Chapter 2421: Ancient ruins

Ye Xuan did not hesitate too much and chose the door on the left.

It can be said that the door on the right side has dark night, darkness, abyss law power, then it has extremely strong stealing ability, and also has a certain combat power.

The choice of the left side of the law door is to have a strong ability to continue fighting.

Ye Xuan does not know whether to enter the law door, is it representative of the ability to have such a law.

However, only if there is a possibility, Ye Xuan will choose.

When I came to the door, Ye Xuan was a little worried. He didn't know how to push this door.

It's impossible to go straight in, it's impossible to use the push, so what should I do?

Thinking for a while but found that there is no clue, Ye Xuan will not care so much, but directly reach out.

Only in a flash, Ye Xuan clearly felt the power of the powerful law.

That feeling, as if the power of the three laws are wrapped around his hands.

These rule powers are not mastered by Ye Xuan. At this time, Ye Xuan did not use any law power, but began to use his heart to understand.

.....

"Hey, the system prompts, congratulations to the host to understand the law of life!"

"Hey, the system prompts, congratulations to the host sense of treatment!"

"Hey, the system prompts, congratulations to the host sense of recovery rules!"

It's three months!

During the three months, Ye Xuan remained in that position and did not move.

But with the prompts of the system, Ye Xuanqing woke up.

At this time, Ye Xuan was quite excited. After all, once I realized the power of the three laws, it was difficult for Ye Xuan to be excited!

You must know that in the outside world, let alone the power of the three laws, even if it is only a rule of law, and only can have the opportunity of perception, fear that it will also cause a battle.

At this time, Ye Xuan was so easily aware of it.

No danger, no use of too much time.

Can it be said that this is a reward?

Ye Xuan couldn't help but think of it in his heart. After all, what happened now is not allowed to go to Ye Xuan.

After all, this surprise is too big.

After mastering the power of these three laws, Ye Xuan naturally knew the way to enter the door of this law.

In fact, the door to this law is nothing more than a general existence of filtering.

Those who have the power of three laws at the same time can enter directly.

Therefore, now Ye Xuan, you only need to lift your feet to enter!

Of course, it's simple for Ye Xuan, but if you change someone else, it's not that simple!

Ye Xuan has an eternal blood, and has opened a special talent!

Ye Xuan can feel the power of any law, as long as the opportunity to give Ye Xuan, in the time to give Ye Xuan, then no matter what the law, Ye Xuan can master!

However, other people can't. Generally speaking, even if you are talented, you can't have too many laws at the same time.

Because there is a mutually exclusive relationship between the law and the law.

And it's not just specifying exclusion, but all exclusion!

If it is an ordinary person, if you feel the power of a law, you may be able to do it by developing the laws of the branch, but it is difficult to understand the power of other laws!

When encountering mutually exclusive forces, there is absolutely no possibility of feeling!

Only Ye Xuan, only the special blood of Ye Xuan, can possess such magical ability, ignoring the rules of law, and any law power can feel freely.

When Ye Xuan walked into the door of the law, what he saw was a scene that surprised him!

Three halls!

Here, there are only three halls. When Ye Xuan entered, there was a huge stone monument.

The stone monument does not know what material is made, but what is certain is that it is not idle, because it does not know how many years of mystery existed. This stone can still maintain the appearance of no damage, it has already explained the special .

The stone tablet records the ancient words. It can be said that the current gods are afraid that few people know this kind of text. Of course, Ye Xuan does not know it.

"System, what is written on this stone tablet!"

Fortunately, Ye Xuan does not need to know himself.

"Hey, the system prompts, data collection!"

"Hey, system prompts, text analysis!"

"Hey, the analysis is successful, does the host need to see it right away?"

Of course, you have to look at it. There is no creature in this mystery. There is no record. This stone tablet is the only record that Ye Xuan can find!

Soon, the text was translated.

After seeing it, Ye Xuan knew that it was exactly where it was and what it was.

The stone tablet records that in the ancient times, there were countless strong people, and naturally, there were countless sects.

The same is true of the righteous forces.

In the mystery here, it was just a mystery that was not too strange, but it became quite strange because of a war.

The Temple of Nature and the Temple of Darkness have always been two opposing forces. Perhaps in terms of strength, the strength of these two temples is not too outstanding, but it also has its own uniqueness.

Because of the discord between the two concepts, the two great temples have been fighting for millions of years before the twilight of the gods!

Above the stone monument, the last battle was recorded. Unfortunately, it was not the war between the two temples. It was a mysterious organization that attacked the two temples at the same time, for the two ancient soldiers guarded by their two great temples.

Who can think of the two hostile forces fighting for a million years, and they will join forces to resist the enemy?

It is a pity that the enemy is too strong, and even the two temples join hands, and they simply can't fight.

A strong man continues to fall, the two temples are in jeopardy, and at this time, the guardian appeared!

What exactly is the Guardian, there is no record on the stone tablet, but from the words, Ye Xuan can see that the two great temples, and even the super powers are very jealous of the guardians.

The guardian adjusted this war, but at the cost, he had to take away two ancient soldiers!

The two temples will naturally not be willing, so after the discussion, they will start the ancient soldiers and close the secret.

It can be said that this is the choice of jade and burning, and in fact it is also true!

Now, when Ye Xuan comes to this place, he can no longer see any living person, which is the best example.

The speciality of this mystery is recorded in the stone tablet, that is, those who have the full-rule constitution can enter it, but at the same time, they are also marked.

In fact, Ye Xuan has already felt the radiance of a black and green light above his godhead.

There is a compulsory contract on the stone tablet. Those who enter here will get all the treasures of the two temples, but at the same time, they will also bear the responsibility of destroying the mysterious forces. Of course, there is the guardian!

According to the content of the contract, if Ye Xuan could not do it within 10,000 years, then he would be swallowed up by the two rays of light and degenerate.

This is a condition of no choice. It can be said that as long as you enter here, you must carry it.

Chapter 2422: Supreme god

"Damn! These two so-called temples, is the collective spirit abnormal?"

Ye Xuan read the contents of the stone tablet, some angry said.

Because in the eyes of Ye Xuan, the practice of these two great temples is really too paranoid.

They will hope to give all the people who enter, this is a very risky behavior, who can guarantee that the people who enter can have the strength to defeat the two forces?

So, hasn't it just been a genius to bury them for them?

The whole law is physique, fearing that it was in the ancient times, and it is definitely a rare genius.

What's more, two shackles are engraved on the godhead, fearing that it is difficult for anyone to accept.

Unfortunately, Ye Xuan has no choice at all. Now things are a foregone conclusion. Since Ye Xuan entered the door of the law, these two shackles have been quietly formed.

And this means is the legendary law contract!

Ye Xuan once heard of the law contract. It is said that some strong people can use the secret law to set the contract supervised by the law. Once the contract is formed, it will automatically take effect. The result of the violation is the power of the rule. Even the broken godhead is not impossible.

However, this means, after all, is the means that the legendary strongman has, and Ye Xuan just did not think that even when he was not in the realm of the kingdom, he encountered the legendary law contract!

You know, even if it is the Lord of God, I am afraid that I have never seen such a power.

The law contract is not only simple to use the power of usage, but has been able to communicate with the law to do it.

It can be said that this is already two different realms.

Generally speaking, that level is called the supreme god. To be precise, it should be the supreme god!

