Chapter 239: The second floor of Dongfu

The heart of Xi Hang was already smashed and he died at that moment.

The people are in great condition, and they will fall!

The red flame palm was obtained after Ye Xuan merged with the senior King of Fighters.

And this eight wild winds killing, not only can rotate according to the trajectory at high speed, one trick is to break through this day, and the other trick is called eight wild shield, which is a defensive formation.

However, the consumption of these two measures is too great, only to restore Dan Yuan to the peak of Ye Xuan, at this time the Dan Yuan in the body is running out.

"噗通!"

Xi Hang's body fell to the floor and his expression was shocked. Ye Xuan suddenly killed him when he was surprised.

"The fourth place in Tianyuan is not the case."

Ye Xuan's heart snorted, but he also understood that he was able to kill this Xi Hang so quickly, relying on the Eight-Day Sword. If there is no eight-year-old sword, he will probably still need some hard work, and then use the physical advantage to kill Xi Hang.

He walked over and directly took over the shackles of Xihang, then the body.

Then, he took out a remedy to restore Danyuan, and assisted Wanhua's blood to restore Danyuan. After a long time, he will be able to return to the peak.

"Let me see how many of you are in this day's list."

Ye Xuan took a look at the heart of Xi Hang.

"Three huge scorpions, dozens of small corpses, five terrariums, cockroaches, and even a Chinese ware, he didn't even use it?"

Ye Xuan couldn't help but smile. The three bodies were almost 30 billion engulfing points. There were also 10 billion pieces in five pieces of land. At least 30 billion pieces of Chinese products were used, plus those materials of 7788. At least hundreds of billions.

After Fang Caixuan swallowed up those sundries, the swallowing points broke through the 200 billion mark, and it also broke through to the humanity. And there are enough things in this hang-hang-kun ring.

At the moment, he is devour all the useless things, only those weapons and forged materials and some medicinal herbs are kept, and they may not be used in the future.

"Three hundred billion engulfed the points, and this zero is not too much. If you break through to Dacheng, you must exceed one trillion."

Ye Xuan thought about it, suddenly stunned the blood of the column, eclipsed.

The previously unclear zeros have disappeared.

Instead, it is something called engulfing crystals.

"It turns out that one trillion of swallowing points is a phagocytic crystallization, but it is simple. I won't use so much zero in the future." Ye Xuan smiled lightly, now he has 300 billion engulfing points, almost can buy the current level. Everything is gone.

at this time.

"Booming!"

A rumbling sound suddenly sounded in the passage.

Ye Xuan, he found that this is not the sound of huge walking and fighting. It is the kind of sound that turns like a giant gear.

At the moment, Ye Xuan's mind is an idea: "Do you have any organs in this cave house?"

The thought had just flashed, and he saw a fresco in the surrounding area suddenly bursting, and then opened a new passage.

"Go down?"

Ye Xuan frowned. He estimated the height. The height of the palace is about the same as the height of the cliff, so there is no second layer. I did not expect that the second floor was under the Dongfu.

"This Huoyang is not only a master of refining, but also a master of institutions."

Ye Xuan's heart sighed, and then he got into it. The first layer is definitely just a little thing. The real good thing is definitely on the second floor.

The passage leading to the second floor underneath was very dark. Ye Xuan exchanged some small fireflies and illumined the front, so that there was no fear of something suddenly attacking.

The passage to the second floor was long, and it was hovering. Ye Xuan took more than ten minutes to see the light.

"It's finally out."

Ye Xuan passed through the gate and came to a very empty place. The floor was still made of gold jade, and the surrounding walls were inlaid with countless gems to illuminate the surroundings.

When he went in, he found other people coming out of the entrance, including Tianyuanzong, and Lingxiaofu.

"Ye Xuan!"

Suddenly a shout fell into Ye Xuan's ear. He turned his head and found that Jiang You was running towards himself.

"Brother."

Ye Xuan screamed and glanced at him. There were still many disciples from Lingxiao House running towards them.

"What is the situation? How do you bring everyone together?" Jiangyou asked after he ran close.

"I am not very clear." Ye Xuan shook his head.

At this time, some people ran out of other channels, including Jiangyou's brother-in-law, as well as Xiao An and Xin Fei.

Soon, these disciples of Lingxiao House gathered together, and the same was true of Tian Yuanzong on the other side. However, their number was significantly higher than that of Lingxiao House. At this time, nearly 30 were gathered.

"Five people, I remember that we have four in each of the four houses of Lingxiao, and who else?" Jiang You asked strangely.

"It is Wu Shan, Wu Shan is not here."

A disciple of Xuanzhifu said.

Referring to this name, Jiang Liu also looked at Ye Xuan and said: "Wushan's younger brother is dead, and all of us are here."

"What? Dead? Brother, what is this?" Jiangyou asked in shock. He was surprised that Wushan was dead, but because Jiangliu knew that Wushan was dead.

"This will be said later." Jiang Liu shook his head helplessly.

"Boom!"

"Boom!"

When the voice of the river fell, suddenly a loud rumble sounded, and everyone turned their heads and found that the door they came in was closed.

Jiangyou was shocked and hurriedly slammed a sniper. However, this sniper did not have any effect on these gates. Danyuan crashed on the gate and was instantly disintegrated.

"A good hard door!" Jiangyou was a bit stunned.

Ye Xuan frowned and looked at it. He said: "The material of this door is very unusual, and there is a defensive tactical blessing. Not only that, but the surrounding stone walls are the same."

"what?"

Upon hearing this, the 14 people present were all shocked. They subconsciously attacked the door, but it was useless. You must know that the attack of these people, even the strongest of the land, has to shun.

"It seems to be troublesome."

Everyone thought in my heart.

Ye Xuan also feels that this door is extraordinary, that is, I don't know if the sky can break through this door, but let's see what it is.

He looked around in a circle, except for the Tianyuanzong disciple not far away, there was only one thing left.

In front of the stone walls in the north, there is a huge stone statue. When everyone looks at the stone statue, they can't help but exclaim.
