

Super D. S 2441

Chapter 2441: Law reopen

This time, the question asked Tian Tian to hesitate slightly.

It's not that Heaven wants to hide anything, but the answer seems to be something that everyone knows.

Of course, the day did not dare to hesitate and replied directly: "Going into the battlefield of the Lord God can only be transmitted through the transmission tokens given by the Lord God and the Heavenly Kings. After all, once the Battlefield of the Lord God is closed, there is a restricted area. As for the Kunlun Divine, I am I heard that I can use some secret passages to enter, but after the last war with the Kunlun gods, these secret passages have also been closed."

"So, is there no way?"

Ye Xuan brow slightly wrinkled.

On that day, I thought that Ye Xuan was angry. He continued to say: "No, no, not a chance. Little once heard that in the Eight Great Gods, the palaces have a special secret, the secret. At the same time, it leads to the Kunlun domain and the demon **** domain."

Ye Xuan brows once again wrinkled: "What use is this for you? Do you mean that I will kill those gods and rob the two-way secrets?"

I listened to the words for a while, and I felt hurriedly trying to say anything more.

However, Ye Xuan waved his hand and said that he would not have to say it.

Because of the news provided by Tianyue, there seems to be nothing really useful.

Of course, knowing the eight-way two-way secret is not bad, maybe you can try it later.

Ye Xuan looked at the beast this day. This day, listening to the beast's talented supernatural powers is also considered good. It can be used for Ye Xuan. It is a pity that it is so killing.

With a wave of it, the Tianyue beast will directly engulf the space. After all, once it enters the engulfing space, it is completely controlled by Ye Xuan on this day. From then on, there will be no way to violate Ye Xuan's wishes.

Who said that Ye Xuan's heart is clear, the income engulfs the space, and the days of listening to the beast will not be of much use.

However, with the growth of the Law Tree, after all, the devouring space is gradually becoming stronger, and it will not be useful in the future.

I did not expect that even this day, there are not too many clues to listen to the beast.

Ye Xuan shook his head with a slight disappointment, and his eyes quickly gathered on the surrounding beasts.

These beasts are the genius of the demon **** domain. Perhaps in the future, they will become the enemy of the Kunlun gods and become the enemy of Ye Xuan. So at this moment, Ye Xuan's heart is ready to be killed!

The genius of these demon gods is not as good as the future, but it is better to kill it now.

Yes, Ye Xuan is going to kill the Quartet, because Ye Xuan is very clear, people here, one day, one day, will become the Kunlun domain, will become Ye Xuan's own enemy.

What's more, even if Ye Xuan does not do it, I am afraid that Ouyang Xue will not let go of these people.

It can be said that these geniuses are afraid that there is almost no one who has never eaten. In the eyes of the geniuses of these so-called demon gods, the Terran is just food. So, what reason does Ye Xuan have to give them a chance to live?

"Megatron, the magic weapon form, kill me!"

Accompanied by Ye Xuan's order, Megatron immediately launched and directly controlled the two sacred swords to rush out. At the same time, Ouyang Xue also rushed out.

Shuiyue Dongfu, since its establishment, has encountered a **** disaster for the first time. Another meaning of genius is the lack of strength.

They are called genius because their potential is high, but it is not how powerful their strength is.

Maybe in the future, they can all become strong, but at least for now, they don't have that powerful strength, and Ye Xuan will not give them time to grow.

The sacred swords are constantly flying, and the geniuses are directly falling.

Throughout the water and the moon, the mourning continued, the head and the beast genius turned into the body to try to resist, or escape, but unfortunately, there is no use, Ye Xuan and Ouyang Xue, as if two killing gods, killing all the way.

One, two, three...

Ye Xuan was too lazy to remember how many sacred geniuses he had killed, because there was no need at all. Anyway, as long as there were enemies in his vision, there would be no escape.

However, this kind of raging has not lasted for a long time.

During this time, the elders in Shuiyue Dongfu never stopped looking for the whereabouts of Ye Xuan and Ouyang Xue.

Now that the two appeared, nature immediately attracted the siege of the elders.

"Kid, dare to let go in my water moon cave house, find death!"

An elder quickly rushed to Ye Xuan, and his body continued to emit strong light, and while rushing to Ye Xuan, he had already launched his talent.

This is a strong man who has been cultivated by a huge porcupine. It can be said that he is the pride of the porcupine family. After all, the porcupine's talent is generally low, and it can be cultivated to the royal kingdom.

And this beast strong, is a seven-class waiter.

It is a pity that the seven princes in the district wait for the Emperor. In front of Ye Xuan, it is not enough to see.

Even Ye Xuan was too lazy to recall the sacred sword, but it was a boxing out, and the powerful force burst out instantly.

"boom!"

With a punch, just a punch, Ye Xuan will fly the porcupine elders out.

However, this punch did not require the life of this porcupine elder.

This porcupine elder was shot by Ye Xuan, and his heart was terrified. Standing in the distance, he continued to cough up blood, and he dared to move forward.

However, at this time, the other two elders had arrived, and the two first looked at the porcupine elders, and then they looked at each other and rushed toward Ye Xuan.

"Hey, the system prompts, specify the target four products in the middle of the king, it is recommended that the host immediately dodge!"

Is it three levels higher than Ye Xuan?

It is indeed very strong, but don't be the director of Ye Xuan's permanent title.

Just three levels higher, Ye Xuan is not in the eye!

The two elders each turned into a body, because both of them are just the kind of beasts that can exert their maximum combat power under the form of the body.

These two elders are actually a tiger and a lion!

"Roar!"

Two roars rang, and the two powerful beasts had launched their attacks.

At the beginning, I came to a tiger lion!

The violent sound waves broke out instantly, directly forming a huge whirlwind towards Ye Xuan.

However, such an attack, Ye Xuan still did not put it in the eyes, only to see Ye Xuan waved, it is a powerful force to launch, directly blasting that whirlwind.

The elders of the two great beasts have already attacked again. After the two people have transformed their bodies, they have not used any magic weapons, because their bodies have already been trained to surpass most of the magic weapons, even if they wave, they will have huge The claws of the light shine, compared to the light of the general magic weapon, not a little weaker!

Ye Xuan eyes a microphone, hands together, but immediately opened a law.

Brilliant Queen's Law!

The brilliant empress, once a generation of strong people in the mainland of the gods, she is good at the great supernatural powers, can be called no solution.

The first magical power, called the dance of brilliance, once launched, this magical power can make the enemy lose the ability of self-control within a certain range, and dance involuntarily.

Chapter 2442: Brilliant queen

And the second supernatural power, called the glory of glory, is a power that can use the power of light to condense a huge singularity, thus breaking the magical power of the wounded, this magical power can cause great within a certain range in a short time. Damage, coupled with the first magical power, naturally can cause great damage to the enemy.

In addition to these two supernatural powers, the third supernatural power is undoubtedly even more horrible. This third magical power is called the destruction of glory!

Once this magical power is launched, the target that is locked, as long as it is under the light, will be continuously hurt by the huge beam of light descending from the sky.

These laws of the body of the Lord are hard to obtain, and the cooling time is long, but undoubtedly, the damage that is erupted is also extremely terrifying.

At this time, Ye Xuan summoned this brilliant empress, only when it appeared, there was a horrible pressure.

The two elders, one tiger and one lion, were slightly wrong, but they did not give up the attack, but continued to move toward Ye Xuan.

At the same time, the two elders quickly rushed together and launched a combination of the two, the tiger lion!

The Tiger and the Lions are the perfect skills of the two elders under the tacit agreement of tens of thousands of years. It can be said that once the two people launch this magical power, it is almost equal to the perfect combination of the two forces. The attack power that comes out is not only as simple as one plus one.

