

## Super D. S 2311

Chapter 2311: auctions

In a flash, everyone's eyes were all gathered on Ye Xuan's body.

They have to pay attention to Ye Xuan, because Ye Xuan is a man who can fight against you!

Ye Xuan is a man who wants their gods to talk well.

Ye Xuan is a man who waved to kill the ancient family, but he will not hesitate!

The news about Ye Xuan was only spread in a moment between the great forces of the Kunlun gods.

However, there is only speculation.

In the inexplicable consensus, Ye Xuan's identity, today's affairs, is only circulated among those who have come here today. As for the outside world, I don't know so much.

What they can guess is that the Lord God is angry, and why they are angry, they don't know.

The powerful force is only the power of the Lord God, so people have to wonder if the Lord God is angry.

The banquet continues, but obviously everyone has become very cautious.

Where Ye Xuan went, no one dared to stay, no one dared to face him, even his eyes looked like anywhere, people there would subconsciously lower their heads.

At this moment, even Kun did not dare to approach Ye Xuan.

Ye Xuan smiled.

This time, he is playing big hair.

This time, he did offend too many people.

Although he said that his strength can definitely make a large part of the powerful family afraid to speak.

However, letting them be afraid of Ye Xuan, they are hostile to Ye Xuan.

If you don't say anything else, just say that you are away from home, I am afraid I have hated Ye Xuan.

Unexpectedly, I was just preparing to come over to participate in the birthday party, but I made it look like this.

But how can Ye Xuan be, after all, it is not him who provokes right and wrong.

Ye Xuan didn't want to stay here, and when he saw it, he came directly to the side of Yu You.

No one dares to stop him, and even when Ye Xuan walks toward the hustle and bustle, everyone is very intuitive to let a road open.

"His Royal Highness, thank you for inviting me to this banquet, but I have something to do, I am afraid I have to leave early."

It's not stupid, he certainly knows why Ye Xuan left, but he just smiled and grabbed Ye Xuan's arm.

"Why are you going, why, you don't want to go see the auction?"

To be honest, Ye Xuan certainly wants to go. He came over this time. The main goal is not the auction, but I didn't expect it to be so unpleasant before the auction.

Seeing the smile of Ye Hao, Ye Xuan felt a little comfortable.

But still hesitant, but he continued to speak to Ye Xuan.

"Well, I know that you definitely don't want to see some people now. So, I will take you and Kun to go to the auction first. Although the auction has not yet started, some businessmen have come from other gods. There are also a lot of odd treasures, otherwise, you should go and see?"

When Ye Xuan listened to this, his heart was inevitably moving. From the other gods, there must be something that was not in the Kunlun domain. Ye Xuan naturally wanted to see it.

"Okay, then, just arrange it."

He nodded a little, and when he greeted Kun, he walked straight away.

In the heart of Yu You, Ye Xuan is still a very lonely person, except for doing his own things every day, and rarely contact with people, and Kun is not a word, there are few people who can contact Ye Xuan. .

It's just that Kun is not very vocal at this time, but it is also very cautious.

"Kun doesn't speak, what's wrong with you?"

Although Ye Xuan guessed the reason, he still asked Kun.

"Ye Xuan, you are really deep enough. I always thought that our strength is comparable. Even if I am worse than you, I can't find much. If I use all my strength, I can still be with you. War, but after today, I don't dare to think like this anymore."

Ye Xuan smiled slightly, in the Kunlun domain, it can be said that Kun is not the only friend of Ye Xuan.

"What do you mean by the summoning method I just had? Since you know the law, then you should know that such ability, I can't say that it can be summoned at any time. I can't summon it at all."

Ye Xuan immediately shifted his attention and asked Kun. "Yes, what is going away from home, what is going on, I don't seem to offend them, why do they want to die for me?"

Kun did not read Ye Xuan, but looked at the arm of Ye Xuan's arm, but did not say anything.

However, Ye Xuan and Yu You are not stupid, there is still the meaning of not understanding.

Ye Xuan directly pulled his hand back from his arm. He said, "I said, Kun is not talking, other people are thinking about it. Do you think it is not like this? Your Royal Highness, just now It's just getting rid of me. It's like you, I don't know where people are going."

Because of this, Ye Xuan's tone of voice has changed a bit.

But Kun did not care at all, because he knew the result from the slightly stiff body.

"I don't care about you two, leaving home is an ancient family, powerful and incomparably, really, according to my own, even if it is still the Lord God, they will give them a three-point face, this time, God Lord is helping you But at the same time, it is also to suppress the home."

"Yeah, leaving home is one of the four ancient families of Kunlun gods. It can be called a family, or there are many ancient families, but when it comes to the four ancient families of Kunlun, then people naturally understand which four. These four ancient families can say that even my sister sometimes has to give three points."

I whispered and continued, and the news from his mouth was naturally more comprehensive than the news of Kun.

"If you don't say anything else, you can say that you are away from home. You are in control of thousands of different secrets. You are directly under the jurisdiction of the sects of their own size!"

"And, with a few special places such as ancient ruins, strength and heritage are not leisurely, away from home ancestors, is a super strong who can fight against his sister. In fact, the four major families have always been the stagnation of my sister's heart."

"This time, you have helped my sister take a breath, rest assured, this time, my sister will definitely let you off home to compensate you! Not for you, but for ourselves!"

There was a faint smile on his face.

Of course, if these words are not spoken by myself, I am afraid that neither Ye Xuan nor Kun will know.

The four ancient families of the Kunlun Divines did not agree with the Lord. If this is said, no one will believe it.

Ye Xuan nodded and then asked: "But, I see that the young master away from home, the strength is also general, and people who are away from home, is not too strong?"

Chapter 2312: Unequal treasure

"Haha, that guy is just a family member who is away from home. It is not a person who is away from home. In fact, people who leave home, rarely come out of their territory."

"It turned out to be like this!"

Why should Ye Xuan ask these questions?

Because Ye Xuan is more clear than others, if the meat is strong.

He is looking for a fall, and for a long time there can be no action, what is it for?

It's not because the fall is controlled by the mighty demon!

Ye Xuan does not have the strength to rescue!

Moreover, before this, Ye Xuan did not grow up from a crisis.

This time, since it has been torn apart from home, then Ye Xuan will naturally not let this away from home.

In the eyes of others, perhaps this is simply a self-seeking death.

But in Ye Xuan's heart, it is just motivation.

And Ye Xuan understands that he is not strong, then, leaving home will definitely find a chance to kill him.

Since it is said that this face that is away from home is dare to fight, then what is the killing of a Ye Xuan.

What's more, they don't even need to shoot, and a command is passed down, and naturally someone will handle it for them.

Must accelerate the improvement of strength!

In the blink of an eye, Ye Xuan felt tremendous pressure, and even said that he had the most powerful pressure since he entered the realm of the gods.

After all, that is one of the four ancient family homes of the Kunlun gods, and such a behemoth, Ye Xuan counted in front of him.

Perhaps leaving home will not dare to change because of the strong strength of Ye Xuan's exhibition, but it is a matter of morning and evening to see the essence of Ye Xuan.

Therefore, there is not much time left for Ye Xuan.

Ye Xuan wants to live, then, it must be fast and powerful.

escape?

It's impossible at all. Let's not say that Ye Xuan simply doesn't know where to leave Kunlun's domain.

Just say that once he leaves the Kunlun domain, what will he do when he leaves home?

I am afraid that I will leave the faction and kill him!

