

## Super D. S 2341

Chapter 2341: The former title is so strong

Ye Xuan did not hesitate, and the direct figure flashed, and immediately went to the original place. When the strongest of the Emperor Tianzong came over, there was no such thing as Ye Xuan.

However, for a moment, in another direction, Ye Xuan launched a surprise attack.

After all, there are only a few strong fighters in the Tiantian Zong. For Ye Xuan, even the ordinary inferior god-level powerhouse, Ye Xuan will not care, which leads to the death of Ye Xuan all the way. People, but they can't help.

The killing of Ye Xuan is continuing, and the elders of the Ba Tianzong are only exhausted.

However, the bodies of these ordinary disciples killed by Ye Xuan were all swallowed up by Ye Xuan's income. After all, Ye Xuan and his family have hatred, but there is no grudge with the ordinary disciples of these Ba Tianzong, so wait for later. Opportunity, Ye Xuan will resurrect them.

One party is an active attack, and it is a person who wants to go wherever he goes.

The other side is only able to defend everywhere.

One can understand, who can take advantage of it.

The tyrants of the tyrants were red-eyed, but they couldn't help at all. Ye Xuan didn't even know how many tyrants he had killed.

Finally, all the disciples of the Ba Tianzong all hid in the main hall, which was to stop the killing of Ye Xuan.

However, when Ye Xuan saw the people of Ba Tianzong hiding from the main hall, they turned and walked away. There was no trace of any thoughts. Anyway, there are still many forces that can be troublesome. Ye Xuan will not spend all of his time in this small A small tyrant.

The passage of time, Ye Xuan's killing has been going on, three four-door five people, it can be said that all forces can be found by Ye Xuan.

These detached affiliates were either forced out of the house by Ye Xuan and then left home to suppress, or just like the tyrants, they were forced to huddle in a small area and could not move.

It can be said that almost all of the affiliated forces leaving home have collapsed.

People who are away from home are very clear that some people are leaving home with them, but they don't know who they are.

Ye Xuan is like a ghost. The activities are around the home, leaving a lot of traps from home. If you want to lure Ye Xuan, it has no effect. These traps are either directly waiting for Ye Xuan. People, either waiting for it, were destroyed by Ye Xuan.

For a time, the whole family was up and down, people were upset, and even dared not go out. As for the affiliated family who is away from home, it is even more difficult. If they continue to follow away from home, they will face the constant attack of Ye Xuan, but if they dare to betray their home, they will face the great disaster.

A person can force an ancient family to be so miserable, fearing that only Ye Xuan can do it.

After all, there is a system in hand, Ye Xuan can escape the round-up rounds in time, and can also find out the enemy's real defense weaknesses in time.

However, no matter how careful Ye Xuan is, there are still mistakes!

On this day, Ye Xuan casually searched for a goal, and directly opened the hidden function of the wings of the gods and walked toward the front.

During this time, he has carried out so many attacks like this, and he has already become a familiar one.

The target of Ye Xuan's choice this time is a small stronghold from home. The number of people in this stronghold has been investigated by Ye Xuan. There are only 13 disciples away from home and some servants.

Therefore, Ye Xuan is preparing to destroy this stronghold directly.

Normally, this is a very simple matter, and there is no possibility of any accidents, but with Ye Xuan's constant action, how can he say that there is no way to leave home.

In fact, this stronghold is a trap. In this stronghold, it costs a lot of money to leave home and builds a hidden ban.

Normally, such a ban, Ye Xuan may be able to see through at a glance.

However, the victory of this time made Ye Xuan somewhat numb, so this time, he made a mistake.

Ye Xuan directly broke into the stronghold, no matter how much, directly began to kill, these low-level disciples, Ye Xuan, this time, already do not know how much to kill.

However, all of a sudden, a powerful pressure suddenly broke out, which was extremely powerful, and Ye Xuan had to stop.

Ye Xuan eyes staring at the core position of the stronghold, and at this time, Ye Xuan finally saw that it was a hidden prohibition.

"Damn! This time, I am careless!"

Ye Xuan said something annoyed in his heart.

But now that these are too late, I saw that from the prohibition, directly rushed out of three figures, two medium gods, one superior god!

"You are Ye Xuan!"

Suddenly, the guy who waited for the king of heaven looked at Ye Xuan and said with surprise.

Ye Xuan gave a slight glimpse, but he did not expect that he met someone who knew him.

"What about it?"

"Well, you, Ye Xuan, how can I provoke you from leaving home, do you want to disturb me from home? Have the ability to stand up directly, sneak up and attack my affiliated family away from home, what is the matter?"

Unexpectedly, the man was angry when he heard Ye Xuan admit it.

Ye Xuan looked at the man indifferently, but he did not care.

I am not stupid, and I am strong from home. There are countless masters. Ye Xuan is not worth mentioning when she is away from home. If she is really facing her, then Ye Xuan has no chance of winning, so Ye Xuan has only one step. Step to weaken the strength of leaving home.

"Are you saying enough? If you say enough, then you will die!"

Ye Xuan will not pay attention to this person to say anything, with a wave of hand, the thousand beast swordsman and the flower \*\*\*\* sword waiter rushed out, and when they came out, they also summoned the god-level mounts and flowers.

At the same time, Ye Xuan has already held the sword and rushed up.

"Ye Xuan, you are looking for death, dare to offend us from home, you will know, what is called life is not as good as death, hey, I did not expect that this time I sneaked away from home, it turned out to be your \*\*\*\* thing, but today I will kill you by myself!"

The man said incomparably.

The cultivation of the superior gods and the real world also made him qualified to say such things.

Unfortunately, the object he chose was wrong.

"System, all the resources I collected during this time are swallowed up, hey, today, I want to let this guy know what is desperate!"

Ye Xuan's battle during this time naturally harvested a lot of resources. However, Ye Xuan did not swallow it, but survived it. Together with the resources that devour space production, it can be said that Ye Xuan now has a large amount of resources available. Devouring.

I haven't upgraded before, just because Ye Xuan is too lazy to upgrade, because there is no decent opponent, but today, Ye Xuan needs to devour those resources.

With numerous resources being swallowed up, the system's prompts also rang.

"Hey, the host breaks through, and the current seven products are waiting for the gods!"

Even a few levels!

However, this is the result of Ye Xuan's accumulation of resources for such a long time. It can be said that this is the accumulation of Ye Xuan's accumulation!

Unfortunately, Ye Xuan is still somewhat dissatisfied. He originally thought that this time he could directly break through the middle of the gods.

But I did not expect that it was so much worse.

Chapter 2342: Two swords

"You broke through? How is this possible, can you say that you are hiding the strength?"

"Well, you are a genius. It's a genius. It's only a matter of time to join Kunlun. It has actually increased so much. However, you shouldn't do it. You shouldn't offend us from home!"

"I will give you a chance now. If you are willing to return to our home, then we can not do anything before, but it has not happened, how?"

Is this what I want to attract Ye Xuan?

It is a pity that Ye Xuan could not accept it at all. Just because he was away from home and wanted to accept Ye Xuan, he really thought too much.

"Just leave your home and want me to surrender? Do you have that qualification?"

"Good arrogant tone, Ye Xuan, who do you think you are? I dare to be so arrogant, I am leaving the home is an ancient family, the foundation of it, you can imagine, how, do you think that you are harassing me from this time? The family of the family can challenge my authority to leave home?"

"To tell you the truth, these affiliated families are just a dog I have left home!"

"I have left home, I have always followed the principle of strong family, affiliated family. I have cultivated a few at random, and I have never cared about them. In fact, even if all the affiliated families add up, I will not be able to stay away from home. The strength of a branch family!"

"Ye Xuan, Ye Xuan, do you really think that you have not affected me from my home? You are just a clown! As long as I have noticed you from any elders from home, then you will die without a place to die!"