Where the two went, the clouds were foggy, and even because of the speed, there was an extremely powerful cyclone around their bodies.

Unfortunately, even so, it is useless.

"Give me dancing!"

Ye Xuan's mouth hangs a smile, and with a wave of his hand, the brilliant dance of the gods immediately descends. The two elders suddenly discovered that their bodies stopped involuntarily, and even were dragged by some mysterious law to dance in the same place.

Although this time is very short, it is enough to make them fear, because Ye Xuan's new attack has been reached.

"The glory of glory!"

A huge light group directly surrounds the two, and then the light group shrinks quickly.

Ye Xuan looked at the light group and said in a faint voice: "Hey!"

At the same time as Ye Xuan spoke, the light group had already condensed to the extreme, and suddenly a loud noise suddenly broke out.

"boom!"

A loud bang, the constant condensed light power exploded in a flash.

The powerful force directly wrapped the two elders. After the explosion, the two elders had already blooded and had to land.

At the same time, Ye Xuan did not intend to let them go.

"The glory is gone!"

A ray of light descended from the sky, and the two elders stood together because of the use of the meditation, but now they have become the root of your fall.

In an instant, even an elder seems to feel that his body is melting.

In fact, their bodies are indeed melting.

The law of light, no matter how tough your body is, as long as it has not yet reached the true light, then you can refine it.

This glory is to use the law of light, but to destroy the enemy by means of refining.

In other words, the annihilation of the glory is to refine the enemy in the light as a material.

Of course, this refining will never yield results, because the end result will be melted!

What a horrible scene!

The two powerful elders of Shuiyue Dongfu actually melted in front of everyone!

At this time, the elders around, where dare to do it, all looked at Ye Xuan with horror.

One of them loudly pointed to Ye Xuan: "Who is the person who respects the car, and what is the festival with my Shuiyue Dongfu? My Shuiyue Dongfu is a public cave house built in response to the orders of the gods and adults. Any genius can enter the cultivation. There is no dispute with the world, why do you want to find me the trouble of Shuiyue Dongfu?"

Ye Xuan shook his head silently. Perhaps in this demon **** domain, you are not in dispute with the world. Unfortunately, the geniuses of these beasts that you cultivate will soon appear in the battlefield of the Lord God, and the Kunlun domain. For the enemy, then, Ye Xuan simply can not let them go!

Ye Xuan ignored the elders, but with a wave of his hand, he swallowed the dragon and the ring that the two elders of the tiger and the lion left.

Ye Xuan's calm and calm, but also let the elders around can not make up their minds, after all, no one knows, what is Ye Xuan?

On the other side, Ouyang Xue, taking advantage of his own realm, although there is no such powerful means as Ye Xuan, he has also killed several elders of the demon gods in a row, and they have no idea how many sacred geniuses to kill!

"Which is what I want to ask, why is it against my Shuiyue Dongfu? If my Shuiyue Dongfu is not right, then I am willing to compensate for the loss of my car, and please stay at the door immediately!"

Another elder spoke up.

The elder's body is a dark unicorn, so there is a constant entanglement in his side.

Ye Xuan looked at these people faintly, but he was not really ready to let go. Of course, Ye Xuan knew clearly that once these elders had all shots, they were afraid that Ye Xuan could not hold it.

What's more, the cave master and several strong men of the Shuiyue Dongfu have not yet appeared. Once they appear, Ye Xuan is not an opponent at all.

Ye Xuan, who knows how to accept it, still understands it. However, if you don't want to blackmail this water moon, you can waste it.

"Well, I can stop, but your disciple from Shuiyue Dongfu will swallow my family. How do you count this?"

Ye Xuan has no falsification in this statement. Isn't the Terran being used as a food by these beasts? However, Ye Xuan did not say that he was a human race. After all, if he said that he is a human race, he would only let those elders attack wildly.

When I heard Ye Xuan, the elders seemed to understand something, but obviously they wanted to marry.

Among the demon gods, many powerful races use weak races as food, which is quite normal.

However, this premise is strength. If the strength is not enough, then it will be eaten by others, and it will be unfortunate.

At this time, the elders apparently misunderstood the meaning of Ye Xuan, and thought that there were people in the ethnic group of Ye Xuan who were killed and swallowed by the disciples of Shuiyue Dongfu, so they came to revenge.

"It turned out to be the case, but it is a bit unreasonable to respect this drive. It is the kind of disciple of my Shuiyue Dongfu who does this kind of thing. You can find the trouble of his family. Why should I target my entire water moon?"

"Oh, is that, then those disciples say that they are disciples of Shuiyue Dongfu, and no one dares to hurt them. How can this be explained?"

Anyway, Hu Bian, Ye Xuan will not care so much.

"What, there is such a thing!"

When I heard Ye Xuan's answer, the elders were obviously angry.

And just then, a red figure descended from the sky.

"See the Great Elder!"

It turned out that the great elder of Shuiyue Dongfu arrived.

"Hey, the system prompts, the target is the top seven products, and the host is advised to dodge immediately!"

Seven products are superior to the Emperor!

Chapter 2443: deterrence

It can be said that Ye Xuan is impossible to fight.

Ye Xuan secretly vigilant, the heart has decided that the elders have changed, and immediately fled.

However, the next elders then let Ye Xuan stop.

"Since it is not my disciple of Shuiyue Dongfu, then this compensation must be given. The kid, the resource in this ring, is your compensation!"

After a wave, I actually gave Ye Xuan a ring.

Ye Xuan's heart is secretly confused, how is this guy talking so well?

No, I am afraid that things are not so simple. Sure enough, the elders once again said: "The kid, your ten-tailed **** fox family has lived in a secret world. When did you actually enter the mainland?"

Ten tail **** fox?

Suddenly, Ye Xuan thought of the body of the brilliant empress!

It turned out that the body of this brilliant queen is actually a ten-tailed **** fox. This elder is obviously misunderstood, thinking that he is a ten-tailed **** fox family.

After all, before Ye Xuan continued to use the three brilliant empresses of the supernatural powers, it is also the sacred magical power of the ten-tailed **** fox family.

Ye Xuan Ming realized this, his mouth was slightly tilted, and he was not able to manage so many foxes, Ye Xuan could not manage so much, as long as he got the benefits, then it would be enough.

"let's go!"

Ye Xuan waved his hand and took Ouyang Xueli without paying attention to the elder.

Obviously, this elder is extremely jealous of the ten-tailed **** fox family.

Looking at Ye Xuan and Ouyang Xue leaving calmly, some ordinary elders did not understand the practice of the elders. They asked: "The elders, so they can't leave them alone. They kill us so many disciples, once the disciples of those disciples are held accountable. How do we respond?"

The elders looked back at the elder and said faintly: "Tell them, whoever has opinions, go directly to the ten-tailed **** fox family and ask for sin, as long as they have that courage!"

"The elders, I don't know what is special about the ten-tailed **** fox, why are you so afraid?"

"Oh, the body of the Lord God, it's really a ten-tailed **** fox! You said, if the Lord God knows that his people are swallowed by my disciples, I don't know if you also have people killed by this person. But let me tell you the truth, pray, pray that this person will not be looking for your troubles, otherwise, the day of the genocide is not far!"

"what!"

Almost all the elders of Shuiyuezhong are discolored, and the body of the demon gods is very few people know, but they don't want the elders to know.

If this is the case, then let alone use resources for peace, even if they let the resources of the entire ethnic group hand over, they are willing.

All the elders found their descendants in their own family almost the first time, and no matter how much, they began to learn.

Because they are very clear in their hearts, this matter is not handled well, it is the disaster of the genocide!

