

Super D. S 2301

Chapter 2301: First arrival at the Lord's Palace

The powerful gods of the gods, gods, and emperors are all full of streets, and the guards around them patrol the strong with the title of the former crown!

Here, Ye Xuan's superior realm of a district seems to be such ordinary, even a street selling God's fruit, must be deeper than Ye Xuanxiu!

This is the main palace of God!

This is the core of the Kunlun domain!

And this is the essence of the Kunlun domain!

Ye Xuan will not delay in these places for too long, but will move directly toward his goal.

He had already inquired before coming.

There are a lot of organizations here, and there is a place called the Intelligence Alliance, where you can use your own intelligence or resources to exchange the information you want.

Valuable intelligence, Ye Xuan is not here, but he can use resources to redeem.

The location of the intelligence alliance is a tower, although it is only ninety-nine, but it does not seem too simple.

Ye Xuan walked directly into it, and left the place where he sold the information.

"Hello, what information do you need?"

People who come here are naturally buying intelligence, the whereabouts of a particular beast, the location of someone, the strength of a certain force, etc., as long as you can give a corresponding return, then the intelligence alliance will Get the information you want for you.

"I need to know the information about the Massacre massacre, and I want to know where the forces that slaughtered Lin Fengjing are now hidden."

Ye Xuan did not directly say that the organization was destroyed.

After all, the organization of extinction is a taboo, a taboo that many people simply dare not mention, and believe that most people do not know the existence of this organization.

If Ye Xuan mentions the organization here, I am afraid that it will only make him noticed.

"OK, just a second."

The man answered Ye Xuan only one sentence, and he used the secret voice to go out.

Did not let Ye Xuan wait too long, a charm will be sent to the person's hand.

"This is the information you want. There are some pieces of memory that are sorted out. In addition, there is a general guess about the hiding place of the mysterious organization. But the intelligence is only 60% accurate."

Sixty percent accuracy is almost enough!

The remaining 40%, Ye Xuan went looking for it.

"Well, this information, I want it, let me know, how many crystals?"

"Oh, Ye Xuan Gongzi is not making fun of my intelligence alliance. Since Ye Xuan Gongzi wants to revenge for Lin Feng, what is the intelligence of my intelligence alliance?"

Ye Xuan brow slightly wrinkled.

From the words of this person, Ye Xuan has heard a lot of things. First, they know that they are Ye Xuan, and even know the purpose of purchasing this information, that is to say, they have their own intelligence here.

"You, also collected my intelligence?"

Ye Xuan frowned.

"Haha, Ye Xuan Gongzi can really laugh, your intelligence, even if I don't need to collect it, I can know it. Who doesn't know that when you first challenge the qualifying list, you will enter Lunbang directly. Even destroying three powerful challengers, so that no one else can say anything?"

"And your identity and that of three master, genius evildoer title, even if I do not want to collect intelligence Union intelligence, however, your intelligence will spread everywhere ah!"

It turned out to be the case!

Ye Xuan heart also understand that this time he mess out of things, it really is easy to be remembered, so if this person really is not that wrong, he leaves Villa on intelligence, not even ten to collect, it will be everywhere Proclaimed.

Ye Jing Xuan readily come up with one hundred thousand to God, directly into a ring in heaven and earth, thrown on top of that counter.

"I do not like to owe people favors, so this intelligence, I used to buy."

Then, he leaves Villa turned directly toward the outside door.

Went to a secluded place, leaves Villa just come up with so rune.

This rune and Ye Xuan refinement of the charm is still different, after all, Ye Xuan's rune inheritance is from the gods.

Ye Xuan's thoughts swept away and began to extract the content of this charm.

This is a rune that is spliced together by memory fragments. It records the battles again and again.

It turns out that the intelligence alliance has a lot of people in the entire Kunlun domain. Most of these people are not high-level. In order to obtain a little cultivation resources, they will carry a special magic weapon of the intelligence alliance. This magic weapon has no other functions. The only ability is to pass everything I see back to the Intelligence Alliance headquarters.

Of course, such a person, the disciples of the big forces are absolutely disdainful.

However, this is one of the main ways of intelligence intelligence sources.

For example, the present charm in Ye Xuan's hands.

It is precisely the kind of small magic that such people provide, the cost is not much, even if it is lost, it is acceptable for the intelligence alliance.

But the news has already arrived.

Among the battles that have been repeated, Ye Xuan sees the most, is an ugly beast.

Or can't be called a beast, this is a kind of beast that is lost by black fog all over the body, but it is both hands and feet. If you only look at the outline, you will think that he is a human being.

This beast is becoming bigger and smaller. Of course, the specific combat power is not visible in this rune.

After all, this charm can only record intermittent images.

Often the beast was shot for the first time and the image was interrupted.

However, what Ye Xuan can affirm is that this may be the ancient demon **** that has been constantly resurrected by the organization.

Although Ye Xuan did not know how to look at it, he seemed to be a demon god.

In the latter image, Ye Xuan saw that some people were taken into a strange place by the people who had been destroyed, and Ye Xuan knew that these people were caught in blood sacrifices.

However, the place is quite strange, because from the image, there is nowhere to see where it is.

The ten suns of the gods alternated. The so-called night, the momentum is just the equivalent of dusk. It is impossible to have a real night, but in the image, there is indeed the night.

According to the image, those who destroyed the organization did not leave Linfeng.

In other words, there is a secret base for destroying organizations in the Linfeng environment.

Most likely, it is a separate secret.

Ye Xuan is stable, he knows that if it is a separate secret, then he is afraid that he will go alone and will not ask for anything cheap.

But Ye Xuan, still have to decide to go and see.

Soon, Ye Xuan will depart again to Lin Fengjing. This time, his goal is to find out the mysterious stronghold of the organization.

Because Ye Xuan established Linfeng City, half of the people who moved to Fengjing, and the remaining half were scattered throughout the Fengjing, so it is unusually empty.

Ye Xuan has passed through several towns or villages and towns in succession, but it is completely empty.

The last massacre has already scared people in Linfeng. For the sake of strength, people don't mind using life for a little improvement.

Chapter 2302: Super opponent

Ye Xuan's carriage slowed down and constantly watched the rundown of Fengjing.

Seriously, in Ye Xuan's heart, there is some sadness.

Damn the organization!

Although Ye Xuan knew from the beginning that the goal of this organization was to destroy the gods, but when they saw their sin, Ye Xuan really understood what was destruction.

Suddenly, in front of Ye Xuan, there was a team of people!

Ye Xuan stopped the carriage and walked straight out. He wanted to see what people were.

.....

"Well, it's a big fish. You see, the magic weapon in his hand is not a leisure time. If we take him this time, I will definitely get a reward. Everyone will go up together, grab this kid, and reward it!"

What Ye Xuan didn't think was that he hadn't spoken yet, but the people opposite him had already attacked him crazy.

"Hey, the system prompts, the specified target, the best under the mysterious godland! The lowest, the real deity!"

Such a low repair, even want to start with Ye Xuan?

These guys are crazy?

"Six words are true, hurt!"

Ye Xuan waved his hand, and the power of mysteriousness was instantly launched. In an instant, the dozens of people on the opposite side fell to the ground at the same time. Many people directly spit blood, which was obviously hit hard.

Ye Xuan walked step by step toward the front, and the invincible gesture made those people tremble.

"Say, who are you, why are you attacking me?"

Ye Xuan asked faintly, for these people, Ye Xuan did not have the slightest affection, did not kill them, just wanted to know what they really wanted to do.

