Chapter 2251: Reproduce organization

Suddenly, Ye Xuan took out a sword and the seven rays of light rushed straight toward the beast.

And Ye Xuan's figure also leaped high, the left hand smashed the sword, the right hand broke the mountain hammer, and at the same time smashed.

This is not finished, under the control of Ye Xuan's mind, behind Ye Xuan, five small bans were launched first, and they rushed toward the beast.

"Boom! Boom! Boom!"

Five huge explosions sounded, accompanied by the sound of the gods and beasts.

"Give me to die!"

Ye Xuan hands out and kneel down.

"bump!"

The beast was directly flew out by Ye Xuanyuan.

However, there is still no commandment, and it is also a beast of a mysterious god. It is so easy to kill.

Of course, his last days have arrived.

"Spiritual devouring!"

This beast is now suffering, and with the sudden mental attack, it instantly makes his body slightly stiff, but for such an instant, Ye Xuan's attack arrives again.

"boom!"

A hammer squats.

The beast was actually stunned again. It turned out to be a stun effect of the broken mountain hammer.

"good chance!"

At the same time, Ye Xuan threw two weapons in his hand, and in the midair, Megatron had taken over the control authority of the Sword and launched a fierce attack.

Of course, Ye Xuan will not be idle, but also launches a ban that has already been arranged.

The violent attack, all launched at that moment!

.....

"Hey, the system prompts, congratulations to the host to get three points to swallow!"

"Hey, the system prompts, congratulations to the host to get the soul fragments!"

"Hey, the system prompts, congratulations to the host to get special materials, violent heart!"

Haha!

Ye Xuan smiled, and sure enough, the strength still needs to be improved in the battle to be faster.

"The hand of devouring!"

This devours the body of the beast, naturally it can't be wasted. It is also a **** beast of the finest Xuan Shen.

"Hey, the host breaks through, the current four products are in the middle of Xuan Shen!"

Cool!

Ye Xuan has not been so cool for a long time.

Now think about it, in the days of the Huiyue School, where is the current passion.

"Keep going!"

Ye Xuan waved his hand, carrying a god-level mount and a flower ***** sword waiter, and continued to move forward.

It was also killing all the way, letting Ye Xuan harvest and devour many dead bodies.

Until Ye Xuan arrives at a door!

"Hey, the host found a random hidden task, Baigu secret."

"Hey, the system prompts that if the host explores White Valley, it will receive random rewards!"

Hey, triggered a random task?

Ye Xuan smiled slightly, and the sword in his hand suddenly slammed.

Direct violence breaks!

boom!

The power of violent, the door was shattered in an instant, and Ye Xuan, also went inside.

However, Ye Xuan's sword is a big problem.

Just as Ye Xuan entered the gate, a powerful beast suddenly rushed over, and, without exception, it was all white!

Could it be said that this is why Baigu is called Baigu.

"Hey, the host, please note that all the White Valley beasts have the title of the predecessor!"

"Hey, the system prompts, the host completes the random task and gets the heart fragment of the transmission."

"Hey, the system prompts, suggesting that the host leave immediately."

Lying in the trough!

This completes the task?

Moreover, without the system, Ye Xuan is now running.

All are the beasts with the predecessor title of the class, which simply won't win!

Fortunately, Ye Xuan left the door, and the beasts were not chasing them.

However, seeing this scene, Ye Xuan stopped again.

"Hey, these guys seem to be unable to get out of this door, then, can you take advantage of it?"

Yes, Ye Xuan had an idea when he saw that these beasts could not get out of the gate.

Then, let's try it first.

Ye Xuan quickly set up a ban, and after the arrangement, Ye Xuan carefully directed the thousands of beasts to walk in front.

Sure enough, as soon as the thousand beast swordsman entered, there were several white valley **** beasts rushing toward the thousand beast swordsmen.

"What is necessary is this effect! Prohibition is launched!"

In an instant, Ye Xuan concentrated all the banned attacks on a white valley **** beast, while at the same time, Megatron also controlled the scorpion sword to rush.

A set of violent skills directly kills a white valley **** beast.

"Devouring!"

Ye Xuan once again devours.

This time, Ye Xuan certainly did not upgrade so fast. But still got a good news.

"Hey, the system prompts, the host swallows the sacred beast, and updates the phagocytic ability. After that, the system devours the corpse of the corpse with the former title, and the experience will be increased, while the experience of the common corpse remains unchanged."

Well, this is what it should be. You must know that the beast with the title of the former title is not so good.

In the same way, Ye Xuan continued to use this method, and trapped more than a dozen Baigu beasts.

"Hey, the host breaks through, and the current five products are in the middle of Xuan Shen."

Upgraded again!

Cool!

However, just as Ye Xuan was ready to continue, he heard a voice.

"Who dares to let go, find death!"

.....

"Hey, system prompts, alerts, alerts, please leave the host immediately, please leave the host immediately!"

"Hey, the system prompts, it detects the power of the peaks and the gods!"

"Hey, the system prompts, it detects out the members of the organization!"

Lying in the trough!

Ye Xuan where to manage so many, while commanding the thousands of beast swordsman and the flower **** sword waiter with a god-level mount and a hundred flowers sword rushed up, the other side, the figure repeatedly burst!

What he just heard!

Destroy the organization!

It is also destroying the organization!

This sinister organization does not need to be so clever, so soon met again!

The last time in the world, Ye Xuan killed a person who destroyed the organization, and destroyed the organization of the organization, but the ancient demon **** was still removed from the organization.

Unexpectedly, when it came to this Kunlun domain, Ye Xuan once again met the people who destroyed the organization.

This is really a ghost!

Ye Xuan did not dare to stay in the air, and escaped from afar, it was a relief.

Obviously, that guy did not find Ye Xuan, otherwise, Ye Xuan is afraid that this time will be miserable.

You must know that the destruction of the organization is mysterious, and once someone breaks into their territory, it will definitely kill people.

System ah system, this time, but Ye Xuan pit, said what has completed the random task, clearly the biggest secret inside is the destruction of the organization.

In the short time of Baigu, Ye Xuan will not go, but he also remembered that there are people who have organized the organization in the White Valley, so Ye Xuan will never let go.

After stopping, Ye Xuan paid attention to the two special materials he got this time, the cruel heart and the heart of transmission.

I don't know if these two things are useful.

Cruel Heart: Special items, used to synthesize cruel swordsmen, brutal swordsmanship special ability, dead battle! Once the battle begins, the target is not killed, the battle will not end, and the brutal swordsman has the ability to grow, and the specific growth is unknown.

Heart of transmission: special items, can be used to synthesize special magical powers, according to the other auxiliary materials, special magical powers will also change.

Chapter 2252: Shenfu tribe

Although the introduction is simple, Ye Xuan already knows that these two things are good things.

A sword waiter, a supernatural power.

To be honest, Ye Xuan is actually very short of the swordsman, especially the kind of swordsman who can go to Ye Xuan to explore the road!

Before the Eight Heavens, there was an invincible sword **** who went to explore the road. After flying for nine days, the system entered the hidden mode and made a mistake.

Now every adventure, Ye Xuan can only go out in person, and the record of encountering danger is much larger.

Unfortunately, there is no suitable material, then Ye Xuan has no way.

Collapse two special materials.

Ye Xuan called for the system.

"System, where is the next goal?"

"Hey, the system prompts, according to the information mastered by the host, the current best choice for the host is to go to the ethereal floating island!"

Ethereal floating island!

Ye Xuan had heard a rumor when he was in the Huiyue School.

It is said that in the Kunlun gods, there is a mysterious race. The gods of this race have no fixed form, because they are themselves a kind of spiritual god. However, this kind of family produces a very special material, the ethereal **** stone!

