

Super D. S 2261

Chapter 2261: Looking for countermeasures

“Hey, the system suggests that the host can dispel the fog through special arrays and runes.”

“Hey, the system suggests that the host can now choose to refine a large-scale imprisonment ban. This ban can dispel the fog, or the host can refine a large number of esoteric charms, or it can dispel the fog!”

Ok? How do you name the name of the spirit?

"Hey, the system suggests that the fog here is not ordinary fog, but it contains a lot of special power. It can not only support the sea beasts, but also provide them with a constant stream of divine power. At the same time, they can make some strange changes on their own. "

It turns out that Ye Xuan now does not choose to refrain from refining, because the thousand sea animals cannot give Ye Xuan a large time to ban.

Therefore, choosing the refining charm is perhaps the best choice. In the free time to avoid the attack, it is used for refining the ban. This is Ye Xuan's best choice.

Even if this is the case, it is also quite dangerous, but it is always too direct.

Thinking about it, Ye Xuan immediately took action, and summoned the materials to start the refining.

"boom!"

A tentacle hit, Ye Xuan, who is refining the charm, and flashed away without thinking.

Tentacle attack failed!

"Hey!"

"Hey!"

As if you can't kill Ye Xuan, then the Thousand Seas Beast finally began to pay attention to Ye Xuan, this time, directly sent out ten tentacles, against Ye Xuan is a fierce attack!

However, Ye Xuan is still so leisurely dodging.

At this time, Ye Xuan, part of the idea retains the refining charm, and another part of the idea, always pay attention to the action of the thousand sea animals.

Such behavior may be extremely dangerous for others.

However, Ye Xuan has a system, even if sometimes the hidden dangers that Ye Xuan did not find, the system will provide timely assistance, so that Ye Xuan basically said that there is no real danger.

Of course, if you continue to do so, it will only take time.

However, as time goes by, each of Ye Xuan refines a rune, it will quickly throw out and disperse the fog of an area.

The advantage also slowly began to move closer to Ye Xuan.

These fogs contain a lot of divine power. These powers are not of any use to Ye Xuan, but they can strengthen the thousands of sea beasts. At the same time, they can also block Ye Xuan's perception and vision.

Now, as these fogs continue to disappear, then the Thousand Seas Beast can't be strengthened, and Ye Xuan can see what it looks like.

However, Ye Xuan still underestimated the size of this thing.

When the ultimate body of the Thousand Seas Beast was revealed in front of Ye Xuan.

The first reaction in Ye Xuan's heart is big!

Very big!

In front of Ye Xuan, a horrible animal exhibition reveals his body.

And if you don't need to read it, just look at it with your eyes. Then, Ye Xuan's gaze can only see one of his tentacles.

However, it is such a tentacles, but it occupies more than a dozen hills.

According to Ye Xuan's speculation, I am afraid that it is the total tentacles of this thing, and I am afraid that it will occupy less than a million miles.

Yes, it is a million miles!

Such a big horror beast, Ye Xuan, was the first time I saw it.

It can be said that before Ye Xuan, I never thought that I would see such a powerful beast.

The greatness of the gods, there is nothing strange, can it be said that today Ye Xuan is really a special beast of the gods!

boom!

Just as Ye Xuan was shocked by the size of this beast, this beast once again launched an attack, and this time, Ye Xuan could see his attack.

Sure enough, it is the purest physical attack.

I saw the rapid creep of the tentacle in front of Ye Xuan, and then between the moments, the tip of the hand suddenly slammed down towards Ye Xuan, while at the same time, another tentacle in the distance, also smashed at the same time.

Perhaps, in this guy's eyes, he just did a very ordinary attack, but in the eyes of Ye Xuan, it has the power of destroying the earth.

"boom!"

If a mountain is cracked, if Ye Xuan is not hiding in time, I can imagine what kind of destruction attack will be suffered.

And the eyes that Ye Xuan had just sensed, where is the real eye of this thousand sea animals, it is just the eyes of this tentacle.

In other words, the thing that just let Ye Xuan be scared is just a tentacity of the thousand sea animals.

A thousand sea animals, although only just the seven gods and other gods, but I am afraid to come to the ten inferior gods, but also why not him!

Such a huge road to the beast, Ye Xuan if he did not solve him, afraid that it could not advance.

Is it going to go back?

No, it's impossible, Ye Xuan can't say that it's just that.

This thousand sea animals are so powerful, then the experience that can be gained after swallowing is also conceivable!

"Thousand beast swordsman!"

"Flower God Swordsman!"

"Come out!"

In an instant, Ye Xuan's two swordsmen appeared directly, and at the same time they appeared, they also launched the god-level mounts and flowers, and then, after waiting for Ye Xuan to command, they rushed up.

"Megatron!"

Ye Xuan shouted, and Megatron began to change immediately!

It is a pity that this time, three magical forms, but not once can be suitable for the current battle.

Helpless, Ye Xuan can only let Megatron also control the sword to join the battle.

However, now Ye Xuan's enemies are just a tentacle of the thousand beasts!

"boom!"

A random sweep is that hundreds of head-level mounts are directly swept away.

Although those god-level mounts have not been attacked deadly, they are also very embarrassing.

That tentacle, can you let Ye Xuanna not?

No, no, Ye Xuan can't believe that he can't handle it.

On the contrary, such a strong existence can inspire Ye Xuan's fighting spirit.

"It's time to refine some special charms."

Ye Xuan thought in his heart.

Now, he is also a high-level sorcerer of the gods, if it is placed in the realm of the gods, it is the master class!

Moreover, Ye Xuan still holds a large number of special refinery methods, such as the top ten ancient charms!

"System, I want to refine the ancient deities. Now, which one is the most suitable for the ancient deity?"

"Hey, the system prompts, according to the current situation, the host refines the special ancient deities, and the huge magical charm is most suitable."

Huge magical charm?

Ye Xuan thought about it.

Don't underestimate this thing. The name is a little rustic, but the actual power is not small.

Because of this huge magical charm, Ye Xuan's body size can be expanded by 100,000 times!

Yes, this thing is used to make yourself bigger.

Since the size of the thousand sea animals in front of them is extremely large, why can't Ye Xuan become bigger and pack him up.

"Well, this is the thing, the system, I need to refine this huge magical charm!"

"Hey, the system prompts, the host please note that refining this rune requires a lot of resources, and because the host resources are not enough, you can only redeem the resources, which will cause a lot of waste!"

Chapter 2262: Huge magical charm

"If you can't manage that much, waste is wasted. If you kill this big guy, then you can earn it extra!"

Ye Xuan bit his teeth and ordered the refining.

The speed at which the system refines the rune is not to say that it is played. Soon, a charm will appear in Ye Xuan's eyes, which is the huge magical charm of one of the top ten telescopes of the ancient times.

Ye Xuan did not hesitate and chose to use it directly.

In the blink of an eye, Ye Xuan's volume will quickly become bigger!

The huge magical charm can make Ye Xuan's volume expand by 100,000 times in half an hour!

And Ye Xuan, must kill this thousand sea animals in this half hour.

Ye Xuan's volume suddenly increased, and in his eyes, something changed.

The original mountains that were next to Ye Xuan were actually insignificant.

And the thousand sea animals are not so huge.

At this time, Ye Xuan, although looking at the thousand sea animals, is still very huge, but it will not feel as small as before.

The hugeness can only make Ye Xuan's body size bigger, and it is impossible to enlarge the things of the thousands of beasts, the swords, and so on.

However, this is simply not possible.

Ye Xuan waved.

