

Super D. S 2471

Chapter 2471: misunderstanding

Because at this time, everyone knows that the family has become a day, the grandson of the criminal law elders, can no longer take the thriving resources of the Tianhu!

The status of Tianhu will be consolidated as never before, and no one can shake it.

Tianhu retired from the main hall and returned to his place of residence. Then he closed the door directly and practiced silently.

Outside of him, hundreds of guards are only guards beside the Tianhu residence, and no one is allowed to bother.

The young disciples of the drunken shrimp family did not understand what had happened, but they also felt the unusual atmosphere.

.....

The intra-ethnic ratio soon began, and all the young people were surprised that Tianhu participated in the big ratio.

Moreover, from the beginning, it was straight in the way of crushing.

The strange attack of Tianhu is not owned by the family at all. However, all the elders are silent, and they are allowed to disobey, but they simply ignore it.

Until a message came out, Tianhu won the ancient magical power!

In the blink of an eye, no one is dissatisfied.

In two months, Tianhu is just a cultivation of the first three!

However, it is three strokes, enough to defeat all enemies!

No pressure, all the way!

The boss of Tianhu, this mysterious figure, has also attracted the attention of countless people.

Unfortunately, it is impossible to find it.

Tianhu never revealed where Ye Xuan is, so people want to know, it is impossible!

At this time, Ye Xuan, has also closed his eyes for more than two months.

In two months, Ye Xuan's eyes never opened, and the body did not move halfway.

On this day, under the leadership of Tianhu, Tianlong God will follow the important tasks of the Tianlong drunk shrimp family.

However, all of them are silently waiting outside, no one dares to step forward.

Tianhu has used his strength to prove the true and false of the ancient supernatural powers, and three ancient resources have also been handed over and replaced into suitable resources.

It can be said that for the boss of Tianhu!

For this mysterious figure, no one in the drunken shrimp family dares to be disrespectful!

Everyone gathered at this door but just waited for Ye Xuan to come out.

Also lost these people did not go in to disturb Ye Xuan, after all, Ye Xuan is now at the most critical moment.

Whether you can feel successful, it depends on the last few days.

Ye Xuan's side, the light flashes, the power of the stars has gathered more and more, it is simply that Ye Xuan has completely turned into a light person.

If someone now sees Ye Xuan, I am sure I will be amazed, because Ye Xuan has no original appearance at the moment, but is completely transparent!

All the internal organs are clearly visible, but even the internal organs, this time has completely turned into light, the mysterious and mysterious power cloud around Ye Xuan.

If there are people who have realized the power of the stars, I am afraid that they will be exclaimed. Ye Xuan's reaction at this moment is thousands of times stronger than them.

Star training!

This phenomenon can only be called the star exercise!

Unfortunately, what is the practice of the stars, but no one knows.

Because no one has ever encountered this situation.

Ye Xuan has completely lost all sense of the outside world. At this time, Ye Xuan is just immersed in the shuttle of countless stars.

Time is constantly passing, and Tianhu and others wait silently.

However, there has been no movement inside, and Ye Xuan himself has experienced a great challenge at this time.

You must know that this time the task is time-limited. If Ye Xuan does not complete the task according to the specified time, then the cost of losing half of the realm is enough to make Ye Xuan desperate!

Even basically equal to death!

Unfortunately, Ye Xuan did not know the passage of time. He did not know that he had not had much time left.

Day after day, time passes slowly.

Tianhu habitually looked up and looked inside. If it was not his father's request, then the Tigers had already rushed in to find Ye Xuan. At this moment, the Tigers looked at the front again, but they couldn't help it anymore. Shouted: "Boss, can we come in?"

After shouting this sentence, Tianhu looked at the front silently.

Suddenly, a vicissitudes of life, but very gentle momentum suddenly came!

At the same time, a strong ray of light instantly burst forth, and the light spread directly out of the head of the crowd.

A lap!

Two laps!

Three laps!

The ray of light sways toward the distance, the power is not terrible, but on the contrary it feels very gentle, but it is simple and vicissitudes.

"This, what is this power?"

Tianlong God will look up and look at the circle of light in the sky, subconsciously asking, but unfortunately, no one can answer him, because such a change has never been seen.

At the same time, Ye Xuan finally opened his eyes!

At the same time that Ye Xuan's eyes opened, the system's prompts had already sounded.

"Hey, the system prompts, congratulations to the host to complete the power of the stars, get special rewards, then a luxury package! Get special materials, Jiuxing Lianzhu Kistler! Get experience value reward, level upgrade level!"

"Hey, the host breaks through, the current four products are waiting for the gods!"

Luxury gift bag, nine stars even beads!

The sudden rewards make Ye Xuan a slight glimpse. This time, the reward can be said to be beyond the lure of Ye Xuan!

At this time, Ye Xuan is also grateful to Tianhu. You must know that Ye Xuan's thoughts have returned, and he already knows how long it has been in the past. If it wasn't for the tiger's call that day, I'm afraid that Ye Xuan would plant it this time!

The most important thing is that Ye Xuan is not not aware of the power of the stars, but instead, he is over-explained!

This time, Ye Xuan realized the power of the stars, and the harvest was quite rich.

However, Ye Xuan has no choice but to discover that, at least for now, the power of the stars can only be used occasionally, because this power has almost nowhere to add.

The gods are surrounded by ten suns, and the power of the stars has long been blocked.

Ye Xuan did not go to open the package, but stood up silently and walked outside.

At this time, the light of the stars has not been completely eliminated from Ye Xuan, so Ye Xuan will carry countless phantoms because of his movements. It is not the virtual shadow left by the movement too fast, nor the fantasy left by the illusion.

It is the imagination of the power of the stars!

Ye Xuan walked toward the front, but behind him, he followed a ray of light.

The moment he waited for him to go out, it shocked everyone.

Tianlong God will wait for people to know that Ye Xuan's phenomenon at this time is only because of the power of the stars, so they can't explain Ye Xuan's situation at this time!

The most important thing is that the Dragon God will be cultivated to a high level, even if you don't need to read it, you can see a lot of things with your eyes.

"Entity avatar!"

Tianlong God will meditate in a low voice, the voice is very low and low.

But who is around, and who can't hear it.

When I heard the four words of the entity, everyone was shocked!

Entity avatars represent a supernatural power, and at the same time, they represent an identity.

God of the demon gods!

Chapter 2472: Falling new clues

It turned out to be a physical avatar!

Everyone, including the Dragon God, will be silent at this time. Of course, with their knowledge, it can be seen that this is only the initial form, or just just beginning to practice.

However, the entity is a supernatural power. It has always been owned by the demon gods and gods. Therefore, they have already determined in their hearts that this person and the gods are afraid of the relationship!

In this way, many things will be clear, why this person can give Tianbao three ancient resources and an ancient magical power!

I am afraid that such a foundation can only be achieved by God.

Of course, this is just a big misunderstanding.

How can Ye Xuan have anything to do with the gods of the demon gods? In fact, he has not even seen the gods. If there is any relationship, it is that Ye Xuan is still preparing to find the land from the demon gods.

"Boss, are you finally out?"

Tianhu said with surprise.

Ye Xuan's mouth is slightly tilted, but in fact, the heart is still slightly frightened.

After all, these people standing in front of him at the moment, which one is not exuding a powerful momentum, let Ye Xuan very clear, among these people, afraid of any one shot, can instantly win him!

However, since these people did not have the nerve to explore themselves, and did not start in the first time, it shows that they are not malicious to themselves.

"What are these?"

Ye Xuan asked Tianhu.