Supreme God!

If you can break through, then you can enter that level.

However, Ye Xuan is only a **** kingdom in the district, and it is still a god, but has already touched the level of the supreme god.

I don't know if Ye Xuan should laugh or cry.

But crying or laughing, now, things have become a foregone conclusion.

Therefore, Ye Xuan can only accept.

Ye Xuan walked toward the hall step by step, but his heart was full of anger: "This secret world, plain, only the people of the whole law can enter, but in order to confuse people, make a few tests! What is the sign The contract is at the root of the inducement."

"The shameless natural temple, the shameless dark temple, actually made me fooled in this way!"

Ye Xuan is very reluctant in his heart. After all, the behavior of the two great temples is really contrary to the identity of their ancient strong.

Unfortunately, Ye Xuan is powerless.

Fortunately, for 10,000 years, for Ye Xuan, it is enough!

After all, this is already a matter of the ancient times. Even if it is not good, the two forces have already disappeared. Perhaps it is not impossible for Ye Xuan to be cheap.

However, Ye Xuan even now knows no one other than the other guardian who knows a guardian.

This time, the secret treasures of the secret, but let Ye Xuan quite confused.

Soon, Ye Xuan has entered the hall.

There is no protection in the hall. Obviously, everything here is waiting for Ye Xuan to get it.

However, I didn't know until Ye Xuan entered, but there was nothing important at all.

Once inside the hall, you will find that the temple is actually divided into two in the middle.

The so-called natural temples and dark temples have long been merged together, that is to say, even if Ye Xuan enters from the other side, it is actually here.

The test of the door of the law is only to test whether Ye Xuan is the true full-rule constitution.

Once inside the hall, the most striking thing is naturally the two ancient soldiers in the hall.

These two ancient handles are all long swords, but the material seems to be just ordinary stones.

Of course, Ye Xuan will not believe that they are really two stone swords.

If the two temples are guarded, there are still two stone swords. I am afraid that Ye Xuan will not believe anything.

These two stone swords are afraid of being weird.

Ye Xuan went straight away. After all, the two stone swords were specifically mentioned on the stone tablets, so obviously it was not idle.

However, this time, Ye Xuan has hit the wall. In front of the two stone swords, there is actually an invisible array of guardians, so that Ye Xuan can not be close.

The treasure is in front, but Ye Xuan can't go, this feeling can be really uncomfortable.

.....

Suddenly, there was a ray of light on both swords at the same time, and at the same time, Ye Xuan's door to enter here suddenly closed.

A ray of light shot in front of Ye Xuan, in the light, an old voice sounded.

"You finally came....."

The meaning of this statement is as if he had waited for Ye Xuan for a long time, but Ye Xuan is very clear in his heart. This voice is afraid to be said to anyone who enters here.

Because, Ye Xuan has already seen that this is just a legal phase.

Moreover, it is still the kind of law that has no ability and can only be used to convey certain information.

Sure enough, not waiting for Ye Xuan to speak, the voice continued to sound.

"You are here, you can come here, you must already know your mission. From the time you walk in here, you have no choice. Accepting the mission is your only choice, and in order to enhance your strength, We set this ultimate assessment with our last strength."

"There are people, please forgive me and have to be treated with caution. After all, you are our only hope. This kind of hall, this secret world, will only accept one person, and you are our only hope."

"There are people who, from this moment, if you want to leave, you can only pass our test, please work hard, for us, for yourself!"

.....

At this time, Ye Xuan had an urge to marry her, because it seems that he was forced to do so. He was forced to sign a law contract, but now he is forced to ask for six tests. This feeling is very uncomfortable.

.

However, Ye Xuan is simply not allowed. After all, this is the secret of the strong man in the ancient times, and it is possible to rely on Ye Xuan's current strength.

Suddenly, the environment in front of Ye Xuan slowly began to change.

This is not a transmission, Ye Xuan is very clear about this!

It is overlapping space!

Here, it turned out to be an overlapping coexistence space. At this time, Ye Xuan still stood still and did not change.

What changed was the surrounding environment. To be precise, Ye Xuan was brought into another coexistence space.

It can be said that this can be many times higher than the transmission, because this is simply switching between two different worlds, and it is still letting the world take the initiative to approach Ye Xuan.

Chapter 2423: Turkic attack

What is the six tests?

Ye Xuan does not know at all. Perhaps these six tests are based on six different tests, or perhaps the comprehensive test of the strengths of the six laws. Ye Xuan does not know.

Therefore, Ye Xuan can only wait.

Fortunately, this wait did not last long, when the law finally finished complaining, and the overlapping space finally switched, Ye Xuan opened the first test.

At this time, Ye Xuan's environment is a very strange space. Around Ye Xuan, there are huge hills.

Between the vagueness, we can see that the hilltops are all standing in the prosperous palace. However, there is only one road in front of Ye Xuan, one can only use the way of walking.

At the beginning of this overlapping space, Ye Xuan discovered that he could not fly at all.

It is not to say that there are restrictions on prohibition, or what suppression is.

Instead, here, it seems to be just a plane.

To put it simply, in the outside world, there is a height, but here, there is no height. The so-called height is only the height that the naked eye can see, but how high it is, it can only be high, and it cannot be raised at all.

Of course, in fact, this is also a limitation of the power of the law, the power of the two-dimensional rule!

An extremely rare rule of law, the function of which is to convert the length, width and height into length and width without height.

Such a strange space, saying that Ye Xuan's heart is really a little flustered, it is obviously impossible to face it directly.

However, Ye Xuan is very clear, no matter what he thinks in his mind, one thing is certain, that is, he can only accept.

The ultimate test of the two great temples with the final strength, how could it be so simple.

I want to go past Ye Xuan's current strength, there is almost no possibility of half!

"If you have a chance, please go ahead. Your first test is to go through this road of heaven."

A sound sounded, indicating the beginning of the test.

Ye Xuan looked at the road in front of him, but his heart was slightly shocked. I am afraid that this road is not so good.

Sure enough, when Ye Xuan took the first step, the change happened immediately!

Between the crashes, on both sides of this so-called Tongtian Road, there are countless laws, and these laws are very solemn, and their eyes are almost entirely locked in Ye Xuan.

Ye Xuan's subconscious mind stopped, and the feeling of being stared at by countless powerful eyes was not so good.

However, Ye Xuan has no choice.

Because Ye Xuan has turned into an endless void behind him after taking the first step.

The retreat has been lost.

With a hard scalp, Ye Xuan can only continue to move forward.

The sacred sword has been held in the hands of Ye Xuan. No matter what is unknown in the front, Ye Xuan has gone all the way.

"Roar!"

A huge squeaking sound, in front of Ye Xuan, dozens of beasts appear suddenly, their appearance is so no sign, but their powerful strength is unquestionable.

"Huh!"

As soon as these beasts appeared, they launched an attack without stopping. From the mouth of each beast, they spurted a powerful ray of light. These rays have different colors, but all have one thing in common, that is, the power is powerful!

"Boom! Boom! Boom!"

It's just a blink of an eye, but Ye Xuan is already in danger.

That powerful attack force, Ye Xuan had to dodge.

Because Ye Xuan is very clear in his heart, afraid of any attack, it is enough to have his life!

At the same time, in front of Ye Xuan, there is a yellow light zone. What is strange is that the attacks of the beasts do not enter the yellow area!