Pull out a mountain directly and hold it in your own hands to become his new weapon.

"boom!"

Ye Xuan jumped up and used the big mountain to smash the thousand beasts.

This time, I don't find the trouble of the tentacle, but the body of the thousand mustard!

"Hey!"

The mountain hit the body of the Thousand Seas and was immediately broken.

But Ye Xuan does not care so much.

With both hands open at the same time, another big mountain was pulled out by him and he went straight down.

Now, it is the simplest physical confrontation.

Now Ye Xuan, looking at the thousand sea animals, it seems that he just feels that he is fighting a big octopus.

With Ye Xuan's footsteps and movements, this dry sea area is considered to be a bad mold, and countless rocks have collapsed, and the whole earth is shaking.

In the distance, some of the gods who also entered the dry sea to seek opportunities were very incomparable.

Because of the fog, they couldn't see what was happening, but the shock at the foot, the hustle and bustle in the distance.

Let them know that the two horrible powers are fighting.

And the two horrible guys are simply unable to attract them.

So they retired and fled directly to the outside.

When they came out, they found that the eyes of countless people were all in the dry sea. Naturally, these people were also confused, and they followed the past.

This does not seem to know, at first glance, it is simply scared.

In the dry sea, the clouds are tumbling.

Two huge monsters are killing!

Do not!

Not two monsters, but a silhouette and a monster!

"Oh, what is that, is it that the legendary giants are not!"

"It is said that the ancient giant body is huge, and the power is scary. However, isn't it that they are extinct? Why, why can you still see the ancient giants now!"

Countless people are puzzled, and they naturally cannot know that the ancient giants in their mouths are actually Ye Xuan.

Also in the eyes of these people, it is possible to cause such a huge movement in the dry sea, from time to time to break through the fog, the high existence of jumping high and then falling.

Moreover, every attack can shake the earth and let it go, it is a mountain to become a weapon.

Such a powerful existence, apart from being an ancient giant, has not been able to think of any explanation.

Of course, Ye Xuan does not know this, and even if he knows, I am afraid I will not care.

At this time, Ye Xuan has already played very well.

This kind of primitive force collision is actually really exciting.

Ye Xuan has not fought this way for a long time.

However, this time he was able to fight like this, but he was quite excited.

One punch and one punch, one foot and one foot.

It's that simple!

The two gods of Tang and Tang Dynasties decided to win in the most common way here.

However, if it is because of this, look down on them.

Then, fear that even a medium true **** will be killed by their fighting aftermath!

Every punch, the power contained in each foot, is simply not what people can imagine.

Terror, strong, this is the most authentic portrayal.

More and more people are surrounded by the dry sea.

Looking at the thrilling battle in the dry sea.

Thousands of sea beasts!

Of course, it was not the first time there was there. In fact, many people have seen the thousand sea animals, but they can be defeated without seeing them.

In fact, most of the people who saw him were only depraved.

Even if it is a superior spirit, if there is no way to dispel the fog, there is only one dead path.

Some people say that the guy, I am afraid to have the strength to fight with the Lord God.

Because he is the purest form of physical attack, because his size is huge!

Therefore, the Thousand Seas Beasts have always been the periphery of the dry sea, the things that people are least willing to see.

However, today, is that thing finally met someone who can pack him?

The hearts of everyone are quite excited.

Why can Ye Xuan fight this guy?

Is it just because of the enormous effect of the ancient deities.

No, of course it can't be completely.

In fact, Ye Xuan's main capital is his three special blood.

Whether it is the blood of the **** of war, the blood of the sword god, or the eternal blood, they all provide a powerful body for Ye Xuan.

At this time, Ye Xuan, under the strengthening of the triple blood, plus the reason for the greatization of the ancient deities, can be said to be enough to fight the thousand sea animals.

Of course, it's just enough for a fight. It's not easy to beat that guy.

In fact, Ye Xuan has been suffering, after all, people have thousands of tentacles.

If it is not Ye Xuan's incomparable resilience, let Ye Xuan always maintain a constant fighting force, fearing that Ye Xuan has already lost.

"boom!"

The Thousand Seas Beast was pulled by a tentacle.

Ye Xuan was directly pumped back three steps, in his chest, a **** moment appeared, and even a piece of flesh and blood on his shoulder was stripped.

However, Ye Xuan did not care at all, but continued to move back to the front.

Between his movements, relying on the incomparable blood power, Ye Xuan's body, constantly self-repairing, in less than a moment, has actually recovered to the state of no injury.

Is it painful?

It hurts!

However, it is this painful stimulation that will enable Ye Xuan to maintain such a powerful combat capability.

Ye Xuan grabbed a tentacles of the Thousand Seas Beast, and a loud sigh in his mouth. Then, he used the strange force to tear off the tentacles of the Thousand Seas, and despite the needles of the Thousand Seas, Ye Xuan directly swallowed the tentacles. .

At the same time, it is still madly attacking.

How long this battle lasted, Ye Xuan did not know, in the eyes of Ye Xuan, only the dark thousand sea animals.

Chapter 2263: Pay and harvest

However, the people around you are very clear!

Three months!

For three full months, the two huge figures were constantly fighting.

From the beginning, the giant can only resist constantly, and occasionally counterattack.

Later, one person and one beast have attack and defense.

Until now, the man has already suppressed the thousands of sea beasts playing!

Ye Xuan spent three months, a full three months, ninety days, no sleep, only to tear this guy.

You know, the duration of the huge magical charm is only half an hour, and in order to maintain this huge body, Ye Xuan paid a very heavy price.

All his things, whether they are swallowing points, eternal points, or belief values, resources, special materials, etc., are all emptied, even after the arrival, Ye Xuan is willing to use the level to exchange the powerful fighting style. .

Because Ye Xuan at that time was already unable to stop. If he could not continue fighting, then everything in front would be in vain.

Therefore, it is a last resort, Ye Xuan can only use the level to exchange resources, to maintain the time of the huge magic.

However, the most unexpected thing for Ye Xuan is the belief value!

This belief value, as if born, has a special relationship with this huge magical charm.

You know, Ye Xuan only had 150,000 beliefs at the beginning, and it was only used to exchange the swallowing points.

Eternal points don't even think about it.

However, it is the value of these 150,000 beliefs, but it has maintained a full-fledged emperor for eighty-five days to continue the world!

And all the resources of Ye Xuan are combined and only lasted for five days.

It can be said that without the belief value Ye Xuan is impossible to defeat this **** guy.

At this moment, this guy is finally dead.

Ye Xuan's body can be quickly shrunk, exhausted, and the body is very painful.

"Devouring!"

Ye Xuan directly chose to swallow, but he didn't even have time to see what he got, and he fainted directly.

Fortunately, this piece is where Ye Xuan and the Thousand Seas beasts fight. There is no one or a beast to dare to come here.

Therefore, even if Ye Xuan is comatose here, there is no danger.

I don't know how long it took, Ye Xuan finally woke up.

However, when he woke up to see his cultivation, he was a little bit smirking.

A product waits for God's humanity!

Yes, it's a little bit worse, Ye Xuan's godhead will be broken!

Last time, Ye Xuan was in the magical fisherman's island, because he could only use one level, and the system was exchanged for a banned use right.

That time, Ye Xuan was extremely miserable.

This time, Ye Xuan is using the three-level exchange for three consecutive times!

Three times!

It is conceivable that Ye Xuan's loss should be so serious. It can be said that there is no broken personality, it is already Ye Xuan's luck.

Ye Xuan did not dare to tamper with him. As for the cultivation of this god, he is afraid that he will be able to kill him if he encounters something casually. Therefore, it is safer to stay here.

