Chapter 2321: Whirlwind

For a time, Ye Xuan was actually surrounded!

"Damn!"

Ye Xuan did not dare to stay and instantly rose into the sky.

But those whirlwinds swallowed the squirrels, but they wouldn't have let go of Ye Xuan. They only heard the special screams they made, and they rushed toward the sky, aiming at Ye Xuan.

"Damn! Give me to die!"

This time, Ye Xuan was caught unprepared, and he was not ready yet.

At the beginning, Ye Xuan thought that he would not have the slightest problem.

But where can I imagine that after he came over, he had just reached the edge of the whirlwind swallowing the land, and he encountered a surprise attack.

"Thousand beast swordsman! Flower **** swordsman, give me out!"

Ye Xuan waved his hand and summoned a thousand beast swordsman and a flower **** sword waiter.

The battle started in an instant.

Moreover, as soon as it unfolds, it has already become hot.

"boom!"

"boom!"

It seems that the whole earth is shaking, it seems that no matter whether it is in the sky or underground, it is full of battle.

The number of whirlwind swallowing mice is small, only a few dozen.

There are more than a thousand god-level mounts and flowers.

It can be said that if only the quantity is said, then Ye Xuan has an advantage.

It is a pity that the second magical power of the whirlwind is the speed.

These little guys are extremely fast, often dozens or even hundreds of god-level mounts, and they can't help them.

Their speed is extremely fast, and their ability to swallow their magical powers is actually a huge loss for the god-level mount.

"Megatron!"

Ye Xuan thought of a move, the form of the magic weapon of Megatron was immediately launched, and the first magic weapon form was the form that Ye Xuan liked.

Not Zhoushan printed!

Not Zhoushan, according to legend, is the **** mountain that supports the world, not only very high, but also great.

Unexpectedly, Megatron turned out to be such a powerful magic weapon.

Unfortunately, Ye Xuan does not have enough swallowing points. Otherwise, Ye Xuan said that this is not a fixed magic weapon.

"Repression!"

Ye Xuan waved a hand and a mountain appeared directly. The mountain was extremely large, but it continued to shrink during the process of falling, because he needed to automatically adjust the density according to the target.

The smaller the volume of Zhoushan, the more powerful he is.

Suddenly a loud noise, not Zhoushan directly fell, in an instant, a mountain appeared in front of Ye Xuan, and several whirlwind swallowing beasts were directly suppressed.

When Ye Xuan waved his hand, the mountain disappeared.

However, at the same time that Zhoushan Yin disappeared, the sky once again condensed the phantom, and it turned out to be like this.

Where the whirlwind swallowing squirrels may be able to withstand such a fierce attack.

Therefore, just a short-lived fight, there have been several whirlwind swallowing beasts crushed by Ye Xuan.

Not the Zhoushan phantom that Zhoushan Yin summoned, while falling, there will be several surrounding bans, and each ban will have special use. In the weak goal, strengthen itself!

Ye Xuan is just standing there, but he didn't have a wave of it and he will have a powerful mountain.

Constantly crushing the group of whirlwind swallowing beasts!

It can be said that as long as the action of this whirlwind swallowing the beast is slightly slower.

Then he will be crushed to death immediately!

Just now, the fierce whirlwind swallowing the beast, has already been jumped up by Ye Xuanyuan's captain.

Even if these guys can swallow something that is 10,000 times larger than their size, but not the illusion of Zhoushan, how many times?

"Oh...hey..."

The whirlwind swallowed the anxious noises, but unfortunately, Ye Xuan couldn't understand what they were talking about.

At this time, Ye Xuan had the time to look at their realm.

"System, check out the realm of these whirlwinds!"

"Hey, the system prompts, specifies the target, the average level, the medium true state!"

Lying in the trough!

Ye Xuan always thought that these whirlwind swallowing beasts in front of him should be said to be the best gods.

However, I did not expect this time Ye Xuan actually read the wrong!

These guys, the realm is so low!

However, it is possible to avoid the attack of Ye Xuan, which is lower than that of Ye Xuan. I am afraid that this whirlwind swallows the squirrels and has their own proud capital!

Suddenly, a feeling of horror rushed into Ye Xuan's heart, almost subconscious, and Ye Xuan suddenly jumped away from the position where he stood.

boom!

A huge whirlwind between the swallows turned out of the ground.

This guy is actually a dozen meters high!

Such a huge mouse, nothing else, just seeing, it feels very disgusting.

"Human, why are you killing my people!"

When the whirlwind swallowed the squirrels, they said directly to Ye Xuan.

Finally, I met a guy who can talk.

Wen Yan, Ye Xuan's mouth is slightly upturned: "You said that I slaughtered them? Why don't you say they besieged me?"

"Human nationality, here is my family territory, you are in the territory of our people, can you still have a reason?"

A mouse, actually dare Ye Xuan reasoned?

Although this mouse is a squirrel and a large squirrel, isn't it true that Ye Xuan will pay attention to him?

Ye Xuan left the left hand without holding Zhou Shanyin, holding the scorpion sword in his right hand, faintly looking at the large mouse in front of him, but dismissively said: "If you talk nonsense, you have to fight!"

"Well, your personal family, dare to let go of my family's territory, then, today I have to teach you lessons!"

"The wind is swallowing!"

Ok?

The wind is swallowing, what is this supernatural power?

But soon, Ye Xuan knew what this power is.

I saw that the whirlwind swallowed a powerful hurricane in the mouth of the king.

As soon as the hurricane appeared, it swept through Ye Xuan. When the hurricane passed, it was immediately swallowed up.

Whether it's mud and rock, even the air!

Actually playing in front of Ye Xuan, this whirlwind swallowing the king is simply looking for death!

"System, check the target level!"

"Hey, the system prompts, specifies the target, and the three products are waiting for the gods!"

Three products wait for the gods!

Looks like a little pressure!

Ye Xuan figure suddenly slammed back, but the mind was thinking about it.

"System, a fusion of broken swords!"

The hundred broken **** stone is the special resource that Ye Xuan changed during the auction. Through these hundred broken stone, Ye Xuan can integrate the hundred broken swords.

Before Ye Xuan had no use for integration, but it was not when it was needed, but the current situation is not exactly what it is needed.

"Thousand beast feast, open!"

Since it is necessary to integrate a hundred broken swords, then it naturally takes time. Therefore, if you are a thousand beast swordsmen and a flower **** swordsman, you must first stop the enemy!

"Hey, have you detected that the host can be used to fuse the hundred broken swords, is the host all used?"

"All use!"

Of course, all of them must be used. What are the uses of these broken stones?

Their greatest value is not to be used to fuse a hundred broken swords.

Chapter 2322: Hundreds of broken swords

“Hey, the system prompts, the fusion begins!”

“Hey, the system prompts, the fusion is successful!”

A hundred broken swordsman, special ability swordsman, this sword waiter can be promoted through the different properties of the hundred broken stone.

Realm: Hundreds of broken swords and servants belong to the unconstrained swordsman, whose realm is automatically bound to the host, the host is promoted, and the sword is lifted.

Special ability one: one hundred broken, one hundred broken swords waiter can break any magic weapon, prohibition, illusion, rune, space, time, and so on! The premise is to incorporate the corresponding hundred broken stone, or thousands of broken stone, Wanshen stone and so on!

The scope of the exhibition is currently within a kilometer of the center of the host, and this distance can be improved with the improvement of the hundred broken swords.

At present, with the ability to open up, all the devours are broken, some illusions are broken, and some bans are eliminated!

Lying in the trough!

Ye Xuan looked at this property and was directly dumbfounded. This should be regarded as an auxiliary sword waiter, but this ability is too strong and breaks everything!

What concept is this?

Even if everything in time and space can be broken, then what else can he not break?

This guy, although only has a special ability, but this special ability, the fork is not a little bit.