Therefore, Ye Xuan can only be fast and powerful in the Kunlun domain, and only then can he contend with his home!

No, it is killing and leaving home!

Since leaving home is a threat to Ye Xuan, then Ye Xuan does not need to let him exist!

.....

If this is the case, some people know that Ye Xuan actually thinks about how to deal with leaving home, fearing that he will laugh at the big teeth.

Because this is a battle without suspense after all.

It is like a cockroach ant, clamoring to kill the gods!

It's that ridiculous!

.....

Soon, Yu You and Ye Xuan and Kun did not speak to buy the scene, and sure enough, although the auction has not yet begun, there are already many people busy.

"Well, you two are looking for a magic weapon that you like here, right, Ye Xuan, this is a place to hold, if you like it, buy it!"

Ye Xuan stunned, this is to give yourself a crystal?

"Your kindness is my heart, but I don't want anything, don't worry, I have enough resources in my hand. If I really look at it, I don't have the resources to buy it. I will find you at that time. You can not Forget, I am a banned master, and also a sacred master. By the way, I am still a master of medicinal herbs!"

I looked at Ye Xuan with a look of eccentricity.

Before everyone else focused on Ye Xuan's combat power, but who thought of it, Ye Xuan is still the three masters!

"Okay, then I will be here to find you. After all, these people are invited by me, I still have to go and see."

Ye Xuan nodded, and when he walked away, he walked in front of Kun.

While walking, Kun did not speak at the simple introduction to Ye Xuan.

"Ye Xuan, this is the \*\*\*\* market of our Kunlun domain. Of course, it is not the only one. However, since it is held in the name of the Lord God, the scale is absolutely not small. You see, the person in front is from the Divine Realm. The gods are not big, and their strength is relatively small. However, they are definitely good things."

Kun did not go with Ye Xuan to go there.

When I saw someone coming over, the treasurer greeted me with enthusiasm.

"The two sons, do you need to buy a hundred broken stone?"

Hundreds of broken stone? This is the first time Ye Xuan has heard of it. However, it is only after he sees things that he knows that this hundred broken stone is just a general name, not just a single item.

At this moment, Ye Xuan heard the system prompt.

"Hey, the system prompts, detects special items, and breaks the stone!"

"Hey, the host should pay attention to the fact that the hundred broken stone can synthesize a special sword waiter, a hundred broken swordsman!"

"Hey, the system prompts, the hundred broken swords, will have different abilities according to the number of fused stones!"

Actually able to synthesize swordsman!

Then, Ye Xuan naturally will not miss it.

At this time, there are many quirky stones in front of Ye Xuan.

Some burn like a fire.

Some, like the ice, exudes a chilly atmosphere.

Suddenly, Ye Xuan was attracted by a white stone.

This is a dark stone. The key point is that Ye Xuan's thoughts can't detect the truth and reality. Moreover, this stone is placed separately, and all the breath around him is swallowed up by him.

Yes, it is to swallow!

"What is this stone?"

Ye Xuan asked.

"The son is a good eye, this \*\*\*\* stone is the phagocytite of one of the top ten gods in my divine domain!"

"The son doesn't want to see him small, but his power is absolutely beyond your imagination. Five hundred thousand years ago, there was a refining master who made a swallowing stone into a special engulfing magic weapon, and it actually swallowed everything. Ability, but it is precisely because his ability is too strong, so later caused a fight, and ultimately the powerful magic weapon is not known!"

"As for the one that the son now sees, but I can only produce a phagocytite every 10,000 years, even if it is not a special magic weapon, even if it is himself, it is a super magic weapon!"

The man was bluntly touted.

However, his words are not false, because this phagocytosis is indeed powerful.

"Hey, the system prompts, it is recommended that the host obtain this swallow stone! The phagocytized stone can strengthen the system, and at the same time, you can also exchange the swallowing point!"

what!

Ye Xuan slightly glimpsed, you know, the swallowing point is extremely important for Ye Xuan, but before, he has been able to obtain only by swallowing the beast, I did not expect this time, there is a mysterious stone that can be exchanged for swallowing points!

Ye Xuan said that it is impossible to move. It is simply impossible.

"How do you sell this stone?"

"Oh, the son said to laugh, such a priceless treasure, how small dare to sell it without authorization, before the small stone comes out, the Lord God will have to explain, only change and not sell, if the son can come up with a special magic weapon, small I can redeem it for you, but if the son wants to buy it, the small one can't agree."

Chapter 2313: exchange

Redemption?

Ye Xuan is not wrinkled, and his heart has been quickly calculated, what should be exchanged.

In fact, he simply couldn't think of anything he could compare with this swallow stone.

In Ye Xuan's heart, this swallowing stone is absolutely priceless.

However, Ye Xuan still has to try some.

"System, list all my special resources, choose the ten most valuable ones to take out, this swallows stone, I am bound to get!"

If you miss this swallow stone, Ye Xuan will definitely regret it.

So he can't manage that much.

"Hey, the system prompts, the resources are integrated, and ten resources have been selected!"

With the prompts, Ye Xuan waved, and ten special resources appeared in the eyes of that person!

"Heaven, my God, is the legendary spirit of the law! It is the legendary spirit of the law! This, this thing, is not that after the War of the Ancients, it is gone? Why is the son, the son has this? Heavy treasure!"

The spirit of law?

Ye Xuan is not so detailed about his own things.

For him, all the resources are handed over to the system. If the system feels useful, it will be prompted separately. If it is useless, it may be swallowed up by Ye Xuan, but now, what is the spirit of this law? ?

"Hey, the system prompts, the spirit of the law, is the ordinary resource that devours space, and the host can harvest one every hundred years!"

Lying in the trough!

Devouring the space, wrong, accurately speaking, is an ordinary item made by the ancient space of the piano, you can get such a sought after!

Ye Xuan quickly checked the attributes of the spirit of this law.

The Spirit of the Law: A special item condensed by the power of the law. This item cannot be refining or built. However, possessing this item, the host's perception of the power of the law will rise!

It turns out that this thing is used to enhance the feelings of the law!

No wonder the system doesn't have any special tips, because for Ye Xuan, this thing is not too precious.

But Ye Xuan is not precious, but for others, it is absolutely precious.

The merchants between the hundreds of broken gods waved, and a ban was placed between them. The prohibition was mainly used to isolate the minds and voices.

It is a thing that merchants often use.

"The son, son, please ask for the price, as long as I can get the price, no matter how much, the spirit of this law, I have to set!"

Seeing it, this person's gaze is extremely urgent.

The biggest difference in the realm of the Lord God is the sentiment of the law.

In fact, once you reach the kingdom of the kingdom, then the power gap will vary greatly.

Perhaps before, Ye Xuan was able to crush his enemies beyond one or even two big realms with some special abilities.

However, after reaching the level of the gods and monarchs, after the main realm of the gods, such things can never happen, because the level of the gods begins, the power of the law is played, and with the improvement of the realm, the difference in power between each product is also It will be getting bigger and bigger.

It can even be said that the gap between the products can be crushed into hundreds of opponents!

This is the charm of the law!

Therefore, the magic weapon that can speed up the feelings of the law is undoubtedly an important treasure.

It is a treasure that many strong people have dreamed of.

This thing, even if it is that 半螟, 半螟 will definitely have a big price exchange, but Ye Xuan is here to take it out.