"The predecessors were forgiving, the predecessors were forgiving, I waited for the eyes to not know Taishan, offended the predecessors, and hoped that the seniors would forgive me."

Ye Xuan waved and waved, and they were able to defeat them all. These people still don't understand that Ye Xuan is simply the existence they can't afford.

Therefore, at this moment, all of them have already fallen to the ground, and the constant gimmicks admit their mistakes.

"answer my question!"

Ye Xuan did not pay attention to these people, but continued to ask.

"Predecessors spared, small said, small said everything, I was originally a disciple of Lin Fengzong, but after being taken away by those people, I planted mysterious toxins on my body. If I don't catch new people for them, In the past, then they will not give us antidote."

"Yeah, seniors, this poison must be taken once a year. If it is not taken, it will be extremely painful. And, three times in a row, it will directly turn people into blood, even if the soul will be destroyed."

Ye Xuan frowns, such a hot poison, such a mean means, I am afraid, will only be out of the organization.

"This is the reason why you are arresting people everywhere. You are also a disciple of Lin Fengzong. Lin Fengzong, who has always represented Lin Fengjing, is also the biggest force in Linfeng. Is it possible to cultivate disciples like you? "

Those people simply dare not talk, they know that Ye Xuan has the power to kill all of them.

"Predecessors, you don't know, we Lin Fengzong has already existed in name only, the elders, including the sovereign, have been sacrificed by the blood of the black beast, we, we have no way."

"There is no way for a good one. Do you think that I will bypass you?"

Ye Xuan's face changed slightly. If these guys still know how to repent, they can't say that Ye Xuan can spare them and give them a chance to live.

However, since they have not repented and still only know how to shirk their responsibilities, what is Ye Xuan's use for them?

"Since your lords have been sacrificed by blood, then, go with your lords."

Ye Xuan waved his hand, and Megatron directly controlled the scorpion sword and rushed out.

There is no suspense spike, these people, in front of Ye Xuan, there is no resilience at all.

When Ye Xuan collected these people's Qianghuan, he realized that the resources of these people had already been cleaned up by the organization.

Most of them, among the Qiang Kun ring, only have some clothes, not even extra magic and any resources.

It can be said that as a god, they are really very sorrowful faces, and they can be so poor.

But, all this, isn't that the organization?

Ye Xuan only disdains these people, but he hates to destroy the organization.

After solving this wave of people, Ye Xuan continued to move forward, and at the same time, the system has been kept in a state of detection.

After all, Ye Xuan can't guarantee that he will suddenly be attacked.

However, Ye Xuan's fears were quickly confirmed.

In fact, how the people of Lin Fengzong may not be restricted.

Their breath has always been controlled by the people who are out of the organization.

Therefore, from the moment they collectively died, the organization of the organization sent a good hand.

Ye Xuan was carefully moving forward, and suddenly, the system's alarm suddenly sounded.

"Hey, alert, alert, host has been fatally attacked!"

"Hey, the system automatically takes over the defense!"

"Oh, the crisis is lifted!"

"Hey, alarms, alarms, hosts encounter powerful enemies, and the host is advised to dodge immediately."

A series of alarms, as well as sudden attacks, made Ye Xuan react a little.

The attack came so suddenly that it would appear without warning.

It was not until Ye Xuan gave the attack that he saw the attack on him.

This is a mysterious figure in the black body, in his hand, is a snake-like whip!

Said it is a long whip?

Because this magic weapon is indeed the appearance of a whip.

Say it is a snake?

However, it is because the whip clearly has a high-level spirit, and even if there is no master's control, it is still swimming.

The attack on Ye Xuan is exactly that long whip.

Just now, the long whip attacked Ye Xuan at an extremely fast speed.

The appearance of the mysterious man is as silent as that.

"System, detect the realm of that person!"

"Hey, the system prompts, specifies the target, the superior gods!"

"Hey, the system prompts, suggest that the host immediately evacuate! It is recommended that the host immediately evacuate!"

The superior gods!

Ye Xuan feels that his palms are sweating.

Can such an enemy Ye Xuan be able to fight it?

There is no possibility, it can be said that the superior level of the king, it is enough to kill Ye Xuan!

"System, launch the wings of the gods to transmit, escape!"

escape!

Ye Xuan must escape, because such an enemy is not what he can now deal with.

If this guy is a medium-minded king, then perhaps Ye Xuan can rely on the ban and the rune to play with him, saying that there must be no chance of winning.

However, this guy is a superior god!

You must know that Ye Xuan is only in the real world, if it is really hands-on, it is to die!

With the order of Ye Xuan, the system did not delay at all, and directly launched the transmission capacity of the wings of the gods.

At this moment, the energy of the wings of the gods has accumulated by only 0.1 percent!

With such a little energy, Ye Xuan can be transmitted, only 100,000 miles.

Chapter 2303: Qin Gu Da Zun

But Ye Xuan has not been able to manage so much.

Once delivered, he would not immediately go away.

"boom!"

Ye Xuan has just left, the long whip in the hands of the mysterious man, then hit the position where Ye Xuan just stood, and between the moments, the square is full, even in a moment!

And any of these creatures will never be spared!

This is the powerful superior kingdom, and it is so powerful when you strike it.

Where Ye Xuan dared to stay, almost all of his speed.

Unfortunately, in the eyes of the mysterious man, Ye Xuan's speed is so unbearable, he didn't even move, just a random wave of his hands and whip, 100,000 miles!

A distance of 100,000 miles!

Ye Xuan used the transmission ability of the wings of the gods to leave the 100,000 miles. In the eyes of the mysterious person, it was just a whip!

"Booming!"

A whip, just a whip, but left a huge valley here!

It turned out to be directly excavated by the power of that whip.

The mysterious man did not speak, so he looked at Ye Xuan, the long whip in his hand, waving from time to time.

However, every wave of waving gave Ye Xuan the general pressure to destroy.

How to do!

Ye Xuan is in a hurry.

And the system keeps alerting, but there is no way at all.

Is he Ye Xuan, today is going to die here?

Impossible, he is Ye Xuan, he is invincible Ye Xuan, how can you fall into such a place?

Looking at the front, Ye Xuan stopped.

Because, here is the void.

Here is the border.

In every field, the border is only the void of the main **** battlefield.

Now, there are only two choices placed in front of Ye Xuan.

The first one, enter this endless void.

The second one, wait for death!

“Hey, the system prompts, detects a special secret, whether the host chooses to enter.”

Special secrets?

Isn't this endless void?

The system's prompts are just like the days of nectar, to know that entering the endless void, in fact, is no different from death.

And now, the system tells Ye Xuan that there is a secret in front!

Then, Ye Xuan still has any hesitation, and it immediately rushed over.

Yes, there is nothing in the secret. Ye Xuan does not know at all. It can be said that he is likely to fall into it.

But in the middle of two mortal choices, there is a choice that may not die, this is already the last choice!

The mysterious man saw Ye Xuan actually plunged into the endless void, and after a slight glimpse, he turned and left.

No one can come back alive because of the endless void.

Therefore, he has already determined that Ye Xuan will die.

.....

First, the darkness, the endless darkness, and then, the multicolored streamer, the dazzling streamer.

In the end, there was a door, a shining door!

Ye Xuan stepped in, but the scene in front of him shocked him!

In the void, countless broken palaces were scattered around, and with the support of a mysterious force, these buildings actually kept their broken moments and did not move.

Here, where is it?

