Chapter 232: Dongfu

The second two hundred and twenty-two chapters

However, the next moment, Ye Xuan discovered a problem.

He used the Eight Wild Winds and the Eight Deserts and Swords. It has already destroyed half of the bamboo forest. You must know that this is a bamboo forest with defensive methods.

He tried his best and couldn't hurt a bamboo. But now he has destroyed dozens of bamboos, almost half a bamboo forest. If the elders come out, he can't eat and walk.

"No, it's a disaster, run!"

Ye Xuan sensed it and found that the elder had already arrived at the door of the hut, ready to open the door, which scared him to turn around and run.

.....

At the same time, the entire Ling Xiaofeng was in trouble, and the elders who were retreating on the mountain went out to check.

"What kind of voice, what happened to Ling Xiaofeng?"

"I don't know, fast, check it out, is there a master invade."

"With such a big movement, it is not going to be a strong fighter in the ground?"

"Is it the breakthrough of the head, and the elders in the past?"

.....

Ye Xuan, who made a big noise, was also rushing back to the address of the elders.

"Ye Xuan, what happened to the loud noise?" The elders of the elders saw Ye Xuan return and asked quickly.

Fang Caixuan shouted twice in the bamboo forest, but it was actually in the illusion, but only the elders could hear it. However, the illusion was removed, so it was spread throughout the peak.

"Cough, I accidentally got it."

Ye Xuan is a bit embarrassed, but my heart sighs that the eight-day-shocking sword is too abnormal. If someone does not have a body and does not use Dan Yuan to protect his ears, I am afraid that it will be directly turned into a fool, and the heavy one will be violent. .

The powerful place of the Eight-Day Earth Sword is not attacked by the huge sword shadow, but the sound explosion.

"You kid, you must have lost in the magic array, want to make a big break?" said the elders, and directly recruited one person to let him inform other people.

Ye Xuan laughed, it is like this.

"Right, have you seen the moon?"

The elders asked, and he knew that Ye Xuan could not break the magic array. It should have been sent by Lin Wen Yue.

"The kid can't break the magic array, but after the identity is revealed, the elders will meet me." Ye Xuan replied honestly.

"See you..."

The elders of the elders did not have many accidents and continued to ask: "What did that Wen Yue say?"

"The elders said that my father has left the Tianshui continent and went to the \*\*\*\* rock continent. If I want to go to him, I must at least be a god." Ye Xuan replied.

God is in the four realms!

When I heard this, the elders of the elders were also slightly trembled, and the gods were in the same territory. There were not even a few in the mainland.

"It turned out to be a \*\*\*\* rock continent. If my Tianshui continent is compared with this blood rock continent, it can't be regarded as the mainland. It can only be regarded as a small island." The elders of the elders subconsciously said one sentence.

Ye Xuan asked a little strangely: "Is the elders ever heard of this \*\*\*\* rock continent?"

"While I heard that my ancestors migrated from the blood rock continent, the blood rock continent is ten times or even thousands times larger than the Tianshui continent. The strong people in the power environment can be seen everywhere..." The rise is also to Ye Xuan began to talk about the blood rock mainland.

Ye Xuan listened with gusto, and at this time, he felt that he was a countryman.

"When you are too elder, how can you go to the \*\*\*\* rock continent?" Ye Xuan asked again.

"This....."

The elders of the elders paused, regretting: "I was originally in the Tianshui continent, which is close to the \*\*\*\* rock continent. However, the two continents began to separate. Now, if I want to go to the blood rock continent, I would like to use a very special The method. You still don't ask so much, wait until you break through to the gods, and then you should understand."

He didn't want to say too much, so that Ye Xuan's peace of mind is the king.

Ye Xuan did not ask much, indeed, his realm is now too low.

The dilemma is the minimum requirement, and he is only entering the Danish world at the beginning. The gap is too big. However, he is confident that he will reach the miraculous territory within two years. By then, he will be able to find Ye Chong.

Although he is not the former Ye Xuan, but Ye Chong is also his nominal father, naturally it is necessary to help, let their family reunion.

"Taiwan elders, cutting the Bible?"

Ye Xuan suddenly asked again.

"I have passed her a grade-level exercise. She is enlightenment and the ruling is coming. I have time to be free during this time. I am going to guide them personally. Go back first." The elders replied.

"Yes!"

Ye Xuan nodded.

It seems that this is too good for the elders to pass on the prefecture-level exercises of the middle class. This is something that has no price.

However, just as Ye Xuan was ready to turn and leave, the elders suddenly stopped him.

"Right, I am in the middle of the state elders, I found a Dongfu, may be a strong place in the Dandong, so I want to send you to explore." Taishang elder said.

"The cave house of the strong landlord?"

Ye Xuan's eyes are bright, it is obvious that this strong land should be dead, then he must have left a lot of good things, this is a good opportunity to upgrade.

"That Dongfu is very suitable for your experience. There are four people in the Tiandi Xuanhuang Four Houses. Go back and prepare for it." said the elders.

"Yes."

Ye Xuan responded reverently, and then quickly left.

ready?

What are you prepared for?

However, he still went to Xuanzhifu.

Zhao Pan and Jiang Xian are not lazy, but they have already broken through to the real Xuanjing. At the moment, Ye Xuan has come up with two top-quality swords for them, and at the same time passed a lot of martial arts.

He did not give Zhao Pan two people, not because he is stingy, but because the land is extremely rare, and Zhao Pan and two people do not have strong strength, it is easy to be embarrassed by others.

Then, Ye Xuan went back to the heavenly palace for three days. After three days, the elders of Taishang were looking for it.

Just right, Ye Xuan can also hand over the refining of the earth and the six yuan Dan.

When the elders of the elders saw what Ye Xuan had come up with, they were shocked.

In just three days, Ye Xuan refining all these things.

"The elders are too old, twenty million squares, three hundred six yuan three million, a total of seven million medium crystal spar." Ye Xuan said quickly.

"You kid, take so many spar, don't mess around."

The elders of the elders were crying and laughing, and they lost a piece of Qiang Kun to quit.

"Thanks to the elders." Ye Xuan hurriedly said, and said: "Yes, she hasn't returned yet?"

"No, the two brothers and sisters are deeply impressed by the middle-class skills. Maybe when they come back, they have already broken through." The elders shook their heads: "Well, you are ready." Just go to the door and wait, I will bring you in person."

Wen Yan, Ye Xuan paused and said: "Then I will go and talk to the ruling first."

"Go, go quickly and go back." The elders nodded.

Then, Ye Xuan rushed to the peak of Ling Xiaofeng.