After all, in the eyes of these businessmen, Ye Xuan can come here in advance, then in the Kunlun domain is definitely a big man, they are big people they can not offend, so they will not be greedy for Ye Xuan's treasures.

But if the spirit of this law is taken out by Ye Xuan, I am afraid I don't know how many people will fight for it.

At this moment, the businessman was very excited, and directly waited for Ye Xuan to answer, he directly took out three special \*\*\*\* stones.

"This noble son, this is a small special stone that the Lord God gave to the small before the small departure. It can be said that it is a level of existence with the swallowing stone."

"In addition, any stone in the store, as long as the son likes to take away, in addition, here is 50 billion gods! Small is only so much, but small can promise, the next time a small come, must be The son brings more rewards!"

"Please ask the son to exchange the spirit of the law for a small!"

Good guy, this is the spirit of this rule that also wants to exchange Ye Xuan.

Of course, Ye Xuanzhen will not mind, after all, this thing is a treasure in the eyes of others, but in Ye Xuan's eyes, it is only like that.

"Well, I promise you the exchange."

Ye Xuan's mouth is slightly upturned, perhaps in the heart of that person, he is making a big profit, but in Ye Xuan's heart, why not? In Ye Xuan's heart, this exchange is also a big profit!

Ye Xuan naturally wouldn't be polite, and with a wave of his hand, he would still take all the resources of the man away, including the Qiankun ring in his hands.

However, the man was not half-hearted and even embarrassed.

"The son, the little know, this little thing is not enough to exchange such a heavy treasure with the son, but please rest assured that the next time, the small must bring enough resources to compensate the son's loss."

"Oh, it doesn't matter, let's talk about it next time you come over!"

Ye Xuan did not care. He is now making a big profit, so he is not so concerned about the verbal commitment of this person.

After the exchange was completed, Ye Xuan's heart was very happy.

It seems that this time, he can make a big profit.

The resources that Ye Xuan obtained from the phagocytic space were produced in the ancient space of Qin.

There are a lot of them, I am afraid that they are all out of print, or something that is sparsely produced.

And these things can definitely make Ye Xuan exchange enough good things.

"Go, go to the next one!"

Ye Xuan walked straight ahead, and he couldn't wait to wait for the next store to have a look.

These stores are all from the rest of the gods, naturally have a lot of treasures that Ye Xuan wants!

This time, Ye Xuan wants to sweep the goods. This time, Ye Xuan has to make a big profit.

"System, this swallow stone, you use it directly to repair the system."

For the system has not been completely repaired, Ye Xuan has always been quite a taste, in addition, his devour space has not been completely repaired, so these are things that Ye Xuan needs to deal with.

"Hey, the system prompts, the system is improved!"

It turned out that it has not been completely repaired, which is to make Ye Xuan slightly wrong.

As Ye Xuan expected, the resources produced by the engulfing space are very popular, because most of them are rare resources.

You know, this is just an ordinary resource. Ye Xuan is hard to imagine, consuming the rare resources of space, then, what is it!

"Hey, the system reminds that the ancient secrets of the piano are one of the ancient mysteries, and the resources are mostly the products of the ancient times!"

Chapter 2314: Tiger head slave

"Hey, the system prompts, please pay attention to discovering the ancient mystery. As the host level increases, the experience of engulfing ordinary resources will gradually decrease!"

The sudden prompt of the system, given the answer to Ye Xuan, but also gave Ye Xuan a big problem.

As your level increases, ordinary resources will actually have no effect on themselves.

Only by swallowing rare resources, special resources, and even ancient resources can we upgrade the ranks!

This is not forcing Ye Xuan to constantly look for special resources, or the ancient secrets!

Ye Xuan shook his head helplessly. It seems that his own resources can't be exchanged indefinitely. Apart from the resources that are useful to him, there are many other ordinary resources, and it seems that it can only be regarded as garbage.

Ye Xuan continued to move forward. This time, he came to another businessman here.

However, the resources produced here are indeed special, because here, it is simply a slave businessman!

"Ye Xuan, you don't doubt anything. The existence of slaves is a very normal thing. Without strength, you can only become a slave. In fact, perhaps for these slaves, it is good for them to save a life! "

Ye Xuan nodded. For this reason, he certainly understood that the original flying cigarette was not the same as the identity of a slave.

Of course, Ye Xuan never used flying smoke as a slave.

"This businessman is supposed to be a businessman who often enters and exits the battlefield of the Lord God. They often buy some defeated people in the battlefield of the Lord God, and then train them to become meek slaves, Ye Xuan, you see that person."

"This person with a tiger head and a broken armor has already revealed his identity. He is a person from the demon domain!"

Wait a minute, the demon \*\*\*\* domain!

Suddenly, Ye Xuan gathered his eyes on the tiger head!

"How is this slave sold?"

Ye Xuan did not hesitate, asked directly.

The demon \*\*\*\* domain, then, very likely, you can know some of the whereabouts of the fall.

Of course, even if you can't find the whereabouts of the fall, then it is very helpful for Ye Xuan to understand the situation of the demon \*\*\*\* domain!

"Oh, this guest officer has a good eye. This tiger head is a slave of the lower class, and has a special magical power, but it is rare..."

The businessman saw that Ye Xuan actually bought the meaning of the tiger head and immediately boasted.

However, Ye Xuan interrupted his boast in one sentence: "Oh, how many crystals, don't talk nonsense with me."

"Yes, yes, son, this tiger head, only need one million gods!"

one million!

Ye Xuan is slightly wrong, not because it is too expensive, but because it is too cheap, this is the strongest of the Tang and Tang dynasties, even need only one million gods? Is this going to be wrong?

Kun did not understand the doubts of Ye Xuan, so he whispered to Ye Xuan: "You don't have to doubt anything. One million is indeed not expensive. The qualification of this tiger head has been basically stimulated. It can be said that The achievements of his life, unless there is a big chance, there is no room for improvement."

"Plus he is the most dangerous battlefield slave, with a high threat, so one million is really not too high."

Of course, for these, Ye Xuan is not very concerned about it. After all, Ye Xuan just wants some intelligence.

Once the intelligence is at hand, the tiger head is absolutely worthless to Ye Xuan.

"Okay, this tiger head person is going to be."

Ye Xuan did not hesitate and bought it directly.

The tiger head is naturally able to understand Ye Xuan's words, so, Ye Xuan basically did not have a momentary delay, asked directly to him.

"You are from the demon domain?"

"Yes Master."

The Hutou people are not respectful to Ye Xuan. Even if Ye Xuan holds his shards in his hands, he only needs an idea, and he can let him die without a burial place.

However, as a former warrior, as a warrior who has killed thousands of years in the battlefield of the Lord God, he has long been used to life and death. If it is not for him to have special tasks, then how could he be willing to be arrested by businessmen and once become a slave? .

"Well, since you are still from the demon domain, then you may be able to know where the fall is."

Ye Xuan was a little excited, and said the situation of the fall to the tiger head, asking about whereabouts.

However, this time, he is still happy, this tiger head, still do not know any news.

Ye Xuan shook his head helplessly. As a result, he expected to think of it early, but Ye Xuan was unwilling to accept it. In Ye Xuan's heart, only Ye Xuan knew how deep it was for the feelings of falling.

"Well, if that's the case, then let me go, I will take you out of the Kunlun domain, but you promise me, go to the demon domain, try to help me inquire about the news, if there is any news, I must send it back. Information, can you do it?"

