

Super D. S 2461

Chapter 2461: rush out

Ye Xuan is certainly not wrong. However, his practice has always violated the interests of some people. Together with the order, it can be said that Ye Xuan did not think that all the dangers will erupt at the same time!

In the beginning, those who saw the sacred sword in the restaurant looked for Ye Xuan, ready to kill Ye Xuan in one fell swoop, and then seized the sword.

But they haven't had time to get it done, but they have been dealt with by another group of people.

However, this group of people is not to help Ye Xuan, but because they want to retrieve their lost things from Ye Xuan.

These people, it is the casino bookmakers who have been ruined by Ye Xuan's challenge!

Don't underestimate these bookmakers. Since they are setting up casinos here, it is natural that they belong to their own forces. They just don't know the bottom of Ye Xuan at first, so they didn't do it!

Until a wanted order was conveyed to the **** seven nights!

This is a wanted order issued by several superpowers!

Naturally, these powerful people represent several forces with strong strength!

The content of this wanted order is very simple, only the portrait of Ye Xuan and the mission description!

This time, the major forces are counted as blood, and the rewards that are offered are generally difficult for ordinary people to reject. It is only a stone, it is a full billion!

One billion Lingshi! This is a crazy number, not to mention the countless treasures besides this one billion stone, but the renting of the land is a full ten times!

A reward for countless people crazy!

A reward that makes it difficult for anyone to refuse!

Fortunately, this time the big powers released the wanted order publicly, so Ye Xuan also received the news in the first time.

Silently standing on a loft, two sacred swords have been wrapped around Ye Xuan, and the law **** bow is held in the hands of Ye Xuan.

Shenmu Swordsman and Huashen Swordsman are also silently guarding Ye Xuan!

In front of them, countless beasts!

These beasts, after receiving the wanted order, arrived at Ye Xuan for the first time and surrounded Ye Xuan.

Their strength may not be strong, and even the top of the gods are only a few.

However, Ye Xuan is very clear that these people only need to trap him for half a tea time, then Ye Xuan do not want to leave here today!

"kill!"

Ye Xuan suddenly screamed, and the whole person had already rushed toward the thousands of enemies!

The hurricane and blood rain only fascinated the entire sky in a flash!

At this point, Ye Xuan has stopped at all.

As long as he is trapped here, Ye Xuan must be degraded, so Ye Xuan still dares to hide strength!

"Starting the law, a thousand child prodigy!"

Another new law is being opened!

The law is extremely difficult to obtain, and the cooling time is extremely long!

It can be said that the law is the final card of Ye Xuan!

But at this time, Ye Xuan still hesitated.

The thousand-handed prodigy is said to be a boy who cultivates special supernatural powers. After millions of years of continually honing his own hands, he later got a special supernatural power and a thousand hands!

Thousands of hands and gods are to link thousands of arms with the body by special means, so that the body has the ability to control thousands of arms.

This is not a simple means of concentrating the ability to form, but a real divine power, and the mind is chanting.

It is said that it is difficult to find a few supernatural powers that can be reconciled with the gods and the supernatural hands.

.....

The sacred swords have already rushed out, and under the control of Megatron, they have become pioneers.

Ye Xuan is in the forefront, and any enemy who dares to block in front of Ye Xuan will be killed by him one by one!

A **** road formed between the moments, that is because Ye Xuan rushed from here!

This time, Ye Xuan is too lazy to swallow the bodies of these low-level beasts, all the bodies of these low-level beasts paved into a **** road!

.....

All the way, Ye Xuan did not encounter any decent blocking, until Ye Xuan went to the secret exit.

At this point, the seven strong players have blocked the exit, which is the strongest force that can be mobilized in the shortest time in the **** seven nights. Ye Xuancai also saw the wanted order in the first time, and then did not hesitate to attack, let the blood Seven nights have no time to react.

What they can do is to bring together the masters of all the gods in the first-level region.

Seven people, seven different looks, are apparently from seven different races.

Among them, the one who is more than three meters tall is the most honorable, because he is the director of the first-level area!

"You, can't pass!"

The white giants, this is the tone of listening to this speech, but also to let people know that this guy is the white giant.

"Kids, obedient, follow us, perhaps after surrendering treasures, we can consider giving you a life. After all, what you want above is a treasure, not your life!"

Thousand-eyed wolf frogs!

It's the most obedient running dog of the White Giants. Just after the white giant's supervisor has just finished speaking, this guy immediately took over!

Ye Xuan took a look at the thousand-eyed wolf frog, but didn't look at it for a long time, because this guy is not worthy of Ye Xuan's attention.

In the district, a singer who is inferior to the gods in the royal family, Ye Xuan really does not know, where is the courage to come with Ye Xuan!

And Ye Xuan's attention is concentrated on a white boy.

The white-haired boy holding a folding fan in his hand seems to be handsome and handsome, but if he knows what his body is, he will not think so.

Of course, Ye Xuan does not care about this at all, but cares about his cultivation.

According to the detection results of the system, this guy is the top of the nine kings!

In other words, the foot has been able to pose a threat to Ye Xuan.

If Ye Xuan really works with this person, it can be said that the outcome is only five or five!

Of course, Ye Xuan has a lot of auxiliary means, and even God Wood Swordsman helps, but this guy is also surrounded by six superpowers!

Therefore, this battle is not so good.

However, no matter how bad it is, at this time, Ye Xuan still has room for choice?

"Megatron, kill me!"

With Ye Xuan, a big bang, Megatron directly controlled the sacred sword to kill the two powerful enemies.

Ye Xuan's plan is very simple, that is, to kill these weaker enemies!

"Shenmu swordsman, give me a top!"

Another order, the Shenmu sword waits for an instant, directly rushing to the seven people, Shenmu swordsman defense is strong, then, naturally, Ye Xuan top to the front!

When he got the order, Shenmu Swordsman did not hesitate, and rushed to the front.

But Ye Xuan's call is not over.

"Flower God Swordsman! God's level mounts are all out for me!"

This is desperate, where to accommodate the private!

Chapter 2462: Absolutely strong

When the flower **** sword waiter appeared, he summoned the flower god, and with the god-level mount, rushed toward the surrounding area.

Because around Ye Xuan, there are countless enemies who lack strength but want to fish in troubled waters.

These guys don't seem to have much influence on the surface, but Ye Xuan is very clear. Sometimes, it is often such a small role that changes the outcome of the battle.

Even if this possibility is very small, as long as it exists, then Ye Xuan must eliminate him!

Today's god-level mounts and flower **** swordsmen may not be able to keep up with Ye Xuan's strength before they evolved, but it is more than enough to assist from the side!

After doing all this, Ye Xuan has already pulled out the law of the gods bow, and the seven direct-bead arrows are shot instantly, each of which contains the power of engulfing the law.

In addition, Ye Xuan will also be the gods he has just acquired, and the gods will be directly displayed, which is also a seven-way attack!

It can be said that this is already the strongest attack that Ye Xuan can explode, and it is almost completed in a few moments.

Especially after the two deadly attacks, the enemy did not even have time to react, and the attack has arrived.

In addition to the strong ones of the top of the nine-character peak, the other few people can be said to be immediately rushed by the attack of Ye Xuan.

Four of them were killed directly by Ye Xuan on the spot!

The strength of terror, so that everyone in this **** seven night could not help but exclaim.

Perhaps some time ago, there are still some people who are eager to move, trying to attack Ye Xuan!

At this moment, almost no one dares to have such an idea.

Horror, it is too horrible, this guy can actually erupt such a violent attack in such a short time, this is already beyond the imagination of these beasts!

Countless beasts have retreated!

Ye Xuan stood there, standing in the crowd, not speaking, no words, no movement, no attack!

