Chapter 2431: Lord Tianlong Wang

After all, it is the place where the Dragon King lives, so there are many beasts here.

However, there are so many Ye Xuan there, the strength of these beasts is generally very general, even if it is the Dragon King that day, in fact, it is just the same as Ye Xuan, but it is only a superior **** kingdom!

Therefore, Ye Xuan will not be afraid of any beasts here.

.....

"Who are you, dare to rush to the top of the mountain, you know, this is the cave house of the Dragon King!"

A morphing beast saw Ye Xuan come over and directly stopped in front of Ye Xuan.

Ye Xuan casually glanced, it has been seen that this guy is just the third place to wait for the gods!

Of course, an inferior god, under the hands of this dragon king, fear is also considered a strong.

Unfortunately, he met Ye Xuan, so he was destined to die only!

Ye Xuan is too lazy to talk nonsense, the sacred sword directly flies out, a sword will kill the beast.

When Ye Xuan killed the beast, for a moment, the mountains were filled with vocal vocals, and a large group of beasts had already come out.

After the amount of the film, the Dragon King even rushed out.

"Who dares to make trouble in my place, can I find death?"

When the Dragon King came out, he shouted loudly.

Huge voices, constantly echoing in the valley.

Unfortunately, Ye Xuan did not care about him at all!

"System, detect the strength of this beast!"

"Hey, the system prompts, specifies the target, and the four products are in the kingdom!"

Four products waiting for the king of God?

Perhaps in this area, he can be called the king to dominate, but, met Ye Xuan, then, can only blame him for being unlucky.

Ye Xuan looked at the Dragon King that day and said faintly: "Give you two choices, first, listen to me, then, I can consider leaving you a life! This second, if not, then I will take it down. Your head!"

.....

Tianlong Wang looked at Ye Xuan, and his two eyes fluttered and flashed. He was also the lord of this film. Nowadays, some people dare to talk to him, especially when the Dragon King sees the identity of Ye Xuan, after the strength, it is even haha. Laughing.

"The Terran is actually a human race! And it is still a human race that is waiting for the king of God. It is hard to be done. You are the one who is the Terran Rebel Army. Haha, laugh at me, a bunch of ants, and also want to try to prevent Resistance, and, also arrogantly, calling yourself a god, a human race, isn't it that you are coming to give me a snack?"

Despise, this is the contempt of the fruit of the thorn, even if this is the Dragon King, I have already seen the cultivation of Ye Xuan, but there is no slight concern. In the eyes of the Dragon King, there is only infinite contempt.

It is true that the Terran of the demon gods is just a snack of these powerful beasts. Now, even if Ye Xuan has a masterpiece of the gods, but after all, the Tianlong King possesses the four kings and the gods. He can indeed be proud of himself.

Of course, the premise is that he is not encountering Ye Xuan!

Ye Xuan's mouth is slightly tilted, but he is too lazy to be nonsense, directly shot, and attacked the dragon king that day, because treating this guy, only let him know his strength, can understand what is obedient!

"Bold people, ants, find death!"

It is not the Tianlong King, but a strong man beside the Dragon King. This guy also has the cultivation of the Six Kings.

However, in the demon **** domain, the Terran has always been oppressed, it is impossible to get any cultivation resources, naturally, the magical magical powers do not have to think.

It can be said that apart from the very few people with big chances, other people have almost no decent magical powers, magical weapons, and even want to think about it.

This guy has enough confidence to kill Ye Xuan, because in his eyes, Ye Xuan is just a snack, a food, a human being that is not worth mentioning at all.

Unfortunately, Ye Xuan is Ye Xuan, not the people of the demon gods who have been oppressed for countless years.

"dead!"

Ye Xuan is just pointing at it.

In an instant, the power of the mysterious spirit was directly launched, and Ye Xuan used the six-character mantra.

The moment before, the arrogant beast was still in the air, and the next moment was killed on the spot.

"what!"

"How is this going!"

In a flash, the demon gods are very different. After all, they have never encountered this kind of situation. Even, they have never considered it. It is Ye Xuan who killed the **** of the middle god.

In the eyes of these beasts, almost all think that the human race is the most low-lying race, just their food, food can kill the master?

Such an idea, they may not have, so, for the sudden death of the middle **** king of the beast, these beasts do not know what is going on.

But then, they finally knew what it was.

Unfortunately, when they knew it, it was already late.

"Six-word mantra, destroy!"

Ye Xuan waved, the mysterious mysterious power was launched at a time, and this time, Ye Xuan launched the word!

Destroy the word, destroy the ethnic group!

This time, Ye Xuan is the anti-word that is launched against these beasts!

In an instant, countless beasts fell to the ground.

Then there was no warning to fall to the ground, and even death did not know how to die.

This time, there are thousands of beasts falling down, and death can no longer die!

"You, who are you!"

This time, even if it is a fool, it can be seen that Ye Xuan is weird. At the same time, he also understands the death of the **** in the middle of the king, which is Ye Xuan.

Although they don't know how Ye Xuan did it, it doesn't prevent them from judging that Ye Xuan is doing it!

"Damn, Terracotta, you are looking for death! Kill me for him!"

Seeing that Ye Xuan did not return, the Dragon King gave a command, and countless beasts flew directly toward Ye Xuan.

These beasts, even if they are lower than Ye Xuan, have no fear at all, because in their eyes, Ye Xuan is nothing but food.

Ye Xuan will be merciful?

impossible! Here is the demon **** domain, Ye Xuan can be said that a person is facing a **** domain, if it is under the mercy, then I am afraid that even if I die, I do not know.

Besides, these beasts of the demon gods don't see the human race as a life, but just as a food, killing them arbitrarily, then why should Ye Xuan care about them!

Ye Xuan only needs to treat them as resources that can be swallowed up.

"Megatron, the magic weapon form, one does not stay!"

At the same time as the beasts rushed over, Ye Xuan also issued an attack command.

In an instant, Megatron directly turned into a sword, and immediately controlled two scorpions to rush out.

Of course, Ye Xuan also moved.

"Never night field!"

In the blink of an eye, with Ye Xuan as the center, the black curtain began to fall, and countless beasts suddenly found that everything in front of them could not be seen, even if it was explored with God, it was useless!

Chapter 2432: Catch the dragon king

"Absolute zero!"

Ye Xuan's shot was unrelenting, absolutely zero, and he went to the past with a little stronger strength.

And once frozen, waiting for them, it will be the ruthless killing of Megatron!

One! Two! Three!

The beasts of the demon gods finally realized what it means to be horror and what is despair.

In front of Ye Xuan, they almost did not even have half a defense, only waiting to be killed!

At this time, there are beasts who can't help but think that they used to kill those people, not so!

It is just like now, except that at that time, they are watching the weak people struggle and then enjoy the feast.

Today, they are being hunted and killed by arbitrarily!

Perhaps they are still better, at least, do not have to endure the cruel words around, but the more silent, the more terrifying.

Except for the occasional screams of desperation before the death of the beast, there is no other voice.

The hills of space, only the screams echoed.

"Stop, you give me a hand!"

Tianlong Wang watched his people continue to be killed by Ye Xuan, and finally could not help but shouted loudly.

Unfortunately, Ye Xuan did not care what he meant.

Tianlong Wang was furious and attacked Ye Xuan. Unfortunately, it was useless. He didn't even need Ye Xuan's shot. It's just that Shenmu's swordsman has already made Tianlong's king in jeopardy. If Ye Xuan ordered not to kill him. I am afraid that Tianlong Wang does not know how many times he died!

"Do not kill me!"

"Help!"

"I don't want to die!"

"I beg you to spare me, I will not dare anymore!"

Countless voices echoed in the mountains, but they did not change Ye Xuan's kindness, no matter what evil they had done.