The fog here has not yet been filled, and the battle between Ye Xuan and the Thousand Seas Beasts is also ruined here.

Ye Xuan only needs to hide, hide it strictly, and slowly wait for recovery.

I believe that even if someone came to check it, he felt that he was such a little guy who was waiting for a god, and he didn't have the heart to explore.

Thinking about it, Ye Xuan directly hid.

The wings of the gods are launched!

Just after Ye Xuan's body was huge, the wings of the gods could not be used. Now it is back to normal, and of course it can be used.

Ye Xuan silently restored his strength.

At the same time, he also looked at his own gains.

"Hey, the host breaks through, the current realm of five products in the real realm, locking level three!"

That is to say, this time, the devour of the thousand sea animals, even let Ye Xuan break through to the eight realities of the real thing.

However, this is only a level cap, and his current state has fallen to the human condition, and it will take some time to recover.

Although Ye Xuan is very miserable now, if he chooses Ye Xuan once again, Ye Xuan will still not hesitate to choose to kill this thousand sea animals, no pay, no gain.

This time the battle, although extremely dangerous, and this time the battle, Ye Xuan did not have any grasp at first.

However, this is not to win, as long as it is won, the harvest is definitely much more than the pay.

Because, Ye Xuan this time, got a very special resource.

A piece of resources that Ye Xuan dreams of.

"Hey, the host should pay attention, the host gets rare special resources, blood fusion stone!"

"Hey, blood fusion stone, can replace any blood-fusion thing, directly fuse the blood of the host, because the host is eternal blood, so can not participate in the fusion, but the host can fuse the blood of the gods of the gods and the blood of the gods to the real God-level blood!"

"Hey, the host is currently in a state of serious injury, can not be used, waiting for the host to recover before using!"

Yes, it is a blood fusion stone, a special material that is extremely rare. It can be said that he can replace any level of blood fusion!

However, Ye Xuan will not be retained, the power to get it is his own, what is the use?

Who can guarantee that he can meet such a special beast like the Thousand Seas Beast?

If you choose to merge at that time, I am afraid that you have lost the best opportunity.

Of course, all this must wait for him to recover, and must be fully restored.

In addition to this blood fusion stone, Ye Xuan also received a random reward for the system.

Yes, this is a special reward from the system.

"Hey, the system prompts, the host leapfrogs the super-existence - the thousand beasts, get a special title, challenger!"

"Oh, the challenger title will make the host's crit chance increase in the future when fighting against opponents of their own strength, and decide to upgrade according to the opponent's higher level of the host."

"Hey, the host gets a special name, and the system rewards a random reward."

"Hey, rewards are randomly selected!"

"Oh, congratulations to the host for getting an eternal rune!"

"Hey, the Eternal Rune automatically merges with the host!"

"Oh, the Eternal Rune is divided into two major types of attack and defense. It is a special reward. It is a system-specific item that can only be obtained through system rewards. The host currently obtains the eternal rune of the defense type, and the host defense capability is permanently improved. Tenth!"

Looking at this special reward, Ye Xuan is simply going to laugh crazy, value, it is too worthwhile, just this piece of eternal runes, has also made Ye Xuan earned.

It is a pity that this thing is a system-specific item that can only be obtained through system rewards.

But, to get the rewards of the system, it's as simple as that.

It can be said that after this time, Ye Xuan also pointed out when it is possible to obtain special rewards for the system.

But, at least, getting a piece is already very good.

Chapter 2264: Return to Huiyuecheng

Increase your defense by 10%!

Then, this is equal to how much power Yaxuan has gained!

If you use grades to get it, how many levels do you need?

The most important thing is that this blessing is still outside the level!

Strong!

Sure enough, it is tough.

Almost every day, Ye Xuan's strength is recovering. Unfortunately, Ye Xuan has no special medicine, can't speed up recovery, and can only rely on his own physical recovery speed.

The damage caused by the level, but the damage can not be recovered so quickly.

Within six months, there was no harassment here.

The battle between Ye Xuan and the Thousand Seas Beasts makes it easy for people, whether they are human or beasts, to enter here.

In the past six months, Ye Xuan's strength has finally recovered to a medium spirit.

However, this is not enough, so Ye Xuan still has not moved, still waiting, slowly recovering.

However, after half a year, some people finally couldn't help it.

No one will notice this in the earth-shattering war, and once they notice it, they will naturally have an idea.

The battle of the two powerful men, who knows if they will drop something.

There are many people who hold such an idea.

In the realm of the gods, there are many people who are willing to take risks for a little bit of power.

So, finally, someone started to enter here.

With the first one, there will naturally be a second, and at that time, more and more people will be searched here.

Moreover, the first step to enter here, the least, is also the cultivation of Xuan Shenjing.

People who are too low, even if they are greedy, simply do not dare to enter.

Who knows what the danger is.

Therefore, only those who are above Xuan Shenjing will dare to try their luck.

After all, their strength is not too bad.

However, these people are destined to be disappointed.

It is only the body of the Thousand Seas Beast that can be left behind.

Thousands of sea beasts have long been swallowed up by Ye Xuan.

These people are naturally unwilling, and they began to search in the rubble.

They don't believe it. If they don't believe in the two superpowers, they will not leave anything behind.

Even every ruin, every ruin is carefully checked.

"Damn, these guys, why are you so greedy, follow them up, I will be discovered sooner or later."

Ye Xuan thought in his heart, and at the same time, under the influence, he could only drag his tired body and walk toward the outside. Fortunately, there was the existence of the wings of the gods, and Ye Xuan was not discovered.

Ye Xuan does not want to use the magical power of the wings of the gods.

After all, the use of the magical wings of the gods is the need to consume energy.

This energy is very precious, Ye Xuan is reluctant.

Fortunately, he still came out safely.

Dry sea, I am afraid I can only wait until the next time to explore.

Ye Xuan took out the carriage directly, his goal is to go to Huiyuecheng.

Because in the city of Huiyue, Ye Xuan has a set of his own estate, he has to go there to nurse.

Ye Xuan successfully returned to his estate, and then the door was closed and never appeared.

However, he would think of it, even if it is, the trouble will come to the door.

Ye Xuan killed the Huizhou City Linjia Shaozhu, how could Lin family let him go, in fact, Lin family never gave up looking for Ye Xuan, but Ye Xuan's whereabouts have been very secret, so it was not discovered by Lin.

However, as the only asset that Ye Xuan stayed in Huiyue City, he will naturally be taken care of by the Lin family. The Lin family can almost always be sent to monitor this side.

However, because Ye Xuan did not appear for a long time, it was not for everyone to stare at every day. However, after a while, people would still come and check it out.

On the third day when Ye Xuan returned to his estate, someone discovered the clue.

.....

Lin family, lobby!

"The owner, the news can confirm that the guy's estate has indeed been opened, and the small detection ban that we set outside has been destroyed. There is no other possibility except for someone entering it!"

"That said, the **** thing is back, well, very good. This time, I want him to fly in the wings. I want him to be buried with my son. I ordered that the family stayed in the elite and sent me around. Waiting for my order."

"Homeowner, why don't we directly attack and kill the guy, that guy is in the manor at this time, killing him is easy."

"No, the other three can stare at us at any time. If we act rashly, we will leave an opportunity for the other three, so I need to do something about it!"

Even if the Lin family is not willing, but after all, once this action begins, it is inevitable to go through the battle. If you don't do it, the other three will take the opportunity to find things, which is quite troublesome.

