan could not laugh.

"Hey, the system prompts, this repair, consumes 35 percent of the host resource reserve!"

one third!

Actually, one third of Ye Xuan's resources were consumed in one breath.

You know, this is the savings of the cabinet.

As the most powerful existence of Moshang, the cabinet has many resources in its hands.

But unexpectedly, I used a third of it in a flash!

In an instant, Ye Xuan can no longer be proud of it.

It seems that resources are still a big problem.

"Boss, you know, there is an auction house in Shacheng."

"Oh, yes, the guest officer please go out and go straight. There is a chamber of commerce in the city of Shacheng. Maybe the guest can buy what he wants."

"Ok."

After getting the news he wanted, Ye Xuan went straight outside.

Chapter 2242: Weird alien

However, Ye Xuan went out just now, but after seeing him, many people followed and went out.

It seems that this is to rob Ye Xuan.

Also, one shot is nine million gods, Ye Xuan's wealth, it is difficult to make people jealous.

Fortunately, Ye Xuan is now a good-natured god, and it is still a master, so these people did not have the first time to do it.

Ye Xuan walked out of the front, and saw a huge building.

The building is also somewhat weird, and the two high-elections that are juxtaposed entangled each other.

Obviously on the ground, there are still two separate towers, but at the top, they have already synthesized one.

I don't know who designed this tower to be like this.

Ye Xuan did not hesitate and went straight in.

At this time, there are already a few people gathered outside the tower.

"Damn boy, actually took my money to buy things, I have to clean up sooner or later!"

A bearded man said loudly, the expression is also very rich.

This guy, but hegemony, even directly said Ye Xuan's Shen Jing is his, and Ye Xuan to buy things, he was also regarded as a heinous.

Fortunately, here is the auction opened by the city owner, so these guys are not afraid to mess.

Otherwise, I am afraid that these people will have to start with Ye Xuan.

Ye Xuan still doesn't know this. After all, these people have not shown hostility, so even if it is a system, it is impossible to detect it.

At the moment, Ye Xuan has already gone in.

Not to mention, here, Ye Xuan first saw the gods of other races.

In the midst of nothing, it is rare to see the gods of other races, most of them are the gods of the Terran.

However, on this Sha nationality site, it seems that the Sha people themselves are aliens, so Ye Xuan saw a lot of alien gods.

"System, detect that guy, that guy is so strange!"

"Hey, the system prompts, specifies the target, the gods, and the three spirits."

God lamp family, a strange race.

"Hey, the system suggests that the gods have special magical powers that can be projected into the inferior world. They will be a magical light in the inferior world. If someone gets it, they can get their reward."

Ye Xuan looked at this guy with a weird look.

"System, what is that race?"

At this time, in front of Ye Xuan, a guy with an unusually large ear came over, and this guy still has no hair!

"Hey, the system prompts, specifies the target, the Luohan. The Luohan is a member of the Terran, but it is named separately because of the special practice of cultivation."

"Cough, feelings, this guy is also a person, okay, misunderstanding."

Ye Xuan walked while looking at the situation around him.

Suddenly, he felt his arms were slightly cold.

When Ye Xuan looked at the past, he saw a shadow that actually penetrated his body and went straight.

"System, what is this ghost thing?"

"Hey, the system prompts, specifies the target, the ghost family. The ghost family is divided into many branches, but collectively known as the ghost family."

No, ghost?

Is this really a ghost thing?

.....

Ye Xuan is a long-term experience. On this road, he saw so many strange races. If Ye Xuan did not see it, he would not even believe it.

Stone can be cultivated into God!

Flowers and plants can also be cultivated into gods!

Water and fire can be cultivated into gods!

Even the most strange thing about Ye Xuan is that a sirloin!

Yes, it's a sirloin, and it's actually cultivated into a god.

It really should be the same sentence, the forest is big, what birds are!

And the gods are big, and what God has come out.

The burdock can cultivate the godhead, and Ye Xuan is also drunk.

If he had not seen it with his own eyes, it is estimated that he would not believe it.

Of course, pulling out the yak yak is definitely not a general creature, at least a master of Xuan Shenjing?

However, Ye Xuan feels that it is better to stay away from these guys. Others may not feel anything. It is not surprising that they are staying with these guys.

However, Ye Xuan would not think so, especially thinking of the cows and gods, Ye Xuan felt a bit disgusting.

.....

"What do the officials need to order?"

Finally came to the counter, a waiter asked Ye Xuan respectfully.

"Well, if you have any special treasures or materials here, let me introduce them."

"Okay, guest officer."

After the waiter answered, he handed Ye Xuan a jade.

Ye Xuan Shen read it outside, after viewing it, there are only five things that can attract his attention.

It can be said that there is nothing special about the material that Ye Xuan pays attention to here.

Seeing Ye Xuan's slightly frowning appearance, the waiter said: "If the guest wants special materials, then I am afraid that it is not time now. Our auction house will hold a large auction every 30 years, only then. Only a variety of special materials will appear. From the next auction, it will be two years. If the guest is convenient, you can come back two years later."

Ye Xuan nodded. Since this is the case, there is no need for him to stay here, so he goes straight outside.

Originally, Ye Xuan was preparing to enter the desert directly. Who knows, he walked out of the sand city and was stopped by a group of people.

"What do you want to do?"

Ye Xuan looked at these people strangely, and at the same time, the heart was also talking to the system:

"System, detecting the strength of these people."

"Hey, the system prompts, specify the target nine spiritual realms, two inferior Xuan Shenjing, a medium Xuan Shenjing."

In this way, the strength is not weak, so what do they want to do?

"Haha, kid, you actually asked what we want to do? Actually, the brothers don't want to do anything. They are a little tight on hand. They are going to ask you to ask for the key to the gods, and the brothers are not greedy. Just give a few thousand. Ten thousand!"

Tens of millions!

I really dare to speak.

Ye Xuan has come to the present, where there is still no reason to understand.

"You want to rob me, but I don't know if you have that strength!"

Ye Xuan looked at these people faintly, a medium-sized Xuan Shenjing, and the rest, all of them are Ye Xuan who can kill the guys, but they have to look at how they came to rob Ye Xuan.

"Hey, boy, the tone is not small, honestly hand over things, then, we are not embarrassing you, if you dare not, but don't blame the brothers and ruthless."

These guys have no Zongmen, but a group of scattered repairs.

There are not so many rules between the scattered repairs. It can even be said that the weak meat and strong food is even more dazzling. If you have the strength, you can see who is not pleasing to the eye, even if you kill it, no one will manage it.

Not to mention, grab something!

Therefore, in the eyes of the medium mysterious god, Ye Xuan handed over things, that is what Ye Xuan should do, and if Ye Xuan did not, even if he killed Ye Xuan, there would be no trouble.

Of course, the previous Ye Xuan often robbed the family and killed the people, but now someone actually hit his mind and found him dead!

Chapter 2243: In case of robbery

"A few brothers, let this guy know that it is amazing."

Although Ye Xuan reveals the strength of the inferior peaks and mysterious gods, it still does not really make this medium-spirited \*\*\*\* fear.