Ye Xuan's heart has produced countless doubts.

This secret is exactly where it is.

"System, can you detect where it is?"

"Hey, the system prompts, the data is not enough, can't detect!"

Although Ye Xuan had already been psychologically prepared, he was slightly disappointed when he heard the system prompts.

Although Ye Xuan doesn't know where it is, one thing he can confirm is that it is not the style of the real world, whether it is from architectural style or building materials.

Some materials, even materials that Ye Xuan has not seen.

So, what is the place here?

Suddenly, a vast expanse of great pressure swept over.

It seems to be a peerless powerhouse, spying on this Ye Xuan.

Ye Xuan couldn't even have the slightest movement in his body. He was only a moment, and he was imprisoned by this powerful pressure.

Then, a ray of light fell on Ye Xuan's body, as if to want to carefully look at Ye Xuan, the light constantly moving in the body of Ye Xuan.

The light lasted for a long time, and every part of Ye Xuan's body was carefully examined.

Suddenly, a huge incomparable illusion appeared in front of Ye Xuan.

And with this illusion, it is the system's prompt.

"Hey, the system prompts, the host finds the law that can be integrated into the blood of the king, and the ancient master!"

"Hey, the system suggests that the host can directly integrate the laws of Qin Gu Da Zun into the blood of the people."

"Hey, the system prompts that if the host chooses to merge the ancient and ancient respects, it will automatically accept the mission of Qin Gu Da Zun!"

"Hey, the system prompts that the mission of Qin Gu Da Zun is a mandatory task. Once it is opened, it must be completed in this secret, otherwise you can't leave!"

A series of prompts for the system, Ye Xuan had to hesitate.

The system can be said, if you do not complete the mission of the ancients, then you can not go out.

In other words, this task will not be as simple as it can be done.

Ye Xuan can choose not to accept, directly ignore the law of this ancient piano.

However, after the possession of the blood of Ye Xuan, this is the first time that the so-called fusion method has appeared.

In fact, Ye Xuan has always had a question, that is why it is so weak that it combines the blood of the gods of the semi-divine level and the blood of the half-god **** of war.

Until now, Ye Xuan knew until the age of blood!

What is really powerful is that million!

Just like this ancient piano, it can be integrated into the blood of Ye Xuan.

Once it is integrated, then Ye Xuan can summon the law of Qin Gu Da Zun at any time to suppress the enemy!

Therefore, what is really powerful is the eternal, not the blood!

It can be said that from the beginning, Ye Xuan understood the meaning of the wrong blood.

So, do you want to merge now?

After a moment of hesitation, Ye Xuan finally bite his teeth and decided to merge!

Because Ye Xuan does not know at all, such an opportunity, when will appear next time.

Therefore, Ye Xuan is not willing to let go.

"System, the fusion of the ancient law of the ancients!"

"Hey, the system prompts, the host fusion Qin Gu Dafa is successful!"

"Hey, the system automatically accepts the mission of Qin Gu Da Zun!"

"Hey, the host should pay attention, this mystery reopens, please prepare the host?"

Re-open?

What does it mean?

However, Ye Xuan had not had time to ask, and he saw a huge change in the entire secret space.

Those broken buildings are actually blending at an extremely fast speed.

The earth appeared, the sky appeared, and a personal shadow appeared.

This ability can be called repairing the world!

The key is those people, where have they been from?

Chapter 2304: Task start

"Hey, the system prompts, the host please note that Qin Gu Da Zun is a super existence beyond the main divine."

"A million years ago, Qin Gu Da Zun established his own world of mystery, which is the world that the host now sees! But a huge change has ushered in the destruction here, and Qin Guda respects to keep his own son. People, so use life to borrow time rules and suspend this space.

"At the same time, he launched a special ability with time and space secrets - time and space reversal, everything that the host saw before, is a scene of millions of years ago, the host has a preparation time of one year, and will return to destruction after one year. The host is to save this secret, or to stay in it forever, it depends on the ability of the host."

"Hey, the host should pay attention to the fact that Qin Gu Da Zun gives the host a small identity, and the host has the right to call all the resources in the entire secret!"

"Hey, please go to the Shrine of the Sayādaw immediately, the latest news, coming soon!"

what's the situation!

Ye Xuan is a bit dumbfounded. The current situation is completely out of his expectations.

What time and space reversal, what mysterious attack!

The most important thing is that he actually became the master of this secret, to save this secret, this is nothing.

Naqin ancient respect, do you trust yourself so that you are not successful?

Time and space reversal such a big move, Ye Xuan has reason to guess, even if it is a piano, you can only use it once.

Is he gambling everything on Ye Xuan?

Of course, in any case, this is undoubtedly a good thing for Ye Xuan. Therefore, what Ye Xuan has to do now is to complete this task.

“System, what is the difference between the time here and the world outside?”

“Hey, the system prompts, this mystery time is forbidden!”

Time is forbidden!

Ye Xuan’s heart suddenly slammed.

This Qin Gu Da Zun, what kind of strong is, there will be such a powerful strength.

Of course, since Ye Xuan has already taken over this task, then it is definitely going to be done.

Just now, there is no life, and this mysterious world has been defeated. At this time, it has returned to the appearance of millions of years ago. People are directly on the streets. People don’t know what will happen, and it is even more impossible to know what happened.

This mystery has long since been shattered, but Naqin ancient respects, but at the expense of his own life, let this all come back.

Now, let's see if Ye Xuan can save this secret.

"Less respect, please speed up the Hall of the Sayādaw, the emergency report ahead, Kai Tianzong seems to have changed."

Qi Tianzong!

The chief culprit in the destruction of this mystery is also the main enemy of Ye Xuan this time.

This is also an ancient sect, the strength is extremely powerful, even more powerful than the ancient secrets of the piano.

"Hey, the system prompts, the host please note that in this secret, the host can only give orders, can not participate in the war!"

"Hey, the system suggests that any attack on the host will be invalidated because the host is now a time traveler."

Time traveler?

Ye Xuan frowned slightly. At first he didn't understand the meaning of this, but he quickly reacted because these things were all happened millions of years ago. That is to say, Ye Xuan could change the ancient secret of millions. Years before the end, otherwise, they are nothing at all.

This is a limitation of the law of time. Simply put, everything that happens in this ancient secret is a real illusion.

Ye Xuan can change the ending of that million years ago, then this ancient secret can be repaired and restarted.

But if Ye Xuan does not change the ending, then all this will happen, and Ye Xuan has been pulled into this time whirlpool. Once it fails, Ye Xuan will disappear simultaneously.

It can even be said that it is completely disappeared. Even people who know Ye Xuan outside can not remember him.

This is the highest embodiment of the law of time. It can be said that it is by no means a means that ordinary people can understand.

In short, Ye Xuan has only one way, and that is to save it.

Moreover, it is only possible to issue orders and use the human and material resources in this secret to save everything here. He himself has no way to directly participate in the battle.

Ye Xuan quickly came to the Hall of Say, and at this time Ye Xuan discovered that his appearance has changed.

In other words, Ye Xuan is simply attaching consciousness to the real little deities of that million years ago!

"Less respect, respecting the uploading of the sound back is that Kai Tianzong wants to take a shot on us, respecting the imprisoned by the Tian Tianzong strong, can't get out of it, obey the order, and listen to the lesser command to resist the attack of Qi Tianzong!"

This scene may have happened in a million years ago, but a million years ago, this little defeat failed.

Then, after a million years later, Ye Xuan, can it succeed?

"System, what are these people doing?"