However, just one attack, Ye Xuan's strength has already caused all the beasts here to collapse!

Too strong, this person is too strong and too strong, it is not the existence that they can resist.

At this point, the remaining three Emperor of the Emperor of the Emperor looked at Ye Xuan with horror. They also vowed the moment before, and felt that it was only a small matter to win Ye Xuan. After all, Ye Xuan's strength was only in the area of the Emperor.

But at the last moment, everyone has already had no idea just now. Is this power really only a part of the district and the gods can show it?

No one answered, but no matter who it is, even the guy who is on the top of the nine kings, he has already dared not speak.

"Let? Don't let?"

Ye Xuan looked at the three remaining superpowers in front of him, faintly said, indifferent in tone.

Now, Ye Xuan gives them a chance to choose, two options, no third way!

"Kid, don't be arrogant, here is the **** seven nights, don't think you can live alive..."

brush!

Suspended in the air, the sacred sword did not stop for a moment, and rushed straight over. The person who spoke had not yet had time to react, and it had already crushed the godhead!

Even after the two sacred swords have broken the man's deity, they have not stopped, and it is also very fast to cut the body of the beast into thousands of segments!

Quiet!

Silent, there is no sound at the entrance, it is too strong, right?

You must know that at this moment, Ye Xuan killed the man, and it is the only superpower who is at the top of the peak!

Originally, the beasts also looked forward to the strong can kill Ye Xuan, but at this moment, he has been cut into pieces by Ye Xuan.

Of course, those people did not notice at all, in fact, most of the body of this beast has been swallowed up by Ye Xuan, but at this moment it is just a look.

In fact, Ye Xuan's attack was premeditated. At this time, he was caught in the encirclement, so only the absolute power could be used to shock the enemy.

If you want to kill these beasts, there is no difficulty for Ye Xuan.

However, if you do that, it will inevitably lead to unnecessary time wastage.

Ye Xuan now has no extra time to spend.

So, in fact, this sword is already the strongest attack launched by Ye Xuan. From the beginning of seeing these seven people, Ye Xuan has been the strongest attack in the plot!

"Who else?"

Ye Xuan slightly closed his eyes and said faintly, the voice is full of indifference, but at the same time, it also contains infinite pressure.

The first shot, killing four elites of the Emperor, and blocking the attack of thousands of troops!

The second shot, the second killing of the nine peaks of the top of the super king of the gods, even the strong one can not even make a cry!

Therefore, many people are wondering. If Ye Xuan took the third move, what kind of result would it be?

The two strong beasts who blocked the front of the exit of the secret, at the moment when Ye Xuan looked like them, almost did not hesitate to retreat directly to the two sides, they did not dare to block, because they did not block the strength!

Going up now, no doubt waiting for death!

At that time, those people around, not to mention mentioning, almost everyone rushed back toward the back, as if who is close to Ye Xuan, it may be killed by Ye Xuan!

Where Ye Xuan's eyes pass, there is only infinite fear!

These beasts are very clear in their hearts. Even if the rewards are extremely rewarding, they are not easily touched by them.

So at this moment, since I have already seen the power of Ye Xuan, why should they go to die?

.....

The road has been opened, and Ye Xuan naturally did not intend to go out, and immediately walked out of the secret, Ye Xuan immediately threw out the Yongye field.

In the blink of an eye, in this secret exit, once anyone enters it, it is difficult to see anything, even if it is to use God, it is impossible to see it!

Ye Xuan quickly ran to the front. After all, since this **** seven-night has received news, let alone the **** seven nights outside, it is estimated that there is a heavy crisis waiting for Ye Xuan.

It is not advisable to stay here for a long time. To escape from here, you must leave here at the fastest speed. Otherwise, once you are caught up by the strongest of the seven-night bloody, you will never be able to escape.

At present, Ye Xuan has almost no goal at all. In his heart, there is only how to escape from the encirclement, how can he live in this demon **** domain!

With his all-nighter order, Ye Xuan will be difficult to move from now on. It can be said that almost the entire demon **** domain will be the enemy of Ye Xuan!

Live and live to find a way to the Kunlun domain, while exploring the whereabouts of the fall as much as possible!

Of course, perhaps now, Ye Xuan has no energy to explore the whereabouts of the fall.

Chapter 2463: Son

Ye Xuan is moving fast, this is a million miles!

At this time, Ye Xuan stood in front of a mountain. This mountain is quite weird. It seems to be a beast that is sealed by what power. It looks very different. However, Ye Xuan thinks that it is impossible because it is on this mountain. The **** tree is gorgeous and the beast is endless.

If this mountain is a living beast, then it is probably impossible to grow a tree of gods, and it is even less likely to attract small animals to inhabit.

However, just as Ye Xuan admired the mountain, a voice rang.

It is like a thunder!

At the same time as the sound is heard, a big bald head has already rushed over.

"Haha, it turned out to be the boy on the wanted order. Laozi said that Laozi will encounter good things today. Sure enough! Boy, come over, I heard that you are very valuable, and you will give your head to Laozi for some money!"

The most arrogant tone, the most important thing is that when this guy talks about these words, it looks like a natural appearance. It seems that Ye Xuan's head can change him to the **** wine, and it's already Ye Xuan's honor!

"Wine mad, drunk, you run slowly!"

Suddenly, it was the two people who chased them, but from their tone of view, it is clear that the identity is much lower than this wine madness.

However, the strength is not much different!

"System, detect the strength of this person while viewing the race they belong to!"

"Hey, the system prompts that this detection needs to consume 100,000 beliefs! Is the host confirmed?"

"confirm!"

"Hey, the system prompts, specifies the target, the four products are in the royal world, and has the title of the former crown. The race is: Tianlong drunk shrimp! Host please note that the target is the drunken shrimp family!"

A saint? Ye Xuan suddenly looked up, but in the heart is a hi, this is simply to break through the iron shoes innocent to get all the effort!

At the beginning, Ye Xuan planned to kill these sons and explore the whereabouts of the fallen, but did not have time to start the action, it has become the current situation.

Unexpectedly, I just met here, but I met a saint.

"Hey, boy, what are you looking at, the Son of the Son speaks to you, why not answer?"

Next to the Son, a thinner classmate is also a big eye, like this Ye Xuan, full of disdain in his eyes.

However, this guy's gaze has been constantly trying to spy on the Yan Kun ring above Ye Xuan's finger.

Ye Xuan has nothing at all. In the hearts of these three people, Ye Xuan is just a small and insignificant.

However, Ye Xuan's hands in the Qiankun ring, but there are even treasures that they are so eager to get.

Therefore, this guy's gaze naturally stays in Ye Xuan's Qiankun ring.

As for the other follow-up class, after seeing Ye Xuan, but a slight glimpse, he has already sacrificed his own magic weapon. Obviously, he also knows who Ye Xuan is, and he is ready to shoot!

Ye Xuan swept over three people. The strength of these three people is there. The most important thing is that there is also a saint. I must have mastered a lot of special magical powers or special magic weapons.

However, even so, Ye Xuan will not care!

With a wave of hand, the two swords of the scorpion have already flown out.

Since it is clear that negotiation is not the solution to the problem, then why Ye Xuan still has to waste time negotiating, it is better to kill it directly!

"boom!"

"boom!"

The two sacred swords attacked two places everywhere, and suddenly shot, coupled with the power of the sacred sword, directly flew two followers.

However, if you want to kill them so easily, you can't do it at all.

The two were only a few steps back, and they had already fought with the sword.

"Kid, you dare to do it to me, it seems that you are impatient!"

The Son did not expect Ye Xuan to launch an attack first, and the look was quite angry at this time.

But he didn't think like it. When did he give Ye Xuan a living road? When he appeared, he directly let Ye Xuan surrender the head. Isn't this the same as Ye Xuan's suicide?