Ye Xuan was slightly shocked, and then fell into doubt.

How is this going?

If those beasts are going to attack themselves, why would they not attack within the yellow area?

If it is not an attack, then, such a strong light, is not to show Ye Xuan?

what happened?

For a time, Ye Xuan had some reaction.

"System, detect the situation here, here, what is special?"

Helpless, Ye Xuan had to ask the system.

"Hey, the system prompts, the host please note that the current conditions are not enough, the system can not be judged!"

Not enough conditions?

Ye Xuan slightly frowns, if the system, Ye Xuan also understands what it means. Simply put, Ye Xuan does not provide any valid data to the system at all, so the system has no way to judge.

Now that the system is not counting on it, then, who can Ye Xuan expect?

It seems that this can be tested, only Ye Xuan can carry on himself.

However, how should this be handled?

The powerful attack made Ye Xuan very clear that he could not afford to compete positively. He could not always be trapped here.

.....

Suddenly, Ye Xuan brows a pick, because he found some special places, that is, the attack of these beasts seems to be fixed, and, although countless gods attack, it always leaves a little gap.

Can it be said that this time the test is to test the ability to dodge?

Ye Xuan is unbelievable. After all, if it is such a test, then it is too simple!

However, now Ye Xuan can't find any other reasonable explanations, so Ye Xuan can only proceed according to his own ideas.

Of course, is it really simple for Ye Xuan to think?

Really this test of the ability to dodge, as Ye Xuan thought, just that easy?

This is the test of the two temples together, even if it is only the first level, but it must not be described with simple two words!

After a moment of waiting for a moment, Ye Xuan finally prepared to try it according to his own ideas.

I saw Ye Xuan figure moving and quickly rushed out.

In the beginning, it was indeed like Ye Xuan thought that he only had to dodge from the gaps in which attacks, and indeed, it seems that the test of this level is not difficult!

However, as Ye Xuan continued, I realized that the difficulty is behind!

At the sight of the end of the sky, as Ye Xuan moved forward, there were constant beasts and attacks.

At this time, Ye Xuan finally saw clearly, it turned out that this so-called beast is also a virtual shadow.

Don't look at their seemingly lifelike appearances, but it's really just the law of energy construction.

The powerful beasts of the beasts appear constantly, and when they appear, they will launch violent attacks, and they will always appear when Ye Xuan arrives at the right place.

As a result, the time of dodge and reflection left to Ye Xuan is actually very rare.

Chapter 2424: The new use of the gods

Moreover, the initial attack was only fixed, but it was attacked later, but it was mobile.

In other words, Ye Xuan must find the appropriate dodge route in the shortest time, and then run toward the front at the fastest speed.

After all, whether it is not finding the right route, or moving a little slower, Ye Xuan will suffer a violent attack.

That attack is fatal!

Ye Xuan's figure is constantly dodging, but fortunately, because there are two-dimensional rules, Ye Xuan only needs to dodge left and right, without paying attention to height.

However, this dodge is not so simple, and sometimes, Ye Xuan needs to adjust the body more than ten times in the blink of an eye to avoid the attack one after another.

.....

Suddenly, when Ye Xuan was preparing to escape the attack again, a fierce pressure came directly to Ye Xuan.

There was no sign of the pressure, although the pressure was not too strong, but because it was a sudden outburst, it also made Ye Xuan suffer a small loss, even let Ye Xuan body can not help but slightly retreat A little bit.

It's just a little bit of distance, and let Ye Xuan almost fall down!

Because of that little distance, it was a violent attack.

Fortunately, Ye Xuan responded promptly and stabilized the figure. Otherwise, even if he did not die, he would be hit hard.

It was hit **** this road to heaven, and the consequences can be imagined.

At that moment, Ye Xuan was even shocked by a cold sweat.

In a short while, Ye Xuan actually passed away with death!

How dangerous is this?

However, Ye Xuan has to continue to move forward.

Because, every time he goes further, he will disappear a distance behind him. That feeling, even if Ye Xuan is just in the same place, not Ye Xuan is moving, this is the road to the sky is always close to Ye Xuan.

Ye Xuan played a spirit of 120,000 points, and there is still a little bit of laxness. This is something related to Ye Xuan's life, and it is not a joke.

Go all the way.

It can even be said to be a desperate advancement, because you don't know how far it is before.

That way through the sky, as if there is no end at all.

The pressure that erupts from time to time is like reminding Ye Xuan, always pay attention to it, always be vigilant.

These pressures, there are no signs, but as long as Ye Xuan is a little careless, then waiting for Ye Xuan, I am afraid it is not that simple.

Go forward and move forward!

Endless, endless!

Ye Xuan has no idea how much time he has moved forward and he does not know how many attacks he has escaped.

What is ten days? Or is it twenty days?

But finally, Ye Xuan has gone through this horrible road to heaven.

No, maybe, it's not going to go through, at most, only through the first distance.

At this time, Ye Xuan's foot appeared in a yellow area at a time. This yellow area made Ye Xuan understand that he was temporarily safe and could take a break.

Suddenly, a ray of light fell in the sky.

In the light, the package is a huge stone sculpture.

The sculpture seems to be a strange existence of a half man and a half beast.

The sculpture was made to life. Of course, Ye Xuan would not care about the sculpture itself, but the things in the sculpture.

It was a bottle and I didn't know what it was made of.

In the bottle, you can clearly see a ray of light.

Just a glance, Ye Xuan has already seen what the light represents!

"Complete Godhead!"

Among the bottles, it turned out to be a complete godhead!

"System, what is that?"

Ye Xuan subconsciously asked the system.

"Hey, the system prompts, specifies the target, first-class deity!"

What do you mean?

First-class godhead?

God is still not graded?

Isn't the godhead a godhead?

At most, is it because the realm is different, but what is the difference? Why, what kind of godhead will come out?

Ye Xuan was very surprised and couldn't help but continue to ask the system: "System, what is this godhead? What is it used for?"

"Hey, the system suggests that the godhead represents the potential of a person. The stronger the godhead is, the higher the potential of this person."

God's potential represented by God?

This is the first time Ye Xuan has heard this.

Ye Xuan has been in this world for so long, but I have never heard of the difference between the gods, so at this time Ye Xuan is completely lost.

Fortunately, the system prompts are not over, just when Ye Xuan is confused, the system prompts continue to sound.

"Hey, the system prompts, the host should pay attention to the level of the godhead, similar to the former title, but the former crown title increases the host's combat power, while the godhead level increases the host potential!"

Hearing the answer from the system, Ye Xuan has a simple understanding of the use of the godhead, but this does not mean that Ye Xuan has solved all doubts.

"System, but why didn't I know this before, and even if the godhead has such use, why is there no one at all to play the idea of someone else?"

"Hey, the system prompts, the host should pay attention to the division of the gods, from the ancient times and the broken inheritance, and only the ancient mysteries and other places, there may be some records. And to seize the others to strengthen their own godhead, only in the highest The gods exist!"

The systematic answer makes the doubts in Ye Xuan's heart get answers. It is not that no one knows the level of the godhead now. It can be said that the level of the godhead has always been divided there, but ordinary people simply cannot know.

Or to put it simply, in the mainland of the gods, there has been no speech of the division of the gods, because the inheritance is broken, and only in which secrets, you can know the division of some gods, for example, now one Second secret.