The ethereal **** stone is the best material for making the charm, and the charm is much more convenient than the prohibition.

Prohibitions are generally fixed in one place, but the power of small prohibitions is not enough.

But the gods are different, the charms are easy to carry, and they can also produce a variety of special uses.

The use of the ban, after all, is too resource-intensive, and very inconvenient, so Ye Xuan is preparing to refine the rune as his own auxiliary means.

Anyway, there is a system, as long as there is material, then refining is not a problem at all.

Therefore, the ethereal floating island was especially noticed by Ye Xuan.

Unfortunately, this mysterious race does not know why, all disappeared overnight.

Ye Xuan can only find a look at the empty floating island to see if he can find some ethereal stone.

"Okay, then we will go to the empty floating island."

"The system, keep the detection mode at any time, I am afraid this time, not so good to find."

"Hey, the detection mode is turned on, and the target is empty and floating."

Ye Xuan nodded and flew away in the legendary position of the last appearance of the ethereal floating island.

.....

"The son, this time, where are we going?"

Halfway, the flying smoke asked Ye Xuan.

"Oh, this time we go to the empty floating island, I am going to look for the ethereal refining charm."

"Empty floating island? I am afraid that you will be disappointed this time. The ethereal floating island has actually disappeared with the empty spirits."

"Well, how do you know?"

After Ye Xuan asked, he immediately reacted. Isn't the flying smoke the spirit of the gods? Although not the same as the Air Spirit, but after all, they are all spiritual gods, saying that they can not know how to use the smoke.

"Taro, what do you know, tell me soon."

"The son, according to the little woman, the ethereal spirit has long been hiding, fearing that the son can not find it, but since the son is looking for materials to make the charm, there are many materials that can replace or even surpass the ethereal stone."

"The little girl suggested that the son go to the Rune Tribe!"

"Well? The Rune Tribe, what is this? How do you still have the name of the tribe?"

"Don't mind, please don't mind, this tribe is a foreigner, so it's not surprising to have such a name. Moreover, their power is spread throughout the realm of God. If they can find them, they may be able to get a big chance."

Ye Xuan frowned, it seems that Feifei does not know the specific location of this Shenfu tribe.

"Taro, can you find them?"

"Yes, the son, the little woman once had a chance to get to know a nine-character teacher of a tribe. She left a special magic weapon for the little girl, which was specially used to find the tribe."

As he said, the flying smoke handed Ye Xuan a weird leaf.

"Hey, the system reminds that according to the records of the ancient gods, the Shenfu tribe is a hidden race. The tribes are all over the whole world. Every branch is constantly moving. The gods are tribes, but the ten majors of the gods. First, master the myriad mysterious signs."

"Hey, congratulations to the host to find the serial task, the charm of the inheritance!"

"Hey, this task will reward you based on the number of sessions completed by the host and the degree of completion."

Another random task, this luck, very good!

Ye Xuan nodded. Since the flying smoke and the system all said so, then Ye Xuan, naturally, is going to look for this Shenfu tribe.

.....

"Flying smoke, how is this leaf used?"

Ye Xuan got the leaves and studied it for a long time, but there was no way to solve its use. He could only ask for the flying smoke.

"The son, this leaf is actually a special sensory charm. The son should pay attention to the gold thread above the leaf. The gold thread is the direction of guidance."

Also, if it is not a reminder of flying smoke, Ye Xuan will not notice that there are countless thin lines on the leaves, and there are many colors, just the golden thin lines, there are hundreds.

However, when the flying smoke pointed out, Ye Xuan discovered that there is only one of so many thin lines, no matter how Ye Xuan changes his position, what he points to is always a direction.

Since this is the case, then Ye Xuan is not hesitating, walking directly along the guidance of the gold line.

.....

After about seven or eight days, Ye Xuan came to a city.

This time, he deliberately came over. As for the reason, Ye Xuan is going to buy a carriage. Otherwise, it is too slow to hurry.

Ye Xuan came directly to the station of the city.

After some negotiations, I chose a fairly good carriage, although it is not comparable to the three-claw Golden Dragon carriage, but there are also the speed of the Japanese 50, which is at least better than Ye Xuan's own journey.

However, Ye Xuan was able to put the carriage back, only to find that he was surrounded by people.

It can be said that here, Ye Xuan has no enemies, then, who are these people?

"Is the target confirmed?"

"Well, confirm, according to the mission requirements, it is indeed this person."

"Okay, let's do it, kill him and finish the task."

.....

"who are you?"

Ye Xuan looked at these people, and he couldn't understand who they really were.

"Oh, who are we? Telling you is no problem, anyway, you are also a dead person, kid, you offended someone you shouldn't offend, someone spent 10 million Shenjing commissioned to buy your life, OK, nonsense Let's die!"

"Hey, the system prompts, the target is specified, and the seven products are in the top of the world!"

"Hey, the system prompts, detects hidden hostility, the host should pay attention."

The hidden hostility is that there are still people ambushing in secret?

Who are these people?

Killer?

It should be, since they say that someone is spending money to buy Ye Xuan's life, then they should be like killers.

The key thing is, who wants to spend money to buy Ye Xuan's life?

Lin Family in Huiyuecheng?

Or is it someone else?

Chapter 2253: Encounter assassination

Who is going to buy Ye Xuan's life, Ye Xuan does not know, but no matter who, Ye Xuan can not sit still.

"Hey, if you want to kill me, do you rely on you? You, there is no qualification!"

There are a total of three people on the opposite side, but apart from the guys who are in the top of the seven-story, the other two are not afraid at all. As for the hidden killer, Ye Xuan will not be too concerned.

This assassin can only rely on a sneak attack, wanting a blow to death. But there is a system, and it is almost impossible to sneak up on Ye Xuan.

Looking at Ye Xuan's look and fear, the leader of the group laughed and said: "Boy, do you think that you can save your life if you pretend to be calm? Today, you can't escape, kill me!"

As the voice of this person fell, I saw the two medium-minded gods around him suddenly, and when they moved, they rushed toward Ye Xuan.

The two people had a faint radiance between their hands, and they did not use any magic weapon.

No, they are making their own hands into a magic weapon!

It's a weird way of cultivation. It can be said that Ye Xuan has never seen it before.

There are many people who refine their bodies. Even Ye Xuan will strengthen his physique.

However, to refine his body into a magic weapon, Ye Xuan has never heard such a weird way before.

Of course, by this means, Ye Xuan will not be in the eye.

"Destroy the gods!"

Ye Xuan took it out, and in Ye Xuan's eyes, he was enough to kill the two.

However, the result is beyond the expectations of Ye Xuan.

This time, Ye Xuan shot, it is six swords!

The swordsmanship of the six gods, do not say the medium mysterious god, even if it is the uppermost Xuan Shenjing, fear is also to be hit hard.

However, the actual situation is that the two actually caught the attack of Ye Xuan with both hands.

Even the hands suddenly slammed hard, and dared to crush the sword light!

Awesome tricks!

Ye Xuan is wrong.

At that moment, Ye Xuan actually saw that there was a mysterious force between the two hands.

The force directly restrains the gods and swords that are condensed by the power of the gods, and then it is so pinched.

Divine power is broken into nothingness!

This power is something Ye Xuan has never seen before.

It seems that these killings also have some special magical powers.

However, they can take over the gods, then can you take the six-word mantra?

"dead!"

Ye Xuan looked at the two people, and said indifferently in his mouth.

The power of the mysterious realm, a mysterious force that only Ye Xuan could sense, suddenly rushed to the two.

It was only a moment, the figure of the two men sprinted down, and then, with a bang, fell to the ground.

It's already broken, and you can't die anymore!