"Let you and me be the disciples of Kunlun, I will give you a chance today, join me and leave home, I will keep you safe, otherwise you will die!"

This person is actually a disciple of Kunlun, but how can Ye Xuan pay attention to his ghosts.

He is stronger away from home, and in Ye Xuan's heart, he will not care.

"Are your nonsense finished?"

Ye Xuan pulled out the sword, and was not prepared to talk nonsense with this guy.

"Hey, arrogant boy, since you are looking for death yourself, then I will fulfill you! You two, still doing what you want, give it to me!"

"Ye Xuan, today, let you see and see the strength of my disciple!"

In an instant, the two middle-aged guys flew toward Ye Xuan.

"Hey, the system prompts, the target is specified, and the third grade is the middle of the king!"

"Hey, the system prompts, the target is specified, and the five grades are in the middle of the king!"

It turned out that there are two guys who have the title of the former crown. It seems that this is a secret way to improve their strength.

You know, the acquisition of the title of the former crown is not that simple.

"Destroy the gods!"

Ye Xuan did not hesitate to go out with a sword, but where did he know that this time, his attack did not receive the slightest effect, the two men were extremely keen, and they were also good at the combination of the attack, Ye Xuan's attack was actually They easily resisted.

"Ye Xuan, don't you have this ability? If so, then you can die!"

Behind the two, the strong man said faintly, with a disdainful look in his eyes.

Is this the true strength of a disciple away from home?

Could it be said that the action that Ye Xuan had made before, really like this person said, inside the home, or even no one cares?

However, how about that, today, the three, Ye Xuan is killing.

"Megatron, the magic weapon!"

In an instant, Megatron immediately changed.

What Ye Xuan didn't think was that this time, in the magical form of Megatron, there was another scorpion sword!

Yes, it is a sword!

I did not expect that Megatron could be transformed even with the Excalibur.

Needless to say, the power of the sacred sword is not too much to say, Ye Xuan will be hesitant, and directly chose this form of Megatron.

"System, how many swallowing points do you need to fix Megatron's sacred sword form?"

"Hey, the system prompts that the fixed Megatron Scorpio form requires five phagocytic points."

"There are five swallowing points, not many! System, using the value of belief, redeeming five swallowing points, I want to have the shape of this sacred sword of Megatron."

"Hey, the host used the belief value to redeem five swallowing points successfully!"

"Hey, Megatron's Swordsman form is fixed."

"Hey, the system prompts that Megatron is the spirit of the sword, so you can control the two swords that the host has!"

Ye Xuan's mouth showed a smile, and Ye Xuan was very satisfied with this result.

However, it is obvious that there are still differences between the two swords. Ye Xuan's own sword can be promoted. However, this shocking sword that Megatron has changed is not promoted at all!

"Megatron, the sword will be handed over to you, kill me!"

In an instant, two identical swords were directly under the control of Megatron and rushed to the two men. Megatron also controlled two swords at the same time, but there was no obstacle.

For Megatron's magical form, he even came up with a sacred sword. In the center of Ye Xuanxin's heart, he actually had some other ideas.

弑Shenjian, it seems that I can't keep up with Ye Xuan's fighting rhythm.

Although the current sacred sword can still maintain the advantage of the enemy, however, this advantage with the improvement of Ye Xuan level, the enemy facing Ye Xuan is becoming more and more powerful, it seems that it is not so obvious.

It seems that it is time to upgrade the sword.

弑Shenjian can swallow resources and achieve the purpose of upgrading, but because Ye Xuan's resources were not enough for his own use, he did not consider upgrading the 弑Shenjian.

But now it seems that upgrading the sword is already imminent.

Moreover, Ye Xuan also found that once Megatron controlled the sword to fight, Ye Xuan himself, but only bare-handed, this is not the result of Ye Xuan, this problem, Ye Xuan must also be resolved.

Of course, these problems can only be step by step. Ye Xuanzhen does not expect to say that it can be completed in one step.

The two scorpion swords continued to attack in the air, and even tied with the two disciples who were away from home.

"It's very good. I didn't expect you to be higher than the rumored strength. It seems that if I don't do it myself, I can't help you!"

Suddenly, a voice came, it was the young master who had no movements.

When the voice fell, this young master had already launched an attack. I saw that this person had thrown a special magic weapon in the shape of a crescent from his hand. Only in a moment, a special field was formed.

Chapter 2343: Go back to leveling

"Ye Xuan, I can see my moonlight field, you can be considered dead, and you don't have to struggle. In my moonlight field, your cultivation will be constantly suppressed and will be continuously consumed."

The man said proudly.

At the same time, the system's prompts also rang.

"Hey, the system prompts, it detects that the host is in a special field, and repairs it quickly!"

"Hey, the host is repaired to the level of the seven kings of the emperor!"

"Hey, the host has been reduced to the king of the seven kings!"

This is how it happened, Ye Xuan gave a slight glimpse, and he has never encountered such a situation.

"System, analyzing the moonlight field, I have to see how this field is doing what I want to suppress my realm!"

"Hey, the system prompts, the data is analyzed! The analysis is successful!"

"Hey, the moonlight field, the moonlight that absorbs the rare sight of the gods as the source energy, has extremely strong corrosion ability. In the moonlight field, the moonlight source will continuously erode any force, whether it is the power of the gods or the law, the moonlight source They are able to slowly erode, thus constantly reducing the strength of their opponents."

Moonlight source?

Ye Xuan knows that in the realm of the gods, because there are ten suns, the night is almost equal to no.

But this does not mean that there is really no, in fact, every day, it is indeed a few minutes to see the moonlight.

However, the district has been forgotten for a few minutes.

I did not expect that this young master who left home was actually practicing something like the moonlight source.

Only a few minutes a day, if you want to cultivate such things, you really have to have great perseverance. Moreover, there is no special chance, and it is impossible to achieve success in a lifetime.

Ye Xuan has seen a lot of law power, but with the moonlight, this is the first time I have seen it.

Ye Xuan's strength is constantly being eroded and constantly declining.

Ye Xuan knows that I am afraid I want to defeat this guy, at least I can't do it today.

"You are very good. It seems that I really underestimated my departure. So, I will be here first today, Megatron, come back!"

Accompanied by Ye Xuan's words, Yan Shenjian and Megatron returned to Ye Xuan's side at the same time, and at the same time, Ye Xuan's figure disappeared directly.

"Damn, it is the power of space law. This Ye Xuan, who has mastered the power of space law, chased me, must kill this guy!"

Looking at Ye Xuan's figure gradually blurred and disappeared, then the young master did not understand what was happening.

However, he still has some wonders why, why Ye Xuan has mastered the power of space law!

The power of the law is many and many.

The most common ones are the law of time, the law of space, the law of life, the rules of the Five Elements, and so on!

These most common rule powers, although the easiest to cultivate, are the most difficult to cultivate.

Why do many people choose those who are unpopular, and even have no use of the rules of cultivation, the root cause, that is, on this difficulty.

The more rare the rule power, the easier it is to be successfully cultivated. This is a balance.

Therefore, although everyone knows the law of space, there are very few people who really master it.

On the contrary, those laws that do not know what it is are the most common.

For example, this law of moonlight, which is cultivated by young masters, is not a law force that is relatively unrecognized by people.

.....

At this time, Ye Xuan has quickly left the moonlight field through the power of teleportation. Although the moonlight field has strong toughness, it is actually the same.

After Ye Xuan left, she thought about it. It seems that the family members he left and the people who left home before him were not the core strength of leaving home.

Can it be said that leaving home is really so powerful?

During this period of killing, Ye Xuan killed countless disciples who left home and left their homes, but Ye Xuan was keenly aware that this was a waste of time!