At this point, seeing that Ye Xuan did not give him a face, he directly ordered the hands.

"Hey, just rely on a few ants, and dare to do it like me?"

"Six words are true, cruel!"

With Ye Xuan saying a word, all of a sudden, the few people suddenly found that one of their legs was so inexplicably separated from the body.

Even after the separation, they didn't even feel a point, and there was no half drop of blood.

It seems that they are actually broken legs at the beginning!

"How is this going!"

Those people are dumbfounded, and they can't see a leg without seeing it?

Broken legs, for them, nothing, after all, as long as they are willing, then it does not take long, you can use the power of the force to push, and then grow a new leg out.

But the key thing is that he is inexplicably broken.

Some people started to push their powers and prepared to grow their legs again.

However, this is an attack of the six-word mantra, saying that you may be able to recover if you are disabled.

"Well, my power cannot repair my legs at all. What is going on, what is going on?"

Some people immediately changed their color after trying to fail.

Short leg scorpion?

Disabled?

This is in the realm of God, there is no precedent at all.

The battles in the realm of the gods are extremely cruel, so it is inevitable that there will be death and injury, and it is quite normal to break a leg or something.

However, the key point is that as long as there are resources, or some special magical powers, the broken arm can be reborn, so there is absolutely no disability in the realm of the gods.

But what is strange is that they are indeed going to break their legs, and there is no way to recover.

In a flash, except for the guy in the middle of the mysterious world, everyone else became a one-legged one.

The medium spirit brows and wrinkles: "What did you do to them, what strange powers did you use?"

He knows, I am afraid that all this is done by Ye Xuan, because here, apart from Ye Xuan and them, there is no outsider at all.

"Give you a chance, roll now, I won't kill you!"

Ye Xuan is too lazy to take care of him, but faintly said.

"Damn, you dare to threaten me, find death!"

The man was mad at Ye Xuan's words and immediately shot.

"Sha Giant!"

boom!

Suddenly, two giants of sand condensed suddenly appeared, and at the same time flew toward Ye Xuan.

"Is this power?"

Ye Xuan looked at the man faintly, and waved out with a sword. Two swords appeared at the same time, and it was two gods!

"Boom!"

The two sand giants burst instantly.

"Damn, boy, you are looking for death, you are looking for death!"

"Xuan Lei is attacking!"

With a bang, I saw that the person turned into a thunder and flew directly toward Ye Xuan.

The thunder flashed, but in an instant, Ye Xuan was completely surrounded by the man. Yes, it was surrounded, because the man's movement was too fast, and a wall of lightning was formed directly around Ye Xuan.

At the same time, from the top of Ye Xuan, a much larger thunder suddenly rushed down.

"boom!"

The huge attack directly hit Ye Xuan.

However, even the leaves of Ye Xuan did not move, because at this time, Ye Xuan had already placed an invincible ban.

The man's body exploded, and he directly opened the distance from Ye Xuan. He looked at Ye Xuan with incomprehensibility. He didn't think of it. He was a three-person medium-sized man, and he broke out the most powerful magical power. .

"So, is it my turn to take it? Take this sword, I can let you go."

"Destroy the gods!"

Between the crashes, Ye Xuan a sword!

However, there is only one attack here, which is awesome!

Ye Xuan, now, has been able to kill seven gods at the same time.

Just because of the strength of this guy, I want to fight against the seven attacks of Ye Xuan. How is it possible?

"boom!"

It was only the first, the man's defense was broken, not to mention the latter.

The sword light disappeared, however, the medium mysterious \*\*\*\* had no sound.

I slammed and fell directly to the ground.

The rest of the people looked at Ye Xuan in horror, but this is a medium spirit, and it was actually killed by Ye Xuan and a sword!

"噗通!"

One person fell to the ground directly.

"The adults are forgiving, the adults are forgiving, we will not dare any more in the future, we will not dare anymore."

Perhaps inspired by his companions, others immediately slammed down and sang:

"We are wrong, ask the grown-ups to spare."

Everyone kept acknowledging the mistake and expected Ye Xuan to take a life around them.

Some even slap a palm and then a slap in the face, a crisp slap.

And Ye Xuan, but they are all too lazy to look at these people and say: "Leave your ring, you can roll!"

Since these people want to rob themselves, then Ye Xuan will naturally not be polite.

Where are the few people who dare to hesitate, the treasures are gone, and there is still a chance to get them in the future, but if the life is gone, nothing can be done.

In the face of Ye Xuan who can kill a third-class medium mysterious \*\*\*\* with a sword, what are they?

Therefore, no one hesitated, they have come up with their own ring.

Ye Xuan waved all the Qiang Kun ring away, looked at it and there is nothing worth noting, he directly chose to swallow.

"Hey, the host breaks through, and the current two products are middle-aged."

For Ye Xuan, even if you want to reserve resources, you can't say that you are leaving something too bad.

Ye Xuan reserves resources, mainly for refining and using, of course, there may be other uses.

Therefore, if his garbage resources are simply useless to Ye Xuan.

Ye Xuan ignored the few people, and the few people, like Meng Da, generally fled and fled.

In the city, it is better not to kill people, but it is still possible to kill.

However, just as Ye Xuan was about to leave, a voice rang.

"Little guy, yes, it's a black way to eat black."

"Who!"

Ye Xuan was shocked. When he was fighting, his mind was always released. That is to say, Ye Xuan did not find anyone in the dark.

Moreover, this person did not show hostility, so the system did not find him.

Ye Xuan looked around and found no one at all.

However, in this case, the air suddenly blurred, and I saw an old man coming out!

"Hey, the system prompts, the target is specified, the peak is mysterious!"

Actually it is a peak mysterious god!

Ye Xuan is different, you know, if he can deal with a medium mysterious god, you can do it, but it is almost impossible to deal with the finest gods!

What's more, it is a peak of the gods!

This is only one step away, and it is possible to break through the existence of true deities.

It's not so unlucky. Actually, Pengda is a peak and a god, so how does Ye Xuan fight?

"who are you?"

Ye Xuan watched this person on alert. At this time, this person has not shown hostility, but it does not mean that Ye Xuan can relax.

Chapter 2244: Mysterious old man

"Haha, don't be nervous, little guy, I am not malicious to you, you are the descendant of the ancient gods, I did not expect that after so many years, I was able to see the descendants of the ancient gods again!"

The man's words made Ye Xuan even more puzzled. You must know that Ye Xuan did not tell anyone outsiders about the things of the ancient gods.

In other words, in addition to the ancient survivors can sense Ye Xuan, it is reasonable to say that someone should not be able to find Ye Xuan.

So what is this guy?

"You, who is it?"

Ye Xuan asked again!

"Who am I? Yes, who am I coming from? Oh, it's been a long time, and I forgot who I am!"

The man still had a smile on his face, but he always made Ye Xuan feel weird.

"System, detect this person!"

"Hey, the system prompts, the detection failed, the target is too powerful, the system can't detect it!"

"System, have you not detected his level just now, how can you detect it now!"

Ye Xuan was surprised, why the second investigation of the system actually failed!

"Hey, the system is testing!"

