Chapter 247: The same door is broken!

"Sister, let's go, Lanxincao hasn't found it yet."

When the man said, he turned his head and looked at it. But then, he is a strange saying: "Sister, are you crazy, you gave Tiandan to this kid, and now you are carrying him, you want to be good to the end." What?"

The charming woman turned her head and found that the girl had already carried Ye Xuan back. The thin and petite figure carrying a big man with a height of one meter and eight meters, this picture is too much violation.

"Sister brother and sister, let's go first." the girl shouted.

"It's crazy."

The man snorted and turned around, but he did not dare to leave. If something happened to the girl, he would be punished by the master.

The charming woman is also frowning, and her sister is too kind, which makes her very annoying.

The three men went forward for about two hours, and finally found their mission on the cliff, blue heart grass.

"Well, after running so many gorges, I finally found the blue heart grass, and I can return to the sect."

The man relieved with relief.

At this point the sky is already dark, it seems that they have to spend the night in the canyon.

"Brother, there seems to be a cave in front." The charming woman pointed at one direction.

"Okay, let's go there to rest." The man nodded slightly, and walked with a charming woman.

The girl is also carrying Ye Xuan.

Fortunately, she is not an ordinary person, but a warrior. Otherwise, carrying Ye Xuan is also a very difficult way to go.

The three men walked in front of a cave. Then, the man said to the girl: "Sister, you are here, I am going to explore with Mengni Shimei..."

"Ok."

When I heard this, the girl's face was also red, and she whispered softly.

The woman's mouth was slightly raised, and a faint glimmer of light flashed through the man.

Not long after, the cave was heard of her delicate, breathing, although deliberately suppressed, but the girl in the hole can still hear.

"I know that my brother and sister are doing the same thing as shame..."

The girl's face sat red in the hole, whispering a whisper, she is not a child, naturally understand some things, after all, this is not the first

Once.

She looked at Ye Xuan lying on the side and whispered: "I don't know when he can wake up..."

Five minutes later, a man's low voice came out of the cave, followed by a stop.

But not long after, there was a strange roar in the inside, it seems to be fighting.

After the girl heard it, she hurriedly shouted in her head: "Brother, what happened inside?"

"There are spirits, you don't come in!"

The man's voice floated out, and not long after, his people appeared.

"Brother, are you all right?" The girl quickly got up and asked, "Hey, what about the sister?"

The man slowly walked out, holding a quaint sword with blood, and opened his mouth and smiled:  
"Nothing, Mengni cleaned it inside..."

The girl did not doubt, said: "Then I will help the sister..."

When she finished, she wanted to enter the hole, but at this time, the man suddenly grabbed her wrist.

"Wait..." The man said: "Sister, I have something to say to you."

The girl looked at him with amazement. Although the sky was dark, she could still see the man suddenly opening his mouth and smiling.

"Sister, in fact, I have never liked her brother. I have been fascinated by you since the day you entered the door. Sister, you will follow me in the future," the man said.

"Brother, you..." The girl was surprised and wanted to break free. However, the strength of the man grabbing her wrist was so great that she could not get away.

"Don't be like this, sister, you followed me, I will be good to you in the future. The master said, after a while, I will help me to hunt a mysterious beast, and soon I will be the strong man of God Dan. By the time....."

The man has not finished, the girl is interrupted: "Brother, don't say it..."

"No, you listen to me carefully." The man shouted.

The girl realized that something was wrong and hurriedly shouted: "Sister, sister, you are coming out."

However, let her shout, but there is no echo in it.

"Oh, sister, don't shout, Mengni, she is actually dead." The man suddenly showed a strange smile.

"Dead?" The girl squatted for a while and suddenly understood something. "Brother, you, kill the sister?"

When the man heard it, he suddenly laughed: "Ha ha ha, yes, I killed her, so she knew that the sword in my hand was a ground device."

"Grounder?"

The girl was once again shocked, but the ground device was very expensive. It was impossible to have a god, but the man was only half-step Dan Yuanjing. How did he get this place?

"You don't know? This land device is falling near this kid." The man raised the eight-year-old sword in his hand.

"Brother, you are afraid that the sister and you will grab, so kill her?" The girl reacted instantly.

"Yes, she still noticed, want to share with me, so I killed her."

The man showed a sinister smile and looked at Ye Xuan: "There is nothing in this kid's ring. I didn't expect to have a piece of land. It was really beyond my expectations. Shimei, with this piece of equipment, I am absolutely You can kill the top 100 in the Yuanyuan list. As long as I break through, I can at least get into the top 30, and then..."

"Brother, you are crazy, you actually ruined the same door for a piece of land? I..." The girl subconsciously stepped back, directly on the finger of Ye Xuan.

However, her right hand was still caught by the man and she could not escape.

"Sister, everything is like this, I have no retreat, you have taken it from me, I will be good to you."

When the man pulled his left hand, he directly pulled the girl into his arms, but he was freed by the girl.

"Sister, don't give your face a shameless face. If you don't, I will kill the little white face that you saved." The man glanced at the face and fell on the side of Ye Xuan.

"Brother, you..."

The girl's heart trembled, and she also understood that if she did not agree, the other party would definitely kill Ye Xuan. After all, even her sisters were dead.

"I will ask you again, do you agree?" The man blinked.

"I..." The girl is hesitating.

She is only the peak of the real Xuanjing, can not stop the man, if it is rebellious, it will be very miserable, Ye Xuan will certainly be killed.

Therefore, she can only nod.

"Haha, ok, I will be good to you."

The man laughed loudly and was in a good mood. He took the eight-year-old sword and suddenly revealed a wretched face. He said, "You have been listening to it outside these days. I know you haven't tried it. Come, Today, my brother is here fortunate to you..."