And the body of the Lord God is called the board, isn't it what it is to find death?

Of course, Ye Xuan will not know that he mistakenly misunderstood and even pretending to be the same family of the demon gods.

At this time, Ye Xuan has opened the ring for the elders to give him.

However, when seeing the resources in the Qiang Kun ring, Ye Xuan is simply a surprise.

He was only because the elders gave a step, so they went down the steps and then left, but they didn't want to. The elders really gave him compensation, and it was rich.

It can be said that the resources given by the elders in this sacred ring are tens of times more than the total resources of Ye Xuan!

Of course, this is half of the inventory of the people of Shuiyue Dongfu, which is naturally a lot!

"System, classify resources, leave resources that are useful to me, other resources, and swallow them together!"

With Ye Xuan's order, the system directly classified, and soon, there was already a result. Among the thousands of resources, only a dozen of them were judged by the system to be useful to Ye Xuan. The rest was directly adopted by Ye Xuan. Devouring.

"Hey, the system prompts, the host breaks through, the current three products are in the middle of the king!"

Even rise to two realms!

Ye Xuan is very satisfied with this result. Sure enough, it is still necessary to robbery to get more resources and more benefits!

After leaving the Shuiyue Dongfu, Ye Xuan took Ouyang Xue all the way. After all, although Ye Xuan was not jealous in Shuiyue Dongfu, it did not mean that he did not understand the difference in strength. He knew that Shuiyue Dongfu did not say the hole. Lord, even the great elder, Ye Xuan can not match.

Therefore, Ye Xuan is ready to rob other places.

This time, Ye Xuan's goal is to find those saints!

The demon **** domain will be as powerful as those saints, and Ye Xuan is going to see how these saints are different.

The first goal of Ye Xuan is the closest Hope Mountain to Shuiyue Dongfu!

There is no hope in the mountains, living in this **** crocodile family, among the **** crocodile family, there is a saint, Ye Xuan means very simple, is to go to the sacred son of the crocodile family, because according to the day, The Son of the Crocodile is also a strong man of the Middle Emperor.

Ye Xuan is quite powerful, so Ye Xuan is going to have a look at what the Son of God has.

In fact, Ye Xuan did not want to leave here earlier, but the passages were sealed. It seems that the only thing that can be counted is the two-way secret that the eight gods will master. However, the Eight Great Gods will be so easy to deal with, so Ye Xuan When I want to go back to the Kunlun domain, I can say that I have more than enough energy.

Besides, in the demon **** domain, Ye Xuan can undoubtedly speed up the realm. After all, Ye Xuan can kill these beasts in an unscrupulous manner in the demon **** domain, thus quickly improving the strength.

After all, with the rules of the two temples, 10,000 years, Ye Xuan remembers very clearly.

Ye Xuan also remembers the power of that mysterious secret.

Therefore, only the level of promotion, only the level of promotion may be fast!

Three things, the first to find the whereabouts of the fall, the second to return to the Kunlun domain, the third may be faster to upgrade, and then go to the mysterious secret trial.

This is the most important three things in Ye Xuan's heart.

Therefore, Ye Xuan will go to find other saints. After all, looking for other saints can accomplish these three things at the same time.

Looking for the Son, then it is possible to know the whereabouts of the fall through other saints, even if one does not work, there are ten, one hundred, and one of them may know the existence of the fall.

And killing the Son, will undoubtedly be able to quickly improve the realm, strengthen yourself, then you can enter the mysterious secret test faster.

At the same time, there are many resources in the hands of every Son, and it is possible to find a way to the Kunlun domain.

Therefore, the Son is the best choice for Ye Xuan.

Chapter 2444: Poor human family

Wuwang Mountain, the mountain is the ruins left by the excavation of a Lingshi vein. However, the change of thousands of years has made it possible to rejuvenate itself, and at the same time, it has also spurred some changes to make this ruin a sacred place.

The crocodile family was not originally a beast here, but after discovering the natural spiritual pool here, it will not leave any more, forcibly dispelling the surrounding beasts and occupying this hopeless mountain.

Most of the time of the crocodile family is cultivated in the spiritual pool, and only a part of the guards stay around.

After all, when they occupied the hopeless mountain, they also made a lot of killings, which made them have to guard against it.

Even now, the crocodile still dare not relax their vigilance.

At this point, Ye Xuan and Ouyang Xue walked along the hopeless mountain, but did not want to, Ouyang Xue actually remembered something.

"Ye Big Brother, I remember here, in this ruin of the Hopeless Mountain, there is a Terran village. I have been here since I was a child. This village is a rare Terran village that can settle in one place."

Terran village?

From the beginning of this demon **** domain, most of the people that Ye Xuan heard were how the people were oppressed, but in fact, they have not seen many people.

Since there is such an opportunity, Ye Xuan naturally does not want to let go: "That line, let's go to this village first."

With Ye Xuan nodding his head, the two of them soon had Ouyang Xue leading the way and walked toward the front.

It was originally a ruin, so of course it was impossible to pass it.

The ruins of the Lingshi vein can be different from the ruins of ordinary veins.

Because of the Lingshi vein, this is the special material produced by the heavens and the earth, so it is naturally taken care of by the law. Even though the Lingshi in the veins has already been excavated, the rules are still there.

The digger of almost every Lingshi vein knows a legend, that is, the ruins of the Lingshi vein, even if it is excavated, it will take a long time to generate a new mineral mother, thus creating a new Lingshi vein.

What is a mineral mother? That is the treasure that countless people can't ask for.

Anyone who gets it can be of great use.

The biggest characteristic of the mineral mother is two points. The first one is to automatically condense the divine power between the heavens and the earth, and to promote various minerals. In fact, this is not to be said.

The key is his second feature, which is seldom known.

That is the law!

Those who have a mineral mother can get special blessings when they practice the law. Of course, it is difficult to get a mineral mother.

Even if it is a vein, it is not always possible to give birth to a mineral mother. That thing is simply an existence that cannot be met.

Now that Ye Xuan has reached the ruins of this vein, it is naturally a bit of hope.

"System, detect full open, look for minerals as much as possible!"

Ye Xuan told the system, and then the two went all the way.

Unfortunately, as the legend, the mine wants to get it, it is almost difficult, along the way, Ye Xuan did not receive the system prompt, that is, he did not find the mineral mother.

However, when Ye Xuan was preparing to give up, the system's prompts were screaming.

"Hey, the system prompts, the host should pay attention, the trace of the mineral mother is detected in front!"

Actually, there is a mine mother. It can be said that this is an unexpected joy.

"What is the front?"

Ye Xuan asked Ouyang Xue.

Ouyang Xue took a glance at Ye Xuan and then said: "The village is where the front is!"

The reason why Ouyang Xue is surprised is that Ye Xuan has discovered the speciality here, but where does he know that Ye Xuan actually only detected the existence of the mineral mother.

Ye Xuan heard Ouyang Xue's answer, there was not much, just moving on, and after a long distance, the two found a cave, and the cave was the entrance. The most peculiar thing is that outside the cave, There is actually the power of the law, which seems to construct a door that hides the cave ingeniously.

That is to say, unless you see it with the naked eye, you can't find it with God.

In fact, for the strong, more time to believe in their own mind, than their own eyes.

Therefore, even if there is a strong beast and strong person passing by here, if there is no abnormality in the mind, no natural observation will be made.

The cave is very hidden, even if someone looks down, it is difficult to detect the special.

It is no wonder that the Terran villages in this cave can escape for so long, all because of the hidden door constructed by the law.

At this time, Ye Xuan's heart was somewhat enlightened. I fear that it is the door of this law. There should be a certain connection with the mine. Perhaps it is very likely that the real guardian of this village is actually the mineral mother.