"Hey, the system prompts, the host please note that the specified target has a special hidden power, can hide their true repair!"

Your uncle!

Ye Xuan is very angry.

This also uses the system to prompt, Ye Xuan certainly knows, but, this guy, what is the head?

"Little guy, do you want to go to the desert to find the ancient city?"

The man looked at Ye Xuan and asked faintly. Although he did not show any hostility on his body, Ye Xuan was still under great pressure!

"Yes, I am going to the ancient city. Who are you?"

This is the third time Ye Xuan asked, but the man did not care about Ye Xuan.

"Oh, if you want to explore the ancient city, then you don't have to go, the ancient city suddenly appeared. I have already removed it in order to prevent people who don't want to enter."

Move away!

Ye Xuan was shocked. It was an ancient city, but it was the ancient city laid down by the ancient gods. However, this guy actually said that he had moved away.

That thing, is that you can move away when you move away!

That is an ancient ruins!

It can be said that the inside is absolutely secret!

Is he even able to move away even in the secret world?

Just for a moment, Ye Xuan knew that this person is never simple.

It can also be said that Ye Xuan has no resentment in front of him, but fortunately, this person does not show any hostility to Ye Xuan. Otherwise, Ye Xuan may not even escape.

"Little guy, the old man owes a favor to the ancient gods, so he promised him and took care of his descendants. Unfortunately, the luck of his two previous singers did not seem so good, and he fell early."

"Little guy, you can't fall, but I know that the guy left only three inheritance. If you are falling, then I can eat it!"

Ye Xuan is very depressed, and it seems that he really wants to fall. Ye Xuan's brain has no problems, how could he think about falling.

"Okay, my virtual shadow has found you across a total of three million. It is time to take you away. You don't need any exploration here, because the things here have already been taken away by the two." Come with me, I will take you away."

"Hey, this little \*\*\*\* girl is a bit interesting. I actually gave you the godhead. It seems to be your followers. Then, let me go with me."

Suddenly, along with this person's words, a force that could not resist the resistance of Ye Xuan directly wrapped Ye Xuan and Feiyan, and then Ye Xuan saw himself moving fast.

Yes, he saw it!

Seeing myself as if it was really running on the ground, but the speed is too fast and too fast, so fast that everything he sees is turned into light.

Actually not a transfer, but just a hurry!

However, what kind of existence is this can have such a speed.

Ye Xuan rang, this person said that he found Ye Xuan across 100,000.

What is the concept of three million?

You must know that Ye Xuan has entered the realm of the gods, and the scope of his activities has been no more than two hundred distances. Moreover, it is only now that he has left the world.

Three million, how terrible.

However, Ye Xuan even felt that it was less than half an hour, but they have arrived!

Half an hour, spanning three million!

What kind of speed is this?

What kind of strong existence is this.

.....

"Oh, little guy, the main \*\*\*\* here, is one of my disciples. From now on, you will practice here. I will wait for you to achieve the moment of the Lord's Deity. When I am in the Lord's Divine, I will tell you a secret."

Said, the figure of the man disappeared.

Yes, it just disappears, just like when he appeared, it disappeared directly!

This is too strong!

Ye Xuan is very incomparable, this person, is it so strong?

Do not give yourself an explanation, directly bring yourself out of three million, directly through several fields of the main god!

Moreover, he is not allowed to refuse!

However, what can Ye Xuan do?

This powerful existence, even if the Lord God is his disciple, then how strong is he?

I am afraid that it is strong, and even Ye Xuan simply does not dare to think about it!

Just when Ye Xuan was in a daze.

In the space, there was another wave of volatility, and a young woman appeared in front of Ye Xuan.

Ye Xuan's first reaction is beauty!

Very beautiful and beautiful!

It can be said that it is already the most beautiful woman Ye Xuan has seen.

"You are Ye Xuan?"

The woman spoke up.

Ye Xuan nodded subconsciously,

The strong, even Ye Xuan is the descendant of the ancient gods, knowing that his name is not strange.

"Oh, Ye Xuan is like this."

Lying in the trough, Ye Xuan is speechless, he is not long, what does it look like?

"Come with me, my sister is waiting for you at the Jingu."

The woman walked toward the front, and Ye Xuan was unfamiliar at this time, and was inexplicably brought here. What else can he do besides following this woman?

"System, detect the strength of this person in front of you."

"Hey, the system prompts, specifies the target, the peak of the true state!"

Your uncle!

Ye Xuan was helpless, but he immediately came out with a peak of true God. However, he thought that even the Lord God was the disciple of that person, and he calmed down.

Ye Xuan can only follow along, otherwise, what else can he do?

After walking a distance, a city appeared in front of Ye Xuan.

It can be said that this is the most brilliant city that Ye Xuan has ever seen.

The huge incomparable is not mentioned, and countless floating islands float in it, not to mention, but the overlapping secrets are actually directly placed in the virtual shadow, which is simply beyond the expectations of Ye Xuan.

The woman who led Ye Xuan's road was obviously not simple. When he passed, countless people were bowed.

"See the princess!"

"See the princess!"

princess!

This is actually a princess!

Ok, Ye Xuan recognized, after all, he has not seen too many things, and then, here Ye Xuan is a stranger!

Chapter 2245: Kunlun domain

The eyes of countless people are gathered on Ye Xuan's body, and Ye Xuan also heard the argument.

"Who is this kid, when did the princess receive such a follower, the strength is weak!"

"Isn't it, how can the Royal Highness suddenly receive a follower?"

Followers?

Ye Xuan is speechless, and he calls himself a follower!

Forget it, Ye Xuan is too lazy to care about it. Feiyan also follows Ye Xuan's side, but looking at him, it seems that he is not much different from Ye Xuan, and it seems to be somewhat unsuitable.

Suddenly, a figure was stopped in front of Ye Xuan.

"Kid, who are you?"

"Hey, the system prompts, the target is specified, the king level is the true god!"

Lying in the trough!

The king level is actually a king, and it is also a peak god!

This, what is this special place?

Ye Xuan has been dumbfounded, and there are two peaks and true gods, but now, even the people with the title of the former crown have come out, what is going on!

Here, what is it.

This is the king level!

This is the strongman with the title of the former crown.

You must know, don't look at Ye Xuan's system, and often kill the strong.

However, even if Ye Xuan is immediately promoted to the peak of the true state of God, only the one who is killed by the person in front of him, you know, this is the king!

Ye Xuan's whole heart is shaking, this situation is beyond his expectations, and even can be said that he has already exceeded his imagination.

It is not that the title of the former crown was only available in the ancient times and super geniuses.

Why, Ye Xuan has encountered one now!

"Retire!"

A crisp voice sounded up, and even did not name it, but the person in front of Ye Xuan immediately retreated to the side.

Ye Xuan was speechless, and the king level came out. It seems that he has come to a place where he can't.

Of course, he is not good at saying anything now, he can only continue to move forward.

A row of gold armor guards are on both sides, and Ye Xuan is now passing by the gold armor.

The true gods of all colors, these gold armor guards, all composed of strong gods.

Ye Xuan has been completely shaken here.

