Chapter 236: revenge!

"It turned out to be him. This kid is really bad luck. He met five at a time. However, the other two should be disciples of Tian Yuanzong."

He did not expect that he met two disciples of Tianyuanzong once.

However, when his eyes fell on the two men, the brow could not help but wrinkle.

The disciples of these two Tianyuan sects are probably the martial arts of the people of Xiaocheng, and they are all armed with ground devices. They are joining forces to fight against the three giants. As for Wushan, who entered the Dandong, he is one person to deal with two.

"The two men are really embarrassed, and they have left two for him. No, these two people want to kill Wushan and then collect the corpse!"

Ye Xuan reacted in an instant, and now he just rushed out.

It is at this time.

The disciples of the two Tianyuan sects, one of them shot a punch at Wushan's back, and the fist shadow directly fell behind Wushan, killing him.

Wu Shan was planted on the ground, and his face was stunned. It was very difficult for him to face two huge cockroaches. He was now sneaked and was immediately stepped on by a huge cockroach.

This huge embarrassment is not so fast, but the defense is strong, and the attack power is not weak.

His ten-meter-high body, one foot down, can definitely put a half-step Dan Yuanjing's warrior to death, and Wushan is just a first-time entry into the country, was stepped on, although not dead, But it is not far from death.

"Damn!"

After seeing this scene, Ye Xuan also subconsciously broke out at full speed, but he was slowed down after all.

"Hey!"

Huge squatting down, directly smashing the dying Wushan into a meat sauce, the whole person is \*\*\*\* and his head is smashed.

Ye Xuan's footsteps, the whole person was paralyzed.

There was a teacher and brother who died in front of him. At that time, his eyes were spurting out of endless murder.

If it were not for the sneak attack, Wu Shan could definitely hold on for a while and insisted that he arrive.

"Hey, there is another Lingxiao."

At this time, the young man who sneaked on Wushan also found Ye Xuan, who stood stupidly hundreds of meters away, revealing a strange look.

"Damn, I was seen." Another long-haired disciple shouted.

"Afraid of what, skill is not as good as people, dead will die, quick fix, let this kid also do

It is. "The little-eyed youth did not put Ye Xuan in the eye. When the voice fell, the two swords smashed a huge scorpion into two halves."

Long-haired disciples are also solving one.

At this point, there were only three huge cockroaches left in the field.

Xiaoxuan Youth took another look at Ye Xuan and found that Ye Xuan did not escape. It was also a strange saying: "Hey, it's still a disciple of the Heavenly House. Wouldn't it be silly?"

He said, it is easy to solve a huge embarrassment.

Ye Xuan was silent, so he looked at it quietly.

After another ten seconds, the last two huge cockroaches were cut in half.

Although the disciples of the two Tianyuan sects did not find the core, they had already abolished the five shackles. The five disabled shackles are no threat to them, so they are not in a hurry to ruin the core.

"Kid, what did you see?"

After the battle ended, the little-eyed youth couldn't help but ask.

"Cut, scare silly, kill it directly, and still ruin something." The long-haired youth is somewhat impatient.

"Well, who told him to come is not the time, just saw me sneak attack on the dead man?" The young girl with a small eye showed a demon smile, and said: "However, since it is the house of heaven, there may be two Put the brush on, let us go together, so as not to cause an accident."

Long-haired youth have no objections.

At that time, the two men attacked Ye Xuan one by one, and in less than a second, they killed Ye Xuan.

At this point they were sneer in the heart, because Ye Xuan still has no movements, it should be really scared.

"go to hell!"

A small smother flashed in the eyes of young people.

However, it is at this time.

The eight-year-old sword in the right hand of Ye Xuan suddenly broke into pieces and was instantly divided into eight.

"eight shortages, the wind kills!"

"call out!"

The long-eyed young sword pointed directly at Ye Xuan's head, but just as the tip of the sword was about to pierce Ye Xuan's forehead, he felt a sudden flash in front of his eyes, followed by a pain in his arm, followed by thighs, waist and throat.

All of these parts have a cold meaning.

He subconsciously found that his right hand was out of the body, the incision was very neat, even the blood was not yet

Have a look out.

At this moment, his eyes shook again.

The next moment, Ye Xuan in his eyes is divided into two, the upper body and the lower body are separated. However, this is not the separation of Ye Xuan's body, but his eyes are cut in half. In complete, his half head has been cut.

Looking at the small-eyed youth's body was directly divided into more than a dozen pieces, and the long-haired youth who arrived later also immediately had a meal. After he took a second, he quickly retreated.

A person who was cut into more than ten copies in the meantime, how did this happen?

He didn't want to understand!

But then he didn't have to think about it, because his end is also cut into more than ten pieces like this young girl.

Before he died, he saw that Ye Xuan floated eight sharp blades in front of him.

At this time, if there are other people present, they will be scared to death. The two strong men of Xiaocheng Xiaocheng are instantly separated, and Ye Xuan does not even move a finger.

Why didn't Ye Xuan answer the other's question?

That's because he doesn't want to talk to the dead!

On the floor, two beaches of blood, numerous broken limbs.

Ye Xuan quietly walked over, took the two of them into a ring and weapons, and then walked toward the five giants. After destroying the core one by one, he swallowed all five of these corpses.

Finally, he came to the dead Wushan.

"Wu Shidi, I have already taken revenge for you, rest in peace."

Ye Xuan whispered, and then he took out a piece of white cloth, wrapped the body, and took it into the ring, and then went back to Lingxiaofu and then buried it.

Originally, he had no good feelings for Tian Yuanzong. Now, he is directly hostile.

Tian Yuanzong and Ling Xiaofu are also considered neighbors. However, the disciples of Tian Yuanzong actually murdered the disciples of Lingxiaofu for their own personal gain.

Ye Xuan is already making plans, and if I see the disciple of Tian Yuanzong again, kill innocent!

However, I don't know if he is lucky or bad luck today. Just as he is going to look at the two Qian Yuanzong disciples, there is a sudden rush of footsteps falling into Ye Xuan's ear.

Is it his own, or a disciple of Tianyuanzong?

Ye Xuan stood quietly in the same place. If it was a disciple of Tian Yuanzong, he would not hesitate to kill him.

If it is a disciple of Lingxiaofu, then he will say a word, lest he should be planted.