After all, this second secret, strictly speaking, is an ancient mystery.

Therefore, in this second secret, it is normal to know something about the level of Godhead.

At this point, Ye Xuan's heart had a feeling of fortunateness.

After all, Ye Xuan also knows this news in advance.

You must know that since this godhead has a hierarchical classification, now, on this road to heaven, there is such a godhead as a reward, then obviously, the godhead can also be used to strengthen one's godhead!

If Ye Xuan didn't know this, he was afraid that it was one day, and he was not aware of his own godhead. Moreover, even if he got the godhead, he did not know how to use it.

This time Ye Xuan is lucky, but it is not good.

Because, Ye Xuan finally knows the cruelty of the realm of the gods. It turns out that in the ancient world, the gods were more weak than the current realm of the gods. Even the gods would be stripped as a means of strengthening themselves, let alone other things. It is.

Chapter 2425: Facial soul sorcerer

Of course, there are still a lot of things that Ye Xuan doesn't know, and there are still many more things that are more horrible than stripping the gods. However, Ye Xuan has not been in contact yet.

"System, what is the use of this godhead?"

Ye Xuan asked the system, since this godhead is rewarded to himself, it means that this must be something that can strengthen oneself.

"Hey, the system prompts, the host should pay attention, absorb the undivided godhead, you can strengthen your own godhead!"

"Hey, the system prompts, if you want to get the godless godhead, then you can force the enemy to be slain, and before the enemy's godhead is not broken, forcibly strip the enemy's will, thus retaining the complete deity!"

"Hey, the system prompts, the gods stripper is a special occupation in ancient times, but it has now been lost!"

Lost it?

Ye Xuan slightly frowned, he did not know, the system said that the loss of the biography, is to represent the entire world of the gods, or just to say the continent of the gods, if it is said that the continent of the gods, then, in which ancient and mysterious secrets, Will there be such a person?

Ye Xuan even just think about it, he feels terrible, forcibly stripping away a person's idea, what kind of feeling is that!

Before Ye Xuan knew that the result of the broken godhead is a life-threatening, even when fighting, it is to break the other god's **** as the most effective means of attack.

But now, the system tells Ye Xuan that the original godhead can also be destroyed without being destroyed.

And, once it is stripped out, it can be used as a means of cultivation.

It turned out that in order to cultivate, it is really useless, and I don't know how many means are waiting for Ye Xuan to discover it. Of course, it may be even more terrifying.

Ye Xuan hesitated for a moment, and eventually absorbed the godhead directly. Others did not say it, but Ye Xuan can be sure that this one godhead is probably left by a strong man millions of years ago.

Perhaps, that person was once a strong, but who can think of it, after millions of years, it has become a reward for Ye Xuan!

Absorbing the godhead, Ye Xuan did not have any unusual findings, and the strength did not improve.

This kind of potential is not something that can be seen and touched at all. It can only be used when it is needed.

Then, Ye Xuan was not delaying, and went straight ahead. After all, no one knows how many trials are waiting for Ye Xuan. It is not a way to stay in place!

Step by step, I thought I would have another test, but Ye Xuan found that there was nothing.

For a while, Ye Xuan also relaxed some.

However, just as Ye Xuan was most relaxed, an attack suddenly arrived!

"boom!"

The power of violent, in the twinkling of an eye will fly out!

Also lost to the gods armor has been on Ye Xuan's body, so offset some of the attack!

But this time the attack, even the system did not have time to get an early warning, how fast the speed is visible.

At the same time, in front of the Tongtian Road, there was a white figure.

"It's weak!"

The white figure spoke up. This is the first thing that Ye Xuan can hear since he entered the second secret!

thing?

Yes, he is not a human, not a beast, it is an institution!

Yan Yexuan has seen a lot, but for this institution, Ye Xuan has to sigh, it is really a skill!

This is only made with the most common **** wood, but it is so delicate, even every hair is as lifelike!

"You are the person who came to the assessment. I have been waiting for you for a long time. However, I did not expect that you are so weak. Go back, you have no chance to pass my assessment!"

He spoke openly, but the meaning of the words, Ye Xuan is not happy.

Unexpectedly, Ye Xuan was actually despised by a sly!

What is it, it is simply a thing that man made, even if he is vivid, after all, he is something without a soul.

But Ye Xuan is now being despised by a beggar!

Said Ye Xuan heart can be better?

That is simply a lie!

"System, give me the power to detect this guy!"

Ye Xuan was angry and asked directly to the system.

"Hey, the system prompts, specifies the target, no realm!"

No realm?

Ye Xuan has a slight glimpse. How many meanings does this have?

Without realm, can you push Ye Xuan back?

Ye Xuan never believes, but the system does not lie at all, then obviously the problem lies on that.

Here, what seems to be a special means.

Ye Xuan's brow wrinkled, paused a little, and ignored the embarrassment. Instead, he pulled out the sword and rushed out.

This time, Ye Xuan did not use Megatron. After all, if he couldn't even pick up a shackle, and he couldn't pick up a realm, then it would be a bit unreasonable.

"Give me to die!"

Ye Xuan suddenly slammed his sword.

Powerful power, let this windy road, even a whirlwind.

Unfortunately, there is no use.

That 傀儡 ignoring the attack of Ye Xuan!

The unsettled scorpion sword, for the first time, encountered something that could not be broken.

Ye Xuan's fierce sword, but only left a white trace on the scorpion!

"It's hard! This thing, what exactly is it done, is it really just ordinary **** wood? Impossible, how can ordinary **** wood be so hard?"

Ye Xuan seems to be talking to himself.

However, while Ye Xuan spoke, the singer also spoke.

"Oh, it's just a little guy who doesn't even break through the realm of God. No wonder it's so weak, little guy, this is not where you can come, you can go back soon!"

Once again despised, Ye Xuan was once again despised by a beggar!

Damn it!

Ye Xuan is very angry, go back, if he can go back just fine!

Now Ye Xuan has no choice, there is no choice, either war, all the way through, or, sleep here!

"Megatron, the magic weapon form, give me a attack!"

"Thousand beast swordsman, flower **** sword waiter, kill me!"

In a flash, Ye Xuan directly waved his strongest attack.

Because Ye Xuan's heart is very clear, this embarrassment is not so good.

Of course, while releasing the swordsman and Megatron, Ye Xuan himself used other means, the law!

Yes, Ye Xuan got a number of methods, and now, Ye Xuan has to use the usage attack!

"I am free, proud of China, Tianyu sky, swords and souls!"

"Looking at the soul of the sword, give me out!"

Soul Eater, once a strong man, because of his sword, every attack, with the power of the enemy!

Chapter 2426: Thousand beast swordsman promotion

At this moment, Ye Xuan directly used the law of the soul-souling god!

In a flash, there was a huge aperture around Ye Xuan's body.

At the same time as the Soul of the Soul Sword, it seems that it is a huge virtual shadow that surrounds Ye Xuan. This time, the law is in vitro.

Because Ye Xuan's heart is very clear, the soul-souling sword is different from other laws. This stuff, not to mention the enemy, even Ye Xuan's own soul, will be affected.

Why do you choose to use the Soul Soul?

Because according to Ye Xuan's analysis, this embarrassment, I am afraid that there is already a soul!