In the eyes of the Lin family owner, Ye Xuan will die, but compared to Ye Xuan's life, perhaps the meaning of the other three families is even more important.

However, the Lin family owner did not know, just because he was hesitant, but he had missed the best chance to kill Ye Xuan.

A few days later, Ye Xuan's strength finally recovered to the next Xuan Shenjing.

In fact, the more strength comes to the back, the faster it will recover. Ye Xuan believes that he can regain his previous strength in a short time, and, as long as he unlocks the three realms of locking, Ye Xuan's strength, Can definitely be a lot better than before.

However, a hint of the system made Ye Xuan surprised.

"Hey, the system prompts, a lot of hostility is detected, please pay attention to the host!"

As early as Ye Xuan was just coming back, the system prompted that it was detected that someone had snooped.

However, at the time, Ye Xuan did not care much at all. In Ye Xuan's heart, he killed the Lin family, and it was strange that Lin's family did not send people to stare at it.

However, I did not expect this Lin family to wait for a few days to have action.

Ye Xuan didn't know why, but he was still ready to fight at any time.

No one knows what the Lin family wants to do.

Ye Xuan is not afraid of the Lin family, but the necessary preparations are still necessary.

After all, Ye Xuanxin has recovered to the mysterious state. Even if there is no resources on hand, it is okay to arrange some simple prohibitions. There is a system, and such a simple prohibition will not take much time.

In order to prevent it, Ye Xuan has arranged a large number of such ordinary prohibitions that can be arranged without resources.

Then, continue to recover.

Finally, the owner of the Lin family came.

"Damn, those three guys, I have to pack them up sooner or later, hey, actually roaring, if not for revenge for me, how can I agree to their conditions. Wait, wait for me to kill the killer who killed me." The next goal is three of you!"

Chapter 2265: Looking for a dead Lin family

Lin Jia and the other three are the four major forces of Huihuicheng. According to reason, no one can help anyone. However, this Lin family owner even said that he wants to destroy the other three, he is arrogant, or for another reason. ?

With the arrival of the Lin family, the servants and envoys of the Lin family began the attack directly.

"boom!"

A loud noise, Ye Xuan knows that his manor gate was forcibly destroyed.

There are special prohibitions on the gates of the manor. However, this prohibition cannot be invincible. Therefore, if someone can violently break open, it is not a rare thing.

Ye Xuan knew that it was a Lin family person, so he did not hesitate and stood up directly.

In fact, Ye Xuan did not have much worry, his wing of the gods, but has the ability to drive him away.

Therefore, from the beginning, Ye Xuan is in an invincible position.

Sure enough, a lot of footsteps came from outside, and a large group of servants rushed in.

Ye Xuan's mouth is slightly tilted, then let these guys first experience the taste of being attacked by countless prohibitions.

The servants of the Lin family rushed in, did not come and carried out further actions, and suddenly, from all sides, countless prohibitions attacked.

These prohibitions are simple bans, but how can Ye Xuan produce something that is too bad.

There are constant screams, and the servants who rushed in are generally in the spirit of the gods. So at this moment, the loss can be heavy, at least a dozen people are killed on the spot.

"There is a ban here!"

"Oh, it's just a simple ban, it doesn't threaten us, go, rush in, as long as we can win that guy, then the homeowner must be rewarded."

This time, replaced with a offering?

Ye Xuan wants to see how big these guys are.

Boom!

Outside, there was a constant ban on the sound of the explosion, and some were triggered and launched directly, while the rest, no suspense was destroyed.

The worship of the Lin family came in with a servant.

They won't take care of that and destroy them all the way.

And Ye Xuan, although he does not care about this manor, but it is impossible to ignore it.

Ye Xuan stood up and walked straight out with ease.

"Don't you know that it is a price to pay for the manor that is good at others!"

Ye Xuan looked at those people and looked at them.

There are some things that everyone knows well and don't need any explanation.

Megatron controls the sacred sword around the side of Ye Xuan, and has already prepared for the best shot.

"Oh, it really is this kid, go up and take him!"

A few of them worshiped Ye Xuan, and there would be no mistakes at all. They directly shot and wanted to win Ye Xuan.

"Just with a few of you, I want to find my trouble, go to hell!"

Ye Xuan's tone is dull, but the Sword is already swept out under the control of Megatron.

"Boom!"

A sword, seven swords, but directly killed those few offerings.

These offerings are not weak, but unfortunately, they still have a lot of Ye Xuan.

One sword killed three offerings, four servants, and the strength of Ye Xuan showed others a slight surprise. Of course, this movement also alerted the rest of the people.

Soon, Lin's people gathered toward Ye Xuan.

The Lin family is no exception.

"Ye Xuan! Good for you, Ye Xuan, actually dare to return here, today, I must take you and avenge my son!"

Lin Jia's family looked at Ye Xuan's eyes full of resentment.

And by his side, whether it is Lin's servant or offering, he is already ready to prepare.

"Haha, joke, you are actually arrogant about my estate, you are looking for death!" said Ye Xuan.

"Oh, today, don't want to leave alive, give it to me!"

The Lin family owner seems to be too lazy to talk to Ye Xuan and directly issued an order for the attack.

In an instant, as many as hundreds of people Lin's family and servants rushed straight toward Ye Xuan.

"court death!"

These servants, the most powerful, are just the middle-class Xuan Shenjing.

And those who are offering, although there are a few real gods, but Ye Xuan, but also did not see them in the eyes.

"Thousand beast swordsman!"

"Flower God Swordsman!"

Ye Xuan summoned two swordsmen, and then the god-level mounts and the flowers of the flowers also appeared together, directly rushing past.

In an instant, the fighting broke out. However, letting Lin's people work hard, they could not break through the line of defense.

It is impossible to get close to Ye Xuan.

"Lin's family? It seems that your Lin family is trying to find death. I am not a little stingy today if I don't fulfill you."

Ye Xuan said faintly, but his words were the half-death of Lin's family!

They are Lin Jia, and Hao Hao is also one of the four major families in Huiyuecheng.

This time, although the Lin family owner only came with some left-behind offerings and servants, this is not the real strength of the Lin family.

It's just that he feels that with so many people, Ye Xuan has already been unable to fly.

Unfortunately, he did not think that Ye Xuan actually has such a powerful combat power!

One person, only one person, did not allow these people to bring him, even to say that they want to destroy their Lin family.

"Boy, you are crazy. It seems that the old man can only replace your master, teach you how to be a person, and die!"

boom!

The Lin family's family personally shot.

The cultivation of the finest gods is unobstructed.

However, Ye Xuan, who had fought with the thousand sea animals, simply did not put this Lin family owner in the eye.

"So eager to die, well, I will fulfill you."

"Megatron, up, kill me!"

Megatron rushed out without hesitation.

At this point, the entire manor was in battle, but only Ye Xuan, still so happy to stand on a plate, like watching a movie, generally watching Lin family.

Sometimes, people do not mean that they are strong.

In front of Ye Xuan, these people are simply not worth mentioning.

Because it is only the thousands of beasts and the flower gods that he summoned, it is enough to stop them.

As for the owner of the Lin family, he was also blocked by the sword!

"It's boring, it's boring to be so powerful."

"So, it's time to end, I don't want to waste time with you!"

"Thousand beasts feast!"

Along with Ye Xuan's words, between the moments, the violent power broke out, all the god-level mounts, the strength of the moment soared, directly rushed up!

Just in a blink of an eye, the servants and offerings of the Lin family are heavy casualties.

The rest of the people, where do not understand, Ye Xuan is not so good to provoke!