Or Ye Xuan will not let the beast here live alive for himself.

At this time, Megatron controlled two scorpions to keep flying on the periphery, and any beast that tried to escape would be ruthlessly killed by Megatron!

In the interior, Ye Xuan released the god-level mount, and the flower **** sword waiter, also constantly killing.

Because of the never-night field, these beasts that have long since seen nothing, only the fate waiting to be slaughtered.

The roar is getting smaller and smaller until it disappears completely.

The sound disappeared, and the representative of the beast here has been slaughtered.

Of course, there is one exception, that is, the Tianlong King who struggles with the Shenmu sword.

At this time, the Dragon King, where there is still a half-point fighting spirit, it can be said that he is now just trying to escape, and wants to escape this horrible Terran.

But he couldn't do it at all. In front of Ye Xuan, he had no chance to escape.

Finally, Ye Xuan came to the side of the Dragon King.

At this time, the Dragon King, where there is half the point before the arrogance, see Ye Xuan past, quickly fell to the front of Ye Xuan.

"Adults are forgiving, adults are forgiving!"

It is clear that there are four masters of the king of the king, but at this moment, the sky king only dared to fall to the ground and plead for mercy.

Ye Xuan's impression of Tianlong Wang is too deep and profound enough to keep him eternal!

That invincible gesture of slaughtering thousands of beasts, let this Tianlong Wang, where there is a half-rebellious mood.

"I am giving you a chance, choose it, is it obedient, or let me kill you, killing you anyway, other beasts, I will cherish this opportunity to live!"

"No, no, adults, I don't want to die, I don't want to die, as long as you let me go, let me do anything, I am willing."

Tianlong Wang said loudly, at this time, he only wants to live, and he will manage so much.

Ye Xuan nodded. In an instant, Shenmu Swordsman returned to Ye Xuan from the side of Tianlongwang.

However, the Dragon King did not dare to have a little bit of non-pointing and fleeing that day? He didn't even think about it.

Because Tianlong Wang sees it very well, Ye Xuan's power is not what he can compare.

Don't think that Ye Xuan's realm is lower than him. He thinks that Ye Xuan is weaker than him. In fact, just a Shenmu sword waiter is enough to make him not half resistant.

"Well, if you want to live, you will be obedient!"

Ye Xuan didn't care about this guy. If it wasn't for the use of this Dragon King, Ye Xuan wouldn't mind killing him!

"Devouring!"

With a wave of the hand, the body of the beast in the mountains and plains disappeared instantly!

"Hey, the system prompts, the host breaks through, the current realm, the second product and so on!"

Ye Xuan did not say the slightest, after all, Ye Xuan was clear, not even the gods, he did not even have the qualification to enter the source of the secret!

Ye Xuan kills these beasts, naturally it will not be wasted. Now Ye Xuan will seize any opportunity to enhance his strength.

With Tianlong Wang, Ye Xuan walked directly to the outside.

This demon **** domain, in the eyes of Ye Xuan, is also a good place, so many beasts can be killed by Ye Xuan, no doubt, can provide a lot of realm for Ye Xuan.

Quickly improve the realm and find the whereabouts of falling, this is the most important thing for Ye Xuan at present.

As for the rest, Ye Xuan is too lazy to think more.

.....

Just after Ye Xuan left with the Dragon King, there was a group of beasts here, but when I saw the blood of the horses and mountains, but I did not see any body, and any living thing, these people retired in horror. .

In the small scope of the demon **** domain, a message spread.

A powerful spy of the Kunlun gods is mixed into the demon **** domain, and the beast will kill, never stay alive!

Even a lord's territory has been killed!

Of course, there is another version, which is said that the people who have been seen as snacks by the beasts of the beasts have even emerged as a strong man, killing the beasts everywhere!

But no matter which news, it seems, it is enough to shock and panic people in the demon gods!

No one wants to face Ye Xuan's killing, but no one knows where Ye Xuan is.

Even a lot of insults and sacred beasts have organized a team to prepare to kill Ye Xuan.

Of course, there are also orders from the lord to release the leaves of Ye Xuan.

However, in the next few days, the average was abnormal, and people simply did not understand what Ye Xuan was going to do.

In fact, what Ye Xuan is doing now is really simple, that is, go to a genius training camp in the demon **** domain!

Like the Kunlun domain, the demon **** domain naturally has a similar academic existence.

However, in the demon **** domain, it is called Dongfu!

This is not the cave house that the Terran said, but the real cave!

What Ye Xuan is going to now is a place called Shuiyue Dongfu. This place has gathered a lot of geniuses of the demon gods.

Originally, Ye Xuan said that Wang Tianlong could provide Ye Xuan with a way to drop the whereabouts or leave the demon gods.

It is a pity that the Dragon King is just a small character in the demon **** domain. Therefore, I hope that the Dragon King simply cannot count on it. He knows too little.

It is useless to Ye Xuan.

However, in the genius of the demon **** domain, Ye Xuan believes that some useful news will be obtained.

Chapter 2433: eat human

In the Shuiyue Dongfu, after all, it is the place where the geniuses of the demon gods are concentrated. Therefore, all of them are fossilized creatures.

When Ye Xuan first arrived here, he even suspected that he had reached the Terran's territory. After all, all the cities and towns were all kinds of creatures.

But Ye Xuan is very clear. Here, it is not a Terran territory. After all, customs and customs are completely different.

At this time, Ye Xuan walked into a restaurant.

Like the Kunlun domain, many beasts do not have any influence without having to eat anything, but they are still used to eating something delicious.

Ye Xuan is ready to taste the special dishes of the demon **** domain.

"Small two, what special dishes do you have in your store?"

Ye Xuan asked the store Xiao Er.

The strength of this store's second child can also be, and already has the cultivation of the inferior gods. At this time, the store is very happy to look at Ye Xuan. After all, anyone who enters the restaurant and asks for special dishes is undoubtedly Strong, is the rich!

"Oh, this guest officer, you are really rushing, and today, a little new snacks, you are satisfied."

"Oh, let's talk about it, what's delicious."

Ye Xuan also came to the interest and asked the second child.

"Well, please look at the guest officer. This is a small snack from the distant snow. The taste is very delicious. Our chef specially chose Wannian Xuelian, a thousand years of ice, and nine thousand years. Shenshui Guiling Grass, has added ... and so on, the **** of the gods, the fresh human twins baby into the top of the sacrifice, refining seven seventy-four days, remove all impurities, and then use live fire Refining nine hundred and eighty-one days!"

"So, not only is it delicious, but even when you are eating, both babies are still alive!"

"Right, the guest officer is watching!"

That electric second-hand wave, but also a knife screen appeared in front of Ye Xuan, this time is not a baby, but thought that a beautiful girl!

"You see, this is a special ingredient made from the best girl of the human race. The main dish of the fairy banquet, the perfect fairy, you look at the skin of the Terran girl, how fresh, the meat is fresh, whether it is raw, Still cooked and eating, it is delicious!"

.....

Ye Xuan brows wrinkled, even two dishes, are using the human race as the main material, Ye Xuan hands clenched fists, the heart of the anger is unbearable.

However, Ye Xuan's heart is clear, after all, it is in the demon **** domain, so even if Ye Xuan's heart is angry, he can only dare to speak out.

"Since you have been met by me, it is a fate. I have only such a great strength. I can save one is one!"

Ye Xuan thought silently in his heart. Now, after all, he came to this Shuiyue Dongfu to have a purpose, so he is not good.

"This Terran beauty is good, there are those two babies, you should not bring him into the dish, bring me to see."

Ye Xuan said to the store's second child, trying to rescue the three.

When I heard Ye Xuan's words, the shop's second child first showed a strange look, but didn't think much about it, but it was a bit embarrassing to say: "This, the request of the guest officer is not the same as common sense, this is just two main dishes, the guest officer. How can there be such a request?"