"Hey, the system prompts that here is a special secret, the system can't detect the repair."

Ye Xuan slightly frowned, and even repaired it, I don't know, how does Ye Xuan arrange it?

"Less, less respect?"

Just when Ye Xuan thought, someone carefully called Ye Xuan.

It turned out that when Ye Xuan thought about it, those people seemed to be in a daze.

"How long will the people of Qitianzong reach us?"

Ye Xuan asked the strong man.

"Return to Shaozun, according to the intelligence, the team of Qi Tianzong is expected to reach the ancient realm of the piano within three days. Their leader, at this moment, has begun to attack us and the only outside world. Qinde and Qinyin have already brought people. Go to support."

The man replied respectfully.

Ye Xuan thought about it, and then directly ordered: "Let all of them withdraw, mobilize power, and guard the entrance to the secret."

"Yes! Less respect!"

Although those people did not understand why Ye Xuan had such an arrangement, after Ye Xuan issued an order, they quickly acted.

After three days, the enemy will attack, and the time of destruction is one year. So what happened during the year?

If you follow the normal idea, then it will definitely not work. After all, this ancient secret has been destroyed once.

Naqingu's great dedication does not hesitate to use his life to reverse the time and space. So, to be sure, this is not a bureau without a solution.

But what is the key key?

What is causing the destruction here?

Ye Xuan brain quickly thinks about it.

He still remembers to enter the ancient secret of this piano, broken, and everything is destroyed by a powerful force.

The earth collapsed and the sky was dull.

In other words, that power and its size.

So, what kind of power can instantly destroy a secret?

Is it a strong person?

It should not be, because if it is a strong person, then what kind of strong person can do this step?

Chapter 2305: Taboo magic weapon

Also, if it is really an invincible superpower, then Qin Gu Da Zun will not leave it all at all.

Because if it is a super-powerful person, such a strong man who can't cope with the ancient piano, I am afraid, he will not stay in the millions of years to count on Ye Xuan, such a real **** of the real thing to save. .

In other words, perhaps this time the crisis is not just relying on strength, it can be broken by killing the enemy.

Ye Xuan constantly analyzed, his brows wrinkled.

Everything now seems to be so confusing.

What is the answer?

What is the key to saving this ancient secret?

When the Tianma Zong people finally began to attack, Ye Xuan decided that it could not be solved by fighting.

Because the enemy is actually not strong.

Because of restrictions, Ye Xuan could not view the cultivation of those people, but, in terms of the number of people, the ancient secret of the piano has the advantage of crushing.

As for the combat effectiveness of both sides, there is not much difference.

At the station at the entrance to the secret, more than 3,000 people in the ancient secrets of the Qin Dynasty defeated the attack of more than 10,000 people in Qi Tianzong.

Even in the next six months, the people of Kaitianzong could not break the cheats.

Time passes by, and the time of destruction is getting closer.

During this time, Ye Xuan almost personally read every line of defense in all the ancient secrets.

It can be said that relying on the ban, the ancient secrets of the piano cannot be broken.

Ye Xuan thought about countless possibilities, but he was overthrown by him.

Because no matter what Ye Xuan thinks, there is always something that can't happen, that is to destroy the secret!

Ye Xuan personally went to the front to see the battles of these people. Although it is very powerful, even if the attack power of all of them is concentrated, there will be no power of the secret.

In other words, war is not the cause of the destruction of the ancient secrets of the piano.

So, what else besides war?

On this day, Ye Xuan is still thinking about this problem. Suddenly, someone came to the Hall of Sayādaw.

This person was very excited. When he entered the door, he yelled.

"Less respect, less respect, success, success, the super magic weapon that we refine, finally succeeded!"

Ye Xuan remembers this person, specifically the name Ye Xuan can't remember, but it is known that this person is a refining master, and, especially, likes to get some rare things.

"Oh, what super magic weapon did you refine?"

Ye Xuan said plainly, after all, what is here, no matter what, in fact, Ye Xuan can not take away.

"Returning to the younger, we were inspired by a beast five hundred years ago, and began to develop a special magic weapon, which finally succeeded today."

"In the beginning, I was the little thing that I discovered unintentionally. This beast is not strong, but it has a very special magical power. It can suddenly burst out of the self-destructive power of one hundred times beyond the body at the last moment of life. The enemy is gone."

"So, we were thinking at the time, can we achieve this effect with the use of treasure, if it can be successful, then, can we refine a super powerful magic weapon?"

"Five hundred years, we have spent five hundred years and finally succeeded!"

The man was very excited, but Ye Xuan suddenly felt that he seemed to have seized something.

Since the beginning of this mission, Ye Xuan has been paying attention to the war.

Suddenly, what kind of magic weapon is ran out, and it is someone else who may be neglected. However, Ye Xuan is equivalent to being a bystander and watching this happen.

Therefore, this self-destructing magic weapon suddenly appeared, which caught the attention of Ye Xuan.

"Take me to see the magic weapon of your refining."

Ye Xuan said to the man!

It can be said that the war is still fierce, and as the supreme commander of the entire mystery, it is impossible to see it.

Ye Xuan, but wants to go and see.

Soon, Ye Xuan was taken to a mountain of God.

The man excitedly took a round magic weapon to Ye Xuan.

"Let's look at it, this is the magic weapon of our refining, but now the power is not enough. It is only a true demeanor. We have discussed it a bit, and the power to prepare to join the law is inside." Come, this self-destructive magic power can definitely increase countless times..."

"Wait, what did you just say to join?"

Suddenly, Ye Xuan's brain flashed, as if he had seized something, he immediately asked.

"Join the law! We are ready to add the power of the law to the magic weapon, so that the power is absolutely amazing."

Join the law!

Yes, this is it!

The power of the law can be said to be the most mysterious power of the gods. Once it enters the realm of the gods, then the most important strength improvement is the sentiment of the law.

There are many magic weapons that carry the power of the law, but they have never heard of any magic weapon that can be used to blow itself by the force of usage.

At least, Ye Xuan has never heard of it.

The void between the main gods is not because of the wars of the ancient gods, but also the use of the law of attack, which has formed countless voids that cannot be recovered now?

And is this ancient secret of the piano not just the edge of the void?

So, will all this be related?

What is their association?

law!

Yes, it is the power of the law.

The power of the law is powerful, and everyone in the realm can only borrow, but not control!

Nowadays, there is such a use rule as a means of self-destructive attack. Then, there is no suspense, there will be imaginable terrorist consequences.

As if in an instant, the fog in front of Ye Xuan was completely solved.

The ancient secrets of the piano were not destroyed by the enemy at all, but they destroyed themselves.

It's these people who have come up with a powerful weapon that is powerful and incomprehensible at the same time, and contains the power of law!

Even if it only adds a little rule of law, but the self-explosion itself is uncontrollable, who can know, will it cause a chain reaction?

What's more, Ye Xuan looked at the posture of several people, and it was not like someone who would only be satisfied with such a little law.

They will do their best to create a magic weapon that contains the most power of law.

It turns out that this ancient secret is destroyed in the hands of these madmen!

Ye Xuan suddenly changed his look and shouted: "From today, no one should try to add the power of the law to the magic weapon, the offender, kill innocent!"

Ye Xuan's words made it impossible for the refining masters to understand, but Ye Xuan would not expect them to understand what they meant.

In short, they just need to do it less.

Chapter 2306: Fusion of ancient secrets

Ye Xuan directly called the guards and confiscated all the refining weapons of these people. At the same time, they were also detained separately.