The biggest difference between ape and a person is that there is no soul.

And people have souls, and other creatures have souls.

However, there is no such thing.

Therefore, 傀儡 will only perform certain tasks according to the owner's wishes.

But now, in this mystery, there is no longer a living person, but this is doing the task, but also made his own judgment, I feel that Ye Xuan's strength is not good, let Ye Xuan leave, obviously, this 傀儡 has a soul. Of course, there are a few souls, Ye Xuan does not know.

But Ye Xuan will not care about this at all. Just know that this has a soul, then just say it.

It can be said that in the face of such a powerful embarrassment, from the soul as an attack point, it is the best of Ye Xuan, it is also the only chance.

The soul of the soul-souling god, restraining the soul, so, Ye Xuan used the soul-souling god!

"kill!"

Ye Xuan suddenly shot a sword, this attack, the surface looks, it seems that there is not much difference.

But this time, it was obviously scared, and I didn't dare to avoid it when I attacked Ye Xuan in front, but I avoided it directly.

"You, what is your means, why, why do I feel so scared!"

After a move, I had already jumped off, but I asked strangely about Ye Xuan.

"Little things, you are not qualified to participate in the trial, give me a flash!"

Before Ye Xuan had not answered the question, the Thousand Beasts waited for the sword, and took the attack with the god-level mount and the flower flower god.

But it did not cause such a vigilant, but instead waved, a violent force, even those god-level mounts and flowers, together with the thousands of beasts and the flower **** swordsman directly sweep!

There is no resistance, a powerful god-level mount, in front of this, there is no ability to resist.

And then, it seems that I did not find out how powerful I was to bring Ye Xuan. At this time, I still looked at Ye Xuan with two eyes flashing. Obviously, I was waiting for Ye Xuan's answer!

Horrible!

This guy, what exactly is it, how can it be so powerful.

How to do?

It seems that all the means of Ye Xuan did not use any use for this embarrassment. Ye Xuan even did not need to start, he already knew that he could not defeat this embarrassment!

However, not defeating this embarrassment means that Ye Xuan can't move on. The only result is that there is only one, that is, trapped here.

How to do?

Ye Xuan thought quickly in his heart.

Feel the power of the soul of the soul-souling **** on his body. Suddenly, Ye Xuan's heart moved, and his face even leaked a ecstatic look.

Perhaps this is not a test of Ye Xuan at all, but a reward for Ye Xuan!

Regardless of the thousands of beasts, the flower **** sword waiter!

In fact, Ye Xuan has already discovered that they have not been able to keep up with Ye Xuan's footsteps. At least, before they can be strengthened, they can't keep up with Ye Xuan's current footsteps!

Then, the best way to solve this problem is to strengthen the swordsman!

There are many ways to strengthen the thousands of beasts.

However, why must we strengthen the thousands of beasts themselves?

If the soul above this cockroach is wiped out, isn't it possible to let the thousand beast swordsman occupy the sly body?

If it succeeds, how much can the strength of the thousand-handed swordsman be improved?

It can be said that it has been improved by more than ten million!

How does this make Ye Xuan not ecstasy?

Although I don't know what it is made of, this thing, at least, Ye Xuan knows that the material of his body is extremely special and extremely powerful!

The Soul Eater has a special magical power called Soul Battle!

The soul is supernatural, the name is simple, and the meaning is very simple. Let the souls of the two specified targets fight each other.

This is a means used by the Soul Eater to deal with the enemy, and the enemy can often get rid of such control. It is natural to know that once the enemy sees it, it is impossible to fight.

However, Ye Xuan now has a new usage. He wants to fight the soul of the thousands of beasts and the soul of the scorpion, and let the thousands of beasts take the scorpion!

At this moment, Ye Xuan still has a half-minute depression, and there is only ecstasy in his heart!

Even Ye Xuan's heart is even more like: "When you get the treasure, this time, but you have a treasure!"

Isn't it, Ye Xuan this time, it is definitely a treasure!

Once the thousands of beasts have succeeded, it can be said that it is better than the upgrade several times!

Not hesitating, Ye Xuan naturally knows that the thousand beast swordsman will never violate himself, and he is absolutely very happy to be afraid of being a thousand beasts.

This time, Ye Xuan gambled!

Anyway, even if it fails, Ye Xuan will not have more losses. After all, if it fails, it is very likely that Ye Xuan will be trapped here and do not know how long!

"Thousand beasts, wait, no!"

And Ye Xuan mouth hangs a smile, asked faintly.

Thousand beast swordsman nodded, he naturally understood Ye Xuan's thoughts.

Everything is ready, then Ye Xuan will not stop.

"The soul of the soul, the shackles of the scorpion, the reincarnation, the turn can not be broken!"

Ye Xuan sighed and launched an attack!

I don't know what kind of ecstasy of this soul-souling **** is, and I have to sneak a sigh, but Ye Xuan will not care about it. After all, now Ye Xuan is the most important thing, waiting for the result of the battle.

.

Accompanied by Ye Xuan's tactics, the thousands of beasts and the scorpion were at the same time a stiff body, motionless.

Obviously, the two are fighting the soul.

Such a battle, what is it, Ye Xuan can not see, so, Ye Xuan can only wait silently.

One hour, another hour!

Day after day, Ye Xuan did not care about how long it had been, but finally, the result came out!

Thousands of beasts and swordsmen suddenly slammed into the ground, and the cockroaches, but they moved their bodies and stood up!

Could it be said that the thousand beast swordsman failed?

Ye Xuan was shocked. However, the system did not prompt the death of the thousands of beasts, so Ye Xuan did not give up, but stared at it.

Suddenly, it was moved, and I rushed straight toward Ye Xuan!

"See the owner!"

In a flash, Ye Xuan ecstasy!

Chapter 2427: Weird eyes

He succeeded, he really succeeded!

In such a way, I defeated that scorpion, and I also found a new body for the thousand beast swordsman!

"Hey, the system prompts, the host please note that the thousand beast swordsman has evolved into a **** wood sword waiter because of the special chance. The original ability of the thousand beast swordsman has disappeared completely, and the exclusive ability of the **** wood sword waiter, unlimited defense, infinite growth, unlimited resurrection !"

Unlimited defense: Shenmu Swordsman can expand or shrink all his defenses according to his own wishes. However, as the defense area is larger, the defense is weaker.

Unlimited growth: Shenmu Swordsman is a god, so you can cultivate by yourself, but the speed is very slow!

Infinite Resurrection: Shenmu Swordsman has the special ability of dead wood and spring, even if it is completely dead, as long as there is a little body on the body, it can be revived instantly!

Lying in the trough!

Ye Xuan couldn't help but swear, this **** wood sword waiter, seems to be stronger than the previous thousand beast swordsman, especially the defensive power, although it seems that these three skills are like that, but, actually, the leaves Xuan is very clear about how abnormal these three abilities are.

You can control the scope of defense according to your wishes. This is not the same as letting Ye Xuan have a map defense. The key point is that if the defense is broken, it can be restored immediately!

Of course, after the recovery, I am afraid that it will be weaker in a short time. However, how powerful is the defensive power of this Shenmu sword servant, Ye Xuan has personally experienced it, even the sword is hard to hurt, is this? The defense is not strong enough!

Moreover, this guy is also able to cultivate and evolve independently. Although it is slower, there is a little hope for it.

