

Super D. S 2271

Chapter 2271: Princess arrival

In fact, as long as they are a little brainy, they all find that they belong to the same force, because they always stay together, no matter what they do, but no one knows what forces they belong to.

But today, this mystery is solved.

"Come, let me mobilize all the power and find out who the guy is!"

"Who is he? Tell me, who is he? You guys, why don't you have the slightest news!"

"Interesting, the notice goes on, give me the full force to investigate this person, this young master is going to have a look, where is he sacred!"

In an instant, countless people, countless forces began to investigate Ye Xuan.

However, they are destined to have almost the slightest result.

In fact, before Ye Xuan did not come to the school, His Royal Highness Princess had come to the school to ask.

After Ye Xuan joined the Scorpio School, they dared to delay, so they sent the message directly to the Lord God.

Sure enough, the princess came, turned into an ordinary disciple, and contacted those people, and found out that Ye Xuan's whereabouts, he left again.

A kid who can make the attention of His Royal Highness Princess may be simple. Therefore, the Scorpio School has already listed Ye Xuan as the top secret.

For these, Ye Xuan does not know, the princess, afraid that Ye Xuan has long forgotten.

"Shantou, there are a few of you, how are you doing well during this time!"

Ye Xuan smiled and looked at these people, and her heart was still very happy.

Looking for a secluded place, Ye Xuan talked with them for a long time.

Knowing that they are all well, Ye Xuan is relieved.

At the same time, Ye Xuan also told them that they are going to participate in the selection of Kunlun.

Of course, no one will object to Ye Xuan's decision.

The next time, Ye Xuan constantly tried to speed up the seal of the realm, but unfortunately, it was just futile.

The three levels that have been sealed can only come slowly.

This is the seal of the system. It is not something that can be motivated at all.

In fact, perhaps just a level seal, it takes a little time, but the more the seal level, the more time it takes.

Fortunately, after a few days, Ye Xuan once again unlocked a seal of level. At this time, Ye Xuan has already reached the repair of the six gods.

At the same time, this day, Ye Xuan received a notice, his first match, is about to begin.

Now it is only the primary selection stage. Throughout the school, through the continuous primary election knockout, one hundred people will be selected to accept the final direct choice of Kunlun.

For this, Ye Xuan would not care.

However, what makes Ye Xuan strange is that before he went on the court, he saw a person, a person who Ye Xuan never expected to meet again.

"You are? Princess!"

Ye Xuan looked at the princess and asked strangely.

"Why, is it strange to see me?"

At this time, there are only two followers around the princess, but Ye Xuan knows that these two followers, I am afraid that the strength is extremely powerful.

Ye Xuan just didn't understand how the princess appeared here.

"You came to me?"

"Hey, you thought I was willing to come, not my sister, I have asked me several times, but you are like disappearing, you can't find anyone!"

Ye Xuan knows that the Lord of God is entrusted by his master to take care of Ye Xuan.

However, Ye Xuan has been very wary of the old man who brought him to the Kunlun domain.

By the way, there is also a bit of caution for the Lord of God.

However, it seems to be seen now, it seems that this God is not malicious to him.

Of course, Ye Xuan is just thinking about it, but whether it is malicious or not, there is a point that Ye Xuan is certain, that is, he cannot be too close to the main god.

Since this lord **** will take care of Ye Xuan because of the old man, then, also one day, because of the old man's words, killing Ye Xuan may also be.

Defenses can not do without!

However, at least, before that happens, Ye Xuan is still willing to be friends with the princess and the princess.

"Well, it's my fault, but you have to know, if I don't go out and practice, how can it become stronger? So, some things can't be avoided."

"Who cares about you, right? Do you want to join Kunlun?"

"Well, yes, otherwise I will come back and do something."

"That, let's go, let's go together, we can go directly in the name of the Lord God's house, um, at least you and I can go straight in."

Ye Xuan didn't know what the princess wanted to do, but he refused.

"Oh, your kindness is my heart, but for me, this kind of fighting opportunity is very rare. Only by constant fighting can I improve my fighting instinct. So, let's go, I am still myself. Participate in the assessment, it is good to pass, even if it does not pass, it does not matter."

"You, this person, how to die, well, then the princess will accompany you to assess it!"

Ye Xuan looked at the princess and didn't know what he was going to do.

Ye Xuan's conversation with the princess at this time has once again fallen into the eyes of countless people.

Envy, there are also, and even hostile!

Kunlun Godland, there is only one God, that is!

Other masters of the main gods, it is impossible to be God!

And the princess, there is only one, that is, Ye Xuan in front of this.

Therefore, there are many people who want to win the favor of the princess.

However, the noble princess can be reached by ordinary people.

However, Ye Xuan is dressed up ordinary, and no one knows such a person before, but he talks casually with the princess, how do they care?

At this point, Ye Xuan's first battle is about to begin, and Ye Xuan has to wait for the collapse!

The ring is built with special space magic.

It can be said that don't look at the surface, it seems that this platform is not big, but, really, it is said that it is to fight in it, only to discover that it is actually a secret place!

No matter how crazy the battle between the two people is, it is impossible to spread it.

Ye Xuan's opponent is also a medium-realistic guy.

When the man came up, he looked at Ye Xuan disdainfully. He said to Ye Xuan in a sullen tone: "The kid, no matter who you are, now immediately rolls down the ring, then you can also be less guilty, otherwise, once I shoot Then, you can only climb down the platform."

Ye Xuan also looked at this guy, he did not know exactly where the guy came from, dare to speak to Ye Xuan.

"I wanted to play with you, but it seems that it is unnecessary!"

"Six words are true, hurt!"

Yes, this guy wants to earn performance in front of Ye Xuan, because the princess is looking at the fall of Ye Xuan at this time, then, why Ye Xuan will give him a chance.

One word!

Just one word, the guy fell to the ground directly!

"What happened, it won't be a fake!"

Chapter 2272: Left hand banned right hand rune

People were shocked because they didn't see Ye Xuan's slightest action at all, but Ye Xuan's opponent actually lost!

It's so strange to lose that kind of thoroughness!

Originally, there was no good image for Ye Xuan. He immediately shouted that Ye Xuan was cheating.

However, when the elders of the school came over to see it, they directly announced that Ye Xuan had won.

In fact, the school elders are also wondering, he also did not see Ye Xuan shot, just casually said a word, and then Ye Xuan's opponent is paralyzed!

The key point is that when he went to check it, he found that the whole person was badly hit!

Moreover, it is not caused by oneself, but by the outside.

Such a strange situation, even the Scorpio school, has never heard of it.

In the end, they can only conclude that Ye Xuan has mastered a special magical power!

Of course, what supernatural powers, they don't know!

Ye Xuan easily wins, using the means that everyone can hardly see, which undoubtedly makes Ye Xuan's reputation rise again!

The top ten runes masters and the sons of the first beauty of the school!

The princess rushed over to cheer, and the mysterious person who was able to talk casually.

With a special supernatural power, you can reinvent the super strong in the same field with one sentence!

No matter which thing is taken out, it is definitely something that people have been talking about for a long time, not to mention that all these things are concentrated on one person!

In the end, people only got one conclusion. Ye Xuan is a genius, a genius genius!

Next, Ye Xuan's opponents are basically not challenging. For such an opponent, Ye Xuan even lazy to get a hand, and a straight sentence of six sons will end the battle.

Until a person appears.

"Wow, it's really the three young masters of the Zhenxi family. Guan Moyun, who has the title of a shadowless sword! He has come!"