Along the way, there is a little Ye Xuan who can be sure, that is, he is probably now coming to a new world. It can be said that it is more powerful than the previous ones.

Of course, what is the situation, only slowly found behind.

"Ye Xuan, go in, my sister is waiting for you. Your entourage can only stay outside, I will take care of him."

Finally got to the place?

At this time, Ye Xuan was in front of a long ladder, and at the end of the ladder, it was a palace that was suspended alone.

Of course, Ye Xuan cares about the material of this ladder.

"Each of these steps, all of them are assembled with millions of years of flowering, millions of years of results, and five million years of mature Cangyu jade fruit. The violent things are simply violent things, so treasures are actually Used to make ladders, people here, there is no public morality."

Ye Xuan's heart mourned, and if he swallowed him enough, he would rise several levels, but here, it was used to make the ladder.

Ye Xuan really does not know, how many shocks are waiting for him, of course, no matter where it is, since he is coming, it is necessary to check it out.

Ye Xuan soon entered the palace.

There are no people around the palace, so Ye Xuan also directly pushed the door and went inside.

"You came."

The plain voice sounded.

And a woman who is not inferior to the princess just went to Ye Xuan.

"You are the Ye Xuan that the master said. My master is a lifelong world. Don't say that I care about anyone. Even our disciples can't see him once in tens of thousands of years. I didn't expect this time to ask me. Take care of you, are you a younger brother?"

The woman did not look down on Ye Xuan because of the low realm of Ye Xuan. Of course, I am afraid this is also because of the old man.

“Hey, the system prompts that the target is too powerful to detect!”

Is there no way for the system to see each other's realm?

But Ye Xuan can guess, I am afraid this is a strong man of the main deity, because the old man said that he would ask one of his main divine disciples to take care of Ye Xuan, then no doubt, this woman should be the main deity.

Moreover, Ye Xuan has enough reason to believe that she is not the only main \*\*\*\* here.

"The disciples are not, the predecessors are just taking care of me, and dare to ask, where is this?"

Ye Xuan looked at the woman and asked.

"Do you say this here? Here is the Kunlun domain, I am the \*\*\*\* here, hehe."

"Kunlun Godland? Is it the core area of the gods?"

Ye Xuan did not care about the self-introduction of that, but concerned whether it is the core of the gods.

However, Ye Xuan's words seem to make a funny laugh.

I saw you smile a little, then said: "The core of the gods? We can't count on the Kunlun domain. Okay, don't say this. Tell me about your future plans. The master will let me take care of you, then I will naturally do it. You can tell me what you want, or what you want to do."

Ye Xuan nodded, but was not prepared to accept her care. For Ye Xuan, this unknown place, everything is still a mystery, and the old man inexplicably brought Ye Xuan here, Ye Xuan, also I don't dare to trust him 100%.

Although the predecessors did mention the inheritance of the ancient gods, mentioning the remains of the ancient city, as if everything is reasonable.

However, he did not know that Ye Xuan had a system.

A very small thing, but let Ye Xuan have to doubt this strong, of course, can only be doubted in the heart, or even can not be expressed.

Exploring the mysterious ancient city, the system has issued a mission!

If it is said that the mysterious ancient city really has nothing, or has disappeared, then the system should not retain the task.

That is to say, the super strong person is lying, the mysterious ancient city may be really taken away by him, but it does not mean that there is no value of exploration.

Since the ancient gods specially asked Ye Xuan to come and see it, it would prove that there must be some clues.

However, now the old man conceals this matter, what is his purpose? Is he really protecting Ye Xuan? Or is there any other reason?

Ye Xuan did not know, and he did not know that the strength of the old man, Ye Xuan did not dare to hesitate, so these questions can only be placed in the heart.

Now, Ye Xuan naturally will not really accept the care of this lord god, no matter whether this lord \*\*\*\* is a group with the old man, Ye Xuan, it is impossible to completely expose his whereabouts to the enemy and unknown. People.

"Well, I know that my predecessors are good for me, but I still have to refuse, thank you for your kindness, but I hope, let me find the way to the strong."

Ye Xuan's euphemistic rejection.

Chapter 2246: Ye Xuan's choice

His eyes lifted slightly, and once again looked at Ye Xuan, then asked: "Is this your decision?"

"Yes, this is my decision!"

Ye Xuan did not hesitate.

"I understand why the master will look at you differently. If you like, I can give you the best cultivation environment, so that you can improve your training in the shortest time, but you don't have it, but you are willing to hone yourself. ,well!"

"Since you made a choice, I will not stop it, but since the master asked me to take care of you, then I can't say no, give it to you, there are three letters of recommendation, maybe it will help you."

I didn't give Ye Xuan any magic weapon, but gave three letters of recommendation!

"Well, since you made your choice, go on your own path, yes, this token you hold, the Kunlun domain is far more dangerous than you think, so do it yourself."

"Now, you can leave."

Ye Xuan nodded and said a thank you, and would not stop doing more, and went straight out.

One token, three letters of recommendation, this is all he got!

Of course, Ye Xuan still doesn't know that the four things in his hands, any one of them, can make the people of Kunlun Gods crazy.

Out of the hall, Ye Xuan quickly found the flying smoke.

However, at this time, the flying smoke was very happy to talk to the Princess.

When I saw Ye Xuan coming out, the princess asked quite strangely: "Is it coming out so soon?"

Ye Xuan smiled slightly: "Do you think I can stay in it for a long time?"

"That's not it, but who are you, my sister actually let me pick you up, it's really weird."

Ye Xuan can see that this princess is afraid of being a very simple person, but Ye Xuan does not want to tell her too much.

"I am me, no one is counted, but it is a predecessor who asks the Lord God to take care of me."

"Oh, it's okay, my sister told you her name. To find someone who knows the name of my sister, there are not many in Kunlun."

"Forget it, you don't say I don't want to ask, then what arrangements do you have? I can help you with anything, even though."

"Thank you for the kindness of the princess. There is nothing to trouble you for now. If there is any need for the princess to help in the future, I am looking for the Princess."

"That line, just let me."

Taking care of Ye Xuan is only because of her sister's jealousy, so this princess will naturally not care too much about Ye Xuan.

Ye Xuan took the flying smoke and walked straight out of the palace, until he came outside, it seemed to be an atmosphere.

In the palace, Ye Xuan has been very depressed.

"Gongzi, what do we do next?"

The flying smoke looked around and asked Ye Xuan.

"If you come here, you will be safe. It's far from the distance. Even if we want to go back, it's hard to be afraid. Let's go, let's find a place to settle down."

In fact, Ye Xuan himself has no clue, so naturally he does not know what to do.

The two found an inn and stayed for a while. Whether it was Ye Xuan or flying smoke, it took time to get used to it. Sudden environmental changes made Ye Xuan quite uncomfortable.

There is no mortal here, even if it is the lowest, what Ye Xuan sees is also above God's humanity.

Moreover, here, it is completely different from the situation. If it is removed, it seems to be really an ordinary city.

There are guards, there are various kinds of businessmen, people are doing their own things, and it seems that the division of labor is very clear.