This is equal to let Ye Xuan in the future, in countless circumstances, directly to the invincible.

However, the only thing that is a bit uncomfortable is that this guy looks like a crispy skin.

And Ye Xuan is a realm, that is to say, Ye Xuan does not improve, he will not promote.

This is also the case, the key is that he has no other ability, except for one broken or broken!

Of course, just such an ability is enough to satisfy Ye Xuan.

"Hundreds of broken swords!"

Ye Xuan's hand waved, and the hundred broken swordsman appeared directly.

In an instant, the original attack swallowed the hurricane of Ye Xuan and disappeared in an instant!

Easy to use!

Really good!

However, Ye Xuan can only take this guy away after using it.

After all, the smashed swordsman has no ability to resurrect, and the defense is still very low. If this one is not careful, it will be killed.

Ye Xuan does not want to be able to get out of this hundred broken swordsman so fast to be killed.

A hundred broken swordsman is a swordsman who can play a decisive role at a crucial moment!

"Hey, the system prompts, the hundred broken swordsman enters the cooling stage, the host please note that the hundred broken swords wait for three days!"

Can you summon once in three days? It seems that it can only be used at a critical moment.

"Hey, the system prompts, the host has a hundred broken swordsman, automatically get a special layer of the hundred broken swords, the host all the resistance is improved, the host please note that with the level of the hundred broken swordsman, the host's resistance will also be Continue to improve."

Ye Xuan nodded, this thing is nothing to tangled.

At this point, the whirlwind swallowed the king of the mouse is already dumbfounded.

"Human, you, how did you do it, why did my attack disappear?"

The whirlwind 屯鼠鼠当然 certainly does not understand what happened at the ninth level.

In his eyes, Ye Xuan did not have much movements, but he was proud of his supernatural powers, and he disappeared like that. In such a strange situation, when did the whirlwind swallow the king?

But whether he has seen it or not, the facts are facts. Today, his attacks have been resolved.

In fact, Ye Xuan originally did not know that there was a cooling time for the Baishou Swordsman, so he would collect him so quickly.

But now, since the Baishou Swordsman has been taken back, it is impossible for Ye Xuan to summon him within three days.

Therefore, Ye Xuan could not let this whirlwind swallow the king of the mouse and have a chance to launch his attack.

"Destroy the gods!"

Seven rays of light broke out instantly. At the same time, Ye Xuan's hands were not flashing in the mountains, and a mountain was also falling towards the whirlwind.

At this point, the whirlwind swallowed the king of the squirrel, and there was still some sorrow, and it did not completely disappear from his magical magical power.

Therefore, Ye Xuan's sudden attack hit him unprepared.

"Damn Terran, you dare to attack me!"

The Rat King is angry. The Terran in front of him has been constantly provoking his authority from the beginning, so in any case, he will kill this Terran!

Of course, Ye Xuan now has such an idea in his heart.

After all, the strength of this whirlwind king is very powerful. If Ye Xuan does not immediately kill him, then once he waits for him to react, even if Ye Xuan can escape, it will be very miserable.

"Do not talk nonsense, give me to die!"

Ye Xuan figured a move, directly rushing toward the whirlwind swallowing the king of the king, the sword in the hands of the sacred sword constantly launched, instead of Zhoushanyin, also did not stop the attack, perhaps not Zhoushan Yin can not really threaten the whirlwind Putian Rat King, however, after all, can also play a huge role in the production.

Even if it is a whirlwind swallowing the king, it is impossible to ignore the attack of the phantom of Zhoushan!

"Hey! Hey! Hey!"

Ye Xuan once again waved the sword, and killed the gods.

It can be said that now this face of this whirlwind swallowing the king of the king, has activated the scorpion sword ten times crit effect.

That is, each attack of Ye Xuan will surely produce ten times crit.

But even a ten-fold crit can't do much damage to that guy at all.

Instead, it spurred the whirlwind to swallow the king of the king.

"Human, I want you to die! I want you to die!"

The whirlwind swallowed the squirrels at this time, both eyes are red, obviously has hated the urgency.

Suddenly, he suddenly opened his mouth.

A dark ball spit directly out of his mouth.

"Human, let's enjoy it, let you taste the whirlwind of the whirlwind of the squirrels, endless devouring!"

The horror attraction makes Ye Xuan feel like he can't hold it.

Even the thought of God, there is even the feeling of being swallowed by the black ball.

The most important thing is that the devour is only for Ye Xuan, even if it is surrounded by flowers and plants, it will not be affected.

In other words, the engulfment of this ball is specified to swallow!

Damn, Ye Xuan's heart is stunned.

Ye Xuan suddenly inserted the scorpion sword into the ground, and then held the scorpion sword tightly.

How to do!

Now if you don't want to break out, then Ye Xuan will be brought into the unknown space by the ball.

Ye Xuan thought quickly in the mind.

He even regrets it now, why did he wait for the broken sword so soon.

However, slowly, Ye Xuan's strange discovery, that swallowed, is getting smaller and smaller.

Could it be that the whirlwind swallowed the king to give up?

No, watching the whirlwind of the madness of the king will know that he did not give up.

What is going on now?

Suddenly, Ye Xuan Lingguang flashed, he thought of a possibility, that is resistance!

Ye Xuan's phagocytic resistance is the highest.

So, don't you say that now is the resistance in the delivery, offsetting the power of the black ball?

Chapter 2323: Killing the rat

As time goes by, Ye Xuan feels more and more clearly that the power of swallowing is getting smaller and smaller. To be precise, it is not that the attacking power of the whirlwind king is weakening, but that the influence of the devouring power on Ye Xuan is weakening. .

That feeling, like you are in a hail, it is very cold and cold at first, but you are constantly adding clothes, so you are not afraid of the cold!

Moreover, even the whirlwind swallowing tens of thousands can see, around Ye Xuan's body, there is a faint black light, the light constantly offsets the power of endless devouring, to the back, Ye Xuan has been able to Feel free to act.

"Impossible, Terran, how did you do it, no one can resist my endless engulfing, how did you do it?"

The whirlwind swallowing the face of the king's face is full of horror, he does not understand why Ye Xuan can offset the power of engulfing.

Of course, maybe he will never understand.

Because, he has no chance to understand.

After Ye Xuan slowly adapted to the power of engulfing, he launched an attack again.

The sacred swords and the Zhoushan prints were dispatched, and the whirlwind swallowed the squirrel king, although it was a three-in-one god-class sacred beast. However, it was impossible to resist the savage attack of each of the slashing Ye Xuan.

"boom!"

Another sword is coming out!

This time, the whirlwind swallowing the king of the mouse finally could not resist, and was directly shot by Ye Xuan.

"Damn, Terran, I will spare you a life today. Next time, you will never have such good luck!"

The whirlwind swallowed the king of the wrath and said to Ye Xuan, and he wanted to escape.

But now want to escape? late!

"Destroy the gods!"

"The Rune Attack!"

"Forbidden attacks!"

"Not Zhoushanyin!"

Ye Xuan does not have the slightest hand to stop, directly exploding his most powerful attack power, in an instant, the sky is not in the mountains and the phantom, and the attack of the rune appears at the same time.

On the ground, Ye Xuan also waved the sword, while throwing a ban.

"No! Damn people, you can't do this to me!"

The whirlwind swallowed the king and tried to escape.

Unfortunately, there is no chance.

"boom!"

The phantoms of Zhoushan are not directly squatted, but the attack of the gods, the ban, and the annihilation of the gods arrive at the same time.

The whistle of the whirlwind screamed abruptly, but it was attacked by Ye Xuan's serial attack and killed directly.

"Hey, the host kills the whirlwind and swallows the king of the squirrels, and gets a drop of golden blood!"

"Devouring!"

Ye Xuan waved his hand and directly swallowed the whirlwind swallowing the king and the whirlwind swallowing mouse that he killed.