"Isn't it? It is said that Guan Moyun has a special magical power, and he is taking the road of refining. His body and restraint are already powerful and unimaginable. His special magic weapon of the sword is from the antiquity. Secret treasure! Strong and powerful!"

"Yeah, it is said that he has chosen the default candidate this time to come to the battle, but it is to go through the game! I am afraid this time because of the princess's reason, I will shoot the guy!"

People talked a lot, but unfortunately, Ye Xuan couldn't hear it. Even if he heard it, it would be impossible to care.

What is his shadowless sword, what is his ancient secret treasure, can you still be afraid of Ye Xuan?

"Hey, the system prompts, the target is specified, and the six grades are in the real world!"

Upon hearing the system's prompts, Ye Xuan silently pulled out the sword, this opponent, is not Ye Xuan can easily deal with.

Have a pre-title, even if it is only the lowest level! Moreover, it is still the best real world, this is already the opponent that Ye Xuan must deal with carefully.

Battles are battle-restricted. Except for not being able to kill, no matter what kind of magical power you have, or what magic weapon, you can use it.

At this point, the two stood, and Ye Xuan's ear heard the voice from the man.

"Kid, I heard that you are very arrogant. I heard that you are very amazing. Today, I want to fight you, even your aunt does not know you!"

This guy faced Ye Xuan's voice, another, but politely moved toward Ye Xuan.

Signaling to let Ye Xuan first shot!

Ye Xuan frowned, he did not like such a hypocritical guy, if he said these words directly in the face of Ye Xuan, then, Ye Xuan may not care too much.

However, using the means of sound.

Then, don't blame Ye Xuan for being hot.

This time Ye Xuan wants to give this guy a deep memory, an unforgettable lesson, let this hypocritical guy expose his original ugliness!

As for now, Ye Xuan is also lazy to say anything, directly with a move.

The Thousand Beast Swordsman and the Flower God Swordsman appeared in front of Ye Xuan.

And the moment they appear, it is the thousands of god-level mounts and hundreds of flowers and flowers directly appear.

Ye Xuan cares about what supernatural powers are exposed, because, Ye Xuan's supernatural powers, this is possible to change at any time.

What's more, at this time only need to unlock the Ye Xuan level, then he will be able to get new blood, naturally, maybe there will be some changes in the current supernatural powers.

Seeing Ye Xuan summoned so many beasts.

Many people have talked about it.

"Wow, what kind of supernatural power is this, you can summon so many war pets! And, it is not weak!"

Yes, for most people, the number of war pets is usually a single digit, and it is no longer possible to have more than a dozen.

Ke Yi Xuan is a thousand, which will naturally surprise them.

However, the things that shocked them are just the beginning!

Suddenly, Ye Xuan waved a hand, and a lot of resources appeared directly in front of Ye Xuan. At first, no one knew what Ye Xuan wanted to do.

But Ye Xuan's next move is for everyone to understand.

Ye Xuan is to refine the ban!

No, not just a ban, but a rune!

He actually left the hand-made ban, right hand refining the charm!

How can this be!

Being able to become a master of prohibition or a master of the gods is already a very bad thing.

However, now someone has a left hand ban, right hand charm, this is to scare the rhythm of death!

"No, he must be bluffing. No one can do it. It is impossible to refine the prohibition or the charm in the battle. What's more, it is still refining at the same time!"

All the crowds are standing up, because Ye Xuan's performance is too strong and too horrible!

However, until now, no one is willing to believe that Ye Xuan can do it.

However, what scares them is that Ye Xuan can not only do it, but also very fast!

Ye Xuan's refining method has never been seen by anyone.

Of course, it's strange to see someone. Ye Xuan just picks the material by hand and then refines it and finishes it.

Therefore, people can only see that Ye Xuan is constantly refining one by one and the gods, but he does not know how he did it.

The material is decreasing rapidly!

These resources, as soon as they reach the hands of Ye Xuan, will become a variety of prohibitions or charms!

At the side of Ye Xuan, there are countless prohibitions or signs.

In front of Ye Xuan, what is Mo Yun's already dumbfounded, Ye Xuan is preparing to use the prohibition and the charm to pack him.

You should know that it is probably more common to ban this thing, but this thing is fixed, and the ban on direct use of combat is very rare!

As for the runes, the oracle is more rare than the ban, and it is not easy to get it.

Therefore, it is a very extravagant thing to fight with a ban or a rune.

However, what is it about him now?

At the same time challenge a master of prohibition and a master of the charm, attached, or a cultivation genius?

Chapter 2273: Triple identity

The feeling of fear instantly drowned Guan Moyun, and he understood in his heart that this time, I am afraid, he will be defeated!

No, this is something he absolutely cannot accept.

The Highness of the Princess can be seen below, and the gaze has always been on the kid. Only defeating him and defeating him thoroughly will enable the Princess to know that who is the real power, who is worthy of the Royal Highness. Favor!

Guan Moyun's eyes were sullen, and in an instant, a fierce attack was launched.

For a time, the defense line formed by the god-level mount seemed to be in jeopardy.

Ye Xuan's mouth was slightly tilted and said silently.

"Thousand beasts feast!"

Yes, Ye Xuan directly launched a feast of thousands of beasts. In an instant, all the god-level mounts, the combat power soared, for a moment, even let the Mo Yunnai.

However, it is only the beginning now, because Ye Xuan has come over!

At the side of Ye Xuan, countless prohibitions and signs are suspended.

With Ye Xuan moving forward every step, not just Guan Moyun, but everyone who is looking at Ye Xuan, his heart is shaking!

How is this going?

At the beginning, everyone felt that Guan Moyun was also a good god, and Ye Xuan was only a medium-minded god. This is basically a battle that can affirm the result.

However, when they really started fighting, they knew that it was ridiculous to use the realm to measure the strength of Ye Xuan. God Run Master!

What is this, this is simply to bully people!

In the eyes of everyone!

Ye Xuan waved with his hand, countless prohibitions and signs, and rushed toward the Mo Yun.

Lightning Thunder, Fire Dragon Sand, Hill Rock, or Excalibur, Fa!

A variety of attack methods, in this ring, what is the battle, this is simply bullying people.

From the beginning, Guan Moyun did not even have the qualification to connect with Ye Xuan, and he has already lost the game!

This is simply a horror that makes opponents lose more than the words before Ye Xuan.

Even now, many people are praying in their hearts that they must not meet Ye Xuan!

Even if it is encountered, then, pray that Ye Xuan does not need to use the prohibition and the charm to clean him!

They would rather choose to be defeated by Ye Xuan in one sentence, and they are not willing to accept one round after another as the current Guan Moyun.

Ye Xuan has refining nearly a hundred bans and magic weapons.

This is the rhythm of using all of these things.

Be aware that, according to the rules, unless there is a party or a complete loss of mobility, the battle can continue!

That is to say, although everyone understands that Guan Moyun has been defeated and completely defeated, but Guan Moyun did not say anything to admit defeat, and that he has not lost his ability to act, Ye Xuan has the right to attack.

Suddenly, I saw Ye Xuan lifted his head and all the attacks stopped.

"Nothing, this strength actually dares to fight on the stage!"

Yes, Ye Xuan said so!

That's Guanmoyun, but in Ye Xuan's eyes, it's so bad!

When Ye Xuan came out, the crowd automatically let a road open.

No one dares to stop in front of Ye Xuan, because Ye Xuan's horror is really unbearable for them.

Even with a look at Ye Xuan, they dare not!

Forbidden Master, God Run Master, super genius!

The triple identity has made Ye Xuan already a presence that people can only look up to.