I am afraid that this Son is really spoiled for too long, so long that he has forgotten what is called fear.

It's so long that he can't tell what is good or bad!

For this kind of person, Ye Xuan will not care about it. Don't try to reason with them. This kind of guy who is used to winning the group is not good or bad. The thought in his heart is different from other people.

So, the best way to talk to them is to talk with strength!

The law of the **** bow was held in the hands of Ye Xuan, but Ye Xuan first launched a **** attack!

A sword of God's thought suddenly appeared, and rushed straight toward the sea of the Son.

Suddenly, the gods attacked and made the Son a little flustered. However, as Ye Xuan thought, this guy and beast had a lot of magic weapons.

I saw a piece of Shenmu pendant suddenly burst into a bright light, and even for the Son to block the attack.

Just listening to the waves, the **** wood pendant has broken!

The Son looked at the godwood pendant on his chest in a strange way. After a while, his face showed a very angry look!

"Kid, you dare to ruin my pendant, I want to kill you, kill you!"

"Give me to die!"

"boom!"

The violent power was launched between the moments, and the violent force directly broke through several hills, leaving a huge gully behind Ye Xuan!

And Ye Xuan also clearly understands the attack mode of this guy.

He actually combined the power of the Fa and the perfection of himself!

You know, just now this guy was attacking, Ye Xuan clearly saw a huge lobster law!

This saint is the son of the drunken shrimp family of Tianlong. What is the principle of a large lobster, which is not enough for it.

Ye Xuan is not surprised that this, Ye Xuan is strange when he attacks, the system is only between the wave, the law actually followed his action to attack simultaneously!

The law and the ontology are highly integrated!

No doubt, this is a good thing!

The power of the Fa is very powerful, especially the power of certain special laws, and it is even more powerful.

The average person, at most, borrows the power of the usage phase, and uses the special magical power of the usage phase as an attacking means.

For example, Ye Xuan's use of the law of Wan Zun's blood several times as a blessing is actually a magical power that is borrowed from the usage.

However, the use of the law is of course not limited to borrowing power, the law, and the same can be integrated into the ontology!

Once successful, not to say 100% integration, even if there is a 70% integration, then the explosive power that can be erupted is extremely horrible. It can be said that even if the title of the former title is in front of the discovery, are slag!

However, it is not so easy to integrate the Fa, it is very difficult to find a suitable law, and it is necessary to have a suitable match with this method to be able to merge. All of this is already doomed. Not at all ordinary people can do it!

Only those core disciples of the big forces!

Because only the big forces can cultivate such super power!

Chapter 2464: New use of gravity arrow

However, Ye Xuan did not think that he had encountered such a fusion of law!

Ye Xuan's mouth is upturned, and the heart has already decided.

The law of Tianlong drunken shrimp is not too strong, and even if it is given to Ye Xuan, Ye Xuan is only stored as one of the laws collected by Wan Zun.

However, if this son is together, I will accept it!

The effect can be great.

Ye Xuan has enough confidence to be able to integrate this guy's law into the extreme, and by then, he will have one more thug.

This is the plan prepared by Ye Xuan. Of course, this idea is good, but it is very difficult to achieve it.

But Ye Xuan has an alternative plan, big deal, kill this guy half-dead, then throw it into the swallow space, and slowly adjust!

Ye Xuan thought about his own affairs, and the Son did not know Ye Xuan's calculations. At this time, he was angry and angry, and he had already rushed toward Ye Xuan.

"Kid, you dare to destroy my pendant, I want to kill you, I must kill you!"

A boxing out, a huge lobster pliers appear in the sky!

Powdered jade, it looks so beautiful, but it is so violent!

Ye Xuan's infinite teleport immediately started, and it flashed away in an instant.

In a flash, in the position where Ye Xuan originally stood, he was shot out of a giant pit of 100 meters!

One stroke was not in the middle, the voice of the Son moved, and quickly rushed to Ye Xuan, his hands constantly waving, this area is simply turned into a horror of purgatory!

However, it seems that such a crazy attack, but this injury does not hurt Ye Xuan!

Ye Xuan wants to ask this guy, is he really stupid?

Even if it is only close combat, is there no magical power?

And is his rule attacking? His field?

Is this guy stupid enough that even these will not be used?

However, he does not use it, does not mean that Ye Xuan does not use it.

"Absolute zero!"

Ye Xuan directly launched a special supernatural power, ready to trap this guy in place.

However, a strange scene happened, and the power of absolute zero was actually broken by this guy!

Use your fist to break through the magic!

If it was in the past, Ye Xuan simply couldn't think about it. How powerful is the power of Shentong. How could anyone be able to break the magical power with his fist?

Unfortunately, some people have done it now!

Ye Xuan clearly saw that when the absolute zero power rushed to the Son, the Son also just boxed out.

Then the fist of the Son was paused, and I felt the power of a mysterious dissipated!

Undoubtedly, that is the performance of the absolute zero being broken!

Actually someone used a fist to break through the magic!

Ye Xuan still does not believe this evil, and his mind is moving, and it is an attack!

"Never night field!"

This time, Ye Xuan launched the power of the field, he would like to see, this guy, it is difficult to break the field.

"boom!"

In a loud noise, Ye Xuan opened his mouth slightly because he was too surprised.

This saint, really did it!

He actually broke the field with his fist!

"This guy, there is weird!"

Ye Xuan thought in silence.

This saint can use his fist to break through the magical powers, and he can also break the field with his fist!

Such a strange situation, in the past, Ye Xuan can be said to have never heard of it!

At the moment, in the heart of Ye Xuan, the idea of taking this Son is even more appreciative.

Conquer him, then explore the strange ability of him!

This is not just a function of the integration of law. On this point, Ye Xuan can know even without asking the system, so there is still a huge secret hidden in this saint!

If Ye Xuan gets it, then it will definitely be able to rise!

Ye Xuan suddenly pulls the law of magic!

You don't like to break through the magical powers, then, Ye Xuan wants to see if this guy will be tired!

"Gravity Law bless!"

This time, Ye Xuan, all of them are the swords of gravity law. The power of this law has little effect. Unless you can cultivate to the extreme, borrowing infinitely large gravity can play a role.

Otherwise, the power of this gravity law is not enough to hurt people.

However, at this moment, the power of gravity law is undoubtedly the most suitable force.

To put it simply, Ye Xuan is borrowing the gravity rule and creating the illusion of a fist attack!

The law of gravity is the attack of God's arrow. If it is normal, it is hard to hear. It is to hope that the arrow can kill two unlucky ones.

But this moment, because of the huge gravity, became a good means of fighting with the fist of the Son!

Three arrows come out, it is like three huge fists to the past half of the Son.

As a result, as Ye Xuan shot, the Son really waved his fist without hesitation, like a gravity law arrow!

"boom!"

The power of violentness broke out instantly, and the Son did not expect that this attack would be such a means.

Just listening to the bang, the Son has been beaten back by the power of violent!

"effective!"

Ye Xuan's mouth is slightly stunned, and at the same time, the magical bow of the hand has been pulled again!

This time, it is a continuous seven arrows!

The seven-gravity law slammed the arrow to the Son.

However, let Ye Xuan think that the Son is like a fool, and he does not dodge, but he really used his fist to fight against the law!

Ye Xuan shook his head helplessly. This guy, afraid of having many powerful means, unfortunately, he will not use it.

His ethnic group, afraid of being a very large ethnic group, and he, as a saint in the family, from childhood to fear that he did not really follow the man, even if it is occasionally a few hands-on, it is just bullying.

Fighting against opponents of the same level, perhaps, but, in his identity as a saint, who dares to rebel against him, fearing that the way of fighting will also be safe according to his ideas.