The superior Xuan Shenqiang who saw this scene could not help but stay.

He did not see Ye Xuan's shot, but said a dead word, but his two men were directly killed.

This horrible strength made him scared!

"Hey, alert, detect unknown attacks, the system automatically takes over the defense!"

"Oh, the crisis is lifted!"

It is the hidden killer.

This guy, I will find time to shoot, but, if you want to attack Ye Xuan, he is not qualified enough.

The figure was exposed, but at this time the eyes were all strange.

At that time, it is reasonable to say that it is the best time to shoot, and Ye Xuan's vigilance has dropped to a minimum.

However, he clearly saw that Ye Xuan had slackened, but when he shot, Ye Xuan still made the most timely and correct choice, which is to directly resist the other side's attack!

It can be said that he has killed countless people, but he has never had anyone who reacted so quickly. Even even the top gods have no such strong reaction!

Under the murder of the killer, the figure is naturally slower than half a beat, and did not retreat the first time.

However, his daze does not mean that Ye Xuan will be in a daze.

"Dare to attack me, you are looking for death!"

"Megatron, kill me for him!"

With the order of Ye Xuan, Megatron directly manipulated the sacred sword and rushed out.

"Hey!"

The killer did not come and respond, and was smashed by a sword!

The gods are broken instantly and gradually lose consciousness!

Just a face-to-face, among the four killers, there are three pen names.

The rest of the killer of the finest Xuan Shenjing, the shock of the heart can be imagined.

"Damn, this is the information provided by the people, saying that this kid is just a normal medium mysterious god! This power is still ordinary!"

The killer's face was shocked, and at the same time, the figure exploded.

I didn't even dare to work with Ye Xuan and wanted to escape.

"Want to escape? Is it so simple?"

"Intelligence control!"

Spiritual control can't control this person, but Ye Xuan just needs to delay a little bit of time.

The powerful attack of the gods broke out from Ye Xuan, and the mind was controlled. It was not that whoever wanted to resist could resist.

The superior Xuan Shen killer has also resisted, and in a moment he has broken away from the control of spiritual control.

But when he recovered, he suddenly found that a huge wound had been left in his chest, and his godhead had already been shattered.

"You, when are you..."

Maybe he wants to ask Ye Xuan when to shoot.

Unfortunately, he did not have the opportunity to finish this sentence.

Ye Xuan's hand waved, and four of them were taken away by him.

"There are a lot of things, it seems that they are the targets of their killing."

"Unfortunately, there is nothing I need, then, swallow it!"

.....

"Hey, the host breaks through, the current six products are in the middle of Xuan Shen!"

Break through again!

It can be said that Ye Xuan is now upgrading, the resources that need to be swallowed are very large, but the four people's Qiang Kun ring can actually let Ye Xuan upgrade once.

It can be seen that they must have killed a lot of people before and won many people's resources.

Of course, Ye Xuan is now cheaper.

Although Ye Xuan also wants to know who these people sent, but after all, now Ye Xuan's main goal is to find the Rune tribe.

Therefore, these killer things, Ye Xuan had to temporarily put down.

However, after Ye Xuan has freed his hand, then today, Ye Xuan will definitely want to explain.

Going forward, along with the guidance of the leaves, Ye Xuan uses a horse-drawn carriage to hurry.

Unconsciously, I even walked out of the distance of seven hundred.

However, now, Ye Xuan is lost, or that Ye Xuan is blocked by a mysterious prohibition.

"Hey, flying smoke, not right, let's go back to the place just now!"

Yes, just half an hour ago, Ye Xuan left here.

However, after half an hour, Ye Xuan returned to the original place.

You know, using a horse-drawn carriage, the speed is still very fast.

Half an hour, in fact, has come a long way.

However, if you go back to the original place, then there is only one possibility.

That is, Ye Xuan spared a big circle!

You know, Ye Xuan is always following the direction of the gold wire of the leaves.

Chapter 2254: Came to the gods

If Ye Xuan returns to the original point again, there is only one possibility.

The gold thread on this leaf does not point in the wrong direction, but always points to a point.

The reason why Ye Xuan did not find it, this first, indeed has the reason for Ye Xuan.

But more is that this may be stunned by the arrangement of people.

Those who enter here will be subconsciously taken the wrong way, and they are still unaware of it.

It seems that Ye Xuan is finding a location!

The gods tribe should be hidden in this ban.

However, if you want to find someone who is a tribe, then Ye Xuan is afraid that the first thing is to find a way to break the prohibition in front of him.

"System, break the ban!"

"Hey, the system suggested that this prohibition is too strong, the host level is not enough, can not be broken."

What, the system can't get rid of it!

Also, this is the hidden place of the Rune Tribe after all. If there is no special guardian prohibition, it is strange.

Now, with such a banned existence, it makes Ye Xuan feel a lot.

Finally, I found the place, and I didn't look at Ye Xuan for so long.

However, the problem has come again, then, how can Ye Xuan break the ban and go in.

Ye Xuan probably understands how this prohibition works. This prohibition is similar to the blind method and the induction method. He has no intention of hurting people, but just wants to induce others to leave.

Therefore, it is impossible to use the eyes or even to use God to find a way to go.

So what should I do?

"Thousand beast swordsman!"

Suddenly, Ye Xuan summoned a thousand beast swordsmen.

"Thousand beasts, wait for your five senses, and read all the senses, then go straight in this direction!"

Ye Xuan issued an order.

Since you want to induce, then I don't need any sensory ability at all, see how you induce.

Get the order of Ye Xuan, and the thousands of beasts will act immediately.

In an instant, the thousands of beasts and swordsmen became scorpions, and the scorpions and gods disappeared. However, his footsteps did not stop at all, but went straight ahead.

"Taro, go, let's keep up!"

Ye Xuan did not hesitate and directly followed behind the thousand beast swordsmen.

After a while, sure enough, the route taken by the thousand beast swordsmen and the line in Ye Xuan's eyes changed.

I saw a boulder in front of a thousand beasts in front of the sword, but the thousand beasts did not hesitate to directly hit the past.

However, the thousand beast swordsmen were not blocked by this stone, but the figure was slightly blurred, and they wore the past.

Sure enough, it is a blind eye!

Ye Xuan naturally does not hesitate, but also directly follows the past, and once it has passed, the scene will change immediately, and various strange scenes will appear inexplicably, but when it is a sea of purgatory, it will be a thunderbolt, but also a beast. .

However, no matter what the scene, but one thing is common, that is, there is really no real danger here.

"A good tribe, don't want to be discovered, but it won't even hurt people in hot places. I have to see if this tribe has something special."

Ye Xuan took the flying smoke, and soon after, he finally passed through layers of illusion and went straight to the inside.

"Hey, congratulations to the host to complete the serial random task, looking for the gods, there is no reward."

This is a quiet mountain village, many unique houses stand around, and from time to time, there will be some people walking at will.

As if, this is a paradise in the realm of the gods.

The people here seem to be completely isolated from the outside world.

Ye Xuan also noticed that these people are really alien.

They are generally not high, usually only about one meter.

And their eyes are a blue and red two-color eye.

They don't have hair, the top of the head is a circle of aura, and their left hand is generally six fingers, but the right hand has only four fingers!

Is this the person of the gods?

.....

"Stand up, who are you?"

When Ye Xuan took away the swordsman and then walked to the village, a man with a spear stopped in front of him.

"Hello, my name is Ye Xuan. She is a flying smoke. Are you a man of the Tribe?"

"Yes, we are the gods tribe, but how did you find it here?"

"We are using this!"

Ye Xuan took out the leaf. This leaf is given by the people of the Tribe, so it must be a symbol of identity.

"Hey, the leaves of the Rune Tree are originally guests, please come with me."