Regardless of the idea of holding Ye Xuan, at this time, all of them have a strange look at Ye Xuan.

Those who were initially hostile to Ye Xuan knew that Ye Xuan was not the one they could provoke.

However, in this way, it has spawned countless embarrassments.

Many people, it is difficult to become a triple-identity of Ye Xuan in their lifetime, and Ye Xuan, but one person monopolizes three major titles, which makes them feel uncomfortable.

There are very few banned teachers and apprentices, and the requirements for qualifications are very high.

These two professions can be said to be very occupational resources. Of course, no deputy occupation is not piled up with resources.

It's just some time, and in the family, it's just to support these bans and runes.

If you want to train a forbidden or rune teacher, you will not only have to find a talented person and a high disciple, but also need a lot of resources to be able to cultivate.

As for the practice of prohibiting the ban and the rune, it is not without, but it is almost impossible to succeed.

You can do it, Ye Xuan has done what they dare to think, dare not do!

.....

"You, you will also refine the ban, make a rune?"

Ye Xuan went to the side of the flying smoke and other people.

The Princess of the Princess is also there. Looking at Ye Xuan's gaze, she was surprised and surprised.

Although he is a princess, he has never seen anyone with such a high talent.

As if at this moment, he only understands why her sister is a god, and she cares about Ye Xuan.

Once such a talent grows up, it is hard to imagine!

However, in fact, she thought more, and I don't even know that Ye Xuan will do this.

"Is there anything weird about this?"

Ye Xuan said faintly, in Ye Xuan's mind, as long as there is a system, no matter what it is, it is still a matter of course, so there is no such thing.

He said this, is the truth, in the heart of Ye Xuan, what is the prohibition teacher, the mistress, really did not waste any strength.

However, Ye Xuan's words made everyone speechless.

What is this so strange?

This is very strange, well!

Next, Ye Xuan's battle is almost no suspense. Even most of the opponents have chosen to admit defeat.

Because they know that even if it is a peak of true deities, don't try to challenge a super-existence with the dual auxiliary ability of the banned master and the ceremonial master.

Fighting with Ye Xuan, even if it is to admit defeat, there is nothing to be embarrassing.

This ordinary person, where can be with the genius of the genius.

The selection requirement of Kunlun is that the highest peak can only exist in the real world. Once it becomes the main deity, then Kunlun will not accept it.

Of course, after becoming the main deity, in the Kunlun domain, it is a powerful figure with certain strength, and it is impossible to say that it is to participate in such selection.

The main divine, and the true deity, do not look the same is only a big difference in the realm, but this is the first major breakthrough in the spiritual system of the gods.

Many people, from the cultivation of the gods to the true realm of the peaks, show a very powerful talent, but it is the main divine, how can not cross.

If you want to break through to the main deity, it is not just talent.

To break through the main deity, you still need a lot of chances and great blessings.

It can be said that among the one hundred cultivators, they can become the peak of the true state of God. Under the premise of not falling, there are at least ten!

Chapter 2274: Kun is not speaking

However, the true peak of one hundred peaks, even if it is sufficient resources, give him a perfect cultivation environment, perhaps, only one can become the main deity.

The difference in one step is a huge gap!

This main deity is the realm of countless people's dreams, but they can't ask for it!

This is also the reason why once Kunlun has begun to attract people, it will lead to so many people. Even some family members will join the school when they are stuck in Kunlun.

Want to join Kunlun!

Among them, there are the ten geniuses, the four great souls among the Kunlun gods, and the disciples of the great families!

These people are regarded as the most likely to be among those 100 places.

As the battle progressed, Ye Xuan's opponents finally became stronger. However, most people, if they had the chance, would choose to avoid Ye Xuan, because all the battles are the result of a game. .

Selection will not give you a second chance. No matter what reason you are, once you lose it, it means that you are not qualified in the future.

Therefore, what many people are most reluctant to face is not the children of the family, or any genius, but Ye Xuan!

Ye Xuan's left hand ban, the right hand rune, is really too much to leave the image.

However, there are of course some exceptions.

At this time, Ye Xuan has entered the final stage of the selection. His opponents can be said to have been continuously strengthened. Basically, they are the strength of the real gods.

Ye Xuan's strength has once again unlocked the first level, and it's already a repair of the seven realities.

However, even in the case of the seven-middle-class gods, Ye Xuan is among the people who remain, the lowest in existence.

This time, Ye Xuan faced a super presence at one time.

Because this person is a famous person who has been famous for a long time!

"Ye Xuan, hello, I am a Kunnan family, Kun does not speak, I did not expect, I have the opportunity to fight with you, I hope we can play our most powerful strength!"

In front of Ye Xuan, is a young man with a smile on his face.

At least, he gave Ye Xuan the first image, very good.

"Reassured, I will not let the water go!"

Ye Xuan also replied with a smile.

"Haha, that's good, but I can remind you in advance, I am also a master of prohibition, and, between the battles, the family gave me a lot of special magic weapons, so when I fight, I can It's cheaper to take advantage of it."

This guy is a bit interesting!

In this ring, which person is not exhausting all the means, no matter what kind of means, as long as they are able to stand in the ring, they all get the full support of their own family, many people, even with The family treasure is fighting.

There is nothing to explain at this point. Anyway, according to the rules, as long as it is not the kind of super treasure that is ruined, it is allowed.

And as long as it is a magic weapon that you can bring to the stage, then it proves to be approved for use.

Where does he come from, in your hands, it is yours.

"Okay, then I have to have a ban to deal with your ban."

Ye Xuan has a smile on his face. It is hard for him to say that he is hostile to him. Because of his openness, he told you his cards from the beginning, even if you know that he borrowed. External forces are not good at getting angry.

What's more, this was originally a battle that allowed the borrowing of external forces.

"Ye Xuan, fighting against Kunnan Shijia Kun, the battle begins!"

It is the voice of the elders of the school. As the game progresses, now every game has the intervention of the elders. They will observe the battle between the two in the ring. Once one is in danger, they will immediately shoot. Save.

After all, being able to go to the present, which one is not noble, strong and powerful, if it is degenerate, it is a terrible loss.

"Oh, Ye Xuan, it's time! Do you shoot first, or do I shoot first?"

This guy, it is wonderful, actually asked this question.

However, most of the super geniuses from the family, the lessons they have learned since childhood, and the environment they have experienced since childhood, will never think of how difficult it is for people like Ye Xuan to step by step.

"please!"

Ye Xuan wouldn't care about the advantages of such a first-hand advantage, so I just made a gesture of asking for it, indicating that Kun did not attack first.

.....

At this time, outside the ring, everyone has already discussed it again.

Even if it is the Princess of the Royal Highness, I don't know the choice in my heart.

"This is not a language, but one of the top ten geniuses of the gods. It is said that his ban is already a master level! And the Kunnan family is famous for its illusory beasts. They can summon some illusory beasts that do not exist at all. The strength is extremely powerful."

"Yes, in addition to these two things, that Kun does not speak, but also has a special ancient blood, and successfully awakened after the huge resources of Kunnan home, I heard that Kun has no three forms of explosion, one The form is more powerful than a form!"

These people's arguments may be that many people don't understand what it means, but the Princess's Highness is very clear.

This Kun is not a language. It is said that the mother is an ancient survivor, and the special blood of his mother did not expect to be inherited by Kun.

The original blood name was not taken care of by the original name, but now it is called the triple god!

Under normal circumstances, there is nothing special about the Triple God, and the appearance looks strong.

However, if you unlock the first heavy press, then you will double your strength!

Unlock the second weight and turn it ten times!