The tiger head was a bit strange. He didn't think that the Terran in front of him would let him go, but he didn't even think that his purpose was simply for a Yaozu.

However, the reason why he is alive is not to go back alive. At this time, Ye Xuan is willing to let him go. For him, anyway, it is absolutely a good thing.

"Okay, I can promise you!"

Ye Xuan nodded.

Nothing to ask, this is his temporary idea, that is, to buy these demon gods, and then put them back, because these people's gods fragments in the hands of Ye Xuan.

Perhaps in the Kunlun domain of God, they do not have any loyalty to the leaves Villa, but once put them back, and promised them that with yo intelligence in exchange for freedom, then surely they would have committed.

In this way, it is undoubtedly that Ye Xuan can insert his own personnel in the demon domain and investigate the fall.

Before and after the election leaves Villa slaves thirteen Yaozu domain of God.

In fact, leaves Villa is very clear, the spirit world is so big, these people, and not necessarily in a yo domain of God, however, leaves Villa still willing to try something.

As long as it can snoop into yo whereabouts, leaves Villa to spend more of God crystal, is willing.

After his mouth since these people are not news, it leaves Villa directly to let them go.

Although the main battlefield of God has not been turned on, but so few people put secretly in the past, I was able to do, not to mention, it is not also looking Mi and leisurely.

Ye Xuan and Kun did not wait here for too long, and the auction is finally about to begin.

Ye Xuan was taken to a private room where he will be able to fully see the entire auction.

At this point, the final preparations have already begun in the auction, and the people who participated in the auction have already come in.

There are a lot of people invited to this time, although many people may not even have the qualifications for Jian Yu, but they are still eligible to participate in the auction.

#### Chapter 2315: Auction

Kun is constantly talking about those people who are introducing Ye Xuan. It is to let Ye Xuan have a preliminary understanding of the many forces in the Kunlun domain.

Today's Ye Xuan is no longer as powerful as the Kunlun Divine Powers.

After all, he offended from home, then, very likely, some forces will find Ye Xuan trouble.

It is naturally a good thing that Ye Xuan knows the situation of these forces in advance.

This time the auction, after all, is a rare auction, so the scale is very large, it is actually there are one hundred auctioneers at the same time carrying out the auction.

If you look at which auctioneer is auctioning, then you can call the auctioneer.

However, at the beginning, there is nothing worth paying attention to.

Kun did not return to his own private room. In this private room, only Ye Xuan was left alone.

Suddenly, a system prompt caught the attention of Ye Xuan.

"Hey, the system prompts, the host please pay attention, detect the mysterious person!"

"Mysterious man, who?"

Ye Xuan asked subconsciously.

"Hey, the system prompts that this person is the mysterious person that the host encountered before entering the ancient secret of the piano!"

It turned out to be him!

Although Ye Xuan did not know why the system would prompt him, but Ye Xuan still locked his attention on that person.

At this time, the person seems to be really uncommon when he comes to the auction.

On the body, he did not wear the old black suit, but changed a blue suit.

The man quietly watched the auction, but Ye Xuan knew that he was definitely waiting for something.

Since it is what the organization wants, then Ye Xuan will never let them get it.

Soon, a magic weapon was placed on the auction booth.

"Everyone, please pay attention, this magic weapon, but a rare magic weapon for the beast, as long as it is a favorite beast of the distinguished guests, and it will be included in this magic weapon, then the magic weapon will automatically adjust according to your wishes. The beast will not be released until the beast is successfully tuned."

"Yes, this is the animal circle! The taming circle is very difficult to make, and the tamer circle in my hand is a warrior. The wool is obtained from a mysterious secret. It can be said that it is counted. Boutique in the boutique!"

.....

"The starting price, 100,000 Shenjing, each time the price increase, not less than 10,000, well, please bid!"

"I am out of 500,000!"

The first one to ask for the price is the mysterious person. At this time, he directly recited 500,000 in one breath, and he was sure to have a look.

Ye Xuan slightly frowns, the body of the animal circle, the function is very simple, and there is no place to pay attention to besides the animal.

Why is this guy willing to spend a lot of money to buy?

You know, the production of the animal circle is not too complicated.

In fact, if Ye Xuan is willing, as long as there are enough resources, then Ye Xuan can also make it.

Therefore, at this time, Ye Xuan was quite confused, why this person is in a position to be sure.

What role does this tamer circle play in destroying the organization?

It is no secret that there is no continuous resurrection of the ancient demon gods. That is to say, for the beasts, perhaps they have a set of their own means.

However, it is a bit uncommon for a taming circle to be impressed.

Ye Xuan frowns and wrinkles, thinking quickly in his heart.

What is the use of this thing for the organization?

Of course, since Ye Xuan doesn't understand, then it is better to buy it. Anyway, as long as it is what the organization wants to get, then he will not let them get it.

Yu Xuan placards.

"I am out of fifty thousand!"

Ye Xuan does not care about Shen Jing, Shen Jing, he still has a lot of hands in his hands, but as long as it can destroy the plan of destroying the organization, then even if you use more Jingjing, Ye Xuan will not feel bad.

Hearing the price of Ye Xuan, the man did not hesitate to greet him again.

"one million!"

Is it added to one million in one breath?

Ye Xuan mouth gently tilted.

"One hundred and ten thousand!"

Yes, he is going to do so 10 million, but I have to look at it, to what extent this guy who can organize the organization can bid!

"five million!"

boom!

This time, not only is Ye Xuan strange, but the people around him are also surprised.

The animal circle is not a precious magic weapon. Perhaps all of this magic weapon will be eligible for the auction, just because he found his place special, and he himself may not have much value at all.

You know, if there is really a domesticated beast in this beast circle, I am afraid that it will not be auctioned out.

Since it is auctioned out, I am afraid there will be no beasts worthy of attention.

Five million, this guy is willing to know, to know, a new refinement of the animal circle, the general price, it is about two million.

It can be said that the price of five million has exceeded his original value.

Can it be said that in fact, the person did not really want this taming circle, but saw that Ye Xuan constantly step by step, so he deliberately called such a high price, good pit Ye Xuan?

Not without this possibility.

But Ye Xuan is not willing to believe, because if he really wants to hang himself, it should not be added to five million in one breath.

"50.1 million!"

Ye Xuan once again increased the price, still only 10 million.

The mysterious man looked at Ye Xuan's eyes in a sullen manner. He originally thought that the price of five million, then no matter who is raising the price with him, I am afraid that he will give up.

But he never wanted it, and the man had not given up.

At this time, the mysterious man who destroyed the organization looked at the loft where Ye Xuan was in the cold.

If it is not here in the shrine, presumably, this guy is ready to kill Ye Xuan!

However, the place is special now, it is not the place where he can make trouble.

"5.5 million!"

Did you increase the price?

Ye Xuan does not hesitate: "5,500,000"

At this time, Ye Xuan and the man fighting the price, naturally caused a lot of people's attention, but they did not want to understand why the tuna circle has something special, it will be worth fighting for these two people.

"5.6 million!"

"5.61 million!"

"Six million!"

"6.01 million!"

Regardless of the price of the other party, Ye Xuan is always 10,000 higher than him. The more the guy wants to get it, the more Ye Xuan will not give up.

"Ten million!"

Suddenly, the man added another high price again!

Ten million, this can already be sold to five tamer circles!

People are waiting, waiting for the sound in the attic to see if the owner of the attic is going to continue to bid.

"One thousand and ten thousand!"

Sure enough, the price has increased!