The two carefully walked toward the cave, because according to Ouyang Xue, there were countless institutional traps in the cave by people in the village.

Although these organs and traps will not threaten Ye Xuan, after all, the people in those villages have arranged these traps in a difficult way. Ye Xuan does not want to destroy such points.

After all, these are all people in the village, in order to prevent the beasts from entering the layout.

Fortunately, Ouyang Xue is still familiar with this place, plus Ye Xuan's thoughts are powerful, so it's all the way.

Soon, the two had already reached the inside of the cave, and there was a glimmer of fire between them. Ye Xuan was clearly visible.

"Who! Who are you!"

Suddenly, a big rumor came, and then I saw several Terrans rushing out. They held simple spears in their hands. These spears are not a magic weapon, but are made of certain vines. Imagine it.

But this is their only weapon.

"We are human, don't worry!"

Ouyang Xue said quickly.

Sure enough, it sounds like the Terran, those talents are not so fearful, but the vigilance does not relax half a point.

Knowing that Ye Xuan and Ouyang Xue have gone out, those talents have recognized the identity of the two people.

"You are, Xiaoxue?"

An older person looked at Ouyang Xue and asked in surprise.

"Yes, I am Ouyang Xue, Hello Lin Bobo!"

When I met an acquaintance, I was sure to make these people very happy.

The Terran, living a life of fear in the demon gods, like this village, there are even many people who have never gone out in their lives, but most of them who are out are not coming back.

Ye Xuan and Ouyang Xue were grandly hosted. It can be said that this village has come up with their best things to entertain Ye Xuan.

However, even so, there are only a few foods!

Chapter 2445: Mistaken mineral mother

The first one is a kind of moss plant growing in this cave. It tastes very bitter, but it is the favorite of people here because it is very common.

The second is a white worm that grows in this cave. It smells very bad and is very disgusting, but it is the taste of the human race in the cave, because this is the only meat they can eat.

As for the third type, it is an ore. This ore has very special characteristics and can be used as food in front.

It can be said that the living environment here is extremely bad. At this time, Ye Xuan's heart is very bitter. After all, these people are all of Ye Xuan's family, both human beings. However, they did not expect to live this kind of day. .

In the cave, there is a hole that is not too big, but the hole is experienced more than ten twists and turns. The mirror made by the people in the cave with the spar turns the sun to the bottom of the cave. This is the only place in the entire cave where the Terran is in contact with the sun.

Fortunately, here is the realm of the gods. The ten suns in the sky alternate, so the sun here is quite abundant. Unfortunately, because there are only hard stones in the cave, there is no soil at all, so no plants can be planted at all.

Of course, there is no way to house any beast.

Ye Xuan looked at it all silently. In front of him, there was a house with stones, which was the only house in the cave.

In this house, there is no living, but a stone is enshrined, that is, a mineral mother!

The mine mother is here to be enshrined as a patron saint.

Ye Xuan has no idea of wanting to get this mineral mother, and at the same time, has the idea of people who want to migrate here.

Therefore, just when these people were happy to ask about the situation outside Ouyang Xue, Ye Xuan made his own thoughts.

"I want to take you out of here, are you willing?"

Ye Xuan did not hesitate to ask these people directly.

Ouyang Xue was a glimpse first, and then his face showed an ecstatic look.

From this time of contact, Ouyang Xue is the most powerful to know Ye Xuan, Ye Xuan has countless secrets, but also has a very strong heritage.

At this time, Ye Xuan offered to move the people in this village, which is undoubtedly the best result.

So without waiting for those people to answer, Ouyang Xue was the first to excite and persuade everyone.

.....

Ye Xuan waited silently, he can come up with ideas, but how to choose is the decision of these people themselves. After all, Ye Xuan will not force them.

Soon, the people in the village have already decided.

Among the demon gods, the Terran is extremely united, because everyone is very clear about what kind of environment they are in, and they want to survive from those powerful monsters, only relying on the unity of the human race.

So at this time I heard Ouyang Xue's persuasion. There was almost no doubt in the crowd. After all, the Kunlun domain was powerful. They had heard that the Kunlun domain was a holy place in their hearts.

Now that there is such an opportunity, even if they know that there will be great danger, they are still willing to fight.

However, they misunderstood Ye Xuan.

What Ye Xuan wants to bring them into is a safer and more comfortable place.

That is the devour space of Ye Xuan.

This time, even Ye Xuan has specially transformed a region for people who can receive more demon gods in the future.

Here, Ye Xuan built a palace, surrounded by a variety of delicious food, and also accumulated a large number of cultivation resources, is to provide these people with a perfect living and cultivation environment.

In fact, Ye Xuan also noticed the special point here, that is, everyone here has amazing talent potential.

Perhaps those who have no talent have already been eliminated.

Among the remaining people, nine of the ten can be said to be placed in the Kunlun domain, and they can all be called geniuses!

Of course, it does not mean that Ye Xuan has no selfishness.

After all, after Ye Xuan let these people cultivate strong, they can also use it for themselves.

In the engulfing space, because of the constant transformation of the twelve laws of the **** tree, the cultivation environment has become better and better, so Ye Xuan believes that these people will love it.

In fact, these people just like to be so simple, in their hearts, this is like a holy place!

Even more perfect than the Holy Land!

Solving the problem of settlement in this village, Ye Xuan began to consider how to deal with this **** crocodile.

From the mouths of these people, Ye Xuan already knows that this village is actually built under the spiritual pool of the crocodile family.

This natural part of the crocodile family may let other beasts see their spirit pool, which is indirectly protected here.

After all, the power in the spirit pool is derived from the mysterious mine!

Therefore, it is inevitable that Ye Xuan wants to take away the mineral mother, which will naturally touch the interests of the crocodile family, and it is still the core interest.

After all, taking the mineral mother field represents the source of Ye Xuan's ability to take away the power of the crocodile family.

Therefore, when Ye Xuan swallowed up the income of these people, he did not dare to do it easily.

With one person fighting against a family, Ye Xuan will not be afraid, but he also knows that this is not a wise choice. After all, what kind of masters the crocodile family has, Ye Xuan does not know!

At this time, Ouyang Xue stood quietly beside Ye Xuan, Ouyang Xue did not know how precious the mine was, so she just saw Ye Xuan standing in a daze, slightly confused.

"Ye brother, what else do you have?"

Ouyang Xue asked Ye Xuan, in the heart of Ouyang Xue, Ye Xuan's power is beyond doubt, the means is even more heaven, so Ouyang Xue does not know why Ye Xuan will stop in place.

Ye Xuan was thinking at this time, so he didn't think much. He replied with a sigh: "I was thinking, how can I remove this mineral mother?"

While speaking, Ye Xuan also pointed to the mine.

Who knows, Ouyang Xue did not know the power of it. When she saw Ye Xuan pointing to the mine mother, she flew directly to the past and took it off.

"Ye Big Brother wants this thing!"

Ouyang Xue screamed at the eyes and asked quietly to Ye Xuan.

And Ye Xuan, it is very incomparable!

"You, how did you take him down!"

At this time, Ye Xuan has been able to feel that the energy that was instilled above at any time has disappeared, which does not allow Ye Xuan to be awkward!

It can be said that it is absolutely feared that the **** crocodile family is strong and knows what secrets this spiritual pool has.

The reason why there is no robbing is not the other reason, just worrying about whether taking the mine will have any effect on the spirit pool!

Nowadays, once the power of the spirit pool disappears, it is afraid that it is the strongest of the crocodile family. Even if it is stupid, it is known that there is a change under the spirit pool!

Ye Xuan still dared to delay, grabbed Ouyang Xue, and wanted to leave.