They want to die, don't pull on the back of Ye Xuan.

The next time, it can be said that for these guys, Ye Xuan even cares about the battlefield.

Almost every few days, Ye Xuan will send people, and even go to see those people in person to be assured.

What rules blew the magic weapon, this is simply a taboo magic weapon.

Unconsciously, the time limit of one year will come. On this day, the enemies in front suddenly all retreat, and then, a powerful and powerful pressure will fall on the ancient secrets of Qin.

However, at this time, Ye Xuan discovered that he had returned to the colorful space.

Ye Xuan knows that he is completing the task.

"Hey, the system prompts, congratulations to the host to complete the hidden mission of the ancient heritage of the ancients!"

"Hey, the system prompts, the ancient secrets of the piano reappeared in the world for millions of years!"

"Hey, the system prompts, it is suppressed by the law, and the ancient secrets of the piano are automatically combined with the host phagocytic space."

"Hey, the fusion is successful, and the ancient secrets of the piano are automatically added to the host to engulf the space."

"Hey, the host phagocytic space is merged with the ancient secrets of the piano, and the time rule is reset."

"Hey, the time of the host phagocytic space changes, and since then, the proportion of time spent phagocytic space has been shortened, and the outside world has swallowed space for 50 years!"

The proportion of time in 50,000 years has been changed instantly into fifty years!

This ancient secret is really powerful.

"Hey, the phagocytic space is automatically differentiated, the original space is unchanged, and the ancient secrets automatically form a new isolated area. The two spaces cannot communicate with each other, but the host can arbitrarily manipulate any of the two spaces."

"Hey, the ancient space of the piano has a complete rule chain, and the host can then obtain resources in the ancient space of the piano."

"Hey, the system prompts, the host should pay attention to, due to the rule of law, the host can not directly obtain resources from the guzzling space in the phagocytic space, but is automatically extracted by the phagocytic space. If the host wants to obtain more resources, the piano can be improved. Ancient space environment."

.....

This reward, is not too rich, it turned out to directly give the piano space to Ye Xuan!

Ye Xuan is dumbfounded, and this happiness is too sudden!

This discerning person can see that Qingu space is more powerful than Ye Xuan's previous devour space.

Because here is to produce resources, Qingu space was a secret before, does it mean that Ye Xuan has a secret environment as its own resource reserve point!

Cool, it's so cool!

To put it simply, Ye Xuan's engulfing space has now been split into two halves, half of which is the previous engulfing space, and the function has not changed.

The other half is the Qingu space. Although Ye Xuan has no way to intervene in any of these operations, it can provide resources for Ye Xuan unlimited. Moreover, Ye Xuan can obtain some special resources and can add it himself. This type of resource can be obtained.

Ye Xuan Shen thought of a move, and sure enough, today's Qin ancient space is still in normal operation, but it is less the Qin Gu Da Zun and Ye Xuan this little respect!

However, just before Ye Xuan had not slowed down from the surprise, the system sent a new surprise.

"Oh, the host has acquired the ancient law of the ancients, and activates the special abilities of the eternal blood. After that, the host can add certain goals to the 10,000. Once the service is received, the host can call the law at any time."

"Hey, the host summons doesn't require any consumption, but each method has different cooling times depending on its strength."

"Hey, Qin Guda respects the law and cools down, a thousand years!"

A thousand years!

Ye Xuan took a breath of cold, he was directly shocked by the cooling time of this millennium, so long cooling time, then how powerful this ancient piano should be.

Of course, no matter how powerful it is, Ye Xuan will not be stupid enough to use it now. This is the biggest card of Ye Xuan.

Of course, if there is an opportunity, Ye Xuan will also collect other laws. After all, Ye Xuan has 9,999 spare locations available.

Ten thousand blood, it turns out that this is the true blood of the world!

Ye Xuan is very happy, of course, this ruin, Ye Xuan also has no need to stay.

Out of the ruins of this ancient secret, Ye Xuan did not say anything, and quickly rushed toward Kunlun.

Because Ye Xuan can't guarantee that the mysterious person before is still here.

Don't look at Ye Xuan's current engulfing space, which combines the ancient space of the piano. The blood of the gods also activates the special attributes, but these are all things that need to be accumulated to enhance the strength. In the current Ye Xuan, it is impossible to be the one. Mysterious man's opponent.

However, Ye Xuan certainly did not know that when he entered the ancient secrets of the piano, the mysterious man had already determined that he must die, so he had already left.

This time, the investigation of Lin Feng was not successful, but it was the inheritance of Qin Gu Da Zun. For Ye Xuan, it was an unexpected surprise.

The matter of Lin Fengjing is not finished yet, but Ye Xuan is very clear. With his current strength, if he continues to trace it, then he is undoubtedly looking for a dead end. Therefore, Ye Xuan has to temporarily return to Kunlun to find another way.

In Ye Xuan's heart, the best way is to let the face out. After all, Lin Fengjing is also a smashing site. Instead of Ye Xuan himself slowly investigating, it is better to let the people send the past.

As long as the sly person arrives, let the annihilation organization be mad, and it is impossible to do it with the shackles.

Although it is said that this may make Ye Xuan temporarily lose the clues of the organization, but compared to the countless lives of Lin Fengjing, Ye Xuan will not care.

Ye Xuan naturally does not go directly to find the shackles, but is ready to find yo.

It can be said that after entering Kunlun, Ye Xuan has not found a yo, this time when I really want to find a yo, I really don't know where to go.

Fortunately, I have a special identity, just ask someone to ask, and I can know her whereabouts.

After the inquiry, Ye Xuan knew that Yu You is now in the ancient sound house.

Gu Yin Ge is a loft in Kunlun that is relatively unpopular.

After all, the temperament is taught here. For everyone, it is better to study the rhythm than to practice.

However, it is quite like the rhythm. Since then, the ancient Yine Pavilion has become one of the most popular lofts in Kunlun.

.....

"Hey, that's not Ye Xuan, how come he came?"

When Ye Xuan walked into the ancient sound house, he was quickly recognized.

Of course, Ye Xuan does not care about other people's ideas, but walks directly toward the main cabinet.

At this time, the elders in the ancient sound house are imparting temperament.

The melodious sound of the piano is very sweet, and even Ye Xuan can't help but feel a little shock.

Chapter 2307: First sight of the magical power

Is this illusion?

Ye Xuan is inexplicable, I did not expect that this temperament actually has such use.

"Qiong Yu, Bai Lu, the twelve killings that you have cultivated, how about cultivation?"

"Back to the elders, already getting started!"

"Okay, then, let's have two exercises today!"

Ye Xuan did not think that he had a good show for the first time to Gu Yine.

I saw two white girls each offering their own magic weapon, posing in the battlefield of Gu Yin Ge, and some battles will begin.

The performance of the military field is no more than the space of the platform. However, it is also specially reinforced with the ban. It can be said that the drills inside will not hurt the innocent.

"Sister, please!"

"Sister, please!"

Ye Xuan stood outside the martial arts field and watched the movements of the two girls.

I saw two people each come up with their own magic law, since the use of temperament as a means of attack, then naturally there will be a special magic weapon.

These magic weapons, if placed in the hands of ordinary people, may not be useful at all, but in the hands of these lawyers, they are definitely killing weapons.

The master's hand is a magic weapon like a gourd, but as he uses his power to blow, the magic light is emitted on the magic weapon between the moments, and with this light, it is the sound of music.