Boom, everyone in the entire auction is surprised.

In this case, they really can't understand it. You must know that this thing goes far beyond the original value!

Chapter 2316: Ancient mythical beast

However, what they never expected was when Ye Xuan called the price.

The man did not hesitate to call out a high price!

"100 million!"

Yes, it is a hundred million!

It seems to be deliberately vindictive.

100 million!

A new tamer circle is only two million. How many tamer circles can be bought in 100 million!

Moreover, this guy actually went up from 10 million to 100 million.

That look is like a deliberate grudge.

Unfortunately, no matter how he is doing, since Ye Xuan has decided not to let him succeed, then naturally he will not give up.

"100 million!"

Is it only 10,000?

Even if everyone doesn't want to pay attention to Ye Xuan, it won't work.

This guy, what exactly do you want to do, every time he doesn't dare to pay the price of the other party, he only adds 100 million, what exactly he wants to do.

Spend 100 million to buy a two million thing, how to see, how is the behavior of brain damage.

However, the fierce price of these two people, but it is also doubtful, is there any special speciality of the animal circle.

Of course, even some people doubt it. No one is involved in the auction.

After all, 100 million is not a small amount.

Many people's budgets are actually less than 100 million!

"Damn, are you really trying to fight with me, okay, come, I will give out one billion!"

One billion!

Actually called out the price of one billion!

This time, everyone can't be calm!

One billion, it is actually called a billion, the animal circle, can really be worth one billion!

Ye Xuan was hesitant. In his eyes, in fact, the animal circle did not know what it was. Therefore, when this person called out the price of one billion, Ye Xuan hesitated.

Spend a billion if that thing is really useless.

So, isn't it a waste?

However, even if it is a billion, what the organization wants, Ye Xuan will never let him get.

"One billion and one thousand!"

Ye Xuan has increased the price, and he actually asks for the price.

The person who destroyed the organization looked at Ye Xuan in a cold and cold eyes, and Ye Xuan could see the killing from his eyes.

Unfortunately, Ye Xuan does not care.

"Why, don't you continue to increase the price?"

Ye Xuan's voice was faintly passed out.

He would like to see if the mysterious person who destroyed the organization still has to continue to increase the price.

"Well, since you are willing to spend one billion to buy something useless, then congratulations, you won!"

The man seemed to be laughing at Ye Xuan and spent 10 billion to buy something that was useless.

However, Ye Xuan's mouth is slightly tilted.

The killing in this guy's eyes has already betrayed him.

Maybe he is jealous of what.

Perhaps he is worried about continuing to increase the price, and will let more people notice the beast circle.

He just wants to wait for the auction to end, and then directly grab it!

However, these have nothing to do with Ye Xuan.

Since Ye Xuan decided to buy something, even if it is worth less than this price, Ye Xuan will not care.

Besides, from the eyes of the man full of killing, Ye Xuan can know that the ring of the tamer he bought is strange!

This auction has only just begun, and there has been a billion auction.

Some people say that Ye Xuan is a fool, obviously spending money.

Some people also doubt that the animal circle is not weird.

But these, Ye Xuan will not care.

One billion bought the animal circle. For Ye Xuan, there is no value at all. He cares more about it, but it is this thing. What secrets are hidden.

In fact, Ye Xuan's hands are of course more than one billion gods.

You must know that according to the habits of Ye Xuan, he killed people, and naturally he would not let go of the ring.

Just now, he killed the young masters in the shrine, and so many away guards, in fact, they have not let go of their Qiang Kun ring, so at this time Ye Xuan has a lot of resources in his hands, enough for him to squander.

The auction continues, but every time, as long as the mysterious person is going to buy something, Ye Xuan will definitely jump out and stop. As long as he wants to buy something, then Ye Xuan will never let him succeed.

Although for this purpose, Ye Xuan did spend a lot of money, but Ye Xuan did not care.

As long as it is able to block the guy, spend more Shen Jing, Ye Xuan feels the value!

Soon, someone sent the first item that Ye Xuan auctioned.

Ye Xuan did not hesitate and gave it to the gods directly. He then carefully observed the beast circle.

But Ye Xuan looked at it for a long time, but did not see anything special.

Could it be said that this tamer circle is really nothing special, just that the mysterious man is fighting with Ye Xuan?

No, Ye Xuan does not believe this will happen.

"System, detect this thing!"

"Hey, the system prompts, the detection is complete, no special findings."

No special findings?

Ye Xuan does not believe that he does not think that this thing is really nothing special.

"System, use belief values, give me enhanced detection!"

Yu Xuan suddenly ordered.

Faith value, Ye Xuan is not lacking now. After the integration of the ancient secrets of the piano, the engulfing space will bring a lot of faith values to Ye Xuan every day!

After all, it is a mysterious person, and it is still a time difference of fifty years.

Then, the natural Ye Xuan can get a lot of faith values.

"Hey, the system prompts, using belief values to enhance detection success!"

"Hey, the system prompts, detects special items, the ancient trapped beast!"

"Hey, the system prompts, detects the special beast trapped by the ancient trapped beasts, the ancient demon \*\*\*\* - the soul-seeking demon!"

boom!

Ye Xuan was surprised. Sure enough, he did not guess wrong. This thing is not so simple. It turned out to be an ancient thing. Although he disguised himself as a beast circle, he was not a religious circle at all.

Don't say a billion, even if it is 10 billion, 100 billion, as long as Ye Xuan can take this thing, then it is definitely a big profit.

Ancient beast!

Now, in addition to those special mysteries, where can I find the ancient beasts, not to mention the ancient beasts trapped in the ancient trapped beasts.

At this time, Ye Xuan still does not understand the truth he earned.

Of course, this is not the place to study this thing. Therefore, Yu Xuan simply makes the system detect and there will be no extra movements. He does not want to cause unnecessary trouble.

As the auction progressed, the things that Ye Xuan had forcibly grabbed from the mysterious person were also in the hands of Ye Xuan.

What Ye Xuan did not think was that these things were all the rest of the ancient trapped beast.

No matter what appearance he is disguised as.

But the fundamentals of these things are actually the special storage components of the old and the poor.

This ancient trapped beast, since it is called the array, then naturally it will not be so simple.

Array, can be understood as the array, although the current gods, there have been very few people using the array.

Chapter 2317: a story

After all, the use of the ban is broader than the array. It is not only portable, but also has a lot of power, and the limitations of its use are not so much.

Therefore, the current world of gods has long been no longer using the array method, but using the ban.

However, this thing, after all, was still very popular in ancient times.

Well, naturally, some of it has spread to the present, and nothing is weird.

However, no matter what it is, as long as it has been passed down from the ancient times to the present, it is absolutely not simple.

Even if they are probably no one will use it anymore.

For example, now, Ye Xuan's hand in this ancient trapped beast, Ye Xuan can't understand.

The ban only needs to be refining and can be used if it is laid out at will.

But the ancient things are not that simple.

Ye Xuan now has a total of twelve pieces belonging to this ancient trapped beast array, but in addition to the first thing that looks like a tamer circle, the other result is only the ancient trapped animal array. I don't know how to use it.

For a time, Ye Xuan actually can't help, and, can't count on the system, because the system prompts one, the host level is not enough, can't open...

Helpless, Ye Xuan can only temporarily put this thing away.

Ye Xuan still doesn't know that he has inadvertently destroyed a big plan to destroy the organization.

The organization of extinction is not a small organization. Their power is almost all over the whole world. They have been trying to do something.