Unfortunately, it is already late!

Chapter 2446: Evolutionary sword

"boom!"

"boom!"

"boom!"

The continuous explosion suddenly sounded, and the strong ones of the crocodile family landed directly at the bottom of the lake. These strongmen are obviously more concerned about this mine than the ones in Ye Xuan's imagination, because they will completely surround Ye Xuan as soon as they appear. .

In other words, I am afraid that Ye Xuan will be in the surveillance of the crocodile family!

The reason why they have not changed, but did not put the Terran village under the spiritual pool in the eyes, and even with it, did not care about Ye Xuan!

Nowadays, Ye Xuan boldly took away the mineral mother, which undoubtedly touched the core interests of the crocodile family. They had to shoot!

"Damn, how dare you take the holy stone! Look for death!"

The strong man of a crocodile family roared at the **** of Ye Xuan, and the mineral mothers certainly knew it. However, this mineral mother is obviously a little special, otherwise it will not be called a holy stone!

Nine, a total of nine powerful crocodile and strong family members will completely surround Ye Xuan and Ouyang Xue.

Through the system, Ye Xuan can know that among these people, even the weakest ones have even reached the top three kings, and the strongest person is actually a strong man of the six kings!

It can be said that Ye Xuan is powerless to resist, this is the biggest crisis that Ye Xuan encountered!

How to do!

In the heart of Ye Xuan's thoughts, the strongest of the nine gods and crocodiles will be surrounded by Ye Xuan. If he does it now, he will die!

And if you want to escape, it seems that you can't do it. In a flash, Ye Xuan quickly thinks about his own cards, but unfortunately, useless!

Now Ye Xuan, there is no one card that can compete with the strong power of the nine great crocodile!

Once you start, you will die!

After all, in addition to the strong one of the six kings and the royal kingdom, there are two masters of the middle gods!

The title of the former title of the title can make Ye Xuan challenge in the same invincible, even able to fight alone!

However, it does not mean that Ye Xuan can fight against the strong of the three superior gods!

Battle, will be defeated!

escape!

No way to escape!

Of course, it may not be impossible to release the swordsman, but don't forget that this is the site of the crocodile family, and these nine people, Ye Xuan will not believe that it is all the strong people of the crocodile family!

It's even hard to say that these nine people are just a team of guardians of the crocodile family!

"Ouyang Xue, don't resist, I will send you away, you are here, it will only drag me!"

At this time, Ye Xuan has not considered so much. Originally, Ye Xuanbing was not prepared to engulf Ouyang Xue's income to engulf the space. However, the current situation is not acceptable, so Ye Xuan will take Ouyang Xue into the swallow space. .

As Ye Xuan said, there is no Ouyang Xue here, and Ye Xuan's actions are less of a concern.

At the same time, the mine has arrived in the hands of Ye Xuan.

At that moment, the system prompts up!

"Hey, the system prompts, detects special resources, Sacred Heart Mine!"

At this time, Ye Xuan has not paid attention to the system's prompts, and is thinking about countermeasures quickly.

However, the sacred sword has a reaction!

This is the situation that Ye Xuan has never encountered since he got the sword.

You must know that the sacred sword is now a Megatron as an instrumental spirit, but Megatron can't control the sacred sword. Obviously things are never simple!

Sure enough, in the blink of an eye, the change has begun!

From the sky, the nine bright pillars of light suddenly appeared, and the nine beams of light are even more strange, once they reach the sacred sword, they quickly condense!

absorb!

It is absorption!

The sacred sword is actually absorbing the power of the nine rays!

Even Ye Xuan didn't know what power the nine lights represented, but Ye Xuan knew that this was not a simple matter.

"boom!"

Another loud noise, a powerful and powerful crocodile strongman directly fell, even just the momentum, it has already made Ye Xuan creepy!

"Stop him! The power of Xuanguang can't let him take it away!"

When the strong one appeared, he shouted loudly.

And the nine **** crocodile strong, did not hesitate, and flew toward Ye Xuan.

Ye Xuan is in the heart, not to mention nine, even if two or three of the strong players join hands, Ye Xuan is also difficult to deal with, not to mention there is a super strong sitting!

At this time, Ye Xuan is even ready to enter the swallowing space to escape temporarily!

However, the next scene, let Ye Xuan stop the action, at the same time, it is even more shocking.

I saw that the nine people flew over Ye Xuan, but even they were not close to Ye Xuan, and they were blocked by a strange energy.

Invisible and colorless, no matter what the naked eye or the mind, it can't be detected at all.

However, the effect is obvious. At this time, the nine people were blocked and could not break into it.

Their roar, Ye Xuan can clearly hear, their attack, Ye Xuan can also clearly feel.

But along with their attacks and themselves, they simply can't enter that ring!

Ye Xuan did not understand why this was, but knew that he was temporarily safe.

At this point, the **** crocodile super strong face is filled with regrets.

Because only he is clear, the mineral mother is not an ordinary mineral mother at all, and he knows more about the speciality of this mineral mother.

There are countless treasures between heaven and earth, and the unique treasures that can refine and strengthen the magic weapon are naturally numerous.

Some treasures may have a flat appearance, but they are extremely powerful.

And some treasures are hidden in the treasures of the public, people who do not know the goods will never find out.

This mineral mother is such a special mineral mother. The most important thing for this mineral mother is not his material itself, but his special attributes.

This piece of mineral mother can be used as a traction to guide the power of Xuanguang for the magic weapon.

Just like what is being done now on the sword.

The magic weapon of Xuanguang's tempering is of course not a leisurely one. The magic weapon that has been tempered, the attributes of all aspects can be greatly strengthened, and the quality will be improved.

Therefore, such a different treasure can be said to be a good thing that can be encountered and not available.

At this time, the super-powerful person regretted it incomparably. If he had no eyes and no pearls, he would not recognize this mineral mother, and how could he lose his hand.

You must know that such special treasures are generally only one time.

Therefore, after the use of Ye Xuan, this is originally a magical treasure, but it is abolished.

At first, although the **** crocodile found that this mineral mother could make the spiritual pool gather mysterious energy, but did not think much, but mistakenly thought that it was special, but who knows, now the mystery is revealed, but this is the result .

Such a heavy treasure did not say no, the Lingchi has also been destroyed, which makes the **** crocodile how to accept.

Looking at Ye Xuan, the super strong man said with a gnashing of his teeth: "Give me a man, surround him, that magic weapon, the deity must be fixed!"

Chapter 2447: Become a treasure

Since he did not get the mine, the **** crocodile super strong, they decided to take the sword.

The mysterious power is constantly being poured into the sword of the sacred sword, and the sacred sword is rapidly changing.

On the periphery, the crocodile family constantly has strong people coming in, and Ye Xuan is surrounded by the group. In the interior, Ye Xuan can only silently look at the sword, waiting.

Of course, Ye Xuan's heart is constantly thinking about countermeasures.

The current situation is already obvious. However, the **** crocodile is a must for the mine mother, and once the light is scattered, the evolution is over, fearing that the battle begins!

Shenmu Swordsman has been released by Ye Xuan. After all, Shenmu Swordsman has a powerful and incomparable defensive power. Perhaps, relying on this powerful defensive power, it can bring a glimmer of life to Ye Xuan!

To be precise, Ye Xuan will not let go of any means, but Ye Xuan will do anything that can help Ye Xuan now.

Time passed, I thought that this evolution will not last long, but the reality is not the case.

At this point, it has been seven days, and the light is still not scattered!

It is like a nine-spot light column that is like a sky, even if you want to cover it, there is nothing you can do.

So, finally, there are new animals and animals coming over.

After all, under that powerful light, anyone will feel that it is born out of the treasure!