Ye Xuan disdainfully grinned, such a guy, for Ye Xuan, there is no half threat!

Ye Xuan opened the bow and left, even while attacking the Son, he was able to take time to attack the two followers.

The follow-up strength is not weak, and the magical use of the above does not have any defects, but unfortunately, they encountered Ye Xuan, two swords are not enough? Ye Xuan can also send Shenmu Swordsman!

In just a moment, Ye Xuan has already dealt with the two follow-up classes, and then began to marry this saint with great interest!

For such a person, as long as he is afraid of him and fights, then he will never dare to resist, because in the past, Ye Xuan has not encountered such a type of guy.

Gravity arrow?

However, the most common gravity arrow is used, and Ye Xuan will suppress the sacred son of the drunken shrimp family.

This guy is simply silly to cute!

"Don't fight, I admit defeat, can't I admit defeat?"

Chapter 2465: Receive a son as a younger brother

I was beaten by gravity arrows again and again, and the Son finally couldn't help it. I know that Ye Xuan's strength is very good. It's going to make this guy hurt, and I don't really want this guy's little. Life.

Continuous attacks, so that the Son has already been swollen and bruised, and his body is even scarred.

But in fact, these are all skin injuries only, Ye Xuan did not even have a heavy hand, let him suffer internal injuries!

After hearing the saint's petition, Ye Xuan did not stop the attack, but once again released the gravity law arrow, said faintly: "I want you to let you? Why?"

"I am the **** of the Lord, and one of the eight great gods will be the **** of the dragon. You just let me go, no matter what you want, I can give it to you!"

Dragon God will!

One of the eight great gods!

Ye Xuan's heart was awkward. He did not think that he accidentally encountered a saint, and he was the son of one of the eight great gods!

No wonder this guy is so arrogant and able to get so many treasures!

The identity of the Eight Great Gods, in the demon **** domain, is already the character at the top of the pyramid. Except for the **** of the demon **** domain, I am afraid that the eight gods will be the

most noble, even compared to the remaining nine squares of Ye Xuan in Kunlun. The degree of management makes the management site even bigger!

Well, having some special resources is not too strange.

"Well, I can spare you not to die, hand over your godhead fragments, become my younger brother, then I will spare you!"

Handing over the fragments of Godhead is actually a slave, but Ye Xuan knows that if he says so, then this guy is afraid that he would rather die.

But in other words, it is said to be a younger brother, this guy is easy to accept some.

After all, people like him, I am afraid there is no younger brother.

Sure enough, when I heard Ye Xuan's words, the brow's brows were slightly wrinkled, but they did not immediately refuse.

"No, my father is a god, I will not be a younger brother!"

"Yes, that is not to talk about?"

Ye Xuan mouth hangs, the law is again pulled, the seven laws of gravity did not hesitate to shoot out to the guy.

This kind of guy's careful thinking, Ye Xuan does not say completely grasp, but also knows about it.

Want to keep your face? It is a pity that now Ye Xuan is posing with a look for his life!

"boom!"

"boom!"

"boom!"

The law of gravity and the gods will continue to blow this guy.

"Stop, stop, I promise you are!"

This guy finally served softly and did not hesitate to hand over the fragments of his god.

Ye Xuan waved his hand and took up his godhead fragments.

From this moment on, the fate of this Son is completely in the hands of Ye Xuan.

Of course, if you want to really play out the fighting power, you still need to adjust your training!

However, with his most vivid cover of the Dragon God, Ye Xuan will certainly be safer in the demon **** domain, and he said that he can not get more benefits.

In order to prevent the battle here from attracting new enemies, Ye Xuan took the saint to leave quickly.

"Let's say, what is your name?"

"My name is Tianhu, you, boss, what is your name?"

Tianlong Shengzi does not seem to fully adapt to his new identity, but Ye Xuan is in a good mood now, so he did not care about him.

"My name is Ye Xuan!"

After arbitrarily answering a sentence, Ye Xuan said to Tianhu: "Go, take me to find a place to stay, I need to take a rest."

Tianhu nodded and walked straight ahead.

The reason why Ye Xuan does not adjust this guy now is actually a reason.

At this time, Ye Xuan is still in the demon **** domain, this Tianhu, will undoubtedly provide security for Ye Xuan, of course, the premise is that he will not cause other people's doubts.

Therefore, only let this guy maintain his original appearance, will be convinced by the demon gods.

Ye Xuan immediately exchanged a mask from the system store. Once the mask is brought on, it can hide the appearance and cultivation of Ye Xuan.

Of course, if you are a person who is higher than Ye Xuan, you can see through it.

However, Ye Xuan is not worried at all. He is walking with Tianhu at this moment. He is afraid that he is in the demon **** domain, and few people dare to use his mind to explore him!

After all, using God to explore other people, it is easy to cause the other party's misunderstanding, when the time to kill you, it is also a deserved!

And Ye Xuan can get such respect from Tianhu, naturally it will make people think that Ye Xuan has a special status, even a super strong!

As long as this concern is raised, Ye Xuan believes that no one dares to easily explore his identity!

Under the leadership of Tianhu, the two soon came to a city. It turned out that Tianhu was coming here to buy wine!

In this city, there is a branch of the monkey family. The gods brewed by those guys are quite delicious, and the tigers can be said to have always liked them.

"Get out of the way, don't block the way of Xiaoye!"

Tianhu's arrogant and arrogant walk in front, it can be said that he is passing by, all without a mess.

This guy is quite unreasonable, let alone someone in front of him, even if he is not in front of him, he will run to provoke right and wrong.

However, the people in this city are obviously not the first to encounter the Tianhu, so no one has come out to block it at this moment. Instead, they all respectfully welcome the Tianhu into the city.

"Welcome to the young master!"

An old man quickly came to the side of Tianhu, first glanced at Ye Xuan, but he did not dare to use the gods to explore Ye Xuan, but respectfully stood beside the Tianhu.

"Liquor, my wine, I sent someone to say it, Xiaoye is coming to get the wine today!"

"The big master is assured that your wine is small and ready!"

"Haha, good, look back and reward you!"

When Tianhu heard that the wine was ready, he was quite excited to go out, but he took two steps, but he remembered Ye Xuan. On this road, Ye Xuan did not adjust the Tianhu, but he also punishes Tianhu several times!

The kind of pain from the depths of the soul and the gods, Tianhu is still fresh in memory. At this moment, I suddenly thought of Ye Xuan, only to find that I was obsessed with it. If Ye Xuan was not happy, then he would have to suffer again.

So at this moment, the Tigers rushed to the front of Ye Xuan: "Big Brother, please first!"

Accompanied by this sentence, it can be said that no matter how many people in the dark place, they are completely shocked!

What is the identity of the person who dares to call the Tianlong Son as the Big Brother?

For a time, the people who were originally prepared to use the gods to detect Ye Xuan were all secretly glad, and they did not use God to detect them. Otherwise, they would not know how to die!

And more people, but in their hearts, they silently remembered the appearance of Ye Xuan, and decided in their hearts that they must not offend Ye Xuan!

After all, the Tianlong Son is already a person they absolutely can't fight, let alone the big brother of the Dragon King.

I am afraid that I will borrow a hundred courage from them and I will not dare to let them go.

Ye Xuan is also welcome. At this time, he is going to use the Tianlong Son to create his own power. This makes Ye Xuan a well-known wave of all people's arguments, but it is enough to ensure his safety. Most people will never dare to provoke .

Therefore, Ye Xuan did not have the desire to speak, but strode forward toward the front, Tianhu quickly followed the back, and continued to guide Ye Xuan to the road, like an obedient little follow-up!

Chapter 2466: Give him a slap in the face

Yuyu Qiongye!

