## Super D. S 242

Chapter	242: Ye	Xuan'	strength
---------	---------	-------	----------

"Everyone is attacking quickly, find out the flaws, don't let Ye Xuan work hard!"

It was said that the people present were also reacting in an instant and attacked again.

Now, only Ye Xuan and Wang Chuanshan have the ability to attract the hatred of stone statues. If Ye Xuan is dead, then they may have to be wiped out.

Ye Xuan's speed is very good, but his physical strength and Dan Yuan are still falling, he does not know, he can hold on for a few ten minutes. However, he will try his best, after all, this is also related to his life and death.

The seventh minute passed.

The eighth minute has passed.

By the eighth minute, Ye Xuan was a little bit out of it. Before he used the day to kill the Xihang, so when he came down, Dan Yuan had not recovered to half. The most important thing is that he is constantly moving, there is no time to refine the medicine, so the recovery is very slow.

In the ninth minute, Ye Xuan also struggled to the past.

However, he still did not find the flaws in the stone statue, and no one else. After another minute, the stone statue will stop, and the flaws will definitely converge. This means that they are in vain for ten minutes.

However, at this time, Ye Xuan's heart suddenly floated a feeling, and immediately it was staring.

"found it!"

He shouted and shouted: "Find the flaws, two meters below the stone joint left hand joint!"
This shouting fell into everyone's ears and made them all a glimpse.
flaw?
The rest of the people, regardless of the three seven twenty-one, directly chose to believe, began to attack the position of Ye Xuan.
That position was attacked before, and it was somewhat collapsed compared to other places. It is precisely because of this that Ye Xuan was able to sense it.
It was indeed the first flaw, but there was a layer of covert stone, so no one else found it.
At that time, dozens of strong men of the gods were all behind the stone statue and then attacked its left hand.
"Hey!"
"Hey!"
All the people's emotions have skyrocketed.
"Broken, broken, there is a flaw, everyone is attacking!"
"Finally found the flaws, fast, time is up, hit fast."
"Damn,

Break it! "
Everyone is boiling and starting a crazy attack.
But this piece of stone armor is also very hard, and these dozens of Shen Dan strongmen attacked for a long time, they could not be defeated, but in desperation, Ye Xuan shot.
"call out!"
Ye Xuan suddenly flashed under the stone statue, and then took out the arch of the ground, raising his hand is an arrow.
"Chinese goods level martial arts, fire dragon arrow!"
At the moment when Ye Xuan's right hand was released, there was a long snake that was condensed by Dan Yuan and smashed out, and it hit the piece of stone accurately.
"Hey!"
Originally, this stone armor was broken, and now it has withstood this arrow, and it immediately bursts open.
Countless graves fell, and everyone saw the pattern of the stone under the stone armor, and it was again attacked.
However, it is at this time.
"Hey!"
The action of the stone statue suddenly stopped, and then there was a layer of energy outside the pattern, which was exactly the same as the energy covered by the surrounding.

The dozens of attacks have fallen on this layer of energy, all of which are dissipated.
"No, time is up!"
Ye Xuan immediately responded, ten minutes, has passed!
The stone statue kept the action of slashing, staying there like a stone sculpture, and others stopped the attack. This layer of energy is definitely the defensive array, which is not something they can break. Although it is a pity, they have finally found a flaw and will not be helpless.
"Everyone hastened to recover, and the stone statue will start again in ten minutes."
The river screamed.
At the moment, everyone is sitting cross-legged and starting to recover the Dan Yuan in the body.
In the first ten minutes, although Ye Xuan and Wang Chuanshan were used as bait, other people were constantly attacking. The Dan Yuan in the body was not much. If they did not recover quickly, I am afraid that the second ten minutes will not last.
Ye Xuan is also sitting down quickly.
This time, he can no longer hide, hurriedly took some of the medicinal herbs from the swallowing space and threw them to others.
"Everyone, use this remedy to recover." Ye Xuan shouted.
These medicinal herbs are much more expensive than the outside, and the effect is very good.

These disciples of Lingxiaofu did not hesitate to swallow

Going on, then I feel that the Dan Yuan in the body is recovering quickly, and it immediately shows the color of surprise.

Ye Xuan did not have any embarrassment. He also lost a lot of medicinal herbs to Tian Yuanzong. Although he said that he had had a contradiction with Tian Yuanzong, he had already solved it. And now it is the united front, Ye Xuan has to rely on other people to find flaws.

"It's amazing, this is what medicine, the recovery speed is three times that of my previous."

"Hey, this kid has such a god, and he is not willing to give it to us. It is a good person."

"Hey, Wang Shixiong only insisted for three minutes. He insisted on seven minutes, hehe..."

Although the disciple did not finish, but the people around him silently nodded. In their hearts, Ye Xuan was much more useful than Wang Chuanshan.

It's really a shame to still insist on three minutes.

Wang Chuanshan, who was recovering from the side, sank and glared at those people, and also yelled at Ye Xuan, but he did not say anything. At the moment, it is still necessary to restore Dan Yuan and physical strength. This fetus waits for the crisis to be counted.

The ten-minute break is about to pass.

In the ninth minute, the rest of the people gathered in the left rear of the stone statue, and when the time came, they began to attack the flaw.

Ye Xuan has also come to the front of the stone statue, recovered for a while, his face turned a little. The medicinal herbs he took were not the same as those of other people. A worth of 10 billion swallowed points, this remedy instantly restored Ye Xuan Sancheng Danyuan, and then slowly recovered.

At this time, Dan Yuan in Ye Xuan's body is already over half.
Sticking to ten minutes is not a problem.
"Countdown three seconds!"
"three!"
"two!"
"One!"
A disciple shouted.
When the voice fell, the stone statue began to move, and the sword that had not yet fallen was cut directly on the ground. At the same time, the defensive array method also disappeared, and the people at the bottom began to launch attacks, all of which slammed into the flaws of the left hand of the stone statue.
After the flawed stone armor was destroyed, it was extremely fragile. In less than two rounds, the bang was bursting open, and then the half-arm of the stone statue fell.
"It became, became, and successfully destroyed the first flaw."
"There is a sequence of flaws, fast, find the second place."
"The arm is definitely the right arm, everyone attacks!"