Then naturally, those who see this light will not let go of the opportunity to seize the treasure!

"Haha, the old man is going to have a look, what a good thing is, and it is such a big move!"

At this time, another strong rushed to the scene, and the sound of a thunder like a thunder broke out.

"It's the Shen Gu old man in the Dragon Valley of the God Valley! He is not going to travel, how come back so soon?"

Someone whispered, obviously, this Shen Gu old man seems to be quite famous.

For a moment, Ye Xuan saw an old man with a face of the old man, but with four arms and six thighs covered with fish scales.

Every time the old man stepped out, he would shake the ground like an earthquake, and with his footsteps, the strong people of the crocodile family kept on making a road.

Obviously, even the many strong people of the crocodile family do not dare to block the road of the old God Valley.

.....

"What is it, has such a strong light? My, it's mine! Haha, it's mine!"

Another sound sounded, accompanied by this sound, a top of the four nine products waiting for the emperor's realm, the shape of the beautiful seductive beauty carried by the beautiful sedan flew over.

The car is coming, but the sound is already out of nowhere.

"Different treasures are born, it seems that it is a bitter and bloody, sad!"

A bald man with six strange snake tails suddenly appeared, and his words seemed to be full of sadness, but he did not know why he was sad!

.....

One by one, the strong ones constantly appear. The crocodile family who was originally the landlord was forced to squat only because the crocodile family is very clear. These strong people are not so good.

Someone gathered together, staring at the surroundings, waiting silently.

Some people arrogantly looked around, as if they wanted to stir up trouble.

Some people are so quietly looking for a location, do not care.

Constantly strong people join here.

Ye Xuan was a little bit sorrowful, because he found out that he had become the target of these people.

In the past, Ye Xuan also often participated in treasure hunting and winning treasures.

However, it has become a treasure and has become the object of robbing by others. This is a novel experience.

Of course, with more and more strong people, Ye Xuan's heart is more secure.

After all, in general, as long as it is a treasure, then there will be a **** battle, and the people who win the treasure will not be divided into high and low, so no one wants to steal the treasure.

Nowadays, countless strong people gather, and each one is eyeing Ye Xuan. Naturally, Ye Xuan is safe.

Because no matter who is the first to attack Ye Xuan, no doubt will be immediately besieged by others.

Therefore, Ye Xuan has the opportunity to fish in troubled waters.

Of course, it is not that Ye Xuan is already safe. Today, Ye Xuan is just an opportunity to get it. Can you grasp it? Can you leave it successfully? It is still unknown.

The ray lasted for thirteen days!

In these thirteen days, the powerful light completely surrounded Ye Xuan and the Sword of Excalibur, and was protected from the surrounding beasts.

And the thirteen-day time is enough to let countless strongmen arrive. At this time, gathered in the periphery of Ye Xuan, there are already hundreds of strong people, of course, there are tens of thousands.

The periphery has now been divided into three layers. The first layer is the hundreds of strong people, each occupying a position, and no one has changed. Of course, there are also people who know each other.

Subsequently, it is a group of people like the crocodile family, because it is a group, all of them are numerous, the strength is extraordinary, and they have a strong power.

As for the outermost, they are the beasts who come alone but have insufficient strength.

These sacred beasts know that they are not qualified to participate in the treasure, but they are not willing to leave so easily, so they are gathered around, silently watching the changes in the situation.

It seems that I am also trying to fish in troubled waters.

The radiance disappeared, but the evolution of the sacred sword did not end immediately. The sacred sword was hung above Ye Xuan's head, and the powerful force was continually radiated. The outer barrier was more and more powerful, even Not only is defense strong.

The beast and the beast strong saw the light recede, thinking that with the opportunity, they rushed up, but did not want to not only break through the barrier, but also rebounded by the barrier, so that it was seriously damaged and fled.

No one knows why the barrier is so powerful, but everyone knows that unless the barrier disperses itself, don't want to break through.

Originally, Ye Xuan thought that the evolution of the sacred sword had nothing to do with his soldiers.

But this time, he was wrong.

Megatron still can't enter the sacred sword, but the sacred sword is directly above the head of Ye Xuan, and the mysterious power of a strand is continuously input into Ye Xuan's body.

This power is extremely destructive, and Ye Xuan is simply unable to resist.

Sword body training!

It turned out to be a sword body!

Those who know the goods are horrified, and the look is full of envy.

The sword body is refined, and it is the singular phenomenon of the spirit of the sword. The sword is psychic. When he gathers enough power and has a strong feeling for the master, he will use his own strength to wash the master's body.

Such scouring can be said to be extremely rare. Not only is the quality of the Excalibur extremely high, but it also requires extremely powerful support. In addition, the Excalibur itself has a very strong feeling for the owner.

And the last point is the hardest thing.

This is the Excalibur itself, not the Excalibur!

In fact, being able to do this step means that the Excalibur has been initially intelligent.

This is not the role of the spirit, it is the evolution of the sword itself, how rare is this?

Chapter 2448: Winning the treasure

As the saying goes,

Thousands of swords are open!

100,000 Kailu has a good idea!

Million spirits get God!

If God feeds back forever!

This sentence shows how rare it is for the sword to feed back the master. Of course, it is precisely because of this, so it is almost equal to find death when you want to disrupt the sword at this time.

Legend has it that once a super strongman tried to stop the Excalibur from feeding back the master, his success was successful because he was very powerful and surpassed the realm of the man.

Unfortunately, he himself was directly killed by the Excalibur!

When the sword body is being refined, it is often that the Excalibur has been greatly strengthened, so that it can explode extremely powerful forces. How powerful is the sword in the process of sword body tempering, no one can be clear, after all, The person who tries to explore only has an ending.

Nowadays, it is impossible to see a sword body wash here and say that it is impossible to surprise those people.

Of course, it is precisely because of this, so those beasts are more certain, must win the sword!

After the sword body is finished, it will end sooner or later. Once it is over, the sword will return to its own state. At that time, the beasts will naturally be able to snatch.

Although I have never heard of the ability to have a sword to carry out the second sword body training, but since it is able to do the sword body training, it has proved that the sword has a very strong foundation, not to mention, everyone naturally sees that nine. Dao Xuanguang was originally injected into the sacred sword, so it is natural to know that the sacred sword is also tempered by itself while practicing the sword.

.....

At this time, Ye Xuan clearly felt the changes in his body. It can be said that every cell in his body is undergoing a very strong change, and a sword is constantly pouring into Ye Xuan's body. The sword is actually directly integrated with Ye Xuan's body, and these forces are only one tenth!

A total of nine out of ten of the forces poured into Ye Xuan's Pavilion, and three thirds poured into Ye Xuan's soul and thoughts.

The changes in mystery are constantly going on.

The most intuitive and strongest is Ye Xuan's godhead.

The gods have no fixed shape, no one has different goddesses, and most of the gods are a mysterious force, changing at any time.

However, Ye Xuan's godhead is now agglomerated and turned into a sword-like appearance!

Sword body!

Although Ye Xuan does not know the usefulness of such changes, but also knows that this is absolutely only good for himself!

The most intuitive change is the godhead, but the most dramatic change is the gods.

At this time, Ye Xuan's **** thoughts gave birth to a new magical power, the sword of God!

This sword of the gods has not only just condensed the gods into swords to kill the enemy, but the real magical power.

Sword of God: There is a chance that a single blow will kill the enemy, and there are a lot of chances to punish a 10,000 times crit! The sword of God's mind comes with the function of locking the enemy. Once released, no matter where the enemy flees, the sword of the Excalibur will never stop chasing until the enemy is killed or the energy is exhausted.