Sure enough, when I saw the leaves, the man's face showed a smile, and Ye Xuan was much more polite.

"It's rare that our tribes haven't visited the guests for more than ten thousand years. I'm going to inform Elder Fulae immediately, he will be very happy."

The man brought Ye Xuan into the village. After everyone introduced the identity of Ye Xuan and others, he immediately left.

I heard that Ye Xuan came over with the leaves of the Rune Tree, and these Shenfu people all seemed very enthusiastic.

And many young girls, even around Ye Xuan, inquire about the outside.

These people have never left the tribe.

Even every migration is in the illusion. It can be said that what kind of world is outside, they don't know.

To be honest, Ye Xuan knows that it is not a lot.

But still quite patiently explain to them what Ye Xuan can know.

Soon, an elder will come over.

"Fu Ye elder!"

Each villager respectfully bowed to the elder of Fu Ye.

"Hey, the system prompts that the specified target level is too high to be explored!"

Actually a super strong!

The system has no way to probe, then it proves that this person is probably a super-existence of the main divine.

Ye Xuan naturally did not dare to let go, immediately stood up, respectfully said: "The younger Ye Xuan, I have seen the elders of Fu Ye."

"Oh, well, our tribe hasn't arrived for a long time. Our tribe has never been in contact with the outside world, nor will it sell the runes. But I didn't think that you actually have the guidance of the Rune Tree."

The elder first looked at the leaves in the hands of Ye Xuan, although he was very happy to say.

I can see that they are very concerned about the leaves in Ye Xuan's hands, although Ye Xuan does not know what it is.

But what is certain is that this leaf is not a simple thing.

Flying smoke seems to be the same as the spiritual gods, so the Rune people can communicate quickly. At this time, the flying smoke has been pulled to the other side by several girls of the Tribe.

Of course, Ye Xuan will not care so much.

"Little guy, what are you doing with us?"

Elder Fu Ye smiled and asked Ye Xuan.

Ye Xuan is not concealed. Fei Xing told Ye Xuan that this person of the genius is different from other races in the outside world. Whatever you do, you can directly say that no matter what your purpose, they will not care.

Chapter 2255: Powerful oracle

Therefore, Ye Xuan directly said that he was originally going to look for an empty stone, and then he knew that the rune of the gods of the Fuzu was even more powerful.

"Oh, do you want to learn to make runes? Or do you want to get rune materials?"

Unexpectedly, as it is said by the flying smoke, the talents of the Shenfu tribe, no matter what your purpose, wait until Ye Xuan said it, this elder of Fu Ye did not ask much.

"Of course I want to learn to make runes, but this rune material is also going to get some."

"Well, it turns out that you have the leaves of the Rune Tree, so we can allow you to learn the basic rune making skills in Rune Court, but because you are a foreigner, you can only study in the first three."

"If you want to learn more runes, then you need to go to Rune Valley yourself, where you can kill the Rune Beast, you can get the material you want, and you can get some way to run the rune."

Ye Xuan nodded, and the rune of the Rune family was simple enough.

However, if it is a simple rune production, for Ye Xuan, it is not necessary, Ye Xuan to learn, you must learn the most advanced.

"Elders, if I want to learn the most advanced runes, can I?"

"Do you want to be a senior rune teacher?"

"Oh, young people, of course I will not stop you. If you really have the day, you can certainly learn. However, the senior rune is not so simple to learn."

"In the outside world, the so-called rune masters, in our tribe's view, are the strengths of intermediate runes. You should know how difficult it is to learn to run a rune."

Ye Xuan nodded, but he didn't care at all, because he had a system, so for Ye Xuan, there was nothing to learn.

"The elders are assured, I will work hard!"

"Haha, good boy, that's just you, I will let people arrange a place for you in the tribe, and all the places in our tribe are open to you, wherever you want to go. Just, little guy, in your hands The leaves of the rune tree, I don't know if I can give it to me. I am willing to exchange it with the materials of the rune."

Ok?

Ye Xuan is a bit strange, I don't know what the elders want to do with the leaves in their hands.

Ye Xuan took it out directly, and then handed it to Elder Fu, and asked: "Elders, the younger generation has something unclear. I don't know what the elders want to use this leaf?"

"Haha, Terran Kid, you are not a person of my gods. I don't know that nature is not strange. There is only one tree in the whole godland. This is the **** tree of our gods, and its leaves. There will always be only one thousand pieces, and one piece will be taken, then it will take 90 million years to grow one. You can see that the leaves of this rune tree are precious and precious!"

what!

There are only a thousand pieces in the whole world, and it will only grow in 90 million years!

Ye Xuan was scared, this is nothing to describe with precious!

What is the identity of the flying smoke, why the gods of the family, will actually send her such a valuable thing!

Ye Xuan Ye Xuan understands why he can get so many special treatments. I am afraid that in the eyes of this tribe, even if there are 10,000 Ye Xuan, there is no gold leaf.

Of course, the leaves of the Rune Tree are in the hands of Ye Xuan, and there is no use at all. Then, use it to exchange what Ye Xuan needs. How to say, why not lose.

The next time, Ye Xuan showed his strong learning ability.

In the way of the division of the Shenfu tribe, the Rune Masters are divided into apprenticeships, elementary, intermediate, advanced, master, and legendary six levels.

The average person, the apprentice level, said that it would take hundreds of years to pass, but Ye Xuan only took seven days!

In seven days, Ye Xuan mastered all the original runes!

Let the whole Trinity tribe see his eyes as a monster.

However, the real shock is still behind, the primary rune, Ye Xuan spent three months!

The intermediate rune master, Ye Xuan only took five months!

To know that among the tribes, there are only three hundred intermediate-level runes!

This tribe has more than 30,000 people, but only 300 people have become intermediate-level runes, which shows that this proportion is low.

But Ye Xuan, eight months!

For eight months, he completed the cultivation of the intermediate runes and began the cultivation of the senior rune.

This is like a myth!

"It's a man who has the leaves of the Rune Tree. How is he a human being? Such a person, afraid of being in my gods, has the opportunity to become a legendary existence!"

Elder Fu Ye looked far away at Ye Xuan, who was making a rune, and his eyes were full of disappointment and shock.

The reason why he refused is because Ye Xuan is so talented, but he is not a person of his gods!

At this time, Ye Xuan was filled with a lot of materials in front of him. Since Ye Xuan showed that the powerful talents began, the people of the Shenfu people provided him with various materials for his convenience.

However, at the level of the senior engraver, Ye Xuan finally encountered a problem.

"System, these seventeen bursts of bursts, I have failed three times, can you really help me?"

"Hey, the system prompts, the host level is insufficient, the system permissions are limited, and can't help the host."

"Hey, the system prompts, congratulations to the host to complete the serial random task, the intermediate rune master, no reward!"

The level is not enough!

Hey, Ye Xuan is also quite depressed, that is to say, Ye Xuan has now mastered the highest rune refining technique he can master at the current level!

Did you give up?

However, Ye Xuan's heart is still quite unwilling, and the leaves of the rune **** tree, Ye Xuan is afraid that it is difficult to get the second one, so good learning opportunities, but lost in vain, which makes Ye Xuan how to be willing.

But now go to upgrade the level and then come back?

Ye Xuan has not tried it. Those rune beasts can explode some rune materials, but the experience after devouring is very small, because those rune beasts are almost all captive in their own, and the realm is generally God's humanity or the gods and gods, even a spiritual godland is hard to find.

According to the rules, once Ye Xuan left the tribe, even if he gave up this learning opportunity, the Rune tribe would once again migrate, and Ye Xuan could not find it.

This makes Ye Xuan a dilemma.

Of course, in fact, Ye Xuan also knows that what he has learned now is afraid that going out is already a super rune master.