Killing those ordinary disciples will not bring any benefits to Ye Xuan, but will waste Ye Xuan's time.

It seems that such an action can only be temporarily suspended.

If you want to deal with such a huge thing as leaving home, it is not that you can kill it, you can kill it, and you can only come step by step.

Ye Xuan directly returned to Kunlun mirror, since Ye Xuan will not be able to do so.

Then, it is better to go to the mysterious lake to level up the reality.

Moreover, Ye Xuan must also seize the time to improve his strength, because the gods are falling closer and closer.

Although there is no fixed time for the holding of the gods, but since I have already found Ye Xuan, it can be seen that the host of this \*\*\*\* is also an urgent matter.

Maybe, the next moment may be held directly, it is not impossible!

Therefore, Ye Xuan must upgrade his strength as much as possible before the host of the gods!

"System, send me to the mysterious lake!"

The mysterious lake, Ye Xuan's exclusive leveling place, as well as the purple blood and golden blood, always reveals the unusual meaning, but until now, Ye Xuan still does not know what secrets are hidden.

"Hey, the system prompts, the transfer starts!"

"Hey, the transfer is successful!"

This time Ye Xuan came to this mysterious lake. It seems that there is no difference between here and a few times before, so Ye Xuan did not delay and began to search for his own goals.

With the hint of Ye Xuan's strength, the beasts around the mysterious lake can no longer satisfy Ye Xuan's appetite. It can be said that these beasts cannot pose a threat to Ye Xuan.

So Ye Xuan has begun to move forward, looking for a more advanced beast as an opponent.

Around the mysterious lake, even if Ye Xuan has come several times, still has not figured out what is going on.

The realm of the beasts here is generally high, and many have special magical powers.

In addition, it is to kill these beasts, you can get a drop of golden blood, so that this is even more remarkable.

A large number of high-level beasts gathered together, the mysterious lake, so that always reveals the strange, but Ye Xuan does not care about this, even if he is very clear that there must be something wrong.

For Ye Xuan, the only use here is as his leveling!

"Well, this goal is good, right for me now!"

Ye Xuan nodded. This time, the goal of Wan Xun's swordsman to be brought back by Ye Xuan was also somewhat special. Strictly speaking, he could not be called a beast, but a spiritual god.

This is a spiritual \*\*\*\* cultivated from a plant, and the realm has even reached the six-element medium kingdom!

Although Ye Xuan is only inferior to the gods at this time, his goodness is also the super existence of the predecessor title.

Therefore, Ye Xuan is going to challenge this special beast, but it is necessary to see, this is the spiritual \*\*\*\* cultivated by plants, what is special about it!

## Chapter 2344: Powerful thousand vines

Ye Xuan Shen read the outside, and has already told the system: "System, detect this target!"

"Hey, in the target detection, the detection is successful!"

"Hey, the system prompts, specify the target of the thousand vines, six products in the middle of the king!"

A thousand vines, this is an ancient vine that grows around the mysterious lake. Over time, the vines continue to absorb the energy contained in the mysterious lake, and thus evolve into the present.

"Hey, the system prompts, the host should pay attention, the specified target has special ability, it is recommended that the host avoid fighting with it!"

The system suddenly added a sentence, so that Ye Xuan slightly frowned.

This time, although the system did not issue an alarm, but let Ye Xuan avoid fighting, in fact, what is the difference with the alarm.

What are the six kings of the gods?

Hao Ye Xuan is also a royal king of the seventh class, not to say that there is no power of a war.

Then, that is to say, the system mainly reminds Ye Xuan that the special magical power of this thousand vines!

Ye Xuan pulled out the sword and held it in his hand. He wanted to see if this guy had anything special.

"Thousand beast swordsman, flower \*\*\*\* sword waiter, give it to me!"

With the order of Ye Xuan, in an instant, the thousand beast swordsman and the flower \*\*\*\* sword waiter led the god-level mount, and the flower gods rushed up.

And Ye Xuan figure is moving, they are also ready to move.

However, at this time, a scene of terror took place.

"Booming!"

"Hey!"

A strange sound came from, and then, a thousand miles, even at the same time changed!

A plant vine rises from the ground and even breaks through the sky. In the sky, numerous vines criss-cross and a mysterious fruit appears between the moments.

Above the ground, those vines are even more entangled, so that this is a thousand miles, even half of the land can not see!

"Hey!"

"Hey!"

"Hey!"

Numerous vines are intertwined, but between the blink of an eye, the thousand beast swordsman, the god-level mount, the flower \*\*\*\* sword waiter, the hundred flowers and flowers god, are not directly killed, or trapped by vines!

In the blink of an eye, this thousand vines, who actually constructed this strange field!

"Hey, alarm, alarm, host, please note that the host is in a special space, extremely dangerous, it is recommended that the host immediately evacuate!"

"Hey, the system prompts, the realm of the thousand vines is refreshed, and the current king-level peak is waiting for the gods!"

"Hey, system prompts, alerts, alerts, detected special attacks..."

A bunch of alarms made Ye Xuan almost dumbfounded, even in the blink of an eye, he was already defeated?

What is this horrible thousand vines, what is it, and what is his purpose?

A green light of divine power appeared around Ye Xuan. These lights also traversed each other like vines. It was actually directly trapping Ye Xuan. Although Ye Xuan did not know what this thing was, he was sure. Yes, this thing is by no means a good thing.

"Destroy the gods!"

Ye Xuan tried to smash a sword in the light of the divine power. However, there was no use at all.

The sword light issued by Ye Xuan was directly swallowed up by the green power of light.

However, in the blink of an eye, Ye Xuan has been completely wrapped in the ray of energy.

Until this time, a voice finally came over.

"You are finally here, human!"

Ye Xuan naturally knows this voice, it must be the thousand vines, but Ye Xuan does not know, what this guy really wants to do, it can be said that although Ye Xuan is now at an absolute disadvantage, but the thousand vines are not Attacking Ye Xuan, there is no doubt what other purposes.

"what do you want to do?"

Ye Xuan looked up and looked ahead, although he did not know exactly where the thousand vines were.

"Human, since you entered here, I have been observing you. Although your combat power is not good, but there are many means, the key is that you can leave here at will, so this task can only be done."

task? Ye Xuan gave a slight glimpse, and at the same time, the system prompts arrived.

"Hey, the system prompts, congratulations to the host to find hidden tasks, the commission of the thousand vines."

Upon hearing this suggestion, Ye Xuan knew that at least he was safe for the time being, so Ye Xuan directly asked the thousand vines to ask: "I don't know what mission the seniors said?"

However, Qian Teng Zun, as if he did not hear Ye Xuan's words, continued to say to himself: "I have lived here since childhood, and I see the free running of the beast every day. I also want to have such magical powers, but No matter how hard I try, I can't do it at all..."

Ye Xuan understands, feelings, this thousand vines are trying to let Ye Xuan to find him a way to let him move freely, regardless of the magic weapon, the law is worthy, as long as it allows him to move freely.

Ye Xuan is somewhat speechless. For such a commission, Ye Xuan is really a bit guilty.

However, it can also be seen that the sorrow of being a plant, in particular, as a plant with wisdom and a desire to go everywhere!

Indeed, there are many plants that have special rules that allow them to appear wherever they want to go, but after all, the predecessor of the thousand vines is actually a very ordinary vine, how can they have those special Magical?

How should this be solved?

Ye Xuan brows slightly wrinkled and thought about it.

Suddenly, the system prompts to sound again.

"Hey, the system prompts, congratulations to the host to find optional random tasks, to accept the thousand vines!"

Conquering this big guy in front of you?

Ye Xuan asked in a strange way to the system: "System, are you sure I have a way to conquer this big guy?"

Ye Xuan is not skeptical. After all, this thousand vines are the masters of the king's kingdom, and they also have special laws and powers.

