

Super D. S 229

Chapter 229: Big elder

"The comet hits!"

A ray of light directly fell into the chest of Zhou Dongfeng and flew it out.

Zhou Dongfeng did not fall outside the ring, but Ye Xuan followed closely and directly placed the nebula sword in his hand on his neck.

"Zhou Shidi, you are defeated!" Ye Xuan used a plain tone.

When this sound fell into the ears of Zhou Dongfeng, it also made his body tremble. He was a small man, but he was defeated by Ye Xuan, the first person to enter the world.

It is a shame that the leapfrog challenge has happened to him.

Zhou Dongfeng was gloomy and did not speak. He climbed silently and silently walked down the ring and left silently.

He did not say a word until the end.

However, his heart has already vowed that he will win back.

However, this difficulty is not as big as it is.

Looking at the back of Zhou Dongfeng's departure, Ye Xuan is also in the heart: "The high blood is really a big springboard, so that my strength has skyrocketed a lot. If you use it, you may also be able to make a big difference with people." The strong is a battle."

He is very satisfied with this strength.

However, he is not interested in ranking the list of the land, this time he challenged the fifth place in the list, but also to see the elders.

Under the stage, Song Chongjing, Yan Wende, and Mo Wen, the three were already in the same place.

At first they didn't think that Ye Xuan could win, but Ye Xuan did it, and it was still a good one.

"You, you actually won." Song Congjing looked at Ye Xuan, who was walking down the platform.

"Remember, I have confidence in me in the future." Ye Xuan gently pinched the pink face of the Song Dynasty.

"Oh, fortunately, I didn't gamble with you this time..."

Song Congjing whispered, and she has learned all the time recently, that is, she must not bet with Ye Xuan. No, she has lost herself.

Ye Xuan smiled twice and then turned around: "Senior brother, please give me a ranking token..."

Do not ask, directly took a token of traits from the Qiankun ring, and then lost it.

This one is the ranking token of the list of the land, only one day word and one number are engraved on it, five!

The fifth in the list of days, Ye Xuan!

Now, he can go to the elders.

"Thank you brothers, seniors, I still have things, I will take a step first." Ye Xuan clenched the two men, and then pulled up the Song Dynasty and left.

Mo asked perhaps not knowing, but Yan Wende can understand that Ye Xuan is going to find the elders.

"Genius is a genius, both father and son are geniuses, I have lived on the dog." Yan Wende shook his head helplessly.

Ye Xuan still has the strength to defeat Zhou Dongfeng, which means he can beat him.

.....

After leaving the challenge field, Ye Xuan was rushing toward Ling Xiaofeng, who lived in the high-rise of Lingxiao.

Now Song Zongjing is already aware that the real purpose of Ye Xuan to Ling Xiaofu is to find Lin Wenyue and then to find out the whereabouts of Ye Chong.

The Song Dynasty is also very curious, Ye Xuan's father, what is the strength of it?

After a while, Ye Xuan stepped into the Lingxiao House, and then he directly found the elders' house.

The elders of the elders, Zhou Yan, just came out of the house and ran into contact with Ye Xuan.

"How come you?" The elders were a little surprised.

Ye Xuan is also nonsense, directly lost a token in the past.

Zhou Yan took the token and looked at it. He burst into excitement and exclaimed: "The fifth in the sky? Ye Xuan, have you defeated Zhou Dongfeng?"

"Master, that's just the thing." Song Congjing gently held Ye Xuan's hand and said very proudly.

"This....."

Zhou Yan paused, and he and Ye Xuancai had just seen it. I didn't expect it to be two hours later. Ye Xuan hit the fifth place in the day, which was too fake.

"Before the elders, you said before, as long as I am..." Ye Xuan said.

But before he finished, he was interrupted by Zhou Yan: "I know that you two advanced to wait for a while."

When he finished, he left quickly.

This speed, even Ye Xuan did not react, it is worthy of the elders of Lingxiao House, the super strong of Di Dan.

Ye Xuan and Song Dian went in unceremoniously and waited inside.

"The ruling, you have been in the elders for a while, but he seems to have not given you anything?" Ye Xuan suddenly asked.

"Yeah." Song Congu nodded.

Ye Xuan continued: "That's how to do it, wait for him to order something, at least come to the door to the level of martial arts."

"You guy, how old are you thinking about pitting others?" Song Zongjing turned around and looked at Ye Xuan quietly.

"I am not helping you. You are also an 18-year-old god. Your brother is estimated to be faster. Don't hang him, isn't he cheap?"

Ye Xuan whispered, this can not be heard by others, otherwise it will be miserable.

However, as the elders of Lingxiaofu, there must be a martial arts level at the middle school level. As the best disciple of his qualifications, Song Dynasty is naturally focused on training.

About ten minutes later, the elders of Taishang came back alone.

"The head has already agreed, but it only allows you to go to Wenyu. As far as she can't see you, I have to rely on your own skills."

The elders of the elders brought the words back.

"I know." Ye Xuan nodded. If the elders didn't see him, he couldn't help.

"it is good."

The elders nodded and continued: "You can come to me. It must have been three times. You can find a bamboo forest when you go in another one of the two winding roads. The moon will live in the bamboo forest."

"Thank you for being told by the elders." Ye Xuan said, he left directly.

As for the Song Dynasty, it is here.

After leaving the residence of the elders, Ye Xuan returned from the original road, then found another road and went inside.

At this point, his mood is also a little excited, I don't know if Lin Wen Yue will see him or kill him.

This is a question worth considering.

However, Ye Xuan must go in.

He ran for about five minutes, and it turned out to be a bamboo forest. However, this bamboo forest is not green, but orange-yellow, like a fallen leaf.

Ye Xuan stepped straight in, and looked around for a while. He found that these strange bamboos are all treasures of heaven and earth. The strength of the heavens and the earth here is much more abundant than that of other places in Lingxiaofeng.

After entering the bamboo forest, he was looking for a direction.

The orange-yellow bamboo is tall and dense, and there are still undissolved fog in the bamboo forest. Ye Xuan has gone for more than ten minutes and has not found a place for the elders.

"The trough, it won't get lost, my sense of direction is still ok." Ye Xuan felt helpless in his heart, he thought the loop, but found that there is nothing to force.