In the eyes of this store's second child, Ye Xuan's request is indeed very strange. After all, normal people who have nothing to do before eating food look at the dishes look like?

The store's second thought was a turn, and then suddenly: "The guest is not afraid that this dish is not fresh enough. Although the guest is relieved, the dishes in this restaurant are all caught soon, and they are guaranteed to be fresh."

"Yes, isn't the two babies caught by you?"

Ye Xuan's face showed an unpleasant look. This is not a disguise. In fact, Ye Xuan's heart has already been angry.

"This, this, you are not a small kid, these two babies are indeed the new nephew of a human being caught in my store, but this is absolutely guaranteed to be fresh..."

"Enough, I said I want to see, that is to see!"

With a touch, Ye Xuan directly slaps a picture on the table, and an eight-element table made from the fine black iron **** wood is directly crushed by Ye Xuan.

When the shop Xiao Er saw Ye Xuan angry, where he dared to delay, he immediately said: "The guest officer is angry, the small immediately went to inform the kitchen!"

The younger ones don't hesitate to hesitate. After all, the people who come here to eat are not rich and rich, but here is the attached city of Shuiyue Dongfu. The young people here, no matter what the realm, but the background is very deep, it is not such a restaurant. Easily offended.

At this point, see Ye Xuan angry, where dare to delay.

Soon, the shop's second child walked in with two people. The two men were dragging a cage in their hands. The one in the cage was the girl, and the other cage was the two babies. .

"Hey, the system prompts, detects a special blood, the blood of the goddess!"

I did not expect that the girl had just come over and the system sounded a reminder.

This girl is still a special blood, but in this demon **** domain, I am afraid that no matter what blood is used, it is of no use. After all, the Terran is only the lowest food in the demon **** domain!

Ye Xuan mouth gently pick a question, directly to the shop Xiao Er asked: "These two dishes, what price?"

When I saw Ye Xuan asking about the price, the shop Xiao Er immediately smiled and said: "The returning officer, the two dishes only need 50,000 Lingshi, but the price is quite cheap. If the guest likes it, I can give it to the customer. 20% off the official, only need 40,000 Lingshi!"

Four thousand Lingshi?

A special blood, three lives, even worth only 40,000 Lingshi.

Ye Xuan's brows were wrinkled, but there was no way. With a wave of his hand, he saw a pile of Lingshi appear in front of the store.

"Well, you count carefully. There are a total of 50,000 Lingshi here. I don't want any discounts for you. These two dishes, I want, open the cage, I will take them away now."

"Guest officials, although raw food is also a good choice, but after all, the human race is not clean, raw food is afraid of causing unnecessary problems, the customer is not as good as leaving it to my store to handle it for you!"

"Okay, what do I want to do, do you still use it, roll!"

Ye Xuan screamed and violently broke open two cages.

Ye Xuan has already paid the money. He broke the cage and naturally no one said anything.

"Come with me!"

Ye Xuan said to the girl, and at the same time, has already engulfed two babies in the space.

The girl hesitated a little, but she could only leave with Ye Xuan.

After all, he actually has no choice at all, even if he is very clear, he has now been treated as food, and can only accept the fate, this is the helplessness of the demon gods, sometimes even know What kind of result is simply unable to resist.

Chapter 2434: main course

Soon, Ye Xuan had already left the aquarium of the Shuiyue Dongfu with a girl. In fact, Ye Xuan's heart is clear, it is not a good idea to let this girl follow her or leave alone.

Of course, Ye Xuan can choose to devour his income into the space. However, since the demon **** domain has come, Ye Xuan naturally hopes to save some people. Therefore, let this girl stay outside to lead Ye Xuan, perhaps a good choice. .

The two babies are different. After all, the two babies can be effectively taken care of in the phagocytic space. It is useless to stay outside, but this girl is the only guide for Ye Xuan.

Ye Xuan Shen read it outside, carefully checked the surrounding situation, and determined that there was no danger. This said to the girl: "Okay, it is safe now."

However, the girl still looked at Ye Xuan with panic. Obviously, she thought that Ye Xuan would have to eat her now or not.

Ouyang Xue is very clear in his heart. Once the Terran girl falls into the hands of the beast of the demon gods, it can be said that it is not as good as death, and even more horrible than being a dish.

At the beginning, Ouyang Xue came out of the village because of naughtyness, but he did not want to be caught when he came out.

On this road, he saw more people's experiences. With her, there were more than 3,000 people who were being held in custody. However, there is only one person left. As for the two babies, it is also Ouyang Xue who was born. In fact, the two babies should be considered half-human and half-beast.

Unfortunately, among the demon gods, the half man and the half beast have never been truly recognized.

There are even people who have demon gods, specializing in a group of ethnic women, and usually become a tool for the demon gods, and the babies born will be immediately sent to the restaurant.

On this road, Ouyang Xue is lucky, but it is also unsatisfactory. She is fortunate because he is small, so there is no one who cares about the demon gods. What is not so good is that he has seen too many tragic encounters.

"You, what do you want to do to me?"

Ouyang Xue asked Ye Xuan to ask in horror.

Ye Xuan just looked at the expression of Ouyang Xue, and already knew that it was Ouyang Xue who had misunderstood.

Therefore, Ye Xuan tried to lower his own realm, and his face smiled at the same time. He said to Ouyang Xue: "You don't have to be afraid. My name is Ye Xuan, and it is also a human race. It comes from the Kunlun domain."

"Kunlun Godland?"

Ouyang Xue looked at Ye Xuan puzzled.

"Yes, it is the Kunlun domain, the front of the **** war, the Kunlun domain of our human race won the war, but I lurked in because of special tasks, so you don't have to be afraid, I am like a human being."

Ye Xuan said faintly, but where did he know that when he finished speaking, Ouyang Xue directly fell in the arms of Ye Xuan, his eyes kept tears and whispered: "You are a human being, you really It is a human race."

"Yes, I am a human being."

Ye Xuan gently soothed Ouyang Xue's jade back, but his heart was very sighing. He could understand why Ouyang Xue would be so fearful because Ouyang Xue was basically afraid of it.

Which of the Terrans in the demon gods is not worried about their own tomorrow?

"I know Kunlun Divine, Grandma said, there is a holy place for our human race, where the Terran is the master."

"Yes, the Kunlun domain is the territory of the Terran. You can rest assured that I will take you away."

Ye Xuan was quite helpless. She had only heard of the demon **** domain before, but what exactly is in the demon **** domain, Ye Xuan did not know, but now, Ye Xuan knows that this demon **** domain is simply the purgatory of the Terran.

It is no wonder that the Kunlun Divine and the Demon Gods have always been enemies, because this is simply no room for reconciliation.

It's a pity that the demon god's power is equally powerful, so even if you have a heart to save the people in the demon **** domain, you can't do it.

Continue to appease Ouyang Xue for a period of time before he calmed Ouyang Xue's excitement. At the same time, he also let Ye Xuan know about the demon gods from the Ouyang Xuezui.

The Terran of the demon gods is suppressed by the beasts, so there is no cultivation resources at all, and even the space for activities is very narrow. Moreover, the beasts of the demon gods often come out to hunt these people, in the demon gods, the human race. There is hardly any hiding place.

Take the village where Ouyang Xue was born. In fact, there have been constant migrations. In order to avoid the hunting of the beasts, the village where Ouyang Snow is located is constantly walking in dangerous places, snow mountains, deserts, abyss...

Everything that is not easy to be discovered is the holy place in their hearts.

If you want to live, you can only escape.

The Terran is not without a strong person. Unfortunately, there is no cultivation of resources. Even if the talent is so powerful, it is impossible to achieve much.

Even if Ouyang Xue is a genius in their village, a young age is only a rare opportunity to cultivate in the inferiority of the inferior gods without the cultivation of resources.