Ye Xuan can't beat him at all, so how can he get it?

Suddenly, Ye Xuan sounded in front of the thousand vines. The request of the thousand vines seems to be just that they can leave here. No matter whether Ye Xuan finds the magic weapon or the law, as long as he can have the ability to act freely, then you can!

In fact, is Ye Xuan not able to do it?

Devouring the space!

Ye Xuan can completely devour the income of the thousand vines in the space, and then use the power of the ban or the charm to separate some of his thoughts and bring them around. Isn't it equal to the will of the thousand vines?

The most important thing is that once the thousand vines enter the devour space of Ye Xuan, then perhaps what you want to do, is not a sentence.

At that time, it is not what Qian Tao Zun wants, but what Ye Xuan wants!

At the thought of this method, Ye Xuan suddenly stunned his eyes and directly said his thoughts to the thousand vines.

#### Chapter 2345: Conquering the thousand vines

After all, Qian Tengzun has been living around this mysterious lake. There are so many things to think about, so when Ye Xuan proposed this method, he only used God to read Ye Xuan's engulfing space and he did not hesitate. Promise down.

Then, next, Ye Xuan only needs to refine a prohibition or a charm of separation of minds!

After carefully thinking about Ye Xuan, the choice was a ban, a micro-prohibition.

Micro-prohibition is not a small ban, but in fact, micro-prohibition is even more difficult to refine.

If you want to refine the micro-exquisiteness, the requirements for God's mind are extremely high. After all, perhaps it is just a micro-inhibition of the size of the hair, and the power of terror can be erupted.

It can be said that there is very little refining in the micro-prohibition.

Of course, these are not things for Ye Xuan. Ye Xuan has a system. What kind of micro-prohibition can't be refining?

However, this time the refining, Ye Xuan did not understand why, this small micro-prohibition requires so many resources.

Of course, what can these consumptions be compared to those of Qian Teng?

Soon, Ye Xuan has already completed the refinement of this micro-ban, and Ye Xuan thought about it, and directly printed this miniature prohibition on the ring on his finger.

"Predecessors, you can enter my space now, the seniors only need to give a little thought, then you can travel to the world together."

"it is good!"

Unexpectedly, this thousand vines are so direct, actually did not hesitate, say do it, this is to save Ye Xuan's mouth.

In the sky, above the ground, countless vines quickly contracted, and constantly rushed toward the entrance to the devour space opened by Ye Xuan.

Suddenly, a group of little guys caused Ye Xuan's attention. There weren't many of these little guys, about a few hundred. However, these little guys, along with the thousand vines, poured into Ye Xuan's engulfing space.

"System, what is that?"

Ye Xuan asked quickly.

"Hey, the system prompts, the target is the one with the gods of the thousand vines!"

Accompanying spirits?

Ye Xuan has a feeling, this time, he made a big profit!

Sure enough, as the thousands of vines all entered the swallowing space, the system prompts.

"Hey, the system prompts, congratulations to the host to complete the random task, conquer the thousand vines, and get the loyalty of the thousand vines."

"Hey, the thousand vines are automatically renamed to the thousand vines!"

Qian Teng: A \*\*\*\* of heaven and earth that is admired by the law! Because it has produced a companion spirit, it was promoted to the ancestor of the primary spiritual god! Special abilities are temporarily undetectable, and special powers are temporarily undetectable.

Growth potential: unlimited!

Ye Xuan Le, don't look at what Ye Xuan is seeing now is unknown, but that growth potential is the key.

What does that sentence mean, how can Ye Xuan not understand, this is equal to, Ye Xuan as long as the training of this thousand vines, then, is equivalent to creating a spiritual \*\*\*\* race!

And this spiritual \*\*\*\* race is not only absolutely loyal to Ye Xuan, the most important thing is that they can grow up according to Ye Xuan's wishes!

In other words, Ye Xuan can now train the growth of this race when it is ok.

In addition, the time and velocity of the phagocytic space is faster than the outside world. Naturally, the cultivation of Ye Xuan is more likely to have a faster result.

What's more, even before this training has been completed, Qian Teng itself has an extremely powerful combat power. The cultivation of the true gods at the peak of the imperial court can definitely help Ye Xuan.

It can be said that this time, Ye Xuan earned a lot!

And in addition to refining the micro-prohibition with some resources, Ye Xuan did not even have any other losses!

Of course, the harvest of the thousand vines, for Ye Xuan, can not fundamentally solve his current predicament, so, Ye Xuan did not leave the mysterious lake here, but continue to find the beast to kill!

With the improvement of Ye Xuan's strength, he has not had to worry about finding a small beast. At this time, Ye Xuan already has the strength to stand in the inner area of the mysterious lake.

According to the truth, since the mysterious lake is so mysterious, then the closer it is to him, the stronger the power of the beast is.

However, the distribution of the beasts here is not the case, but the lower the core position of the beast is repaired, the more the outer beast, the greater the strength.

And Ye Xuan also found a thing that makes Ye Xuan quite surprised.

There is very little fighting between the beasts and beasts here. Even if some beasts break into the territory of other beasts, conflicts will not necessarily occur.

It can be said that the beasts here seem to be a bit lazy, as long as they can not solve the problem, they will not do it.

Most of the time, just staying in his own territory, this phenomenon makes Ye Xuan quite curious.

However, this is not the case for Ye Xuan to kill the beasts here. So, Ye Xuan is not too concerned about these.

Soon, Ye Xuan found a new opponent, a beast with six strengths and a medium god.

Of course, although this time is still a six-element medium-sized god, but Ye Xuan believes that this guy will not suddenly change like a thousand.

"System, detect, what kind of monster is this guy, what is special?"

"Hey, the system prompts, specifies the target, the purple electric flame beast, has the law of lightning and flame!"

The two rules, but also the power of the law of strong attack, it seems that this time the battle is not so simple!

At this time, the purple electric flames of the beasts did not pay attention to Ye Xuan, this guy was kneeling on the ground, from his body, there were constant lightning and flame spewing out.

The two violent forces crossed in the air and fought each other, but the purple electric flame beast was not affected at all.

Suddenly, the purple electric flame beast's head was lifted up instantly, and among his eyes, a thunder, a fire, even attacked in one direction at the same time.

Ye Xuan's heart was slightly shocked, and he did not dare to delay and went straight.

It turned out that just now Ye Xuan was secretly hiding there with the cloak of the gods.

I know that the reaction of this purple electric flame beast is so fast.

"boom!"

"boom!"

Just in the position where Ye Xuan just stood, two giant holes appeared, one inside the fire was shining, and the other hole was really shining.

"This guy is really strong!"

Ye Xuan's mouth is slightly upturned, although his mouth is saying so, but his attack has already started.

"Megatron, the magic weapon form! Give me a sword!"

"kill!"

In an instant, the two sacred swords rushed out at the same time, one is really a sword, and the other is a change of Megatron!

Chapter 2346: Four-eared half-human

Megatron controls these two sacred swords around the purple electric beast, looking for a chance to make a fatal blow!

"Thousand beast swordsman, flower \*\*\*\* sword waiter."

Ye Xuan waved his hand and summoned the thousand beast swordsman and the flower \*\*\*\* sword.

In an instant, the thousand beast swordsman took a god-level mount, and the flower \*\*\*\* sword waiter with a hundred flowers and flowers, has also rushed up.

Fight, at the touch of a hair.

In the sky, the purple electric flame beast stood proudly in the void, and surrounded him, countless gods sat around him.

Suddenly, Ye Xuan shouted: "Thousand beasts feast, open! Kill me!"

"Boom! Boom! Boom!"

With Ye Xuan's command, the entire sky was illuminated by various energy attacks, and countless attacks rushed toward the purple electric flame beast, and the purple electric flame beast did not listen to the tumbling and attacked.