When Tianhu heard Ye Xuan's inquiry, he immediately began to introduce Ye Xuan.

It turns out that Tianlong God will wait for the reason of Tianyu's ancient magical powers to want to see the Tianhu boss, so he has this trip.

Tianhu introduced it, and Ye Xuan's heart was even more shocking. I didn't expect it to be so fast, he saw a big **** of the demon **** domain!

Of course, at this moment, Ye Xuan will not reveal the extra expression, but a very calm response.

After the Tianlong God will chat a few words, Tianlong God will wait for someone to leave.

A big misunderstanding was in the past, and everyone who had drunk the shrimps had no fear of Ye Xuan and no doubt.

However, Ye Xuan is naturally not likely to offend these people, and it is even more impossible to have deep friendship with them. Therefore, this meeting will be a bit indifferent.

After the Tianlong drunk shrimp people left, Tianhu said excitedly to Ye Xuan.

"Boss, fortunately, not to be insulted, this time, I succeeded in getting the first in the family!"

Tianhu actually has been swearing for a long time in this sentence. In his mind, this is the task that Ye Xuan gave him, so naturally he must do it well.

However, for Ye Xuan, it is not too serious.

Therefore, Ye Xuan just nodded and then said to Tianhu: "Go, leave here."

Tianlong God will know that Ye Xuan is here, then, here is not so safe, so Ye Xuan had to leave.

"Boss, where are you? You are not saying that you have to understand the power of the stars here, why should you leave!"

"I have already realized the power of the stars here, so I have no reason to continue to stay. As for where to go, it doesn't matter. Where do you go?"

Ye Xuan simply wants to leave here. As for the destination, he does not.

If you want to go back to the Kunlun domain, you need to go to the Eight Great Gods to get the house. Only there is a passage there, and the others don't say, calculate the drunken shrimp family. If Ye Xuan mentions that he wants to borrow to go to the Kunlun domain, he will immediately cause doubts.

At this moment, Ye Xuan, it is impossible to compete with the Eight Great Gods, so it is unwise to go to provoke the Eight Great Gods to take any one.

It may be feasible to find the whereabouts of the fall, but there is a tiger around him, so perhaps the Tianhu mouth can also know useful news.

When the two walked, Ye Xuan asked Tianhu: "Tianhu, you know that there is a body of the Son, it is a nine-tailed fox!"

Tianhu looked puzzled at Ye Xuan: "Boss, do you know the nine sons?"

"Nine sons?"

Ye Xuan slightly frowned, it seems that the identity of the demon **** domain is still not simple.

"Well, it is the nine sons. Every son has his own name. For example, I, the other sons call it the Son of the Dragon, but these nine sons are very special. It is said that he is not my demon. The people of the gods, the character of the nine-tailed fox is extremely noble, even if the Lord God is to give the nine sons a few faces, and the nine sons are greatly valued by the Lord, but unfortunately, they are retired all the year round, even if we are I have never seen it before."

Tianhu simply said what he knew.

However, for Ye Xuan, it does not have much use. After talking for a long time, in fact, one sentence can be summarized, that is, Ye Xuan is unable to rescue and fall.

We must know that the gods of the demon gods can't really just pay attention to let the fall and retreat. I fear that there are more reasons, because the fall also does not want to leave the demon **** domain to find Ye Xuan.

Therefore, the God of the demon gods can only trap the fall.

At the time of the arrival of the gods, Ye Xuan was separated from the fall. Therefore, it is impossible to know that Ye Xuan is in the Kunlun domain, and it is impossible to know the contradiction between Ye Xuan and the demon **** domain.

Perhaps the fall of the moment, in the demon gods, will not be wronged, on the contrary, because of his noble status, it is likely to be valued.

After a period of analysis, Ye Xuan also generally knows that the fall will not be wronged, so it is not too urgent to find the fall.

However, Ye Xuan did not know that from the time he came to the demon **** domain, it actually seemed a little anxious.

There is a special feeling between Ye Xuan and Luo Yu, and because of the speciality of the demon **** domain, after Ye Xuan came to the demon **** domain, this ability of induction was suppressed, so that Ye Xuan could not accurately locate the location.

But it can be dropped, but because Ye Xuan arrives at the demon **** domain, the power of induction is strengthened. It can be said that each time Ye Xuan moves, the fall can be clearly sensed.

Falling is very clear, Ye Xuan is here for her!

The experience of the Terran in the demon gods is not clear, so it is still very worrying about Ye Xuan.

Unfortunately, she is powerless.

Since coming to the realm of the gods, she has been directly attracted to by a mysterious force. It can even be said that this power, the **** of the demon gods, must also bow in front of him.

This is a super-powerful force, and at the same time, it is also a peerless powerhouse.

Falling down does not know who this person is, but his every move, his words, any movements, are in the monitoring of this person!

Even the Son who is the demon **** domain is just the arrangement of that person.

Of course, the fall can feel the goodwill of that person.

It seems that in the heart of that person, it is just a naughty child. The reason for this restriction is that it is a disaster.

Chapter 2473: Yellow sand zone

Ye Xuan and Tian Hu two consecutively crossed the distance of the thousand, but only to reach a Jedi.

At this moment, Tianhu stood behind Ye Xuan, and he hesitated to ask Ye Xuan: "Boss, really want to enter here?"

"Come on, come on, do you want to go in?"

Ye Xuan looked at the infinite yellow sand in front, said faintly.

This is the place that Ye Xuan deliberately chose, because this time, Ye Xuan is ready to improve his strength in one breath. At this moment, Ye Xuan discovered that everything he wants to do is because of his own realm! Insufficient strength!

Therefore, this time, Ye Xuan is preparing for a crazy upgrade. First of all, the trial of the mysterious land. Because Ye Xuan is not strong enough, he does not even have the qualifications to participate, so he can only transmit it. Then, it is a falling thing. Then there is the demon **** domain. In short, everything is left because of his lack of strength, and he still has to worry about the identity exposure causing the pursuit.

Therefore, in fact, there are not many choices left for Ye Xuan. Entering here and quickly improving the strength may be the only choice.

At this moment, this piece of yellow sand that Ye Xuan saw was also quite famous in the demon **** domain.

Here, it is called the dry sea!

The dry sea is great, but even the inside of the beast does not dare to enter easily.

Because in this dry sea, not only has a very violent natural climate, but also inhabits the remains of ancient beasts!

It is said that the formation of the dry sea comes from a big bang!

In the ancient times, the gods and the dry sea were also a very famous battlefield.

Thousands of powerful Supreme ancient strongmen were killed here. They shredded the void and broke through the mountains and rivers, but they did not know why, and they broke through a secret!

It is a completely isolated mystery. It belongs to the secret environment of the ancient beasts. The remnants of the strong are chased and killed by the beasts of the ancient beasts. They are all fallen, and after the secret bombing, everything inside the secret is scattered here. In the sand zone, the system is only the outermost area of the dry sea. As for it, it is even more terrifying.

According to Tianhu, the Lord God of God personally came here, but after only entering it for less than ten days, he retired with fear.

Because in the dry sea, there is such a super powerful existence, a **** who even the demon **** domain does not exist.

Fortunately, there have been no slight changes in the dry sea for millions of years, as if it is just an independent place, and it is not affected by any outside world!

In fact, some of the strongmen of the demon **** domain will also enter the team to explore.

After all, there are many special resources in the dry sea, and those ancient beasts also have great value.

The ancient beasts did not transform their minds, nor did they have too much wisdom, and all of them were practicing physical strength.

