Chapter 2351: The war of the gods broke out

It can be said that everyone has a powerful and powerful force.

Among them, there is no shortage of gods and strong defenders, even the garrison commander, is a super-powerful inferior gods!

The strength is second, the most important thing is that everyone in this 10,000 people have a noble identity! Strong background!

Once again through the transmission array, Ye Xuan directly transmitted to Huiyuecheng.

The talents of Huiyuecheng have just recovered from the panic caused by Ye Xuan, but once again they are scared to the ground. The tens of thousands of terrorist troops composed of the strongest members of the heavenly kings constantly appear from the transmission array. It is enough to scare them.

Although Ye Xuan went all the way, and still passed through the transmission array, but once and for all, it took a full day and a half.

For a day and a half, it really has been too long for Xuanxuan Shenfu.

At this time, Xuanxuan Shenfu has been banned by the guards, and more than two-thirds of the soldiers have already died.

The elders of Fu Ye, with the remnants of the tribes, are trapped in the last ethnic domain of the tribe. They are hard to resist through the charms. It can be said that there may be a possibility of being broken at any time.

The army of millions of beasts and squads rushed to launch a wave of attacks.

The ethnic domain of the gods is the land of blessings of the tree of the gods. It can be said that it has extremely powerful power.

However, how strong it is, it is impossible to be invincible.

Fortunately, at this time, Ye Xuan appeared!

Looking at the dense alien army, without Ye Xuan command, those Jingwei Guards directly launched the attack!

In a flash, the sky broke and the earth cracked.

Strong battles can be seen everywhere.

And just as the Guards of the Shrine appeared, in the sky, there was a huge portal!

Portal from another **** domain!

Do not!

not one!

When the first one appeared, thousands of such portals appeared in the sky!

This is a war of the gods, and it is a prepared attack!

Perhaps at the beginning their purpose was really the sacred, but when the Guardian Guard appeared, it already represented the official start of the two major oracle wars.

The battlefield of the Lord God is opened again, and countless soldiers have poured into the battlefield of the Lord God!

Where is the main battlefield.

Ye Xuan is just a small sneak attack.

From among the thousands of transmissions, there are constantly beasts or all kinds of weird demon gods rushing over, and in a short while, they have reached a million!

If you really rely on this 10,000-miya ban, even if they are elite, fear that this battle will also be defeated. After all, the enemy's thousands of portals can fill countless support at any time. Nearly unlimited support!

The war of the gods is not a joke, let alone the area, even if it is a battlefield of 100 billion, it is not impossible!

Ye Xuan directly took out the magic weapon that he gave him. This magic weapon is a stamp of the square, but it has the supreme authority.

I saw Ye Xuan holding this magic weapon and said loudly: "I am Ye Xuan, the order of the gods to make the order, and whenever I hear the command, regardless of the Zongmen, the city, the family, etc., I will immediately come to support, the war of the gods begins. Anyone who dares to violate the commander, betray the name of the Lord, and destroy the race!"

Through the law of the gods to make the identity magic weapon, Ye Xuan's figure incarnates thousands of people, appearing in a sect, family, city!

With the order of Ye Xuan, no one dared to violate it. Even Huihuicheng, which had just been destroyed by Ye Xuan, dispatched the strongest reinforcements under the hasty schedule of the Huiyue School.

Even the two sects who are fighting, immediately put down the two hatreds and merged together in the direction of Ye Xuan.

The war of the gods!

Once opened, but there is a violation, there is only one result, the genocide!

No matter who you are, what power, no chance to bargain!

And a branch family from home, also received orders.

Even if they saw that it was Ye Xuan, they could only respectfully fall to the ground and accept the order to send out the most powerful elite of the family!

This is the **** war!

Once opened, unconditionally obey.

Of course, those forces that are simply not qualified to accept orders are still trying to do what they want, because they are too weak and weak to qualify for the War of the Divine War.

It's like being in the first place.

Numerous figures are constantly gathering.

It is like a stream converges into a big river, and then these big rivers gather at Ye Xuan and become the sea.

Once upon a time, once they arrive, they will be put into battle immediately. This is something that must be done without any order.

The war of the gods, although most of the time is in the space of the Lord God.

However, once the war of the main **** battlefield space fails, and the enemy is really not satisfied with the war, and breaks the battlefield of the main god, then there is only one result!

The gods destroy the family!

Generally speaking, if there is no enemy to actively enter the other gods, then such a war is still a regular war of the gods.

Once someone enters, it is possible to upgrade to the ultimate war!

What is the ultimate?

It is the ultimate that you die and die.

Regardless of whether the demon gods had originally planned to start the ultimate war of the gods, but now, fear that they also forced them to open.

Killing, endless killing, this moment, life seems so worthless.

Even Ye Xuan, in such a level of war, seems to be so insignificant.

"Devouring!"

Ye Xuan waved with his hand, and countless corpses of the beast were directly swallowed by him.

"Hey, the host breaks through, the current one is a medium god!"

"Continue to swallow!"

Another countless body of the beast was swallowed up.

"Hey, the host breaks through, and the current one is waiting for God!"

"Give me another breakthrough!"

"Hey, the host breaks through, and the current peak is in the kingdom!"

It turned out to be a big realm, an upgrade of a big realm!

However, what is the use?

Don't look at Ye Xuan's eyes and break through to the peak of the gods, but this is the **** war!

God's kingdom? But it is a joke.

Just now that swallowed, Ye Xuan swallowed a corpse of a sacred place!

However, the enemy seems to be endless, and it is still pouring in quickly.

"God's Lord!"

Suddenly, a figure appeared next to Ye Xuan. All the people guarding Ye Xuan immediately fell to the ground. Ye Xuan naturally did not dare to hesitate. The authority of Ye Xuan has already seen it. Ye Xuan believes that if now He showed dissatisfaction, fearing that he would be shredded immediately!

"The law of the gods makes, Ye Xuan listens, grants you the nine-party festival, and controls the nine-party and sixty-nine regimes. You can integrate one billion real gods into a war within one month, and one thousand gods will be repaired as the above generals. And selected the commanding commander to lead the reinforcement of the main battlefield!"

"Yes, Ye Xuan listens!"

At the moment, Ye Xuan's heart was shocked. Only he knew that one billion real gods were repaired as soldiers, and one thousand gods were repaired as the above generals!

It turned out to be nothing but a word.

This is only the first time to draw troops!

Chapter 2352: Nine-party festival rights

The nine-party festival makes it possible to control 60,000 people, but it is necessary to draw so many people!

Moreover, it is only the beginning of the war!

The three million territory of the Kunlun domain, if calculated according to this ratio, is not the first batch of people who have taken away the entire 50 billion true gods!

Five billion!

Not five thousand, not 50,000, is a total of 50 billion people!

However, because of the gap in strength, the 50 billion true God is actually nothing but cannon fodder.

The war of the gods, the battlefield of the Lord God, the real battle, or the soldiers who have the power of the law, that is, those who are above the kingdom of the king.

Below the kingdom of the king, because there is no law, so relying on the special means such as the magic weapon to prohibit the rune, there is not much difference, if there are enough charms or prohibitions in the hand, a lower god, kill a medium The true God may also appear.

but!