The teacher, but the use of a guqin-like magic weapon, between the playing, is also pleasant.

Of course, if you are confused by this beautiful appearance, then you are afraid that you will die without knowing how to die.

When the music is ringing, the entire performance of the martial arts field, it has already been murderous, the weapon of the gods that is transformed by the sound, or the demon and the devil will continue to rush, this is a moment, the whole performance of the battlefield, Has been caught in a big fight.

Taking the two people as the center, the temperament of the two sides is criss-crossed, and it is actually extremely dangerous.

The most important thing is that all of their attacks are range attacks, where the sound can be communicated, where they can attack.

Moreover, it is a full-scale attack without any dead angle attacks.

The battle between the two people turned out to be the result of a thousand troops.

A good temper attack, a good ancient sound house!

Ye Xuan has not seen the use of sound as a means of attack. However, as with the ancient sound cabinet, Ye Xuan is the first time I have seen it.

At this time, Ye Xuan knew that the original sound could also be used as a magical power.

Of course, Ye Xuan came here mainly to find a yo-yo, so after watching the battle between two people, he came to the side of the yo.

It can be said that in Kunlun, most people who know Ye Xuan know that he and the princess know each other. Therefore, no one feels strange about Ye Xuan's search for Yu.

"Oh, it's you, how can you have a busy time to find me today?"

I can see that the mood is good.

"Say, what are you looking for?"

Ye Xuan looked around, there are many people here, and the energy of the organization is destroyed. Ye Xuan does not know how big it is, so it is not a place to talk at all.

"His Royal Highness is free now, go with me to a place, I do find something for you."

Ye Xuan said directly to Yu You, the two are not the first time to deal with, so they are not so polite.

"Where?"

Looking at Ye Xuan with a puzzled look, but still stood up and followed Ye Xuan to go outside.

This scene, of course, is inevitable in the eyes of many people.

Among them, there are a few eyes full of killing.

Yu You's special status, after Ye Xuan entered Kunlun, he did not look for it, but he took the initiative to find a leisurely day, no doubt to find trouble for himself.

"Okay, right here, a few of you, look around."

"Yes, Your Royal Highness."

Yu You is not aware of Ye Xuan's temper, but I also know that Ye Xuan is fine, it is impossible to take the initiative to find her.

"Say, what the **** is it?"

Ye Xuan looked at the yo, and threw a ban on the gods, which was said to the 準.

"His Royal Highness, this time, I want to ask you to do me a favor."

"Oh, let's talk about it, what is it."

"I must know that my Royal Highness Princess has been doing the point assignments some time ago, and the place I went to was a small place called Linfengjing. However, there was a situation there."

"What's happening?"

Ye Xuan told all the things he knew and experienced, and of course, the name of the organization, Ye Xuan, would not mention it, but replaced it with mysterious organization.

After listening to it, I frowned slightly: "Is there still such a thing? In my Kunlun domain, although things like Zongmen battles are not uncommon, but as you said, it will be too much to destroy the mysterious forces of the Zongmen. And, I didn't expect Kunlun to find an abnormality, but didn't care at all!"

"Well, I know, I will immediately let people investigate clearly. You should not go to the border area casually in the future. I heard my sister say that the battlefield of the Lord God may be opened again!"

"The Lord God Battlefield!"

Ye Xuan was shocked. He knew that when the main **** battlefield opened, he would not know how many strong people would fall. That is the battlefield of the Lord God. Many times, even hundreds of thousands of years will not open once!

"Well, yes, my sister said it is not too clear, but one thing is certain. At the latest ten years, the battlefield of the Lord God will definitely be reopened. And, maybe this time, our Kunlun domain will face three parties. Clipping, but it's okay, if you don't fix it enough, you won't recruit your past."

Ye Xuan frowned, the main **** battlefield suddenly opened, and still open three battlefields at the same time, Ye Xuan said in the heart is not strange, it is a lie.

After all, before that, but no warning!

Of course, Ye Xuan also understands that people like him who have not reached the kingdom of the kingdom, the news is not so comprehensive.

"Right, this is for you. I was prepared to let Kun not give it to you. I didn't expect you to come to me today."

Before I left, I suddenly remembered something and threw a stamp on Ye Xuan.

"what is this?"

Ye Xuan asked in confusion.

"Oh, this is the invitation stamp of the main palace of God. Next month, I will hold a party in the main palace of God. When you remember to come over, yes, I also held an auction, but this is the whole Kunlun domain. At the grand auction, I must have a lot of novel treasures."

The smile answered with a smile, but also went out to the outside.

Perhaps if it is just a simple gathering, Ye Xuan will not care much, but since there is a large auction, Ye Xuan is of course going to participate.

Chapter 2308: Resource harvest

This is an auction held in the name of a princess, and the treasures there are naturally indispensable.

As long as Ye Xuan can photograph what he wants, then the strength will be greatly improved.

And now the ordinary resources can not meet the needs of Ye Xuan, so Ye Xuan can exchange these unwanted things for what he needs.

Of course, before this, Ye Xuan still had to find a way to get some capital.

After all, such a large-scale auction, I am afraid that Ye Xuan now has this thing, and even the qualifications for entering are not enough.

Unfortunately, the resources of the ancient space in the engulfing space can only be automatically produced, and it is not allowed to be harvested by Ye Xuan. Otherwise, there are many good things in it.

After leaving, Ye Xuan left the ancient sound house.

But when I got to the middle of the road, I heard the system prompt.

"Hey, the system prompts, the host please note that the first resources of the phagocytic space can be harvested, please choose the harvest method!"

"Well, system, what do you mean, how to harvest?"

"Hey, the system suggests that in view of the particularity of the phagocytic space, ordinary resources can be harvested every five hundred years, and special resources can be harvested in five thousand years. That is, the host can harvest ordinary resources every ten days, every hundred days. You can harvest a special resource."

"Hey, the host should pay attention to the fact that the ancient secrets of the piano belong to the ancient secrets. Therefore, the ordinary resources in the ancient secrets of the piano are equivalent to the special resources of the present, and the special resources are equivalent to rare resources."

"Hey, the system prompts, according to the system analysis, it is recommended that the host set a part of the harvested resources into various rewards and return them to the phagocytic space to obtain the belief value of the ancient secret."

Lying in the trough!

Ye Xuan almost forgot the value of the faith. You must know that there are many strong people in the ancient secrets of the piano. Moreover, fifty years in the day outside, this is how much faith to Ye Xuan!

Ye Xuan has a feeling that he wants to develop!

Retaining some resources for the value of the faith, this thing is definitely only to make a profit or not, so, Ye Xuan naturally will not hesitate.

"Okay, the system, according to your plan, leaving some resources set to reward."

Ye Xuan made the final decision, and the system then extracted the harvest.

"Hey, congratulations to the host, and get 103 pieces of ordinary resources in the ancient space of the piano!"

"Hey, detect special resources, frost and sorrow, dragon soul and so on!"

"Hey, it's detected that it can be used to synthesize the special resources of the Dragon Soul Sword, and the Dragon Soul is fine."

"Hey, the host is currently lacking resources, and can't directly synthesize the dragon soul swordsman, and the resources are temporarily stored."

A series of tips made Ye Xuan very excited.

This time, it is really necessary to develop.

I can harvest resources once in fifty days. Although the harvest is random, it is definitely a huge income.

"Haha, the system, all the common resources that are not needed are all integrated, and I am also upgrading!"

Ye Xuan can really look down on those ordinary resources, and even have no mood to exchange at the auction. After all, he now has a treasure trove of wireless resources.