For example, resurrect the ancient beasts.

Once they are resurrected by these ancient beasts, it will not be that simple.

For example, they used the totem beast to resurrect the ancient demon.

Those who are only resurrected, and resurrected with the totem beast, have long weakened their strength, and have been able to have extremely powerful combat power.

What's more, it is a real ancient beast, or an ancient animal that has been domesticated!

In fact, one of the biggest goals in the destruction of the Kunlun gods is to collect the entire ancient trapped beast array, because the organization of the extermination has the means to open the ancient trapped beast array, thus gaining the allegiance of the ancient beast.

Think about it, once you let the organization get the allegiance of the ancient beasts, then how much destructive power can be generated!

It can even be said that if they use the means, they can gradually eat into the entire Kunlun domain!

Therefore, this time, Ye Xuan was inadvertently saved a Kunlun \*\*\*\* domain.

Of course, at the same time, he will also annihilate the organization's death.

It can be said that the organization of the organization, for the first time, took the initiative to look at Ye Xuan.

Before, it was always that Ye Xuan took the initiative to find the trouble of destroying the organization, but the organization did not care about Ye Xuan, and never had any action on Ye Xuan.

But this time, I am afraid that the organization will not be able to swallow Ye Xuansheng!

Of course, these things Ye Xuan still do not know.

At this time, his attention has returned to the auction.

Since those things were all taken away by Ye Xuan, the mysterious person who destroyed the organization also quietly retired.

Their goals are very clear, and once they fail, they will be taken away immediately to prevent exposure.

The auction has been carried out until now, and it has already entered the finale.

The original one of the hundred auction houses, only the last one!

All finale items will be carried out by this auctioneer.

"Below, what will be filmed is the first finale of this auction."

"I think everyone will not be unfamiliar with the God Fuzong. This time, it is an ancient rune of the Shenfu family..."

It turned out to be an ancient rune!

Ye Xuan was quite surprised. Of course, he was not tempted at all, because the charm was not of much use to Ye Xuan.

However, Ye Xuan knew it, fearing that there was another force of the Tribe of the Tribe, and began to invade the Kunlun Divine. This news, for Ye Xuan, does not know whether it is good or bad.

The auction of finale items is undoubtedly an absolute boutique, and some are good things that are difficult to meet in a lifetime.

Again, the price is definitely a high price.

Of course, these things are useless to Ye Xuan, and he is too lazy to take a look.

"Next, we have to auction this thing, perhaps many people have not seen it, but what can be promised is that this treasure is not a leisure."

"First of all, please let me go to a story for everyone. 300,000 years ago, there was a time to sensational the entire Kunlun domain. I don't know if you can remember it?"

"Three hundred thousand years ago, I had a peerless genius in the Kunlun domain. In a short period of one hundred years, he was promoted from a \*\*\*\* to the kingdom of God. It can be said that it was absolutely unique at the time. genius!"

"But later, people realized that he was not a genius at all, but a guy who practiced special evil magic exercises, and the reincarnation of the magical powers! That guy, who cultivated this evil is extremely incompetent but powerful and reincarnation !"

"Every time this promotion, you need to eat the gods of a thousand people in the same realm to do it, and this guy is simply a super spy sent by our enemy. It took him 100,000 years to sneak into us. Kunlun Divine! He spent another 100,000 years to create a family whose family was my Kunlun domain!"

"But, all this is what he did, because in addition to this reincarnation, he also mastered a mysterious magical power. We don't know the name, but we know that we can be thousands of people." , playing different roles, and also being able to show different personalities and so on!"

"It is this person who led to the early failure of the Lord God War in Kunlun Gods 300,000 years ago! If it wasn't for the great God Lord to discover in advance and see through it, I am afraid that the Lord God War will be defeated!"

"Yes, this time, what we are going to auction is his hidden power, and it is a one-way one-way heritage. That is to say, there is only one copy in the world, no other!"

.....

There are even such eccentric magical powers. Can one person play different realms, different looks, and different personalities?

Ye Xuan was only a moment, and was attracted by this magical power.

This thing is very useful for Ye Xuan, although the specific function Ye Xuan is not very well understood, but the ability to differentiate a hundred thousand, it is already very good, can make the action after Ye Xuan more convenient.

"This thing, I want it!"

Ye Xuan does not have a lot of resources on hand. It can be said that he must find resources to win this thing.

Of course, Ye Xuan does not have to worry about it. Ye Xuan is sure to collect the compensation from his home. Anyway, he is completely hostile, and why not take advantage of it.

Chapter 2318: Raise the price

"This nameless magical power, I don't think I need to introduce too much, everyone should know his value, so I will not say more, starting price, ten million Shenjing!"

Ten million gods, perhaps many people, have never been able to make up so many crystals in their lifetime, but in the eyes of these powerful and big forces, they are nothing.

"I am out 100 million!"

The first time I called, even someone gave me ten times the price.

After all, this nameless supernatural power, only this one! If you don't say anything else, just say that he is the only one, it is enough to make many people crazy.

In fact, for the rare supernatural powers, let's not say how powerful he is, but as long as it is rare, then it will be sought after by people.

Things are rare, and this principle is equally applicable in the realm of God.

Ye Xuan frowned slightly. In fact, he knew in his heart that this time he wanted to win this inheritance. It is not so simple. Perhaps this is useful for Ye Xuan, so he has to win.

But some people, perhaps just because they feel strange, will go all out to buy.

After all, Ye Xuan has only one person. Even if he can get compensation for leaving home, it is not likely to be too much. At best, there are tens of billions of dollars that can't be lost. In front of him, he has already squandered a lot of Shenjing. Is it this time? He really can only give up.

No, no, he won't give up.

The price below is constantly improving. At this time, someone has already sold out a price of nine billion.

However, this is not a high price, because those most powerful strengths have not yet been shot.

Suddenly, in a box, there was an indifferent voice.

"This thing, I want it, the spirit of one hundred stars!"

The Spirit of the Stars!

Someone actually came up with the spirit of formation!

The spirit of formation, one can be exchanged for 100 million gods.

Perhaps on the surface, this is just one billion gods.

But don't forget, this is the spirit of the stars. Only the trade between God and the Lord will use the spirit of the stars. Many people, even the big forces, regard this as a strategic reserve!

It can be said that there is a nominal 100 million exchange for a star spirit, but few people will be stupid to exchange.

The spirit of the stars represents a completely different level of trading.

However, I did not expect that in this auction, there was a star spirit.

Who is in the private room, which power is actually such a domineering?

Ye Xuan also frowned slightly, and the spirit of the stars came out, not only the price issue, but the key is the momentum.

This momentum is enough to crush many people.

It seems that Ye Xuan can only be under the blood!

"I have 10 billion gods, plus an ancient resource!"

"puff!"

Among the private rooms, a strong person who is making tea, sprayed it directly.

"The ancient resources, this person is crazy?"

Ancient resources, that is something more rare than the spirit of the stars.

After all, that thing can only be found in the ancient secrets.

However, the ancient secrets, I am afraid that such a god, do not necessarily dare to enter easily.

But now, some people actually take ancient resources to exchange!

This person, it will not be brain damage!

"The one in the private room over there, your ancient resources, how to exchange it directly with me, I am willing to exchange it with Shenjing or the spirit of the stars!"

The person who spoke was just the person who wanted to take the nameless magical power with the spirit of the stars.