After all, the ultimate rune of the Runezu is already at the master level.

What's more, Ye Xuan also learned all the tribes he could learn from the runes, including some rare runes that were handed down from ancient times.

"It seems that I am really at the limit, I am afraid I will stay here, and it is useless!"

Chapter 2256: The blessing of the Rune Tree

Ye Xuan sighed, although he did not want to admit it, but it is a fact.

However, this time the harvest is still quite satisfactory to Ye Xuan. Learning so many runes, his strength can definitely improve a lot.

It's time to leave. In this genie tribe, Ye Xuan has been in business for nearly a year, and it's time to leave.

When Ye Xuan proposed to leave, the people of the Shenfu family were obviously disappointed. After all, in their eyes, Ye Xuan should be their own ethnic group, not a human race.

Elder Fong looked at Ye Xuan, and there was some disappointment in his eyes: "Ye Xuan, do you really want to leave?"

"Elders, you should not persuade, although I can't bear everyone, but after all, I still have my own mission, so it is impossible to stay here. Thank you for taking care of me during this time. If there is a chance, I will still Will come back, then learn to make runes."

The face of Elder Leaf is changing again and again, suddenly, as if to make the next very difficult decision.

"Ye Xuan, this time, the old man gambled, just for you, the old man has to bet this time!"

bet? The people of the Shenfu family actually said the word gambling, what do the elders of Fuye want to do?

"Ye Xuan, I am now appointing you as the ninth forty-three generations of honorary elders of my Xuanxuan Runfu, in the name of the ninth and four hundred and thirty-two generations of the Xuanxuan Runfu." Since then, my Xuan Xuan God Fu family, announced the birth!"

what!

The whole Xuanxuan Runfu family was shocked and born!

They are going to be born!

You must know that there are many hidden races in the realm of the gods. They will not participate in anything in the realm of the gods. They will live in the realm of the gods with their own unique way of living, and so will the gods.

However, all tribes of the Shenfu nationality have their own right to choose. To be born in the world, there are different choices of each tribe.

The condition for the creation of the gods is that their guardian elders can be recognized by the Rune Tree!

The elders of the Xuan Xuan Shenfu family are really gambling!

Ye Xuan has not slowed down from the shock, but he heard that the elders of Fu Ye continued.

"Ye Xuan, this time, what you did, your character, we are all in the eyes, we have several elders negotiated several times, so appoint you as the guardian elder of our next generation, this is everyone's Decided, are you willing to accept?"

"I can say it first. You have become our guardian elder. Not only do you have no good benefits, but you have to take care of our tribes at any time. Otherwise, you will be punished by the Rune Tree, you have to think clearly. Decide."

.....

"Hey, the system prompts, congratulations to the host to complete the serial random task, the recognition of the Shenfu tribe, no reward!"

Ye Xuan began to think in the heart, it seems that this seems to be a burden for Ye Xuan, once he promised, then you need to take care of this rune.

But what about that?

Since the gods are willing to trust themselves, Ye Xuan, there is no reason to believe them.

"Well, elders, I promise you, I am willing to protect everyone, I am willing to take everyone out together."

"boom!"

Suddenly, a colorful light descends from the sky!

A mysterious array of methods condenses in the air, and from all directions, countless rays converge on the law, and then into the body of Ye Xuan from the array!

"The recognition of the Rune Tree!"

"Haha, haha, Ye Xuan, Ye Xuan, quickly absorb the power of these rune charms, the Rune Tree recognizes you!"

The elders of Fu Ye seemed to be more excited than Ye Xuan, and they shouted loudly there.

At this time, Ye Xuan also heard the system prompts.

"Hey, the system prompts, congratulations to the host to complete the serial random task, the recognition of Rune Shenshu, no reward!"

"Hey, the system prompts, the blessing of the Rune Tree is detected, and the system automatically accepts it!"

"Hey, the system prompts, the host level continues to improve!"

"Hey, the system prompts, the host blood continues to strengthen!"

"Hey, the system prompts, the host is constantly strengthening!"

"Hey, the system prompts, the system continues to be repaired!"

.....

"Hey, the system prompts, the Rune Tree gives special blessings, and the host devours all the space."

"Hey, the system prompts, the Rune Tree gives a special blessing, and the host engulfs the space to leave a seed of a rune tree."

"Hey, the system prompts, according to the contract with the Rune Tree, after that the system will use a lot of resources to cultivate the seeds of the Rune Tree, is the host allowed?"

Lying in the trough!

At this time, Ye Xuan was already dumbfounded. Where would he think that there would be so many benefits, and he did not even think that the Fuwen Shenshu had to make any contract with him.

Of course, even if the fool understands that this is a good thing, if Ye Xuan refuses, it is simply not even a fool.

"Agree, allow for a contract!"

"Hey, the host is authorized, the contract is successful, and the experience of host engulfing will be allocated to the cultivation of the Rune Tree seed."

"Hey, the rune **** tree gives the host a special identity, the host gets a special title, the rune family patron!"

"Hey, the host special title rewards the host rune creation to a level that is currently a high-level rune maker."

"Oh, according to the contract, Rune Shenshu grants the host the ancient ten-anced ancestor production method, and the system automatically accepts it."

"Oh, according to the contract, the rune **** tree grants special items to the host, and the ancestors of the top ten ancestors of the ancient times!"

"The ancestor of the ancestor, the host will be able to use the ancestral ancestors to instantly create 10,000 avatars that are exactly the same as the host's grading strength, and think of it."

"In addition, this ancestor can only be used once."

.....

"Hey, the rune of the **** tree is over, the host level stops improving, the current level, the nine products are on the Xuan Shenjing!"

In one breath, how many levels have you risen!

The surprise of this accident is that Ye Xuanzhen has nothing to say.

However, so many benefits can you really take it?

Obviously not.

"Hey, the system prompts, the host please note that the host has entered into a contract with the Rune Shenshu. Since then, the Xuanxuan tribe has not only the security of all the Shenfu people will be protected by the host."

"At the same time, in the case of special circumstances, the system will force the host to be transferred to where it is needed through a contract."

The last sentence of the system prompts that the price of the contract with the Rune Tree is finally stated. That is to say, Ye Xuan will be bound to the genie in the future. He found himself a bag on his back. .

Of course, this baggage is not really important for Ye Xuan, because the devour space has a seed of a rune tree, so the big deal is to engulf the space of the gods, but as long as there is a rune tree They are all the same everywhere.

However, this can only be said later, the strength of the Rune clan is not weak, just say that this Fu Ye elder is probably the cultivation of the main deity. If Ye Xuan really put him in, even if he does nothing The phagocytic space will also be damaged.

Chapter 2257: God Rune guardian elder

Therefore, this kind of thinking can only be built on the strength of Ye Xuan beyond the entire Shenfu family.

Anyway, this time, Ye Xuan is a big earner.

However, there is a little bit of Ye Xuan's doubts, that is, the serial random task, Ye Xuan now, isn't it still the inheritance of the Shenfu family, why the system has not given a hint.

"System, the sacred family inherits the mission, have I not finished yet?"

"Hey, the system prompts that this task is still in progress."

Still in progress?

Ye Xuan slightly frowned.

However, at this time, everyone's discussion brought Ye Xuan back to reality.

"The blessing of the Rune Tree, I did not expect that Ye Xuan actually got the blessing of the Rune Tree, he is the person recognized by the Rune Tree."

"Great, it's just too good, we can go out with Ye Xuan in the future, haha, great, I can finally go to see the world outside!"

One Xuan Xuan people are very excited.

