

Super D. S 244

Chapter 244: tragedy

"It's really overbearing, Wang Chuanshan. It seems that you think we are going to eat us?" Jiang Liu squinted.

"What is it? Just relying on the goods that you have not seen in this group of places, dare to fight with me?" Wang Chuanshan was already stunned by the lapis lazuli. If he could, he would definitely choose Exclusively swallowed.

"Oh, although you have many people, but there are still a few who can fight?" Jiangliu could not help but ask.

When Fang Caixuan sent the medicinal herbs, he also left a mind, and gave many of the brothers and sisters in Lingxiao. And the 30 people of Tian Yuanzong can only barely use it.

The most important thing is that Ye Xuan's strength does not seem to be worse than the river, so if it is really fighting, it is not necessarily who wins.

"Then you can try!"

Wang Chuanshan actually noticed this, but he still stood more than 30 people behind him, and there were only fifteen on the other side of Lingxiao House. Now there are two more dead, only three are left.

The number is completely inconsistent. Wang Chuanshan himself is a land of Dan, and he has no reason to be embarrassed.

"If that's the case, then let's take care of it."

Jiangliu is already ready to fight hard, and this is what other teachers and brothers mean.

"Okay, each with its own skills!"

Wang Chuanshan's flash of light flashed. With the ability, who is there to be strong?

In his eyes, Ye Xuan is only a person who is faster. It is really not enough to fight.

"If this is the case, then work together to find the sixth flaw!"

After Jiang Liu said one sentence, he also rushed over with the brothers. At the same time, Ye Xuan secretly gave each of them a medicinal drug, which is the kind that is worth 10 billion to devour points.

A total of 16 people entered the Dongfu, Wushan of Xuanzhifu died, and then two died because of Wang Chuanshan. Now, if Ye Xuan is removed, there are still twelve people in Lingxiao.

In other words, Fang Caixuan used a total of 120 billion phagocytosis points. No one noticed that his hand was shaking when he was taking the remedy. This is a manifestation of pain.

Although his movements were very secret, he was noticed by Wang Chuanshan. The brows of the latter suddenly wrinkled and the light shone.

The statue of the stone is not a big threat at this time. A small achievement of Dan Ding can make it play with the group. However, at this point, both Lingxiao and Tian Yuanzong have played their hearts and started to save Dan Yuan and

Physical strength, because they don't know if there will be a big fight next.

"The sixth weakness is on the back, three meters below the neck."

Ye Xuan did not think so much. At this time, Dan Yuan in his body has almost recovered to the peak, and he is not afraid of the other party. Therefore, he directly said the last flaw.

In the past few times, almost all of them were said by Ye Xuan, so both the brothers of Lingxiaofu and the people of Tianyuanzong believed.

At the moment, they are just behind the stone statue.

As early as before, everyone has already discovered it. There is a gate under the stone wall facing the stone statue. It must be the passage to leave.

At this time, most people are facing the back of the stone statue, facing away from the door.

Lingxiao House has been secretly negotiating, as long as the lapis lazuli appears, Ye Xuan shot and snatched. On the other side of Tianyuanzong, it is naturally Wang Chuanshan of Di Dan.

"Hey!"

The back of the stone statue made a crisp sound, and a stone armor was cracked.

When you see it, everyone's eyes are bright.

Celestite, lapis lazuli will appear, even if the strongest of the heavenly environment is crazy lapis lazuli!

At this moment, Ye Xuan and Wang Chuanshan are already ready to snatch.

Ye Xuan's nerves are stretched to the extreme, and this thing is too important for him. As long as he touches lapis lazuli, then he can swallow it. At that time, at least he must break through to the land of Dan, even the land of Dancheng, the land of Dan, and the possibility of heaven and earth!

This is a huge adventure, he must not miss it!

"Hey!"

The back of the stone statue suddenly shattered, and then the base of the statue was destroyed by countless attacks.

Six flaws, all destroyed.

"Where, where is it?"

Ye Xuanyuan had a big eye. Before Huo Yang said that lapis lazuli was in the body of the stone statue.

Wang Chuanshan is also screaming and screaming.

"Hey!"

At this time, the back of the stone statue suddenly split, like a silkworm scorpion butterfly is divided into two halves, at the same time, an emerald green jewels into everyone's eyes, and illuminated the walls.

"My God, a big lapis lazuli?"

Jiang You was shocked. He also had some understanding of the refiner. As far as he knows, a celestite of the size of a fingernail can create a heavenly device.

However, this lapis lazuli has a fist size. This value is already incalculable. It is sure to be able to buy a Lingxiao House or even a Yuanyuan.

Everyone is crazy.

At the moment when lapis lazuli appeared, Ye Xuan and Wang Chuanshan were also moving.

Ye Xuan did not hesitate to swallow the points, in exchange for a body-level martial art of the local level, broke out at full speed, and rushed to the past.

"what?"

Wang Chuanshan was shocked. He was moving at full speed and saw the shadow of Ye Xuan in front of him.

He did not expect that Ye Xuan's speed was so fast that he could only see Ye Xuan's afterimage.

Wang Chuanshan is not stupid. He knows that he can't get this lapis lazuli in the first time, so he can only stop suddenly and wait for Ye Xuan to come back. After all, is there only one escape route?

However, the next scene almost made everyone's chin dislocated, and Ye Xuan was even more angry.

I saw that the big lapis lazuli, when Ye Xuan was about to touch it, was suddenly bounced out by a catapult in the stone statue.

This speed has actually surpassed Ye Xuan.

"I... grass... Huoyang, my cousin!"

Ye Xuan snarled in his heart, and he was about to catch the lapis lazuli, but he was bounced out by this catapult device. Heaven and **** are really between the thoughts.

After Wang Chuanshan saw this scene, he almost did not give death, and hurriedly turned around and chased it out.

The two groups of Lingxiaofu and Tianyuanzong were scared. When they reacted, Wang Chuanshan passed them, and then jumped straight up the wall and grabbed the lapis lazuli.

"Hand over lapis lazuli!"

Ye Xuan was furious and shouted and chased him up.

"Booming!"

It's not a coincidence that the door suddenly opened after the lapis lazuli projected.

Wang Chuanshan landed and hurriedly walked out of the gap.

Ye Xuan rushed in after Wang Chuanshan, the time is probably about two seconds.