Once you reach the kingdom of the kingdom, because of the existence of the power of law, the gap in the realm is clearly divided.

In the main divine, no matter the god, the king, the god, the **** or the god!

The division of each realm will be clear.

The grades between each product, between each, and every realm are clearly and clearly defined.

The kingdom of the king begins, the chaos is not there, because of the power of the law.

The superior **** is the superior god, let you have a magic weapon with a lower god, set a strong ban, killing but also waving things.

A strong person who waits for the king of the world, even if it does not use the magic weapon, only uses the power of its own laws, then even if it is a hundred inferior gods armed to the teeth, it is difficult to overcome.

As for saying that even if it is a one-of-a-kind god, even if you have countless gods, there is no way to defeat it! Because of the blessing of the law, unless it is the peak of the king, otherwise, the defense of the gods and even the king of God can not be broken, and how to overcome!

Of course, there are special magic weapons, special magical powers, and this is another matter.

But want to get a super magic weapon, such a chance, how many people can meet?

Ye Xuan now hopes that his own nine-party and sixty-nine-dollar situations are not like the ones in the world. Lin Feng's sixty-sevenths are partial to the region. After all, the transfer of so many people is not a matter of playing.

"map!"

Ye Xuan shouted, naturally someone immediately sent him the map.

In the past, Ye Xuan had no rights. It was difficult to get a map. But at this time, Ye Xuan was already a magical law ruler, and he also led the nine-party festival. Then, the map is just a matter for him. .

Soon, Ye Xuan got the map. Of course, Ye Xuan directly let the system receive the map of the nine parties.

"The system is immediately matched with the most reasonable pumping plan."

"Hey, the system prompts, the solution is calculated!"

"Hey, the plan is generated!"

Soon, a jade slip appeared in Ye Xuan's hand, which was the order of the plan.

"Come on!"

"The end will be!"

One person came directly to Ye Xuan.

"Hey, specify the goal, the six products are in the kingdom!"

God kingland, and still the superior king, if before, Ye Xuan saw that it is estimated that only the right to run, but now, but it is only a general commander in front of Ye Xuan.

"What is your name?"

"At the end, Li Qing is the Emperor of Tianhua."

"Okay, Li Qing, I am going to mission with you in the Jiufang Festival. I will follow the jade briefs to draw the soldiers who need the Lord!"

"Yes, the last will be honor!"

.....

After Li Qing's spirit, he did not dare to delay and led his disciples to leave.

There is Ye Xuan's order. At this time, he can be said to be a character who is also a cross-legged in the six-party and sixty-nine.

"come here!"

Ye Xuan took a hand and was a **** king who came to Ye Xuan.

"You tell the Kunlun gods that Kun is not talking. Let him lead his family to report with him. In addition, let him choose a thousand disciples who belong to my 90s and 60,000 places in the Kunlun domain."

"This, the law makes the adults, the gods have orders, the Kunlun border disciples are less than a last resort, can not be transferred, you see ..."

"It doesn't matter, Kun is not my friend, I need his help. So, you tell Kun to speak, on the principle of voluntariness. Anyone who is willing to come when he is willing to come is not willing to come."

"Yes, the last will be honor!"

Ye Xuan knows that he is not the patriarch of a big family, nor the master of a large gate. In the Kunlun domain, he is simply a small person. The reason why he can have his present position is because of a sly sentence.

Although these generals did not dare to violate Ye Xuan's orders, they never looked down on Ye Xuan from their hearts.

Therefore, Ye Xuan wants to use Kunlun's disciples like Kun.

These disciples may be young, perhaps not at all, but Ye Xuan can give them a deputy.

Ye Xuan wants to listen to his people, and these people do not care how high their identity, but there is no military position.

The military position of the Kunlun domain is not something that you can get from a big family disciple. Therefore, Ye Xuan believes that they will definitely obey themselves.

What's more, behind these disciples, they all have strong strengths, and they have indirect command, so Ye Xuan can also be a lot easier.

From today, strictly speaking, Ye Xuan is also a party god!

Because, in a word, directly gave Ye Xuan the right to control the six thousand environment!

Moreover, as long as Ye Xuan does not make a mistake, once the war is over, the 60,000 environment will be directly assigned to Ye Xuan.

After all, you are the **** of the Kunlun domain, and her words are the highest law of the Kunlun domain!

What is the identity of his Ye Xuan before, as long as he has obtained the authorization of 半冥, then he is the legal nine-party 60,000 yuan!

"The nine-party festival makes the order!"

Suddenly, another virtual shadow appeared in front of Ye Xuan.

Ye Xuan gave a slight glimpse, did not come to the pumping command, how come now?

"Ye Xuan listens!"

But Ye Xuan did not dare to violate, and quickly replied.

"The Divine Realm Order: Command the nine-party festival to make Ye Xuan, send people to the main palace to accept the military, one billion totem beasts, trillions of crystals!"

"Yes, Ye Xuan listens!"

Ok, this time it was going to accept military capital.

"System, what is going on, why is there military money?"

"Hey, the system prompts, according to the Kunlun Divine War Order, the parties send troops, and the parties are responsible for the deployment of the responsible army and totem beasts, magic weapons, etc., suggesting that the host immediately select the appropriate location, establish their own magical rules to make the palace, and prepare for the refinement. Device Zongmen, Dan Yao Zongmen and other corresponding configuration."

It turned out to be the case!

Also, he has no roots and no foundation, and other festivals have their own palaces. In the event of war, they can immediately complete the allocation and other things.

It is a pity that he did not have anything in Ye Xuan. The gods are making a lot of money. This is in the process of giving Ye Xuan a step capital.

Don't look at the one billion totem beast, the trillions of gods, it sounds like a lot, but this is to give him the use of Ye Xuan to prepare his own palace, it can be said that quite a few, simply not enough.

Not to mention the other, Ye Xuan was once transferred to a billion people this time, afraid that at least Ye Xuan also had to send 100 million totem beasts as support?

You must know that Ye Xuan's person who went out to get the battle is Ye Xuan's. If his people are dead, he will continue to ask Ye Xuan if he is white. He will not make his troops strong and take what to get. Fighting?

Fortunately, he Ye Xuan is not not a king, this thing, it is still difficult to fall Ye Xuan.

"Flying smoke, you are carrying a hundred-year-old elders to receive resources, and you should be careful on the road. Although it is now the stage of the war of the gods, it is inevitable that there will be villains."

"Good son, the little girl knows."

This is Ye Xuan's old book to build his own palace. Ye Xuan certainly has to send the most trusted people in the past.

Ye Xuan is constantly arranged here, and the battle outside is still going on in the dark.

Xuanxuan Shenfu has certainly been saved, but Ye Xuan can't give them time to rest. He can only let them start refining the charms on the spot. He doesn't have anyone now. There is only one Xuanxuan rune. The family is available, then only a large number of refining can be banned.

Although Ye Xuan has the qualifications of a 90-degree regiment, he can't let people donate their homes.

As for the tax, it is still early, he took over, how can I get the tax so soon!

Thousands of things have erupted in a flash.

It can be said that the life of Ye Xuan in the realm of the world has completely changed in one day.

Chapter 2353: Law **** bow

However, Ye Xuan still worried about it.