"Hey, the host breaks through, the current nine products are in the real world!"

What is the true state of the nine products?

That is to say, only need to kill a god-level beast, then, Ye Xuan can be promoted to the kingdom!

Once promoted to the kingdom of the kingdom, it is equal to Ye Xuan will also be able to grasp a rule of attack!

Keep killing!

Ye Xuan made a decisive decision. He wanted to continue fighting and killing a beast.

Wan Xun's sword was summoned by Ye Xuan once again, searching directly in the distance to find the right target.

Of course, Ye Xuan couldn't do it right away. He waited for three days, because in three days, he could just eliminate all the cooling time of the hundred broken swords, the thousands of beasts, and the flower gods.

Three days later, Ye Xuan came to the territory of another beast.

This is a strange beast that looks like a tortoise but has a dragon head.

This beast is very lazy. When Wan Xun's swordsman found him, he was kneeling in the same place. After three days, when Ye Xuan came back to him for trouble, he was still there, motionless.

"System, detect, what is this beast."

Ye Xuan said to the system.

"Hey, the system prompts, specify the target land dragon turtle!"

"Hey, the system suggests that the land dragon tortoise is a descendant of the ancient dragon tortoise, and there are many blood vessels. Although they are collectively called land dragon tortoises, they have different strengths!"

"Hey, the system prompts, specifies the target, the next level of God, the special ability, defense!"

Ye Xuan has a slight glimpse, special ability is defense? what does this mean?

"System, the special ability of this land dragon turtle, how to explain?"

"Hey, the system prompts, the land dragon turtle, some inherit the powerful attack power of the ancient dragon turtle, and some inherit the ancient dragon turtle strong physique, and some inherit the super toughness of the ancient dragon turtle."

"Hey, the land dragon turtle currently facing the host is inheriting the super-defense power of the ancient dragon turtle, and immune to any attack below the gods!"

what!

Immune to any attack below the ranks of the gods!

Ye Xuan is dumbfounded.

Although he has just upgraded, he is just a true god. This guy can be immune to any attack below the gods.

Doesn't it mean that even if the land dragon turtle is there to let Ye Xuan play, Ye Xuan can't hurt him?

How can there be such a metamorphosis, which makes Ye Xuan how to clean up this guy.

"I still don't believe it! My **** of annihilation has a chance to trigger a killing effect, can't you help this guy!"

Ye Xuan did not believe that he could not land the dragon turtle, so he launched the attack directly.

The land dragon tortoise squinted and looked at Ye Xuan, but it was really too lazy to move.

Let Ye Xuan constantly attack him.

However, the land dragon tortoise did not say that it was resistant, but even the position that was squatting did not move.

"Hey, the host attack has a hit and kill effect!"

"Hey, the special properties of the land dragon turtle are launched, the effect is weakened!"

Finally, Ye Xuan's attack broke out with a one-shot kill effect, which was actually weakened!

Then it looked like a powerful blow, but it only left a shallow white cross on the tortoise shell of the land dragon turtle.

Ye Xuan figure flashed and directly retreated to the side.

He is convinced, this guy's defense is really abnormal.

Let Ye Xuan attack, whatever attack, and, Ye Xuan even triggers a killing effect, why not let him divide.

So, is there any way Ye Xuan can deal with this guy?

There is no way, Ye Xuan has no way to continue to deal with this land dragon turtle.

After calculating the time, I am afraid that the auction side should be almost finished.

Because of the use of 半瞬, Ye Xuan completed the transaction in advance from the auction.

But other people, in fact, need to wait until the end of the auction to exchange their own auctions.

This is an auction held by God, no one dares to let go, so naturally no one is worried about being robbed.

Why should Ye Xuan care about the auction time?

In fact, he cares about the mysterious person who destroyed the organization. The guy is very strong. It can be said that Ye Xuan cannot be his opponent.

However, Ye Xuan will not give up this opportunity so easily.

Chapter 2324: Sick

The destruction of the organization in Linjing, where it is hidden, has always been a heart disease of Ye Xuan. Now, this mysterious person takes the initiative to appear, then, Ye Xuan naturally wants to follow him to see.

The ancient trapped beast array is still in the hands of Ye Xuan, but Ye Xuan still does not dare to come.

After all, no one knows whether this ancient trapped beast array has already completed the control of the ancient octopus.

If it is not completed, then once Ye Xuan is released, terror will definitely be a catastrophe.

How to do?

Now Ye Xuan goes to trace the mysterious person. First of all, I can't say whether Ye Xuan's strength can not be discovered. He said that he really did not find it. He successfully found a place to hide and hide. It seems that Ye Xuan couldn't help him.

However, can it be left to the mysterious person to leave?

Ye Xuan hesitated for a long time, and finally he could only helplessly shake his head.

It seems that he has no other way than to give up now.

Still looking for the beast again, upgrade to the kingdom of the king and say it.

However, Ye Xuan did not know that he wanted to find the trouble of the mysterious person, and the mysterious person did not want to find Ye Xuan's trouble.

Therefore, Ye Xuan does not have to worry that mysterious people will leave so soon.

The mysterious man will never leave before taking away the ancient trapped beast from Ye Xuan.

After all, the ancient lynx demon in Ye Xuan's hands is too important for the organization.

After the idea, Ye Xuan quickly searched for it.

Around the mysterious lake, it is the beast that is not missing.

So soon, Ye Xuan found a new goal.

"System, detect the strength of this beast."

"Hey, the system prompts, the detection is successful, the sickle is a beast! Three products are waiting for the gods!"

Is it a three-in-one **** and beast of the gods, then, Ye Xuan will have to look at it, this is the first three products to wait for the gods and beasts of the gods, and what is special.

"System, continue to detect his attributes!"

"Hey, the system prompts, the detection is successful, the sickle beaked beast, the special magical power, one hit! The sickle beak has a powerful attacking power, and its arms are like two sharp sickles. Once launched, the power is powerful. ""

"Hey, the sickle beaked beast special magical two, screaming! The mouth of the sharp-nosed beast is like a horn, able to amplify its own voice, thus launching a violent attack, and has a breathtaking ability."

Ye Xuan nodded, and it was a preliminary understanding of the sickle.

Therefore, he did not hesitate, directly summoned the thousands of beast swordsmen and the flower **** swordsman, and surrounded the sickle and beast.

Suddenly, Ye Xuan has not issued an order for the attack, but the sickle-eyed beast has already launched an attack first.

It turned out that this knives and sharp-mouthed beasts were very conscious, and once any enemy entered his territory, he would not hesitate to attack.

I saw that the guy suddenly accelerated, and rushed out toward the front. His arms were as sharp as a sickle, and there were countless jagged teeth.

"Hey! Hey!"

A few consecutive sounds, even a charge, killing more than a dozen god-level mounts.

Moreover, this guy's speed is extremely fast, one hit, another strike, and also follow the shot.

"Thousand beasts feast!"

Ye Xuan did not hesitate to open the feast of the thousand beasts in the hope of strengthening the swordsman. However, despite this, the sickle-eyed beast is still raging in the god-level mount.

"boom!"

It is also a charge, the violent power of the sickle beaked beast, it is actually a two-hundred mountain directly!

This guy, the attack power is really not strong.

Surrounded by a thousand-level beast, with a god-level mount, and a hundred flowers and flowers gods on the side, even able to explode such a powerful destructive power!

"Intelligence control!"

Ye Xuan is very clear, let this guy raging, I am afraid that all the god-level mounts will be slowly washed away by him, so Ye Xuan can not give this guy the space to charge.

Fortunately, it is obvious that the sharp-nosed beast has the intelligence, that is to say, even if his cultivation is stronger than Ye Xuan, Ye Xuan's spiritual control can also have a certain impact on him.

Sure enough, with Ye Xuan launching the control of the spirit, the speed of the sharp-nosed beast of the sickle is very obvious, and even a slight stay.