"Homeowner, get out of here, go!"

A few of them dedicated to the horror, this looked at Ye Xuan.

The information they know is still in the time when Ye Xuan stayed at the Huiyue School. Therefore, it will come to such a person. However, where do they know that Ye Xuan's strength is impossible to have such a small point.

Chapter 2266: You die, I die

The upgrade speed of Ye Xuan is even more terrifying!

At this point, seeing Ye Xuan suddenly broke out, they understand that these people are not the opponents of Ye Xuan at all, so they quickly greeted the Lin family.

The Lin family's family naturally understands this truth, but the sword is in front of him and wants to leave. It is as simple as that.

A loyal offering, seeing that the owner can't get away, can only rush to the sword.

Megatron controlled the sacred sword. It was already prepared to kill the Linjia family. However, because of the chaos of the guy, it eventually failed. When the scorpion sword killed the troubled person, The Lin family owner has also successfully escaped.

"I want to escape, you Lin family provoked me, and not once or twice, just want to leave so easily? How can there be such a good thing?"

Ye Xuan took a shadow and went straight to the Lin family.

At this time, many people in Huiyuecheng already knew about the situation here. However, when they heard that the Lin family was working, it was impossible to say that there were still people who dared to say more.

One can only escape far away.

However, just after these people still wondered what Lin's family was going to do, they saw that the Lin family's family had escaped from the front.

Everyone is very surprised, and I don't understand why the Lin family will be so embarrassed.

This is the home of the Lin family, one of the four most powerful people in Huiyuecheng.

Unexpectedly, he actually had such a wretched day.

Soon after, they saw Ye Xuan, who was chased by the sword.

No, not only Ye Xuan, but also hundreds of beasts follow behind Ye Xuan. Now these beasts are the helpers of Ye Xuan, and the beasts are squatting and rushing from the streets.

And their goal is Lin Family Headquarters!

"It seems that this Lin family has provoked a terrible existence!"

Some people say that at the same time, many people immediately fled far away.

In their hearts, those who dare to fight against the Lin family are definitely not ordinary people, so they have to avoid.

In fact, the Lin family owner did receive the information.

Information about Ye Xuan's identity token.

However, Ye Xuan's identity token could not dispel the idea of the Lin family's owner, because his son was killed by Ye Xuan.

However, he went to provoke Ye Xuan, which was simply a big mistake.

Ye Xuan went all the way.

In addition to fleeing, the Lin family's lord did not dare to do any other resistance, because Ye Xuan's sacred sword had already made him suffer enough. Just a sword could make him suffer, let alone Ye Xuan. I am.

Therefore, he only wants to return to the family quickly.

Only when he returns to the family, can he use the more powerful power to eliminate Ye Xuan in one fell swoop.

However, suddenly, Ye Xuan, who was chasing, stopped.

In the horror and strange eyes of the Lin family, Ye Xuan actually went back directly.

The Lin family owner did not know why Ye Xuan did this, but he did not dare to stop.

So why Ye Xuan will stop.

It turned out that because Ye Xuan was still somewhat unable to support it.

"Damn! Level redemption, it really is endless!"

At this time, Ye Xuan felt that the whole body was about to fall apart. The uncomfortable feeling made him have to stop and chase.

Because of the use of grade redemption, Ye Xuan has not recovered its strength.

At this time, forced to fight, still a little powerless.

Returning to his own manor, Ye Xuan took all the servants of the Lin family and the enshrined monks and nuns. Only those bodies, Ye Xuan was directly left outside the manor.

The bodies of hundreds of Lin family members were thrown out so casually, but no one dared to ask.

For the owner of this manor, everyone was puzzled, but did not know who it was.

Although Ye Xuan stayed in the Huiyue School for a while, she has not touched too many people!

The Lin family's master was shocked and returned to his home. His heart was extremely annoyed. He wanted to kill Ye Xuan, which has become his devil's existence.

Therefore, as soon as he returned home, he began to mobilize his own strength. He needed to concentrate his strength and use the most powerful strength to clean up Ye Xuan.

The entire Lin family, in fact, still has a lot of strong, among them, the real gods have one!

This is also the main reason why Lin Family became the fourth person in Huiyue City.

The strength of Ye Xuan is much worse.

However, the Lin family, who is a big family, has a lot of strong people, but it is also distributed everywhere. It manages its own affairs. If you want to gather all of them, you can gather them all without a word.

In addition to the preparation time, no doubt, once again gave Ye Xuan a chance to recover!

On this day, Ye Xuan finally smiled with a smile.

He finally recovered to the cultivation of the five realities of the real thing. Unfortunately, the three levels were unlocked, but it was impossible to recover as quickly as it is now.

Unlock the seal level and only wait!

Otherwise, Ye Xuan can even directly integrate blood.

However, Ye Xuan is not in a hurry. He knows that the Lin family will never forget it. They will still come over.

Therefore, Ye Xuan did not hesitate and began to arrange it directly.

Although the resources harvested are not many, but it is enough for Ye Xuan to arrange some prohibitions, refining some of the charms.

This time, Ye Xuan is going to have a look, these **** guys, how to die!

With the upgrade of Ye Xuan, there are more and more resources or corpses that need to be swallowed up, and the quality requirements have also been improved.

Although ordinary resources can also let Ye Xuan upgrade, but the number is absolutely horrible, so, with such resources, Ye Xuan is not as good as the ban.

In the case of a level seal, the phagocytosis will not be improved.

The ban and the rune, the blessing of combat power, is very powerful.

Sure enough, Lin's family has already been fully guarded, and with the return of a strong man, Lin's movements are getting faster and faster.

On this day, they finally rushed toward Ye Xuan again.

Ye Xuan, has long been waiting for the arrival of this day, he and Lin family, not you die or I die!

.....

"Why, you are the dog of this family, the last time I spared your life, this time, I still have to die!"

Looking at the Lin family owner, Ye Xuan said faintly.

Lin Jia's family had no way to refute Ye Xuan's words. In fact, he was so embarrassed that he was chased by Ye Xuan that day. Even if Ye Xuan didn't know why he gave up the killing, I'm afraid she had already fallen.

What Ye Xuan said is true.

"Kid, you are going to be proud, this time, I must kill you, it is necessary to kill you!"

The Lin family's owner looked at Ye Xuan, and in the eyes, revealed the killing.

But even though he said so, he still hides behind everyone.

"System, detect the strength of those people!"

"Hey, the system prompts, the target is specified, the highest repair is done, the three products are in the real world! The minimum repair is, the nine products are in the top of the world!"

Chapter 2267: The destruction of the Lin family

Almost all of them are masters composed of true gods, this is the full strength of the Lin family!

It is indeed very strong, but unfortunately, they encountered Ye Xuan.

Eternal point Ye Xuan has been used, but, the ancient rune, Ye Xuan can not be used!

Even there are more than 30 powerful real gods and thousands of ordinary Lin family disciples.

However, Ye Xuan has a full grasp to kill them.

Of course, it is impossible to use Ye Xuan in the last few days. It can be said that the ancient rune is the last and the biggest card of Ye Xuan. If it is used now, then Ye Xuan can really have no cards. It is.

What happened in the future, he took what to resist.

However, Ye Xuan has already prepared, let these people, try to ban the combat power of the rune.

Ye Xuan, the master of the prohibition of the division, is the master of the rune of the master class, but it is not blown out.

Ye Xuan has never paid attention to the Lin family, indifferent to the Lin family.

Finally, the Lin family can't stand it.

"Give me kill, kill me, give me off him!"

The Lin family's owner spoke.