I am afraid that his nine-party festival will not be good. The demon **** field will attack from him, and there will be extinctions in the organization. How can Ye Xuan's days be better?

And his men, but also need to be integrated.

Fortunately, there are systems to help plan, so Ye Xuan's action is not slow.

"Hey, the system prompts, is affected by special events, random serial task - the trouble of the Xuanqi people, forcibly interrupted."

"Hey, the system prompts, the host should pay attention to the fact that the host obtained the Kunlun Divine Divine Law to make the official position, obtain the nine-party 60,000 official positions, and automatically obtain the qualifications of the nine-party 60,000-day main gods, and will be able to directly extract the belief value from the nine parties. "

"Hey, the system prompts, the host obtains the law of the gods to make the official position, rewards the eternal point three points, a special military order, rewards the special magic weapon - the law of the **** bow, and fully open the Zongmen sub-system!"

"Hey, the system prompts, the host gets the nine-party knot to make the official position, rewards the eternal point two points, rewards a special decree, rewards the special magic weapon - the **** helmet, and automatically opens the force system!"

.....

A series of prompts broke out in the system, and even if you get an official position, you can also get rewards.

Ye Xuan simply can't wait to hold the system and kiss him. The reward that the system now gives is just like timely rain.

However, getting two official positions, leading the 60,000 environment, actually got five eternal points! How embarrassing is this eternal point?

Fortunately, with the qualification of 60,000 values of social value extraction, as long as Ye Xuan works hard, it will definitely gain a lot.

However, special military orders, special decrees are what.

Ye Xuan brought up the panel and looked directly at it.

Special military orders: The host can use special military orders to summon 100 million true gods or 100 gods.

Amount, is this tailored for Ye Xuan's mentoring? However, Ye Xuan has sent Li Qing to go to the office, it seems that this thing can only be used to establish Ye Xuan's own guard.

Special decrees, the host can use special decrees to establish a special institution, including refining sects, bans, etc. After use, resources and personnel will be summoned directly.

These two special tokens came too timely, but Ye Xuan was not in a hurry to use it, but to establish his sacred door system first.

After all, the benefits of the Zongmen system will be more, and after the establishment of the Zongmen, Ye Xuan can use it as his own magical law to make the palace without additional waste.

Now, save a little, or save a little.

Is this location established?

Ye Xuan certainly won't, after all, here is the battlefield.

Now that the initial arrangement has been completed, then Ye Xuan is also the enemy to solve these invasions.

"Follow me!"

Ye Xuan gave a command, and soon, everyone followed Ye Xuan to the sky.

At this time, the war is going on. It can be said that such a field battle is simply a fight!

Ye Xuan has a steady stream of support to arrive, and the enemy is constantly passing from the portals in the sky.

Ye Xuan knows that the first thing he has to do now is to destroy those portals.

"Come, come and order me, attack the portal with all my strength, give me a key attack, and destroy those portals. As long as there is no portal, I will see how the enemy will increase."

"Yes!"

Ye Xuan now even knows who is under his own hands, and does not know who is the official position, fortunately, the system can help him integrate, so it does not need Ye Xuan too worried.

And Ye Xuan himself is not idle, such a battlefield, he will naturally not miss.

So Ye Xuan also rushed into the battlefield at this time.

Two scorpion swords hovered around Ye Xuan.

In the hands of Ye Xuan, he took out the magical bow that he had just obtained.

The law of God bow: according to the rules of the use of the power of the host automatically generate different rules of the arrow, the power of the rule of the arrow depends on the mastery of the host law!

The special attribute of the law of the **** bow is automatically upgraded. With the number of times the host uses it, the law will automatically upgrade the level. The higher the level, the greater the power of the generated rule and the greater the number.

At present, the host can only generate a red rule.

According to the color, the magical power of the gods is divided into seven colors: red orange, yellow, green, blue, and purple. The red color is the lowest and the purple power is the biggest.

At the same time, the most law can produce seven rules of the gods at the same time, but the seven rules can not contain the same law power.

The law has a special attribute of the second bow, the law is mastered, and the host uses the law of the bow every time. According to the law of cohesion, the **** arrow automatically raises the mastery of the law.

Good cow fork, the law of metamorphosis, the bow of the gods, Ye Xuan very much like it! This law is more than a few times more powerful than a sword!

Don't look at the special attributes for two, but these two special attributes are simply seamless, and the power is even stronger!

The sacred sword can now be controlled by Megatron, and Ye Xuanzheng has no smooth weapons. Now it can be said that what is coming!

"Haha, let me try the power of my new magic weapon!"

Ye Xuan suddenly pulled the law of the **** bow, and shouted: "The arrow that swallows!"

After all, Ye Xuan is now the most skilled, is to devour the law!

A red arrow appears on the ruler's bow, and Ye Xuan can clearly feel the phagocytic scent that comes from above.

However, Ye Xuan has not attacked yet, but he heard the cry of the enemy.

"Fast, here, there is a big official of Kunlun Divine. If you kill him, you will make a great contribution, rush, kill it!"

Lying in the trough! I can see my identity!

Ye Xuan immediately turned the law bow down and directed an arrow to those people.

In an instant, I saw a huge whirlpool of a kilometer in the sky, and there were always enemies being inhaled, but at the same time, there were even people who were inhaled.

Ye Xuan can feel the anger from the soldiers around him.

However, because Ye Xuan's identity is special, no one dares to complain, not to mention the fact that Ye Xuan's arrow has indeed eliminated hundreds of enemies.

"Looking in the trough, forgetting that this devouring is not against me!"

Ye Xuan was upset and whispered.

However, the power of the arrow of this law is to make Ye Xuan happy. This kind of attack power, you can't do it with the sword!

Of course, this is also because Ye Xuan is just a few Xuan Shenjing, the real **** of the shrimp, perhaps used to deal with the high enemy is not so easy.

Ye Xuan thought about it. It seems that there is really no suitable ban on the ban that he has mastered. Whether it is the law of engulfment or the law of space, it is scope damage. In such a battlefield, there is something that is not suitable at all.

Chapter 2354: God King singled out

Suddenly, Ye Xuan thought of the law of the gods!

I don't know, if I use the law of the gods, what effect will it have?

Ye Xuan pulls the bow again!

"The arrow of the magic sign law!"

"Hey, the system prompts, use the magic rule, the prohibition rule, and so on." Please add the specified rune.

"Hey, the stronger the power of the added charm, the greater the power of the arrow!"

Actually there are still restrictions?

However, this is also considered in common sense. Fortunately, it is really difficult to refine the rune.

Ye Xuan thought about it, but directly got a banned rune!

The effect of the banned ban and the prohibition of the ban is similar, that is, using a special force to suppress a certain range, so that no one can fly there!

This time, with the experience of the first arrow, Ye Xuan directly shot an arrow into the enemy crowd.

The arrow between the blink of an eye has reached the enemy crowd.

For a moment, I saw that the magical arrow of the law suddenly burst, and in a moment, hundreds of enemies fell directly.

it is good!

Ye Xuan couldn't help but scream for the law.

But after shooting the two swords, Ye Xuan was directly replaced with a treatment charm!

"All injured people, back together!"

Ye Xuan shouted, although he did not know what Ye Xuan was going to do, but many people still obeyed the order.