The Lord God gave Ye Xuan three letters of recommendation, and until now, Ye Xuan was ready to view.

However, after he checked it, he discovered that he was ready to go.

This is a total of three letters of recommendation.

One is to recommend Ye Xuan to the military.

The second is to recommend Ye Xuan to join a sect.

As for the third one, it is to go to the Scorpio school!

The school is much more free than the training camp. You can join at any time, or you can quit at any time, because everything needs to be redeemed.

However, the school is a bit bad, it is a mixture of people, and what kind of people may exist.

Even so, if you want to join, you don't want to join to join.

As for the army, Ye Xuan will not consider it at least now. Joining the military can indeed get a lot of benefits, but the degree of danger is also great. Ye Xuan's current strength, even if he joins, is only a cannon fodder.

Then, Ye Xuan has what it is necessary to join.

You must know that once Ye Xuan joins the army, there is no doubt that he will directly enter the battlefield of the Lord God.

Zongmen, then not to mention, Ye Xuan will not consider.

So, count, only this school is Ye Xuan's best choice.

In the Kunlun domain, the school is divided into five levels, one star to five stars, no doubt, one star school is the weakest, and five stars are the strongest.

At this time, Ye Xuan's hand was a recommendation letter from the Tianzhu School, one of the only three five-star schools in the Kunlun domain.

"Let's go, hoe, let's go to the Huiyuecheng!"

"Okay, son."

Ye Xuan originally thought that here, it is still the mainstream of using the transmission array or driving on its own.

However, it was not until he really wanted to hurry that he understood that any transmission array of the Kunlun Divines was strictly controlled. Except for privileged characters or emergency situations, no one should use the transmission array at other times.

As for the way to hurry, it is actually using the beast carriage!

Ye Xuan is quite speechless, because such a way of rushing, in the eyes of Ye Xuan, can be said to be a step backwards rather than an improvement.

Well, here is also a place that is much stronger than the ones in the world. It is still using such primitive methods to hurry.

However, it was not until Ye Xuan saw the so-called beastly carriage that he knew how ignorant he was.

"This is the carriage? Is this really a carriage?"

Ye Xuan looked at the Kowloon carriage in front of him with amazement. The shock in his heart was afraid that only he knew it.

Nine three-clawed golden dragons pull a chain, and at the other end of the chain, they link the car.

"Yes, this son, according to your needs, this is the best carriage of our station."

The owner of the station looked at Ye Xuan and said with a smile.

"Well, how is this carriage sold?"

"Don't help me, I suggest you rent it directly. If you buy it, it is still not worthwhile. This carriage is our own training. Of course, if you want to buy, I can give you a 10% discount, nine million Shenjing. "

Nine million gods!

He really dared to speak.

"So, is his speed?"

Ye Xuan continued to ask.

"The son is assured, the speed of this three-claw Golden Dragon carriage is absolutely satisfactory, he can be a day-to-day carriage, and it is already an intermediate carriage."

Everyday days!

Chapter 2247: Purchase manor

In other words, as long as one day, this carriage can be traversed.

In the end, Ye Xuan got it wrong, or did they take the name too casually, obviously it is a powerful flying magic weapon, but it must be called a carriage?

You must know that even if Ye Xuan uses a transmission array, the time of day is at most one or two.

But now, the three-clawed Golden Dragon Carriage in front of Ye Xuan is able to do every day!

Ok, Ye Xuan is a service.

Perhaps, in the sights of the world, here, you can abandon it.

Here, it is by no means the existence of a few corners in the small corner.

However, I heard the owner of the station said that this guy, when it was only an intermediate carriage, Ye Xuan gave up the idea of buying.

To buy, Ye Xuan has to buy the best.

"Since this is the case, I still rent it, how can I rent it?"

"Please ask the son to tell where you are going!"

"I am going to Huiyuecheng!"

Yes, this is the choice after Ye Xuan weighs, he will not join the Tianzhu school.

"Well, Huiyuecheng is not far away, but the distance of Qianjing is only, so that the son can give 50,000 Shenjing, 40,000 of which is a deposit. When you arrive at the destination, another 40,000 will be returned to you. !"

Ten thousand gods, you can actually travel thousands of times!

"Okay, just do it."

Ye Xuan nodded.

After too much shock, Ye Xuan has become accustomed.

Ye Xuan and Feiyan directly sat in the carriage, and when he really got on the road, he realized that although the name of the carriage was a little bit, the effect was really not simple.

The Tianxue School, the Tianzhu School, and the Tianhuang School are the three major five-star schools in Kunlun.

Ye Xuan has a recommendation letter from the Tianzhu school, but Ye Xuan is not ready to join the Tianzhu school, because Ye Xuan's own road, Ye Xuan himself chooses.

These three letters of recommendation, Ye Xuan is just casually placed in the devouring space, at least, now Ye Xuan has no idea.

Soon, Ye Xuan came to Huiyuecheng. The reason why he came here is because there is a Samsung school in Huiyuecheng. Ye Xuan is ready to join here.

Sure enough, as Ye Xuan knows, joining the school does not require any conditions, as long as you are willing to join.

However, as for the place where he was assigned, Ye Xuan, who did not have a recommendation letter, could only obey the arrangement.

"Well, the second product of the Xuan Shenjing, repair is enough, well, registration is complete, you can go to the ancient pavilion to receive guidance, when the place is naturally someone will be responsible for receiving you, a total of 100,000 Shenjing, this will be your future three The cost of the year."

Ye Xuan nodded, did not say anything, directly to Shen Jing, it is considered to join the Huiyue School.

"Brother, are you also signing up?"

Suddenly, a young man came to Ye Xuan's side and took it very casually to Ye Xuan's shoulder. Ye Xuan quietly escaped and said with a smile on his face: "Yes, how, you too?"

"Oh, yes, the family asked me to receive training at the Huiyue School, and then I will find a way to join the army. But why did you go to the ancient pavilion?"

"Abandoned ancient pavilion, but the most chaotic place in the whole school!"

If Ye Xuan didn't know this, he said casually: "Where you go, it's not the same. Anyway, you have to work \*\*\*\* your own."

The boy looked at Ye Xuan in a wrong way. He said very strangely: "Please, when are you thinking about this? The Huiyue School has three ancient pavilions, Hong Moting, Yu Jingting, and Yu Jingting. Not to mention, that is the family's patent, there is no special recommendation, let's go in."

"But the ancient pavilion is prepared for the affiliated forces and civilians. As long as you give money, anyone can go in, and there is almost no management. Look at your token, and it is also aristocratic. How do you choose to go there?"

It turns out that the token given to Ye Xuan is actually the identity token in the Kunlun domain. It represents the situation of your family. Without this, it can be said that it will be difficult to walk in the Kunlun domain.

Among the Kunlun gods, there are four levels of family, big nobility, nobility, and civilians.

Of course, all of this is built on strength, but it is no longer a personal power, but a family.

Kunlun Godland is a completely strange place for Ye Xuan. It seems that Ye Xuan needs to know a lot.

However, I know that I have no foundation here, so choosing the ancient pavilion may be his best choice.