In a flash, the disciples of Lin's family all rushed out!

Ye Xuan's mouth is slightly tilted. Since these people are so anxious to die, then they can't say that Ye Xuan will fulfill them!

"The first layer is banned, attack!"

The ban on this arrangement of Ye Xuan is all attack and ban, even if Ye Xuan's own side, there is no defensive prohibition like invincible ban, all are attacks!

Ye Xuan, from the very beginning, he was not prepared to defend at all. He wanted to see if Lin family could consume it.

Accompanied by Ye Xuan, the first layer of the ban was fully launched, with more than three hundred bans, which caused their powerful attacks at the same time.

These are all arranged by Ye Xuan, but only three of them are among the three prohibitions.

Various methods of attack such as fire dragons, earth monsters, water snakes, etc. suddenly broke out.

Ambilight, the entire gate, completely immersed in chaos, or strong to people who can not open their eyes, or blackened to help people can not see the auxiliary ban, in the first time disrupted the Lin family The formation of people, and then, various attacks banned, directly began to kill these people.

In a short period of time, Lin's first wave of attacks failed, and at the same time, hundreds of bodies were left!

"how is this possible!"

The Lin family's lord is ashamed to know that when they came over last time, Ye Xuan also launched a ban on attacks, but it was far from being as strong as this one.

Is Ye Xuan breaking through in such a short time?

No, Ye Xuan is not a breakthrough, but only restores strength.

"Continue to kill me, who can kill that guy, no matter who I am, I will let him be a deputy owner!"

Deputy owner!

When this was said, the entire Lin family was crazy, their young master was dead, and plainly, whoever became the deputy, will have the opportunity to become the owner.

In this way, no one will be crazy, so who can calm down.

Crazy attack, start again.

However, those who greet them are still overwhelmingly banned.

How many people you come to, but only become cannon fodder under the ban.

However, there are more bans, and there are times when they are consumed.

Finally, but after the last ban was destroyed by the Lin family, they could finally attack Ye Xuan.

But is that really the case?

I saw that Ye Xuan was carrying it up, and countless beasts appeared. It was not a thousand beast swordsman and a flower **** sword waiter, but also what.

The beasts groaned and rushed up, once again in front of Ye Xuan, to construct a circle of defense, blocking the attack of the Lin family.

And Ye Xuan himself, but behind the beast, directly took out a charm.

Or lightning, or thunder!

With Ye Xuan constantly shooting, a famous Lin family disciple fell directly, even if the Lin Jiaqiang who has strong ability, was also injured or even killed several people.

Who is he, why, have such a terrifying attack power!

Lin family owner regretted it!

Yes, this time, he really regrets, watching his own people being killed one by one, how he does not regret.

But is it regrettable to use it?

No, no, there is no use. Since he has already provoked this war, he can only persist. Even if he let go of Ye Xuan, Ye Xuan will never let him go.

The battle continued, relying on the collection of those who died in the war, Ye Xuan let the system continue to refine the runes or ban, one face the Lin family launched a wave of attacks.

Slowly, the advantage began to shift to Ye Xuan, Ye Xuan is not just a defensive counterattack, but actively launched an attack.

After all, as time goes by, the many deaths and injuries of Lin's disciples have filled the hearts of the rest of the people with fear.

This person in front of him seems to be a kind of existence that can't be defeated at all, letting them be strong, but they can't get through.

Instead, only more bodies can be left behind.

Those powerful bans, the powerful means of attacking the gods, made the Lin family suffer a lot.

"It's time, it's over!"

Suddenly, Ye Xuan's voice came out and no one knew what he was talking about.

At least, the Lin family did not know.

However, when Ye Xuan's actions were revealed, they knew.

"Not good, it is a master-level ban! Run away!"

Yes, Ye Xuan has been accumulating strength during this time, and this one is the last card to be released by Ye Xuan.

The Lin family found it, but unfortunately, it is already late.

With Ye Xuan's move, the Lei Jiu lock ban was directly on the top of the Lin family's head.

Many people in the Lin family don't understand when they die. The prohibition, especially the advanced prohibition, seems to be fixed in one place.

why?

Why Ye Xuan's ban, but with Ye Xuan's mind, how to start how to launch.

"Booming!"

A ray of heaven is falling from the sky, is it thunderous?

Not at all, using Tianlei as a means of attack, many people will, but the time when the thunder is intensive, it is God Lei!

The attack of the gods and mines, even the gods, is unstoppable.

Mourning constantly!

The Lin family's people fell down one by one, they begged and begged Ye Xuan to let them go.

However, how can Ye Xuan let them go.

If Ye Xuan's strength is average, and this time, he is trapped, will the Lin family let him go?

Impossible, Lin family, may immediately let Ye Xuan die.

So, now is the same for Ye Xuan, he can't let go of these people.

It's just that Tianlei's nine locks, impossible, Ye Xuan, but also prepared many other attacks.

.....

Finally, when everything subsided, everyone found out that the Lin family was annihilated.

Yes, Lin's family is almost all elite, and they all die in the hands of one person. As for those who stayed, how could they be Ye Xuan's opponent.

Chapter 2268: Looking for a secret library

However, even if this is the case, no one dares to call Lin's idea.

After all, Lin's family is Ye Xuan's spoils.

Ye Xuan did not hesitate to kill the Lin family. After receiving their Qiang Kun ring, they went straight to the Lin family headquarters.

This is the time for his harvest.

Unfortunately, ordinary people will not play the idea of Lin Jia, but it will not represent the other three families.

After learning that the forest family was destroyed, they had already arrived at the Lin family one step earlier.

Their plan is very simple, that is to divide the wealth of the forest family.

When Ye Xuan used to, he only saw the rigorous Lin family surrounded by him.

"Damn, I actually grab something with me. These people are trying to find death!"

Looking at those who are cheap, Ye Xuan is very upset.

However, Ye Xuan has nothing to do, because this is after all three families!

Is it so let alone?

Ye Xuan has no way to accept it. If he gave up this opportunity so slowly, then, Ye Xuan's hard-working battle is for what, so Ye Xuan can't give up and never give up.

Then, the problem is coming. What should I do now, forcibly killing it?

If there is a ban and the help of the rune, Ye Xuan's combat power may still be able to fight the best gods. However, relying on his own strength, he can't do it!

Ye Xuan brows wrinkled, these **** guys, actually dare to blame Ye Xuan's cheap, they are looking for death!

Directly launching the wings of the gods to hide their abilities, Ye Xuan, eventually refused to give up.

Although there are three people guarding here, but fortunately, they are only coming soon, perhaps the secret library of the Lin family, they have not had time to find out, so that Ye Xuan has a chance.

Ye Xuan's figure shuttled quickly. His movements were not noticed. After all, the hiding power of the wings of the gods is very powerful. Therefore, it is impossible for the enemy to discover Ye Xuan.

The Lin family is very big. After all, it is one of the four families of Huiyuecheng. How can their family headquarters be small?

"Damn, where is the secret house of this forest family hidden?"

In the Linjia lobby, the remaining people of the Lin family were all hit together and were constantly tortured. Unfortunately, these people did not know anything at all.

"You don't say yes, then don't blame me for waiting!"

The people of the three families were annoyed. After they learned that the Lin family forces were destroyed, they joined forces and directly surrounded the Lin family, preparing to carve up the Lin family. However, when they came in, they discovered that the treasure house of Lin's family was not intended. If you find it, you can find it, even if they dig three feet, they have not found it.

After listening to Ye Xuan for a while, he has already determined that the secret database has not been discovered.