Suddenly, Ye Xuan pulled a bow and shot it!

The look of those who were horrified in the eyes of the soldiers, even if many people around them looked at Ye Xuan with an angry look.

They thought that Ye Xuan is going to kill the injured person!

However, after a while, a divine power broke out directly, and those who were injured actually recovered quickly!

Everyone looked at Ye Xuan's look completely changed.

How is this going?

Their Divine Law makes it a magic weapon to use, and it will be directly devoured by the enemy, and it will be forbidden for a while!

Now is a range of treatments?

How is this done?

"Recovered the soldiers, give me to continue to kill the enemy, injured, come over and assemble!"

Ye Xuan can take care of it, just a small battlefield.

However, he is now a portal to bring people to attack the enemy. It can be said that this treatment can directly give Ye Xuan some advantages.

The constant accumulation of advantages will naturally have a great impact on the local battlefield!

"Adults are careful!"

Suddenly, one of the gods and kings around Ye Xuan screamed and appeared directly at Ye Xuan.

With his shouts, I saw a sharp, incomparable tail suddenly attacked!

"Hey, specify the target, the three products are waiting for the gods and kings, the bee stings the demon!"

"Hey, the bee sting demon can add a talent to his tail, and shoot the target with great speed, causing extremely high crit damage!"

"boom!"

Suddenly a loud bang, the **** of the king who is in the side of Ye Xuan is directly repelled, and his mouth is even spit out a blood!

Damn, this bee sting, is not too overbearing, this attack is simply powerful!

Ye Xuan's teleport directly came to the king of the gods, and a group of rays in his hands condensed. It was the healing power of the flower **** swordsman.

This light revolves around the king of the gods, allowing him to recover quickly.

"At the end, I will thank the festival for making adults!"

Ye Xuan is a sacred law that makes identity, a nine-party qi.

It is reasonable to say that the law of the gods makes the identity more noble, but in fact, usually everyone is more accustomed to calling Ye Xuan as the festival, because the degree of power, represents the authority of the main **** of the Jiufang Divine!

Of course, if you approve Ye Xuan, you will directly call Ye Xuan the Lord!

Just like the people of the Kunlun domain, they will directly call it the Lord.

In fact, other places, if they are in the official position, are also called the Lord God!

However, in order to obtain the recognition of the six parties in the six parties, Ye Xuan has to go a long way.

"I should thank you, if not you, I am afraid that I will die."

Ye Xuan said sincerely.

After all, the battlefield is a battlefield. This is a war of the gods. It is not a small fight before Ye Xuan. The power of the individual seems to be so weak.

Even if you are a **** king, you have the power to kill tens of thousands of ordinary Xuan Shenjing.

However, you are the king of God, and the enemy also has the king of God.

Therefore, if you go out with a **** king, you can't do it well. The enemy is a bunch of **** kings rushing over.

The war of the gods is not solved by several high-end forces in the district!

Even if it is a god-like god, there is no ability to solve the power of a war alone. It can even be said that if you really join the war and don't support it, you will only be killed by life!

This is the **** war!

Of course, the battle between the strong has a great effect on morale.

Therefore, things like fighting and heads-up are also common in the war of the gods.

For example, at this moment, an enemy of the demon **** domain directly stood up and said to Ye Xuan loudly: "Who would dare to fight with me!"

Obviously, he just saw Ye Xuan, so he deliberately came to provocation!

"System, detect the strength of that person."

"Hey, the system prompts, the target is specified, and the three products are medium kings!"

What is the third king of the gods!

"System, detect the strong people around me, choose a strong person above the three kingdoms!"

"Hey, the system prompts, the target is detected!"

"Hey, detect the right target."

The system gave a hint, and Ye Xuan immediately turned his attention to the person.

"Can you dare to fight?"

Ye Xuan did not hesitate and asked directly to the man.

"What are you afraid of!"

The man stood up directly, flew a distance toward the front, and then said to the strong man in the demon **** domain opposite to him: "I am the owner of the east city of the city - Liu Hanshan, the demon gods in the district dare to scream, report the name! "

"Hey, little people, don't do anything, I am the chief of the Sanha department - Sanha! Humble people, die!"

.....

Ye Xuan is a little dumbfounded, because he feels that this single challenge is really boring. However, this is the rule of the **** war, and he can't say anything.

"Retreat! Empty space!"

A strong man in the demon gods shouted loudly, and Ye Xuan also waved.

Both sides immediately vacated an area.

And that Liu Hanshan and Sanha have already fought.

"Clouds, clouds!"

I saw a boxing out of Liu Hanshan, and turned into a thousand in an instant, in the sky, densely shadowed, attacked toward Sanha.

"Regional Cloud System Law? Can I help me, Thousands of Thunder Locks!"

In an instant, thousands of gods and thunder suddenly appeared, but these gods were made into a spherical shape, and they had the function of judging the soul. Therefore, they directly ignored the avatar of Liu Hanshan and attacked the past toward the ontology.

"Clouds, gathering!"

Liu Hanshan gave up the attack, and suddenly countless avatars gathered around him and turned into a shield of divine power.

"Boom!"

The sound of continuous explosion!

The thunder of Liu Hanshan flashed and turned into a dazzling group.

Chapter 2355: Cloud rule

Liu Hanshan is actually in a state of being suppressed!

However, Ye Xuan did not worry at all, perhaps Sangha's Ray Law can indeed suppress Liu Hanshan's cloud law.

However, since Ye Xuan sent Liu Hanshan to play, he certainly has his own reason.

Through the system, Ye Xuan can clearly understand the gap between the enemy and his own realm. Therefore, since Ye Xuan sent Liu Hanshan, then it must be because the realm of Liu Hanshan is higher than the opponent.

This ability, in addition to him Ye Xuan, other people, simply can not have!

Once you have the power of law, no matter who you are, you will find ways to hide your true cultivation. Therefore, in general, what you can see each other is just a rough state!

For example, Liu Hanshan and Sanha, who are both kings of the gods, can see that the general realm of each other is a medium kingdom, but it is impossible to see the details!

This is because the two have no special hidden magical powers, otherwise it is hard to guess!

However, Ye Xuan can clearly see the realm of the enemy and the enemy through the system, so Ye Xuan can almost say that it is convenient to be invincible.

For example, this Liu Hanshan, in fact, is a five-element medium king!

Five products are against the three products, higher than the strength of the two products, even if the law attribute is slightly lossy, but it also has great advantages!

A strong burst of sound rang, Liu Hanshan was surrounded by the thunder, the entire figure has disappeared!

"Mighty! Powerful! Powerful!"

Behind Sanha, a group of demon gods sang the martyrdom of the great gods and applauded the achievements of Sanha.

Although Sanha still maintains a posture of defense, but it has been somewhat slack, at this time it turned out to be a disdainful look, and said to Liu Hanshan, surrounded by Lei Guang.

"Hey, human race, die!"

I saw a huge thunder in the hands of Sangha, I have to prepare for the shot!

"Hey, it seems that Liu Hanshan is afraid of losing this time. Unfortunately, the rules of the cloud system are better than the rules of the thunder system. The rules of the two are almost the same, and it is difficult for Liu Hanshan to defeat the enemy!"