Taking advantage of this opportunity, the god-level mounts all rushed up.

This time, Ye Xuan summoned, but there are more than 300 Platinum-level god-level mounts, and more than 20 Zijin-class god-level mounts, which is a summoning explosion.

Therefore, once surrounded by a god-level mount, compressing the charge space of the sickle-eyed beast, then his power must be greatly damaged.

However, what Ye Xuan did not think is that the god-level mount has not come yet and the success of the encirclement, the sick-nosed beast has already got rid of the suppression of spiritual control.

No, he can't let him continue to charge, he must surround him.

Ye Xuan bit his teeth.

"System, use resources to exchange knowledge to control the success rate, I must suppress the guy."

“Hey, the redemption is successful!”

In an instant, the power of the control of the spirit that erupted from Ye Xuan was once again strengthened. However, the gap between the realms is too big, and there is still a rule limitation of the true state and the kingdom.

Therefore, even if Ye Xuan has already erupted the full potential of spiritual control, it is only barely able to suppress the sickle.

It is impossible to really control it.

Of course, this is enough.

With the help of Ye Xuan, the god-level mount rushed up and completely surrounded the sickle, so that he could not launch his sickle charge.

However, this is enough!

"Give me, go up together, kill it!"

Accompanied by Ye Xuan's command, the god-level mount launched a crazy attack. In the sky, underground, and even the ground, there were constant god-level mounts, and the attack was quickly launched, and Ye Xuan himself was not idle.

With a wave of his hand, Megatron directly controlled the scorpion sword and flew out.

Ye Xuan stands proudly in the air.

Just look at the sickle and the beast was encircled.

I want to fight with melee and Ye Xuan and think more!

A good god-level beast, you have to play close combat with Ye Xuan, isn't this looking for a pump?

"Hey!"

The sickle-eyed beast launched his voice attack, but unfortunately it was launched now, it is already late!

Although several god-level mounts have been shot, more god-level mounts have long been waiting to fill the gap.

Poor sickle beaked beast, I am afraid that I never dreamed of it, he actually lost in melee.

Actually, he will be killed by such a miserable encirclement!

"Devouring!"

After the recovery of the thousand beast swordsman, the flower **** sword waiter, etc., Ye Xuan directly launched the phagocytic ability.

"Hey, the host kills the sickle, the beast, and gets a drop of golden blood!"

"Hey, the host breaks through, and the current one is waiting for God!"

"Hey, the host is promoted to the main divine, and the law will be opened!"

Chapter 2325: Promotion to the kingdom

"Hey, the rules are randomly selected!"

"Hey, the system prompts, according to the host attribute, automatically extracts the law of engulfment!"

"Hey, the host should note that the host's ability to phagocytosis is strengthened, after which the host can not only be upgraded with swallowing, but also can be swallowed to kill the enemy."

"Hey, the system suggests that the current rule of the host is too low, it is recommended that the host quickly upgrade the level, or get more phagocytic rules, strengthen the power of the law!"

"Hey, the space in the host space is starting to build, and the current state is not enough to be completed."

"Hey, the host's special blood skills are turned on, and the lock is swallowed!"

By locking the phagocytosis, the host will be able to concentrate its own phagocytic ability and destroy the specified target. This ability can be remotely controlled and cause continuous damage. At the same time, this skill can be used in conjunction with the eternal realm.

"Hey, the host is not eternal, can't launch skills!"

"Hey, the host is promoted to the realm of the Lord God, the special attributes of the eternal blood are activated, forced to swallow! The host can forcefully devour any law power for their own use, and at the same time, can also collect the power of the law of debris synthesis."

"Hey, the system prompts, the host should pay attention to the fact that forced phagocytosis has a certain risk of counter-phasing, please make sure the target is determined when the host uses it."

"Hey, the system's new prompts are activated, after which the system will autonomously analyze whether the force of the host's laws can be swallowed!"

A bunch of system tips, let Ye Xuan understand one thing.

That is, he is afraid that a new chapter will be opened now.

The battle of the law must be more thrilling than the previous battle.

However, in any case, this upgrade has made Ye Xuan's strength much better. It is just an eternal blood and unlocks two new abilities.

Ye Xuan's mouth is slightly upturned, this is the smile he could not help but reveal.

"It's time to let you pay for it!"

Destruction of the organization, this mysterious organization that began to meet from Ye Xuanyi to the Divine Realm, has always been they are looking for Ye Xuan trouble, this time, it is the change of Ye Xuan to find them trouble!

"Hey, the system prompts, the host should pay attention to the Zongmen system to further repair, in view of the host promotion to the king level, enter the main realm of the gods, after which, the host can rely on the Zongmen system to build their own strength!"

Unexpectedly, the system suddenly came up with a hint.

Of course, such a reminder, Ye Xuan will not be disgusted, and then ten, Ye Xuan will not be satisfied.

However, it is clear that the benefits of promotion to the kingdom of the king have been fully distributed, so the latter Ye Xuan did not continue to receive tips.

"System, send me back to Kunlun, it is time to find the mysterious man!"

It can be said that even now, Ye Xuan is not the opponent of the mysterious person, but Ye Xuan will not let go of this opportunity. From now on, he will take the initiative to find the trouble of destroying the organization.

After returning to Kunlun, Ye Xuan was directly transferred to the main palace of the Kunlun, and he silently searched for the whereabouts of the mysterious man.

Of course, the mysterious person who is actually destroying the organization is also looking for Ye Xuan.

The main goal of his time is that the ancient trapped beast, who knows, was actually taken away by Ye Xuan.

So this guy was ready to grab it back from Ye Xuan.

Unfortunately, he could not find the whereabouts of Ye Xuan.

Destruction of the organization, although strong, but after all, there is not much strength in the Kunlun domain, want to see Ye Xuan's information, he still has no such ability.

After searching for this mysterious man, he did not find Ye Xuan's whereabouts, so he could only help but retreat, but where did he know that Ye Xuan had been watching him secretly.

And Wan Xun swordsman is even more than a kilometer away from him.

Of course, Wan Xun's sword waiter is not a small point, and it really won't attract the attention of others. Even if it is seen occasionally, it will be regarded as a pet.

Ye Xuan is far behind the mysterious person.

Of course, I am ready to escape at any time.

After all, I really have to move my hand, Ye Xuan is not the opponent of this mysterious person.

Fortunately, the mysterious man did not find Ye Xuan, and even did not find Wan Xun swordsman.

This guy is more vigilant, and immediately went back to Linfeng with a large circle. Unfortunately, Ye Xuan knew where his destination was from the beginning, so he waited directly at the transfer array in Linfengjing. No matter how he wanders, he can't escape Ye Xuan's palm.

When the mysterious man came out from the transmission array, he was already discovered by Ye Xuan.

Continue to track, not long after, Ye Xuan found that secret.

To be honest, if there is no such mysterious person to lead the way, I am afraid that it is really difficult for Ye Xuan to discover the secret of this organization.

This is a mountain, a barren mountain, not to mention the beast, even the plants are not one, and there is a poisonous lake in the mountains, the entrance to the secret is actually at the bottom of the lake, and it is set a lot. Prohibition.

It can be said that if Ye Xuan is not a forbidden guru at the same time, I am afraid that even if it is discovered, it will not enter.

However, even so, Ye Xuan does not dare to go in easily, this is the base of the organization.

If so, Ye Xuan is so easy to go in, then, there will definitely be trouble.

Of course, this is not a problem for Ye Xuan.

Is it not an ancient family to leave home, is it not strong?

Then let them open the way for themselves.

Leaving home is a super family, and naturally there are many affiliated families. Ye Xuan's current strength is not enough to leave home, but those affiliated families have nothing to worry about.

The blood cloud sect is a subsidiary sect of the home. The blood cloud sect is also a large family, and almost the entire blood cloud city is their own.