The third is a hundred times!

Such a strong constitution, it can be said that Kun is not successful in becoming the top three of the top ten geniuses.

Moreover, it is said that this Kun is no longer able to solve the second heavy seal skillfully. As for the third weight, it is said that it is also capable of unraveling!

For a time, His Royal Highness Princess began to worry about the safety of Ye Xuan.

You know, one hundred times the strength is not what Ye Xuan can bear!

"You go to inform the school and let them be ready at any time, whether it's Kun or Ye Xuan, I don't want any of them to fall!"

"Yes, Your Royal Highness!"

The princess had to worry because, because of the three-fold unlocking of Kun, there was a price, and that was his ambition.

With the unlocking of strength, his mind will become more and more violent. When he unlocks the second one, his mind will be paralyzed, and most of his remains are fighting instinct.

And the third weight is all unraveled, and it may become a monster that only knows how to kill.

There is no way to do this, but Kun is not a bad person. Therefore, everyone knows that although he will be very violent after turning around, no one will blame him.

But today is different. If he killed someone before, he can be forgiven.

Chapter 2275: Semi-field power

But if he kills Ye Xuan today, the princess believes that he is afraid of being his sister, and he will be furious.

You know, the princess has not seen his sister for so many years, he will care so much about someone.

During the period of Ye Xuan's participation in the selection, the Lord God, three times specifically asked about the progress!

These two people are geniuses of the gods, and no matter what one, they are not allowed to fall.

.....

At this point, Ye Xuan gestured that Kun did not speak first, and Kun did not speak the language, directly speaking to Ye Xuan.

"Okay, then, you noticed, I shot."

After that, I saw a light directly covering him!

Light Treasure A!

This is one of the three major treasures of the Kunnan family. It is said that this treasure has no physical body at all, and it is completely refining.

It is a super treasure that can be attacked and defended, and it will be adjusted according to the strength of the wearer!

This thing, I did not expect it, but it was owned by Kun.

Of course, the treasure of Kunnan's family will not be passed to them on the first day, and will be passed to whom.

Then, among the hands of Kun, there was a pair of weird daggers!

The dagger is a melee weapon.

However, Kun does not speak this dagger, not only can close combat.

"Double assassination!"

Suddenly, Kun did not speak in the hands of a dagger.

The two lights attacked Ye Xuan in the past, but these two lights turned into two shadows in the middle of the road, and flew toward Ye Xuan.

Good guy, attacking light can be transformed into a phantom, this means not simple!

"Hey, the system prompts, the target is specified, and the seven grades are in the real world!"

"Hey, the system prompts, the host please note that the specified target has hidden power!"

"Hey, the system prompts, the host should pay attention, detect the specified target, have a special magical power!"

The three reminders of the system sounded, letting Ye Xuan know that this Kun is not the biggest opponent he faced.

Ye Xuan is also unambiguous, directly summoning the thousands of beast swordsmen and the flower **** swordsman.

The beast army led by the two swordsmen can still play some role.

However, Ye Xuan did not think that Kun did not speak, but also had the ability to summon.

"The **** of phantom, killing meaning!"

Suddenly, I saw that Kun did not combine the two daggers and threw them out. The dagger quickly turned into a void door, and from the door of the void, countless phantoms burst out.

Ye Xuan frowned, this is a magic weapon, obviously two daggers, but it is a magic weapon for summoning!

This is what Ye Xuan has never seen before.

"System, detect that dagger!"

"Hey, the system prompts, the data is not enough, can't view!"

Ok, there is no way to detect it, Ye Xuan is helpless.

Soon, Ye Xuan's God of the Beasts fought with the Phantom of the Kun.

It can be said that the individual strength of Ye Xuan's beast army is stronger than those of the phantom.

However, the phantom seems to be endless, constantly rushing out of the door of the void.

For a time, it turned out to be a tie.

"White is not white, black is not black, the light under the shadow, the field of prohibition!"

What is the field, actually the field, a small half-area made with a ban!

Although, this is not a complete field, but after all, it is already half-field.

Everyone suddenly lost!

The strength that Kun did not show at this time was beyond their previous imagination. No one knew at all. It turned out that Kun did not even have such a means.

Half-field, this is half-field.

Even the strongest of many main gods have no realm.

However, Kun, who is not a true god, is able to display half of the field!

In an instant, a gray light curtain directly wrapped Ye Xuan and Na Kun.

"Hey, the system prompts that the host is affected by the field, the defense is halved, the attack power is halved, and the mind is half-sensing!"

"Hey, the system prompts, Kun is not affected by the field, the defense is improved, the attack power is improved, and the mind is improved!"

A strong and powerful half-field, weaken your opponent and strengthen yourself! This kind of field is really useful!

"Ye Xuan, note, this is my biggest card, I have to attack!"

The voice of Kun is not heard, reminding Ye Xuan that he is about to launch an attack.

"Come on, let me take a look, how strong you are!"

Ye Xuan's mouth smiled slightly. This guy, before the attack, reminded himself that it can be said that Ye Xuan is very satisfied.

Of course, Ye Xuan still does not forget to find the means to crack.

"System, can there be any way to crack!"

"Hey, the system prompts that the host is currently running out of resources and cannot find a suitable means!"

There is no suitable means!

Ye Xuan's heart is slightly shocked, is this time he really wants to lose!

No, Ye Xuan will not admit defeat so easily. He also believes that he cannot easily lose it.

If there is an eternal point, Ye Xuan can now use an area, that is, the eternal body provided by Ye Xuan for the eternal field, but now Ye Xuan has no eternal point, so this can only be imagined.

The six-character mantra, although powerful, is obviously impossible to use.

Perhaps the rest is the devouring of the spirit!

If Ye Xuan uses the second ability of Lingshen to swallow, the system converts and converts the resources he now has into a success rate, then Ye Xuan has the ability to swallow up the person in front of him!

However, Ye Xuan is not willing to do this, because in Ye Xuan's heart, this guy is enough to qualify as Ye Xuan's opponent. If he is directly swallowed by the spirit, he will swallow him away. This is not Ye Xuan's thought. The result.

Then it seems that only the use of the wings of the gods is summoned!

The gods copy!

The skills of the wings of the gods consume the energy of the gods, and then become the gods that have fallen. Although it is said that the original strength of Ye Xuan is maintained, there is only its shape, but no god.

However, Ye Xuan believes that since the system will give such a skill, then this skill is impossible to say that there is no use at all.

This ability, Ye Xuan has not been used, just because the energy of the wing is very rare.

But now it seems that I have to use it. If it doesn't apply, can it be said that the ancient gods can still be used?

"Well, since this is the case, then use it, the system, I want to use all the energy of the gods, with the random ancient gods!"

Ye Xuan made a loud order.

"Hey, the host now has 30% of the energy of the wing, is it all used?"

"Yes, all use!"

boom!

A force that allows everyone to stand up and worship, suddenly broke out from Ye Xuan's body. No matter who it is, no matter what it is, at this moment, it feels the absolute horror !

Yes, it is crushing, and the momentum is crushed!

At this time, Ye Xuan broke out with a strong momentum.

At the same time, in his body, a strange change is taking place.

Chapter 2276: Seal unlock

I saw a set of armor on his body, a set of armor that no one knows what kind of style, and the original sword of his hand has become a quaint black giant sword.

Beside him, there is a shadow of nothingness!

At this time, Ye Xuan finally knows what the real use of these gods is.

Indeed, Ye Xuan is still the Ye Xuan, his strength has not improved, but the key is the equipment, these equipment, all of them are all the equipment before the gods, that is, the gods copy, the most important thing is not to let Ye Xuan gained the power of those gods that had fallen.