After Ye Xuan, I said that I can't get the chance to improve the speed of the promotion of Shenmu Swordsman!

So to say this, can't you prove that this Shenmu sword waiter is not powerful?

Of course, it is a pity that the ability before the thousands of beasts has disappeared.

However, compared to the new ability acquired, the ability to disappear, Ye Xuan has not cared.

Anyway, the god-level mount did not disappear, but returned to the hands of Ye Xuan, counted, the thousand beast swordsman, in fact, did not lose much ability.

At this time, Ye Xuan was very surprised, but he had to move on.

After all, Ye Xuan can't always be trapped here.

The next road, there is no obstacle at all, then, that is, the only means here.

Ye Xuan's customs clearance method may be suspected of cheating, but after all, as long as it can pass, no matter what method is used, there is nothing worth paying attention to.

Here, Ye Xuan once again won a first-class deity, of course, Ye Xuan also absorbed.

Who knows, can you still meet the full godhead in the future?

The current battles are all aimed at breaking the other person's deity, letting the other party completely degenerate as the goal, stripping the godhead, seemingly the godland continent, and there is no such means.

So for Ye Xuan, such a complete deity, not absorbed is a waste!

After two passes, Ye Xuan's mood has eased a lot. It seems that the assessment of these two temples is ultimately to strengthen Ye Xuan.

It is a pity that the assessments set by the two major temples seem to be too advanced. Perhaps they did not think that the people who came in with a full-rule constitution were actually a guy who did not break through the realm of God.

Perhaps, at the beginning, they were positioned to, in what they say, to reach the level of the highest God, to be able to enter here.

Of course, no matter what the thoughts of the two temples were, Ye Xuan at this time has no way of knowing that the choice he can make is to keep moving forward. Only by constantly moving forward, Ye Xuan has the opportunity to leave.

The road to the sky seems to have no end at all.

But when Ye Xuan went to the next safe area, it was still shocked by the next test.

It was an eye, a huge incomparable eye.

The eyes are all over the space, as if overlooking the world, just a glance, Ye Xuan has a feeling that the heart has been suppressed.

Weird eyes, powerful power, is this the third test!

Moreover, this eye is not actually existed at all, but is composed of the power of law.

The black eyelids represent the three laws of the Dark Temple.

The white eye is composed of the three laws of the natural temple.

The eyelids are the law of chaos!

It seems that the law of chaos wants to repair the eye that consists of the power of the six laws. It seems that the eyes of the six powers are trying to break through the shackles of chaos.

Of course, the most strange thing is that the eye, as if one is staring at Ye Xuan!

What is the assessment of this level?

Ye Xuan's heart was puzzled. At this time, he did not suffer any attack and did not feel any difference.

Ye Xuan stepped forward toward the front, and there was no such thing as an abnormality. However, the one eye in the sky made Ye Xuan understand that he was undergoing assessment!

However, this assessment is not the existence that Ye Xuan understands.

Watched by such a huge eye, even Ye Xuan, there is a feeling of creepy hair.

After all, this is the eye that occupies the entire sky!

Moving on, Ye Xuan can't do anything else except to move on.

Suddenly, Ye Xuan felt that his body was loose.

In fact, there is no power to suppress Ye Xuan, but indeed, Ye Xuan feels a loose body.

It is the power of the two-dimensional rule!

The power of the two-dimensional rule has disappeared!

Sure enough, Ye Xuan moved to the sky.

However, the power of the two-dimensional rule disappeared, and the huge eyes in the sky were still there, so Ye Xuan did not dare to fly too high!

Because Ye Xuan can fly a height of one inch to the sky, you can feel the pressure increase by one point!

Xia Ran, that huge eyes, not just to see!

What is the test of this level?

At this time, Ye Xuan's heart could not help but guess, but, after all, there was nothing that happened, Ye Xuan could never know.

Suddenly, the eye in the sky projected a light and covered Ye Xuan directly.

There is no system prompt to ring, let Ye Xuan understand that this light is not harmful to Ye Xuan, but this does not mean that Ye Xuan is not confused, Ye Xuan stopped, he would have to look at it, then what will happen next what happened!

"boom!"

"boom!"

"boom!"

Six loud bangs, accompanied by six rays of light falling directly from the sky, are also emitted from the eyes.

six people!

This time, it is not a jealousy, but a real six figures.

These six figures, do not know how many years of sleep, at this time, they descend from the sky, but still maintain a sleeping position.

Chapter 2428: Original source

Ye Xuan's brows are wrinkled. The current situation has already exceeded his imagination. What will happen next? Ye Xuan has no way of knowing that these six people are enemies and friends?

Suddenly, one of them opened his eyes. Then, six people opened their eyes. However, the six people did not have any movements. After opening their eyes, they looked at Ye Xuan.

"You are the chosen person?"

One of them spoke to Ye Xuan.

A powerful force broke out on his body, letting Ye Xuan know that this person is definitely a super strong.

"Yes, I am the chosen person!"

Although Ye Xuan does not know who these people are, but Ye Xuan does not dare to hide.

I heard Ye Xuan's answer, and the six people gathered their eyes on Ye Xuan's body and looked up and down.

"Qualification is average!"

"Strong strength!"

"Blood!"

"The magic weapon is useless!"

"The rule is still fine!"

.....

Six people, you said a word, I turned out that Ye Xuan's low is nothing!

Ye Xuan couldn't put a mouth at all, because the six people didn't pay attention to Ye Xuan.

"Forget it, I don't have much time left, there is no room for choice, or join him to go there!"

Among the six, one said faintly.

where to?

Where are you going?

Ye Xuan could not help but wonder.

However, it seems that he has no say at the moment.

"It's too early to send him there, with his strength, I'm afraid it's hard to get out of there or out!"

"So, what do you think, at this time, what opportunities do we have? We have only one place to go there, and for millions of years, only one of them is suitable for inheriting my two temples. The little guys, we, have time to go on for millions of years?"

"Yeah, we have no choice, but we might as well let him go to the lowest level first. I remember that each of us has a chance to transfer in one hand. It is better to give him a six- chance opportunity. Where can he go? Just look at his own creation, what do you say?"

"Well, I can see, afraid of it, this is the only choice!"

Ye Xuan wants to ask, what are they talking about, and where to send themselves.

Unfortunately, even if Ye Xuan asked, it was also a question.

Suddenly, a dragon tattoo ring appeared on Ye Xuan's finger. Without warning, it appeared directly. At the same time, Ye Xuan's figure was not controlled by himself. The eye toward the sky. Fly over!

"What do you want to do to me!"

At the moment, Ye Xuan also refused to care so much, and said loudly to the six people.

Unfortunately, there is no use at all. The six people are still talking to themselves, and they simply do not care about Ye Xuan.

"Go, go there and exercise hard. Remember, you only have six chances to get there. It is your luck and the only chance for my two temples to fall or become stronger. Let me grasp it!"

Accompanied by this voice, Ye Xuan entered the eye, and then, the powerful law force directly launched, in a flash, Ye Xuan's figure has disappeared!

When Ye Xuan wakes up again, he already knows where he is, the realm!

The precinct is a special place, saying that he exists, but as long as the strength is not achieved, and the opportunity is not, it is difficult to know that it is difficult to know.

The precinct is another place that does not exist, because he does not exist in any corner of the realm. Here, it can be regarded as a secret, but it is not a secret.