The blood cloud sect is not too far from Linfeng, so Ye Xuan hit the idea of this blood cloud sect.

"Do you remember what happened to you?"

Ye Xuan deliberately got a special set of clothes and wrapped himself tightly.

At the same time, directly controlled by the spirit, a blood Yunzong disciple is controlled, and he is given an ancient resource. At the same time, there are two maps, as well as some news about the place where the organization is destroyed.

The plan is very simple, Ye Xuan is to create a news of the birth of the ancient secret treasure, and, not one, is a multi-piece.

This blood Yunzong disciple was infected by Ye Xuan with the poison gas from the lake where the organization was destroyed. After he passed the message, there will only be one result.

The blood Yunzong disciple, who was controlled by Ye Xuan's knowledge, has the ability to resist. When he wakes up, I am afraid that he will die long ago.

Ye Xuan stood quietly in a tea house, waiting for the news to pass back.

The blood Yunzong disciple was made miserable by Ye Xuan. After all, the acting is going to be a complete set.

Halfway, the disciple seemed to be very confused and dropped a map, but he did not care, but ran back to the sect.

Chapter 2326: play off

"Fast, take me to the elders!"

The Xue Yunzong disciple shouted urgently.

"Brother, what's wrong with you, how can you be so hurt?"

"Quick, don't talk nonsense, take me to the elders!"

As he said, the blood Yunzong disciple even spit out a black blood.

His younger brother naturally did not dare to delay, and directly supported him and rushed into the hall.

At this time, the blood cloud ancestor elders have already come.

"How did you become like this?"

The elder quickly came to the blood cloud sect and was ready to heal him, but the disciple would not agree, but took a resource directly from the ring.

"The elders, I accidentally entered a mysterious land. This is the resource I got in it, but it was confusing, and it seems that someone first found it there."

"The disciple is incompetent and can only grab such a resource. In addition, this is the map there. Originally the disciples prepared two copies, but they lost one in the city!"

At the same time as the disciple's sentence was finished, it was a black blood spit out and was directly killed on the spot.

Where the great elder now has the mood to control the disciple, he is completely attracted by the resources that the disciple brought back.

"This, this is the phoenix stone that will be produced in the ancient secrets! God, it is actually the phoenix stone! Quickly, call all the elders, and let all the disciples return to the sect. In addition, give me a whole city search, must not let another A map was taken away!"

Soon, the entire blood cloud sect was in a state of tension.

At this time, Ye Xuan's plan can be said to have been successful.

A group of blood Yunzong disciples constantly searched in the city, but unfortunately, in addition to making the whole blood cloud city everyone know the news of the map, it is useless!

The map, Ye Xuan has, and soon, a map quickly appeared in the blood cloud city.

The people of the blood cloud sect, though savvy, are useless.

"The lord can't wait, now we have to act. Once the person is robbed, the treasure will be taken away by others!"

"Yeah, the lord, according to the return of the disciple, there have been people found out, if we don't shoot again, I am afraid that nothing will be left! This is the ancient secret!"

A group of elders surrounded by the blood cloud patriarchs, excited.

"Of course I know, but the news from the other side has not arrived yet!"

"What is away from home, the sovereign, our blood cloud sects have been away from home for so long, what have you got? At this time, the ancient secrets were born, if we are still hesitant, then there is no chance to grow!"

"Well, inform the disciples, go out in full, and kill me in the direction indicated by the map!"

The blood cloud patriarch finally made up his mind.

However, this news has already spread, and a map has been continuously transmitted back to the hands of various forces.

Ye Xuan originally wanted to create some confusion, and urged the blood cloud to start early, but did not want to, the yin and the wrong, actually spurred several forces and rushed toward the position where the organization was destroyed.

Of course, Ye Xuan naturally will not miss this feast of killing, so at this time, Xuan Ye is also mixed in the crowd, and is in the position of destroying the organization.

Those who destroy the organization, where they think about it, their secret bases will actually be discovered.

Moreover, the beginning of the past is just written and scattered, the strength is general, so they are directly dealt with directly according to their previous practices.

But in addition to strengthening the confidence of the blood cloud sect and various forces, there is no other use at all.

Therefore, the war is inevitable. Here is the division of the organization, they can not easily give up.

Even if you want to give up, you must at least transfer the resources collected here.

Unfortunately, it can't be shipped.

Blood Yunzong and others were counted by Ye Xuan from the very beginning. When they appeared, they were a large number of people.

The disciples of the organization have tried to rush out several times, and the intelligence has been killed. After being killed, the resources on them are exposed, and it will only stimulate the blood of the Yun Yunzong.

It is also a mysterious mix of people in the crowd.

From time to time, killing a few blood Yunzong or destroying the organization's disciples, no one will notice him.

No one will know that this is simply a good plan.

The organizers of the organization were once suppressed by the people who had been sent out, and naturally thought that this time they went to annihilate them.

The blood cloud sect, but feels that the organization has acquired treasures, naturally will not tell the truth.

Therefore, the forces of the two parties did not even explain each other.

The war lasted for several months.

Almost every day, the blood cloud sect will organize human attacks.

And destroying the organization will naturally defend.

The organization destroys so many resources, so even ordinary disciples have a lot of resources, and it is undoubted that they can make a fortune by killing a disciple.

"Hey, the host breaks through, the current two products are in the real world!"

Unconsciously, Ye Xuan will rise to the next level.

After all, for those who are killed by Ye Xuan, Ye Xuan naturally will not waste.

Therefore, under the accumulation, Ye Xuan actually rose to the next level.

At this time, the battle between the blood cloud sect and the annihilation organization can be said to be the stage of white heat, and the blood cloud sect has discovered the entrance to the secret, and also identified that it is the ancient secret.

Naturally, the organization will not let the blood cloud sects enter. After all, they are also an organization that can't see the light, so they can only fight. During this time, the two sides add up, fearing that they will die and die.

But the battle still has no meaning to stop.

Ye Xuan has been waiting, waiting for the mysterious person to come out, and the blood cloud sects of the lord have a loss of both sides, but unfortunately, the mysterious person is like a tortoise turtle, how come out.

However, Ye Xuan naturally does not care, even if it takes a few months or even a few years, Ye Xuan will not care.

As long as it can destroy the organization.

Besides, after all, Ye Xuan can also level up!

As time went by, finally, the mysterious man could not hide, and directly took people out.

"Blood cloud sect, don't push people too much. We have already said that this is our sect's residence, not an ancient mystery. Are you really going to break with our dead net?"

"Haha, you said this is your sector's residence, okay, then let me wait to see how?"

The two sides are arrogant, but I don't know, Ye Xuan has quietly sneaked away from another location toward the base of the organization.

These prohibitions have no threat to Ye Xuan at all. Even Ye Xuan will add various invisible prohibitions on the original prohibition.

At this time, the elite of the organization is out of the air and the blood cloud is stronger, which is the best time for Ye Xuan to sneak into it.

The hidden function of the wings of the gods has been launched.

Most of the disciplinary disciples who stayed behind, even if Ye Xuan walked past them, would not find any abnormality.

Chapter 2327: Spiritual control

Ye Xuan sneaked all the way, it can be said that it was not blocked at all, but only when he went in, he knew that the secret of this base of the organization was actually very big!

Ye Xuan's place to go in is a ridiculous place. If it is not an occasional encounter with several disciples, I'm afraid that Ye Xuan will doubt that there is nothing here, but as he gets deeper and deeper, he finally Came to the real core of the organization.

This is a place built by thousands of palaces, and each palace is practiced alone in the void, with each other, just linked by a pontoon.

Moreover, each of these palaces has a special prohibition guard.

Even more, most of the palaces have guardian beasts.

Of course, the beasts used by the organization are all demon!

Until now, Ye Xuan understands why the organization of the extermination will continue to resurrect those demon gods. The fundamental purpose is to use them as their guardian demon.