It is said that Ouyang Xue's gods are not inferior, because Ouyang Xue only trained himself in the body of the refining, but there is almost no fighting power, and even the flight can't be done.

In the demon gods, the human race vigorously develops a sub-professor called construction.

This sub-professor is different from the refiner, but simply processes some of the materials that can be seen to make things that can be used by people.

But in any case, the human race of the demon **** domain, living in fear at any time, is an indisputable fact!

If it is the condition of Ye Xuan, Ye Xuan certainly does not mind to help others. Unfortunately, now Ye Xuan does not have that ability. With the realm of a superior **** in her district, he is not qualified to make a fuss in this demon **** domain.

One can't be done, and it may even be discovered by the demon gods, so that it can be chased.

Fortunately, the beast of the demon **** domain, usually likes to be transformed into a human form, and the humanity of the demon **** domain is extremely low, and does not dare to enter the city of the cave, so no one will doubt Ye Xuan.

After all, the cultivation of the superior gods and kingdoms, the human race of the demon gods, is impossible to achieve, so, seeing the cultivation of Ye Xuan, the beast of the demon gods, naturally thinks that Ye Xuan is a fossilized creature, not I would associate with Ye Xuan as a human race.

Ye Xuan's heart secretly decided that the Terran of the demon **** domain, how much he can save, will save much. As for the demon **** domain, until Ye Xuan's strength is sufficient, it must be erased here.

"Well, you call Ouyang Xue right, don't cry, cry can't solve the problem, you only have to be strong now, so that you can have the power to help others!"

Chapter 2435: Continuous breakthrough

Ye Xuan said to Ouyang Xue, and at the same time, he took out some magic weapons and cultivation resources and gave it to Ouyang Xue. Ye Xuan can do it. Only these, and many more, Ye Xuan can do nothing.

Suddenly, Ye Xuan's mind flashed and thought of a skill he had never used before.

Eternal reward!

The eternal reward is the skill that comes with the eternal body. This skill was originally just like a chicken rib. Now, Ye Xuan has discovered that this skill is a time to show his usefulness.

"System, can I use faith to exchange eternal points?"

"Hey, the system prompts, the host can use the belief value to exchange eternal points!"

Well, since you can use the value of faith to exchange eternal points!

"System, use faith to exchange a little eternal point, I want to use eternal reward skills!"

"Hey, the system prompts that the host consumes a million points of faith to redeem a point of eternal success."

With the system prompts, Ye Xuan is a eternal point.

One million points of faith exchange for a point of eternity, it seems that it is not cost-effective, but Ye Xuan does not care so much.

After all, the eternal point is difficult to obtain, but the belief point is increasing at any time, and Ye Xuan naturally does not care about it.

Even Ye Xuan is too lazy to see how many beliefs he has.

"Use skills, eternal reward! Use the ancient resources of Qingu space as a reward!"

Ye Xuan said directly, along with the words of Ye Xuan, a strong light directly wrapped around Ye Xuan, the light contains extremely powerful power, after all, this is the energy exchanged with ancient resources.

The energy is constantly condensed, and the body of Ouyang Xue is constantly being scoured. A pure and incomparable power is directly injected into the body of Ouyang Xue. Even the magic weapon of Ye Xuan's previous Ye Xuan has been changes happened.

The light condenses for a long time, and Ouyang Xue's eyes are closed at this time, and it is obviously undergoing a test.

Ye Xuan does not know what Ouyang Xue experienced, but the power of the light group can obviously transform Ouyang Xue.

After the passage of time, after thirty-six hours, Ouyang Xue finally came out of the light group.

In an instant, a strong wave broke out from the body of Ouyang Xue.

"not good!"

Ye Xuan was shocked and immediately picked up Ouyang Xue and quickly walked away.

Until Wanli, Ye Xuan had put down Ouyang Xue, and Ouyang Xue had not fully awakened.

However, the system's prompts have already started.

"Hey, the system prompts, the host please pay attention, specify the target, the special blood pulse is activated successfully, because the host's eternal reward, Ouyang Xue blood is promoted to the blood of the **** of war!"

"Hey, the system prompts, the host please pay attention, Ouyang Xue realm is elevated, the current realm, Jiu Pinfeng peak and other gods!"

God Emperor?

And is it the top of the nine kings?

Ye Xuan's heart was slightly shocked. He did not think that this Ouyang Snow was so promoted in so many levels because of his eternal reward!

You must know that Ye Xuan himself is a one-of-a-kind ***** kingdom, but he does not want an eternal reward, but he has created a nine-grade superior peak!

This is a big realm! Moreover, only one step, you can even break through!

It is impossible to say that Ye Xuan is not surprised.

However, because of this, Ye Xuan also feels that it should be a time to break through, although because of the improvement of strength, Ye Xuan now needs to use better resources to continue to upgrade, but does not mean that this can be difficult to fall .

After all, the long-term output of Qingu Space has been kept by Ye Xuan and has not been used.

It's time to improve your strength. Otherwise, you will be struggling in this demon **** domain!

"Devouring!"

Ye Xuan said directly that the countless resources in the Qiankun ring were quickly classified, the value retention was left, and the rest, all the experience of the transformation of Ye Xuan was entered into the body of Ye Xuan.

breakthrough!

breakthrough!

breakthrough!

Continuous breakthrough!

"Hey, the system prompts, the host breaks through, the current realm, the nine products and other gods!

Ye Xuan is still very satisfied with raising so many realms in one breath.

Although it is a little worse than Ouyang Xue, but Ye Xuan is very clear in mind, in fact, if it is really fighting, Ouyang Xue's combat power is not necessarily stronger than him.

After all, Ye Xuan has raised the realm of Ouyang Xue. With the explosion of Ouyang Xue's special blood, the result is now. However, Ouyang Xue does not have any combat experience and there is no suitable magical power.

Of course, all this, Ye Xuan will slowly solve in the back.

"Let's go, let's go to Shuiyue Dongfu."

Ye Xuan said to Ouyang Xue.

Ouyang Xue was shocked first and then asked: "Ye, Brother, we are still going to Shuiyue Dongfu to do what, where the strong beasts gather, it is very dangerous."

Ye Xuan looked at Ouyang Xue, but smiled lightly and said: "Go to kill!"

Yes, Ye Xuan is going to kill!

Because in the heart of Ye Xuan, the demon **** domain is not the Kunlun domain, so there is no need for Ye Xuan to keep it.

Since these beasts do not regard the Terran as a life, then why should Ye Xuan care about them, let them become the stepping stones for Ye Xuan's rapid improvement of strength.

The two walked together and quickly walked toward the ancillary city of Shuiyue Dongfu.

This time, Ye Xuan can have no scruples, even if he does not provoke Ye Xuan, Ye Xuan will have to look for trouble, let alone to provoke Ye Xuan.

The two once again came to the suburb of the city. At the beginning, they did not encounter any trouble.

However, not long after, Ye Xuan waited for what he wanted.

At this time, Ye Xuan is walking on the street and watching these strange resources sold by the demon **** domain.

After all, some of the resources in the demon gods are not in the Kunlun domain.

For example, this thing called Samsung Stone, Kunlun God Domain has never heard of it.

However, this Samsung stone has a special role in strengthening the power of the law.

Gathering a sufficient number of Samsung **** stones, and then extracting the Samsung power, can achieve the special effect of the power of the law of condensation.

When Ye Xuan was preparing to buy some, he heard the sound of people in the distance.

"Get out of the way, get out of the way, and let the old man go off! Ikalin's family is driving less!"

Ekalin home?

Ye Xuan slightly frowned, and Ouyang Xue has said to this Ye Xuan: "Ye Big Brother does not know, this Yekalin family is a very powerful family, this Yekalin family has a strong Shenzun class In this piece, it is arrogant, and the affiliated city of Shuiyue Dongfu is counted as the industry of the Ekalin family!"