Tianhu said that the reason why he was able to fuse the Fa was because his father, Tianlong, had entered this place when he was young, gained some adventures, and then combined his own sentiments to compile a cultivation method of integration of law.

Therefore, Ye Xuan chose this place.

Choosing the dry sea, the beasts of the ancient beasts, since this mystery, presumably, can also give Ye Xuan the opportunity to quickly improve its strength.

fear?

Maybe other people will be afraid, but Ye Xuan will not. For Ye Xuan, he is not afraid. This dry sea has powerful ancient beasts. For Ye Xuan, it is the best place to practice.

After all, Ye Xuan needs to swallow to quickly upgrade the level!

Ye Xuan has not wanted to wait any longer. He has waited for too long, and it is time to break out!

There are still a lot of things waiting for Ye Xuan to do, no more waste of this demon **** domain!

"If you don't want to go in, just wait for me outside, I will come out and I will find you!"

Ye Xuan whispered a word to Tianhu. Later, he ignored the Tianhu, but walked straight ahead.

In fact, Ye Xuan is not a good thing for Ye Xuan to go in without the Tianhu. After all, if the Tianhu is past, then Ye Xuan will reveal some secrets.

At least for now, Tianhu is not qualified to know the secret of Ye Xuan.

Tianhu hesitated for a moment, and when he wanted to catch up, it was already late, and Ye Xuan's figure had disappeared. Therefore, he could only stay in the same place, while practicing and waiting for Ye Xuan to return.

.....

In the beginning of the Yellow Sands, there was nothing special about it. Here, there is only a separation zone that does not look at the border.

Here, regardless of the stone beast, but also the ancient beast, rarely come over.

However, it is precisely because of this, here is the people.

Ye Xuan has always kept his mind out, so, after a while, he was asked to find a small tribe.

This is a tribe built on an oasis, but the number is not too many, but it seems quite quiet.

Ye Xuan did not hesitate and went straight there.

The people here are very low-minded. They make some simple magic weapons to protect their homes. At the same time, they also hunt some weak ancient beasts or beasts for cultivation.

At this point, suddenly seeing Ye Xuan in the yellow sand, it immediately caught the attention of people here.

"Auntie, aunt, there are people in the desert!"

A young boy shouted loudly.

For a moment, I saw a strong man rushing over. He held a big knife in his hand and didn't know what material he was making. He was followed by a few people behind him.

"Go in, go into the house quickly! There is a law in the house, the situation is wrong, immediately start the formation!"

The brawny shouted loudly, and soon, the people around the oasis all hid in the only stone house in the oasis.

Ye Xuan knows what these people are worried about, so he doesn't mind, but continues to go.

"Stand up, who are you?"

"Let's go down again, pass by here, want to rest in your place."

After all, it is a human race. It is not easy to meet the free human race in the demon **** domain. Ye Xuan will find the trouble of these people.

"You, are you human?"

The brave man hesitated for a moment, but recognized the identity of Ye Xuan, and then hesitated.

"Yes, I am a human being."

Wherein, I am not covering, and I am coming back directly.

"It turned out to be a human race, haha, fast, please come in."

Hearing is the same family, those people are not blocking Ye Xuan, but quickly ushered Ye Xuan into it.

"Haha, brothers don't blame, you know, if we don't raise vigilance in those who live in this yellow sand area, I don't know why it was eaten by beasts or ancient beasts. I dare to ask which brothers come from." tribe."

"I am not from you here, but from the outside, this time, just to get inside the exploration."

.....

"What, you have to go in, I said brothers, you are too courageous. Although the life of our human race is just like this, it is not necessary to practice yourself. If you go in, you will die!" "

Ye Xuan smiled a little, but did not mind the words of Files. After all, their strength was too low to see Ye Xuan's cultivation.

Chapter 2474:

The brawny saw Ye Xuan not talking, but after hesitating, he handed a green card to Ye Xuan's hand:
"Brother, hold this thing, maybe it will help you."

Ye Xuan picked up the card, which is still an unknown material, but it is sealed with a simple warrior!

"what is this?"

Ye Xuan asked in confusion.

"What is this, we don't know, this thing is that we did not intend to get from an ancient beast when we were hunting. Although we don't know what it is, we know that as long as you use the **** to remind him, then He can condense the shadow of an ancient beast and then guard you."

card?

Ancient beasts?

Ye Xuan slightly stunned, it seems that this dry sea, it really has his own secret.

"I don't need this thing. After all, this thing is of great use to you."

The brave man hesitated a moment, but this thing is very useful for them. It can be said that several times to go hunting and killing the ancient beasts, relying on the help of this thing, and several times the beast attack is also because of this thing. Only resisted.

The brawny brow wrinkled.

The Terran Survival in the dry sea has a tradition, that is, once you meet the same family who need help, you must do everything in your power. After all, it is very difficult to survive here. If you don't help each other, I am afraid that the Terran has already Delisted here.

At this moment, seeing Ye Xuan refused, this brawny felt that he had a flaw in his heart.

Hesitated for a moment, suddenly, the brawny eyes lit up and took out a disc directly.

"Brother, since you don't want cards, I will give you this thing. Really, this thing was only started once when we got it. That time, we summoned a dozen powerful ancient beasts, but later I don't know why, but I can't use it anymore. So, although this thing is powerful, I can't tell you how to use it. You should hold it first and say that it won't help you on the road."

Ye Xuan does not understand the tradition of helping each other in the dry sea, but he knows the wisdom of the newspaper.

These people can help themselves when they see him first, and then Ye Xuan will not be stingy.

"Okay, I will accept this thing. These medicinal herbs are for you. You are assigned to your ethnic group and it is good for your people."

The strong man did not know that Ye Xuan gave him the medicinal herbs, but it was difficult to obtain the medicinal herbs outside, so he accepted it without hesitation at the moment.

After leaving the tribe, Ye Xuan walked while taking the strange disc out.

What is this?

Ye Xuan's heart is quite doubtful.

The shape of the disc is very simple. If there is no introduction of the strong man, Ye Xuan even thinks that this thing is a dish for cooking.

Of course, obviously this thing is not that simple.

"System, detect this thing."

Ye Xuan said to the system.

"Hey, the system prompts that the host resources are insufficient and cannot be detected."

lack of resources?

Is the system saying the value of belief?

"System, then use resources to convert belief value detection."

"Hey, the system prompts, the host resources are insufficient, and you can't redeem enough belief values!"

Ye Xuan's footsteps suddenly stopped.

What do you mean?

Adding all of your own resources is not enough to detect such a thing?

What is this thing, is it so weird?

Ye Xuan still doesn't believe that he really can't help this thing.

"System, open the package for me!"

Ye Xuan completed the task of the Star Force in front of him, and got a gift bag, and a nine-star stone.

But it has not been used. At this moment, Ye Xuan has to use a gift bag because of a plate.

"Hey, the system prompts, the special gift package is successfully opened, congratulations to the host to get, one point gift pack, one magic weapon package, one unknown package!"

what's the situation?

Open a gift package, and then open three gift packages?

After Ye Xuan's mistake, it was a surprise.

Point gift pack, this does not need to wash the head to explain Ye Xuan can also know, or give him a swallow point, or give him eternal point, or belief value.

But no matter what is given, one thing that is certain is that it is a good thing!

"System, first open the gift pack!"

Ye Xuan is going to have a look at what he can get, and it is best to get eternal.

Although the phagocytic point has not been obtained for a long time, the use of eternal points seems to be more important.

"Hey, the system prompts, congratulations to the host to get a million beliefs, one hundred eternal points, ten points to swallow!"

.....