"boom!"

A mountain was directly blown up by violent forces, but he had just vacated, but Mashan was surrounded by a flame and burned.

As if the sky is cracking, flames, lightning, and more are intertwined in everything, making the sky look extraordinarily beautiful.

The two sacred swords are constantly smashing the gods, but unfortunately, there is no breakthrough.

Ye Xuan's brow is lightly wrinkled, so it seems that it is difficult for him to win.

"Six words are true, hurt!"

"System, use resources to exchange the success rate of spiritual control!"

"Megatron, prepare for action!"

.....

"Intelligence control!"

In an instant, with Ye Xuan as the center, a vast mysterious force directly rushed to the purple electric flame beast!

The next moment, the purple electric flame beast body is a little stiff!

Although it is only a stiff, but for Megatron, it is enough.

I saw that two scorpion swords attacked from both sides to the purple electric flame beast!

"boom!"

"boom!"

Although it was not able to run through the purple electric flame beast, the power of the two sacred swords was not so good. At this time, the purple electric flame beast had already been directly shot.

So, is the attack here finished?

No, the real killing is only now!

Since Ye Xuan got the thousand vines, it is natural to use.

So at this moment, I saw Ye Xuan's hand lifted and slammed: "Wan Teng!"

In the blink of an eye, a vine suddenly grows out of Ye Xuan's hand, and as the continual advancement, the vine is still spreading rapidly.

When he came to the purple electric flame beast, Qian Teng would not have hesitated, and tangled directly.

There are constantly vines ignited, and vines are constantly being destroyed by electricity.

But Qian Teng grew out at a very fast speed.

It is almost impossible to let the purple electric flame beast be tenacious, but he wants to avoid the arrest of the thousand vines.

A moment later, a purple electric flame beast that is a six-character medium-sized god, is so trapped by the vines!

"I have to look, this time, how do you hide!"

"Megatron, kill me!"

Ye Xuan mouth upturned, directly to the command of Megatron!

"puff!"

"puff!"

Two sounds, the two sacred swords directly penetrated the head of the purple electric flame beast.

It is unfortunate that the \*\*\*\* of the purple electric flame beast is in the head.

The gods are broken, and the purple electric flame beast has a chance to live there?

"Devouring!"

Ye Xuan once again waved, the body of the purple electric flame beast has been swallowed by Ye Xuan.

"Hey, the host breaks through, and the current nine products are waiting for the gods!"

It was finally upgraded.

But then, Ye Xuan was hesitant.

Because the front crown claims that every level of improvement needs to be re-cultivated.

In other words, if Ye Xuan chooses to continue to enhance the realm now, then in the promotion of a realm, it will lose the current title of the former title, thereby reducing the combat power.

This kind of front crown title, giving Ye Xuan's feeling is more like a blessing of a law force.

Otherwise, how can it be said that disappearing can disappear.

"Forget it, this time, I will not continue to level up, and surrendered to the thousand vines. It is not a trip. I haven't seen them in a long time. Now let's take a look."

Ye Xuan said to himself.

It's been completely offended by Ye Xuan, so Ye Xuan believes that the family will definitely find himself killing under any circumstances.

And when you return to Kunlun, then you can set up all sorts of troubles away from home!

Therefore, if Ye Xuan wants to quietly find a place to practice, then it must be the most suitable for the Rune.

They are now in the sacred family, so Ye Xuan will have such an idea.

However, as long as Ye Xuan is leaving the mysterious lake, it must be transferred to Kunlun.

However, this time, he only sent back, but found that his residence has been surrounded.

These people look rather strange, not only have a third eye, but each person has four ears.

They wear a special kind of clothes that give them the ability to hide, but there is no magic weapon in their hands.

"System, detect, who are these people?"

Ye Xuan is facing the system command.

Soon, the system prompts.

"Hey, the system prompts, specify the target four-eared and half-human."

Four-eared and half-human? What is this race?

"Hey, four-eared and half-human, except for having four ears, the other is almost exactly the same as the human race. As for their third eye, they are their talents, four ears!"

"Hey, the four-eared and half-humans are good at the combination of the techniques of attacking. When the four-eared eyes are open, they will be able to figure it out. At the same time, no one of the four-eared and half-humans will domesticate a strange beast as their life-beating! "

.....

The specific introduction, Ye Xuan has not required the system to continue to introduce, because at this moment, those four-eared and half-human assassins have launched an attack.

And Ye Xuan, naturally, can know what difference they have.

I saw that the eyes of the dozens of four-eared and half-human races suddenly burst into a ray of light, and this light was not an attack, nor a defense, just to connect all of them.

As described in the system, the four-eared and half-humans at this time. I have completely done my mind.

At the same time, I saw these four-eared and half-human people stick out one hand at the same time.

In their palm position, Ye Xuan saw that it was a transmission summoning door!

Very strange!

How is a transfer summoning door built on the palm of your hand?

Even Ye Xuan, at this time, I simply don't understand this truth, and even Ye Xuan has no way to do it!

Is it a talented supernatural power!

What kind of abilities do these four-eared and half-humans have?

At this time, Ye Feng, slightly frowning, although Ye Xuan has seen a lot of beasts, but for the aliens, Ye Xuan actually knows not much.

Of course, Ye Xuan also has some expectations, he would like to see, these people, what means.

Chapter 2347: God's sharing rule

"dead!"

When I hear dozens of people speaking a word at the same time, and it is the same tone, the same tone, even if the gestures are exactly the same, what kind of feeling would it be?

Ye Xuan will tell you that this feeling seems to be really not very cool!

"Hey! The guy who is looking for death is really nowhere!"

Since these people want Ye Xuan to die, then Ye Xuan can only let them die first!

"Thousand beast swordsman! Flower \*\*\*\* sword waiter!"

In an instant, the two swordsmen appeared again. Today, these two swordsmen have become Ye Xuan's signature starting action.

After all, the strength of the god-level mounts and the avatars are not weak. The key is the large number.

However, this time, Ye Xuan met his opponent.

I saw the transmission array in the hands of the four-eared and half-human people, but at the same time, there was a strange light. Then, from the palm of the hand, there were always a variety of beasts.

If these gods have something in common, that is the obvious four ears!

These beasts have different strengths, but the number is extremely large. It is only a short time. The surrounding around Ye Xuan has already reached more than 100,000 heads, and this number is still increasing!

Is this going to play Ye Xuan with Ye Xuan?

Then, Ye Xuan is going to have a look, is it fast, or killing himself.

"Megatron, the magic weapon form, kill me!"

In an instant, the two swords of the scorpion sword appear at the same time, and their attack is very simple, it is a constant rotation, to sharpen the sharpness of the sword, even if you do not use the gods, you can easily kill these four-eared beasts.

And Ye Xuan himself, but has been floating in the air, only see Ye Xuan hand, a mouth is even more plain said: "smart control!"

This time, Ye Xuan uses a wide range of spiritual control.

Who said that the control of the spirit can not be used in a wide range, for these low-level four-eared beasts, Ye Xuan can achieve a lot of control.

In an instant, thousands of four-eared beasts were directly controlled by Ye Xuan and pounced on their companions.

Whether they are killed by the four-eared beast controlled by Ye Xuan, or they killed other four-eared beasts.

For Ye Xuan, there are earnings and losses, not to mention creating chaos, why not?

Ye Xuan did not wave once, inevitably accompanied by the betrayal of thousands of four-eyed beasts.

And even if it is two for one, then, Ye Xuan does not need a few times, can kill thousands of ears and beasts.

Or, let them die from each other.

Those four-eared and half-humans seem to have not seen this scene at all, and the prohibition in their hands is still constantly spraying out the four-eared beasts.

Is spraying, so fast release speed, not spray, or what?