The ability of the sword of God to read, the sword of God will be able to combine the six-character power of the word, the power of the six-word mantra into the sword of God, strengthen the attack!

.....

Can you still have this ability?

Ye Xuan is slightly happy, and the six-character mantra can be combined into the mind of God. In addition, the special ability of the sword of God to lock the attack permanently is a good combination.

It's certainly worthy of Ye Xuan's great thing to change things like usual, but now, Ye Xuan really can't like it. After all, now Ye Xuan doesn't know if he can leave.

The sword body has been tempered for a while.

But the coming will still come. At this time, the sword body is finished, then the war is naturally outbreak.

"boom!"

A loud noise, the first to start is the God Valley old man, only to see that the Shengu old man suddenly turned into a streamer, and then rushed toward Ye Xuan.

The color of greed in the eyes has been revealed.

Shenmu Swordsman did not need Ye Xuan's instructions, and quickly guarded the side of Ye Xuan, waiting for the old man of the Valley of God to attack.

However, it is clear that the Shengu old man wants to start with Ye Xuan, but it is not that simple.

"Shengu old man, you don't want to eat alone!"

A violent drink, and a strong person directly shot, but the attack is not Ye Xuan, but the God Valley old man!

"bump!"

The two quickly docked in the air, and then they both scored.

"From Tianshen Peng, what do you want to do!"

"Hey? I want to do it, this should be, I should ask you, right?"

.....

"Yeah, God Valley, you are a bit uncomfortable, and the treasure is born, why do you want to be alone?"

.....

In fact, everyone knows very well that this melee is inevitable, but the system does not want to be the first to shoot, and the Shengu old man suddenly hands-on, undoubtedly violates the interests of everyone, then it will be normal to be blocked by others.

The Shengu old man had no choice but to go straight to the gods and rushed up. The two quickly fought together.

At this point, some people have already played against each other, while others are not idle at all. Don't think that they will feel at ease where they look good. Ye Xuan's strength is weak. It can be said that in the eyes of these powerful people, it can be said that anyone can kill.

And such a heavy treasure, everyone wants to get.

Therefore, the people who take risks are naturally inevitable, but no matter who shoots, they will be immediately stopped.

Ye Xuan has been watching with cold eyes, so he sees the most clearly.

The God Valley old man and the **** Shenpeng, at the root of the concert is a good show, don't look at the two men's big shots, but they don't have a dead hand. That is to say, the two of them, from the beginning, are ready to disturb this scene. Bureau!

At this time, the war broke out everywhere, and the strong men each looked for their opponents and fought in a group, but there were actually several people who were not really shot.

Ye Xuan does not understand the current situation. After all, if Ye Xuan himself explores treasures, or in the Terran territory, there will be no such chaotic situation in the treasure.

However, after all, it is a demon **** domain, so some things are not normal in Ye Xuan's expectation.

Of course, Ye Xuan himself is not easy.

There is no chance to go naturally. The sword has returned to Ye Xuan's side, surrounded by Ye Xuan's body under the control of Megatron, and Shenmu Swordsman is also guarded by Ye Xuan.

However, these do not give Ye Xuan a sense of security. After all, in addition to those who are strong, there are many people who try to win the battle.

In the hearts of these people, once they have won the sword and successfully left, then the strength will be greatly improved, even if they do not use it, once they go out, they can get a lot of cultivation resources.

Such a huge interest is enough to make people take risks. Therefore, there are already monsters secretly attacking Ye Xuan!

Chapter 2449: Living method

At this time, although Ye Xuan raised his vigilance, he did not care too much. Even in the subconscious, he did not feel that there would be an enemy attack.

But at that sudden moment, a faint to almost imperceptible change suddenly broke out.

Also lost Ye Xuan's current thoughts were once again strengthened, and the location of the outbreak was just not far from Ye Xuan, so it was only time to react.

However, even so, what Ye Xuan can do is only slightly offset from where he stands.

"boom!"

A loud noise, and at this time, Ye Xuan knew that the attack on him was a red light, but if it was a fine hair, it was powerful.

Shen Mujian waited in front of Ye Xuan in the first time, blocking most of the damage for Ye Xuan, but even so, Ye Xuan was directly hit by the force.

The power of violent, let Ye Xuan be instantly hit like a high altitude, but in the sky, someone is waiting for Ye Xuan, this is a person with a pair of wings, accurately said to be a beast, but Ye Xuan does not know what race he is.

When Ye Xuan was shot to the sky, the man broke out a large net in his hands, trying to trap Ye Xuan.

"The power of engulfing the law!"

Ye Xuan was shocked and already knew the purpose of this person. This guy, I am afraid that is the person who used the red light to fly Ye Xuan to the sky. It is also in his calculations. His purpose is to be fast. Let Ye Xuan walk away!

"Hey, specify the target, the six products are superior to the gods!"

It is also a superior **** kingdom!

Although, at this moment, in this area, the six-element superior emperor is actually not so powerful, but for Ye Xuan, it is still a big enemy.

It can be said that if it is really hands-on, Ye Xuanbing does not have much chance of winning.

Unfortunately, this guy is using the power of engulfing the law, then don't blame Ye Xuan to crack his network of rules!

Play in the face of Ye Xuan to swallow the law, not to mention a superior **** in his district, even if it is a god, even the gods, it is not necessarily able to play Ye Xuan!

After all, Ye Xuan's biggest card is the power to swallow!

At this point, the man swears, he thinks he has won the prize, and even has a laugh at his mouth, waiting for Ye Xuan to fall into his network of laws.

However, Ye Xuan's fall into it, but it is not the result of that person's imagination.

The shining net of the law, but it has surrounded Ye Xuan group, but unfortunately, did not follow the call of the person back to him.

At this moment, the man finally noticed an abnormality, his brows were slightly wrinkled, and he wanted to retreat, but he was reluctant to leave.

After all, he knew in his heart that if he didn't leave, he would attract the attention of others. When he wants to go, he can't go away.

But seeing that Ye Xuan has fallen into the network of his laws, he certainly can't bear to leave so easily.

He did not know that Ye Xuan was trapped in the net of the law of engulfing the law at this time, but it was not affected by the slightest influence. Instead, the net that swallowed the law was actually controlled by Ye Xuan.

.....

"Bold!"

The man was only hesitant, and there was already a strong person who noticed the change here. As soon as he broke out, five people immediately attacked this side.

It was another bang, and the moment was full of enthusiasm. I felt that I had successfully trapped Ye Xuan. The guy who had the chance to escape was bombarded by five strong men at the last moment and turned into a **** fog. The dead could not die.

When the man died, Ye Xuan took control of the law and fell to the ground.

On the surface, it seems that the net of this law has no control of the owner, so it will fall.

No one knows, all this is Ye Xuan secret control.

The five strong men glanced at Ye Xuan, who was trapped by the net of the law. No one even grabbed it, but once again silently retired and continued their battle.

In the heart of Ye Xuan, the behavior of these beasts can be said to be stupid.

Of course, if these beasts are not stupid, he Ye Xuan has no chance to live.

At this time, with Ye Xuan as the center point, there are battles everywhere, and there are always beasts and fallen, and they are like Buddhas. The fundamental purpose of these beasts is not to rob the treasures, but to fight purely.

The law of the net is slowly losing power, fearing that it will not disappear for a long time, it will disappear completely, but Ye Xuan does not care at all.

Ye Xuan looked around silently, but there was also an idea in his heart. These beasts were madly killed. For Ye Xuan, it is not an opportunity to improve their strength.

In any case, if you can have more powerful power, then you will have more chances to escape.

Therefore, in the case that all the beasts have not noticed, on the battlefield, there are constantly disappearing bodies of the beasts, some of which are whole bodies, and some are lacking arms and legs.