Ye Xuan's words directly confuse the auction.

Because there is an ancient resource, such a thing can not be ignored.

For a while, the auction was interrupted.

Ye Xuan's mouth is slightly tilted. The ancient resources he wants to take out are of course real goods, but well, the effect can't be guaranteed. After all, this is just a common resource that devours space.

Of course, Ye Xuan is still very satisfied with the sensation caused by himself.

Auctions, sometimes, are the only momentum that adds to each other.

If you can crush other people on the momentum, then you may get what you want at a low price.

If you say 10 billion gods, plus this ancient resources, you can switch to the nameless magic.

So for Ye Xuan, it is definitely a big profit.

However, Ye Xuan also understands that it is impossible to be so simple.

Sure enough, as Ye Xuan expected, there was a box of people talking.

"Imagine the ancient resources in the hands of the Xiongtai. I am afraid that it is only a kind of ordinary resources. The ancient resources do not mean that each one is very precious. Some ancient resources are not useful for ordinary resources! I am one hundred and five. One billion!"

The man first pointed out the ancient resources of Ye Xuan, perhaps not so practical, and then directly broke the high price of 15 billion yuan. It can be said that in one sentence, he destroyed the atmosphere created by Ye Xuan.

But Ye Xuan would not care.

Auctions are more than financial resources.

Although Ye Xuan does not know whether this thing has any great effect on himself.

However, since someone wants to raise prices with themselves, then you can have fun.

"So, you are prepared to raise the price with me. Well, I have 20 billion gods, with three ancient resources! This way, the lowest, I am worth 30 billion gods, how? Do you still want to continue to increase the price?"

Ye Xuan's tone is dull, not sad or unhappy, but he has to look at how that person does it.

When I heard Ye Xuan's words, the man was obviously angry, because Ye Xuan actually heard the scorn.

Now, in addition to the private room, other people have completely given up. With their financial resources, they want to compete with those of Ye Xuan in these private rooms. Basically, there is no chance of winning.

"Hey, how about 30 billion, I am going to 40 billion!"

Ye Xuan's mouth is slightly upturned.

It seems that this guy is ready to fight with himself?

This supernatural power, Ye Xuan cares, but there is a system in hand, there is no chance to merge out similar, so, get or not, Ye Xuan will not be too strong.

But now that someone still has to fight with Ye Xuan, then Ye Xuan said that he must not clean up him.

"It seems that you are arbitrarily with me? Five ancient resources, with 50 billion Shenjing, how do you compare with me? Fight with me, you are tender!"

Ye Xuan's words seem to despise the person, but if someone sees Ye Xuan's present expression, he may know that he is deliberate.

"Five billions of gods, five ancient resources, I am even if you are 70 billion gods, but you think that you can take that thing," I am out of a thousand stars, come, you Continue to increase the price, see who we have fought!"

The man yelled and said.

Chapter 2319: Shocking price

"Hey, since you like it so much, then I will give it to you. The spirit of a thousand stars buys such a flashy magical power, and Xiongtai really has money!"

Ye Xuan's words are simply not damaged.

It can be said that many people are laughing at this time, and even more, they are not directly resisted, laughing.

Obviously, there is a guy who is Ye Xuan Yin, and it is very miserable.

Although this nameless supernatural power is said to be the only one, it is obvious that this thing does not have much combat power. It may be good to collect it, and this thing cannot be passed down. That is to say, that person can't even The magical heritage continues.

The spirit of a thousand stars bought such a useless thing, and it is conceivable that the loss of that person should be heavy.

"The Spirit of a Thousand Stars for the First Time! Is there anyone else to increase the price?"

The sound of the auctioneer came.

Of course, even if it is a fool, it is impossible to increase the price.

The spirit of a thousand stars, that is, one hundred billion gods, which is far beyond the original value of that thing.

It can be said that if such a thing does not appear in such an auction, I am afraid that even if I sell a billion gods, there is no one to buy.

Ye Xuan looked at the private room in the distance.

Because the rooms here are all specially made, in general, no one knows which one is among the rooms.

Of course, for those big forces, they will reveal their identity.

So Ye Xuan can know that he is competing with him, but it is another of the four ancient families.

Just the most out of home, but also offended another ancient family, afraid that only Ye Xuan has such courage and temper.

As for other people, who can dare?

This nameless magical power was eventually taken by the man.

Subsequent auctions did not have much ripples. With Ye Xuan's move to raise the price of the pit, the price increase was also a lot when everyone raised the price. At least, there would be no random price.

Until the appearance of something.

"This thing is a special magic weapon obtained from the land of the void. I don't know what it is, but what is certain is that this is definitely something left by a certain power in ancient times. According to the identification, this thing It has a very strong defense, and at the same time, it is also a special material that is unknown...."

The auctioneer is still in the end.

However, Ye Xuan, the system's prompts, more clear.

"Hey, the system prompts, it detects a special martial art, and it is a scorpion armor!"

The broken armor of the gods, even now it is difficult to recognize his true appearance.

Not waiting for Ye Xuan to react, the system once again reminded: "The sacred armor is part of the scorpion suit. The host should note that once the host gains the armor and the repair is successful, the host can trigger the suit effect."

What is the effect of the suit, Ye Xuan does not know, but what he can know is that this scorpion armor and scorpion sword is a set of equipment, and it is extremely useful for Ye Xuan.

Others don't know what it is, but Ye Xuan can't possibly know.

The power and attributes of the sacred sword, Ye Xuan is very clear, then, the same as the suit of one of the 弑神 armor, can you still get where to go!

Suit, did not expect, Ye Xuan actually encountered a suit here, but also a \*\*\*\* suit.

This time, it seems that Ye Xuan is to be obtained at any cost. This thing can only belong to Ye Xuan.

Only in the hands of Ye Xuan can you get the most value!

"Ten billion!"

"Five billion!"

The price continues to rise, everyone knows that this is a good thing, naturally no one will give up, of course, because this thing is broken, I still don't know if it can be repaired, so everyone still hesitates when raising prices.

At the time of the 100 billion yuan, people will be more expensive, and each time it is only 120 million yuan.

Obviously, Ye Xuan's last move was really a surprise to everyone.

However, at this time, Ye Xuan spoke.

"One hundred billion Shenjing, five ancient resources!"

Ye Xuan has so many crystals?

No, he certainly didn't. However, Ye Xuan dared to call such a price. It was a big deal. He took out the things that were later produced in the space and mortgaged them.

He must have this thing, so Ye Xuan at this time has been completely desperate.

It is him again!

The eyes of countless people gathered on the chest of Ye Xuan, and many people are wondering if they should continue.

After all, Ye Xuan's last pit was not too shallow.

Who knows, this time, is he a pit person?

"One hundred billion Shenjing plus five ancient resources, then it is one hundred and twenty billion, let me out of 130 billion, the brother who is there, do you still have to follow?"

Someone bids again. Obviously, it is not so easy to force everyone back.

But where did I know that the man's words were finished, but I heard Ye Xuan's voice ringing again.

"One hundred billion Shenjing, plus twenty ancient resources, one hundred special resources!"

boom!

Boiling, everyone is boiling.

What this guy is going to do.

Twenty ancient resources, with a hundred special resources.

You must know that the resource is not that you said that he was an antiquity or an antiquity. He said that he is special and special. All resources are specially identified. Only when they meet the appraisal, can they be positioned.

Ye Xuan now called out a hundred billion Shenjing, 20 ancient resources, a hundred special resources, this is the rhythm to prepare for life.

