

Super D. S 230

Chapter 230: Magic array

In desperation, Ye Xuan had to exchange a guide compass in the phagocytic system, which is the compass.

However, when he took it out, the whole person's heart was cold.

I saw that the red needle on the compass of this guide began to erratic, pointing to the south, pointing to the east, and which side was south?

Now, Ye Xuan has some understanding.

This bamboo forest is not ordinary. It should be a mystery, coupled with dense bamboo, so that the invaders can not keep moving in one direction. When they walk around, they will return to a place.

"Grandma's, I know that the head is not well-behaved. It turns out that there is still such a hand. However, the blood of my senior masters did not find any clues. It seems that this elder is also proficient in the formation."

Ye Xuan screamed in his heart, but he still had other methods.

At the moment, he took out the nebula sword and then took out a sniper. This sniper smashed a long sword mark from the ground.

As long as you follow the sword mark, you will not wander around.

However, this bamboo forest is not that simple.

Ye Xuan continued to advance with a few sword marks. After a few minutes, he suddenly found out that he had magically turned back.

How can this be?

"I am going to your Bazaar in Malang Gobi. The sword marks are straight, and it is what gives me back. Is it true that this bamboo forest is the earth?"

Ye Xuan rolled his eyes.

Since this method does not work for the lost, then he has a contingency plan.

At the moment, he went to the edge of a bamboo and then reached out.

"Devouring!"

These bamboos are heavenly treasures, and they devour the points that can be swallowed.

But the next moment, when Ye Xuan heard the tone in his mind, he was already crying.

This bamboo has even laid a ban on the squad, that is, it cannot be charged by the shackles, nor can it be swallowed up.

Ye Xuan did not believe in evil, and he tried to smash it down on this bamboo, but he saw that the nebula sword did not hurt the bamboo.

"The Royal Array?"

Ye Xuan was shocked and his heart was extremely shocked.

This bamboo forest has a foggy array, a banned array, and a fascination. Now there is another defensive array.

With so many arrays of laws, it is possible to stack them together. The talent of this elder to the law is probably unprecedented.

"Grandma's, trouble, I didn't expect this elder to be so proficient in the law, four superimposed..."

Ye Xuan thought, that is, looking for two close bamboos, and then climbed up, but he climbed and crawled, and found that this bamboo can not see the head, how high is this Nima?

"Fantasy, another magical array, this bamboo can not climb the head."

Ye Xuan heart is broken.

His master of the squad has been promoted to the advanced level, still can not find any clues, this elder, is it too boring?

This is already the fifth battle!

Ye Xuan sighed and then slipped down from the bamboo, and when he was about to land, he suddenly saw the ground changed.

The original ground suddenly turned into mud, no, exactly the swamp, because he saw a crocodile.

"It's a magical array, I am taking it."

Ye Xuan hugged the bamboo quickly, did not dare to fall, for fear of being eaten by a bite, and then never recovered.

There are several methods that don't work. It seems that he can only survive with this bamboo and wait for rescue.

No, there is another way!

This is the last resort Ye Xuan does not want to use, but also the highest success rate.

This is his killer, he will not use it unless he has no choice.

But for now, it seems that he is not allowed to consider it.

"Grandma's, forcing me to make a trick, I will not believe it."

In the heart of Ye Xuan's heart, he then condensed Dan Yuan in his throat and then shouted loudly: "The Great Elder, Tian Xuan's disciple Ye Xuan wants to see!"

The sound is deafening, and it is estimated that the entire peak can be heard.

This is his killer, but this killer has not been used up.

Seeing the bamboo forest did not have any reaction, Ye Xuan shouted again: "The Great Elder, Ye Chong is my father!"

Ye Chong is his real killer!

He does not believe that Lin Wenyue will not listen.

His voice echoed over the bamboo forest, but after ten seconds there was no reaction.

"I wipe, the killer is useless, this elder is too unbelievable?"

Ye Xuan has nothing to say, it seems that this elder will not see him.

If this is the case, then he can only wait for the rescue of the elders of the elders. After all, he is the youngest **** in the Lingxiao government, no one!

"Death and die."

In the heart of Ye Xuan's heart, he suddenly released his hand and the whole person fell to the swamp.

The dozens of crocodiles in the swamp are already in a hurry, and the blood basin is wide open, ready to split Ye Xuan.

However, when Ye Xuan fell, the environment in the bamboo forest began to change little by little. Soon, it changed a look.

The fog is scattered.

The swamp is gone.

And he also fell to the ground.

No, it should be said that he was lying on the ground.

Ye Xuan was afraid of getting up from the ground, patted the dust, then turned around and saw that there was a cabin more than 20 meters away, and he was more than ten meters away from the entrance.

Now, Ye Xuan finally understands.

It turns out that there is not so many formations in this bamboo forest. There is only one real array, and that is the magic array.

He dared to feel that he had been spinning in the same place, and then he lay down himself, but the strange thing is, why is the positioning ability of the advanced super-sound bats invalid?

"A good and brilliant fantasy, I thought it was a superposition of five."

Ye Xuan said secretly in his heart.

There are few tacticians, and it is good to be able to lay two arrays in the same space. There are fewer three arrays, let alone four bursts, because so many arrays are easy to collapse and collapse. After that, the effect of one array method is not.

"Hey."

At this time, the door of the log cabin was suddenly opened, and then a woman came out from inside.

This woman looks like she is in her thirties, her face is good, but her head is full of white hair. Her expression is very calm. She is looking at Ye Xuan with her pure eyes.

"I have seen the elders!" Ye Xuan hurry to hold the fist.

Needless to say, the person in front of him must be Lin Wen Yue, the great elder of Lingxiao. No, it should be called Lin Si now.

"You, is his son?" The elders slowly spoke.

"Yes."

Ye Xuan nodded directly, he felt that the elder should not kill him.

"Why are you here?" The elders asked inexplicably.

"This....."

Ye Xuan paused and replied: "My father left a letter and he asked me to come to you."

"Do you want to know where he went?" the elder asked again.

Ye Xuan nodded.