It is a relatively famous **** wine in the demon **** domain, and the quality of Yuyu Qiong is divided into five.

The average person can buy, but the next-class Yuyu sap, but even so, it is expensive and difficult to obtain.

Even the identity of Tianhu can only be booked in advance, only to get a bottle of the next Yuyu Qiong.

Of course, the next class is also a **** wine that is difficult for ordinary people to obtain.

Tianhu walked with Ye Xuan to the front. It didn't take long before he came to a loft. The loft was also chic and it was a wine gourd.

Here, it is the branch of Yuyu Qiong Pulp.

Yuyu Qiong Pulp is not an ordinary **** wine, not every city has a branch.

Take this branch, it is already the only one in Fangyuan.

Otherwise, the Tigers will not come in person.

Although the Tigers are arrogant, they don't dare to lose their temper here.

Even if this city is actually the industry of Tianlong God, his Tianhu is the great young master here.

However, once inside the attic, Tianhu will be honest.

The man who led the Tigers did not dare to go into the attic. Obviously, the attic was independent of the city.

.....

"Hey, this is not our Son of Heaven! Haha, I didn't expect to be able to meet you here."

When Ye Xuan and Tian Hu went into the attic, they heard a voice.

Ye Xuan looked up and saw a young man looking at the tiger in a slap in the face.

Tianhu's brow wrinkled, apparently not only knowing this person, but also quite unfriendly.

The Tigers don't want to pay attention to the person, so they walked toward themselves. However, the Tigers ignored him, and it did not mean that he did not find the trouble of the Tiger.

At this point, the man actually stopped in front of Tianhu and Ye Xuan in two steps, faintly said: "The saint son, how can you not give a small face, it is difficult, is it afraid of small?"

"Ha ha ha ... The Son of the Son, today, alone, it is really courage to grow bigger!"

A group of people came out of the attic. Obviously, these people are not very friendly to the Tiger.

Ye Xuan did not understand that Tianhu is also the son of Tianlong God, and he is a saint. Before he had been arrogant, how did he see these people, but he was afraid?

"You, what do you want to do?"

At this time, Tianhu said that he was afraid of not being able to count. After all, in his capacity, these people would never dare to hurt him. However, he could still do it if he humiliated him.

As for the reason, it is very simple. These people are actually the saints of all ethnic groups!

The demon **** domain, the identity of the Son is very noble, although there will be some differences because of the ethnic relationship, but in general, the difference is not very big, because all the Sons are registered in the demon **** gods, Therefore, even if there is a contradiction in re-playing, it is impossible for someone to dare to kill them.

Of course, the competition between the Sons is a normal number of people.

It can be said that if it is not the identity of the **** of the dragon, the day of the tiger is definitely more difficult than it is now.

As for the reason, it is not difficult to guess that this tiger has always been flying, so naturally it will not look at anyone in the eyes, even if the other party is the Son, Tianhu is afraid that it will not let go.

After the more offended people, the Tianhu is also isolated, and the situation is reversed. The Tianhu can only hide from these sons.

You must know that the battle between the Sons, any servant and so on can never intervene. Once you intervene, no matter what the reason, you will definitely kill innocent!

Therefore, the contest between the Sons can only rely on their own strength.

However, Tianhu is only a virtual realm, there is no real strength, once the results of the hands-on can be imagined, after two experiences, the Tianhu will learn.

This time, the Tigers came to pick up the wine, and they never thought that these guys would appear here. After all, they are not good people.

However, they have come, perhaps, these people are intended to find the trouble of the Tiger.

"Haha, the Son of the Son, why don't you talk, small can wait for your orders!"

One person stood up, and the look on his face said to Tianhu.

Then, one person came out again: "Yeah, how is our Son of the Sun so clever today, it will not be drunk again!"

"It's so drunk, drunk, haha, they are drunk, they are not drunk, they are drunk at any time. It seems that today we are really not the time, our son Drunk again!"

Drunk? On several occasions, the Tigers were drunk to avoid these guys.

It is said that Tianhu is pretentious, but in fact, Tianhu also has a bitter time.

At this moment, Tianhu looked at these guys and silently said that he couldn't even say a word because he knew very well that once he answered, then waiting for him would be the revenge of this group.

Ye Xuan looked at it all silently, but couldn't help but shook his head. Ye Xuan didn't need a timid follow-up, so at this moment, Ye Xuan couldn't say that this guy would continue to be so wretched.

"Tianhu, who are they?"

Ye Xuan opened, said faintly.

When I heard Ye Xuan's words, including the Tianhu, everyone gathered their eyes on Ye Xuan's body, even if they were surrounded by people around, they were also inexplicable at the moment.

These are all saints, and no one can easily offend them.

But now, I didn't expect an outsider to dare to intervene, which is simply looking for death!

.....

"Kid, who are you, we are talking about things, what are you doing? Rolling the side, the few are happy today, I am too lazy to care about you?"

A guy looked at Ye Xuan disdainfully, whether it was his eyes or the tone was full of disdain.

Ye Xuan turned his head and smiled at the guy, but he said indifferently: "Tianhu, palms!"

The body of the Tianhu was obviously shocked. Ye Xuan asked him to do something about these people. Tianhu really did not dare to do it.

However, for Ye Xuan's order, Tianhu did not dare to violate it. During this time, Tianhu still knows Ye Xuan's temper. If he dares not to do it, it must be cleaned up.

Therefore, Tianhu turned around with hesitation at this moment, and looked at Ye Xuan's careful question: "Old, boss, really, really want to talk about it?"

Perhaps because of fear, in short, the voice of Tianhu is actually a little trembling.

"Do you want me to say a second time!"

Ye Xuan's eyes are cold.

The tigers are so scared that the cold sweat is coming out soon. You must know that the pain from the depths of the soul is not something that ordinary people can bear.

"Snapped!"

A loud slap in the face, not to mention the people around, even the other group of sons, this time is completely dumbfounded!

Tianhu actually dared to beat them!

And, just because of this person's words!

Who is this guy?

Chapter 2467: Send ancient resources at hand

The hearts of several sons are simply inexplicable. They must know that they dare to provoke the Tenants, one because of the restrictions imposed by the Sons, and the second because of the weakness of the Tigers in front of them.

Today, because of this mysterious person, Tianhu is afraid of such a degree, or even not afraid of a group of people!

So who is this mysterious person?

"You, who are you? You know who we are?"

Another son asked Ye Xuan loudly, but anyone can hear that he has some lack of confidence in his tone.

Ye Xuan turned his head and looked at the man, but he waved his hand at random.

This time, Ye Xuanbing did not speak, but Tianhu understood the meaning of Ye Xuan!

"Snapped!"

Another slap in the face!

These two slaps go, Tianhu even has some little excitement in the heart. These guys are not asking him twice or twice. Every time, it's not that Tianhu suffers and flees, but this time, it's actually let Tianhu give them two The slap in the face, the two slaps, have allowed the Tigers to come out from the shadows of the past.

In the subconscious, Tianhu always thought that Ye Xuan was very powerful. Now, with Ye Xuan supporting him, it seems that Tianhu's self-confidence is only between the two slaps, and he has already returned.

"Tianhu, you want to find death!"

Seeing that the Tianhu even slapped two people, these people did not dare to start, but looked at the Tianhu while being shocked and fearful.

After all, the identity of the **** of the dragon is not a display, these people dare to bully the tiger, and even constantly looking for troubles in the tiger, I am afraid, deep inside is more fear.

They are afraid of the tigers, fearing that the tigers are not afraid of them one day, then they must only be bullied.

Therefore, this person's words and threats to the Tianhu are actually a manifestation of fear.

.....

"what did you say?"

Tianhu looked at the man. This time, without Ye Xuan commanding, Tianhu has already walked toward the man.