Of course, the whereabouts of these bodies are not to be understood, and naturally they are swallowed up by Ye Xuan.

"Hey, the host breaks through, the current four products are in the middle of the king!"

"Hey, the host breaks through, the current five products are in the middle of the king!"

With Ye Xuan constantly consuming the bodies of the beasts, and the realm is constantly improving, Ye Xuan's movements are very careful at the beginning. After all, fears will be discovered, causing unnecessary trouble, but who knows, even Someone found Ye Xuan's action, and it didn't matter at all.

Therefore, Ye Xuan has instead magnified the courage.

Of course, even so, the body that can be swallowed by Ye Xuan is limited. After all, Ye Xuan is now trapped in one place, and it is impossible to collect the bodies around, so he can only get close to the body.

Fortunately, even if these nearby bodies are incomplete, they are all owned by the strong, so Ye Xuan also has great benefits in collecting these bodies.

In a short time, Ye Xuan just swallowed the body, letting Ye Xuan break through to the first king of the world!

However, such a collection cannot be continued, because Ye Xuan knows clearly that although these beasts are not in the scuffle, no one cares about him, but as the battle progresses, the beasts left here will naturally be the most powerful.

Ye Xuan has already had an idea in his heart. At this time, Ye Xuan can only let the flower **** sword waiter to make some sacrifices.

The moment when the chaos law disappeared, Ye Xuan disappeared together, because Ye Xuan had already hid in the swallowing space, but in the original place, he left the flower **** sword waiter.

To be precise, it is the flower **** sword who first escapes in the distance, and the direction of escape is the position of a strong person.

Under the command of Ye Xuan, the flower **** swordsman carries a soldier who looks like a sacred sword. Although he deliberately hides, he deliberately gives off a hint of breath.

When the flower **** sword waited for the strong person, he did not hesitate to hand the gods to the strong.

The strong man would think so much, so he took it in the past. After all, this **** is so similar to the sword. This is the high imitation that Ye Xuan spends a huge amount of faith from the system store. Product.

Chapter 2450: Encounter ambush

No matter the appearance or the charm is almost the same as the sacred sword, at least, it is difficult to see the difference without careful observation.

And after doing all this, the flower **** swordsman directly committed suicide!

The strong man did not respond at all. At this time, he still did not know what happened to the society. He held a fake sword in his hand, but he looked at the flower **** sword and gave him a slight mistake!

.....

"Hong Hao! You dare to do it!"

Suddenly, next to this strong person, think of a voice!

It turned out that some people also noticed the change here. When he saw the Ye Xuan figure in the net of the law has disappeared, it is naturally misunderstood in the combination of the fake sword in the hands of the strong!

So at this moment, some people did not hesitate to rush to the super strong.

"What are you doing?"

The man asked in confusion.

Unfortunately, no one cares about him at all.

"boom!"

A boxing out, the strong man named Hongjun has not figured out what is going on, he was shot and flew, and the fake sword in his hand has already changed hands!

"Fast, different treasures are there!"

Accompanied by this sentence, in a flash, the strong man who won the fake sword did not have time to look at the sword, and he was already besieged.

.....

The chaos erupted, this time, more **** and cruel.

If you say the previous battle, the gods only used three points of strength, then at this moment, it has already taken out 12 points!

The beginning of the killing, **** and brutal killings, but the moment has already made the whole sky red!

Ye Xuan is able to see the changes in the outside world while consuming the space.

Accurately speaking, Ye Xuanbing did not fully enter the phagocytic space. After all, the difference between the speed of swallowing space and the speed of the outside world is too great. Ye Xuan completely enters it. In fact, it is not a very wise choice, so Yu Xuan now The position of standing is actually the engulfing space.

Here, Ye Xuan can hide all his breath, but it can keep the same speed as the outside world, so in this position, it is a very good choice.

Ye Xuan silently watched the killing of the outside world. Although this killing was actually caused by him, but Ye Xuanbing did not bear the slightest, the strong of these demon gods, even if all died, Ye Xuan would not blink his eyes. Guy, **** it!

The landslide is not enough to describe the current situation. At this time, in the sky and above the ground, there is a scent of killing everywhere, especially around the counterfeit sword. It is even more terrifying.

A strong person fell directly on the spot!

The sky has broken and the earth is already blood red!

Countless strong people have turned this area into a place of 40,000.

And the fake scorpion sword, but in the hands of a strong person to pass.

It's a pity that any superpower who gets it will be killed in a moment!

However, one person dies, but another person will take over immediately.

Life is not limited, fighting is endless.

These people are completely crazy!

Has been completely turned into a madman!

Ye Xuan's heart was scared because he knew until now that there were countless beasts hiding in the dark. These beasts were hidden in the dark and did not participate in the battle. They appeared when they were.

Moreover, it seems that the hidden people are far more than that.

There are strong men in the clear moments, but there are still countless strong men who continue to go forward, life at this moment seems to be worthless!

Of course, all this has nothing to do with Ye Xuan.

Ye Xuan is just waiting, waiting for the center of the battle to stay away from here.

Everyone who got the fake sacred sword and the beast strong, did not leave immediately, there is no time to detect the true and false, and even if someone finds that there is a problem with the fake sword, no one will listen to his explanation. .

Therefore, the center of the battle is constantly moving away.

day after day!

Usually, it may take only half an hour to walk away. Now, it takes three days!

This distance may not be too far, but Ye Xuan can't wait any longer. After all, it is inevitable that there will be strong doubts. Once I look back, I will not be trapped here.

Above the broken earth, let anyone know that there has been a fierce battle.

It's not enough to describe the decline here, it's hard to say that even the bigger stones are no longer there!

Suddenly, in the mud, a small mound suddenly moved, and a shadow was seen.

When the figure appeared, he did not hesitate to escape in the distance!

I didn't hesitate for half a minute!

This person, it is Ye Xuan, at this time Ye Xuan will dare to stay half-point, almost exhausted his full speed.

Moreover, even ready to transfer into the mysterious trial space at any time.

That trial space, because the strength requirements are too high, so Ye Xuan clearly, he is now in, there is no use at all, and the opportunity to transmit only a few times, so Ye Xuan is not willing to waste.

However, if there is really a strong person to chase, then Ye Xuan may have no choice at all.

Ye Xuan is extremely fast. At the beginning, there is really nothing unusual.

But when Ye Xuan was not able to walk less than three million miles, he found that he was locked up by several thoughts at the same time!

Ye Xuan's brows are wrinkled. It seems that there are still clever beasts who doubt the position of the net of the law, so there will be this scene.

Obviously, these people are directed at Ye Xuan.

However, the only thing that let Ye Xuan rush to a sigh of relief is that since these people dare to expose themselves now, it means that they are not super strong.

Of course, what exactly is repaired, Ye Xuan does not know at all!

Ye Xuan fled very fast, because he is very clear, even if he is now locked in his enemies is not too strong enemy, but once he is entangled, then I am afraid there is no good fruit to eat.

.....

Unfortunately, the enemy obviously will not let Ye Xuan escape like this!

"Boom! Hey!"

A loud noise, while a water wall appeared so sharply around Ye Xuan, exactly, a water polo will completely surround Ye Xuan!

Water system enchantment field!

This turned out to be a special area of the water system!

Moreover, it is not a field that is arranged by one person, but a field of formation that many people jointly display.

"System, what is this area?"

Ye Xuan asked in confusion, this area does not seem to be too powerful, at least on the surface.

The light blue water surrounds this area, and at the same time, the air in the center is extremely humid. However, the power is very gentle, and people can not feel the slightest threat.

So Ye Xuan will feel that there is no threat.