Instead, let Ye Xuan experience the magic weapon of using those super strong people!

"Hey, the system prompts, the host uses the gods to copy successfully!"

"Hey, congratulations to the host, successfully copying the ancient nameless god!"

"Oh, because the host uses 30% of the energy of the gods to copy, so all possessed magic weapons have the strength of 30% of the original ability!"

"Hey, congratulations to the host 弑Sword to get the black magic sword blessing, get special magical power, crush the light!"

"Hey, congratulations to the host to get the black magic treasure, the defense is ten times better!"

"Hey, the host gets the special power of the Black Devil, and the Dark Lord calls!"

"Oh, congratulations to the host for the shadow servant, the host gains special abilities, the servants play, the servants fit!"

.....

A series of tips, let Ye Xuan understand the use of the copy of the gods, but also bring many unintended benefits to Ye Xuan.

"well!"

Ye Xuan spit out two words. He is copying and cheering for these gods, and is also applauding the wings of the gods.

He has not used the energy of the wing, but I am afraid I can't get these things now.

At this time, the attack that Kun did not speak has arrived.

And Ye Xuan is also unambiguous, and the sword has been swept away.

"boom!"

The power of the violent rush was sent directly, and Kun's original swearing blow was actually resisted by Ye Xuan.

"You, what is your power?"

Kun did not read Ye Xuan in a mistake. He didn't understand what Ye Xuan had activated so much. It turned out to be a person.

"Haha, this is not a magical magical power, but it is the power of the ancient gods!"

.....

"Hey!"

Is this also called special magical power?

Everyone was once again shocked by Ye Xuan, they did not know, this Ye Xuan, there are still many unknown means.

The ancient gods, that is the power of the ancient gods, the power of the ancient gods can be borrowed, then, what else can he do!

The ancient gods have always been powerful incarnations.

The blood of the ancient gods, the magic weapon of the ancient gods, the magical power of the ancient gods!

All kinds of things that have been handed down, as long as they carry the ancient characters, they all have infinite power.

Now, Ye Xuan can borrow the power of the ancient gods and use it directly!

This kind of means is almost unprecedented!

"That guy, who is it, how can it be so strong, how many secrets he has!"

"This guy, I thought this time, he will lose, why, why he can come up with such a shocking means!"

"Well, it's over, isn't it true that Kun is not lost! Who is there, who can beat him!"

People are shocked and people are shocked.

It is precisely because of the strong performance of Ye Xuan that it is beyond the expectations of all of them, so they are more afraid and more horrible.

At the same time, there is even more hope that someone can clean up Ye Xuan.

"Kun does not speak!"

I don't know who took the lead and sighed. In an instant, everyone followed.

When it comes to the back, it is a unified voice: "Kun is not a word, Kun is not a word, Kun is not a word..."

Almost everyone is shouting the name of Kun, because in their hearts, there is a great hope that there is a person who can defeat this enchanting existence! Defeat Ye Xuan!

The princess and the flying smoke are very unhappy, but the heart is beautiful.

Because the more these people are, the more they explain their fear of Ye Xuan.

Of course, the two people above the ring did not know the situation outside, and even they could not see the outside.

This secret of the platform can allow outsiders to see the situation inside, even to hear the voices of the people inside, but the people inside do not feel the slightest outside.

It is also a special secret.

At this time, Kun did not feel the strong power that Ye Xuan broke out. He did not hesitate. He said to Ye Xuan: "Ye Xuan, you have noticed, I have to unlock my special seal. Once I seal this seal, My mind will change greatly. Remember, if you can't be enemies, you will immediately withdraw from the battle. At that time, my mind will be damaged, and I can't control the behavior I made!"

Kun is not saying, is it necessary to unlock the seal in his body!

Use his real last power!

Ye Xuan nodded. Although he didn't know why Kun did not say this, but he rushed to Kun, he would forgive him for all his actions.

"Seal, first weight, unlock!"

Suddenly, the strength of Kun's non-verbal language doubled in an instant, and the powerful force broke out from Kun.

And the system prompts, it also rang!

"Hey, the host should pay attention to the improvement of the target strength. At present, the top seven products will be in the real world!"

Well, the title of the former crown has been upgraded by one level, from the level of the class to the level of the class.

Ye Xuan is slightly wrong, I did not expect that this guy can actually upgrade his former title.

Sure enough, it is an opponent worthy of a battle.

"Ye Xuan, I am coming!"

Kun did not speak the first heavy seal, and the fighting thoughts skyrocketed, but he still had not lost his mind.

Therefore, he will still remind him before he takes the shot.

In an instant, the two were entangled again.

However, the ancient treasures of Ye Xuan's body, the ancient black magic sword in his hand, are by no means idle.

Therefore, for a while, it is still suppressing Kun.

Kun's non-verbal fighting will become stronger and stronger. Every time he loses, he will not let him give up. Instead, he will inspire his fighting instinct.

Suddenly, Kun did not speak loudly.

"Seal, second, unlock!"

boom!

The strength of Kun's non-verbal language has skyrocketed again!

"Hey, the system prompts, the target is specified, and it is upgraded to the true level of the king's seven products!"

King level!

It was upgraded to the king level!

Jiu Lian is Ye Xuan, but also shocking.

This guy, actually in the blink of an eye, once again upgraded to the king level!

"Damn guy, I want to kill you!"

The voice of Kun is not heard.

Ye Xuan finally knows why this guy will remind himself before unlocking his strength.

Because he unlocks the cost of strength, it is the loss of intelligence.

However, Ye Xuan smiled slightly.

In this way, only look at it!

Chapter 2277: Run away to triple unlock

The battle continued, the two men attacked with madness, attacked against the attack, no one gave way, Ye Xuan was hit again and again, and Kun did not speak, and it was not much better.

At this time, the two people seem to have forgotten that they will still use the prohibition, but also use the charm, but use the strongest force, and violently hit again and again.

The battle between the two men made the space of this downfall constantly fluctuating. The school had once again sent people to reinforce the seal of the secrets of the platform.

The two players in the field are extremely fierce.

However, people outside the field are more excited than them.

This level of combat can be said to be the most intense battle they have seen so far.

At this time, beside the ring of Ye Xuan and Kun, the countless people, the school people, the outside forces, and even the Kunlun people came over.

"Two good seedlings, I did not expect that they actually slammed together. This time, the old man made an exception. These two people, no matter who won the victory, the one who lost, also allowed to continue the game!"

Yes, Ye Xuan and Kun, both of whom have been recognized by the Kunlun emissaries, have allowed them to continue.

With this sentence, in fact, it is equal to recognizing their identity, which is equivalent to directly recruiting them.

Of course, the two people in the battle did not know.

At the same time, the people of Kunnan family have arrived.

Kun is not a language, it is the son of Kunnan family, this is uncontroversial.

The battle of Kun's non-verbal language will naturally attract the attention of the Kunnan family.

However, this time, they are more focused on Ye Xuan.

Actually, someone and their son can still face each other in the case of unlocking the second seal. In the eyes of the Kunnan family, this is simply impossible.

However, what shocked them is just beginning!

"I want you to die, I want you to die!"

"The third heavy seal, unlock!"

Kun is not completely mad at this time. With the unlocking of strength, he has only the fighting instinct, only the idea of defeating Ye Xuan.

There is no way to control this. Even if Kun did not speak at first, he did not say that he wanted to kill Ye Xuan. However, as his triple seal was lifted, his intelligence had basically disappeared, and the rest was only fighting. Instinct, only the idea of killing.