Legend has it that the realm is the birthplace of the law. If you can enter here, it must be the most powerful genius of the gods, the most powerful force.

Nobody knows where the boundaries are, but those who know are always eager to look forward to.

As the birthplace of the law, there are countless adventures and opportunities.

But at this time, Ye Xuan refers to the place, but only the boundary, the lowest level, the most inferior existence.

The boundary is like a tall tower. However, each layer is an infinite continent. Even each layer is bigger than the gods.

Because this domain has its own peculiar laws, that is unlimited reproduction!

Because of the existence of this law, it is impossible for any one to reach his end, because every step forward, the law of infinite reproduction will expand this continent.

This is not what human power can make, but the mysterious law is born out of nature.

Of course, the domain may use another name to let the people of the realm know where it is.

"The source of the secret!"

There are many other names in the precinct, the origin of the source, the land of the ancestor, the original chaos, the initial point!

The names of the waiters are different, the races are different, the inheritance is different, the names are different, but the original secrets are the most widely used.

To be precise, this domain is actually the ultimate inheritance of the gods, from the beginning of the ancient times, then medieval, ancient, antiquity! Every time, this special source of mystery has always existed.

Perhaps other mysteries will disappear, but the original secrets will not disappear at all.

Of course, the source of the mysterious world is vast, up to 999 floors. It can be said that no one can go out normally from inside.

There are only three ways to get out of the source of the secret, the first one, encounter the random portal that does not know how many years will appear, and then be transmitted to an unknown place!

The second one is the special departure method that the major forces have mastered. For example, the two temples give Ye Xuan the opportunity to leave six times.

The third way, that is, become the master of the first layer! Get the right to use the source palace!

In each of the layers, there is a palace of origin. Inside the palace, there is a portal that moves out of the portal of the original source. Therefore, as the master of the original palace, you can have the opportunity to enter and exit the source.

Of course, the so-called originator is to be the most powerful existence of this layer.

When Ye Xuan opened his eyes, he saw a city, a powerful city.

Because in this city, it can be said that the super-existence of the gods is full of streets. As for the little **** of Ye Xuan, it is really an alternative.

"Hey, you guy, how do you push the realm so low?"

Suddenly, behind Ye Xuan, a strange stranger asked Ye Xuan.

Ye Xuan turned and could not see his cultivation.

"System, detect the strength of this person!"

"Hey, the system prompts, the host realm is not enough to view!"

Unable to view! Doesn't that mean that the strength of this person is too much beyond Ye Xuan!

God, what kind of place is this, why, why, in the outside world, can become a powerful presence of the **** of the Lord, but here is full of streets!

Chapter 2429: Yojin Shrine

Such a horrible place, Ye Xuan did not know before!

At this time, Ye Xuan felt that he was so weak. He wanted to say that he was not suppressing himself, but his own cultivation was only the king of God!

Unfortunately, Ye Xuan did not dare to say that after all, the king of God, here, is simply an alternative.

"Oh, isn't that realm, what's so good."

Ye Xuanqiang pressed the horror of his heart and said to the man faintly.

Who knows that the person even smiled a little, then said: "Also, what is the first layer of this? It is basically to enter the source of the secret, how can there be so much attention, it is estimated that everyone is half a catty, can break through the supreme **** The situation is not bad."

"Right, brother, my name is the floor, even the chain of secrets, you, you and even that secret?"

Ye Xuan brows slightly wrinkled, he can not easily answer, but these people are from a certain secret situation? Is it not from the mainland of the gods?

"The chain of wonders, where is this, how can I not know?"

Ye Xuan transferred the topic to ask questions.

"Oh, you don't know that you are also working. We are a chain of secrets, but it is a very weak one in the Alliance of Secrets of the Ancients. This time, our entire mystery has only got three places to enter the original secret."

"Oh, since we have lost contact with the mainland of the gods, we, people who want to break through, can only come to the source of the secret!"

What do you mean?

Ye Xuan has some reactions, but the ancient legacy of the Alliance of Secrets?

What is this organization?

Also, what he said is losing contact with the mainland of the gods, what is going on?

Can it be said that these people are actually not from the mainland of the gods?

However, Ye Xuan turned to think about it, but he also understood that it was strange if they came from the mainland of the gods.

You must know that you can only be a **** in the world, but it is the **** of the Kunlun gods. If these people are outside, it is a mixture of Minmin and even beyond.

It is impossible to say that they are the gods of one of the gods!

If so, the calculation of the mainland of the gods is big, and it is not enough at all!

A Kunlun domain is the size of three million, and the land of one place is vast.

How big is the godland continent, and it is impossible to have hundreds of thousands of gods!

What's more, this is one of the 999 layers!

Moreover, this layer does not necessarily have such a city.

At this time, in the heart of Ye Xuan, in addition to the shock, there are some fears, because Ye Xuan suddenly found that it seems that he is here, nothing can be considered, and even the ability to defend half of the defense.

Don't look at Ye Xuan's means, but in this source, Ye Xuan found that his strength is simply not worth mentioning!

.....

"Well, is he really just a **** king? This is impossible. If you want to enter the source of the secret, you need at least the qualifications of the gods to qualify. How come he is such a kingdom? "

"It's weird!"

"Yes, there must be weirdness. There must be something special about this guy. Is it from the legendary mainland of the gods?"

After a few passers-by saw Ye Xuan, they watched a few eyes, but some people saw the true strength of Ye Xuan at a glance.

In an instant, Ye Xuan has become a place of great interest for everyone.

After all, a kingdom of a product in a district, appearing in the source of the secret, is really strange.

And that sentence, Ye Xuan comes from the legendary mainland of the gods, but it is the attention of everyone.

Ye Xuan helpless, he would like to say, it seems that here, and these people, should be described in the legend.

Unexpectedly, I became a legendary existence.

However, in the face of so many powerful existences, only the momentum that these people exude, has already made Ye Xuan unbearable.

This is not the momentum of one or two strong, but the pressure of numerous powerful forces!

However, fortunately, although these people have been talking about it, there is no real one who has actually tried Ye Xuan. Otherwise, it is afraid that Ye Xuan has no ability to resist.

Ye Xuan knows clearly that he can't stay here.

Since you have six opportunities to enter and leave here in your hands, it is perhaps the most sensible choice to leave now and improve your strength outside.

The mysterious source of mystery is not the strength of Ye Xuan now qualified to stay inside!

Ye Xuan carefully left the crowd, found an unmanned place, and directly launched the transmission.

These six transmissions are not the use of a transmission or other things, but only the direct transfer of Ye Xuan binding, so only need Ye Xuan idea to start the transmission and leave.

Perhaps in the eyes of other people, it is indeed a lot of time for God to advance to the emperor's realm. It may not be possible in the end of his life. However, Ye Xuan is not the same. Ye Xuan, who has the system, is far faster than others. a lot of.

Therefore, Ye Xuan dares to go out, of course, must also go out.

Only after the strength has been upgraded to the gods, Ye Xuan can qualify to enter here!

However, Ye Xuan only thought of the power of the original source, so he wanted to go out, but he forgot, how could the six strong people know where Ye Xuan came from, and they could not transfer Ye Xuan to it. Among the second secrets.

Therefore, when Ye Xuan was sent away, he suddenly found out that he once again came to a strange place.