In the doubtful look of the man, Ye Xuan directly took the flying smoke to report to the ancient pavilion.

Later, Ye Xuan, together with Feiyan, is going to buy a manor. After all, Ye Xuan is useless in a place where he lives.

Huiyuecheng is only a medium-sized city in the Kunlun domain, so the blessings of the blessings are all strong, but they are also very different.

At this time, Ye Xuan came to a business conference, where the estate was sold exclusively.

"Hello, is this son ready to buy a manor?"

"Well, of course, do you have any good recommendations, the price is not a problem, I need the best."

Ye Xuan said in an atmosphere.

"Okay, son, please see, our Chamber of Commerce currently holds more than 170 sets of manors, and among them, these sets are the best, definitely the best choice."

The waiter waved several sets of manor images between the waves, and then briefly introduced it to Ye Xuan.

"Look at the son, this set of manor has a small secret inside, although the area is only one size, but it can improve the speed of ten times cultivation, which is definitely a boutique."

"You son, you are watching this set, this set of manor is also a small secret, and it is the space of the ten worlds, although the mainland inside the secret belongs to the development of the mainland, but this does not just give the son a chance to hunt."

.....

Ye Xuan Yue is more shocked, good guys, these estates are actually their own secrets, and, still, how much space is still moving!

The scope of a territory can be equal to a continent. It is no problem to live with hundreds of millions of people!

But when I got here, it was just a manor.

Ye Xuan's first reaction is that he may not be able to buy it at all, even if Ye Xuan is now in his pocket, there are nearly 100 million Shenjing!

However, this price, Ye Xuan still has to ask.

"Talk about it, what about the price?"

"Oh, if the son wants to buy, then, the store can give you a 10% discount, the two sets you see now, one set you 30 million, the other set you three 34 million, how do you see?"

Ye Xuan's heart suddenly slammed, and it was very expensive. Ye Xuan's hands were all crystals, but Mo's cabinet did not know how many years of reserves.

However, now it seems that it is not much at all!

.....

"Hey, a poor ghost is quite tall, can't afford it, don't just look around."

Suddenly, a harsh voice passed to Ye Xuan's ear.

Chapter 2248: Hayashi family

Ye Xuan didn't think much at first. After all, it wasn't Ye Xuan who came here to buy a manor.

However, the voice followed by another sentence, but let Ye Xuan affirm, that guy, is talking about himself.

"Hey, kid, good dog, don't you hear it, have you heard it?"

This time, the sound came directly from behind Ye Xuan.

Ye Xuan turned and saw a young boy standing behind him. The boy's eyes seemed to be staring at the ceiling. He didn't bother to look at Ye Xuan.

Behind him, he followed four followers.

"You are talking to me?"

Ye Xuan looked at the man and asked directly.

"Why, is there a ghost in addition to you here?"

Sure enough, I was talking to myself. Ye Xuan's heart was slightly angry. When she first came to Huiyuecheng, Ye Xuan did not want to cause trouble. However, if someone dared to provoke Ye Xuan, then he did not have to be polite.

"You dare to say something, I didn't hear it clearly."

Ye Xuan looked at the man and was ready to give him a chance.

"Haha, I heard no, I have seen it, I have never seen such a sly look, haha, I said that you are a poor ghost, good dog does not block the road, hurry to get me off!"

Ye Xuan's side can be said to be very empty. Obviously, this person is simply looking for something!

Ye Xuan smiled and his mouth rose high.

Very good, it seems that this guy is looking for himself to die.

"roll!"

Suddenly, Ye Xuan shot directly.

A punch is just a punch, and the person will fly directly!

Ye Xuan is even too lazy to see what this person is doing, because no matter what he is, he has to pay for the price.

"boom!"

The power of violentness broke out instantly, and the man was directly shot by Ye Xuan.

And the four followers around him have not even reacted to what happened.

"You, you dare to hit me!"

The man stood up from the ground, and in his chest, a rune was directly turned into a powder.

Ye Xuan also noticed that when he punched out, this guy didn't have the slightest defense at all, but the charm of his chest automatically condensed a shield of divine power.

"Damn, damn, don't you see it? This guy, dare to shoot with less, kill me!"

The man was so angry that he directly ordered his followers to shoot.

"Hey, specify the target, the peak of the gods!"

"Hey, specify the target, the seven products and the mysterious gods!"

At the same time that the man gave the order, the two followers directly rushed to Ye Xuan.

"Oh, since you are eager to die, then I will fulfill you!"

"Six-word mantra: disabled!"

"Hey!"

Two muffled sounds, the two who rushed to Ye Xuan, while the arms were turned into blood fog, and instantly became a waste.

In an instant, the entire hall was silent, and everyone looked like Ye Xuan.

In fact, I am afraid that the people here will not know the boy. The boy is one of the four great families of Huiyuecheng.

I have always been arrogant, and in fact, the Chamber of Commerce where Ye Xuan is now is the industry of Lin.

Ye Xuan turned out to be the first to go to this Huiyue City, and he offended the Lin family, one of the four great families of Huiyuecheng.

Of course, even if he comes again, Ye Xuan will not hesitate to shoot.

Speaking of it, Ye Xuan was inexplicably brought to such an unfamiliar environment, and this was quite uncomfortable in my heart.

No one provokes it, but since someone is going to come to the door, then Ye Xuan does not mind venting it.

"You, you dare to do it, you dare to do it."

The boy looked at Ye Xuan, half of his eyes were frightened and half angry.

However, Ye Xuan did not pay any attention to his meaning. Ye Xuan abolished two people, and the anger in his heart was also a venting. After all, it was a strange place, so Ye Xuan did not want to provoke right and wrong.

Of course, he has actually provoked it now.

"Okay, let's continue, my requirements are not high. The secrets of the manor are not indifferent. What I need is a manor that can at least improve the cultivation speed by about 50 times. Can you have it here?"

Ye Xuan practiced, relying on the devouring, but after all, the flying smoke is to be cultivated. Of course, Ye Xuan can devour the income of the flying tobacco into the space, but Ye Xuan does not intend to do so.

Therefore, the cultivation space required to buy this manor is naturally prepared for flying smoke.

"Okay, son, we have a set that meets your standards."

"You see, this is the set. This estate has its own secrets. It can be said that even one percent of the land is not available. However, this manor has set a special polygamy prohibition, so it can have fifty times of cultivation. Addition. Do you think you are satisfied?"

It is reasonable to say that Ye Xuan shot and Lin Jia Shaozhu as the enemy, this Chamber of Commerce is good for Lin's industry, even if not immediately deal with Ye Xuan, but at least should not continue to sell things to Ye Xuan.

However, this Lin family is mainly based on business. It has always been the door to enter the door. Even if Ye Xuan goes out, they immediately start to Ye Xuan, but as long as Ye Xuan is still in their shop, they will treat the leaves according to the guests. Xuan.

This is also a major feature of the Lin family.

However, even so, Lin's reaction is still somewhat weird, because at this time, the Lin family's young master was forcibly taken away by a strong person, and it seems that he was deliberately preventing the Lin family from continuing to make trouble.