"Hey, system prompts, alarms, alarms, specified goals, and the strength is upgraded to the top seven realities!"

Emperor level! !

Emperor's pre-crown title!

Ye Xuan's heart was shocked!

Actually, there has been an emperor level. You must know that Ye Xuan has not encountered the strongest of the emperor at all!

This guy is the first one he met!

"boom!"

One punch, just a punch, Ye Xuan flew straight out.

"Hey, alarms, alarms, the host is deadly threatened, the system automatically takes over the defense, launches the special sword of the Excalibur, and absolutely defends!"

"Hey, threaten to contact."

"Hey, alert, alert, specified target is too strong, it is recommended that the host immediately withdraw from the battle!"

Withdraw the battle!

No, Ye Xuan will not escape!

This kind of battle is the battle that Ye Xuan wants. For a long time, Ye Xuan did not have such a **** boil.

This level of fighting is Ye Xuan, the dream of fighting.

"System, shut me up, I can't give up fighting, this battle, I have to stick to the end, even if it is defeated!"

"Hey, the system prompts, the host idea is abnormal!"

"Hey, the system prompts, the host mentality is chaotic!"

.....

This is the rhythm of Ye Xuan going to run away!

At this time, Ye Xuan, only the opposite guy left in his eyes, and in his body, a powerful force is constantly condensing.

Yes, Ye Xuan is about to go away.

"System, use the ancient deity, what is the use, isn't it used now?"

Ye Xuan's warfare was inspired by Kun's innocence, leaving only the idea of a full-scale war.

The system naturally does not violate Ye Xuan's wishes.

Therefore, with the order of Ye Xuan, the only one of the ancient deities was directly launched.

Boom!

Ten thousand to virtual shadows appear!

It turned out to be 10,000 identical Ye Xuan.

Ye Xuan, actually tens of thousands!

The whole school is boiling.

No, it should be said that everyone is boiling.

They have forgotten the words, and this level of fighting is already the existence of worship.

It can be said that even if there is a battle between the two main gods, there is no such thing as shocking them.

The battle between Ye Xuan and Kun is not the limit of their imagination!

"boom!"

"boom!"

"boom!"

Any blow of Kun's non-verbal, even a random blow, will make Ye Xuan's smash.

However, the tens of thousands of avatars are still crazy to rush to Kun, because Ye Xuan's body is now on the verge of violent walking.

So, in fact, those avatars are now crazy in their hearts.

Fighting is more intense than ever.

At this time, it is not something that the elders of the school can control.

If it is really a two-person battle, this is not something that several elders can stop.

"Go, go to the space!"

The Kunnan family stood up.

Together with the Kunnan family, there are several strong masters of the main deities, and they have also stood up, even including the messengers of Kunlun.

Whether it is Ye Xuan or Kun, you should not fall here.

They are the true genius of the entire Kunlun domain and the pride of the Kunlun domain.

So many powerful people have entered the secrets of Fujian and Taiwan, just in case.

If the two people's battles really can't be separated, they can only stop.

In order to prevent these two people from falling because of crazy killing, any fall is absolutely a great loss of the Kunlun gods.

"kill!"

Suddenly, Ye Xuan's big snoring came out.

Finally, Ye Xuan is gone!

The ability to run away is only possible after Ye Xuan is greatly stimulated.

Now, Kun's insult to Ye Xuan's stimulation is already very big.

Big enough to let Ye Xuan launch a violent attack.

Big enough to spur Ye Xuan to go.

Ye Xuan between the hands, the prohibition and the rune constantly appear, after the runaway, Ye Xuan where so much control, in his mind, only the idea of defeating this guy in front of him.

As for the rest, Ye Xuan will not think much.

The battle was once again intense.

The two of the squadrons attacked like crazy madmen.

That battle, frightened all the people watching the game, even those who are the main gods, this is also shocked.

The power of these two people, the realm of the realm is only true, why, why is this powerful force erupting!

The main deity is a collective name. In fact, the gods, gods and the like can be regarded as the main deities. However, these only Ye Xuan will understand when they enter the real main deity.

A big realm, there is a rule of a big realm, without the strength, it is difficult to touch the secret.

Of course, under the state of the runaway, how could you think more, otherwise, how could it be defined as a runaway.

Two crazy figures, entangled in the secrets of the ring, no one wants to give in, you punch, I kick.

These two guys turned out to be using the most primitive fighting methods and have been shopping.

Off the court, countless people have already watched the thrills, from the beginning of the noisy, to the silence behind.

People are no longer on the wrong side, because the two people in front of them deserve their approval.

Chapter 2278: Princess to send medicinal herbs

The battle has been going on!

one day!

Two days!

Three days!

.....

Kun Xuan, who has already fallen into the third unlock, and Ye Xuan in the state of violent, unless they are exhausting the last glimmer of strength, otherwise their madness will not stop.

Countless people are watching this scene with fear.

And the dozens of strong masters of the main deities, but also constantly watching the battle between Ye Xuan and Kun, no one blocked.

Such battles, as long as there is no danger to their lives, they simply cannot bear to interrupt.

Ye Xuan's movements have obviously slowed down a lot, and Kun's non-verbal language has the power to condense for a long time even if he swings his fist.

As time went by, Ye Xuan's powerful body finally showed up, such a strong battle, even the third unlocked Kun is not tired enough.

However, Ye Xuan is also able to launch a second attack.

However, even Kun is not thrown away by Ye Xuan as a sandbag.

The people of Kunnan family did not stop.

Finally, Kun did not speak, and completely passed out.

However, Ye Xuan also fell down while he was not falling.

The results of this battle have been announced.

Unfortunately, no one cares about the result. In this battle, both of them have been recognized by everyone, regardless of strength or will to fight.

.....

When Ye Xuan woke up, it was already a long time since the battle, and their thrilling battle was full for four months!

Not to mention the time of rest.

Ye Xuan's strong constitution made him wake up very quickly.

However, Kun did not have such a strong constitution, so until now, Kun did not wake up.

"You son, you wake up."

Flying smoke saw Ye Xuan woke up and said happily.

And the people of the gods in the house immediately greeted them.

It turned out that when Ye Xuan came down from the ring, although the Royal Highness Princess and the Kunnan family wanted to pick up Ye Xuan, but Feiyan and others were determined to fail.

Even if there is a wave of bans between the waves, there is a big meaning that it is impossible to start a war.

But fortunately, everyone knows that they are Ye Xuan's followers, so it is not difficult for them.

Otherwise, with ten smokers with flying smoke, how could it be the opponents of dozens of main gods and countless true gods.

Ye Xuan nodded and asked: "Where is this?"

"The son is assured that the little woman rented a manor outside to rehabilitate the son. The son of the son can stay here with peace of mind. I have already arranged countless bans inside and outside the manor."

Ye Xuan laughs and laughs, is it necessary to make it so strict?

The meaning of flying smoke, Ye Xuan understands that in the heart of flying smoke, Ye Xuan has countless secrets, flying smoke is worried that Ye Xuan's secret is being noticed.

But as far as Ye Xuan himself is concerned, his biggest secret is that the momentum is just a system. As for others, even if others discover it, it doesn't matter. As for the system, I am afraid that no one can find it.

But after all, flying smoke is a good heart, and Ye Xuan naturally does not say anything.

"Oh, that's it, it's okay, I just woke up, I can recover quickly, how is the result of the game?"

After the cousin and the guy were both in a coma, the messengers of Kunlun said that they did not need to participate in the selection. They were directly selected and became special disciples. However, because both of you were injured, Kunlun was letting you hurt and then passed. "

Ye Xuan nodded again, but did not continue to say anything.