Ye Xuan is dumbfounded. He even has a feeling that happiness is too sudden. There are not many values of one million beliefs, but the key is eternal!

A hundred eternal points, this is simply something that Ye Xuan can't imagine!

What is the concept of a hundred points of belief?

Even if you use the eternal field, you can use it 20 times!

Once, once the package was opened, Ye Xuan was given such a big prize.

This makes Ye Xuan not excited!

10 points to swallow the point!

I don't know if it is because of the improvement of the realm, or because Ye Xuan is unlucky during this time, so Ye Xuan has not encountered the swallowing beast for a long time, let alone the point of swallowing.

But at the moment, he got a ten-point swallow point in one breath!

Combine the right resources, it is not Ye Xuan this time can come to a big dress up!

Even Ye Xuan, this moment, can't be calm, the reward of this gift package is too rich.

Pressing the inner excitement, Ye Xuan continued to speak to the system: "System, open the magic weapon package!"

The magic weapon package, obviously it is able to open a magic weapon, then, the point gift package gave Ye Xuan such a big surprise, the magic weapon package, and what kind of surprise to Ye Xuan.

"Hey, the system prompts, congratulations to the host, get a special scroll, set the perfect scroll!"

Complete set of reels, you can choose the right resources, according to the host's wishes, the set of two or more parts owned by the host directly created!

Shocked, ecstatic!

Ye Xuan has no idea how to describe his feelings at the moment.

Although this is just a scroll, the value is simply immeasurable.

As far as Ye Xuan is concerned, he has a sacred sword and a sacred armor. Doesn't it mean that Ye Xuan can use this set to perfect the scrolls and build all the scorpions into one!

Although the resources are to be provided by Ye Xuan himself.

We must know that it is even more rare to build a magic weapon at the level of the sacred suit than the resources!

In a flash, Ye Xuan holding the hand of the reel, there was some trembling.

It is a pity that when Ye Xuan saw the material of the sacred suit, it was not good to look at.

The other materials will not be said, and it is said that one of the indispensable materials for each sacred **** suit is the godhead of the gods!

Chapter 2475: Scared that the system has been upgraded

This stuff, let Ye Xuan go where?

This is the gods!

What is the realm of the gods, that is to say that the strongest of the gods like this.

The system actually wants Ye Xuan to get the godhead of the god, and, let's get five more!

Ye Xuan went to the realm of the gods for so long, only to contact the two gods of the gods, one is the **** of the Kunlun gods, one is the **** of the demon gods!

But to create a sacred suit, but need five gods and gods, or a complete godhead.

At this moment, Ye Xuan did not hesitate to collect the scroll.

Because he did not, until now, with his strength, simply can not prepare complete materials.

Of course, not now, it does not mean that it will not work in the future.

There is also the last gift pack!

And this last package, I am afraid that it is the most special gift package, what kind of surprise can I bring to Ye Xuan?

"System, open the unknown package!"

Ye Xuan said faintly, the tone was dull, but the whole mind had been concentrated.

"Hey, the system prompts..."

"Hey, alerts, alerts, the host gets a great reward, the system goes into an emergency upgrade!"

‘叮, alert, alert, host please note that the system will forcibly shut down for three months...’

Ye Xuan’s face was so aggressive that he opened something and upgraded the system directly!

Moreover, it is an urgent upgrade!

Ye Xuan subconsciously shouted to the system several times in his heart, but unfortunately, no response, that is, the system has really been upgraded.

However, the key is that Ye Xuan does not know what he has done?

Isn't it an open gift pack that is necessary to make such a big move?

Fortunately, it is only three months, but it is not unacceptable.

"This is good, this plate can't detect what it is for, forget it, just let it go."

Ye Xuan with a bitter smile, this situation is simply beyond his expectations, and Ye Xuan has never encountered.

During the three months of system upgrade, Ye Xuan is not prepared to make troubles. After all, the strength of the system Ye Xuan will still decline. The most important thing is that even if you kill the ancient beast or the beast, you will not get it. Experience, then, killing is also a white kill.

However, it is still necessary to hurry.

Ye Xuan is not ready to go to trouble, but it does not mean that he will not find Ye Xuan if he is in trouble.

On this day, Ye Xuan walked in the yellow sand area as usual.

Although the yellow sand zone is only the outermost area of the dry sea.

However, the dry sea is vast, according to Tianhu, this dry sea is enough to occupy one-fifth of the area of the demon god!

Such a huge place, even in his peripheral area, is not intended to go quickly.

After all, there are no maps here, and from time to time, they will go the wrong way.

Whether it is a god, or an eye, it has lost its role in this yellow sand area.

The Yellow Sands comes with a weird ban, so that anyone who enters will lose all sense of direction for the first time.

It is said that someone was trapped in this yellow sand area for a long time, and that is also his good luck, can not survive without the disaster of the Yellow Sands.

But Ye Xuan did not have such good luck this time. He encountered the most common disaster in the Yellow Sands.

Law storm!

Because of its special geographical location, the Yellow Sands area is relatively rare in other laws, but there are several laws that have too many powers.

This includes the wind system rules.

It can be said that the Huangsha Strip is always full of winds.

However, there is no slight influence at all in normal times. After all, even the simplest body protection power is enough to offset these winds.

But once you encounter a storm of law, you can be saddened.

The law storm is precisely because the wind law is too concentrated in a certain area, thus automatically generating a balance phenomenon.

Eliminate the power of the wind system by the form of a storm.

Even the power of the law can be eliminated. It can be imagined how terrible the power is.

There is no sign of the formation of the law storm.

At this time, Ye Xuan is walking as usual, but just as he stepped out in a step, the world changed.

A violent and terrifying atmosphere, in the twinkling of an eye, Ye Xuan even had no ability to resist at all, was directly brought into the sky, waiting for him to stabilize his body in the past.

It's already no different!

At this time, Ye Xuan seems to have been brought into an unknown space. On the top of his head, his feet are small. Around his body, it seems to be the sky, and it seems to be the earth.

Very strange!

boom!

A dragon that is condensed by a law directly hits Ye Xuan.

That is pure law of life, even formed in an instant!

However, Ye Xuan has not had time to react, and the law of God Dragon has another moment of disintegration!

The law storm is not a real storm. The reason he calls him a storm is because he has something in common with the storm, that is, they all have a wind eye.

Fortunately, Ye Xuan is now in the eye.

Unfortunately, at this time, Ye Xuan is difficult to move, only to watch the changes of the outside world!

One rule of law is the rapid emergence of life, the law of the dragon, the law of the tiger, and even the law of Peng Peng!

However, these laws will not last for too long from the appearance to the disappearance, because they are the laws of the wind system!

The most important reason for the emergence of the law storm is to repair the wind system too much.

At this moment, Ye Xuan witnessed a miracle with his own eyes.

A miracle that other people don't want to see in their lifetime.

In the blink of an eye, a rule of life is completed from birth to death.

And their appearance, except Ye Xuan, no one knows.

Perhaps, Ye Xuan's eyes are their only testimony.

Because Ye Xuan, all they have existed!

At the moment, Ye Xuan, God thought can not be put out, Ye Xuan tried, but only released a trace of God, it was immediately swept away by the law storm.

Therefore, Ye Xuan's eyes are the only witness.

Witness all this.

Those laws seem to have no idea what they are experiencing, as if their lives should have only been a sudden bloom.

The law storms the condensed rules of the wind system into the law of the wind system, and then quickly let them die. In this way, the excess law power is eliminated.

But this process is incomparably natural. After all, this is the result of natural balance, which is the result of the law of avenues.

It is only in the eyes of the witness of Ye Xuan that I feel sad for those laws.

