

## Super D. S 235

Chapter 235: Tian Yuanzong

"Is this Dongfu a little too big, have you had a bunch of masters to build for a few years?" Ye Xuan estimated that he had been running for a long time, and he certainly could not repeat.

In this short half-day time, he has already killed dozens of cockroaches, plus something that happened by chance. The harvest has already exceeded one million crystals. Now, he is only a hundred million, and he can break through 10 million by swallowing points.

I have to say that the head of Ling Xiaofu is very generous. If he explores the cave house himself, the harvest is definitely an astronomical figure. However, he gave the 16 people to Ye Xuan.

Just at this time.

"Booming!"

Suddenly there was a loud noise in the Dongfu, which was not something that ordinary battles could send.

"what's the situation?"

Ye Xuan stunned, and immediately he discovered that this voice was very close to him, and now he was rushing in the direction of the sound.

In less than a minute, he saw a huge cockroach with a height of ten meters, chasing a young man wearing a costume of Xuanzhifu.

After seeing Ye Xuan, this person also shouted: "Ye, brother, be careful, this is comparable to the mid-term of the Dan!"

Ye Xuan stood in the same place and found out that this person is indeed a human being, not a magical array, and immediately rushed to the past.

"Get out of the way."

Ye Xuan sang a low drink and took out the eight wild swords.

"Chinese goods level martial arts, breaking the sky!"

A tyrannical Dan Yuan was instantly thrown out by Ye Xuan, forming a huge attack. The sniper quickly passed over the youth and then squatted on the huge skeleton.

Then, the young man turned his head and saw that this huge cockroach was broken into two halves and planted down.

Ye Xuan Hao also killed so many cockroaches, and there are bloodstains in the body. He can easily find the core of these scorpions, thus achieving a fatal effect.

This young man has already opened his mouth and looked at Ye Xuan incredibly. At this time, Ye Xuan discovered that this is also a member of the China Alliance.

"Ye Shi's brother is really powerful, and he has killed this shackle with one stroke." The young man sighed and said: "Thank you, Master Ye, help, my brother Wu Shan."

Ye Xuan slowly walked over and said: "If you are injured, it is also a godland.

How can you beat this one? "

"cough....."

Wu Shan laughed and said: "This is a very strong defense. I don't have a landlord. I can only break the defense by the martial arts at the prefecture level, but I will definitely consume the light in the body."

"It turned out to be."

Ye Xuan also nodded slightly. Although he had gone out with ten pieces of earth, he did not seem to have given it to his disciples. He should want to be a reward.

At this time, Ye Xuan suddenly took out a nebula sword from the Qiankun ring and said: "I have a lot of ground tools here. If you want to be a younger brother, take the corpses and change them."

Seeing this nebula sword, Wu Shan's eyes are also bright, and hurriedly said: "Thank you brother, but the younger brother is only thirty corpses here, I don't know enough."

"Enough, give it to me." Ye Xuan nodded.

A land device is equivalent to 200,000 medium-sized spar. If you go to Zhongzhou to buy it, I am afraid it will cost 300,000. Although the bodies of these scorpions can also make money, the distant water can't save the fire.

At the moment, Wu Shan is dumping the corpses of the Qiang Kun ring to Ye Xuan.

"Thank you brother, this big brother is also killed by the brothers, you can take it with your brother." Wu Shan respectfully said.

Ye Xuan did not have any feelings, and directly swallowed this huge cockroach. When he heard the sound in his mind, his eyes were also bright.

I have cut the grass!

This huge embarrassment, even worth 10 billion to swallow points.

"Okay, let's go separately, take care of yourself."

After seeing this huge value, Ye Xuan is also one step and does not want to stay, and wants to hurry to kill the monster.

"it is good."

Wu Shan also wants to act alone. Now that he has this nebula sword, even if he encounters this huge embarrassment again, I am afraid he can kill it.

But at this moment, he suddenly remembered one thing and hurriedly said: "Yes, my brother, there are other people in this cave house besides our 16 people. They are coming in behind us. of."

"There are other people? Who is it?" Ye Xuan is a bit surprised.

"It is the person of Tianyuanzong. They just found this cave house." Wushan replied.

"Tianyuan Zong..."

Hearing this name, Ye Xuan's eyes flashed twice. Two years ago, he heard about the name, in Lianyuncheng. Lin Xueer, who had previously had a marriage contract with him, joined the sect.

Now he also understands the power of Tian Yuanzong. This is the hegemonic sect of the Southern Region. I heard that it is stronger than Lingxiao.

"I know, thank the younger brother for telling." Ye Xuan nodded slightly, and then left.

This Dongfu has no master now, and it is still in the land of Tianyuanzong. As long as there is no interest dispute, Ye Xuan is too lazy to manage those people. After all, the upgrade is important.

However, his footsteps were also unknowingly getting up. I didn't expect Tian Yuanzong to discover the cave house, so the competition could be big. He estimated that as long as there are more than a dozen of them, he will be able to break through to the people.

"Boom!"

It's really true that Ye Xuan hasn't turned the corner yet, and he saw the second huge cockroach.

When this huge glimpse was reflected in Ye Xuan's eyes, the latter raised his hand directly and smashed it into two halves.

The lower grades, the middle grade martial arts, the blood of the Jiandi, three kinds of bonuses, let Ye Xuan's attack easily break the huge defense.

Another 10 billion engulfing points are credited!

Before the elders said, this cave house is nothing to him.

In other words, the strongest part of this cave house should be such a huge embarrassment. At most, it is comparable to that of Dandong, and there will be no comparable situation. Therefore, Ye Xuan also began to rush to the unscrupulous.

At this time, he has already arrived in the depths of Dongfu.

"Booming!"

Another huge sound fell into Ye Xuan's ear, but this time, unlike before, this is the voice of someone fighting.

"I don't know who it is?" Ye Xuan rushed over with some curiosity.

After he turned the corner, he was shocked.

This time, there can be more than one huge cockroach, but five.

"I rub, earned it!"

Ye Xuan had a happy heart, but he did not go out immediately, but continued to observe.

At this time, in the battle with the five giants, there were three people, one of them, or Wu Shan, whom Ye Xuan had just seen.