However, the elder of Fu Ye shouted loudly:

"Everyone is quiet and quiet, you have seen it. Our guardian elders are not strong enough now. I am afraid we still have to continue to migrate. This way, this time, we will send ten warriors and guardian elders to go out together. !"

Ye Xuan is slightly speechless, and his strength has improved fast enough, but he is still called the strength is not enough, but there is no way, who is now Ye Xuan is indeed just a mysterious god.

I heard that only ten people can go out. The young people of Xuan Xuan are excited, and one by one is waiting for the selection.

Elder Fu Ye turned and said to Ye Xuan: "Elder Ye Xuan, I am afraid you can't go now. Wait a few days, choose ten young people in the family, you take them out for a long time, but, Ye Elder Xuan, you have to discipline yourself after you take them out, but you can't let these guys lose face to our gods."

"Well, ok, then I am waiting for a few days, although the seniors are scheduled."

"Elder Ye Xuan, we are all guardian elders now. You can't call me a predecessor. You are not a Rune nationality now. You call me Uncle Fu Ye."

"Yes, Uncle Fu Ye!"

Ye Xuan is in a very good mood now. This time, with so many benefits, he still has something unsatisfied.

Wait a few more days, naturally it is not a problem.

.....

Five days later, Ye Xuan finally set off. Behind him was a flying smoke and ten Xuan Xuan people.

At this time, these people used a special rune to completely change their appearance. It seems that it is just a common ten-person family.

"Flying smoke sister, I heard that there is a lot of delicious food outside. This time, go out, you have to take me to eat delicious!"

"Flying smoke sister, I heard that the Terran is very cruel, is it true?"

A group of little guys surrounded the flying smoke and asked Dong to ask West.

Ye Xuan is beginning to think about how to arrange them.

Bring them on the road, although it is ok, but after all, the road they are taking is extremely difficult. These talents can be said to know nothing from the runes. If they go out with themselves, they will encounter Danger.

After all, the safety of these people is also the responsibility of Ye Xuan.

As a last resort, Ye Xuan could only come up with a recommendation letter that he had given him. Perhaps it would be the best choice to arrange these people to the school.

Let them learn a few years in the school, and understand the outside world is the best choice.

After making a choice, Ye Xuan directly let everyone go to the carriage and go directly to Tianzhu College.

.....

After all, the recommendation letter is from the hands of the shackles, so Ye Xuan naturally wants to try it. If they can let them join the five-star school, it is better for them.

Soon, Ye Xuan came to the Tianzhu School.

Ye Xuan had not been to Tianzhu College before, but it was only after this time that he learned that the Scorpio school is far more magnificent and huge than he imagined, and here you can even learn the ancient magical powers!

But even so, Ye Xuan is not willing to choose to restrain himself. The things of the Huiyue School are vividly in sight. Ye Xuan has been ruined by the comfortable life for too much time, and even the continuous progress has been almost wiped out.

Therefore, Ye Xuan will never join any school.

However, sometimes reality is still very helpless!

At this time, Ye Xuan was in a loft, sitting in front of him an old man.

"Ye Xuan, your request, our school can't promise, indeed, the recommendation letter in your hand is from the hands of the Lord God and your identity token can also prove your identity, but according to

the rules of our school Any recommendation letter can only be used by the holder himself and cannot be lent to others."

"So, you said that using the letter of recommendation to let them join the school, we can't agree."

Ye Xuan frowned.

When he was in the Huiyue School, he didn't have so much attention at all. If he was willing, he could join Shenjing and join the school. How can he be so rules?

Identity should be reviewed, no recommendation, don't want to go in, or even an assessment!

"However, Ye Xuan, if you join our Scorpio school, then you can have the right to recommend, and by then, you can naturally add your followers to the school!"

Suddenly, the old man's tone changed, and he wanted to join Ye Xuan's school!

Good guy, isn't he doing so much, just to make Ye Xuan join the Scorpio school?

If this is the case, is it a bit too expensive?

Ye Xuan frowned, he is not willing to stay in the school.

But the man seems to have seen Ye Xuan's thoughts and continued: "In fact, joining the school has nothing to lose for you. The school does not limit any of your stays. If you don't want to practice in the school, No one will force you to stay in the school, and I can give you privileges, even if it is the annual assessment of the school, you can not participate, how?"

What does this guy mean?

But Ye Xuan now seems to have only one such choice. If Xuanxuan people join the Tianzhu school, Ye Xuan can only do so.

Ye Xuan thought about it carefully. It seems that this thing did not cause any loss to him, so he nodded. "Well, I promise you, I can name it here, but I can't interfere with any behavior of my school."

"Do not worry, our Scorpio school is a free school, there will not be so many constraints, let alone, you are the person recommended by the Lord God. And, all your use is full of our school, together with you The cost of the followers is also free!"

"Okay, then I will name it, so that they can join."

"Haha, yes, yes, welcome Ye Xuan to join."

"Well, what did you just call me?"

"Nothing, nothing, I will let you arrange your things now."

Chapter 2258: Nine-point swallowing point

Ye Xuan frowned, this guy, why do you call yourself an adult?

Maybe it should be that this guy is really wrong.

Ye Xuan did not care, and directly took the Xuan Xuan people and flying cigarettes, and began to arrange.

Until Ye Xuan and others walked away, in the attic, several elders of the Scorpio school gathered together and whispered.

"The Ye Xuan just now is the kid who asked the Lord God to ask for it. The realm is not too high."

"Do you think that the kid who looks at the Lord God is so simple? I tell you that he has a recommendation letter from our school, but he did not come directly, but joined a small Samsung school."

"I am not talking about his joining the school, but you know what he did at that time, telling you that at that time, he was only a mediocre, but you are looking at the present. In two years, he has already been the peak of the mysterious god!"

"And, do you know who the entourage is around him? I tell you, those people, except the one who has been standing behind him, everyone else is a rune master!"

.....

"What, impossible! How can Rune Master give him a follower? Even if he is powerful, it is impossible for Master Rune to follow him!"

"Oh, it's impossible, look at this yourself!"

The man said that he had lost a piece of jade.

"This jade is not the advanced guardian rune that you exchanged from our school of runes masters. How... No, this is the master class! The master's guardian rune! Our school, when is the master's rune? Grandmaster?"

"Haha, it's from now on, and it's not one, it's a whole ten! Tell you the truth, it's just one of them who feels dissatisfied after seeing it and changes it!"

"This is real!"

It's already very difficult to rush into a face, a master of runes, not to mention a master of runes.

Now, someone tells them that there are ten rune masters in front of them, how to make them not excited.

.....

Ye Xuan certainly didn't know the arguments of these people. However, the little girl changed the movement of the jade, Ye Xuan still saw it, but Ye Xuan was not prepared to take control.

The identity of the Rune Master, although it will bring some trouble to them, can also bring more benefits to them.

After all, this is in the Scorpio school, so Ye Xuan will not worry too much about their safety.

After everything was settled, Ye Xuan said to them: "Well, you will study here first, I will let the flying smoke stay and look at you. If you dare not obey, don't blame me for not telling. Face, directly send you back to the family, before I come back, no matter what, you are not allowed to leave the school, understand no."

"Yes, elders!"

For Ye Xuan, everyone is still very afraid. After hearing Ye Xuan's words, no one can dare to oppose it.

Of course, they actually understand that Ye Xuan is good for them.

Ye Xuan looked at these guys.

To be honest, these people are generally younger, but they are not really children. In fact, if the age is really counted, they are afraid that each of them is many times larger than Ye Xuan.

However, they know too little about the world, and they are not allowed to worry about Ye Xuan.

"Shantou, this dragon is holding you, I have left some resources for you, take care of them, and teach them outside before I come back."

"The son is relieved, the little girl understands."

Flying smoke nodded and promised.