"Isn't it, both of them are the masters of the middle gods, but the rule of Liu Hanshan's law has suffered a loss. If this rule is not suppressed, there may be opportunities."

Ye Xuan can hear some of the strong people on his side whispering about it. The war of the gods has the rules of the war of the gods. If it is a single challenge at the beginning, then even if one of them is in the process of fighting, even one knows that it will be defeated. His comrades on this side are also not allowed to intervene.

This is the default rule.

Otherwise, if you are free to intervene, then a gods rush into the low-level cannon fodder, can you just kill one million people by hand?

Even in the War of the Divine, in general, there are certain rules.

After all, the War of the Divine War is not just for killing talent.

Of course, this is the default rule, not to say that there are any mandatory rules!

However, at this time, suddenly, Liu Hanshan, who was completely surrounded by Lei Guang, had a voice.

"The power of the thunder system? Is it good, but unfortunately, do you really think that you can suppress me?"

"boom!"

A white light appeared, and countless lightnings were directly bombed. At the same time, the rapid construction of a field turned out to be that Sanha.

Sanha looked at this scene, but proudly said: "Haha, what is the power of the field? Then how is it, is it a cloud rule in your district that wants to suppress my Ray system?"

"Lightning field, give me a drive!"

Suddenly, Sanha also opened up his own field. It can be said that if it really makes him successful, then it will definitely make Liu Yunshuang's cloud field riddled with holes!

However, at this time, Sanha's face suddenly changed, because he suddenly found that his own field, there is no way to form!

Cloud rules! A mysterious rule, what is the cloud? illusory!

Generally speaking, it seems that the power of the cloud is not very strong.

However, the cloud can accommodate rain, and it can also contain lightning!

When the power of the cloud reaches a certain level, even the power of the destructive lightning power can be completely swallowed up by him, and he is tolerant!

At this time, Sanha discovered this strange phenomenon in a hundred years. Although his lightning power was released continuously, it seemed to be slowed down and counted, and it was put into an endless space.

Even if he is releasing the field power now, it is like the water sucked away by the sponge, and it is continuously integrated into the cloud system of Liu Hanshan, and is continuously sucked away and continuously decomposed.

This is a feeling that makes Sangha feel flustered. The other party does not use any powerful force. However, any attack by Sanha seems to be a punch into the air. It is such a powerlessness.

In the distance, Ye Xuan quietly looked at this scene, while the rest of the strong, also quietly watching, the demon gods of the domain stopped people shouting, because they found unusual places.

Liu Hanshan's comrades recovered their confidence because they saw the possibility of victory!

In the sky, a group of bright light groups are constantly emitting lightning, which is that Liu Hanshan is suppressing Sanha in his own field!

The thunder in the light group is becoming more and more obvious, so that even people can't even see what is happening!

Ye Xuan has a full grasp of the heart, so there is no worry at all.

Suddenly, the group of light suddenly began to shrink.

Then, just in the blink of an eye, the huge light group disappeared invisibly in an instant, and the two figures appeared directly in front of everyone.

It is Liu Hanshan and Sanha!

Liu Hanshan's mouth was hung with a cold smile, and Sanha's eyes were full of horror.

"This is not true, it is impossible!"

Sangha repeats this sentence, when it comes to the third time, his entire figure is directly and directly collapsed like a quicksand!

At the last moment, Liu Hanshan directly compressed the field into the body of Sanha!

Use your own field power to completely destroy Sanha!

Even, including the soul!

"it is good!"

Ye Xuan clap his hands and said softly, in an instant, behind Ye Xuan, the crowd burst into a warm shout!

"Good, Liu Hanshan seems to be!"

"Haha, **** aliens, how come, have you come to die?"

"Go back to your hometown, Kunlun Divine, not where you want to come!"

.....

The ears of the demon gods listened to the screams of the Kunlun gods, and all face changes.

Suddenly, a figure rushed straight out!

There is nothing special about the rest of the person, but only his eyes, this guy, the eyes are actually on the shoulders! And like a snail, the two eyes are protruding!

Chapter 2356: Qi Peng seven princes

"Do you want to challenge me?"

Ye Xuan asked faintly to the man.

"Yes, it is you, you and I are the highest commanders in this battlefield. Then let us fight and decide the victory or defeat of the war. If I win, you will surrender the Rune, I won you. , then, we are regressing, how?"

I really want to decide what to do?

However, these guys, why do you want to get the gods in such a strong way, in the end, what kind of secret is hidden by the gods?

"Well, I promise you, we will be a battle, we two, one on one!"

Ye Xuan replied faintly.

.....

"The festival makes adults think twice!"

"The adults are absolutely impossible!"

"Yeah, the enemy is the king of the king of the king, and it is still a special family of people, and adults think twice!"

When I heard that Ye Xuan actually agreed to the challenge, many people were worried. In any case, they are now Ye Xuan's men.

If Ye Xuan is killed, they will definitely suffer severe punishment. Even these people around Ye Xuan will be completely destroyed.

There are clear rules in the Kunlun domain. If the officials of the festival make such a fall, then the person who guards him will guard the unfavorable sin and destroy the race!

Therefore, they are not allowed to worry about it!

Ye Xuan waved his hand and said faintly: "No problem, a district, a Peng Peng, I am not in the eye!"

The strong people are anxious, even if Ye Xuan has said so, but they are still afraid of having a case.

However, Ye Xuan's order, they are not qualified to refuse, contrary to Ye Xuan's order, is also a felony.

For a moment, the strong people on the Terran side are extremely worried.

On the contrary, people who are demon gods are happy at this time.

"This man's official is really stupid. He wants to play against the seven princes. The seven princes are the body of the prince, and they can break out the power of the middle god. I think this official is a death!"

"Isn't it, don't you see it? This is a big official, the age is obviously small, but if we kill this big official, I am afraid it is definitely a great achievement!"

"Haha, His Royal Highness the Seven Princes!"

For a moment, the demon gods, the morale of the previous two wars have all recovered.

Ye Xuan smiled slightly, and of course he was able to hear the surrounding arguments.

However, how about Kun Peng, what about the Seven Princes?

He is Ye Xuan! Is it possible to be afraid of a **** seven prince in this district!

Ye Xuan's figure appeared directly in the center of the battlefield.

"Kid, I didn't see it. Your courage is not small. Don't worry, I will leave you a life, because I suddenly feel that you can have more use to catch you."

The seven princes said with a smile.

"Is it? I am also doing this. I have caught you alive, maybe I can change a lot of good things."

Along with this sentence, Megatron has turned into a sacred sword, and two scorpion swords are squatting around Ye Xuan, and there is always the possibility of rushing out to fight!

"Haha, the human race boy, the tone is not good!"

Suddenly, the seven princes waved, and turned out to be a myriad of illusions, directly attacking Ye Xuan.

Ye Xuan is also unambiguous, directly summoning the thousands of beast swordsmen and the flower **** swordsman, also rushed up.

However, the next scene was beyond the expectations of Ye Xuan.

Ye Xuan did not even have time to display the feast of thousands of beasts, but saw those phantoms suddenly rushed into the thousand beast swordsman, the **** level mount, the flower **** sword waiter, the flower of the flower god!

Although these are all summoned by Ye Xuan, the Seven Princes can't control them, but they also lose their ability to move.