Instead, stand up and start a simple activity.

This is simply the old wound and the new injury, but also the loss of Ye Xuan, for anyone else, where can recover so quickly.

"Right, son, this is the Princess of the Princess who sent you, saying that it is healing medicine."

Flying smoke will hand a medicinal herb to Ye Xuan.

This medicinal herb is golden, and there is a dragon on the top.

"Hey, the system prompts, specifies the target, and swims Longdan, which can quickly restore the host's damage and has a chance to improve the host."

Oh, not only can you heal, but you can also break through.

This is definitely a baby.

Ye Xuan did not hesitate and swallowed it directly.

A strong warm current swims directly in Ye Xuan.

"Hey, the system prompts, the host breaks through, the current nine products are really true!"

Well, sure enough, you can break through the ranks. Is it true that the nine products are really true?

If you take a step, you will be able to advance to the top of the world.

That being said, when Ye Xuan was fighting, or when he was in a coma, Ye Xuan's last lock level was finally unlocked.

The lock level is because Ye Xuan is a sequel to the level after the exchange. In general, if Ye Xuan uses a level to redeem, then one level will be locked, and two levels will be locked.

During the lock-up, Ye Xuan had no experience in consuming anything, and, if he wanted to break the level of locking, he could only wait for time, there was no way to speed up, and he could only wait for him to break.

Because this is the ultimate limit of the system.

Level redemption, it can be said that any item can be exchanged, then the system will of course impose restrictions.

Even during the level lock, things like merging blood can't be done.

But now, the level is finally unlocked.

Ye Xuan now hopes that he will immediately use the blood fusion stone, so that his resilience will be much faster, but, perhaps, he is now in this state of the body, using the blood fusion stone, it is not a sin.

So, you can only wait.

"Right, flying smoke, how is that Kun?"

"Back to the son, the little woman is not very clear, but the danger of life is not, but was picked up by the people of their family."

"Oh, this way, let's go see it."

"The son, but your body?"

"Nothing, look at me, this is not good!"

Ye Xuan said faintly, indeed, although he is somewhat weak now, he can walk and jump.

Also lost in the smoke to follow Ye Xuan, this kind of thing has seen too much, has long been eccentric, so it is still calm.

Ye Xuan is going out, natural smoke and the people of the gods will follow.

The most important thing is that the ten gods of the gods, know that Ye Xuan is going to Kunnan family, actually do not know where to get ten sets of identical clothes out, quite gorgeous, but also famous, this is the clothes of the followers .

Have you seen the clothes of the entourage even more gorgeous than the master?

However, Ye Xuan does not care about these small details, as long as these guys like it, Ye Xuan will not care about them.

Kunnan family, although the headquarters is not in Tianzhu City, but there is still their manor in the city of Tianzhu, so at this moment Kun is not actually in the Tianzhu City.

For Ye Xuan, but now has a reputation, no one does not know Ye Xuan's name, I have seen Ye Xuan himself is not a minority.

This guy seems to be coming out overnight.

Chapter 2279: Alchemist

Fortunately, the Tianzhu School came out to explain that Ye Xuan had already joined the school, but he had been practicing outside, and that people such as Feiyan had been in the school, which dispelled the concerns of everyone.

After all, the Kunlun voters are required to join the school for at least two years to qualify.

The arrival of Ye Xuan is beyond the expectations of the Kunnan family.

Don't look at Ye Xuan is just a young man, but no one dares to swear at him.

The people of Kunnan family, even if they are fools, understand that the guy who was specially recruited by Kunlun and looked at by the princess, the future of the future, is absolutely limitless!

At this time, the Kunnan family has already opened its doors, welcoming the arrival of Ye Xuan.

"Haha, Ye Xuan Xiaozi, actually you, I did not expect that you have recovered to this way, it seems that the princess gave you the **** Dan, it is not the same!"

A middle-aged man came to Ye Xuan's face and laughed.

Ye Xuan slightly glimpsed, during the period of Longlong, how did they know?

"Kid, you can, the princess sees you in a coma, and you don't see it in a hurry. But then your servants said nothing to allow any outsiders to go in and bother you. The princess was helpless and went back first. But I believe that now she must be on the way."

"Hey, the system prompts, the specified target level comes over, the system can't detect it!"

Can't detect it, then it must be the strongest of the main divine!

Ye Xuan also showed a smile.

"The younger Ye Xuan has seen his predecessors."

"What predecessors are not seniors, I am a non-verbal uncle, you, I am also called my uncle."

Ye Xuan is slightly wrong, he still feels that he is still a better person for this guy!

"You are not talking about it, let alone, it's really time for you to come, just woke up without a word, but you don't have such a good constitution, and now you can't come down in bed."

Ye Xuan smiled a little, and this was a good thing.

Under the leadership of this three uncles, Ye Xuan soon came to the hall where Kun was not hurt.

Sure enough, Kun did not wake up, but the appearance of the hardship is much worse than Ye Xuan.

Even the hands can't lift it.

Ye Xuan saw the appearance of Kun, and suddenly laughed.

"It seems that you still have to be a little bit horrible. Come and get up. Let's fight for three hundred rounds!"

"You guys, are you visiting me, or are you looking at me?"

Kun did not laugh at it. He has now recovered his ingenuity. Naturally, he will not be as crazy as in the ring.

Ye Xuan thought for a moment, this Kun did not speak, has been assigned to be his own friend.

Well, since it is a friend, you can't say anything empty-handed.

But Ye Xuan is indeed empty-handed.

Thinking of the dragon dragon that the princess gave himself, Ye Xuan also wanted to give this guy a good remedy.

"System, I need to refine the medicinal herbs now, refining the best remedy that I can refine now. Can you?"

"Hey, the system prompts, the host please pay attention, please do not ask the system can not, please give the order directly!"

Hey, is this system a bad mood?

Has this humanity increased?

Of course, this little detail, Ye Xuan will not care, but said to the system.

"Okay, system, then, now I will refine a high-grade medicinal drug that is most suitable for Kun."

"Hey, in the refining of medicinal herbs, refining is successful!"

An instant Ye Xuan appeared in the hands of a medicinal herb.

However, the entire process, however, is the use of materials, or the formation of medicinal herbs, are carried out under the eyes of everyone.

To put it bluntly, that is to say, in the eyes of everyone, this medicinal medicine is simply Ye Xuan refining.

"Ye, Ye Xuan, don't tell me, you are still an alchemy teacher."

Quiet in bed, asked the voices of everyone.

Ye Xuan is a bit embarrassed. Although he has not begun to learn the technique of refining the gods, isn't the system his own?

In this way, Ye Xuan is really an alchemy teacher.

"It will be a little bit."

Ye Xuan said casually.

However, at this time, the old man behind Ye Xuan rushed to the front of Ye Xuan.

"Ye Xuan, can you take a look at your husband?"

Ye Xuan did not care, he did not even know what kind of medicine he was refining.

So he did not hesitate to hand it over.

The old man took the medicinal medicine carefully and observed it. The expression on his face changed several times.

"Nine turns to continue Tiandan! God, I did not expect that the old man will be able to see this legendary drug in his lifetime."

"Five Uncle, Ye Xuan, this immortal, is it amazing?"

Kunnan family, there are naturally many sub-professionals, and this old man is the five uncles who manage the alchemy.

Because Kun is not hurt, so the Kunnan family has brought the best alchemy teachers, and the five uncles naturally come.