Ye Xuan is a witness who can witness the birth of these strange laws and how they die.

Be aware that these laws are life, and each one is extremely horrible.

Chapter 2476: Ancient Protoss relics

It can be said that if it is not because they are in the storm of this law, but in the outside world, fear that there is no enemy.

The key is that these forces, they get nothing but an instant.

Of course, their life is a moment.

Perhaps, in their world, the power of the law of time is also involved, and they have put their time to countless.

Ye Xuan looked at it all silently. He could do nothing about it. Besides being a witness, Ye Xuan couldn't do anything else.

And it can be said that if Ye Xuan happens to be standing in the wind, he is afraid that he has already disappeared.

The law storm does not last long. When the law does not appear in the storm, this world has finally begun to return to normal. At the same time, the storm seems to have become a normal storm, and then disappears. not see.

Perhaps, outside the storm of this law, what you see is just a very ordinary storm.

I don't know why, Ye Xuan thought of this sentence:

One flower, one grass, one world, one year old and one dry!

At this moment, Ye Xuan seems to have realized a lot. It can be said that he has witnessed everything in a separate world.

Life in the storm of that law may only think that it is their entire world.

And as Ye Xuan, who has been standing there watching him silently, what is it in the eyes of those laws of life!

God?

And their own strength, which one is not beyond Ye Xuan? Beyond most common gods?

Strength is respect?

However, in the storm of the law, it seems that it is not the same thing, just because Ye Xuan and those laws are no longer the same plane, there is such a huge difference.

Yes, it is the plane.

What is the power of the plane law?

Unconsciously, Ye Xuan stood in the same place, even silly and dazed, Huangsha confused.

One layer over the first floor, but within a few days, Ye Xuan has been completely covered by yellow sand.

After a few days, here, it has already been flat.

As for Ye Xuan, he has already lost his figure because he has been buried in the yellow sand.

At this time, Ye Xuan has fallen into meditation.

Think about the power of the plane and think about the power of the plane.

On the face of Ye Xuan, a faint illusion appears, saying that it is one, and it can be said that there are countless ways, because that is the power of the plane law.

Ye Xuan is feeling!

He succeeded in understanding the power of the law of planes.

Moreover, it is the true meaning of the plane law.

Unfortunately, Ye Xuan's strength is too weak, and the sentiment is too shallow. Therefore, the power of the plane law can't be launched.

No one has ever realized the law of planes. At least, the current world of gods has never been realized.

This time, Ye Xuan borrowed the power of the storm, but he realized a bit of the law of planes.

Even if it is only a trace, but after all, it is a seed.

As long as it is a seed, it can germinate.

Later, Ye Xuan was able to cultivate this face law, only to see himself.

You must know that this time's sentiment is completely out of the system, that is to say, the power of this face law is entirely the power of Ye Xuan himself.

It is not subject to system control and is not subject to system supervision.

Of course, the same, there is no systematic help.

Three months later.

A voice sounded.

"Hey, the system upgrade was successful."

With this prompt, Ye Xuan finally woke up.

The system finally recovered, and Ye Xuan's heart was happy. He quickly asked the system: "System, why did you suddenly upgrade this time?"

This question Ye Xuan must figure out, after all, never before.

"Hey, the system prompts, the host should pay attention to the fact that the host opens the devil's deputy professional reward in advance, and the system is fully updated."

The system did not answer Ye Xuan's question?

Just tell Ye Xuan to reward.

Forget it, anyway, the system will often do this, it is estimated that it is not enough strength.

Ye Xuan didn't think much, and he was too lazy to ask.

Gods stripper!

When I heard this reward, Ye Xuan was going crazy.

At the beginning, Ye Xuan had a complete deity, and at that time, Ye Xuan knew that this god's stripper had completely lost his inheritance. I am afraid that there is only one god's stripper in the world.

Just do not know that there may not be one or two of those special secrets.

The god's stripped the division, special ability, stripped the godhead.

For an enemy with a low level of mastery, you can directly forcibly strip the other person's godhead without hurting your life.

For enemies of similar strength, after defeating, you can extract the enemy's godhead, and there is a chance to strip the whole godhead or get the godhead fragments.

For disciples who are stronger than their own, they can launch a **** attack on the other side in the form of divine stripping.

It can be said that this god's stripping division, but a rather powerful occupation, the combat power is quite strong, the attack method is even more incomparable, so that people can not prevent it.

Ye Xuan did not hesitate for a moment and chose to study directly.

This time, the system upgraded something, Ye Xuan is too lazy to ask, now Ye Xuan most want to know is what the disc is.

"System, can I use the eternal point to detect this plate?"

"Hey, the system prompts, the host uses eternal point detection, this time needs to consume ten eternal points, will the host confirm?"

So expensive!

"confirm!"

"Hey, congratulations to the host, get the special item ancient gods **** card roulette."

Ancient Protoss!

Ye Xuan has had some hearings about this race. It is said that it was a powerful race in the ancient times, but it has already been extinct. As for what legends they left, they already don't know.

Can it be said that this ancient beast is still not related to the ancient Protoss.

Otherwise, why do you find the ancient Protoss here?

Ok, now I know what this thing is, but unfortunately, Ye Xuan can't play this thing, because Ye Xuan simply doesn't know what it is.

God card roulette?

Ye Xuan even does not know what the card is, let alone the **** card roulette.

It can be said that Ye Xuan has now completely lost in confusion, and one has just entered the dry sea, and he has encountered several unexplained things.

I really don't know, there will be something going all the way behind. Of course, if there are more rewards like the devil's deputy, the deputy Ye Xuan will not mind.

At this point, Ye Xuan put away his mood and walked toward the front again. What was waiting for Ye Xuan in front of him, Ye Xuan did not know.

But Ye Xuan can be sure that this time it is afraid of extraordinary!

What kind of experience will the mysterious dry sea and the mysterious ancient beast bring to Ye Xuan?

Step by step, Ye Xuan keeps moving forward.

After the system upgrade, Ye Xuan will no longer be trapped in the yellow sand area, so it didn't take long for Ye Xuan to walk out of the yellow sand area, but it appeared in front of Ye Xuan, but it was a black dry stone belt!

Black, black that can't be seen at the side, all are stones, all kinds of stones with different shapes!

Here, it is even more strange than the yellow sand area!

Chapter 2477: Oil poem

"Hey..."

The sound of the wind, with the sound of crying, this is the sound of the wind, but it is like a cry, there are old people in the cry, there are children, there are men and women.

It's just a wind, but there are all kinds of sounds that have already shown that it's unusual!

Ye Xuan did not pay attention to this, still walked to the front, not long after, in front of Ye Xuan, there was a tea house.

A beast with a spiked, incomplete shape, is carrying a teapot and giving tea to the tea.

Tea is confused, but only with a **** scorpion!

Such a strange thing, the emergence of such a tea house, this itself is already extraordinary, but Ye Xuan, still walked toward the tea house.

"Guest, what do you drink?"

The sacred beast took the teapot and came to Ye Xuan's side, asking Ye Xuan.

If it is not the special environment here, then his words and deeds, every move, is almost the same as the ordinary restaurant of the ordinary tea house.

However, if it is a trap, such an obvious trap is also somewhat unreasonable!

So at this moment, Ye Xuan's heart is filled with countless doubts, but he has not asked.

.....

"A pot of tea!"

Ye Xuan looked at the beast and said casually.

The beast was not talking, and he turned and left. After a while, he took a pot of tea and walked over.

"Guest, your tea, drink this pot and go back to the tea, then you turn and go back."