"When Peng Peng changed, the soul devours!"

Someone said with amazement!

This is the special magical power of the Kunpeng family. It uses the phantom to engulf the enemy's soul. Although it is not really destroyed, it can ban the enemy's spirit and then manipulate the enemy's **!

"Well? What is going on here, why are these cockroaches not being manipulated?"

The Seven Princes were slightly surprised. Because he had no control of the soul, he lost his hand. In the face of the thousands of beasts, he could control the spirit but could not manipulate it. This is something that has never been encountered before.

But even so, it is beyond the expectation of Ye Xuan.

Just the first time to play, Ye Xuan already knows, can not underestimate the seven princes, otherwise, Ye Xuan this time, afraid to eat a big loss!

"Megatron, give it to me!"

Ye Xuan waved, and Megatron had already overtaken two scorpions to rush out!

At this moment, the power of the sacred sword finally broke out.

The special attributes of the sacred sword, in the face of the demon and other aliens, will have the effect of crit!

Under the control of Megatron, the two scorpion swords always attacked the Seven Princes with their smashing angles!

Although this does not play a decisive role, it can definitely assist Ye Xuan's actions.

At this time, what Ye Xuan wants to use is the special ability of the wings of the gods: the wrath of the gods!

"System, look at the energy of the wing I have now, I want to use the wrath of the gods!"

Ye Xuan eyes staring at the seven princes, the wrath of the gods, he wants to see, how the seven princes pick up!

"Hey, the system suggests that the host currently has a thirteenth of a dozen wings of energy, capable of exerting the power of 31% of the wrath of the gods!"

31% power!

enough!

Ye Xuan suddenly stood still, but his hands suddenly merged.

The seven princes failed a trick, and after a slight surprise, they suddenly looked at Ye Xuan, and his mouth was even more arrogant. "You kid, you are quite good, you can break my then, then Zhao, I see how you defend."

"Geng Peng has changed three times and won the sky!"

.....

Suddenly, the Seven Princes did not even come and display his talents, and a vast expanse of power suddenly broke out.

With Ye Xuan as the center, the powerful pressure is constantly emanating, and Ye Xuan's mouth has already revealed a faint smile: "Give me death! Damn guy!"

"The wrath of the gods!"

With Ye Xuan's loud noise, the entire battlefield has solidified in an instant, because at this time, the world is exuding a powerful and powerful pressure, and the mysterious laws one after another continue to appear.

These findings, no one knows who it is, but everyone knows that they are not idle.

"what are these?"

"Is it a fragment of the soul?"

"These people, who is it!"

Whether it is the Kunlun domain or the demon **** domain, at this time, they have focused their attention on Ye Xuan.

Because of the constant emergence of countless laws, they quickly disappeared, and most of them turned out to be Ye Xuan.

This countless law filled the entire sky, but their final destination was only turned into a light group in the hands of Ye Xuan.

Among the hands of Ye Xuan, the light group constantly condenses, giving off a desperate atmosphere.

Chapter 2357:

"Do you want to challenge me?"

Ye Xuan asked faintly to the man.

"Yes, it is you, you and I are the highest commanders in this battlefield. Then let us fight and decide the victory or defeat of the war. If I win, you will surrender the Rune, I won you. , then, we are regressing, how?"

But even so, it is beyond the expectation of Ye Xuan.

Just the first time to play, Ye Xuan already knows, can not underestimate the seven princes, otherwise, Ye Xuan this time, afraid to eat a big loss!

"Megatron, give it to me!"

This countless law filled the entire sky, but their final destination was only turned into a light group in the hands of Ye Xuan.

Among the hands of Ye Xuan, the light group constantly condenses, giving off a desperate atmosphere.

Chapter 2358: Qi Peng sixty-two changes

"His Royal Highness..."

A demon **** domain shouted loudly!

However, his tips did not help the Seven Princes at all. The seven princes were shocked and inexplicable. Even without anyone's suggestion, he could already see how powerful the Ye Xuan hands were. the power of!

Suddenly, the seven princes quickly became bigger, and even in the blink of an eye, they turned into a super beast that occupied hundreds of thousands of miles!

This is the body of the Seven Princes, the Peng Peng beast!

However, this Peng Peng is different from the real Kun Peng. First of all, he is not really huge like Peng Peng. Secondly, by his side, countless black light curtains are constantly condensing, and the black spheres are all round. , and constantly hovering.

What's more, it is a **** that is imprisoned, constantly struggling around his body, trying to leave!

"Give me death! The wrath of the gods!"

Finally, the light group in Ye Xuan's hands finally condensed, and then, Ye Xuan's hands suddenly opened, and a beam of light appeared instantly.

This light column is constantly expanding. At the beginning, only the area is less than one meter thick, but it is turned into a hundred meters, kilometers, and ten meters!

The entire sky seems to be taken over by this light column!

The power of inspiration makes countless people tremble.

What kind of power is this!

This is really a guy in the realm of the gods, can you have the power!

I am afraid, even if it is the top king, it is just that!

The most important thing is the scope of this attack, which turned out to be a powerful attack covering half the sky!

The strong people of the Kunlun domain can't help but retreat, because if they stay in the light, there will be a feeling of being melted. This is a very magical feeling, as if from flesh and blood, to the godhead. , are constantly being melted in general.

This kind of strong discomfort makes them only retreat!

And this is just the feeling they received, then, as the core of the real attack, what should the seven princes feel uncomfortable?

After the seven princes showed their strength, the strength undoubtedly skyrocketed, but in the face of Ye Xuan's wrath of the gods, they could only barely resist, and even could not be guarded by the whole body!

Around the body of the Seven Princes, countless shields of law quickly condensed, and then quickly disappeared, turned out to be directly melted by the powerful attacks of the wrath of the gods.

The Seven Princes continued to mourn because his body was constantly evaporating!

His huge size, at this moment, is constantly shrinking, the power of the wrath of the gods, once the seven princes fail to defend, they will immediately take away a part of the seven princes' body.

"Is this a melting rule?"

Not only the onlookers are so confused, even Ye Xuan, at this time, some can not understand, why the attack of the wrath of the gods actually melted the enemy.

Fortunately, the system prompts Ye Xuan answer.

"Hey, the system prompts that every time the wrath of the gods launches an attack, it will produce random attributes, because the wrath of the gods, this is the fusion of countless ancient powerful powers!"

The system prompts, let Ye Xuan know why this wrath of the gods is like this!

It turns out that this magical power is a random magical power.

The damage he can explode is certain, but the way to cause damage is random!

Just like now, it is actually melting the enemy in a melted way.

The Seven Princes are still constantly insisting on the use of defense means, even if it is a shield of one-sided law will soon disappear, but the Seven Princes have to be simple, after all, once he gives up, then he will soon be melted!

The original body of hundreds of thousands of miles, constantly shrinking, is like a fat man in weight loss.

Among the 90,000 words, the body is constantly being melted.

However, the nine princes are, after all, the body of Kunpeng, so these injuries are evenly distributed among the seven positions in the body by the seven princes. This is the scene now!

.....

"Damn, damn, I want you to die! I must let you die!"

Extreme pain, the Seven Princes almost lost their minds.