When I heard Kun's words, the five uncles said with excitement: "It's not simple, this is the remedy, but the legendary medicinal medicine, it is said that it has been lost in the realm of the gods. I did not expect that I could see it with my own eyes. See someone refining this remedy!"

"Nine-turning life Tiandan, is said to contain nine special abilities, and interlocking, step by step treatment of the human body, as long as your life has not completely disappeared, even if you are broken, then this Dan Medicine can also help you recover!"

"And, if you have recovered before the efficacy is over, then you can turn all the effects into your repair!"

"You said that this kind of remedy is not very powerful!"

Everyone is ashamed, there are still such powerful drugs!

However, Ye Xuan himself has no feelings. For him, the six-character mantra is dead, and if it is no more than three days, it will not be resurrected.

Of course, this is Ye Xuan's idea.

The people of Kunnan family will not think so.

Such a medicinal medicine, they are Kunnan family, but refining can not be made.

"Ye Xuan, as far as I know, 100,000 years ago, this nine-turn life Tiandan has been lost, how can you refine?"

"Oh, I just got some inheritance."

Ye Xuan said casually, anyway, no one would doubt if he used the inheritance to stop the congestion.

Sure enough, when I heard Ye Xuan say this, everyone showed an envious look, but did not ask.

"Forbidden Master, Miracle, now, you are still an alchemy teacher! The key is your combat power, even can be equal to me, is it a monster?"

Kun, who is lying in bed, whispered, he always thought that he was a genius with a super chance.

With a special ancient blood, he can explode a hundred times of combat power when necessary. How can this be considered weak?

However, it seems that in front of Ye Xuan, all this is nothing.

Chapter 2280: The remedy sent by the Lord God

In front of Ye Xuan, he can't be a normal person, even an ordinary person can't count!

This makes how Kun accepts it.

But this is the truth.

The people of Kunnan family, looking at Ye Xuan's eyes, have all changed. What is genius?

Is this a genius?

No, Ye Xuan can't describe it with genius, he is a enchanting! A enchanting genius!

"You still take the medicinal herbs. The **** tells me that both of us have been specially recruited into Kunlun. I am waiting for you to recover quickly, and then they have passed together."

Ye Xuan did not want to be entangled in the topic of the alchemy teacher, so he said.

And the five uncles, it seems that this only remembered, the medicinal herbs were refining to Kun, and quickly rushed to Kun to take it.

Not to mention that the effect of this remedy is really shocking.

Just taking it, Kun has not recovered much, but of course, it takes a little time to fully recover.

.....

"His Royal Highness!"

Suddenly, a loud voice was remembered outside the Kunnan family.

Everyone looked like Ye Xuan's eyes changed.

Although it is said that the princess has indeed been to their Kunnan family, but it is to go to the headquarters, this time Kun is not hurt, the princess just comforted a few words in the ring.

But now, when Ye Xuan arrives at their Kunnan family, the princess will come over soon.

This explains what everyone knows.

Soon, the simple princess rushed in.

She didn't even look at other people at all, but went straight to Ye Xuan.

"How come you came out, have you recovered, how come you ran out?"

Ye Xuan is speechless, his own body, he knows that he has no major problems at the moment.

But the princess is a bit good after all, so Ye Xuan is not good to say anything.

"It doesn't matter, I am not already good."

"Well, for you, my sister gave you the refining, I can tell you, this is very precious. My sister has not refining the drug for thousands of years. I heard that you were seriously injured. I have refining this remedy for a few months."

"boom!"

The whole face of the Kunnan family has changed dramatically. Who is he?

Even the Lord God will care about him like this, and even spend a few months refining the remedy for him!

However, Ye Xuan's heart does not think so. In Ye Xuan's heart, the friendship of His Royal Highness, Ye Xuan can be accepted.

But for you, Ye Xuan still has three points to watch out. To be precise, he is wary of the old man.

However, after all, it is also a good intention, Ye Xuan will receive it directly.

"Okay, then I accepted it, thank you for me!"

Directly calling the name of the Lord God, this changed to other people, it is estimated that he would not dare to borrow him 10,000.

However, Ye Xuan not only shouted like this, even the princess did not have the slightest exception.

"Thank you for your own thanks, every time I run errands, hey, there is no benefit at all!"

The princess played a small mouth.

But his words will only make the people of Kunnan family more shocked.

The princess is errands, it is difficult, this guy is actually the Lord God!

The more people think about it, the more they are scared. When they get to the back, they just dare to stop thinking.

Because they all know an open secret, the main **** of the Kunlun domain, so far single!

Of course, that is the main god, the highest existence of the Kunlun domain, so no one dares to have the slightest thought.

"That's it, I don't want to see your sister, I can't stand the pressure, right, are you coming to give me the medicine?"

Ye Xuan asked in confusion.

"Who, who is specializing in giving you medicinal herbs, I am also a special trick for Kunlun. So, of course, come over and you two are dead. If you don't die, you will get better soon. Let's go together."

"Well, it is estimated that it will take ten days. You can't see what you are doing now. Let him start now, halfway tired, you are responsible."

Ye Xuan smiled and said that when he spoke to the princess, other people could not insert words at all.

Of course, no one will dare to interject at this time.

The princess also knows that he appeared here, and it is indeed inappropriate. Therefore, after simply comforting Kun, he rushed away.

When the princess left, the people in Kunnan's family were able to return to normal.

"That, Ye Xuan, can you discuss something with you?"

"whats the matter?"

Ye Xuan looked at the uncle who was not in Kun, and asked some doubts.

"Things are actually not complicated. I want to borrow one or two of you. Our banned masters in Kunnan have always been a weakness. Therefore, I hope that your entourage can teach us the banned masters of Kunnan."

"So this is ah."

"How many of you think?"

Ye Xuan is not arbitrary. After all, the people of the Shenfu family are not counted as Ye Xuan's followers.

"Forehead, we listen to the son, the son let us do what we do."

Yes, Ye Xuan asked is also a white question.

"Like this, Shantou, this time I went to Kunlun, I guess I can't bring you together. If there is any need for help in the Kunnan family, you should try your best."

"Yes, son, the little girl knows."

The people in Kunnan's family are very happy. Ye Xuan is agreeing.

They have already seen it, and Ye Xuan's followers are all self-contained, and many ways of refining and prohibiting are unique.

Generally speaking, such existence is basically an ancient family, or a sect.

However, this Ye Xuan apparently has a very special status and he can make any decision without reporting.

Of course, the refining method of the gods can not be special.

Although there are many other people of the gods in the realm of the gods, the tribes are different, and the way of refining is different.

.....

Another few days passed, Ye Xuan's injury has basically recovered completely, and now, Ye Xuan, is ready to begin to integrate blood.

According to normal, Ye Xuan should have said that the half-god sword **** blood and the semi-god war **** blood have been upgraded to the **** level and then merged, the effect will be better.

However, Ye Xuan did not find the right material at all.

Moreover, this blood fusion stone can also fuse these two blood vessels together and upgrade to the **** level, then Ye Xuan does not need to keep.

According to Ye Xuan's thoughts, the dangers of the realm are too many, and the chances are many.

Then, instead of leaving power in your hands, it is better to use the power directly.

Because only when you keep yourself at the peak, you can grasp it when you encounter an opportunity.

By upgrading two half-level blood vessels separately, Ye Xuan can get two god-level blood vessels, which can fuse the blood of the main god.

It seems that it seems to make a lot of money.

However, if Ye Xuan has been unable to find materials, is it not always trapped?

Instead of it, why didn't Ye Xuan first come to a god-level bloodstream, and then go to find a new god-level blood?