It sounds like a good strength, but Ye Xuan will not care if he is set.

At this point, the team of people has come to Ye Xuan and Ouyang Xue, and everyone else hastened to let go, but Ye Xuan is simply not moving.

Chapter 2436: Ekalin family

"Kid, look for death, and get out of it, you know, who is here!"

A dog's leg ran to Ye Xuan's side, clearly but the strength of the six-class medium king of the king, but saw the strong of Ye Xuan and Ouyang Xue, the gods, there is no fear.

After all, he represents the Yekalin family, who dares not listen to him.

But today, he has encountered such a one.

Ye Xuan is even too lazy to take care of this guy. Since it is to find trouble, Ye Xuan will be half-divided.

Seeing that Ye Xuan was unmoved, the dog's legs were obviously very angry.

Suddenly, I picked up a whip and took it to Ye Xuan.

"Snapped!"

A crisp sound, of course, naturally impossible to hit Ye Xuan, but the guy who opened the store was whipped to death.

However, it is clear that this Yekalin family is overbearing.

Even if their family members murder on the spot, not only did they stop it, but instead let the people around them avoid the steps again.

The family saw that he had killed someone. Not only did he not have the slightest fear, but he even walked over and looked at the man. He did not care. "Don't die, dare to block the road of our Lord, I see you. I just don't want to live."

After saying this, the Ding was a whip and waved toward Ye Xuan. At the same time, he said, "And you, hey, dare to stop the path of the Lord, kill innocent!"

.....

The whip is getting closer and closer to Ye Xuan, and many people around him have already shown their unbearable look. In fact, there are naturally some strong people who can defeat this Ding. However, this is the family of the Ekalin family, and it is Yekalin. The family is the most loved family, so anyone dares to shoot him.

Therefore, people just think in their hearts, and it is a guy who is afraid of dying in this life.

However, the next moment, the scene that made them horrified happened.

Just when the long whip was about to draw in the middle of the leaf, I heard Ye Xuan burst into a blow: "Get out of my way!"

In an instant, a long sword went straight to the house and went to the house. A family of six kings and gods in the district, where is Ye Xuan's opponent, Megatron controlled the sword, even before the person did not react. It has already killed it!

Killing!

Moreover, the dead is still the family of the Ekalin family, the surrounding beasts are incomparably revealing a stunned look, and even some beasts are scared to reveal the body!

They have to be afraid, this is also the family of Karin's family, Yekalin's family, in this water moon Dongfu Affiliated City Pool, who dares to provoke?

At this time, an angry voice sounded: "Damn, actually dare to kill my family, kill me!"

In a flash, a large group of family rushed up again and flew directly toward Ye Xuan, apparently wanting to kill Ye Xuan.

Ye Xuan is not afraid, but his eyes are stunned. In fact, Ye Xuan has already had an idea in his heart. He only saw that the family members were rampant and rushed directly toward Ye Xuan, but Ye Xuan did not fight with them at all. On the contrary, it is constantly dodging, and each dodge is specifically shunned to a crowded place.

These Yekalin family's family members are usually in a hurry, where they will manage so much, it is still mad!

boom!

boom!

boom!

The intensive attacks of a strong attack have no effect on Ye Xuan, but the passers-by around can be badly moldy.

However, in a short period of time, more than a dozen people have been innocent.

Or ordinary passers-by can still avoid, but the beasts who live here or open shops here are not so easy to flash.

A beast that opened a military shop was very mournful. Just now, the family of Ikalin's family not only injured him, but also destroyed his shop.

Ye Xuan deliberately performed very embarrassed, constantly dodging, those family Ding did not care so much, the chasing behind Ye Xuan, the constant destruction along the way, but also constantly hurt passers-by.

Ye Xuan mouth hangs, this is the result he wants.

Suddenly, Ye Xuan shot, and the sword in his hand, under the control of Megatron, flew out in a flash, directly killing a family of Yekalin's family, and Ouyang Xue, who was hiding in the dark, had already got Ye Xuan. The instructions kicked a beast out.

Because of the confusion, many people did not understand the process at all, but they saw it, that is, the beast that watched the movie was on a dead Yekalin family.

"You dare to kill my Yekalin family!"

A family around him saw such a result, and immediately yelled at it, and he rushed toward the man.

The man was very confused and said loudly: "Not me, really not me!"

However, where the family of Ikalin's family would manage so much, he would take the man's head and smother the man's deity.

Ye Xuan's mouth smiled slightly, continued his movements, and ducked while creating confusion. Moreover, he did not kill the family, but only wounded.

With the cooperation of Ouyang Xue, in a short time, there are already passers-by in order to live and work with the family of the Ekalin family.

"Damn, you guys, who dare to offend the lesser majesty, kill me, kill me!"

It was the so-called Yekalin family who spoke.

When I heard this, Ye Xuan simply couldn't help but praise the young master of the Ekalin family.

This is simply his own teammate, not his own enemy, this cooperation, he tacit understanding.

When I heard the words of the Ekalin family, the family members would not care so much, and they would move directly to the people around them.

You know, their Yekalin family has always been rampant in this collateral city. It is a normal thing to kill a few people. After all, the demon **** domain is more powerful than the Kunlun domain, and there is no such thing. So many rules.

At this point, these family Ding one shot, then, the beast that is not willing to be killed will naturally resist.

Ye Xuan immediately shouted: "What are you waiting for? Yekalin's family is not giving us a way to live. Is it that you are willing to be slaughtered by them at random, everyone will take it together, in order to survive, for our own life!"

Ye Xuan's voice naturally caused the echoes of countless people. After all, the situation is already obvious. The Yekalin family is ready to kill them. If they don't resist, then there is really no way to live. It is.

"Well, everyone will be together, even if we die, we can't die like this! Let's fight against them!"

Someone responded loudly to Ye Xuan.

And with the first one, there will naturally be a second one.

Soon, the entire street has already sounded one after another.

Ye Xuan will let such a good opportunity, at this time do not shoot, but when to wait, at this time the street has been chaotic.

In addition, Ye Xuan's shots continue to create new chaos. In the blink of an eye, not to mention this street, even the surrounding streets have caused confusion.

Chapter 2437: Then to Shuiyue Dongfu

The family of Yekalin's family has noticed the anomaly. After all, they used to kill a few people in this affiliated city. It's just a normal thing, but now these monks dare to resist them, which is simply unbearable.

However, people with brains and auras know that it is not time to fight now. After all, if there are any mistakes in the Lord, they can be compared.

However, they now want to calm down the confusion, how simple it is!

Ye Xuan constantly walks in the crowd, Megatron controls the sword, and from time to time will kill one person, and all the killers are ordinary passers-by who are not involved in chaos.

One by one, the passers-by are constantly being strangled, and the surrounding chaos will naturally cause more people to get caught in the vortex.

In fact, the Yekalin family is very clear that they are very unpopular among the affiliated cities, so they travel with them hundreds of guards.

However, the current situation is that these hundreds of guards are simply not enough.

These guards are a drop in the bucket compared to the chaotic crowd.

The impact of the crowd, these escorts have to fight to guard, so as not to hurt the Lord.

Contradictions have arisen. If you want to reconcile, how can it be so simple? What's more, Ye Xuan is there to deliberately find something.

Ouyang Xue is constantly causing confusion according to Ye Xuan's orders, but suddenly, he was directly pulled down by Ye Xuan.

"Go!"

Ye Xuan said to Ouyang Xue.

"Why should we go, the current situation is very beneficial to us, how can we assassinate the young master of the Ikalin family?"