After all, such a powerful ablation is simply making him suffer.

"Hey, alarms, alarms, detection of unknown targets, please be careful!"

sounds a little slammed, so Ye Xuan couldn't swell, and the change is very different?

What is the unknown change, this seven prince, what do you want to do!

At this point, I saw that the seven princes were condensed at a very fast speed, and at his side, the law was getting stronger and stronger.

"J governments have changed sixty-two, the ultimate body!"

"Sixty-two changes! Seven princes, have turned Kuip Panel into a supernatural power, and cultivated to sixty-two changes!"

"The legend, the ultimate body, can condense a special physique that ignores any law of attack, seems to be called the eternal body!"

"This kind of physique can completely offset all the power of law! Is it true that the legend is true? In the ancient times, did there really exist such a physique of ignoring the power of law?"

The people of the demon gods are boiling, and each one is very excited. The Pengpeng 62 changes. Even in the history of the entire demon **** domain, there are not many people who have succeeded in cultivation. Now, their seven princes have succeeded. This is undoubtedly Explain the talent of the Seven Princes!

However, when I heard this, the first person to worry about it was Ye Xuan. After all, what Ye Xuan now has is the eternal blood.

Eternal blood, eternal body!

Anyway, Ye Xuan will associate a lot.

Can it be said that the final result of this 62-year-old Peng Peng is to become the blood of Ye Xuan?

Countable, Ye Xuan's eternal blood, although with the special power to devour all laws, there is no such thing as the special role of ignoring the law.

At this time, Ye Xuan, in fact, can not have much relief effect on the law attack.

But why, the eternal body of the seven princes can ignore the law?

Ye Xuan's heart is incomprehensible!

But there is no way at all. At this time, Ye Xuan, the wrath of the gods is almost ending soon, so I can only help but look at the seven princes!

"Human, you damn, I must kill you!"

The seven princes' eyes are full of anger!

It turned out that he did not resist the attack of Ye Xuan. In fact, he paid a heavy price.

It turns out that he can only perform at most 60 changes!

Sixty-two changes, as long as he gives him time, he will be able to cultivate successfully, but it is definitely not the present.

However, by Ye Feng forced to helpless, the seven princes can only use the secret surgery, opened sixty-two changes in advance!

Do not think that opening in advance, but a word of thing, in fact, this opening sixty-two changes in advance, it is equivalent to overdraft the growth potential of the seven princes.

Chapter 2359: Commander

That is to say, this seven princes, if there is no special chance in this life, will always stay at the level of sixty-two changes, he has lost the qualification to continue to cultivate talents!

Of course, Ye Xuan does not know this, and even if Ye Xuan knows, he is afraid that he will not care.

However, at this time Ye Xuan also had to be cautious, even the wrath of the gods can not beat this guy, this guy, is not too strong!

The battle between Ye Xuan and the seven princes has already exceeded people's understanding. It must be known that in the eyes of the people, these two people are just a battle between the peak gods and the inferior gods, but the power of this explosion It is simply amazing!

The first two battles are all battles of the king's kingdom. However, if they are placed in the battle with Ye Xuan, they seem to be so insignificant!

Until this time, the strong people of the nine-party 60,000 domain finally understood why the Lord of God would be so optimistic about Ye Xuan, and even directly sealed him as a party!

Because Ye Xuan is a genius, a enchanting genius that is hard to find!

Even the strongest of the superior kings can not help but doubt, if he meets Ye Xuan, I am afraid I can't beat it!

Of course, they did not know that Ye Xuan's outbreak was very costly. The energy of the wing was completely emptied this time. It was afraid that it would be a long time and could not be used.

And then, Ye Xuan had to think about how to continue fighting!

Eternal points are too difficult to obtain, Ye Xuan is reluctant to use!

"It seems that only the use of charms and prohibitions! I hope these can have a certain impact on him!"

Ye Xuan said silently in his heart, and at the same time, directly ordered the system and began to refine the prohibition and the rune.

This time, Ye Xuan's request is only one. The greater the power, the better, the stronger the attack power, the better!

However, even if the system is refining, it will take time, so at this moment, Ye Xuan can only rely on himself to delay the time as much as possible!

"Human, I want you to die, I want you to die!"

The seven princes have already fallen into extreme anger at this time, and his body is now confined only a dozen meters away!

You know, he is a Peng Peng family!

What is the most proud of the Kunpeng family? It is the huge volume. Now, the seven princes are actually more than a dozen meters away. If they are in the family, even if they are born, they will be a dozen more than him. Times!

This makes him accept how. The key thing is that he has no chance to grow in the future because he has forced the use of sixty-two changes!

"Go to death!"

Suddenly, a huge beam of light was spit in the mouth of 70,000 words. Unlike Ye Xuan's wrath, Ye Xuan's attack was constantly spreading, but the attack of the Seven Princes was not condensed. !

boom!

The attack was extremely fast, and even Ye Xuan even did not use the moment for a moment, directly hit!

In the middle of the air, Ye Xuan was so **** that he was directly blasted into the ground!

"Booming!"

A thousand miles deep, a crater full of 100 meters deep appeared.

This blow has caused many people to be afraid, because many people doubt that Ye Xuan will not be killed by this attack!

However, soon a figure once again rose to the sky!

The figure is **** and fuzzy, and there is still a human figure at this time, it is just a flesh and blood!

It can be seen how powerful the attack of the Seven Princes is.

However, people were even surprised that Ye Xuan's misery was shocked by Ye Xuan's horrible resilience.

When I was just flying, I was still a group of flesh and blood. However, when Ye Xuan stood in front of the Seven Princes again, it had already recovered as if it were not hurt at all!

The resilience of the Eternal Body is not a joke, at least trauma, and nothing can be seen at all.

Of course, Ye Xuan is not really without any influence. In fact, he still has a great influence, but these are invisible internal injuries!

"Damn, Terran, you give me to die!"

"boom!"

It is also a light column, which is more intense than the previous light column, and once again hits Ye Xuan.

Ye Xuan was so upset that he had already noticed it. However, the attack of the seven princes was too fast. When Ye Xuan discovered it, he had already been recruited. This speed was faster than the speed of Ye Xuan's reaction. !

"Booming!"

A thousand miles, the sky is cracked, countless stones are flying, and countless mountains are cracking!

Even some of the true gods who were too close to Ye Xuan's point of view, the ordinary disciples of Xuan Shenjing, were directly killed by Yu Wei, who was landed by Ye Xuan!

Oh la la!

Above the earth, leaving countless canyons!

There are even magma that spew directly out!

Everyone's attention is concentrated on the position where Ye Xuan falls. Whether it is the Kunlun domain or the demon **** domain, the hearts are shocking. They don't know, what the result will be!

This time, will Ye Xuan fly out like the last time?

Still, this time, Ye Xuan will be directly defeated?

"Look, what is that!"

Suddenly, some people said with horror, then people saw that a group of flesh and blood blurred people skyrocketed!

Moreover, as in the last time, the body actually recovered this quickly!

How can this be!

The people of the demon gods are terrified!

Resilience, they have everyone, this can be like the strong resilience of Ye Xuan, they do not say that they have, or even have not seen!

How can there be such a strong recovery ability!

This is a monster!