Fortunately, most of the disciples of the organization have already gone out, so even if Ye Xuan sneaked in, it will not be discovered.

At this time, Ye Xuan has found a disciple who has destroyed the organization. This person has been trained to achieve the true state of the nine products. Counting it up, it can also be regarded as a left-behind disciple, and it is relatively high.

Ye Xuan quietly lurked around the man.

Who knows, he only passed, and the man found him.

"Who? Who is there!"

The disciple suddenly looked at the direction of Ye Xuan. Ming Ye Xuan used the hidden function of the wings of the gods. It is reasonable to say that it is impossible for him to discover him, but now he is discovered.

Ye Xuan slightly frowned, otherwise there is a special investigation and prohibition here, or else this disciple of the organization has some sort of detective power!

However, no matter why, Ye Xuan does not care at all. Since this person discovered him, then Ye Xuan is not hesitating.

"Intelligence control!"

"Hey, congratulations to the host, control the success of the specified target!"

This guy's repair is lower than Ye Xuan, and he has no heart, so where can he resist!

"Tell me about the situation here and say everything you know."

"Yes, master!"

The disciple who was controlled by Ye Xuan with spiritual control did not hesitate to directly tell Ye Xuan everything he knew.

It turns out that every palace here has a special prohibition. These prohibitions guard these palaces, and some can also be shared with the guardian demon!

Every place that destroys an organization has a place where it is of great importance.

The demon temple, the temple of martial arts, the temple of treasures, the temple of the gods, the temple of rewards and punishments!

This nowhere palace is the most important component of the organization.

The Treasure Hall is naturally the place to store treasures.

The Temple of the Gods is the place where the organization of the magical powers is destroyed. These two places are the most rigorous places for the organization and defense. Even the disciples controlled by Ye Xuan, who are in the real world of nine products, are not qualified to pass.

Later, it was the Temple of Passage and the Temple of Reward and Punishment. The functions were similar. They were all places where the magical powers were taught. Only one was the place where active learning was allowed, and the other was to make meritorious deeds to learn. Moreover, once it was made, it will also be punished in the reward and punishment hall.

In these two places, because there are a large number of disciples gathered at any time, and the guardianship prohibition is also very strong, the natural alert is also very strict.

As for the demon temple.

Nominal is the most defensive place, but in reality, it is the most dangerous place.

The demon gods who resurrected the organization will gather here for domestication.

These demon gods don't say that every one is obedient, so it is inevitable to carry out domestication.

The ancient demon **** has always been the biggest helper of the organization and the strongest beater.

Different ancient demon gods have different magical powers, and the fighting power is naturally strong and weak.

And because some ancient demon gods even have special magical powers, they make them extremely dangerous.

The organization destroys these ancient demon gods in a very special way, and at the same time, they will transform them and use them as their most powerful cards.

It is conceivable how dangerous the demon temple is!

The five halls are the core of the crime of extermination.

But in addition to these five halls, there are some special halls.

For example, the Totem Temple is dedicated to the detention of totems.

The blood sacrifice servant temple, holding those who are caught by them and ready to use for blood sacrifices!

Wait a minute!

Just hearing these introductions, Ye Xuan can know that this organization is not strictly rigorous.

After knowing what he wanted from the disciples, Ye Xuan wiped him out.

Then, I continued to move forward.

Of course, this time, Ye Xuan has a clear arrangement and a clear road map.

After all, the disciple only has the cultivation of nine real-life gods. Therefore, the understanding of the base is not comprehensive. There are still some places where the disciple does not even know what to do.

For these mysterious areas, Ye Xuan is placed at the end.

His first goal now is to destroy the organization's treasure house!

Because Ye Xuan is very clear in his heart, the others will not say it first, but as long as it is capable of looting the treasure house of the organization.

Ye Xuan can naturally make a fortune, and at the same time, he can also fight against this organization.

After the goal, Ye Xuan naturally did not stop, and then rushed out between the moments, he avoided a dangerous palace along the way, avoiding the disciples of the organization.

Under the eyes of countless enemies, Ye Xuan came directly to the Treasure Hall.

"Here, is it the treasure house of the organization? It seems that there is no danger!"

Ye Xuan said faintly, because at this time, he has come outside the treasure house.

But when he thought about it, he just stepped into it and immediately became dangerous.

I saw that the sculptures that originally seemed to be only decorative, actually survived.

And these guys, from a wake up, launched a crazy attack toward Ye Xuan.

"Damn, these ghosts, there is no life, it's all!"

Ye Xuan is quite depressed.

Until these things attacked him, he knew that these things were embarrassing.

"Hey, the system prompts, the host is trapped in a special space, the field, please pay attention to the host!"

In the field of „, the guardian field arranged by special means, here, all 傀儡 have special effects that are immortal. Even if they are completely shattered, they will regenerate.

The solution to cracking is to destroy the core of the ban!

"System, find the banned core here!"

Ye Xuan directly ordered the system to order, after all, to let him find it himself, I am afraid it is somewhat difficult.

The people who destroyed the organization turned all the ancient sacred gods who were not tamed, or the strong ones who were arrested outside, into shackles. These scorpion attacks are extremely strong, as long as they detect that there are no peer tokens or are not organized disciples. If people break in, then it will be an endless situation.

Chapter 2328: field

This time, Ye Xuan did not summon a thousand beasts, but he relied on himself to rush.

Because Ye Xuan's heart is clear, these **** sly, several times, Ye Xuan summoned the thousands of beast swords to serve them out, and it is of no use, but it is used in advance.

After all, there are a lot of places to go to Ye Xuan.

"boom!"

"boom!"

"boom!"

Each of Ye Xuan's swords can kill a donkey.

However, these shackles are in the realm of shackles, and they are simply immortal. Let Ye Xuan kill and there is no influence at all. No matter how much Ye Xuan kills and kills, how can it be completely destroyed, how long will it take, new Will appear.

"Hey, the system prompts, the detection failed!"

“Hey, the system prompts, the scope detection failed!”

“Hey, the system prompts, in the enhanced detection, the detection is successful!”

Finally, the system gives the core of this field!

Ye Xuan looked at the core, but it was a bit worried, because Ye Xuan could not think of it, the core turned out to be the base of a sculpture.

Here, there are thousands of sculptural bases, and each one is almost exactly the same. Except for some differences in size, there is no other difference.

If it is not the detection of the system, Ye Xuan can think of it.

But now that the goal is clear, then Ye Xuan naturally will not stay behind, and directly rushed toward the sculpture base.

"Bold, I dare to privately smash my treasure!"

Suddenly, a voice came, and you couldn't speak. Then, the voice was naturally transmitted from the mouth of a disciple who was out of the organization.

At this time, there was a disciplinary disciple on the sculpture base.

"Hey, the system prompts, the target is specified, and the five elements are under the gods!"

God's kingdom?

It seems that this guy is the elder of the organization that stayed behind the treasure house.

Ye Xuan was too lazy to talk nonsense with this person, and rushed straight up. The sword in his hand suddenly fought, and a Jianguang directly attacked the past.

But where did you know that the man didn't even move, but it was a wave of a hand, and a scorpion appeared in front of Jianguang.

All directly absorbed the attack of Ye Xuan.

This guy can control these flaws arbitrarily in this field.

As long as you are within the scope of the field, all the embarrassment can appear anywhere with his mind.

Ye Xuan missed a shot, and that person would naturally not give Ye Xuan a second chance to attack. In an instant, hundreds of heads appeared in front of Ye Xuan without warning, directly surrounded by Ye Xuan, and then launched A crazy attack.

"Damn!"

Ye Xuan was quite annoyed, and the sword in his hand continually launched an attack, and he slammed his head and killed him quickly.

But what is the use of this?

Under the control of the disciplinary disciples, Ye Xuan often kills a donkey and two heads appear.

By his side, the number of those cockroaches has not only decreased, but more!