Ouyang Xue's words made Ye Xuan slightly stunned. Ye Xuan did not expect that Ouyang Xue was bold enough to assassinate Yekalin's family. Ye Xuan did not think about it. However, he did not want to do this. After all, the assassination of Yekalin's young master will inevitably cause a lot of unnecessary trouble for himself.

Anyway, the current chaos has reached the effect that Ye Xuan expected, and why bother to increase the number of incidents.

Ye Xuan's plan is actually very simple, that is, it will disrupt the interior of the demon domain. Of course, it is only in the attached city of Dongyue Dongfu.

This time, Ye Xuan is just a small test knife. Ye Xuan has already had a complete plan in his heart. He wants to make the interior of the Yaozu not in peace.

Therefore, Ouyang Xue proposed to assassinate the sage of Yekalin. For Ye Xuan, there is no need at all.

"Okay, the results are very good now, not to mention, even if we don't have to shoot, then the Lord is afraid that it will not live!"

Ye Xuan mouth hangs a smile, because he has already seen that there are already many gods and kingdoms, and even the strongest of the gods are involved in this civil disturbance.

Some people hope to gain benefits by helping the Yekalin family, but more people can no longer suppress the anger in their hearts, thus directly attacking the Yekalin family.

In this way, it directly led to the two forces to carry out a melee in this affiliated city!

The two sides have even killed their eyes, the more they kill, the more people are involved.

The chaos of the water city of the Shuiyue Dongfu is trying to calm down, and it is not so simple.

Ye Xuan took Ouyang Xue and left quickly.

Shortly after they left, from the Yekalin family, thousands of family guards, family members, and servants were rushed out. These people received information and knew that the young master was trapped before they rushed to support.

Once these people join, in addition to escalating the conflict, there is actually no great use.

Shortly after Ye Xuan left, the entire affiliated city pool has fallen into chaos.

Soon after, the young master eventually died in the hands of a strong man.

When Yekalin's family died, how could the Ekalin family be able to give up, so the battle continued for many days without stopping.

Of course, the news that was inevitable was also circulated.

The outside world knows that the reaction of this news is different. Some people think that the people who are openly rebellious against the powerful Ekalin family are looking for their own death. Others think that the Ekalin family is too much.

But no matter what, Ye Xuan wants to intensify the purpose of contradictions.

Five days later, a man and a woman came to the suburb of the city again.

At this time, the affiliated city pool was obviously depressed, and there were fewer pedestrians on the street.

Even in many places, there are remains of battle.

These two people are undoubtedly Ye Xuan and Ouyang Xue.

At this time, Ouyang Xue had a smile on his face. For such a result, Ouyang Xue was very satisfied.

After all, the contradiction between the Terran and the Beast in the demon **** domain is simply impossible to reconcile. The Terran in the demon gods, of course, hopes that all the beasts will die all night. After all, only then can they survive. Space.

Although such an idea is almost impossible to achieve, it does not hinder it, because the riots in the attached city, because so many strong deities of the demon **** domain, let Ouyang Xue feel happy from the heart.

As for Ye Xuan, there is no feeling. After all, for Ye Xuan, this is only a small part of his plan. Therefore, Ye Xuan would not care about the death of these beasts.

Even if there are more deaths, Ye Xuan is only silently!

This time, it is clear that the entire auxiliary city pool has fallen into silence.

Because of the great cleaning of the Ekalin family, many beasts are either killed or choose to leave.

The arrival of Ye Xuan was not as popular as before. The people left behind were just looking at Ye Xuan indifferently.

Of course, Ye Xuan can't care so much.

Ye Xuan this time, but it is passing by.

This is an auxiliary city pool, which is a necessary road to the Shuiyue Dongfu. If this is not the case, I am afraid that Ye Xuan will not come here.

Ye Xuan and Ouyang Xue were very fast. It didn't take long for them to pass through the attached city. At this time, both of them had already come outside the Shuiyue Dongfu.

Shuiyue Dongfu is a concentrated place of genius. It is a famous cave house among the demon gods.

In this way, the investigation is quite strict.

Those who are not qualified to enter here have absolutely no chance to enter.

Ye Xuan and Ouyang Xue came out not far, and they were stopped by two people.

"Stop, show your token!"

Ye Xuan looked up and looked at the two men and asked, "What token?"

One of them looked at Ye Xuan faintly and said: "Why are you here? If you come to study, then show your invitation token. If you visit, show your visit token."

Ye Xuan's mouth was slightly tilted and did not speak. Instead, Ouyang Xue said indifferently: "We are coming to kill, is it not to show the killing token?"

Ye Xuan mouth pumped.

This Ouyang Snow is enough.

Chapter 2438: Elders

Who knows, the guards of the two Shuiyue Dongfu looked at each other and then laughed: "Haha, two little dolls, are you deliberately coming to tease? To my Shuiyue Dongfu murder? This is the most interesting thing I have ever heard. A joke."

Is it really a joke?

Suddenly, I saw a cold flash, and the person who was smirking, but suddenly stopped laughing, only fear in the eyes, because that cold light, has already understood his life.

.....

"You, who are you guys!"

The rest of the guard is also a clear person, Ye Xuan can kill his companion, then naturally he can kill him, so at this time he did not escape, because he is very clear, can not go away.

Ye Xuan did not pay attention to the person at all. After the voice of this person had just passed, Megatron had already controlled the sword and flew back, killing him directly.

"I told you long ago that we are coming to kill people. You don't believe in yourself, no wonder we are!"

Ouyang Xue said faintly.

Ye Xuan did not pay much attention to it. With a wave of his hand, he directly swallowed the two beast guards together with their Qiang Kun ring.

After doing all this, Ye Xuan and Ouyang Xue went on.

Along the way, it can be said that anyone sees and kills.

Although Shuiyue Dongfu is a big genius among the demon gods, but the general guard is Ye Xuan's opponent.

Not a moment, he has already come to Shuiyue Dongfu. At this time, Ye Xuan finally met a strong man, an elder of Shuiyue Dongfu.

At this time, Ye Xuan was as before, the two guards were killed.

And just at this time, a voice sounded.

"Bold, who are you, dare to kill in my Shuiyue Dongfu, don't want to live!"

With this voice, the three figures fell directly.

I saw a man with a cow's head holding a magic weapon like a mace, and behind him, there were two sacred beasts wearing blue robes.

This man is a law enforcement elder of Shuiyue Dongfu.

Originally just passing by here, but did not want to meet the scene of Ye Xuan killing the guard.

The three people who suddenly appeared, let Ouyang Xue slightly misunderstood, but did not fear at all, watching the three, Ouyang Xue said: "Three more to die!"

This way, Ye Xuan deliberately exercised Ouyang Xue, and also let Ouyang Xue personally kill a few powerful creatures.

Of course, more often, Ye Xuan personally shot.

At this point, seeing the three people, Ye Xuan just asked the system: "System, detect the strength of these three people."

"Hey, the system prompts, the designated target, a one-of-a-kind emperor, the emperor of the Shuiyue Dongfu, two of the seven elites, the king of the king, the water, the moon, the guard."

The strength is average, it can be said that Ye Xuan has enough confidence to kill the three.

But this time Ye Xuan did not move, but said to Ouyang Xue: "Go, these three people, handed it to you!"

Ouyang Xuehao is a strong man in the top of the nine kings, but only because he has just gained strength and lacks value, so he will not be able to show strength.

But the best way to improve the strength is to fight, so Ye Xuan will let Ouyang Xue shot.

Ye Xuan This is to exercise Ouyang Xue.

Ouyang Xue has an incomparable trust in Ye Xuan. She understands that since Ye Xuan let her take it, it is natural that he has almost killed three people. Therefore, he did not hesitate to pull out his own sword and rushed. Go up.

This sabre is a magic weapon that Ye Xuan gave him. It is a lot worse than the sword, but it is not bad.