Ye Xuan slightly stunned, this beast, even let himself leave here?

"If I still have to go in?"

"How to choose a guest officer is the decision of the guest officer. I naturally can't stop it. But if the guest officer really can't go, then let's drink all the tea."

"Retaining the soul, leaving the soul, leaving a trace of the soul, the soul is not destroyed, you are still, the millennium million turns back."

"The road ahead is difficult, it is difficult to stay ahead, can't stay, can't stay..."

The beast was actually a literary verse that read a singer, but unfortunately, Ye Xuan could not understand what he meant.

It was not until Ye Xuan saw the tea-goers around him that they suddenly realized.

"System, detect this store second!"

"Hey, the system prompts, the target is a smash, not a living thing."

Sure enough!

Here, it turned out to be a soul-keeping tea house!

The meaning of staying in the soul is simple, but it is to keep the soul.

Some forces have some special magical powers. Through special magical powers and special magic weapons, when a person wants to do something that is not sure at all, he will leave the soul with a special means.

The advantage of this is that if it is really degraded, then there is a remnant of the soul, and there is a chance to resurrect.

This kind of means is not a common means, because after all, on the road of cultivation, it can be said that there is a possibility of corruption at all times.

However, some important people of the big forces are accustomed to using such a way of staying in the soul. After all, the key time, through this soul, is equivalent to having a second life.

Here, there is such a soulless tea house, and I don't know who opened it, and why it is here.

Looking at the tea drinkers who are quietly drinking tea, I am afraid that they have no idea how many times this action has been repeated here, because they are just a remnant of the soul. Without external help, they want to rely on a resurrection. There is no possibility at all.

Who is it, has such a place been established?

What is the purpose of her establishment of this place?

Here is the dry sea, the land where the ancient beasts lived. Could it be that the ancient beasts who wanted to destroy the dry seas, and all the beasts of the demon gods established such a place?

Maybe, but what about the Yellow Sands?

And if there is a small second in this store, can't you stay?

Listening to the tone, it seems that I want to retain something. Is it to retain people like Ye Xuan who want to try to enter the dry sea?

Ye Xuan does not know, and there is nowhere to know.

At the moment, Ye Xuan, even if there are thousands of questions, only boring in his heart, no one can answer for him.

This teapot is a treasure, because the tea inside can condense on its own.

However, Ye Xuan did not take it away, staying here, perhaps it is the home of this teapot.

.....

Without drinking this soulful tea, Ye Xuan continued to step on the road.

Leaving this soulful tea house, Ye Xuan knew already that he had embarked on the road of the ancients.

On this road, perhaps someone has walked through, but here, hunting for ancient beasts.

This is a full seven days.

Ye Xuan did not think about flying from the air, thus speeding up the pace. Unfortunately, the idea is beautiful, but the reality is cruel.

The sky is a path that cannot be achieved at all.

I don't know if it is close to the Huangsha area, or there is a serious excess of some rules here. In short, in this sky, there will be laws and laws drifting from time to time.

They are extremely fast and die.

If you change someone else, you may feel that these laws are just passing by.

But Ye Xuan, who has experienced the storm of law, knows that it is already their entire life process.

In this sky, there is a strange energy, a kind of Ye Xuan has never seen, and there is no law of force. The sky is so hollow, just this, Ye Xuan can judge that the sky is more than the ground. danger.

So Ye Xuan did not choose to fly away from the sky.

At this time, Ye Xuan was not in the monotonous black, but had already seen the building. When he saw the building, it meant that danger began to come.

Because, this is undoubtedly equal to, has entered the dry sea, and these buildings are undoubtedly built by ancient beasts.

The architectural style of the ancient beasts is different from the protoss of the Kunlun gods and the orcs of the demon gods. These buildings are full of quaint vicissitudes.

Not only is every building very large, but it is also very rough.

At this time in front of Ye Xuan, Ye Xuan could not know what the building was used for, because the building had no signs at all.

This building seems to be a pile of fur and bones of some kind of behemoth used.

The ancient beast does not have much wisdom, and it is already very valuable to be able to do so.

Moreover, these simply do not have the atmosphere of the slightest array, that is to say, these buildings are undefended.

Ye Xuan observed the building far away.

According to the truth, if there are people in the building, then Ye Xuan should have been discovered for a long time, and now that Ye Xuan has not been found, there is only one possibility. This is an abandoned building!

Ye Xuan walked slowly and walked toward the building.

After a short time, I have already come outside the gate.

Sure enough, it is wild enough. This architectural style is afraid that only ancient animals will be like this.

The walls are the hides, but the ancient beasts still draw strange patterns on the skin.

Of course, what the graphic represents, Ye Xuan does not know.

Chapter 2478: Battle ancient beast

Ye Xuan walked in the hall, feeling the vicissitudes of this ancient vicissitudes. There is no blessing of divine power. There is no law, only the purest and most primitive atmosphere.

At this time, Ye Xuan seems to be admiring a work of art.

.....

However, sometimes, dangers often come between you inadvertently.

At this moment, Ye Xuan did not have much defense, and this attack also came abnormally suddenly.

"boom!"

Suddenly, a strong direct transmission came.

Pure and primitive power, however, because the power is too great, it has already led some rules to cooperate!

"Ancient beasts!"

Ye Xuan suddenly jumped back.

And the position he was standing in was leaving a huge pit.

A figure appears, of course, this is not a person, but an ancient beast that looks strange.

"who are you."

The voice of the man was very blunt, and it was obvious that he did not speak very often, and the discourse did not have a tone at all.

Doesn't it mean that the ancient beast has no wisdom at all?

Doesn't it mean that the ancient beast is a very wild existence?

Why is this ancient animal actually able to speak out?

Ye Xuan had doubts in his heart and immediately said to the system: "System, detect this guy, I have to see if he is an ancient beast."

"Hey, system prompts, detection success, specified goals, ancient beasts, special abilities, physical reinforcement, ancient animal deformation."

It turned out that this is not his ontology form!

It seems that this ancient beast has been in contact with the gods and beasts of the demon gods for so many years, and it is not without any progress. Moreover, the beasts of the demon gods have given up their management here, but the ancient beasts have always sent people to sneak out to study.

Who said that this ancient animal is wild and ignorant.

At this time, in Ye Xuan's view, this ancient beast is not as wild as it was imagined.

Even the shape of the magical powers have, although only learned a little fur.

I don't know, it's the same for the entire ancient beast, or that Ye Xuan is only a special case.

Ye Xuan had not had time to answer the guy, but he heard the ancient beast continue to say: "Enter, die!"

After that, the ancient beast suddenly ran towards Ye Xuan!

It is clear that there is no power to borrow any divine power or laws, but this guy ran up, it is not much slower than Ye Xuan.

"dead!"

boom!

The ancient beast suddenly slammed out of the boxing force, and the power of the mountains and the sea was launched at once. With his attack as the center point, the square miles turned into nothing!

At this time, even Ye Xuan had to admit that this ancient beast had its own special features for practicing the body. It should be known that even if Ye Xuan, under the system blessing, even if the outbreak is full, it is impossible to cause this. Great destruction.

The power of this ancient beast has already caused the law to resonate!

Generally speaking, after people understand the law, they actively use the power of the law to use it for themselves, and thus become a means of attack.

But this ancient beast is not like this. Their attack is actually to use their own physical strength to directly drive the law and let the law cooperate with their actions.

It can be said that in terms of the utilization rate of the law, of course, the behavior of the ancient beast is very wasteful.

However, it is a miracle in itself to drive the law by the flesh.