Ye Xuan nodded with satisfaction, but fortunately, this guy is still bloody, at least not the kind of mud that can not help the wall, to adjust, this Tianhu can still become a good follow-up.

Tianhu step by step toward the man, the man never thought that the Tianhu actually went to him, subconsciously, he even retired three steps.

Perhaps, he does not retreat these three steps, there will be a hint of fear in the Tianhu subconscious.

But these three steps of the guy's retreat have already made Tianhu understand their essence, but only the guy who bullies and fears hard.

"Go and go, I don't care about you before. That is to give you face. Today, you dare to ask me for trouble in front of my older brother. I am impatient to see you live! I am ignorant, but I lost my boss. Face, can you afford to lose your life?"

Ye Xuan's mouth is slightly tilted, this Tianhu, quite awkward, this is like, he seems to be hitting people, or afraid of losing Ye Xuan's face.

Of course, no matter what Ye Xuan thinks, the hearts of other people can be shocked.

Tianhu will actually hurt people because he is afraid of this mysterious person.

If you say this, I am afraid that no one in the whole demon **** domain will believe it.

But now, things have already happened.

Tianhu performed well, and Ye Xuan knew clearly that he had mastered the fragments of the God of Heaven. In fact, it was equal to completely controlling the life and death of the Tiger, and there was absolutely no way for Tianbao to resist himself.

To get an obedient man, then enlightenment is a necessary means.

Therefore, Ye Xuan waved at this time and saw three treasure resources directly hovering in the air.

"Okay, let these guys roll, you take these three ordinary materials, go to the bar, I am still waiting to drink!"

Ordinary materials!

A group of people looked straight!

Even if it is a tiger, there is no first time to collect it.

Take three ancient resources!

Any ancient resources that were born, fearing it will also cause some turmoil, but did not expect that the boss of Tianhu actually gave Tianbao three ancient resources!

In this case, who is going to say it!

I am afraid that it is the old man of Tianhu, and Tianlong God will not be so willing to do so!

However, the three ancient resources still hovered in the air at this time, where there is a little doubt.

"How, isn't it enough?"

Ye Xuan saw the Tianhu in a daze, and immediately interrupted the Tiger.

And Tianhu responded, and quickly said: "Enough, enough, boss, this is too much..."

Some people say that the Tiger is stupid, giving him three ancient resources, he is too much, if it is too much, there are a lot of people here!

However, Ye Xuan smiled slightly: "I will give you the things you give, and the benefits to you will naturally be inevitable!"

In this case, Ye Xuan is telling the truth. After all, Tianxu is ready to train and become his own follower, so naturally it is necessary to cultivate.

To cultivate, it is inevitable to consume a lot of resources.

Tianhu excitedly glanced at Ye Xuan, and he was not polite. He took the three ancient resources into his own ring and then walked forward in front of him.

At this time, the group of people who had come to find the troubles of the tigers, where they dare to block the tigers, and even most people only envy.

After all, the Tianhu has followed such a boss who can give the ancient resources at hand, so the good days in the future can be imagined.

There are even people who want to go to Ye Xuan on the spot and ask Ye Xuan to be a younger brother.

After all, compared with strength, what is the face, in fact, relatively less important.

Unfortunately, looking at Ye Xuan's indifferent face, everyone knows that even if they go to ask Ye Xuan to accept their younger brother, there is no chance at all.

Because Ye Xuan simply can't see them.

If Ye Xuan knows the thoughts of these guys, it is estimated that the heart will be extremely depressed. After all, Ye Xuan will not dislike these saints. Even if these saints all give Ye Xuan a younger brother, Ye Xuan will not be too much.

Of course, Tianhu cannot really get three ancient resources for wine.

It is important to know that ancient resources are extremely rare, and the power of divine power and laws is extremely majestic.

Whether it is refining, practicing Dan, or using it elsewhere, it will make a big difference.

For example, among the three ancient resources given by Ye Xuan, there is a piece of refining material. Don't look at it as a small piece, but if it is used for conservation, it is absolutely enough to create a six-eighth eight-year-old **** soldier!

If Tianhu is really stupid, I am afraid that it is not qualified to be a saint.

After picking up the Yuyu sap of his own reservation, Ye Xuan and Tianhu walked out of the attic.

I didn't see the group of sons.

Until Ye Xuan and Tian Hu went far, those talents dared to talk about it and guessed the identity of Ye Xuan.

Some people say that Ye Xuan is a super-powerful person. He is entrusted by Tianlong God to teach Tianhu.

But it was immediately refuted, because Tianhu called the mysterious person the boss, apparently the average generation!

Chapter 2468: Send the ancient magical power

Later, some people speculated that Ye Xuan may be the core of a certain super strength. However, Tianhu is already the son of Tianlong God. Then, who is more noble than Tianhu's identity, who can be?

For a time, there were different opinions, and some even speculated that it was the illegitimate child of the demon **** god god.

After all, the gods of the demon gods have no children, so it is not impossible to have an illegitimate child.

Unfortunately, no matter how people guess, they can only guess at most, the real answer, no one will answer them.

Even the Tianhu, in fact, did not know the true identity of Ye Xuan.

"Boss, you just didn't say, just staying in that city, but why are you leaving now?"

Halfway, Tianhu asked some questions to Ye Xuan. This time, this boss, but from the heart.

"I don't like the environment there!"

Ye Xuan replied faintly.

Ye Xuan could not tell Tianhu, because he had overslept in Yuyu Qiong, not only to attract attention, but also to cause prying, but to prevent identity from being seen, so he left.

Ye Xuan will only tell Tianhu that he wants to find a place with a better environment.

An excuse that is not an excuse.

Unfortunately, the Tigers will never doubt.

From Ye Xuan finally heard the answer, Tianhu immediately began to think about it. After a while, Tianhu said to Ye Xuan: "Boss, I know a place, maybe you will like it."

"Oh, talk about it!"

Anyway, Ye Xuan has no destination at all, it is better to listen to the arrangement of the Tiger.

"Boss, this is the case. Our ethnic group has a manor outside the Star Valley, where there is a lot of power, and it can sense some of the power of the stars from time to time. Moreover, it is the internal cultivation of my family, rarely If there are outsiders coming in, why are we going there?"

Star Valley? Star power?

Ye Xuan nodded slightly, although I don't know where it is, but it is a place where Tianlong drunk shrimps are closely guarded. I am afraid that there are also some extraordinary things.

"That, let's go there!"

Ye Xuan nodded and agreed.

In fact, Ye Xuan knows clearly that Tianhu is also self-investing in Taobao. After all, Ye Xuan gave Tianbao three ancient resources. This gift, not to mention Tianhu individual, even if the whole Tianlong drunk shrimp is afraid, it is also owed. Ye Xuan has a human heart.

Therefore, Tianhu understands that with Ye Xuan in the past, no one will stop it.

The two men rushed all the way, but they did not take too long to reach the Star Valley.

The origin of the name of the Star Valley is because there has been a star.

Falling into the stars, it is not uncommon in the realm of the gods. The key point is that this star contains a hint of stars!

The power of the stars is different from the power of the law. It is not good to say who is strong and who is weak.

However, the ten gods of the sun shining, it is difficult to see the light of the stars, let alone the power of practicing the stars.

Therefore, the power of this star is also rare.

Of course, in fact, the realm of the gods is not the power of no one to cultivate the stars, but most people give up soon after cultivation. Even if they are a drunken shrimp family, they have such a treasure, but there are very few people who really come to cultivate the power of the stars. And most of them are coming in with a rare and fun attitude.

Of course, even such a place of intimate repair, with the hegemony of Tianlong God, must not allow others to enter.

Therefore, this star valley is naturally very cold and incomparable.