"kill!"

Ouyang Xue screamed, and the sword in his hand went straight to the sword.

The elder was not afraid, but the wave of the mace in his hand was against the attack of Ouyang Xue.

At the same time, the numerous sharp spikes on the mace suddenly burst into a ray of light, and the entire sky was filled in an instant. Those sharp rays of light, without a moment of hesitation, directly went to Ouyang Xuewei to kill.

Megatron controlled two sacred swords around Ye Xuan, but Ye Xuan was not moved at all.

If Ouyang Xue is rehabilitated with the sacred princes of the nine princes, why not the elders of the Shuiyue Dongfu, who are in the middle of the gods, then Ye Xuan will even consider not training her.

At this time, Ouyang Xue was dignified, and the magic weapon in his hand flew up and down, while at the same time a light in the body lit up, this is the law force of Ouyang Xue's sentiment.

It's just this law. Even Ye Xuan is a bit strange. The power of this law is not the power of any law that Ye Xuan holds. It is even rare.

What Ouyang Xue has mastered is actually the law of the speed of light!

As the name suggests, the power of this law is the boundary of light.

The speed of light is already extremely fast, and the boundary of light is to bind the power of light within a certain range, and it can continue to accelerate, even hundreds of times, thousands of times, 10,000 times the speed of light!

That speed is faster than teleportation, and even more terrifying than the power of space law. After all, the power of the law of light boundaries is different from the power of space law, or the power of other laws.

This is a special law force that maintains the peak speed and is able to continue to fight.

As the light of the law rises, Ouyang Xue's figure turns into a ray of light, not to mention the naked eye, even if the gods can not detect the mysterious light.

At the same time, Ouyang Xue, who is not yet mature, has also begun to develop the field of light.

The speed of terror has turned into the most favorable means of attack.

Even if the elder **** is so powerful, he can already reach the preliminary prediction.

But in the blink of an eye, it has already been shot down to the ground.

Because, in this blink of an eye, Ouyang Xue has launched hundreds of raids!

Of course, while the elders were falling, the other two guards had already fallen.

Ouyang Xue stopped his own things and looked at Ye Xuan with a watery look.

Ye Xuan naturally understood what she wanted to express, nodded slightly, and said faintly: "This performance is OK!"

"Thank you Ye Big Brother!"

Ouyang Xueqiang endured the excitement in his heart and said excitedly.

However, although Ouyang Xue's speed of killing this elder is not slow, it still gives the elders time to signal.

At this time, in the Shuiyue Dongfu, the signal of the invasion has been accepted.

However, because the time is too short, the elders only had time to send out the intrusion signal, but did not explain where it is, who is it!

Therefore, in the Shuiyue Dongfu, only vigilance can be raised, but there is no way to know where the danger comes from.

Especially when investigating the inexplicable disappearance of those guards, it is even more alert to the Shuiyue Dongfu.

Ye Xuan waved his hand, and the bodies of the three men, together with their shackles, have been swallowed up by Ye Xuan.

"Hey, the system prompts, the host breaks through, and the current product is a medium god."

Unexpectedly, this elder is also a strong man of the middle gods, but it only makes Ye Xuan upgrade a level.

Of course, Ye Xuan did not care about this. I have already decided in my heart that I want to kill myself in this demon **** domain. It is not difficult to improve the realm.

Soon, the two have been mixed into the Shuiyue Dongfu.

Chapter 2439: Extinction organization and ancestor

At this time, the geniuses of the gods and beasts of the group of demon gods in Dongfu are learning as usual. Of course, there are occasionally some people discussing food there.

It seems that the strong man of the demon **** domain is more pursuit of food than the strongman of the Kunlun domain.

However, the food in their mouths can never be separated from a word, that is, the human race.

In the eyes of the demon gods, only the human race is the most delicious food.

Such words will only make Ye Xuan more aware in his heart, killing the strong demon of the demon gods and Tiancheng, Ye Xuan did not make a mistake.

At this point, Ye Xuan's figure flashed, and he has already come to the genius of a demon **** domain.

The sacred sword was suddenly placed on the neck of the man, and there was no sign. After all, I didn't even think of it that in this strait, there would be someone who wants to kill him!

"I will say what you answered below, but hesitate, be careful of your life!"

Ye Xuan said faintly to the man.

The man was half hesitant and nodded.

"I ask you, what is the Son of the Demon God?"

Ye Xuan knows that it seems that the fall is what the saint is. Of course, there may be other names, but the meaning is similar.

And Ye Xuan has been able to trace the whereabouts of the fall, precisely because of the identity of the Son.

"Back, back to the predecessors, the Son is the call of the ancestor of my demon **** domain. Only the genius chosen by the ancestors can be called the Son and enjoy endless glory."

Although the man did not know why Ye Xuan suddenly asked this question, after all, about the Son, that is what all the demon gods know.

However, since Ye Xuan asked, he would not dare to hide.

The genius chosen by the ancestors?

Ye Xuan brows wrinkled, what is this saint is actually Ye Xuan has also investigated before, but it seems that no one knows the general, even if it is known, there are different versions.

Unexpectedly, this time I arrived in the demon **** domain, and the answer I got was actually involved with the ancestor.

Ye Xuan did not understand the so-called ancestor, but it was not unheard of.

After all, Ye Xuan's hands still have some mysterious blood.

At the beginning, Ye Xuan detonated this blood, and he heard the return of the ancestors of the demon gods.

In short, it seems that this ancestor is extremely important and extremely mysterious in the demon gods.

At this time, once again, I heard that the starting ancestor, Ye Xuan will inevitably have some doubts.

"What is the first ancestor?"

Can not help, Ye Xuan directly raised questions.

"You don't even know the ancestor!"

Unexpectedly, Ming Ming was in the hands of Ye Xuan, and the beast also dared to ask questions against Ye Xuan.

However, this guy immediately bought and understood that he had made a mistake, so he immediately said: "The ancestor is the origin of my demon **** domain. According to legend, each family has a powerful ancestor, the power of the ancestor, and every race of my demon **** domain. The source of the special racial powers, the racial talents of all of us are actually given by the ancestors!"

"Although hundreds of millions of years ago, the ancestor has disappeared, but the power of the ancestors is everywhere, and almost every once in a while, someone will be blessed by the ancestors to get powerful power. I heard that someone tried to The power of the ancestor returned, but did not know the true and false..."

The man is constantly narrating, but Ye Xuan associates with another force.

Destroy the organization!

It can be said that Ye Xuan has removed the organization from at least the Kunlun domain from the Thunder's general posture, but this does not mean that the organization has completely disappeared.

In fact, the extinction organization has residual power among other gods.

However, what does this organization have to do with the power of this ancestor?

The surface seems to have nothing to do with the two.

However, Ye Xuan and the organization have played countless times, but in the heart, they know that it is impossible to destroy the organization. It is impossible to do so. Or, to destroy the organization, it is not as much as the original ancestors.

After all, the organization is not trying to summon a mysterious force, but also has a so-called ancestor return ceremony!

Is there a connection between the two?

Ye Xuan is not known at the moment.

However, Ye Xuan is clear in his heart that regardless of the organization or the ancestors, they must not be allowed to appear. After all, they are extremely evil.

But if the organization of the extermination is really the power of the ancestor of the demon gods, it is even more difficult for Ye Xuan to understand. It is necessary to know that almost all members of the organization are human.

And there is no direct connection between the demon **** domain.

The two unrelated forces have been thinking about the power of the ancestors, which does not allow Ye Xuan to care.

It's just that, what ancestor power, Ye Xuan knows nothing now, and few people know that even if he can hear something, it's just a legendary existence. Is there any ancestral power, no one can be sure .

Ye Xuan took up his doubts and continued to ask the man: "Where can I find the whereabouts of the Son?"