However, even with the use of spiritual control, but Ye Xuan still found that his speed of killing the four-eared beast, actually can not keep up with the speed of the four-eared beast.

"It seems that this is the only way!"

Suddenly, Ye Xuan raised his hand.

"Six-word mantra: destroy!"

The power of mysteriously launched!

What is the role of the six-character truth-speaking word?

That is to annihilate the general existence of the nine races.

Although it can only be used by opponents who are low-level.

However, these four-eared beasts, the strength is not high, they are playing only the beast sea tactics!

Along with Ye Xuan's annihilation, whether it is Ye Xuan's front or the back, countless four-eared beasts are killed in an instant.

"System, don't waste these corpses, use them all to devour!"

"Since these guys are willing to give me the body of the beast, I need to be polite."

"Let's swallow it!"

Numerous corpses are directly swallowed by the sacred sword, and one of the special functions of the sacred sword can be upgraded by engulfing resources.

Although it is said that only a part of the material of the body of the beast is helpful for the upgrade of the sword, but the number of these four-eared beasts is huge, it can be said that this time, the harvest of the sword is quite rich.

Those four-eared and half-humans may also see that the Beast Sea tactics are not too much threat to Ye Xuan.

So at this moment, those four-eared and semi-Protoss have stopped to continue to release the beast.

Instead, I looked at Ye Xuan silently.

"Go ahead, continue to release your beasts!"

Ye Xuan's mouth hangs a smile, not carelessly.

"Ye Xuan, don't be proud, you will die today."

There are dozens of identical sounds.

Unfortunately, Ye Xuan does not care.

Suddenly, the transmission arrays in the hands of the four-eared and half-humans quickly rotated. After a while, those portals changed their appearance.

"Hey!"

"Hey!"

"Hey!"

Countless knives and swords instantly filled the sky, and the battle was awkward.

However, it is nothing more than that.

These swords, Ye Xuan does not even need to use any means, just relying on his body, it can be completely offset.

Because, these swords of the damage caused by Ye Xuan, but also can not top the speed of the automatic recovery of the eternal blood.

Those four-eared and half-humans frowned at the same time.

Their beast tactics and sword light tactics have not caused any damage to Ye Xuan.

Before, they have never met before!

The four-eared and half-human race is actually a hired assassination race.

The value of this race is that it is hired and then assassinated.

But this time, although they dispatched dozens of people.

But for Ye Xuan, but it is not worth the score!

When Ye Xuan was preparing to kill these four-eared and half-humans, he heard the system prompts.

"Hey, the system prompts, detects the power of the law that can be swallowed, and the law of sharing!"

Ok?

What is the law?

Although Ye Xuan has seen a variety of strange rules, but what God to share the law, but Ye Xuan heard for the first time.

However, in any case, since there is a law to swallow, Ye Xuan will naturally let go.

"What are you waiting for, forced to swallow up!"

Ye Xuan's hand waved, and a powerful suction suddenly broke out. The third eye on the forehead of the four-eared and half-human family was actually directly deprived by Ye Xuan.

"Hey, forced swallowing is successful, congratulations to the host to get the law of sharing."

God's sharing of the law allows the host to share their thoughts and goals with a short-lived mind. According to the extent to which the master masters the law, the more the gods share the goal.

The current host can share two targets.

The general rule of garbage.

Ye Xuan couldn't help but think, indeed, this rule is really rubbish, at least, in Ye Xuan's heart, it is so treated.

The beast is not present, the law has been swallowed up, then, how should these four-eared and half-humans be disposed of?

"Megatron, killing them!"

Ye Xuan waved, and the sword was directly rushed out.

A ray of light appeared, and Megatron finally used the \*\*\*\* of destruction.

Since these people have already shot Ye Xuan, then Ye Xuan does not need to let them go. After all, if Ye Xuan let them go this time, the next time, they will only intensify.

Chapter 2348: The gods are attacked

After killing these assassins of the four-eared and half-human, Ye Xuan was somewhat confused.

Here is Kunlun. What talents can arrange people to kill him in Kunlun?

Leave home?

No, even if you are away from home, you can't hate Ye Xuan, but you can't be so arrogant. After all, here is Kunlun!

Starting here is equivalent to the majesty of direct provocation. If you want to betray the Kunlun domain, you will never dare to do so.

Who is not leaving home?

Is it a person who destroys the organization? Is it that the organization is so fast that it will come back again?

The four-eared and half-human Ye Xuan has never seen it in the Kunlun domain. It is very likely that this is a race from other gods.

The races of other gods can be arranged to sneak into the Kunlun domain to assassinate Ye Xuan? Obviously, people who want to work on Ye Xuan or the energy of the forces are not idle.

Is there such a big energy to destroy the organization?

That old man?

At the beginning, she suddenly brought Ye Xuan to the Kunlun domain, preventing Ye Xuan from continuing to explore the old man who passed down the Emperor?

It is also impossible, because the old man wants to kill Ye Xuan, it can be done with a single breath, where will use so many tricks!

For a time, Ye Xuan fell directly into doubt. This time the assassination of the four-eared and half-humans made Ye Xuan simply do not understand, why is this?

However, no matter what it is, no matter who wants to assassinate Ye Xuan, but Ye Xuan only knows that if he does not improve his strength quickly, he will be very troublesome.

"No matter how much, let's go to the gods and see the smoke, let's talk about it!"

Ye Xuan thought so, and then quickly left.

At this time, the Xuanxuan Shenfu family was not quite flat. It turned out that they came here with a group of guests, a community of guests.

Elder Fu Ye was sitting with another elder at this time to discuss countermeasures.

This elder, the elder of Fufa, is the great elder of the Xuanqi Shenfu. Just a few months ago, the Xuanqi Shenfu was invaded by a huge force, almost extinct.

The strength of Xuanqi Shenfu is inferior to that of Xuanxuan Shenfu. They are less than 300 in the middle of the whole family, so it can be said that they are almost instantaneous!

The elders of Fufa brought it at this time, but the last hope of the Xuanqi Shenfu family, more than 500 children...

"The passage of the matter is like this. Our Xuanqi Shenfu family has already existed in name only. This time, the Fuye elders, this time, you and my two generations have a good life, you must save the last hope of my mysterious family, my family is willing to offer The family symbol of my family, as a vassal of the Xuan Xuan."

"Don't, you should never say this, Elder Fu, when my Xuanxuan was in trouble, it was the Xuanqi who saved my family. This time, even if you don't say it, my Xuanxuan must also Go all out. Don't worry, I immediately sent someone to come back to the honorary elders, I believe he must have a way!"

"Honour Grand Elder? When do you have a honorable elder?"

However, at this time, suddenly a tribe ran in.

"The two elders, Ye Xuan elders are back."

.....

"Haha, fast, please come to Ye Xuan, the elder, I didn't expect that he came back at this crucial time!"

Fu Ye is very happy. After all, when Ye Xuan comes back, Fu Ye's heart is relieved a lot.

After they came over, the little boys naturally couldn't hold back and said their own feelings. Among them, the most letting Fu Ye care is that Ye Xuan actually knows the \*\*\*\* of the Kunlun gods!

Moreover, the princess of Kunlun Godland turned out to be a friend of Ye Xuan!

This kind of background is naturally to make the elders of Fu Ye quite trust.

When Ye Xuan came back, he had not had time to go to find the flying smoke, and he was invited to the Fu Yeda elders.

After some introduction, Ye Xuan knew about the passing of things.

Ye Xuan slightly frowns, the enemies of the gods, fear that it is at least the same as the gods, Ye Xuan said that the heart is not too full of grasp, but since Fu Ye has already said, Xuanqi and Xuan The Xuan family has been friendly for generations, and Ye Xuan has already refused.

"Hey, the system prompts, congratulations to the host to trigger the random link hidden task, the mysterious family trouble!"

