

Super D. S 23

Chapter 23: Assassination

Ye Xuanyuan was on a roof, hidden under the night, only revealing two eyeballs.

He counted the time, Chen Song should be about to go out, and sure enough, for a while, Chen Song, who was thrown into the street by his lighted clothes, came out that day.

"The skin is really thick enough. I streaking once, and I still have a face." Ye Xuan on the roof thought about it, but didn't it just hit his muzzle?

At this time, Chen Song just left the Chen family, and at the same time followed the guards of the two Chen family, the strength seems to be the fourth weight of the martial arts.

Ye Xuan can't be stupid to shoot Chen Song at the door of Chenjia. If the masters of Chen's family are all dispatched, then he can't escape.

Therefore, Chen Song can live a little longer.

Under the follow-up of the two guards, Chen Song gradually moved away from Chen.

On the other side, Ye Xuan is also constantly following on the roof. He is the first person to be dressed as a black man, but no one on the street often finds him.

At this point, Chen Song has been away from the Chen family for ten minutes, and Ye Xuan's face tracking on the roof is beginning to become dignified.

"Well, Chen Song, you hit Liuer, the Liuer is so faint for many days, today is your death!"

Ye Xuan said in his heart, suddenly took out the black iron bow from the swallowing space, at this time he is only sixty or seventy meters away from Chen Song, so he can almost do everything!

He filled the black iron bow and condensed a chasing arrow. After adjusting his breathing, his right hand suddenly released.

"Hey!"

The chasing arrows that the spiritual power condensed, shot out instantly, and crossed the tens of meters in the blink of an eye.

"Mom, you have this group of wastes, look at what you see, and let them go!"

On the street, Chen Song couldn't stand the eyes of the pedestrians around him and drank it directly.

However, when his voice fell, he only felt the back of his head cool, and then the whole person was unstoppable and fell forward.

"噗通!"

Chen Song's forehead squatted on the floor, and the blood was like a spring that sprang up and died.

"Less, young master..."

The two guards were stunned, and their young masters died under their eyes. What is the situation?

At the moment, they just checked Chen Song, but found that they had no breathing. They were hit by the brain and died instantly.

"Fast, go back and inform the owner!"

After Chen Song's death, Ye Xuan directly took the black iron bow into the swallowing space, then quickly jumped off the roof and broke into the darkness.

His strength, only Ye family and Xue Qingqing know, so as long as he does not take out the black iron bow, no one will doubt his head.

However, Chen will definitely guess that Ye's family is moving.

But is there no evidence?

It may also be that a third party deliberately shot Chen Song in order to cause a dispute between the two parties.

"The person who dares to move me, let you live for so long is considered to be benevolent."

Ye Xuan, who is returning to Ye Family, thinks that if he has this ability, he will have started it three days ago.

Although Ye Xuan is not a person who loves to cause trouble, but he has a character that must be reported, who dares to anger him, the ending is very tragic.

Soon, Ye Xuan rushed back to Ye Family. He came directly to the forest behind Ye Family, and then he took the black clothes into the swallowing space before returning to his house.

Although Ye Jia is here, he is also afraid that there are some Chen family's eyes and ears in the leaf family. As for the arrow holes used to practice archery in the forest, they are deliberately disguised by Ye Xuan.

He is not practicing archery in the forest, but the sword!

"Hey, Master, you are coming back." After Ye Xuan returned to the yard, Liu Er also leaped and greeted him, sweating for the sleeves for Ye Xuan.

"Well, Liu Er is going to help me prepare hot water. Master, I want to take a shower." Ye Xuan petted and touched Liu's head.

He ran back all the way, and practiced several times in the forest behind Yejia, so the clothes were wet with sweat.

"it is good!"

Liu Er ran away with joy. Recently, Ye Xuan returned to Ye Family, and she received more attention from Ye Family than before, which made her very happy.

In addition to Liu Er in the yard, there is another person, that is, Xue Qingqing.

After Liu Er ran away, Xue Qingqing looked at Ye Xuan with a different look. He said: "You have been working hard for a few days. How do I feel that you are doing something invisible?"

The sixth sense of the girl is very keen, although Ye Xuan disguised very well, but still let Xue Qingqing feel a bit wrong.

"I am qualified, and I can only get the key training in the cracked Yunzong. There are still many brothers in the Yunyunzong who are much stronger than me. If you don't work hard, how can you surpass them?" Ye Xuan casually compiled a reason. come out.

"Cheat, you are not allowed to practice in the past, obviously doing other things, quickly recruiting, what are you doing these days?" Xue Qingqing did not believe.

"Oh, you will know tomorrow." Ye Xuan deliberately sold off.

However, his answer was to make Xue Qingqing convinced of his own guess. She thought for a moment in her heart, and then she showed a blank look and said, "You, kill Chen Song?"

Ye Xuan, who just sat down and wanted to drink a glass of water, almost died suddenly. Is Xue Qingqing's IQ too high?

"Yes, half an hour ago, I died." Ye Xuan was not prepared for sound blindness. After all, Xue Qingqing saw him kill Chen Feng, so he knew that he had killed Chen Song.

Hearing Ye Xuan personally admitted, Xue Qingqing also exclaimed: "You are crazy, kill him, you Ye family will fight with Chen family, but when it is time to die a lot of people."

"I know, but the hatred of Liuer can't be reported!" Ye Xuan naturally understands what kind of scenes the two families will fight.

"You..." Xue Qingqing is also speechless. She suddenly feels that Ye Xuan in front of her and Ye Xuan a few years ago have some differences and become more attractive.

"You can rest assured that even if Chen came to the door, they did not have any evidence, and I used a bow and arrow to kill Chen Song across a few tens of meters. No one knows." Ye Xuan said.

"So how did you find Chen Song?" Xue Qingqing said, and asked.

This question is to make Ye Xuan a glimpse.

"I spent five thousand and two silver and bought a Chen family manager. He was estimated to have left the city yesterday and left Lianyun City." Ye Xuan said.

Five thousand and two silver, this is not a small amount, enough for the family to enjoy the prosperity of a lifetime.

"If Chen Jia took him back?" Xue Qingqing asked again.

Ye Xuan smiled lightly: "That's fine. I disguised my body shape and went in black. Even the voice was deliberately suppressed. He couldn't recognize me."
