

Super D. S 248

Chapter 248: force!

The girl was shocked and hurriedly slammed out, but was directly blocked by the man.

The man continued to sneer and laugh: "Sister, if you have this strength, don't show it in front of me. Don't resist, or I will kill the little white face."

He finished, grabbed the girl's shoulder directly, and then licked it.

The next moment, the girl's clothing was directly shattered, and the smooth shoulders were exposed to the air. If it wasn't for the night, the man's saliva would probably flow out.

"Stop, brother, you are going to stop, or I will, I will..."

"Haha, what are you?"

The man did not care at all, but he was a higher level than the girl, and the latter had no threat to him.

However, he likes this, the louder the girl is, the cooler he is.

However, at this time, suddenly a cold voice sounded.

"Don't move her, otherwise, die!"

This sound suddenly came out, scared the man and the girl are all trembled, the former is directly released the girl's hands, and then took out the eight wild swords.

It's a pity that the Eight-Year Sword has just been taken out. He heard a '咔嚓' sound, and the Eight-Dangerous Sword came out directly, and his wrist was directly reduced by the number one, and he was actually crushed by the hand bone. .

"Ah..." The man couldn't help but scream, and still did not forget to say: "Who is it?"

"You are called a little white face."

The cold voice rang again. Then, the whole man flew out, his chest broke, and he was directly punched through the heart, and the death was unclear.

This punched person who pierced his chest was exactly what he called Ye Xuan.

After these few hours of rest, he also recovered a lot, at least able to act.

Fortunately, what kind of Tiandan was lost, although the effect was too much difference with the healing drugs he used before, but it also accelerated his recovery.

"Brothers..." The girl saw the man flying and flew away. She also ran over and found that the other party was dead.

At the moment, he just looked at the figure not far away and said: "You, you..."

She was frightened and could not speak.

"Reassured, you saved my life, I will not hurt you." Ye Xuan looked at the girl who was pulled out of the coat, bare shoulders, and slowly said.

This girl, who seems to be only about fifteen years old, is similar to Xue Qingqing and looks very cute and lovely.

However, she is too kind, the man almost strong her, she also ran over, this is already stupid.

"You... are you not seriously injured?" the girl asked.

Ye Xuan saw that the girl's figure was a little trembling, so she did not move, and quietly stood in the same place and replied: "This is still a loss of your remedy, otherwise I have not recovered so quickly. Well, thank you for your help. Well, otherwise I have been killed by your brother and sister."

"But, you kill the brother..." The girl's eyes are already foggy, and she is about to cry.

Ye Xuan had some headaches and glanced at the cave. He said: "Is this kind of person worthy of your sadness? For this piece of land, I personally killed my sister, then threatened you from him, and finally wanted to take you directly. Strong. I have a bad eye, so I killed it directly."

The girl did not speak, remembered it carefully, and finally cried out. She did not expect to come out and do a practical task, and such a thing happened.

Ye Xuan was somewhat distressed and quietly walked over.

The girl was shocked and hurried back.

"Don't be afraid, if you say it won't hurt you, you should put on your clothes first." Ye Xuan said, just take down the man's Qiang Kun ring and check it out.

Rub, poor ghost!

It is said that the girl is also taking a coat from the ring. Her heart is also a little scared, if it is not Ye Xuan suddenly appeared, at this time she is probably full body, and then

"Thank you," the girl whispered.

"You saved me and gave me a remedy to save my life. I have to thank you."

Ye Xuan said, directly accepting the man's body, and entering the hole to collect the body of the charming woman, and then said: "I received the body, so I didn't have to look upset."

"That is the body of my brother-in-law, you received... what?" The girl asked strangely.

"Is it difficult? You want to bring back the sects and tell them the truth?" Ye Xuan asked.

"I..." The girl is hesitant.

If she returns to the sect, she tells the master that the brothers and sisters are killing each other for a piece of ground. Finally, the brothers killed the sister, and also beat her attention, and wanted to strengthen her.

So how did she escape?

"After you go back, just say that you meet the animal tide, and they are separated from each other, so that they are born and dead and have nothing to do with you." Ye Xuan directly suggested.

The girl is silent.

"Well, things are over, you don't think about it. You should be a disciple of Tianyuanzong, what is your name?" Ye Xuan asked again.

The girl hesitated again, then slowly said: "My name is Zhao Feiyan."

"Oh, well, I know."

Ye Xuan nodded and sat down directly. He said: "My injury is not completely good, I have to recover."

After he finished, he took a medicinal herb directly from the Qiankun ring and swallowed it.

The girl also walked silently to sit down, only when she reached a huge blow, she must be quiet.

But what she did not find is that Ye Xuan's level is actually much lower than her, only the middle of the real Xuanjing, which adds the hidden effect of the blood.

This time, I also chose to be dangerous, and Ye Xuan was scared to death. Fortunately, it was just a false alarm. He succeeded in living!

At this time, there was not much in the space he swallowed, and there were only some forged materials that were obtained in Dongfu. These materials were not enough for him to break through to the human world, so he simply kept it.

At the same time, in order to pursue Wang Chuanshan and the green bird, his swallowing points have been used up. Later, he swallowed a bit on the way, so there are still about 30 billion.

He is very troubled, because it is far away from Lingxiao House. It used to be a half-month flight with Ling Xiao Dapeng.

In his current realm, if he wants to run back, at least two months, after all, he will not fly, he has to go a lot of roads, and whether he can live or not is still a problem.

"There is no way, I can only rest for one night, restore the injury and then go up to find the brother, I don't know if they are still not..."

Ye Xuan thought in his heart.

He began to meditate and refine the medicinal herbs, and it is estimated that he will be able to return to the peak in the middle of the night.

However, at this time, he suddenly felt that Zhao Feiyan stood up beside him.