At this time, Ye Xuan was brought into the Star Valley by the Tianhu, although he saw many attic temples, but in addition to a small number of servants, he did not see any cultivation people!

"Boss, it is here, just pick, you want to live in which hall is OK, anyway, this time is estimated, only two of us are here."

"What time? What do you mean?"

"Oh, the boss doesn't know. After two months, it is a decade-long ratio. Now no one will come here to waste time. I have already greeted the servants here. Anyway, you are here. Just like your own home, what are you going to do, just tell me."

Tianhu said with a big smile, his face was smiling, and he could find a place where Ye Xuan liked to stay in Ye Xuan. Tianhu was still very happy.

"Do you want to go back to Dabby?"

Ye Xuan suddenly asked Tianhu.

Tianhu heard the words, but slightly revealed his sly look: "Boss, I am a small patriarch, naturally do not have to participate in any big ratio."

Ye Xuan's mouth is slightly upturned. From the tone of Tianhu, Ye Xuan has already understood that I am afraid that I don't need Tianhu to participate in Dabi, because even if I go, Tianhu is in the same stage, I am afraid that it is only the bottom. Share.

Known as the Son, it is the magical ability to master the fusion of law. Unfortunately, the Tigers will only drive the close combat, so anyone who knows his details can easily defeat him.

Ye Xuan has never been stingy to his own people, even if this tiger is the beast of the demon **** domain, since it is now his own younger brother, Ye Xuan will not treat Tianhu.

"System, search for the magical power of Tianhu cultivation, and equip him with the right medicine, magic weapon!"

Ye Xuan told the system.

Although Ye Xuan Ming knows this time, I am afraid that it will inevitably cause major bleeding, but Ye Xuan will not care.

"Hey, the system prompts, search for the appropriate magical power, the proud dragons Tiantian thirteen!"

"Fix, the system prompts, the host belief value is not enough, can not be exchanged!"

Ao Long Ba Tian Thirteen? Listening to this name, this supernatural power seems to be a combination of skills.

However, since Ye Xuan has decided to equip Tianhu with magical powers, then Ye Xuan will say it.

"System, the lack of parts, exchange resources, I have to exchange this magical power!"

"Hey, the system prompts, the resource exchange is successful, the Shentong exchange is successful, congratulations to the host to obtain the Aurora Dominean thirteen, the host is immediately cultivated?"

"No, give me a replacement for him!"

A moment later, Ye Xuan's hand showed a shining scroll of gold, which is the 13th style of the proud dragon.

This time, the exchange will not let Ye Xuan go bankrupt, but it is not much worse. The value of the belief is directly emptied, and the stored resources are also consumed. It is necessary to know that these resources include Ye Xuan to kill the enemy during this time. Accumulate the resources obtained.

It is conceivable that this time the exchange, Ye Xuan is how much blood is under.

"Tiger, come over."

Ye Xuan shouted at Tianhu.

Tianhu naturally does not hesitate to go directly to Ye Xuan. In fact, when Ye Xuan took out the scroll, Tianhu would look in his eyes, but he did not think much.

"Boss, what."

Tianhu asked to Ye Xuan.

Ye Xuan just threw the scroll in his hand to Tianhu: "This is a supernatural power. It is very good for you to cultivate. It is very good for your strength. This time, your family is bigger than you. I am here to wait for you." News!"

Chapter 2469: The power of practicing the stars

Tianhu slightly glimpsed. At the beginning, he did not care too much about the scrolls given by Ye Xuan. After all, among the Tianlong drunk shrimps, there are many good magical exercises. However, it is rare to use the scrolls to save the exercises. .

The Tigers subconsciously did not feel how precious this scroll was, so they only opened the scrolls subconsciously.

However, when he opened the reel, he was shocked and speechless.

This is the ancient magical power!

This is an ancient magical scroll!

Tianhu's heart shouted loudly, but because of the shock, there was no half-word in his mouth.

Tianzu is a good sorcerer of the Tianlong drunk shrimp family, and at the same time it is a saint. This knowledge is broad and broad.

The ancient supernatural powers are much stronger than the current supernatural powers, but they have a very special trait. That is, every magical power has a specific group of people or physique to cultivate.

Therefore, the first introduction of the ancient Shentong is to introduce what conditions can be used to cultivate this magical power.

As for the current supernatural powers, anyone can practice as long as they are willing.

Of course, except for the racial talent.

At this moment, Ye Xuan is not a racial talent, so it must be the ancient supernatural powers.

.....

"Boss, this is too precious, I can't!"

Tianhu quickly handed the scrolls in his hand to Ye Xuan. After all, the ancient magical powers, but only the things that exist in the legend, even if the tigers are bold, they dare not accept them easily.

"What I am giving you is yours, OK, and it is, after you follow me, the benefits are still more, don't be surprised all day."

Ye Xuan said indifferently, after he finished, he had already walked toward a large hall.

Because at this moment, the system's prompt has already sounded.

"Hey, the system prompts, congratulations to the host to open the mandatory hidden task, the power of the stars! Mission requirements, within three months, the host must cultivate the power of the stars, the task fails, the host loses half of the realm, the mission is successful, get special rewards."

Three months!

This time the task, not only has time limit, but also has punishment, obviously, things are not simple!

So Ye Xuan is busy after all.

"Tianhu, you go back and prepare for the big ratio, practice well, I hope to hear your good news at that time. As for me, I will try to cultivate the power of this star!"

Hearing that Ye Xuan is going to cultivate the power of the stars, Tianhu naturally subconsciously believes that Ye Xuan is the one that supports the Tianhu, and let the Tianhu go to practice.

After all, the power of the stars, among the entire Tianlong drunk shrimp family, is recognized as useless!

"Thank you boss!"

Suddenly, Tianhu directly fell to the ground!

Ye Xuan gave him too much, so much that Tianhu didn't know how to be grateful.

Ye Xuan did not stop the action of the Tianhu. After all, what Ye Xuan wanted was an obedient follow-up.

Ye Xuan waved again, and Tianhu quietly retired.

As soon as Tianhu left, Ye Xuan immediately went outside the Star Valley.

There is a star-gazing station here. If you want to cultivate, you will generally feel it here.

In the distance, it is a valley. Obviously, this is because of the strong impact. The valley is quite huge. However, because of the changes of the times, the outer periphery has been covered with giant trees. Only the middle position, but only a circle of time erupts from time to time. Rays.

Ye Xuan knows that it is the power of the stars.

The power of this star is very weird. If it is the power of the law, then it is generally necessary to walk in and observe, only to find special things, in order to carry out the sentiment.

This is not the power of the stars, the power of the stars, can only be in a suitable position, too close or too far, it is difficult to understand.

The most strange thing is that Ming Xuan is at the center of the explosion of the power of the stars at this time, and there are hundreds of thousands of miles away. However, in this position, it is like the power of the stars, just around Ye Xuan. .

It's so clear!

The power of this strange star, and the power of illegal.

So whether it is in the sense or use, it is not in the way of ordinary law.

Of course, for Ye Xuan, it is not a problem at all!

"System, analyze sentimental programs, and provide the most reasonable way to understand!"

Ye Xuan has a system, then whether it is the power of the stars or the power of the law, for Ye Xuan, there is not much difference. For Ye Xuan, you can find the most reasonable and quickest way of understanding.

Silently, Ye Xuan sat directly in the pavilion, but when Ye Xuan closed his eyes and began to feel, a strange scene took place.

At the core of the power of the stars, there was a shadow of Ye Xuan, as if Ye Xuan had been projected into the core of the power of the stars.

However, all of this Ye Xuan did not know.

At this time, Ye Xuan entered a very magical feeling.

As if I have turned into a ray of light, constantly moving between stars, green stars, blue stars, red stars, purple stars!