The system prompts.

And Ye Xuan is a little stunned!

It turned out to be a random task!

The rewards for a serial random task once completed are generally not too low.

It seems that Ye Xuan is going to use snacks this time.

"Okay, I know, the two great elders, you first strengthen the defense in the family, the elders of the Fa, and ask you to send a tribe to take me to your family to see. I will see if the enemy you are talking about is who."

"Okay, thank you Ye Xuan, the elder."

Soon, there was a juvenile of the mysterious gods who took Ye Xuan together and walked toward the territory of the Xuanqi Shenfu.

The territory of the Xuanqi people is as secret as the Shenfu, which is not hidden. Ye Xuan is really hard to find.

Soon, Ye Xuan came to the territory of the Xuanqi people. After breaking the ban, he saw a run-down mountain village.

At this time, the village has already been slaughtered. It can be said that all the people left by the Xuanqi people are dead.

However, what caught Ye Xuan's attention was the corpses on the ground and the bodies of the four ears!

Four ears!

Is it a coincidence? Still premeditated?

Why did Ye Xuan encounter the attack of the four-eared and half-human in Kunlun, and here, the Xuanqi Shenfu also met the four-eared beast?

Is it really just a coincidence?

"Go, let's go back first."

Ye Xuan was preparing to leave with the boy, but a voice rang.

"Since it is here, why are you leaving so soon?"

With this sentence, at least hundreds of people appeared in front of Ye Xuan.

Here, it turned out to be a trap!

The four-eared and half-humans are actually four-eared and half-human, although not all are composed of four-eared and half-human, but at least one-third are four-eared and half-human.

"who are you?"

Ye Xuan looked at these people and asked plainly.

"Haha, ask who we are? You are not the honorary elder of the Xuanxuan Runfu, how can you not know us?"

The man's face showed a sly smile, but it's hard to do. They are actually Xuanxuan Runfu?

not good!

Ye Xuan was shocked. Obviously, these hundreds of people are definitely not all enemies. Then, where are the enemies going?

There is only one possibility, Xuan Xuan Shen Fu.

Damn it! Ye Xuan was upset in his heart, could not help but say that he directly grabbed the teenager around him and directly activated the infinite teleport of the space law.

In an instant, Ye Xuan's figure has disappeared, even though these people can sense Ye Xuan's route.

But the speed of infinite teleports is what they can keep up with.

"System, don't worry about resource consumption, give me full speed to get back to Xuan Xuan Shenfu!"

The use of infinite teleportation naturally requires divine power, while Ye Xuan can use the system to directly exchange resources with divine power. Therefore, between a moment, Ye Xuan has returned to Xuan Xuan.

Chapter 2349: court death

As Ye Xuan expected, at this time, countless beasts are battling the Xuan Xuan guardian forbidden.

In the sky, above the ground, the overwhelming beasts have reached a million!

This is a terrible number. You must know that Ye Xuan has never participated in such a huge war after entering the realm of the gods!

These are all gods!

Within that ban, the Xuanxuan Shenfu family seems to be so weak. Even if the elderly and children are all mobilized, it is also a serious shortage of personnel.

Fortunately, the guardian ban of Xuanxuan Shenfu is defensive, so it can continue.

There are constantly loopholes in the ban, but they are immediately filled.

But the result of this continued, it was broken sooner or later.

"Megatron, the magic weapon form, give me a way!"

Ye Xuan suddenly drunk, Megatron instantly appeared, two 弑Shenjian wandered around Ye Xuan, dare to be close to Ye Xuan's beast, directly killed, Ye Xuan will not delay.

After all, this level of fighting, let alone the kingdom of the kingdom, I am afraid that the king of God and even the king of the gods may appear. If Ye Xuan can not quickly break into, it is a tragedy.

Fortunately, I don't know if Ye Xuan's breakthrough position is good enough, or because he is deliberately letting him in.

In short, Ye Xuan is entering into it with no danger.

"The son, you are back."

Ye Xuan was rushed into the ban, and the flying smoke appeared directly at Ye Xuan.

"Shantou, what is going on here, why are there so many beasts besieging Xuanxuan Runfu?"

"Back to the son, the little girl does not know, the son can ask the Fu Ye and Fufa elders."

Ye Xuan nodded and put down the boy in his hand and walked straight ahead.

The current thing, Ye Xuan must figure out.

Obviously, this thing, Ye Xuan has also been implicated.

Those four-eared and half-humans who stabbed Ye Xuan in Kunlun may be because Ye Xuan is the honorary elder of Xuan Xuan Shenfu.

After some inquiries, Ye Xuan also knows about a general, but this answer, for Ye Xuan, is equal to white question.

According to Fu Ye, their gods have a powerful power of the gods, and naturally they will be spy on by the forces of the parties. It is normal to have such a war.

It can be said that there have been countless tribes of the tribes that have been destroyed!

The reason is basically because of the power of the gods in the hands of the gods.

"So, the elders of Fuye, you know, where are these four-eared and half-humans?"

"Ye Xuan elders, the old man is also preparing to tell you this thing. These four-eared and half-human beings are from other gods. If the old man did not guess wrong, these four-eared and half-humans should come from the demon gods! "

Demon \*\*\*\* domain!

Ye Xuan's heart suddenly shocked.

Because, he thought of falling!

Isn't it really trapped by the demon gods? If this is the case, then this time, I am afraid that for Ye Xuan, it is a chance to save.

"Well, I know, I am going to find support and seek support!"

Ye Xuan is not in delay, after all, time is everything.

But when he was ready to launch the positioning of the wings of the gods, he stopped.

"Fu Ye elders, I have some ancient resources here. You want to refine some powerful charms. You must insist that the reinforcements arrive!"

After all, Ye Xuan took out countless resources from the brain. These are the resources that engulf the space.

Unexpectedly, Ye Xuan did not use them to promote their own realm, nor did they used to strengthen their own strength, but they all came out to Fu Ye!

Of course, for Ye Xuan, falling is far more important than these resources.

Fu Ye's elders were also welcome, and they directly selected the elites of the ethnic group and immediately began to refine.

"The system, calling the energy of all the wings of the gods, starts the transmission to the city that recently had the transmission array."

"Hey, the system prompts that the host can only transmit to Huiyuecheng at most, does the host confirm the transmission?"

"confirm!"

With Ye Xuan's words, the wings of the gods instantly launched, blinking, Ye Xuan has appeared outside the city of Huiyue.

.....

"Look, is that what is Ye Xuan?"

"Yes, it is him, go to inform the owner, and say that Ye Xuan is coming! Three of you have had orders, in order to avenge the Lin family, once you see Ye Xuan, you must kill it!"

"Good! I will report, you will bring someone to stop him immediately!"

Hey!

Several people were in front of Ye Xuan.

"Bold Ye Xuan, you dare to come to my Huiyuecheng! Hey, today I want you to come back!"

Ye Xuan frowned, he now has no time to waste time with these small shrimps.

Ye Xuan can guess that these three families only came to conquer the remnants of the Lin family, so they came up with the order to chase him.

"Get out of the way, today I am not in the mood to delay your time with you, who dares to stop and kill innocent!"

Ye Xuan actually said that killing innocent words!

Also, the four-eared and half-humans were associated with the whereabouts of the fall. Later, the Xuanxuan Shenfu was attacked again, and at any time there was a ban on the ban, and the Manchus were in danger of being slaughtered. Ye Xuan still managed so much.

"Haha, good for you, Ye Xuan, who do you think you are, even so arrogant, come, give me him!"

The man did not know the death and death of Ye Xuan issued an arrest warrant!

.....

"I told you to roll!"

Suddenly, Ye Xuan's momentum suddenly broke out, and the powerful pressure, even in an instant swept the entire Huiyuecheng!