This is not the way to go. Ye Xuan is constantly thinking about countermeasures, but it seems that no matter what method is used, it is impossible to simply break this field.

It seems that it is still necessary to use all the power.

Ye Xuan waved with his hand, the thousand beast swordsman, the flower **** sword waiter appeared on his side, and as soon as they appeared, they summoned the god-level mount and the flower god.

"Give me kill!"

Ye Xuan issued an order, and soon those god-level mounts and flowers and flowers were desperate to attack.

The battle between the scorpion and the god-level mount was on the verge, and Ye Xuan did not hesitate to rush toward the disciplinary disciple.

"Kid, I didn't expect you to have a backhand, but how about it, in front of me, all of your means are useless, you will die!"

The man did not timidly because Ye Xuan rushed past, but rather disdainfully said that in his eyes, Ye Xuan's attack was only in vain.

Because no matter how Ye Xuan attacks, he can instantly summon and crack!

Ye Xuan launched the attack continuously, but every time he was summoned by the man, it can be said that as long as there is still a flaw in this space, then he is almost equal to the invincible state!

Of course, it's just almost!

"Six-word mantra: complex!"

Suddenly, Ye Xuan used a magical power that he almost never used!

Six-character mantra complex word!

Since the six-character mantra has been obtained from Ye Xuan, life and death injuries are often used, and the words of the residual words are also used.

But only this compound word is used for the first time.

Six-character mantra complex word, directly copy a specified target!

Strength is equal to the realm of Ye Xuan!

It can be said that this complex word limit is still very serious.

If Ye Xuan faces an opponent that is lower than his own, then he does not need to use it at all.

Can face opponents who are better than their own, but even if summoned, the use is not very big.

Therefore, Ye Xuan did not use it.

However, this does not mean that the word is useless.

In fact, for example, the current battle, the use of complex words, is absolutely appropriate!

Because, the copied image will have the magical power of the specified target!

In an instant, along with Ye Xuan's order, a ray of light formed directly around Ye Xuan.

This ray of light condenses and condenses rapidly at the speed visible to the naked eye. It turns out to be the disciple of the organization.

The man looked at Ye Xuan's movements in a strange way, and looked at the mirror with horror. He couldn't help but ask: "What is this supernatural power, why can you copy me?"

Ye Xuan's mouth was slightly tilted, but he did not care about the person's question, just watching the person indifferently.

"No, it can't be really copied. It's impossible to have such a supernatural power. Haha, you just got a similar look that I have grown up. How do you think that this will scare me?" Kid, you Think more!"

The man was arrogantly laughing. In his heart, his supernatural powers could not be copied. Ye Xuan's current movements were nothing but futile.

But is this really the case?

The man saw the mirror copy completed, and immediately waved it, it was the ten cockroaches appearing in the mirror side, look like that, it seems to want to kill the mirror directly.

But the next scene makes it difficult for him to calm down!

Because only seeing the mirror is also a wave of hand, even ten scorpions are directly summoned, and the battle of the disciplinary disciples!

"This, this is impossible! This is impossible. These embarrassing things are all me refined. These embarrassing things are all marked by me. They will only obey me, impossible, impossible, how can you possibly Summon them!"

The man was frightened, because at this time Ye Xuan summoned the mirror, he was able to call his cockroaches freely, which is unprecedented.

"Hey, the system prompts, detects a special rule that can be swallowed, the law of the law, it is recommended that the host kill the specified target, start forced engulfment!"

Ye Xuan slightly stunned, actually found the law that can be swallowed!

Chapter 2329: Rule devourer

Although the body of eternal is indeed the power to devour other laws, although Ye Xuan has seen many enemies with the power of law.

However, I have never encountered the ability to swallow, the most, that is, the law fragments, but why can this be swallowed directly?

Is it it!

Ye Xuan looked at the image he had summoned with the six-character mantra, and his heart was full of doubts.

Because, this time can swallow this law, Ye Xuan can think of it, only this image.

"System, what are the conditions for the mandatory engulfment rule?"

"Hey, the system prompts, the current data is insufficient, temporarily unknown!"

"Hey, the system prompts that the known law engulfs the condition. When the host uses the image copied by the six-word mantra to completely copy the force of the specified target, and the host kills the specified target, the host can gain the power of the law by swallowing the image! "

"Hey, the system prompts, the six-word mantra complex, 有, has a chance to summon a mirror that completely replicates the power of the specified target rule!"

It turned out to be the case!

Ye Xuan immediately realized the heart.

In other words, the complex word has a chance to summon a mirror that is exactly the same as the enemy, and if such a mirror appears, Ye Xuan kills the enemy before the mirror is shattered.

Then, it is equal to the image inheritance of the enemy's law, and then Ye Xuan is swallowing the mirror, naturally gaining the power of the enemy's law.

This setting perfectly escapes the conservation law in the laws of nature, so that Ye Xuan can borrow the mirror to achieve the goal of engulfing the power of law!

Ye Xuan can only say.

Cool, it's so cool!

As long as it is the way to find the power to devour the law, then everything is easy to say.

In an instant, Ye Xuan's face was smiling, but his eyes were staring at the disciples who had destroyed the organization. This person would kill!

No matter what the law is, but as long as it is the power of the law, then Ye Xuan will not dislike.

"Give me kill!"

Suddenly, Ye Xuan's figure accelerated again, and the sword in his hand had been thrown out, allowing Megatron to control and find the right raid opportunity.

"Intelligence control!"

"System, give me the treasure to use the success rate, I have to use the intelligence control to disrupt the guy's attack rhythm!"

"Blood swordsman, totem beast, give me out, even if you are no longer useful, but, block me from those awkward attacks!"

"Hundred flowers, give me a remote attack, comprehensive cover!"

In an instant, Ye Xuan directly used all the means that he could use, and the overwhelming attack was launched instantly.

Ye Xuan has many special powers or abilities, but because of various restrictions, nature can't be fully used at one time.

However, it is enough to rely on the strength of Ye Xuan's outbreak!

The spiritual control allowed the disciples of the organization to sneak a glimpse, and the body could not help but be stiff. In this slightly stale time, the bones of the sword and all the totem beasts had already rushed up. Of course, there was also the control of Megatron. Excalibur, and the attack of the flower god.

In an instant, all attacks arrive almost at the same time!

The organization of the disciples, did not think of death, he would be killed by people, and, is still a person who is lower than him!

"boom!"

With a punch, Ye Xuan directly blasted the man's deity with his fist, so that he could not die if he died!

"Forced engulfment, let me see, what is the use of this law!"

After Ye Xuan took away the person's Qiang Kun ring, he did not hesitate to directly force the devouring!

A mysterious force directly surrounded the mirror, and the mirror was constantly disintegrated. After a while, only a light spot was left.

The light point directly into Ye Xuan's forehead, and in an instant, Ye Xuan mastered this law!

The law of blasphemy can only be regarded as a rule of partiality, but its role is only used to refine and control cockroaches.

However, this law has reached a certain level, but it has the ability to control similarly.

That is the control target, but the law is more overbearing, it is to directly erase the other's spiritual knowledge, complete control.

Of course, for Ye Xuan, no matter whether this law is good or bad, after all, it is the power of the first law he swallowed, so it is still worth celebrating!

"Hey, the system prompts, the host successfully devours the power of the first rule, gets a special title, the law devours the person!"

"Hey, the system prompts, the special title rule devourer will increase the success rate of the host engulfment rule!"

"Hey, the system prompts, the host successfully devours the power of the first rule, and the system gives random rewards!"

“Hey, in the reward draw, congratulations to the host, get a special treasure map!”

Special treasure map, the remains of the ancient Jiuyi Emperor Palace! This treasure map has a total of five, collecting five treasure maps, the host will have the qualification to enter the ancient Jiuyou Emperor Palace!