Round, flat, irregular!

All kinds of stars are constantly moving through Ye Xuan's thoughts. Ye Xuan has forgotten himself, forgot everything, and integrated into the light of the stars.

Slowly, Ye Xuan's side has a circle of faint brilliance.

And those glory, which is passed from the core of the stars, is the power of the stars!

The power of these stars slowly gathered around Ye Xuan, and then shuttled through the body of Ye Xuan, constantly moving in and out.

Every time I go in and out, I can always make a slight change in Ye Xuan's body. This change your identity is small. It can even be said that it does not have any effect on Ye Xuan's body, but this change is very important.

Because it is this change, let Ye Xuan's body gradually accept the power of the stars!

The power of the stars is different from the power of the law, so what is needed is to open up new places of tolerance.

Gradually, the power of the stars gathered around Ye Xuan is getting more and more, and it is getting stronger and stronger.

Perhaps Ye Xuan feels the power of the stars, only in the next moment!

At the same time, Tianhu has already returned to the Tianlong drunk shrimp family!

However, when Tianhu returned, he was immediately taken away by several great elders and his father.

Because, before the return of Tianhu, a message was first passed to the Tianlong drunk shrimp family.

What the news says is naturally about the three ancient resources.

Not to mention three, even if it is only an ancient resource, it has already caused a huge sensation.

However, I did not expect that the Tianhu actually knew a person and gave three ancient resources at hand. This news naturally caused a huge reaction among the Tianlong drunk shrimps. Once the tigers came back, they were immediately taken away. normal!

"Tianhu, I heard that you went out this time, someone gave you three ancient resources, can you have this?"

The person who spoke is an elder of the drunken shrimp family. The criminal law is in charge of the family, so it has always been feared.

However, the status of Tianhu is special, but it is not too fearful for the criminal law elders.

Chapter 2470: Tianhu's

"Yes, the elders of the criminal law, this time, I have acquired three ancient resources, but what does this have to do with the elders?"

Tianhu said that he did not want to say it.

In a flash, the elders of the criminal law are not so good!

"The tiger, not rude!"

Tianlong God will blame Tianhu, but the tone is not strong, because in the mind of Tianlong God, it is very clear why this criminal law elder asks so.

The Tianlong drunk shrimp family will be the most advanced with his Tianlong god. However, the other elders are not much different from him.

The Tianzi drunk shrimp family's son quota was given to the Tianhu. In fact, there have always been objections in the family.

After all, the benefits of the identity of the Son can be taken in no way.

Although Tianhu integrates the Fa and the Fa, it counts as a genius, but in the eyes of several other elders, the actual combat power of the Tianhu is the same, not to mention that they also have children, so the position of the Son cannot be theirs. Son?

If it is not the Tianlong **** will be in the position of the demon **** domain, fear that this is the position of the Son, has already caused some competition.

But even so, there are many people who are uncomfortable.

For example, the elder of the criminal law, I can't wait to monitor the Tianhu at any time in order to find his handle and kick him down the throne.

This time, since the Tianhu has no ancient resources, these guys will naturally be stunned.

How precious the ancient resources are, if they can be obtained, then let alone their children, even if they are themselves, the strength can be strengthened.

This time to summon the Tianhu, the basic purpose of these guys is to take away the three ancient resources in the hands of the Tianhu.

However, the tigers at this time are so easy to bully.

On the way back, Tianhu has successfully succeeded in the first style of the proud dragon's thirteenth style.

Ye Xuan's words have already been as sacred in the heart of Tianhu, although Ye Xuanbing did not say that Tianlong should be the first in the family.

But maybe it is said good news waiting for the tiger.

Therefore, Tianhu hopes that he can win the first!

It is also an ancient resource, but also an ancient magical!

Ye Xuan gave Tianhu so many treasures, and Tianhu did not have confidence.

Of course, there is self-confidence and hard work at the same time. Therefore, when this road comes back, Tianhu does not have a momentary delay. It is said that this guy's talent is not bad. Even on the road, he will understand this proud dragon. The first in the middle!

Of course, this supernatural power is the harder to understand when it comes to the back. At this time, the Tianhu, but it is just getting started.

Tianhu used to listen to his father's words in the past, but this time, he rebutted!

"Father, aren't they thinking that I will take the resources out and give them to their descendants? Why? My Tianhu things are neither stolen nor stolen, why give them! Then I tell you the truth, my boss not only gave me three ancient resources, but also gave me a roll of ancient gods, how, you want it too!"

"The ancient magical power!"

This statement, including the Dragon God will be, everyone is shocked!

You know, among the whole demon gods, I am afraid I can't find a few ancient magical powers. But now, the Tigers tell them that someone gave the Tianhu a roll of ancient magical powers, how can they accept it?

"Tiger, tiger, what can you say is true?"

Tianlong God will not help but ask Tianhu!

"Isn't the father of the father still believe that the child is not a child, this ancient magical power, or the boss is specially selected for me, and my fit is extremely high! The name is called the proud dragon bullish thirteen!"

.....

"This, this is impossible, even if I am drunk in the whole shrimp, there is no such thing as an ancient magical power, but only a broken volume. You know that someone sent you an ancient magical power. Do you think we will believe it? If you The boss in the mouth can send the ancient supernatural powers and ancient resources freely, so why didn't he dare to come to see us?"

The elders of the criminal law are very vocal, and he is very clear in his heart. If the Tianhu is true, then the status of the tiger will be greatly improved in the tribe, and no one can shake it.

This guy loves his grandson very much. It can be said that before Tianyu had any good things, he must also get a copy of his grandson.

In addition, his grandson is also fighting for strength. It can be said that combat power is even stronger than Tianhu. As a result, few people in the family say no.

"Haha, let my boss come to see you, the criminal law elder, you too take yourself seriously, how old is my boss, even if you want to see him, I am afraid he will not necessarily summon you! Hey, I Boss said, this ancient magical power, I can teach others by myself, but the number of places is limited, only three, my father is assured, I will show you now, but my father can remember, this magical power you can not pass on to others Otherwise, my boss will blame it, but it will be terrible!"

As he said, Tianhu has already handed the scroll to Tianlong.

Tianlong God will naturally be polite, take it directly, and then use the gods to read the restrictions, which is carefully opened.

The elders of the criminal law were so excited at this time that they could not wait to see it immediately. Unfortunately, he did not dare.

You must know that Tianlong God will not only be strong, but also a patriarch. If he is offended, he is afraid of being well received by him.

The Dragon God will watch it for a long time, and then the reel will be handed back to the Tianhu.

"Can a father be sentimental?"

"Oh, unfortunately, Tiger, this is an ancient magical power. Unfortunately, it is impossible for the father to cultivate. It can even be said that no one but you can cultivate! No one knows whether your boss deliberately carried out. Modification, or this magical power is like this, want to cultivate this ancient magical power, then the first requirement for entry is to integrate the law with the body! So, we can't cultivate at all!"

"Ah! How come this way!"

Tianhu is astonished. In fact, Ye Xuanbing did not say that he was allowed to teach, but he did not say that he was not allowed to teach, so Tianhu would make such a decision, but now it seems that Tianxuan has already had an arrangement. This ancient supernatural powers, with this is tailor-made for him, others want to practice, it is difficult.

"But the tiger does not care. Although the father can't cultivate his god, but he can also follow all his sentiments, it is not white!"

Tianlong God will smile on the face.

At this time, the elders of the criminal law are simply like cat claws. The gods will not lie, so the things that will be said from the dragon **** will be true!

At this moment, he can't wait to take a look at the scroll at once, but unfortunately, he didn't dare!

Tianhu took up the scrolls, and as for the ancient resources, no one dared to mention it.