Some of the weaker gods and other people, directly fell to the ground, horrified!

That is what kind of power, powerful and violent killing!

For a moment, the entire Huiyue City was in a panic.

"Hey!"

"Hey!"

Hundreds of people rushed over, it is the people of the three major families.

"Big but Ye Xuan, what do you want to do, it's hard not to think that I can't be enemies with me!"

Ye Xuan looked at these people. At this time, his heart was quite anxious. He just wanted to use the transmission array to leave, and he wanted to pay attention to it.

Therefore, if you don't say anything, you will rush out with your sword.

Ye Xuan only wants to leave. Although he said that killing innocent people is just a threat, and he does not say that he is really ready to kill.

However, there is a kind of person who does not open his eyes, but he has to go to chaos when Ye Xuan is so anxious!

This is simply looking for death on your own!

"Give me the kill, everyone, give me up!"

The owners of the three people actually issued a lore to Ye Xuan, while a group of people have already stopped in front of Ye Xuan.

"How dare you dare!"

Ye Xuan is holding a scorpion sword and his eyes are red.

Finally, Ye Xuan broke out, desperate for the outbreak, even if it was a delay of one second, it was also possible to let Xuan Xuan run down the family.

How is Ye Xuan not angry!

Chapter 2350: The law of the gods

"Thousand beasts swordsman, flower \*\*\*\* swordsman, bones swordsman, call me out, give me out, kill me innocent, anyone who blocks the road, kill innocent!!"

"Hey, system prompts, alerts, alerts, the host goes into a runaway state! The host goes into a runaway state!"

“Hey, system prompts, alerts, alerts, host thinking out of control, serious alerts!”

.....

A large string of system prompts sounded, but Ye Xuan went straight to shut down the system prompts. At this time, Ye Xuan has lost his mind.

The expectation of the fall, the worry about the Xuan Xuan God Fu family, let Ye Xuan completely lost his reason.

"A thousand beasts feast for me!"

"Chito, kill me!"

"Megatron, the magic weapon form, kill innocent!"

"Kill! Kill! Kill me!"

.....

"Boom! Boom! Boom!"

Destruction is nothing but a blink of an eye. The beasts are rushing, the vines are all over the sky, and Ye Xuan's violent walk directly causes Megatron to enter the state of violently, and the two sacred swords directly sway a horrible sword in the air. .

The entire Huiyue City, in a moment, fell into despair!

However, even in this state, even in the violent violent escaping, Ye Xuan's attack did not even say that it was true that those ordinary Huiyuecheng residents were included.

Whether it is Ye Xuan himself or a god-level mount, the target of the attack is those who dare to stop on Ye Xuan's road and attack Ye Xuan!

The horror of the atmosphere spread throughout the city of Huiyue, countless people fell to the ground, even half a point did not dare to move, and even some people were directly scared!

The deity, even by Ye Xuan to scare the urine!

Ye Xuan was only a few seconds away from the violent walk. In the sky, the disciples of the three major families fell down like rain, because they had been killed by Ye Xuan.

The violent breath allowed the people around Huiyue City to let the beasts around Huiyue City panic and flee. The Huiyue School had people who knew Ye Xuan. At this time, they had already been scared.

This is what Ye Xuan they know.

Why is it so powerful and so horrible?

"Hey, the system prompts, the host mental disorder, forced use of the ability to interfere with the mind!"

"Hey, the system prompts, strengthen the interference!"

"Hey, the system prompts, the interference fails, and the illusion is forcibly treated!"

The system has never given up, even if Ye Xuan blocked him!

Fortunately, the system is now sufficiently humanized. He knows that everything Ye Xuan has done now has lost Ye Xuan's heart, so he constantly tries to get Ye Xuan to reply.

Fortunately, the system has succeeded.

"Hey, the system prompts, the host is restored!"

"Hey, the system prompts that the host's runaway state has disappeared."

Ye Xuan regained his meaning, staring at everything he had caused by his hand, a bitter smile.

Hey, there is a demon on the road of cultivation. Although Ye Xuan did not have any demons because of the system, but did not think of it, it also appeared as if it were affected by the demons.

Worry is chaotic. Sometimes, people really do something irrational because they are too worried about what they care about.

"Megatron, come back!"

Ye Xuan waved with his hand, and the thousands of beasts and swordsmen disappeared, and Megatron also returned to Ye Xuan. As for Qian Teng, he was naturally in the ring of income.

"Oh, forget it, these poor people, I will put you in the space for the time being."

Ye Xuan waved his hand and spread all over the tens of thousands of bodies in Huiyue City. He was directly taken away by him.

In less than a minute, the damage caused by Ye Xuan can be said to be terrifying, especially the area under the foot of Ye Xuan, which has been completely turned into ruins.

Those who have spent the rest of their lives, no matter what they did before, no matter how they think about Ye Xuan before, they have already been lying on the ground, even looking up at Ye Xuan.

Ye Xuan directly started the transmission array and left Huiyuecheng.

However, even after he left for a long time, no one in the city of Huiyue dared to stand up.

Even someone was directly scared to death by Ye Xuan!

I don't know if it is pitiful or sad.

Of course, Ye Xuan can care for so much, he rushed directly to the main palace of God at the fastest speed.

"Stand up, who are you!"

A group of guards of the main palace of God stopped in front of Ye Xuan.

Although Ye Xuan was in a hurry, he did not dare to mess around and took out his identity token. He then said, "When you go to the notice, I will say that I am in a hurry to find her!"

"Big, but dare to call the name of the Lord God, look for death!"

Suddenly, a raging momentum broke out, and it was actually the intention to kill Ye Xuan in one fell swoop. The momentum was so strong that the half-points that Ye Xuan was suppressed could not move.

"Hey, alarms, alarms, the host is in a desperate situation, and the host is in a desperate situation!"

Desperate! !

Ye Xuan's heart is terrified, can he really only fall here!

.....

"stop!"

A soft voice sounded, it was the sound of awkwardness.

This time, it is to let Ye Xuan understand the essence of the main palace of God. After all, this is the core of a \*\*\*\* domain, how could the might not be.

The figure of Yan appeared directly in front of Ye Xuan. He smiled and asked Ye Xuan: "Ye Xuan, what is wrong with you, why is it so rude?"

"God Lord, please also send the strong immediately, the enemy of the demon \*\*\*\* domain sneaked into my Kunlun domain, this time is besieging the gods!"

"Is there such a thing?"

I also frowned slightly, because such a thing is really too shocking, which is no doubt equal to the devil's declaration!

Undoubtedly it is equal to the war between the two gods!

"Where is the main guard of God?"

Hey!

Numerous figures appear, it is the elite \*\*\*\* of the palace.

"See the Lord of God."

"You wait for Ye Xuan to go to support immediately, Ye Xuan, command you to be the law of the gods, to handle this matter in full, the Jingwei Guard and any forces around the Shenfu family you said, you can call directly!"

After that, I lost it directly to Ye Xuan, which is equivalent to the official seal. It is the proof of the identity of Ye Xuan's Divine Law, and of course has other functions!

"Thank God Lord!"

Ye Xuan naturally refused to accept it and picked it up.

Just now, the scene was bound to die, so that Ye Xuan had a lingering fear. At this time, Ye Xuan dared to let go!

Even if he is very good to him, but he is the Lord of God, the master of this \*\*\*\* domain!

For the strong people of the Kunlun gods, Ye Xuan no matter who provokes him, even if it is clear that he is away from home, no one will manage it, but dare to rebel, is to find death!

Ye Xuan thanked him awkwardly. He did not dare to delay in a moment, and quickly left again. The number of guards in the Jingu Palace was not much. In fact, it was only 10,000 in the district. However, this 10,000 people can be regarded as the elite of Kunlun.