Others don't say it, but Ye Xuan can know that this is not the Kunlun domain.

At this time, Ye Xuan is in the middle of ruins. Ye Xuan can see that in this ruin, perhaps a few years ago, it was considered a bustling place, but now, only the dead grass and the dead wood are broken!

Ye Xuan looked at the scene in front of him, although he wanted to know where it was, but it seems that the more important thing now is to be able to leave from here.

After all, it is an unknown place, so Ye Xuan still maintains a certain vigilance.

Just picking a direction, Ye Xuan flies straight ahead.

Some of the mountains flew past Ye Xuan's feet, but Ye Xuan found that it seems that there are still countless mountains under his feet.

Finally, Ye Xuan saw a building and did not hesitate to fall down directly, because Ye Xuan wanted to find other people, asked where it is, and how to return to the Kunlun domain.

However, when Ye Xuan landed, he suddenly found out that it was just a place where the beasts gathered!

"Who are you!"

At the same time as Ye Xuan fell, a strange beast came to Ye Xuan.

It's said that the strength of this beast is not weak.

Ye Xuan looked at the beast slightly, with a bit of fierceness in his eyes. After all, in the eyes of Ye Xuan, the beast is not so friendly.

Chapter 2430: Kill out

"Who are you?"

Ye Xuan asked coldly, and there was no fear of being overwhelmed by the other people.

"Bold! Maniac boy, dare to be unreasonable to adults!"

Another beast appeared in front of Ye Xuan, and the beast was shaped into a human being, pointing directly to Ye Xuan's nose.

First, it was despised by one, and then was suspicion by the strong ones in the secret of the source. Now, with the little beast, dare to point to Ye Xuan's nose and talk!

"Megatron, kill me this beast!"

Ye Xuan's brow slightly wrinkled and ordered directly.

In an instant, Megatron directly controlled the sword and rushed toward the beast!

"Hey!"

A sword runs through!

There is no suspense in the sword!

Because this beast can be transformed, but the strength is not very strong!

"Damn guy, you dare to kill!"

"No, he is a human race. He is a spy of the Kunlun domain!"

A beast saw the identity of Ye Xuan and shouted loudly!

When this human being came out, the surrounding beasts immediately rushed over, and Ye Xuan also gave a slight glimpse.

Actually speaking that he is a spy of the Kunlun domain, then obviously, this is not necessarily the Kunlun domain, but also a godland that does not agree with the Kunlun domain!

For now, the enemy of the Kunlun gods is not the demon **** domain, is it actually transmitted to the demon gods!

For a time, Ye Xuan was incomprehensible, but thinking of the speciality of the two great temples in the second secret, it seems that it is not impossible to send himself to the demon **** domain!

"Damn, take the spies!"

There was a beast and a scream, and in a flash, the whole beast of the hills had all rushed toward Ye Xuan.

Ye Xuan will not be polite, after all, the beast here is not yet able to threaten Ye Xuan.

"Megatron, the magic weapon form, kill me!"

"Shenmu Swordsman, it's time for you to shoot, kill me!"

Here is the demon **** domain, Ye Xuan does not kill the guys of these demon gods domain, then, they must spread the news out, at that time, afraid that Ye Xuan will face, is the pursuit of the entire demon **** domain!

The demon **** domain can compete with the Kunlun **** domain, then, once it is chased by the whole demon **** domain, the consequences can be imagined, if so, Ye Xuan must not escape!

The two sacred swords quickly rushed out, and in a flash, the wind and the rain continued, and the Shenmu swordsman was also unrelenting. The Shenmu swordsmanship was powerful and the attack power was not weak.

I saw the **** Wood sword waiter constantly waving, and every time I waved, there must be a beast turned into a blood fog, whether it is a shape or a body, there is no animal to resist the Shenmu sword!

Ye Xuan stood in the same place and looked around like a purgatory.

There is nothing in the heart that can't bear it. After all, these are the beasts, and they are the beasts of the demon gods.

Ye Xuan does not kill them, then they will kill Ye Xuan.

What's more, Ye Xuan has also heard that in the demon **** domain, the human race can be said to be like a slave, even the slaves are not counted, the human race is the delicious snack of these beasts!

Therefore, Ye Xuan naturally does not have any mercy on these beasts.

However, in a short while, the beast of this mountain has been killed by Ye Xuan!

However, the only thing that makes Ye Xuan a little depressed is that the news is still missing!

Ye Xuan's movements can't be said to be unpleasant, but the myths gathered here reach tens of thousands, so Ye Xuan has no time to kill!

In the end, there are still beasts sending out the news. Once the news goes out, Ye Xuan is very clear, what will he face next!

A man, and a war of the gods!

Ye Xuan wants to live, then only walk out of this demon **** domain!

However, Ye Xuan is not prepared to leave, because the fall is also in the demon **** domain, Ye Xuan will not give up looking for the fall.

Now that I have come to the demon **** domain, then Ye Xuan will not mind making a big noise!

"Devouring!"

Ye Xuan waved his hand, and the body of the tens of thousands of beasts was directly swallowed by Ye Xuan.

Although the strength of these beasts is general, it can't make Ye Xuan upgrade, but it is also a good way to deal with the traces of battle by means of engulfing.

.....

"Come out, I know you are hiding there!"

After doing everything, Ye Xuan said to a big tree casually.

Because Ye Xuan has already sensed the big tree, hiding a person!

To be precise, it is a beast.

"No, don't kill me, I haven't seen anything. I promise, I will never say anything, I beg you not to kill me."

Sure enough, when Ye Xuan saw the man's disguise, a half-human beast with a pig's head came out, and when he came out, he stumbled directly in front of Ye Xuan!

"Do you want to live?"

Ye Xuan asked faintly to the half-human and half-piggy beast.

"I want to live, I want to live, beg you not to kill me!"

The beast was flustered and fell in front of Ye Xuan, constantly licking his head.

"Well, if you want to live, just ask me what you answer, but hesitate, or conceal, then you can die!"

Ye Xuan looked at the beast and waited until the beast nodded. Ye Xuan continued to ask: "Where is this?"

"If you return to the adults, this is the territory of the Dragon King!"

"Dragon King? Who is Tianlong Wang, give me specific points."

"Yes, yes, when you return to the adults, this Dragon King is one of the eight great gods under the Lord of God. The Dark Lord will be a lord of his own, including our territory, and the surrounding world is his territory. ""

Lord? Ye Xuan is slightly wrong, but I think that this is the demon **** domain, not the Kunlun domain, there is no more thought.

After all, every divine has its own system and rules.

And this demon **** domain, the implementation of the system is divided, the lord of a district of the territory, afraid of this guy, but only a small role!

Subsequently, Ye Xuan asked a few questions, but unfortunately, this beast knows not much, and there is no help for Ye Xuan!

Therefore, Ye Xuan did not hesitate to kill him!

Tianlong Wang?

Perhaps, this Tianlong Wang can know more things, Ye Xuan did not hesitate, and went straight to the cave where the Dragon King was located that day.

Some of the strongest demon gods like to imitate the Kunlun domain and build huge cities to live. However, some still like to live in caves, mountains, and even the wild according to their original habits.

This day, the Dragon King lives in a cave.

The location is also very good looking, but it is a huge mountain.

Ye Xuan did not use it for too long, he already knew the mountain.