And Ye Xuan, he will leave again and start again.

.....

In a blink of an eye, it is three months.

"System, is it here?"

"Hey, the system prompts that the last time the target appeared is here, and it disappears again."

"Well, you keep on detecting, I will check it out."

Ye Xuan is now on a barren hill. He has been here for three days, but still has not captured the beast.

Probably five days ago, Ye Xuan suddenly heard the system prompt and detected a swallowing beast.

For Ye Xuan, the swallowing of the beast will never be missed, so Ye Xuan did not hesitate to chase it out.

However, this one engulfs the beast, apparently another special swallowing beast.

Although Ye Xuan constantly arranged the ban, he also produced some runes of probing, but he could not catch this guy.

Obviously know that it is in this barren hill.

However, Ye Xuan has not seen the appearance of this swallowing beast.

If it is not a few tips from the system, I am afraid that Ye Xuan thinks that he has lost his goal.

Suddenly, the system prompts to sound again.

"Hey, the system prompts, the target appears!"

With the prompts of the system, Ye Xuan also saw it, and it was the first time I saw what the devourer was.

But this is not the key, the key is the distance!

At this point, the swallowing beast is less than ten meters away from Ye Xuan!

What is the concept of ten meters?

Ye Xuan is able to fly thousands of miles even in the blink of an eye!

The distance of ten meters can be said to be within the absolute warning range of Ye Xuan.

However, it is such an absolute warning range, this swallowing beast can be so close to Ye Xuan and not found!

Looking at the small swallowing beast like a squirrel, Ye Xuan was taken.

This guy, although there is no fighting power, but this hidden supernatural power is simply awkward.

The absolute warning range of ten meters can also be easily entered.

This is by no means a general supernatural power can do it.

However, at this time the little guy sent it to the door, Ye Xuan will be polite.

In an instant, dozens of bans were launched at the same time, and there was no suspense to win.

"Hey, congratulations to the host for getting three points to swallow!"

"Hey, congratulations to the host, get the hidden heart."

It is also a three-point swallowing point. Ye Xuan is very satisfied. It can be said that Ye Xuan has never been so rich since entering the realm. He has already had nine points to swallow at this time!

However, even before Ye Xuanzhen was hot, he heard the system prompts.

"Hey, the system prompts, the host gets the hidden material of special materials, plus the special materials obtained before, to meet the special magic weapon of refining, the condition of the nameless cloak, is the host refining?"

"Anonymous cloak? What is this magic weapon?"

Ye Xuan quickly checked it out.

Anonymous cloak: Auxiliary magic weapon, can effectively hide the host's figure. Once activated, the magic weapon can be set by the host to include data on appearance, body shape, realm and other aspects. People who are not higher than the three realms of the host cannot see through.

At the same time, the nameless cloak comes with stealth ability, and can launch half-hour stealth power every day. Similarly, people who are not higher than the three realms of the host can't see through!

Three realms?

Ye Xuan is now the top of the peak of Xuan Shen, that is to say, almost to the main deities to see the hidden wearing of the nameless cloak!

Chapter 2259: Wings of the gods

Good things, then, what are you waiting for, refining!

"System, this magic weapon is good, it is exactly what I need, refining it now!"

"Hey, the system prompts, detects the special material that can be added to the nameless cloak, the heart of the violent heart, the heart of transmission, is the host added?"

Well, the heart of violent and the heart of transmission is also a special material for killing and devouring beasts. I did not expect that it can be used now.

"Okay, allow to add!"

"Hey, the system prompts, this fusion, the host uses three special materials to devour the beast, need nine points to swallow! Will the host confirm?"

"More, how many swallows? Nine o'clock?"

Ye Xuan was depressed, he only got nine points to swallow, and this has to be all in one breath.

However, with a nine-point swallowing point, plus a magic weapon that combines many special materials, it is definitely not bad.

Biting his teeth, Ye Xuan gambled.

"System, to fuse, give me the best materials, this time I have to look at what kind of magic weapon I can get!"

"Hey, integration begins!"

"Hey, the fusion is successful!"

"Hey, congratulations to the host for the only special magic weapon: the wings of the gods!"

Wings of the gods: In the ancient times, countless gods and gods in the wars of the gods fell, and the gods could not be destroyed. In the world, the wings of the gods were the incarnations of the gods!

The magic weapon level: unlimited growth, this magic weapon is permanently bound to the host, the host grows, and the magic weapon grows.

The wings of the gods come with three special magical powers:

Special magical one: the gods copy!

The host can incarnate any degenerate god, but the strength maintains the original strength of the host, only its shape, and no god. This magical power can be used every three months. Use consumes the energy of the wing.

Special supernatural two, permanent positioning!

As long as the host has been there, the wings of the gods can be transmitted directly from any distance. This skill can be used once a year and cannot be used in places beyond the realm of the gods. Use consumes the energy of the wing.

Special magical three, the wrath of the gods!

The host can launch the power of condensing the wings of the gods and launch an absolutely powerful attack. If the single use can cause the highest explosion, it is equivalent to 10,000 times the common attack crit effect of the host. If the group uses it, it can attack 10,000 at the same time. Goals. This skill can be used once a year. Use consumes the energy of the wing.

The energy of the wing, the unique energy of the wings of the gods, is the shadow of the gods of the fallen gods. The wings of the gods absorb this energy at any time. At the same time, the host who kills the master of the gods will have a chance to obtain.

The wings of the gods are currently able to store 100% of the energy of the wing. If the amount of storage is expanded, special items need to be strengthened.

“Hey, the system suggests that the host currently has five percent of the energy of the wing!”

Ok, very good, very strong!

It can be said that the wings of these gods can be regarded as the most powerful magic weapon of Ye Xuan, even stronger than the sword.

The annihilation of the sacred sword is also a ten-fold attack, but the wings of the gods are 10,000 times out!

A full 10,000 times attack power, does it mean that even if Ye Xuan now faces the super existence of a main deity, is it also arrogant?

Of course, this thing cools for a long time and is very dependent on the energy of the wing.

But what about that?

Such a baby, it must be used at a critical juncture, who will idle and use it to kill ordinary enemies?

Therefore, Ye Xuan is quite satisfied with this fusion.

It can be said that with only nine points of swallowing points, and some special materials, it is possible to fuse the wings of these gods, Ye Xuan is simply making a big profit!

"Good, good, good!"

Ye Xuan said three good words, it can be said that for Ye Xuan, it is a rare thing.

Looking at the squirrel-like devouring beast, Ye Xuan is very infatuated, not to mention other, just sent him such a gift to Ye Xuan, then Ye Xuan will not let him die so easily.

"System, I want to use the six-word mantra to resurrect the squirrel. Can you do that?"

"Hey, the system prompts that the host can consume a certain amount of resources and resurrect this swallowing beast."

"Okay, then do this, this little guy, send me such a big gift, I can't treat him badly."

"Six-word mantra: raw!"

With Ye Xuan's words, in an instant, a mysterious force emerged from Ye Xuan's body, directly wrapping the deadly swallowing beast.

After a while, the swallowing beast actually came alive.

"Hey, the system prompts that this swallowing beast has reached the edge of promotion, and whether the host uses resources to strengthen it."

"Yes, I am getting the wings of the gods today, then I will squander it."

With the words of Ye Xuan, there is more power in the moment to flock to the devourer.

The swallowing beast that has just been resurrected even understands what is happening, and there is a powerful force to enter it, constantly strengthening and transforming.

This process lasted for about three hours.

Among the three hours, Ye Xuan consumed a lot of resources and some special resources.

At this point, the swallowing beast has a new name.

"Hey, the system prompts, congratulations to the host to win the Pantheon!"