At this time, Ye Xuan also had some regrets. He knew that this would be the case. He should not use the Tianlei to lock the ban and kill the Lin family. Instead, he should try to get the location of the secret library.

Now, Ye Xuan has no clue now.

Suddenly, Ye Xuan found two people sneaking around and carefully walking towards somewhere.

I don't know why, Ye Xuan always thinks that the two people are a little weird, so the figure flashed and they came directly behind them.

The two did not realize that Ye Xuan had followed them, and they were whispering at this time.

"Sister, let's just run, the owners are killed, if we stay here, we must have only one dead road!"

"I know, brother, but before we leave, we must leave enough backing for our own future, so it is the secret store guard, so take me to the secret database, I know where the secret database is, and know how to open the secret. Library, we only need to get a small part of it, so that we can live a quiet life in the rest of our lives."

"But, sister, it's too risky. Although we are the lowest servants, the three families are still not in charge of us, but they will think of us sooner or later."

"No, my brother, now is our last chance. Otherwise, as far as our cultivation is concerned, there may be only one way to go out. Since God gave us such an opportunity, it is our great opportunity. If we can't cherish it, then in the future, I will regret it!"

.....

Ye Xuan heard here, there is still no reason to understand, these two guys, Lin's lowest servant, without systematic detection, Ye Xuan can see that their strength is very low, both of them are under It's no wonder that when the gods are cultivated, they will not attract attention.

But who can think of it is the two lowest servants, but they know the biggest secret.

Ye Xuan is quiet, directly behind the two.

He wants to use these two people to enter the secret database.

Soon, the two came to a cliff!

Yes, it is a cliff. Here is the back garden of the Lin family. It is not too big, but it is just a few mountains and a valley.

The three people have already searched here several times, but they have used various means, but they have no gains. Plus, here is the hinterland of the Lin family, so they are not so concerned.

But at this time, the two brothers and sisters went straight to the cliff and then jumped and jumped.

Ye Xuan quickly followed the past, but found that the cliff was not deep, and the magma flow was not difficult. The treasure house of the Lin family could not be hidden in the lava.

"Hey, the system prompts that there is an advanced ban on the front!"

The system prompts to solve the doubts of Ye Xuan. This is the case. Here, there is a ban!

Ye Xuan does not hesitate and jumps directly. He certainly will not destroy the prohibition here. Maybe after waiting for the strongmen of the three to come, he can see the clue, but before that, Ye Xuan is afraid that he has already left.

The drop did not last long. Yes, it was falling. When Ye Xuan jumped down, he did not use any divine defense.

Because he knows that this advanced prohibition is not just that simple.

This prohibition, in addition to illusion, is able to do it, to sense the power!

Once the ban is detected, it will be launched immediately. Then, it is very likely that the secret database at your own feet will disappear.

For a forbidden guru, Ye Xuan doesn't even need any probes to know!

Sure enough, as Ye Xuan thought, when he landed, he finally found a floating island!

This floating island, which is built under the cliff and hidden in the ban, and can be moved at any time, is actually the secret library of the Lin family.

Of course, Lin's ban is simply impossible to say that it's just a little bit of things in front of him. In fact, after Ye Xuan's fall, several people immediately surrounded him.

When I discovered that Ye Xuan was not a Lin Jiade, then he immediately attacked.

Chapter 2269: Back to the Tianzhu School

Ye Xuan does not dare to use divine power. No one knows how to use divine power.

Therefore, he just used the sacred sword to force his majesty.

The sharpness of the sacred sword, combined with the physique of Ye Xuan, is so awkward, Ye Xuan, really not in the eyes!

In an instant, the few cockroaches were killed.

However, this has also exposed the shortcomings of a wing of the gods.

That is, he can't even guard against things like squatting!

Things like cockroaches are generally explored with purely inductive power, that is, the wings of the gods cannot prevent inductive exploration.

The way of exploration is generally divided into eyes to see, God to check, and perception!

Perceiving this thing is purely an instinct and it is difficult to describe it in words.

Ye Xuan's sensory ability was strengthened by Wan Xun's swordsman.

However, it is clear that these flaws are also refined in a special way.

Unfortunately, their controllers are no longer, even if they find the enemy, it is not useful.

These few flaws, perhaps the fundamental use, are just for sensing!

When Ye Xuan was in motion, he continued to chase the past.

He needs to find the two brothers and sisters just now, and under the leadership of the two of them, find the secret database.

Fortunately, the two brothers and sisters are limited and the speed is not fast.

Not a moment, Ye Xuan chased it up.

I saw the sister, I don't know what method I was using, and I opened a huge stone.

Yes, this is a huge stone. No matter what method Ye Xuan uses, he can only see a stone.

The secret library of this forest family is hidden in the stone, and anyone can imagine it.

With the movement of the sister, soon, the stone revealed a door.

Ye Xuan did not hesitate to directly enter the first step.

This younger brother and sister, the cultivation is very low, there is no threat to Ye Xuan, and they are also helping Ye Xuan, so Ye Xuan naturally will not prevent them from getting some benefits.

Of course, the big head still has to be returned to Ye Xuan himself.

The secret library in the stone, there is only one layer, yes, the Lin family secret library, unlike other places, has many layers, but only one layer. In this secret database, there are various magic weapons, resources, , and so on.

Ye Xuan can not be polite, except for the one thing at the door, the other things that Ye Xuan can see are all directly consumed by him.

Ye Xuan collects the speed of things, how fast, so, until Ye Xuan has already finished everything, then the two brothers and sisters came over.

The sister looked at the empty treasure house with amazement, and did not understand why it was.

"How can this be the treasure? The treasures here are gone!"

"Sister, isn't there another one here? Let's go quickly if we take something, otherwise, those people who find us, we can't go away!"

"Well, okay, brother, hurry up, let's get away with these things!"

Ye Xuan nodded and looked at the two brothers and sisters. It is rare for them to be greedy.

Soon, the two brothers and sisters also collected things and rushed to the outside.

Ye Xuan, who could have left easily, chose to stay and stayed behind the siblings.

"Hey, there seems to be movement in the front, let's go, let's go see."

After the two brothers and sisters came up, Ye Xuan heard someone in the distance said.

Ye Xuan Shen swept, he already knew, but it was the ants of the two gods.

Of course, for Ye Xuan, it is nothing, but if he is to find this younger brother and sister, I am afraid that the two brothers and sisters will never have a way to live.

"Six-word mantra, die!"

Ye Xuan waved directly and directly killed the two people, even without causing the slightest movement.

The two brothers and sisters did not know that they had left the gate.

And all the way, Ye Xuan has been secretly protecting the two brothers and sisters.

As long as they are threatened, Ye Xuan will kill!

Soon, the three people successfully left the Lin family.

Until the escape, the younger brother was unbelievable.

"Sister, we, we escaped! We actually escaped!"

"Oh, brother, let's go. In the future, we will no longer be Lin's people. My father has already died and my mother has been killed. This **** three, I will revenge sooner or later."

"Well, sister, let's get out of it. It's not bad. Let's talk about revenge. Let's go."

Ye Xuan looked at the two men walking away, and they would not continue to follow.

Ye Xuan is such a person, who offends him, then, even if he is full of his door, Ye Xuan will do it, but if anyone has helped him, even if it is just unintentional help, Ye Xuan is willing to help.

These two younger brothers pointed out the Lin family secret library for Ye Xuan. Although they may not have them, Ye Xuan can also find it. However, after all, Ye Xuan really got the help of two people, so Ye Xuan gave it to him. They are a good thing, and they will **** them to leave the forest home alive.