At this time, Ye Xuan still had the heart to observe the fighting style of the guy. However, when the ancient beast attacked again, Ye Xuan had no intention to observe.

"Outsiders, you get out!"

At this moment, the ancient beast spit out words, and one side has turned into a body.

When the ancient animal body was exposed, Ye Xuan knew how big they were!

More than ten meters high, the whole body is full of strong muscles!

The ancient beast pulled out a bone from the side and used it as a weapon.

"boom!"

"boom!"

Two consecutive crazy attacks forced Ye Xuan to retreat to the back.

The entire ground was destroyed by the crazy attack of this guy, as if a violent local earthquake occurred.

Every time you attack, the top of the animal bone will naturally condense a ray of light.

That is the bound power of the law, the speed is extremely fast, and the power is also very large.

.....

"Megatron, kill me for him!"

Finally, Ye Xuan is enough to see the performance of this law of the beast, and finally it is shot.

Two scorpion swords appeared instantly and went straight to the ancient beast.

However, the next scene, let Ye Xuan directly unbelievable!

The two sacred swords hit the ancient beast without any hindrance, but they could not kill the ancient beast. Instead, they heard the screaming, and then the two sacred swords were blown. Go out!

How can this be!

In this case, Ye Xuan was the first encounter, which made Ye Xuan shocked.

"Damn, I still don't believe you can't help you, Megatron, give me the attack!"

Ye Xuan suddenly sacrificed the law of the **** bow, while commanding Megatron to continue to control the two sacred swords to launch the attack, while pulling the law of the **** bow.

"Gravity Law bless!"

Ye Xuan once used the law of gravity. This ancient beast is not physically strong, so let's see if he can stand the attack of gravity law.

"boom!"

The first law of gravity directly hits the arrow, but it is only a matter of letting the ancient beast back a few steps.

The second gravity arrow was even more unbearable, and it was actually flying by the guy with a bone stick!

This power!

Ye Xuan is considered a service.

The power of this ancient beast is simply shocking. Even the gods and arrows under the blessing of gravity law can fly. How big is the power of this guy?

But do you want Ye Xuan to give up?

Obviously impossible!

"The phagocytic law bless!"

This time, Ye Xuan shot three arrows at the same time, and the three arrows were blessed by the power of engulfing the law.

Want to rely on the power of the flesh to counter the law? How simple is it.

"boom!"

The ancient beast really used one of the bones in his hand to look like one of the gods.

He thought that he would fly like him last time, but unfortunately, this time, the arrow was directly pulled out by him, and the violent insulting power was instantly launched.

The bone stick in the hands of the ancient beast is directly sucked away by the vortex and is swallowed away.

However, the body of the ancient beast did not suffer much damage, and even could not take him away.

Fortunately, at this time, the other two rules have already flown.

In the twinkling of an eye, two whirlpools were born next to the guy.

If other people face the attack of the three rules vortex, fear that they will either flee early or they will be wiped out to death, and even if they can survive, I am afraid that it will not be easier than this ancient beast.

At this moment, the ancient beast looked at the three laws of the whirlpool, but actually did not move at all, but the action was slightly slower a little bit.

Chapter 2479: Map fragment

This guy, do you want to be so powerful?

Ye Xuan's brows are slightly wrinkled, and they wave with one hand, and a supernatural power is released directly.

Absolute zero!

In an instant, the ancient beast was frozen in place.

"Give me kill him!"

Under Ye Xuan's order, he has already released the Shenmu Swordsman.

Shenmu Swordsman cooperated with two sacred swords to attack the ancient beast.

Unfortunately, Ye Xuan is more and more frowning.

Because no matter whether it is the Shenmu swordsman or the attack of two sacred swords, it does not cause any decent harm to the guy.

It seems that the sword is now in front of this guy, and it just turned into a worn blunt knife...

Ye Xuan's brow is already wrinkled, but his heart is thinking fast.

Suddenly, he thought of a viable solution.

The ancient beasts are incomparably strong, and even the swords of the scorpion are all right, then, what are their gods?

Ye Xuan is trying to give it a try. Ye Xuan still does not believe that this ancient beast is not afraid of even the attack.

A sword of God's mind, which is like a real thing, suddenly formed. With Ye Xuan's thoughts, the sword of God's thoughts directly attacked the ancient beast.

There is no sound, no sound, no attack.

And the ancient beast lost its movement at this moment.

This physically incomparable guy, actually did not practice God!

Therefore, Ye Xuan is only a **** attack, he has already killed him.

"Hey, the system prompts, congratulations to the host to kill the border beasts of the ancient beasts! Get a piece of the dry sea map."

map!

This is a good thing. If you go to any strange place, the map is undoubtedly the most practical thing.

However, the ancient beast that was smothered by Ye Xuan is actually only a border soldier!

At this moment, Ye Xuan's thoughts on this dry sea are not so big expectations.

A border soldier, almost let Ye Xuan helpless, if this is what the generals encountered, isn't Ye Xuan an enemy?

With a wave of hand, Ye Xuan directly swallowed the body of the ancient beast. This time Ye Xuan entered the dry sea, the main purpose is to enhance the realm.

So naturally it will not be the same as before, occasionally hoarding resources, and consuming it when appropriate.

This time, Ye Xuan will swallow all the enemies he killed.

The map fragments can't see all the areas of the dry sea at all, and even the location where Ye Xuan is now can't be displayed, so for Ye Xuan, this map can only be temporarily retained.

After solving this ancient beast, Ye Xuan continued to walk toward the front.

With the entry into the dry sea, the number of ancient beasts is increasing.

This is not the only animal beast that Ye Xuan thinks. In fact, there are many other races here.

The strength of these races is extremely powerful, and, without knowing the influence of the beasts of the ancient beasts, or because of the limitations of the environment here, in short, the other races here are also the main practice of the physical body.

"Hey, the system prompts, the host should pay attention to the detection of special plants, seven ancient trees, it is recommended that the host immediately charge."

The seven ancient trees, because their fruits look like feathers, and each time the result must be only seven.

The fruit of the seven ancient trees has a very special ability, that is, after eating, the weight of the user will be reduced!

The weight is reduced, but it does not affect the strength of the users themselves. Therefore, the seven ancient trees have become the treasures of the ancient beasts. Almost every ancient animal beast will surely take it on the day of the adult rite. One.

After all, if you don't have the magical fruit of the ancient seven trees, then how can you have such a rapid speed with the physique of the ancient beasts?

After receiving the prompts from the system, Ye Xuan immediately focused his attention on that direction. Sure enough, at the moment, there was an old tree growing there. The seven feathers on the top were the fruits.

But at this moment, there are four ancient beasts who are guarded by the big tree.

In addition, there is a strange beast, Ye Xuan can only know that this beast should be kept by the beasts of ancient animals, but he does not know about his ability.

To get those seven trees, you have to beat these five guys to have a chance.

Ye Xuan released his thoughts and carefully observed, but found that the four ancient beasts of the beasts were one of them, and they did not leave the half step. It seems that they can only be hard!

"kill!"

Ye Xuan screamed and rushed straight into the past. At the same time, five gods attacked and attacked.

"Proud..."

The abrupt attack allowed the four ancient beasts to immediately fall into a panic, but this time, Ye Xuan's thought attack did not kill these ancient beasts!

When Ye Xuan was puzzled, he found that the beast that was swimming around was actually emitting a strange energy, and the four ancient beasts were guarded, and the gods attacked and was resisted!

What is this power?

Ye Xuan has seen a lot of ways to shield the minds. However, the means used to shield the gods used by the ancient beasts is a means that Ye Xuan has never seen before.