Ye Xuan wouldn't care about this, but after looking at the manor, he nodded and said, "Okay, this is the set, what price?"

"Well, this set is cheap, still give the son a 10% discount, 12 million Shenjing can be, the son is assured, if the son does not need it in the future, it can also be sold, so the son will not suffer. "

"Well, yes, then, this is the set.

Ye Xuan bought the manor in the front hall. However, in the back hall, the Lin family was reprimanded by an elder at this time.

"Mer, I have told you how many times, how can you not change this sex, how can you still cause trouble all day? One day, one day, our Lin family will be harmed by you!"

"Three uncles, what do you mean by this? You don't help me to teach the kid. You actually said me, but I was bullied in your store. You are still not my uncle!"

"Hey, Merle, you usually bully those civilians, but today, even the people of God's main family dare to provoke, do you want to kill our Lin family?"

"God's family? San Shu, what are you talking about? That kid is just a small aristocrat. His identity token, I have not seen it, but it is a small aristocrat!"

"Do you really think that his identity token is so simple? Don't you see what material the token is made of, even though it looks like a normal small aristocratic token, but you Didn't you see that the token, but it was made with Kunlun stone! The entire Kunlun \*\*\*\* domain, who has the Kunlun stone?"

In an instant, the young man changed his face.

Chapter 2249: Easy life

The Kunlun stone is not a special treasure. In fact, this stone is not useful except for its solidity.

However, this Kunlun stone, the entire Kunlun \*\*\*\* domain, has only one vein produced, and it has always been the identity of the family of God.

Also, what the Lord God shot is how it might be so ordinary.

Those who know the goods naturally know the goods, do not know, afraid that they will not be qualified to know for a lifetime.

Fortunately, their Lin family is also considered to be knowledgeable, able to recognize Ye Xuan that token.

The boy's eyes were horrified, but there was a deep hidden in this panic, and there was a hint of killing!

What about Kunlun Stone?

dead!

.....

Ye Xuan did not know this. In his eyes, the thing just happened was just an episode.

The manor bought the number, and Ye Xuan later purchased some things, so he had a home in this Huiyuecheng.

It was two months, and unconsciously, Ye Xuan had been here for two months.

The school is very free. Every day, there are countless strong people to start classes, telling all kinds of knowledge, from refining and prohibiting, to refining the magic weapon of medicinal herbs, or magical powers, etc., even how to find special materials, etc. .

Ye Xuan's two months have been very fulfilling.

Ye Xuan can swallow a rapid upgrade, but the title of the former crown, but not the devour can be obtained.

On this day, Ye Xuan continued to listen as usual.

But the system suddenly prompted, let Ye Xuan heart ecstasy.

"Hey, the system prompts, congratulations to the host to get the title of the former title."

"Hey, the host is currently in the second class of the second class!"

In this Kunlun domain, with some people who have won the title of the former title, Ye Xuan suspected from the beginning whether there is any way to get it.

After he had listened to several classes in the school, Ye Xuan finally felt it, that is the comprehensive strength.

Yes, the method of obtaining the title of the former crown, at least said that the three levels of the king, the king, can be obtained by improving their comprehensive strength.

Those so-called sub-professions, and where is really so unbearable.

Before Ye Xuan's insights on the ground, it was misleading. In the past, Ye Xuan saw those who had special occupations, and the general status was quite high, but the realm was not high.

The people with high realm do not have many sub-professions at all.

Knowing that Ye Xuan is constantly accepting new knowledge here, I finally realized it.

In fact, any sub-professional is actually a kind of strength, not just supernatural powers and realms.

For example, Ye Xuan often uses a banned battle.

In fact, medicinal herbs can also be used for combat, and the tamer can also be used as a means of combat.

All this depends on whether you can get through.

Of course, many people simply don't know this.

And even if you know, there is not enough talent, and it is impossible to say that you are all learning.

Ye Xuan is not the same, Ye Xuan has a system, as long as he has heard something, he can quickly learn.

In just two months, Ye Xuan actually won the predecessor title!

What is genius?

This is the real genius!

Since then, Ye Xuan has been more concerned about all kinds of forces. Anything that he can touch, no matter what, Ye Xuan will go to study. Anyway, there is a system, Ye Xuan does not have to worry about learning.

Ye Xuan seems to be a hunger-thirsty student, constantly learning.

Until after half a year.

This more than half a year can be regarded as the most calm half of Ye Xuan in the realm of the gods.

Even once, let Ye Xuan feel that he might be able to live in the realm of peace in such a calm and peaceful way.

However, the gods are, after all, the gods, the world of the strong, the weak and the strong.

The peace that is thought of in it is impossible, and silence and tolerance can only be regarded as incompetence.

On this day, Ye Xuan, as usual, is going to listen to the course of a Taming Master.

But when I got to the middle of the road, I was stopped.

"Is this kid?"

"Yes, yes, I have been observing him for a long time. Don't look at the usual honesty. Actually, it is a rich man. Hey, at first, we actually looked away. I heard that it is still a small noble. ""

"Hey, little aristocrats? A nobleman actually ran to our ancient hall, and went, looking for him to pay for the pocket money."

.....

"What do you want to do?"

Ye Xuan looked at these people, the calm life may have been too comfortable, and even the bloodiness of Ye Xuan was also wiped out.

"Oh, we don't want to do anything, but we are a little tight recently, so I want to find you a little \*\*\*\* flower. Not much, 500,000, 500,000 is not too small for you, how, brother ""

Actually, the brave robbing Ye Xuan!

"Why do I have it for you even if I have it?"

Ye Xuan looked at these people. For a long time, he didn't do anything with people. Is this comfortable life too comfortable?

"Why, are you planning to give it?"

"I don't give it, how about you?"

"Good boy, actually dare to let go in front of us, go, pack me up!"

This group of guys actually said that they started to do it, and they wanted to \*\*\*\* the ring of Ye Xuan.

"You are looking for death!"

Ye Xuan figured a move and directly rushed up.

Ye Xuan didn't really want to kill, so he didn't even use the Excalibur, but it was just a punch, and the man in front of him was so dead!

"Killing, someone killing!"

With this snoring, in an instant, at the side of Ye Xuan, there were more than 30 people!

Moreover, all of them are minimally cultivated in the middle of the mysterious state.

trap!

This is simply a trap. Some people want to frame Ye Xuan.

At this time, a teenager came out, not the Lin family, but who else.

This guy, actually for so long, finally found Ye Xuan revenge.

"It's you!"

Ye Xuan looked at the Lin family and his master, his eyes suddenly changed.

It seems that the comfort on the surface can really anesthetize people. In fact, if Ye Xuan did not see this guy again, he even forgot the previous things.

"Hey, good guy, actually killing people in the school, I see, you are looking for death! Everyone, slap him back to be punished!"

Although he was punished, all these people showed a magic weapon. Obviously, this is the rhythm of wanting to kill Ye Xuan.

"System, check out the realm of that guy!"

"Hey, specify the target, eight products and other mysterious gods!"

Eight products waiting for the mysterious god?

That is to find yourself dead!

"Six-word mantra: dead!"