.....

Huiyuecheng, Ye Xuan naturally cannot continue to stay.

Leaving Huihui City directly, Ye Xuan took out the carriage and was ready to go to the Tianzhu School to have a look.

After all, it's been more than a year since then, and Ye Xuan still has to go and see if the guys of the Shenfu are bullied.

Besides, unlocking the three seal levels is not a day or two. The more locked the level, the longer it takes to unlock it. In addition, if there is a locked level, then Ye Xuan even Can't continue to upgrade the level.

This is also a limitation for Ye Xuan to use the level exchange.

After all, the level of redemption is also used in the case of helplessness, and it is extremely dangerous.

Take it for the time being, Ye Xuan will almost even exchange the gods directly!

This is still very dangerous.

Before unlocking, Ye Xuan was too lazy to check the harvest, because Ye Xuan couldn't do anything even if he looked at the resources now, then, check it, what is the use!

Soon, Ye Xuan came to the Tianzhu School.

Hao Ye Xuan is also a disciple of the Tianzhu School. Although he only said that he was hanging a name, he never stayed inside for a day.

But if you want to enter, there is no difficulty.

However, when Ye Xuan entered, he found that the entire Tianzhu school was in a very tense atmosphere.

Ye Xuan frowned, I don't know what is going on.

Just stop the next person, Ye Xuan asked: "Brother, what is going on here, why is the school so nervous."

The man was puzzled to see Ye Xuan, Ye Xuan quickly said: "I left the task some time ago, delayed the time, and came back today."

"Oh, it turned out to be the case, then the younger brother hastened to prepare for it, and Kunlun came to recruit disciples!"

"Kunlun border? Recruit disciples?"

Ye Xuan is different. After all, he had never heard of Kunlun before, and this is what it is.

Chapter 2270: Return

"No, brother, you don't even know this."

Ye Xuan can only smile and laugh.

When the brothers saw Ye Xuan like this, they had to continue to say: "Oh, it is estimated to be a cultivation madman. Really, I really don't know how you are practicing madness. How can you not even know Kunlun?"

"Kunlun is a super-existence over the three university schools. It was founded by the gods and adults. It is the highest in our Kunlun domain. It can be said that entering Kunlun will mean that you will have the opportunity to be promoted to the Lord! You are not fallen!"

"If you want to promote the Lord God, you must master at least one rule of power. This is presumably impossible for you to know!"

On this, Ye Xuan really knows, but Ye Xuan has never been concerned about it. After all, the system allows Ye Xuan to upgrade directly!

"Well, okay, as long as you know the power of the law, since you know the power of the law, then you should know that the power of the law is not what you want to have, outside, even if you are there. The big chance is that it is impossible to directly touch the power of the law!"

"However, the Kunlun domain is different. In the Kunlun domain, the power of several laws is imprisoned. That is to say, once you become a disciple of Kunlun, then you are able to touch the power of the law. You understand!"

Ye Xuan nodded. This time, he really understood: "Well, I know, thank you brother."

Ye Xuan and the talent just said goodbye, but heard the system prompts.

"Hey, the system prompts, the host found a random hidden task, join Kunlun!"

"Hey, no rewards for mission completion, mission failures, five penalties."

Ok? How can a system task occur?

Ye Xuan is slightly different. You must know that this system task can not be messed up, even if there is no reward and punishment task, it is also meaningful.

"System, why do I suggest that I join Kunlun, I don't seem to need to join!"

"Hey, the system prompts that the host has the full law to understand the physique, and the system only randomly unlocks a rule for the host when the host is upgraded. Therefore, if the host wants more powerful strength, it needs to get more rules. power!"

It turned out to be the case!

Indeed, Ye Xuan thinks that there is nothing wrong with it. Once he upgrades to the main god, the system will indeed give him the power of a law. However, the power of this law is only provided randomly!

And Ye Xuan wants to gain more powerful power, then only to find the law by himself, plus his special physique can be learned by the whole law. If you do not actively discover the law, then it is a waste.

Is this the so-called chance!

If Ye Xuan did not return this time, then he could not know the things of Kunlun, but he came back, so he knew it!

It seems that this time, he has to register.

Although Ye Xuan does not want to be restricted by any forces, since the system has suggested that he go to the Kunlun area to see, then, Ye Xuan does not go, it is a waste.

Ye Xuan came directly to the registration office without any hesitation.

However, because he signed up very late, it is a long time to wait for him.

In Kunlun, every 30 years, one apprentice, but each time only in one school.

In this way, it is actually an opportunity that will be available in 90 years.

Every time Kunlun is a collector, it is undoubtedly very grand.

Less than a few months, it is almost impossible to complete.

The extra Ye Xuan still doesn't know, he doesn't bother to take care of it. Anyway, he will know everything naturally.

At this time, Ye Xuan's purpose is to find them flying cigarettes.

However, when Ye Xuan found them flying, they knew that their fears were superfluous.

At this time, the people of the Runfu family, but mixed up much better than Ye Xuan.

Because they are sacred people, although Ye Xuan does not allow them to reveal their identity, their ability to refine the charm is not hidden.

The miracle! This is a profession that is incredibly fragrant everywhere.

Therefore, at that time, the people around them have already gathered countless followers, and these followers are there, and their days may not be good.

The ten people came to the outside for the first time. It can be said that they are quite simple. It can be said that everyone can turn them around. However, these ten people are all clinging to an order. Ye Xuan gives them the order, that is Whenever they want to listen to flying smoke, no matter what.

Therefore, although there are many temptations during this time, as long as they smoke a word and control him, they can only blink.

Because of this, flying smoke is undoubtedly more sought after than ten of them.

Countless forces gathered their eyes on the flying smoke. Everyone knew that if they took the flying smoke, they would have won the ten mistresses.

In addition, the flying smoke repair is now only the next god!

His disguise is easy to be seen, so she is a big beauty and can no longer be hidden.

If it wasn't for someone to inquire, this flying smoke turned out to be the family of the Lord God, fearing that everyone would use it directly.

At this time, Feiyan is teaching these ten mistresses, because these simple guys, just now, were almost put out of the secrets of Ye Xuan's existence. If it's not for the smoke to arrive in time, it's going to be a big deal. .

Of course, this is just the idea of flying cigarettes. In the heart of flying cigarettes, since Ye Xuan said that he is not willing to stay in the school, and he does not want others to know him, then there must be Ye Xuan's own arrangements.

And these guys almost exposed Ye Xuan, how can he not be angry.

Therefore, in front of countless people, ten guys stand in a row and stand in the penalty station.

And those followers, but dare to look far.

Suddenly, a young **** of the gods of the gods shouted: "Flying smoke sister, you look!"

"Look what you see, give me a good stand!"

"No, fly smoke sister, you see, ah, that is not a son!"

These guys also started to shout Ye Xuanzi with the flying smoke!

Hearing this title, whether it is other people or flying smoke, immediately gathered his eyes.

To be precise, everyone's eyes are gathered in front.

At this time, in front, a teenager is leisurely walking towards this side, the footsteps are so casual, but with his footsteps, he can clearly feel the top ten runes masters, already the school first Beauty is shocking and excited.

"The son, really is the son."

Flying smoke is very excited, because Ye Xuan's order, he was left in the school, but the flying smoke is actually more willing to follow Ye Xuan.

"Really a son!"

These ten guys still manage so much, directly rushing toward Ye Xuan.

Countless people's eyes are gathered on Ye Xuan, whether it is the top ten emperor masters, or the flying smoke beauty, which one is not the man of the school!