Of course, everyone is hesitating this time.

Looks like the last time, Ye Xuan is so arbitrarily asking for price, thus pitting someone countless gods.

Is Ye Xuan really playing this time, or is it a mystery?

People have to think about it, and they still have to count the amount of the broken armor.

But now, no one knows what the armor is, so they finally give up.

"Well, congratulations to this son for this auction item!"

With the auctioneer's words, Ye Xuan smiled bitterly.

This time, he owed a huge debt.

It seems that Ye Xuan can only think of asking for help.

This auction house belongs to the Lord of God, that is to say, it is awkward, Ye Xuan wants to pay off slowly, then, can only ask for help.

Only when you come out, you may be able to make Ye Xuan wishful.

After the auction, Ye Xuan did not have the mood to participate. After all, regardless of any items appearing, Ye Xuan was not qualified to compete.

He is now in a state of negative equity.

After Ye Xuan found a simple and simple statement of his own requirements, he went to find it.

After all, this kind of thing is only 半废 able to be the master.

Ye Xuan owes it, there are too many.

However, what Ye Xuan never thought was that he agreed, but there are still conditions to agree.

Chapter 2320: Value or not worth

The embarrassing request is very simple, he can promise Ye Xuan's batch repayment, but the premise is that let Ye Xuan must participate in the collapse of God!

The fall of the Lord God is a small part of the battlefield of the Lord God.

This downfall is to let the various gods send their elites to fight in the ring.

Life and death conceit, but it is related to the face of every divine, there will be heavy gambling.

Ye Xuan didn't know why he actually let him go, but Ye Xuan knew that he didn't want to participate.

According to the rules of the auction, if the contract is breached after the auction, then 20% of the quotation must be paid as compensation.

Ye Xuan's price is afraid, it's possible to count him as 200 billion!

Twenty percent of two billion yuan is 40 billion!

In other words, Ye Xuan wants to default, then, you need to pay 40 billion Shenjing!

Four billion, it is equivalent to Ye Xuan's entire body, this is still enough to count the compensation from home.

Therefore, Ye Xuan has no choice at all.

Fortunately, the downfall of the Lord God has not yet begun. At the same time, the time when the Lord God's captain is opened is the opening of the battlefield of the Lord God.

Or it is opened after several discussions with the gods!

Of course, there will be differences between the two. The collapse of the Lord God in the battlefield of the Lord God is basically a struggle between life and death. There is only one result, that is, death!

If the collapse of the main gods jointly established by several gods is not necessarily so dangerous, after all, since it is willing to open the collapse of the gods in peace, it has already been said that at least the relationship between these gods is not very bad.

After Ye Xuan agreed to the conditions, he got the scorpion armor as he wished.

For this thing, Ye Xuan has paid a great price, and can even be said to be the possibility of dying.

If this thing can't meet the needs of Ye Xuan, then Ye Xuan can lose money!

At this point, Ye Xuan looked at the thing and had begun to view the properties.

"System, show me the attributes of this thing!"

Ye Xuan said to the system.

"Hey, the system prompts, in the analysis of the specified item data, the analysis is complete!"

Broken 弑神铠甲: One of the 弑神套装, has a strong defense ability, and also has several special magical powers, currently 80% broken state, so can not be used, can not view specific attributes !

Ye Xuan shook his head helplessly, and spent such a big price, but changed this one thing that has not been used for a while, and I don't know if it's worth it. However, when I think of this thing, it's in the suit. One piece.

Think about the power of the sword, then, I am afraid that once this thing is fixed, it must not be so simple!

Therefore, Ye Xuan is also relieved.

Now Ye Xuan, it is also a heavy load.

The things that owe you are not to say that you can't pay back because Ye Xuan is not willing to owe people. Ye Xuan has some cautions against the old man and his sister.

Therefore, after leaving the auction, Ye Xuan just took a few days off and immediately set off.

The things of Lin Fengjing, the things of the main gods, the whereabouts of falling, and the things of leaving home, etc., simply let Ye Xuan want to rest.

Perhaps, to go to the mysterious lake to kill the beast, but it is a kind of relaxation.

"System, send me to the mysterious lake!"

Ye Xuan issued an order to the system.

The mysterious lake's beasts are huge, and the ranks are also very high. It is better to be the place where Ye Xuan is leveling.

Moreover, there is nothing else besides the beast, but it can make Ye Xuan quiet.

"Millions of swordsman, go find the target!"

Ye Xuan released the Wan Xun swordsman and was ready to find the target of this time.

Wan Xun's swordsmanship has no other abilities, but the detection ability is absolutely powerful, so don't look at this small thing is usually useless, but sometimes it is really best for him.

Soon, Wan Xun swordsman sent a signal back.

Ye Xuan's goal of this action was finally found.

When Ye Xuan reached the target, he looked quite strangely at the mounds in front of him. To be honest, he also sought the goal of the swordsman, and he did not think so much.

However, this time, what did Wan Xun Jian Shi find for Ye Xuan?

"Hey, the system prompts, the host please pay attention, the special beast of the investigation, the whirlwind swallowing the rat!"

mouse?

"Hey, the system is, the whirlwind swallows the squirrels, is a special beast, generally activities in groups, the lowest level of true deities, the Rat King has the inferiority of the king!"

Lying in the trough!

No, Chihiro Swordsman, this time I got a big trouble for myself.

The group of beasts, that is the most difficult to deal with.

"boom!"

Suddenly, the ground suddenly moved and a figure jumped out.

Isn't it a whirlwind?

This guy may just want to breathe in, and suddenly saw Ye Xuan, only to see him squinting.

And Ye Xuan, also looking at it.

At this time, the distance between the two sides was less than 100 meters, which turned into a big eye and a small eye.

The wings of the gods can make Ye Xuan have the ability to hide, so Ye Xuan can easily pass the whirlwind of the gods.

However, this whirlwind swallowed the mouse, but also had a special stealth ability, but also successfully escaped Ye Xuan's thoughts.

All of this has such a scene.

Suddenly, Ye Xuan moved, and quickly pulled out the sword, which was a sword.

The whirlwind swallowed the mouse, and the little guy first made a sharp call, then opened his mouth toward Ye Xuan.

A strong attraction hit Ye Xuan, and the whirlwind swallowed the special supernatural powers.

Just by name, one of the special magical powers of this little one is a swallowing word.

It can be said that don't look at the whirlwind of the whirlwind, but once it is launched, even if it is 10,000 times larger than his size, it can be swallowed.

After the two sides met, it was only a short mistake, and they launched a counterattack!

"Destroy the gods!"

The seven rays of light rushed straight toward the whirlwind.

I know, the seven swords light, actually swallowed by this guy.

"It's so fierce!"

Ye Xuan is wrong, his desolation, this is the first time it has been resolved, and it is still resolved in the form of being swallowed!

It can be said that Ye Xuan is quite surprised!

However, the next scene is fun.

Between the whirlwinds, the squirrels showed a slight glimpse, and then they rolled up on the ground with their stomachs.

"I actually want to swallow the attack of the sacred sword, this time, let it be self-sufficient!"

Ye Xuan's mouth is slightly tilted.

It is quite disdainful to the whirlwind.

Suddenly, at the side of Ye Xuan, suddenly, the sound of an explosion sounded.

"boom!"

"boom!"

"boom!"

A head whirlwind swallowed the mouse, and this came out, it was dozens!