The power of the mysterious spirit was launched, and the Lin family and the masters did not even have time to react, and they directly killed themselves.

Yes, Ye Xuan, a word, directly to the small life of this Lin family!

"Less master, less master is dead!"

Some people panicked in horror. In an instant, everyone rushed toward Ye Xuan.

"Thousand beast swordsman!"

"Flower God Swordsman!"

Of course, Ye Xuan could not sit still and directly summon two swordsmen.

In an instant, thousands of head-level mounts, and flowers of flowers, appeared, and directly rushed up.

However, Ye Xuan knows that I am afraid I can't stay here now.

Chapter 2250: Yuki-yuki Shiratani

"Taro, go quickly!"

Ye Xuan directly transmitted to the flying smoke.

This Huiyue school, this Huiyuecheng, Ye Xuan can not continue to stay.

During the first half of the year, Ye Xuan did not know the other, but the strength of the Lin family and the Lin family was clearly clear.

Taking advantage of the thousands of beasts and swordsmen to stop these people, Ye Xuan did not care so much, directly rushed out to the outside.

Sure enough, Ye Xuan had just left, and immediately several strong people rushed over.

All are true gods!

Ye Xuan dared to hesitate and fled directly.

While fleeing, Ye Xuan also regrets.

He did not regret killing the Lin family, but regretted his own intentions and his own slack.

Ye Xuan, do you really think that when you come to this Kunlun domain, can you really live quietly?

No strength, no matter where, it is only being stepped on!

Today is the landlord, then who will be tomorrow!

"Damn, it's damn, I was so slack in a comfortable life!"

Ye Xuan was very angry. For such a long time, he did not even improve his realm. Although he got the title of the former title, it can be said that it was originally obtained inadvertently, instead of Ye Xuan obtained through his own efforts.

It can even be said that when Ye Xuan first joined the school, he never thought of it.

He wants to leave Huiyuecheng, no, to be precise, is to leave all the cities, Ye Xuan, is not a person in the city!

Ye Xuan, I am not qualified to enjoy it now!

Falling down waiting for Ye Xuan to rescue.

The task of the system, until now, Ye Xuan has not been completed, even the system has not been repaired until now!

"It seems that I have to thank this Lin family, if not he will wake me up this time, maybe I will really indulge in such a comfortable life, Lin Jia? Hui Yuecheng? I have a day Will come back, rest assured, this time, not too long!"

.....

When the flying smoke was sent to Ye Xuan, Ye Xuan resumed his own planning.

During the time of the Kunlun Divine, Ye Xuan also had some understanding, and also collected some maps.

Now, Ye Xuan's temporary choice is to go to an ancient ruins!

It is said that many people will explore here, but no one can really enter it, it is said that it is dangerous, and it has extremely powerful illusion.

Ye Xuan is going to see if there is any mystery in this place.

Soon, Ye Xuan came to this place called Baigu.

According to the information collected by Ye Xuan, there are three entrances in Baigu, and the three entrances seem to be three different roads.

A master killing, with countless guards of the beast.

A master illusion, it can be said that many people are directly trapped.

The last one is the pressure, where the pressure is constantly strengthening, and even can be said to be able to instantly destroy the deities of those who enter.

Ye Xuan chose the road to killing.

God beast, Ye Xuan is missing the body of the beast.

As before, the flying smoke was just waiting outside, and Ye Xuan, who entered it alone.

When Ye Xuan Cai arrived at the entrance of the White Valley, he saw a beast blocking the face of Ye Xuan.

"Hey, the system prompts, specifies the target, and the superior heaven."

Heavenly environment?

Ye Xuan smiled slightly, and he killed him with a sword, and the body did not look directly to see it.

It seems that the beasts here have their own territory. As long as Ye Xuan does not enter the scope of their territory, these beasts will not actively attack, so this is cheaper Ye Xuan, along the way, Ye Xuan does not care what is happening. For the beast, all kill and swallow.

"Hey, the host breaks through, and the current three products are in the middle of Xuan Shen."

The long-lost tone finally sounded!

Finally, broke through!

However, this is only the beginning, because Ye Xuan will start a new round of crazy upgrades.

.....

"Hey, the system prompts, the host should pay attention to the front, detect the strong beast, please pay attention to the host."

The system was early warning.

It seems that I really met a powerful beast!

Ye Xuan raised his vigilance and moved on. Soon, Ye Xuan discovered a beast.

At the same time, the system prompts to sound again.

"Hey, the system prompts, specifies the target, the peak of the mysterious gods!"

"Hey, the system prompts, detects a special superior swallowing beast!"

Actually it is a swallowing beast!

Ye Xuan's eyes suddenly slammed and said, Ye Xuan could not let him go.

This guy, not only swallows the beast, but also a special swallowing beast.

In other words, once Ye Xuan is strangled, not only can he get the swallowing point, but also get special materials.

It's really tricky to wait for the peak of the mysterious gods.

However, Ye Xuan is now also known as the former title, even if there is only one rank.

The front crown title will be refreshed, but each realm is refreshed once, that is to say, Ye Xuan has not upgraded to the superior Xuan Shen.

Then, as long as it is in the middle of the mysterious state, his former title is existed, and he can also get the blessing of strength.

At this time, although Ye Xuan only has the cultivation of three sub-classical Xuan Shen, but there is no chance to kill this beast.

Of course, it is definitely necessary to make some preparations in advance.

Ye Xuan figured a move, constantly having resources to be consumed, and one by one was constantly arranged.

Yes, since this guy is strong, then Ye Xuan borrows the power of the ban.

At the same time, Ye Xuan also refines several small self-detonation bans.

The self-detonation ban is similar to the self-explosive magic weapon, which is a one-time consumption item, but the power is good.

When it is ready, Ye Xuan will summon a thousand beast swordsman, a flower \*\*\*\* sword waiter, and at the same time, hold the sword in his hand.

"Megatron, look at the magic shape that is refreshed today."

Megatron immediately flew out of the sacred sword and instantly became a magic weapon. However, he did not expect that the first one would make Ye Xuan quite like it.

"Broken Mountain Hammer! Every attack, there is a chance to stun the opponent!"

This effect is good, although there is only a chance, but the appearance of the sledgehammer is also quite like Ye Xuan.

The opposite of the \*\*\*\* animal body is about ten meters, and it is suitable to use a sledgehammer to clean up.

"on!"

In an instant, the thousand beast swordsman took a god-level mount, and the flower \*\*\*\* sword waited with a hundred flowers and flowers, and rushed straight out.

The beast naturally also noticed Ye Xuan, but Ye Xuan did not enter his territory, and he did not care.

Now, when Ye Xuan came in, he immediately rushed over.

"Roar!"

Just listening to the singer of the beast, the figure suddenly rose several times, and at the same time, its claws have been photographed.

"boom!"

At least twenty of the god-level mounts were directly shot.

However, the rest of the upgraded mounts took advantage of this opportunity to rush up!

"Roar!"

Another big bang, the tail of this beast suddenly slammed, and even more than a dozen god-level mounts were drawn!

Great!

Ye Xuan looked far away, but did not care much.

"Destroy the gods!"