"Hey, the ruins of the ancient Jiuyou Emperor's Palace are extremely dangerous. The system recommends that the host reach the king of God and start collecting!"

"Hey, special missions, the mission of the ancient vestige of the Emperor's Palace in the ancient times, the task of the mission, the destruction of the home, the completion of the mission host will get a treasure map!"

Killing away from home!

Ye Xuan is dumbfounded, this task is really too pit, but the ancient family of Kunlun Divine is away from home! How could it be said that it would be destroyed by the killing!

No wonder the system suggests that Ye Xuan has reached the king of God to collect it!

I am afraid that even the kingdom of God will be very difficult.

But at least, Ye Xuan now has a goal! Five treasure maps, the second clue has come out.

.....

Without the blockade of the disciplinary disciples, Ye Xuan broke the shackle field and there was basically no suspense.

After a while, Ye Xuan has already stepped out of this field, but when Ye Xuan and the disciple are entangled, the guardian disciples in the organization of the Treasure Pavilion have already assembled.

As soon as Ye Xuan came out of the curfew, he immediately suffered a siege.

"Kill, kill this person!"

A destructive organization elder whispered that at this time, only 30 destructive disciples were staying in the Treasure House.

Moreover, except that he is a **** of the kingdom, other people are just true gods.

After all, here is just a stronghold of the organization, where to find so many gods and kings?

Ye Xuan looked disdainfully at the dying disciples, and gently raised his hand, while his mouth said at the same time: "Dead!"

Nothing, no warning, those disciples didn't even make a sound, they fell to the ground, but the godhead has shattered!

"Who are you, why are you attacking me?"

The elders held the magic weapon and their eyes were filled with anger.

"Why should I kill you? Haha, this is a joke. It's a good thing to destroy everyone. Why do you want me to kill you!"

Ye Xuan said faintly, these guys have never exposed their identity, but unfortunately, Ye Xuan has long known.

Chapter 2330: Trouble

"You, who are you, why do you know that I am destroying the organization!"

The elder was horrified. In fact, compared to his disciples being beaten, they were besieged compared to their positions. Ye Xuan knew that they were members of the organization, and they even panicked them.

Destruction of the organization, after all, is a taboo in the realm of the gods, let alone be sure, even if there is any person suspected of destroying the organization, it will be besieged in an instant, because the organization is a taboo!

"It doesn't matter who I am. Just know that I will be the one who will destroy your organization!"

Ye Xuan said quietly!

"Haha, haha, just rely on you, just because you want to organize and destroy us, boy, you really dare to say anything, rest assured, from today, you will be the deadly enemy of my organization!"

Suddenly, the elder laughed wildly, and at the same time, a black gas was constantly emanating from him. When these black gas appeared, they immediately disappeared into the void.

"not good!"

Ye Xuan was shocked. Although he did not know what the person was using, he was able to know that he was transmitting information.

"Give me to die!"

Ye Xuan suddenly slammed the sword and smashed the man's godhead directly.

But the man did not mean to dodge or defend, even laughing!

"Kid, it's already late. People who know that I am destroying the organization must die! Starting today, you will be killed by the organization of my destruction! Let's enjoy it slowly, haha..."

The sound stopped abruptly, and Ye Xuan frowned. It seems that this time he did something wrong. He did not expect that the people who destroyed the organization actually had such a means.

Of course, Ye Xuan will not care at all. Anyway, this is to destroy the organization. This is the existence that he will destroy. It is an absolute enemy. Then, what are you worried about!

Lonely? Then see if they have this ability.

Ye Xuan ignored this person. At this time, the Treasure Hall had no defensive power, so Ye Xuan rushed in without any politeness.

Here, all the treasures that the extinct base is constantly searching for are stored. Every 10,000 years, they will use a special means to transport some of their resources to the headquarters, but after all, they have accumulated a lot of treasures during this time.

However, it is not very useful.

Of course, Ye Xuan will not be disgusted.

I don't know if it was because of the warning of the man. In short, Ye Xuan rushed all the way, but he was not being resisted. Moreover, even if he was a member of the dying organization outside the **** battle, he quickly retreated.

They are planning to completely abandon this base.

To be precise, the retreats are all members of the real extinction organization, and those peripheral members are directly left behind for the base.

The blood Yunzong people finally got their wish, and successfully rushed into this secret.

However, what makes them amazed is that they are desperately trying to break through the secrets that have finally been broken. What is the ancient mystery?

Not to mention the ancient secrets, even if it is a treasure.

Ye Xuan left them with only one demon temple.

Even the people inside the blood sacrifice hall were rescued by Ye Xuan.

The blood Yunzong suffered heavy losses, but he did not get anything. How can they not be angry, but unfortunately, they will never know what is going on.

At this time, Ye Xuan is walking with these people towards Linfeng City.

Lin Fengjing was defeated because of the destruction of the organization. Although because of Ye Xuan's sake, he paid a little attention to this side, but after all, the cultivation of talents only depends on oneself.

At this point, I saw that Ye Xuan brought all the people who had been taken away, and the whole Lin Feng was boiling!

You know, this time, Ye Xuan rescued a million people!

I don't know what kind of blood sacrifice to do in the organization, but I have caught so many people.

These people are cultivated as high and low, but the highest, but only in the true state of God, because higher, has been destroyed by organizations, or otherwise disposed of.

Of course, there are many totems and beasts brought back together.

The Totem Beast is not very useful for the current Ye Xuan. After all, he rarely uses it.

Therefore, it is better to hand over to Lin Fengjing to domesticate. When needed, Ye Xuan can also come and take it.

The whole Lin Fengjing, now the highest repaired, but only a guy with six true gods, is considered pitiful.

At this time, Lin Fengjing had already returned to Ye Xuan, so Ye Xuan naturally could not leave it. He left a lot of useless ordinary resources to Lin Fengjing, and then stayed for a few days before leaving.

At this time in the heart of Ye Xuan, Lin Fengjing may be just a place that can provide him with the value of his belief. Of course, what kind of development will happen in the future, Ye Xuan is not too concerned.

The perfect solution to the situation in Linjing is a good news for Ye Xuan.

It is a pity that he has not even had time to rest for a few days, but he and Kun did not find him.

"How did you both come, what's the matter?"

"I said Ye Xuan, your kid can't see anyone all day, and I don't know what you are doing, but I am afraid you have trouble this time?"

Kun said very casually to Ye Xuan.

"Trouble, what trouble?"

Ye Xuan smashed!

"I am not leaving home. Although my sister has already warned of leaving home, but the power of leaving home is huge, even if my sister is not allowed, although they are afraid of your strength, but it is impossible to let go of you, afraid of the next For a while, you can't be so happy!"

"The meaning of His Royal Highness is to say that it is trouble to find me from home?"

"Yes, but it is not directly from the family, but their affiliated forces. There are naturally many people away from home in Kunlun. I get the news. They are ready to start with you. Soon, someone will challenge you. They want to borrow the challenge to kill you!"

Ye Xuan smiled a little, although I don't know who made this brainless idea, but Ye Xuan can only say that this method can only be thought of by pigs!

"Okay, I know."

"Is this finished?"

Kun did not stand up and looked at Ye Xuan strangely.

"Otherwise, what can I do? Can I still let those people not challenge me? The challenges of Kunbang and Lunbang, but the challenges of Kunlun's openness, can I refuse?"

"Why can't you refuse, this time you leave home, afraid that the referee elders have already been bought, if you promise to challenge, I don't know how to die if you die!"

Kun did not seem to be excited, nor did he know whether he was worried about Ye Xuan or angry at leaving home.

But in any case, Kun is not good after all.

Ye Xuan smiled slightly and said to Kun, "I want to count me from home? Then why should I give them calculations? I will challenge the list again tomorrow!"

The smile of Ye Xuan's mouth and the confidence on his face made Kun's incomprehension and ambiguity somewhat incomprehensible.