"Hey, the system prompts, the finishing is successful."

"Okay, then, devour it!"

"Hey, the host breaks through, and the current six products are in the real world!"

Only improved one level?

Ok, ordinary resources really don't help.

Ye Xuan did not go out again, but rested in Kunlun for a while and was ready to attend the gathering.

However, I didn't know until Ye Xuan's past that this day was not just a simple gathering, but a happy birthday.

Generally speaking, in the realm of the gods, very few people will have birthdays. After all, it is too late to practice every day, and there is still a birthday in the mood.

However, for a princess like Yu You, it is different.

He has a lot of resources for him to cultivate, so every 100 years, there will still be a birthday.

As for how many years old the birthday is, no one cares.

Ye Xuan did not know this, so he came to the palace of the Lord God with empty hands.

The place where you lived is referred to as the main palace of God. At least in the Kunlun domain, people refer to the main palace of God, and naturally know where it is.

This day, it is a major event in the Kunlun domain.

Although there are no people coming from the older generation, all the family, the ancient family, and the big gates have sent their elite children.

It seems very lively.

When Ye Xuan used to, Kun was not waiting for it.

"Kun does not speak, what are you doing here, why not go in?"

"Forget it, there are children of the big family. I am a small son of a Kunnan family. Where do you send the number, stay outside?"

Obviously, even people like Kun, who are here, seem to be uncomfortable when they arrive here.

"What are you talking about, let's come over because of the relationship between the two, what do you have to do with other people? Let's go, let's go in together."

Kun did not hesitate to talk about it, or walked along with Ye Xuan. For Kun, it was an opportunity.

However, they have not yet walked in, but they were stopped by two guards.

"Stand up, you are not allowed to enter!"

Ye Xuan looked at the two, and the two men embroidered a word on the chest. Obviously, it was not the guard of the main palace of God. What's more, Ye Xuan had already seen the ridicule of several people in the distance.

"Haha, that kid is Ye Xuan, I really think of myself as a personal thing. I investigated it. This kid is not even a person from our Kunlun domain, but from a wild little boy who thought he knew the Royal Highness. Is it really a personal thing?"

"Isn't it, from the brother, or directly to you, I have to look at it, what can the kid do?"

Ye Xuan slightly frowned, those guys Ye Xuan did not know, but obviously, this is deliberately want to find their own troubles.

"System, detect the strength of these two guards."

"Hey, the system prompts, specify the target level nine products in the real world!"

Really?

Although there is a title in the front, what about it?

Ye Xuan did not hesitate and directly smashed the past. After all, it is the main palace of God, so Ye Xuan is not good at killing people. However, if you teach two guards, he can still do it.

"boom!"

A punch, just a punch, Ye Xuan directly hit the two guards.

Although it is true that these guards do not dare to do it, but at the same time, it has also proved the strength of Ye Xuan.

"Bold, where is the arrogant boy, dare to make trouble in the main palace of God, come, let me blow him out!"

The young master who left home saw his own loss, and consciously lost his face, and even stood up directly, shouting loudly!

Ye Xuan's mouth is slightly tilted, it's so good!

This guy is not too late, Ye Xuan will go looking for him!

Chapter 2309: Deadly threat

Although the Kunlun domain is quite large, it is actually such a force that it is really qualified to enter the main palace of God. Therefore, it is still known to each other.

However, Ye Xuan, who suddenly appeared at this time, did not know much. Therefore, even if he was away from home, the young master was looking for Ye Xuan's trouble, but there was no one to stop it.

Some people don't even know who Ye Xuan is, so they hold the attitude of watching the movie.

There are still some people who know who Ye Xuan is, but he is also holding a watching attitude.

So at this moment, there is no one who will help Ye Xuan to speak, but rather a kind of standing on the side, watching Ye Xuan ugly.

With the order of the young master, two **** guards came over. This time, obviously, the strength is much higher than Ye Xuan!

It's just that the pressure on them is enough to make Ye Xuan feel scared.

Ye Xuan now has a way to deal with these guys, and even can be said to be crushed.

That is the use of the ancient law of the ancients.

It can be said that when the law comes out, no one can stop it.

However, it is natural for Ye Xuan to use the law now.

After all, these people just want to humiliate Ye Xuan and have not been threatened by any fatality.

However, just as Ye Xuan prepared more than one thing and was directly prepared to leave, suddenly, an extremely dangerous feeling rushed into Ye Xuan's heart, and at the same time, the system's sharp alarm had already sounded.

"Hey, the alarm is alarming, the host is deadly!"

"Hey, alert, alert, host has been fatally attacked!"

Damn it!

Ye Xuan's heart is very incomparable.

These people, actually want to kill themselves!

However, Ye Xuan soon understood that this young master who is away from home is obviously full of confidence. He obviously knows that he is not a Kunlun domain. He also has no dependencies. He is a patron, perhaps a peacekeeper. I know you.

However, it is precisely because Ye Xuan knows 犇 and 犇, so Ye Xuan is even more damn!

There are indeed many people in this house of God.

However, the realm of the gods is not a world of weak meat, here, the strong is the respect.

What is Ye Xuan?

Nothing can be considered. If Ye Xuan is killed now, then this guy is at most scolded.

Even the scolding will not be accepted, because he is a young master who is strong and strong, then, no matter what is it, it is impossible to say that he is punishing him!

Damn it!

Really damn!

Ye Xuan never imagined that he came to this main palace of God and would have encountered such a thing.

Even Ye Xuan didn't even have time to detect the strength of the guard, because the attack of that person has already hit.

I saw the golden thunder of the person's hand constantly flashing, just a moment, it will completely devour Ye Xuan!

In other words, Ye Xuan has already fallen into a position of mortality.

The thunder flashed and everyone looked at Ye Xuan's direction.

Can not be the same as Ye Xuan's comparable Kun, not only was the eyes of the person, they were shot.

Everyone's eyes are looking at this side, there are doubts, but more is disdain.

As time passed, I saw that Ye Xuan had been completely surrounded by thunder, and those people had already begun to celebrate in advance.

"Haha, the boy who is not self-sufficient, just because he is such an ant, he wants to play the idea of His Royal Highness, and does not look at who he is? Just rely on him? Also with the Royal Highness of the Princess?"

"Haha, that is, it is still daring from the young master. I will wait to see the princess's face, and give him some face. In fact, I can't wait to kill him."

"Let us? Don't look at the young master. It is said that it is an ancient family, even if it is the Lord God, it will give a three-point face, killing such an ant, it is simply as simple as crushing an ant. To blame, you can only blame this guy is not self-sufficient, this is also a white death!"

Everyone has a lot of arguments, but no one will stand up and speak for Ye Xuan. Everyone's spears point to Ye Xuan, saying that Ye Xuan is damned!

It seems that these people have already determined that Ye Xuan will die.

Indeed, it is not wrong for these people to think so.

Because, the person who shot is a **** kingdom!

Even if it is just an inferior king!

However, the kingdom of God is already surpassing the existence of the kingdom!

If a horrible person shoots a little guy in a real world, isn't that a suspense?

It's hard to be done, and some people will doubt that the super-powerful of the king of the kingdom will not be able to take advantage of a real sect in the district.

.....

Time has passed and many people have frowned.

Because in normal terms, the king of the king of the king, the shots, even with a finger, are enough to crush the real ants.

But now time has passed so long, but why is it still deadlocked?

At this time, Ye Xuan's ear has already sounded the system prompt.