The most shocking, it is the seven princes, the seven princes' own attack, the power is only his own clearest!

Don't look at this is just two seemingly simple light column attacks, but in fact, this is the unique talent attack method of the Zangpeng people. The power is strong enough to kill the enemy!

However, now he is dealing with a person who is lower than he has repaired, and he has not used any defensive magic weapon, or defends the magical powers. He relies on the flesh and directly resists it!

Is this supernatural power really the most powerful attacking magical power that is unique to the Qiang people?

How can it give people such a small feeling!

The Seven Princes could not help but start to doubt their own life and began to doubt their own race!

"This, you, why are you still not dead! This is impossible! I must kill you!"

The Seven Princes saw Ye Xuan standing in front of him again, and said with great anger, he had to launch an attack.

Ye Xuan's look has changed a lot.

"You **** guy, it hurts me so much. It seems that I don't have to leave your life. I was still prepared to leave your life. I exchanged some resources like the demon **** domain. Now it seems that it is not at all. Need, this time, I have to kill you personally, then swallow your body!"

"Megatron, kill me!"

Megatron once again dispatched, but this is just the beginning!

"Six-word mantra: complex!"

It is a six-character mantra complex word!

The magical power that needs to consume countless resources to display!

Ye Xuan actually showed up at this time!

Chapter 2360: Infinite means

Of course, Ye Xuan now has this qualification to display.

Although it is said that above the battlefield, no matter who is the demon **** domain or the Kunlun domain, it is impossible to bring much resources to the body.

However, after Ye Xuan's millions of corpses swallowed up, he has won countless sacred rings. Then, using a mirrored supernatural resource, you can barely make it out!

In an instant, an identical seven princes appeared in the battlefield.

Everyone was shocked. They didn't know what Ye Xuan used. Why did another seven prince appear? Obviously, it was summoned by Ye Xuan!

"Give me kill!"

Ye Xuan gave a command, and the mirror rushed straight toward the Seven Princes.

However, is this finished?

No, how is it possible, how can Ye Xuan only use such a means!

I was injured by this guy twice. Is Ye Xuan really prepared for nothing?

Really so beaten in vain?

No, of course not. From the very beginning, Ye Xuan's fundamental purpose was to fight for the system's refining and escaping, but now it's time to harvest!

I saw Ye Xuan wave with a hand, countless prohibitions and signs directly appear in Ye Xuan's side, and then rushed toward the Seven Princes at the same time!

Forbidden divinity!

Correct!

It is a special formation constructed with a ban and a rune!

A means that ordinary people don't even dare to think about!

"Hey!"

It seems that the sky is lit up. A circular array directly traps the seven princes. The edge of the array is the super defense of countless banned structures, and the interior of the array is a super-attack means of countless runes!

Of course, not only the means of attack, but also auxiliary means!

For the six-character mantra, the image of the summoning summons to support various auxiliary forces, at the same time, can also weaken the various attributes of the real seven princes!

This is a horrible sign of the ban!

A super-existence that only Ye Xuan can dare to use!

After doing all this, Ye Xuan took out the law of the gods bow!

This banned genius can attack the inside from the outside, but inside, but why not outside!

Therefore, Ye Xuan wants the seven princes to taste what is called injury!

"The arrow that devours the law!"

When Ye Xuan shot, he did not have the slightest reservation. This time, he didn't have to worry about accidentally hurting anything. In the middle of the prohibition of the gods, there was only one enemy, that is, the Seven Princes!

Therefore, no matter whether Ye Xuan is using any attack, there is no accidental injury!

Under the control of Megatron, the two sacred swords constantly searched for the weakness of the Seven Princes.

And the image has the ability to resist all the attacks of the Seven Princes, and even to attack and attack!

So, just in a flash, the seven princes are in desperate situation!

Not a dilemma, but a desperate situation!

I saw that the mirror suddenly slammed and hit the huge body of the Seven Princes. You are not afraid of the power of the law. Then, are you afraid of physical attacks?

The seven princes have not come and reacted, found almost Megatron, and did not hesitate to launch a surprise attack!

A sly sword left a blood mark on the body of the Seven Princes!

The sharpness of the sword is enough to cause damage to the Seven Princes!

At the same time, Ye Xuan's swallowing arrow has also flown out.

Although the seven princes will not be harmed by the law, but the new gravity that is swallowed up is enough to affect him, and this effect is to make him unable to move!

The seven princes are constantly roaring and constantly struggling.

Unfortunately, this is a **** war!

This is heads-up!

It is the heads-up between the two military commanders!

Therefore, it is impossible for anyone to dare to help!

Tens of thousands of people on both sides watched the battle of Ye Xuan and the Seven Princes quietly!

No, it is no longer a fight, but an insult. It is Ye Xuan's insult to the seven princes.

At this time, the Seven Princes, under the multiple means of Ye Xuan, have long had no ability to resist!

.....

"You just hit me and I am not very cool. Come, continue to hit me! Your light beam, come, attack me!"

Ye Xuan shot another arrow and imprisoned the seven princes in the same place. The two sacred swords quickly left two blood marks on his body. Then, another genius detonated at his side and directly took him. The body pushed forward toward the front.

In front, the mirror has already waited there, and when the seven princes came over, it was a tail that had been drawn!

"Human, give me to die!"

The Seven Princes once again condensed the light column and attacked the past directly in the direction of Ye Xuan!

However, this concern was directly blocked by the banned genius and then directly rebounded in the big squad. Finally, it turned back to the seven princes!

Seven princes had to stop attacking because his attack was to beat himself on his own!

Ye Xuan's mouth was slightly upturned, so he looked at the struggle of the Seven Princes.

It turned out that this guy, there is only such a means, then, he can die!

"Megatron, kill me for him!"

Suddenly, Ye Xuan screamed, and at the same time, he continued to release a few arrows! Each of these arrows is actually an arrow that uses the magical sign of the auxiliary charm!

Sharp! Crit! strengthen! penetrate! wreck!

The continuous number of laws directly blessed the two swords, and then the two swords of the sword rushed out!

"Hey!"

The four holes appear directly on the Seven Princes!

It turned out that these two swords directly penetrated the body of the Seven Princes!

However, this is only the beginning.

Under Ye Xuan's order, Megatron controlled two sacred swords, constantly moving back and forth, leaving a hole in the body of 70,000 words!

In a flash, the seven princes will be bloody!

And the mirror is also not idle, constantly launching attacks, or biting, or tail beating, all of them are physical attacks!

.....

"Do you think that you can get me in this way? No, I am a great Peng Peng, you can't help me!"

The seven princes bathed in blood, but they still yelled!

Accompanied by the words of the Seven Princes, there are countless auras around him, and those auras, like the auxiliary charms displayed by Ye Xuan, can be blessed with various auxiliary states!

Ye Xuan brows wrinkled, is it really only to use the eternal field to clean up this guy?

Suddenly, the system prompts up!

"Hey, the ancient demon of the detective bless!"

"Hey, the system prompts that the purple blood function owned by the host is activated!"

"Hey, purple blood is the blood of the ancient demon god. The host can use purple blood to break away the blessing of any ancient demon god. At the same time, you can use purple blood to bless yourself with special means!"

Purple blood, Ye Xuan slightly stunned!