"Hey, the system prompts that Wanshen's pet is in line with the sword service standard and is automatically promoted to Wan Xun's sword!"

"Hey, the host has the ability to support the Wanshou Swordsmanship and strengthen the perception."

Wan Xun Shou Shi: Special ability - search, can find a specific target for the host, especially for the genius treasure.

The special supernatural powers are transmitted infinitely, and the Wanshou Swordsman has the magical power to transmit as an ordinary way.

At the same time, he will not be blocked and discovered by anything while he is on the road.

Good guy!

Ye Xuan looked at this little thing in front of him. It was shocked by this little thing. He was a special magical man.

The day-to-day environment is no longer a problem, and it will not be blocked and discovered by anything. Does it mean that he can cross any desperate situation and not fear even the search of the Lord God?

It's awful, it's incredible!

This guy, although I know that this skill knows that there is almost no fighting power, but the one used to convey something is definitely a good hand. Besides, at the beginning, Ye Xuan just used this little guy as a pet, and did not expect it. He can be a swordsman!

Ye Xuan casually swallowed the memory of the Wanshou Sword, let him go to toss, and then continued to hurry.

Originally, after he came out of Tianzhu College, he was going to go to the dry sea, but it was because the little guy had delayed some time.

But now it seems that this time is too late.

The dry sea is one of the five mysterious places in the Kunlun domain. It is said that it was originally a sea, but it disappeared because of the war of the gods.

It can be said that the dry sea can be regarded as a relic of the ancient gods in ancient times.

Many people have entered the game to find opportunities, and indeed some people have obtained the opportunity, and Ye Xuan, this time is to see if you can get a chance.

Chapter 2260: Thousand sea animals

When Ye Xuan came to this dry sea, he realized that it was unusual here. Today's dry sea may also be called the sea of fog.

Because in it, there are fogs all year round, and many of them are also highly toxic.

The dry sea was originally a sea, so the landform that is now revealed is extremely strange.

According to the people who have entered, the beasts in this dry sea are self-contained and evolved from the sea beasts in the dry sea.

The magical powers that you have are also strange.

The dry sea is very huge. It can be said that any place can be an entrance.

And Ye Xuan did not have so much attention, just looking for a location, they went directly into it.

When Ye Xuan entered, he discovered that this fog is not only invisible, but also able to block the minds of those who enter. Even Ye Xuan, where the mind is weakened a lot,

Ye Xuan's advancement was extremely careful, because no one knew what kind of danger would be hidden in this fog.

However, the coming will always come.

This dry sea is, after all, a very dangerous place, and how could it be said that it is easy for Ye Xuan to enter.

"Hey, alert, alert, detect a powerful attack!"

Along with the system's prompt, just a moment, a very thick tentacles fall from the sky!

"boom!"

A loud noise, the place where Ye Xuan had just stood, was immediately blasted into a huge pit.

But the attack appeared fast and disappeared faster. Ye Xuan did not even find the location of the sneak attacker, but the thing once again disappeared.

If it weren't for the huge traces on the ground, Ye Xuan would even wonder if it was an illusion.

"It seems that this place is still very dangerous."

"Wan Xun Swordsman!"

Ye Xuan summoned the small Wan Xun swordsman, directly let him start to explore in the front.

This little guy has no other skills, the ability to explore the road is absolutely first-class, and its ability to escape is not bad, so Ye Xuan does not have to worry about his safety.

Besides, although this little thing can't be said to have the ability to resurrect like the one thousand beasts.

However, Ye Xuan revived it, and the resources needed were acceptable.

"Hey!"

Suddenly, the Wanxiang Sword waited for the shadow and then retired.

At the same time, the place where it just stood suddenly ugly an ugly monster.

This thing is like a fish in the whole body, but with two legs and two hands, it is similar to the magical fisherman who was the magic fisherman.

However, this beast has no eyes at all.

Yes, its eyes seem to have degenerated, just by God and hearing to identify the enemy's position.

This is the first dry sea beast that Ye Xuan saw, but this does not mean that Ye Xuan will let it go.

"Destroy the gods!"

Suddenly, Ye Xuan waved the sword, and a swordman suddenly rushed out.

Although the beast has no eyes, the sensory ability is even stronger.

Almost at the same time as Ye Xuan shot, he suddenly slid toward the side.

However, is Ye Xuan's attack so easy to avoid?

Suddenly, the swordman was divided into seven lanes and attacked directly in seven directions.

Ye Xuan has already guessed that this thing is not easy to deal with, so, where will only attack a little.

"Hey!"

Even though this beast was indeed keen, he still did not escape the attack of Ye Xuan.

A sword spike!

This beast is just an appetizer. Ye Xuan's real goal is to start the strange tentacles of Ye Xuan.

Although the sneak attack was also Ye Xuan, the thing only used a tentacle.

But Ye Xuan knows that the strength of that thing is by no means simple, at least it has the cultivation of true deities.

Suddenly, Ye Xuan felt a bit, and suddenly turned his head to look at the fog on the left.

The fog was heavy, and Ye Xuan couldn't see anything at all, but he was keenly aware that there were a pair of eyes staring at himself.

Ye Xuan's current sensory ability has been strengthened because of Wan Xun's swordsmanship, so his sensory ability is much stronger than that. He can feel the greed and cruelty in that pair of eyes.

That is the eye that wants Ye Xuan to die!

Ye Xuan's body suddenly became a stiff, subconsciously stopped, and the whole person had stopped moving.

Suddenly, the violent attack is just around the corner.

"Hey!"

A broken voice appeared, and with this sound of breaking the air, it was a powerful attack by a tentacle!

Yes, it is the tentacle!

In other words, Ye Xuan finally found the first thing to attack him.

Even if Ye Xuan has not seen the real appearance of this thing, he has already suffered his attack twice.

The tentacle is extremely fast, and at the same time as the attack, it directly triggers a chain reaction.

This time the attack was more violent than the last time.

Moreover, Ye Xuan finally felt the special power of this beast.

Rune!

Yes, from this attack, Ye Xuan saw the trace of the rune.

Because in this attack by the tentacle, it turned out to be a chain rune attack!

"Hey!"

"Hey!"

"boom!"

Ye Xuan escaped in time because he had some sense in advance. However, as soon as he left, he had suffered a devastating attack from his original position.

First, a dozen thin lines directly wrapped around the position where Ye Xuan had just stood. Then, the huge tentacles directly shattered there.

Damn, what is this beast?

Ye Xuan brows wrinkled.

Because he clearly can feel the existence of the eyes, but he can not see the beast that attacked him.

"System, detect target!"

Ye Xuan is facing the system command, he can't see it, then he can only hope to be on the system.

"Hey, target detection! Detection failed!"

"Hey, the system prompts, the target has a special ability to guard, whether the host uses the belief value, strengthen detection!"

Well, can belief values be used to enhance system detection?

Then, strengthen it!

"Well, the system, allowing the use of belief values to strengthen, I have to look at what is really doing something!"

"Hey, the system prompts that the detection enhancement is successful and the target detection is successful."

"Hey, specify the target, thousands of sea beasts, seven products and other real gods, special abilities, hidden! Thousands of sea beasts can hide themselves with the help of the surrounding fog."

"Hey, thousands of sea beast skills, thousands of attacks, thousands of sea beasts belong to the refining beasts, so all his attacks are from the flesh, and thousands of tentacles, giving him enough attack capital."

"Hey, thousands of sea beast skills, runes mastery, thousands of sea beasts talent magic, free to master some special rune attack methods, as their own auxiliary attack!"

Ye Xuan looked at the data and nodded faintly. The thousand sea animals, although it seems that the data is not complicated, in fact, I am afraid it is not easy to deal with.

"System, can you dispel the surrounding fog?"