The man immediately stopped his mouth, but hesitated a little hesitantly: "Dare to ask the seniors, you want to find, which saint is? How many saints there are, it has always been a secret, as long as the demon gods have a family God beast, there will be a saint! But every place where the Son is staying is not the same.

Most of the Sons are secretly guarded by their own people, and some of the Sons are controlled by the Lord God. Some of the Sons have been tested by strength and are constantly moving around..."

Such an answer made Ye Xuan very dissatisfied, because this said that it did not mean that he could not help Ye Xuan at all.

Although this guy is very cooperative, unfortunately, the news he knows does not seem to be what Ye Xuan wants. Therefore, Ye Xuan's thoughts move, and Megatron directly controls the sword, and he does not hesitate to kill it.

"Go, keep moving!"

Ye Xuan said to Ouyang Xue, and soon they left here.

In fact, Ye Xuan's heart is also unbearable for such killings, because Ye Xuan knows that there are some beasts, and sin does not die.

But Ye Xuan's heart is more clear. This is the demon **** domain, not the Kunlun domain. He is a human being, in the demon **** domain, it is a different kind. He is not cruel, so he will only be cruelly treated by the demon gods.

Either choose to be humiliated, or just let yourself be ruthless.

Among the demon gods, at least most of the beasts are not innocent, so Ye Xuan will be so ruthless.

The current Ye Xuan is just alone. Any one of the mistakes may be a fallen crisis.

If you want to live, you must be vigilant at any time, and you can't be half-hearted!

Of course, for killing these beasts, even if it is a form of a beast, and Ye Xuan does not have the slightest hesitation.

Chapter 2440: I want to live with me.

Soon, Ye Xuan and Ouyang Xue found another goal.

This time, it is a genius who is called the heavenly listener by the genius of the Shuiyudong.

This person's body is a heavenly beast!

Tianyin beast has a very special magical power, that is, it is heavenly listening. It is said that listening to the magical powers can let the heavenly beast hear any sound he wants to hear, whether it is the sound of thousands of years ago or the countless distances. The voice, even the magical powers of cultivation to the advanced realm, can also hear the voice of the future.

Listening to the beast's day is very strange and unpredictable, but there are also many restrictions.

But no matter what, listening to the beast this day, in the eyes of Ye Xuan, will undoubtedly be a very good choice, Ye Xuan believes that this guy, perhaps able to grasp some secrets that others do not know.

So, Ye Xuan is not looking for someone who he is looking for?

However, this day is different from other people. I don't know if it is because of the pretense or the fact that this guy rarely shows up in front of people. At this time, Ye Xuan wants to find him, but he does not know how to find it.

However, Ye Xuan did not know that Tianzhi had been taken away by the elders of Shuiyue Dongfu at this time.

It turned out that after the elders of Shuiyue Dongfu knew that a law enforcement elder had died, they found several guards dying. So many people died, which naturally caused the attention of the elders of Shuiyue Dongfu. Therefore, they found the day to listen. To be profitable, I hope that Tiandeng can use the talent to find out who the murderer is.

"How, what is the harvest this time."

An elder heard about heaven.

At this time, the day is standing in a large array. This large array is composed of Lingshi. Every time it starts, it needs at least 100,000 Lingshi to open, but to maintain it, it is not less than one million spirits. stone.

Such a huge consumption, it is no wonder that Tiandi's talents are not so easy to open. At this time, Shuiyue Dongfu, because of the death of so many people, has given up so much blood.

In fact, Tianyin has consumed tens of millions of Lingshi, but unfortunately, there is still no gain.

Hearing the elder's question, he shook his head helplessly. This time, he still chose to use the ability to listen to the day according to the elder's instructions, but he did not hear any useful news at all.

However, he also recorded the voice of Ye Xuan, but unfortunately, it seems that there is no great use of the sound.

Of course, if Ye Xuan knows that this supernatural power is so powerful, I am afraid that I have to be grateful that I had taken the initiative and did not say anything. Otherwise, I am afraid that my identity has already been exposed.

When I heard the answer from the day, the elders did not give up, and they waved, and a group of Lingshi was added to the law.

"It doesn't matter, continue to explore, I don't believe that guy, there is no clue left!"

An elder heard about heaven.

Natural listening will not refuse, the opportunity to exercise magical powers like this, if it is changed to ordinary times, how can it be so easy to get, now that there is a Dongfu elder who is willing to spend Lingshi to let him exercise magical power, he naturally will not mind.

At this time, Ye Xuan is also looking around for the whereabouts of the day.

After another failure, Tianyin had searched all the places held by the elders of Shuiyue Dongfu, but unfortunately there was no discovery at all.

It has already cost a full 20 million Lingshi, which can be said to have reached the limit of the elders of Shuiyue Dongfu. Unfortunately, these elders can give up relying on the heavens to find clues.

Heaven listened to the elders and left with incomprehensible doubts. Who is it that people can care for the elders?

After all, these elders did not tell the day what happened, so there was no way to know.

However, he did not go far, but saw a man and a woman coming towards him.

I didn't care if I heard it, I thought it was just an ordinary disciple in Dongfu.

However, when the two men came to the side of the day, they heard it from the sky: "Are you listening to the sky?"

Hearing a slight glimpse, he is a celebrity in Shuiyue Dongfu. Almost no one knows him. Now the inquiries of these two people make the audience feel a little confused.

However, Tian listening or subconsciously nodded: "Yes, I am listening to the sky!"

Accompanied by this answer, Tianyin suddenly felt a terrible atmosphere, and at the same time, two powerful swords had locked him.

It all happened so fast that it was so fast that there was no time for the day to listen.

Of course, even if he wants to respond, he is afraid that it is not Ye Xuan's opponent.

After all, listening to this day is a gift of supernatural powers, does not mean how strong his strength.

In fact, this day, listening to it, but it is only a district of the gods, in front of Ye Xuan, there is a half chance.

"If you want to live, just follow me!"

Ye Xuan said faintly.

At this time, I heard what I understood in my heart. Unfortunately, even if he understood it, he could not resist at all.

In the face of the strong Ye Xuan, Tian Ting did not even have the qualification to speak.

Two scorpion swords can break his godhead at any time, and where he can make a half-revolt.

The day is very incomprehensible, but it can only helplessly follow Ye Xuan.

After a while, the three went to a remote place.

Ye Xuan waved a hand, and a magical character was used as a simple array to directly wrap three people.

The role of this charm is to hide, it can be said that the effect is very simple, but unless someone deliberately explores here, otherwise, it will not find the special.

"Next, I ask you what, what do you answer, if the answer makes me satisfied, I can spare you not to die, otherwise..."

Heaven listens to nature and understands what Ye Xuan wants to say.

After all, Tiandeng already knows the identity of Ye Xuan. This guy is the strongman who kills the guards, even the elders, and then sneak into the water moon cave house!

There is a kind of impulse to cry in the heart. He never thought that such a strong person would come to him. Of course, he also knows why Ye Xuan would do this. In fact, it is also because of his supernatural powers.

Ye Xuan also took a fancy to his special magical powers.

For the first time, I regret that I have this magical power. At this time, he was worth showing off. The talented supernatural power that was originally envied by countless people has brought him huge troubles.

"I ask you, how much do you know about the Son?"

Ye Xuan asked faintly. At the same time as the question was asked, the powerful pressure on the body was also released, so that Tian Ting did not dare to hide it.

The day began to answer quickly, but did not let Ye Xuan get as much as he wanted.

However, Ye Xuan also knows that Tiandeng did not lie. After all, it was the news that Ye Xuan knew before, and there was no mistake.

It seems that this saint's thing is not so easy to explore, so Ye Xuan turned to the heavens and asked: "So, you can know how to go to the battlefield of the Lord God, or how to travel to the Kunlun domain!"
