Chapter 225: Challenge the list of days

The three women went straight into the house. Ye Xuan did not follow up. He estimated that these three gimmicks could be scored one after another. After all, it was a small girl.

Sure enough, he didn't expect it. After half an hour, they were just like sisters, and they talked very well.

After that, Ye Xuan exchanged two small things from the phagocytic system and then walked into the house.

"Liu Er, Qing Qing, these two small jade are worn by you. When you are in danger, you can save your life." Ye Xuan handed two pieces of Xiao Yu Pei.

"With a gift back, you still have a little conscience." Xue Qingqing took the Xiaoyupei politely and found that the workmanship was very delicate, and it was pretty good to wear on the neck.

This is another kind of embarrassment that Ye Xuan exchanged. If it is in danger, it will condense a mysterious temper, which is comparable to the peak of the real Xuanjing. It is much more precious than the guardian who is several meters high.

Not only that, but Ye Xuan also specially selected a prefecture-level exercise method suitable for girls to practice, and also laid a large gathering of spiritual circles throughout Yejiabu to improve the speed of cultivation. At the same time, he gave two meditation jade to Liu Er's two hoes.

It must not be long before these two gimmicks can become masters. Ye Xuan does not ask them to become super strong, just want them to have a life-saving ability, and cultivation can also improve life expectancy, and many benefits.

A few days after the passing of the year, Ye Xuan went to Lingyun Dapeng to go to the cracked Yunzong, but learned that Guan Lan had not returned.

In desperation, he had to go to Xuanyang Emperor and give Zhao Chongguang and others a peace, because Zhao Pan and Jiang Xian did not return.

In the end, he returned to Lianyun City and planted some precious spirit grasses in Ye, Lin and Xue's homes to improve the strength of the heavens and the earth and facilitate the gathering.

Last year, Ye Xuan brought Guan Lan to come back, but it was a pity that Lan Lan had gone out of practice and has not returned yet.

To be honest, Ye Xuan still misses Guan Lan, after all, Guan Lan has to confess to him.

At the thought of this, Ye Xuan came to the air, and wanted to dig up to Zhou Cang's grave to dig him out, and then whipped a meal.

Only whip the body, can solve the hatred of his heart!

.....

When the New Year arrives, Ye Xuan's age is one year older. He is already seventeen.

After the end of the year, he stayed in Lianyun City for a few days, and then he drove back to Lingxiao House. The headquarters of the beasts have been destroyed, and other embers are not enough to fear, but this time, weeding must be rooted, otherwise it may rise again in the future.

Song City and Song rulings and others have long returned to Lingxiao, which is faster than Ye Xuan.

After Ye Xuan returned to Lingxiaofu, the elders of Taishang were looking for it. At this time, he was already aware of the fact that Song Dynasty broke through to the realm of God.

He immediately laughed a few times and his teeth were laughing.

A seventeen-year-old god, Dan, an 18-year-old god, this qualification is absolutely unique in the history of Lingxiao.

Since Ye Xuan has already broken through to the gods, he has to start.

What to start with?

Challenge the list of the land!

On the list of the land of the land, in addition to Jiangyou, there are four gods. In other words, the fifth to tenth are half-step Dan Yuanjing.

I also chose to challenge the four gods. After all, this is the person of the China Alliance, so I just found the challenge of the tenth person.

Although this brother is also a Chinese alliance, he is very happy to admit defeat.

In this way, Ye Xuan and Song Dian Jing, they were promoted to the heavenly palace.

At this time, Ye Xuan and Song Congjing came to the Tianzhifu and stayed in the same yard.

Their forefoot has just fallen, and one person has come over.

Song Caijing turned around and found that he was his own master. Immediately, he respectfully said, "Master, how come you?"

The comer is Zhou Yan, the elder elder of Lingxiao House. He walked into the door unceremoniously and smiled and said: "Haha, I have already heard the elder Song of the past, and you have both stepped into the human world. Ok, that's great. "

Hearing this, Song Xiaojing's little face can't help but redeem. Since Zhou Yan heard about this, she must know her relationship with Ye Xuan.

Zhou Yan said, but also fell to Ye Xuan's body, and flashed a touch of surprise color, said: "You kid is like your father, it is incredible, now you have stepped into the heavenly palace, but does not mean that you can squeeze In the top five of the list, you still need to work harder."

"Predecessors, can you tell the top five of those brothers in the top of the list?" Ye Xuan holds a fist.

"I know that you joined the China Alliance. Just the fifth day is a loose man. If you don't join any forces, the strength is relatively the worst. If you want to find a motivation, you should aim at him. This person is called Zhou Dongfeng, in the middle of the man, the strength is extraordinary, using one hand and two swords, the cultivation is the thirty-six swords of the prefecture-level exercises." Zhou Yan said casually.

In the list of days, there are some super geniuses, and there are people who teach that the leader of the China Alliance, the leader of the list of the day, not to mention that it has reached the ground.

As for the second Jiangyou and the third and fourth, they are not ordinary people, and they have already broken through to Dacheng.

And this fifth Zhou Dongfeng is only a medium-term man, and it is relatively good to pinch.

"In the middle of the man's life, I understand." Ye Xuan nodded slightly.

If it is comparable to the mysterious beast in the middle of the Dan, it is very easy for him. But this is, after all, Ling Xiaofu, so he is not 100% sure.

Although there is no one hundred percent, at least 80%.

He is already ready to challenge this week's Dongfeng.

"Well, here are the materials of twenty earthenwares and three hundred six-yuan Dans. If you are refining, send them to me. Right, you have to control some, don't delay cultivation."

Zhou Yan lost a ring, and then left.

Ye Xuan took a look at the Qiankun Ring and checked it out. The number is correct.

A piece of earth, 200,000 medium-quality spar, twenty is four million crystal spar. And three hundred six-yuan Dan, there are also three million Chinese crystal spar.

If Ye Xuan is fully refining, he will earn seven million Chinese crystal spar.

Song Congjing asked a little red face and asked incredibly: "How can you refine it?"

"Haha, you are too small to see me, how, I am afraid I can't afford you?" Ye Xuan was joking.

Although the Song Dynasty did not know how much money, she understood that this was definitely an astronomical figure, an astronomical figure that even Songcheng could not imagine.

"Then you want to go out now?" Song Congjing grinned.

"Yeah, but not to refine, anyway, you are fine, let's go together." Ye Xuan finished, directly took the small hand of the Song Dynasty and walked outside.

Song Congjing blinked his eyes and curiously asked, "Where?"

"Challenging the downfall."