“Hey, the system prompts that the host is experiencing a fatal threat, and the system automatically chooses a defense plan!”

“Hey, the system prompts that the only way to detect the host can use the program, summoning the ancient law of the ancients.”

"Hey, the system prompts, the law summons successfully!"

"boom!"

A vast and innocent pressure broke out directly in the thunder.

The whole house of God, no, should be the realm of the entire God's Palace, including everyone in the surrounding dozens of places, and feel a super power that is absolutely irresistible.

Countless people fell to the ground, whether it was a **** or a god.

Even the person in front of Ye Xuan even fell to the ground under the pressure of this sudden outburst.

The moment of Lei Guang was destroyed, and a figure came out directly.

Not Ye Xuan, who else.

At this time, Ye Xuan, looking pale, behind him, an illusory shadow guard at his side, is the law of Qin Gu Da Zun.

The vast waves of volatility broke out from the law.

"Good, very good, very good, you actually want to kill me!"

Ye Xuan's tone is full of killing intentions, and he waved it. Before that, he still suppressed Ye Xuan. Before that, he was enough to kill Ye Xuan's **** king, so he fell directly.

Later, Ye Xuan's footsteps went to the young master.

The young master has been scared and looked at Ye Xuan with horror.

"You, what do you want to do!"

"Haha, you actually asked what I want to do? Then I will tell you, what do you want to do to me, then I want to do something to you now!"

Ye Xuan's hand has been lifted up, and as long as his hand falls, then this person will die.

"You, you dare to kill me, I am a young master who is away from home, I, I am a home away from home, even if the Lord God does not dare to ask us to leave home, you, what do you want to do!"

"Guard, guard, kill me, kill him!"

Chapter 2310: Shocked by the gods

I don't know if I'm scared from the young master, or what's wrong. At this time, there is a constant screaming like a clown, and at the same time calling for the support of the guard.

A moment later, a group of guards from home stood up and tried to approach the young master.

However, Ye Xuan has a wave of it.

"Give me death!"

The horrible and powerful forces erupted instantly. Those guards, Ye Xuan even didn't bother to look at their strengths, and they were all crushed when they waved.

Invincible!

This is the real invincibility.

Under the blessing of the ancient law of the ancients, Ye Xuan has already surpassed all the people here.

What is the cultivation of Qin Gu Da Zun, even if Ye Xuan does not know at all, but one can stop the time of the entire mystery, a skilled person who can use the law of time is absolutely super strong. And it is beyond the super-existence of God.

After all, now Ye Xuan is only summoning his law, but he has not summoned himself, but he is able to do such a powerful attack. Is it not that the strength of Qin Gu Da Zun is not enough.

The pressure of the heavens caused the entire main palace of God to fall into horror.

In the distance, my heart suddenly shocked!

"How is it possible that it is actually the Lord of God? Is it true that the gods of other places have come to my Kunlun domain?"

The Lord of God is to say that it is like a beggar. A superpower with a great field is, in general, a god-level existence.

The Lord God is a kind of honor, and what he represents is the infinite power.

For example, at this moment, the shackles are not slightly frowning. When the figure moves, will it appear in the main palace of God?

"Is you? Ye Xuan, what are you doing?"

Although he asked this in his mouth, but the shock in his heart, only he himself knew that when his master brought Ye Xuan over and asked her to take care of him, he was actually quite good at Ye Xuan.

Although Ye Xuan always has some precautions against the elders because of the relationship between the old ones, this does not mean that Ye Xuan does not know that he is good to him.

At this time, I saw Ye Hao, and Ye Xuan slightly frowned, and then said to the cockroach: "God Lord, this time, please don't worry, I must kill this guy, just now, he has already been out to me. Killing, if not I respond quickly, then I am dead now!"

"This is real!"

Frown.

Now, it is not Ye Xuan's question of strength. For Ye, Ye Xuan is his master to take care of it, but now in his own territory, Ye Xuan is almost killed, how can he accept it.

"You, give me what I have just happened, say it in a word, if there is a half lie, I will destroy you Jiu!"

半嫫 半嫫 半嫫,,,,,,,,,,,,,

It can be said that, after all, Ye Xuan summoned the law of Qin Gu Da Zun instead of himself, so now, Ye Xuan face, there is still no chance of winning.

But obviously, he is prepared to preside over justice for him.

"Yes, God Lord."

The man named by the deceased, under the pressure of Ye Xuan and Yan, the face of the two has been pale, and even very disappointing to be scared.

However, no one will laugh at him. After all, the person who is now scared of urine is one of him!

The man did not dare to hide half and a half, and directly said everything he had seen.

As long as he is telling the truth, then, naturally, it will judge the truth of the matter.

"It turned out to be the case, a good one to leave home, this is to rebel!"

In a word, I was scared that the young master left the house directly, and the rest of the family had already fallen to the ground and kept asking for mercy.

"Well, Ye Xuan, you can do this, but don't be innocent. In addition, I will let you leave home to explain to you. However, your strength is still put away, after all, today is my sister's birthday, even if it is Don't look at my face, you are always not thin to you, don't you want to be sad and sad!"

This sentence of 半悞 is not the same thing in the ears of other people. In their eyes, the Lord God, this person is actually soft to this guy!

Yes, it is soft, in their eyes, he is actually asking Ye Xuan not to make things big!

And Ye Xuan himself, in fact, is suffering, his anger, incomparable anger, but he is more aware of his own strength, Qin Gu deity can only be summoned for a thousand years, now, inexplicably will give Ye Xuan the biggest card Forced out, it can be said that Ye Xuan encountered similar things afterwards, and could never be spared.

Moreover, Ye Xuan also knows that this time, killing this young master, he offended, is not just a person away from home.

However, this person, Ye Xuan still wants to kill!

Do not kill him, just wait to be killed by him!

Then, Ye Xuan still hesitates.

"Well, since the Lord God has said so, I naturally obey!"

Ye Xuan waved his hand, a huge and incomparable force directly surrounded the young master, and then slowly began to erode his life, Ye Xuan is the most cruel way to torture this guy to death!

"Hey, the system prompts, Qin Gu Da Zun law summons the time to end, is now in a state of cooling, after a thousand years, can be summoned!"

With the prompts of the system, the strength of Ye Xuan suddenly shrank. In an instant, Ye Xuan returned to the original true god.

However, at this moment no one is looking down on him, even if it is awkward, the heart is full of doubts.

"Well, you continue, all the people who leave home, get out of me, I don't want to see anyone who is away from home, in addition, it is best to make compensation at the fastest speed from home. If Ye Xuan is not satisfied, I will leave you alone, I will not care!"

When I finished speaking, the figure disappeared.

Ye Xuan, who only left a smile, went out of the house!

It's light, but Ye Xuan has that strength?

It's a good old family to leave home!

However, Ye Xuan also knows that he and this home are counted as endless endless feuds.

Perhaps leaving home for a short time will not move Ye Xuan, because whether it is for the face of Yan, or for Ye Xuan, they are not afraid to mess.

No one knows what brand of Ye Xuan still has, and no one knows who Ye Xuan is.

Previously, they got the news that Ye Xuan did not belong to the Kunlun domain, but came from another place.

It is said that it is still a small and remote place.

However, when Ye Xuan exhibited such a strong strength and summoned such a horrible law, they had to guess, can it be said that this Ye Xuan is actually a prince in the field of other main gods?

Because only in this way, can we explain why Ye Xuan can summon the law of Qin Gu Da Zun.