It seems that it should be the **** of the ancient beast, but it does not seem to be.

"System, detect the means that the guy uses."

At present, Ye Xuan's detection needs to consume the belief value, so in fact, Ye Xuan's remaining belief values at this moment are not many, but the use must still be used.

"Hey, the system prompts, the target is the pulsating magic!"

Pulsating magic?

Ye Xuan's brow wrinkled, which is simply a new ability to hear.

Pulsating magic energy, with its own veins as a storage point, the body as a foundation, to build a special array method, this energy is a unique means of the ancient beast, even more advanced than the attack of the gods, because God can only store after all In the sea of knowledge, the number is limited.

Even if it is cultivated, it can only be regarded as constantly improving the intensity of the mind, but not the total number of gods.

However, the pulsating magic can be different. The pulsating magic can use all the acupuncture points around the body, and the meridians serve as storage points. Naturally, more energy can be stored.

It's a pity that Ye Xuan simply does not have this means.

Ye Xuan also has some intentions at the moment.

If he can master this kind of means, can he not store the gods in the cave?

If so, then the total amount of thoughts of Ye Xuan can almost be said to be skyrocketing!

In this way, the benefits of Ye Xuan can be imagined!

"Shenmu sword waiter, go and stop me!"

Ye Xuan took a hand and directly called the Shenmu sword to call out, and then let the Shenmu sword wait to block the special beast.

And he himself has already rushed to the four ancient beasts.

Chapter 2480: a big tree

The boundary of the ancient beasts is different from the ordinary way of dividing the realm. Because they cultivate the body, even Ye Xuan can't even get their accurate way of dividing the strength.

It is only through its identity to determine its approximate strength.

But fortunately, these ancient beasts are strong in the body, so no matter how powerful they are, it is impossible to really compete with Ye Xuan.

Ye Xuan holds the sword, this time, he did not let Megatron control the sword, because Ye Xuan is very clear, the single sword, can not even break the defense of the ancient beast.

Instead of it, it is better to cast an attack.

After all, the crit chance of attacking yourself will increase, and there is still a chance to trigger a hit!

Since Megatron has become the spirit of the sword, and Megatron has the magic shape of the sword, Ye Xuan has not personally manipulated the sword for a long time!

"Destroy the gods!"

Suddenly a sword broke out.

Only one touch, a beast of an ancient beast was directly shot by a sword.

And Ye Xuan's movement did not stop, carrying the sword, and immediately chased it up.

The attacking power and defensive power of the ancient beasts are not weak, and the agility is also very high, but they only rely on the strength of the body, and do not use magical powers. As a result, the threat to Ye Xuan is not great.

It can be said that to deal with the beasts of ancient beasts, Ye Xuan is most important to have patience, to find ways to kill the other side, without too much outbreak!

Unlike any enemy that Ye Xuan encountered before, it is impossible to kill an ancient beast, and it is impossible to expect an explosion to kill it!

"Six-word mantra, die!"

Ye Xuan launched the six-character mantra, hoping to use the mysterious power of the six-word mantra to kill the enemy.

However, this time Ye Xuan failed, and the **** beast of the ancient beasts directly ignored the power of the six-word mantra.

"Destroy the gods!"

Helpless, Ye Xuan is a sword, and the ancient beasts are retired. Then they will concentrate all the thoughts and send out a sword of God!

At that moment, the beasts of the ancient beasts, which had been pressed by Ye Xuan, finally showed a painful expression. Apparently, Ye Xuan's sacred attack on all the gods had already broken through his defense.

"proud....."

What Ye Xuan did not think was that the beast was even screaming again and again, and the pulsating magic of the beast could help the beasts of the ancient beasts to resist the damage!

Seeing the painful expression of the beast, Ye Xuan immediately moved to attack the ancient beast in front of him, but the figure flashed, and he joined forces with Shenmu Swordsman to directly launch a powerful attack on the beast.

Not a moment, ah, the beast will be forcibly killed by Ye Xuan, and then, to kill four ancient beasts, it is very simple.

After cleaning up the guards, Ye Xuan finally got his wish to come to the seven trees.

With a wave of flowers, the seven trees have no resistance and are uprooted by Ye Xuan, directly consuming the space, because Ye Xuan wants to try to see if he can plant this magical plant in the swallowing space.

Originally, Ye Xuan thought that it might be necessary to plant these seven trees, but it would take some effort, but what Ye Xuan expected was that the vitality of the seven trees was exceptionally strong and would not be affected by the environment.

Even if it is transplanted into the phagocytic space, it is quickly adapted.

After a while, the five ancient beasts on the ground were directly swallowed up by Ye Xuan and turned into an upgraded experience.

"Hey, the system prompts, the host breaks through, the current five products are in the royal world!"

Ye Xuan is now seeing it. In this dry sea, it seems that the realm is not so important.

Because the fighting methods of the ancient beasts are completely different, the gap in the realm has been greatly reduced in the presence of the ancient beasts.

Of course, the higher the realm, the more natural it will take.

Holding the sword, Ye Xuan walked straight ahead.

The dry sea is huge, waiting for Ye Xuan, it still has a long way to go.

Originally, Ye Xuan was just preparing to smash the ancient beasts here to enhance the realm.

But now it seems that in the dry sea, there are things that can be used to engulf space.

Because in this dry sea, there are many things that are not available outside.

It even includes some rare races.

These rare races have their own characteristics and are also taken away by Ye Xuan.

In the outside world, it is almost impossible to find such a dense and rare ethnic gathering.

However, in the dry sea, there are a large number of rare races.

After all, the dry sea itself is already a rare place. I fear that there is no second dry sea in the whole world.

Moreover, if Ye Xuan is killing all the way, I am afraid that the ancient beast will not be long before it will become a rare race.

.....

This is a tree, a huge and eccentric tree!

Ye Xuan looked up and looked at the big tree in the sky. It was a bit dazed when I saw it.

Not long ago, Ye Xuan discovered something looming in the sky and rushed over here.

When he got here, he saw this strange tree.

In fact, this big tree is simply from the appearance, it seems that it is an ordinary eucalyptus eucalyptus, and it is not surprising that it has not cultivated wisdom.

But if you see the nutrients he absorbs, I am afraid I will not think so.

Almost all of this big tree floats in the air. The thick roots of the roots are scattered directly in the sky. These roots must have several different shapes, most of which are translucent. Roots, these roots must be in the air, and they are constantly refining the divine power of the surrounding travel to nourishment.

Secondly, it is a kind of roots that are as white as jade. It is somewhat unimaginable that this kind of roots is actually the refining of the law as the nutrients of the big tree.

Even the power of the law can swallow!

If you still say that this big tree is simple, I am afraid it is stupid!

The big tree is huge, and Ye Xuan standing on the ground seems to see not a tree, but a mountain, and it is still such a huge mountain!

Ye Xuan has already moved his mind. This big tree, although Ye Xuan has not figured out what is useful, but does not prevent Ye Xuan from wanting to engulf him in the space.

With the power of divine power and the power of law as a nutrient, I am afraid that this tree must have magical power.

"Devouring!"

Ye Xuanbing didn't think much about it. It turned out that this big tree was the kind of plants he had encountered before, trying to collect it directly.

However, this time, he actually failed, and it is not a complete failure, because after Ye Xuan launched the phagocytic ability, there was a tentacles that were engulfed in the space.

Ye Xuan gave a slight glimpse, he was able to sense from the phagocytic space that the roots were constantly absorbing the power of engulfing the space and then feeding the big tree.

Ye Xuan brow slightly picks.

Actually take his own swallow space as its nourishment!
