Chapter 2481: Weird

"Give me up!"

This time, Ye Xuan stepped up his own devouring power and tried to put the big tree directly in his hand.

However, Ye Xuan had a failure. In addition to letting more roots enter the devouring space, and then continuously extracting energy to support the big tree, Ye Xuan had nothing to gain.

Damn it!

If Ye Xuan does not solve it, then Ye Xuan's engulfing space can become the place where the big tree draws energy, and it is still endlessly extracted.

So, how can we take this big tree away?

Even the law is just his nourishment, but Ye Xuan is thinking about what else to do.

Suddenly, Ye Xuan's eyes lit up, and he thought of an energy, a kind of energy that Ye Xuan had just acquired.

Because just now, Ye Xuan discovered that this momentary weird tree, the clouds around the faint star power!

Moreover, while the big tree is extremely afraid of the power of the stars, it will try to extract it.

In this case, why is Ye Xuan the most bait in the power of the stars?

In the hands of Ye Xuan, the power of a star is constantly condensed, and the power of these stars is all stored in the devour space by Ye Xuan.

Ye Xuan's idea is very simple, he is to use the power of the stars as a bait, lead the tree to hook, and then conquered him.

This ancient tree is obviously not as wise as imagined, he should have some basic consciousness.

Since there is some basic awareness, it is even better for Ye Xuan, because in this way, using the power of the stars as a bait will add more power.

Ye Xuanbing does not have much power of the stars, so at this moment in the space of engulfing, it is only a piece of the size of the fist.

The power of the star of the fist size is constantly shining with brilliance, which is very dazzling.

And Ye Xuan, once again launched the phagocytic ability, want to take the old tree away.

"Devouring!"

This is already the third attempt. If it is not successful, I am afraid that Ye Xuan can only give up.

Strong suction launched, however, the big tree is still unmoved.

Could it be said that Ye Xuan failed again?

Suddenly, in the swallowing space, a tentacity suddenly appeared around the power of the group of stars, and then more and more tentacles began to condense next to the group of rays.

There is movement!

As long as there is movement, it is a good thing!

Ye Xuan waited silently.

Sure enough, after a while, the roots of the outside world must be less and less, and all of them are gathered around the power of the stars.

After a while, the big tree disappeared directly, but Ye Xuan's engulfing space was more than a big tree.

In fact, this feeling is not very good, because it is said that this big tree is not taken away by Ye Xuan, but the big tree himself enters the swallowing space!

In other words, from the beginning to the end, Ye Xuan could not help the big tree.

However, in any case, as long as the big tree is being swallowed up in the space, then it is definitely a good thing!

When the big tree completely entered the phagocytic space, Ye Xuan clearly felt the benefits of the big tree.

There are many roots in the big tree, and Ye Xuan has nowhere to look.

Because just like the same beginning, Ye Xuan forced him to accept him. Just a few roots have to enter the phagocytic space. The roots of this big tree are actually scattered in many places, everywhere in the mainland of the gods, some secrets, perhaps There are roots of the big tree.

However, as long as the body of the tree is consuming the space, then the benefits will naturally benefit the phagocytic space.

This tree uses the power of divine power and the law to use other forces as a nutrient, but it is the power of life.

This life force is extremely large, and it is directly spread in the air, that is, the entire phagocytic space can be benefited.

However, there is only one such big tree, and such blessings will be much less.

And Ye Xuan seems to understand why the ancient beasts in this dry sea have such powerful vitality.

Because of the existence of these ancient trees, they constantly convert the power of God and the power of law as vitality.

Therefore, in fact, in the dry sea, it is actually many times more difficult than the outside world. However, the vitality is extremely abundant, and even the ancient beasts are not required to practice. Just by breathing, they can naturally be the vitality of the majestic. Constantly strengthened.

If it is possible, Ye Xuan naturally collects several such large trees.

There are many mysteries in the dry sea, but this is just the beginning.

Ye Xuan came to the dry sea, it is like a fish, while one can kill the ancient beasts to enhance their strength, while also collecting a variety of exotic items, it can be fun.

.....

"System, what is this again?"

After Ye Xuan conquered the big tree, he had not had time to leave, and he saw a weird beast running towards this side.

This animal is not ugly, the reason why he is weird, because this guy has a flower on his head!

A lot of bright flowers.

A beast with a flower on the top of the head?

So, is he a beast? Still count as a plant?

Ye Xuan was quite curious to watch the beast rushing all the way, seemingly looking for something.

"Hey, the system prompts, detects rare races, flowers and animals, and suggests that the host captures immediately."

"No hurry, system, what is the situation of this flower beast, such a half-beast and half plant?"

"Hey, the system prompts, the flower beast has a special magical power, the plant is psychic, this magical power can make the flower beast change into any flower appearance, and thus live on the plant."

Ye Xuan smashed, the animals lived on plants? This is really unheard of.

It's hard to be done. This guy is also like a plant. Can you cultivate with sunlight as a nourishment?

"Hey, the system suggests that the flower beast has special abilities, morphological simulation! Once launched, it can perfectly integrate itself with the plant, so that the plant will give him the energy he has gained."

Ye Xuan is simply crying and laughing, and encountering this wonderful creature, Ye Xuan is really speechless.

This guy is really relying on plants to feed him.

However, this way of living is really quite special.

And Ye Xuan can also guess what this guy is looking for. I am afraid I am looking for the big tree. Maybe this guy has been living in the big tree before.

Since this is a rare race, then Ye Xuan will easily devour his income into the space.

And it is also placed directly around the big tree.

Sure enough, as Ye Xuan expected, the flower beast saw the big tree as soon as he saw the excited tree. When he jumped, he jumped high above the tree.

In the blink of an eye, the flower beast has completely lost its trace, and it has been completely integrated into the tree.

People simply can't see the slightest exception.

Ye Xuan is more and more interesting to see, this flower **** beast is quite special.

Ye Xuan went all the way, but also collected a lot of interesting things, but the danger that comes here will always come. Here, after all, it is the dry sea, the site of the ancient beasts, how can it make Ye Xuan like this? It has been easy.

Chapter 2482: Rule cage

The reason why the front road came to Ye Xuan has not encountered too many dangers, but the system is only because it is still a peripheral area, and the ancient beasts are not prepared.

With the deepening of Ye Xuan, the defense of the ancient beasts is naturally more and more strict.

Moreover, more and more creatures belonging to the dry sea have begun to appear.

"What is this beast?"

Ye Xuan looked strangely at everything in front of him, but some of them couldn't understand. These beasts were full of metallic light, and they were covered with long swords with long swords!

Suddenly, the beast suddenly fixed his eyes on Ye Xuan's body. Obviously, he has already discovered Ye Xuan, and he is full of hostility towards Ye Xuan.

"Hey!"

Suddenly, from the back of the beast, a few cold light, in the blink of an eye, has been attacked like Ye Xuan.

Megatron flew directly without hesitation, and quickly rushed to the cold light, and the light flickered. After a while, he saw several broken swords falling to the ground.

However, this is just the beginning. At the same time that several cut-off swords fell, thousands of cold lights appeared again, and went straight to Ye Xuan.

The two swords of the gods are in front of Ye Xuan, so that those cold light can also think of being close to Ye Xuan, but Ye Xuan's heart is doubtful.

What is this kind of beast?

"Hey, the system prompts, specifies the target, casts the sword beast!"

Casting swords and beasts, the swordsmanship of the ancient times, left behind the cast swords of the gods, the body is just a casting sword, but the opportunity coincidence and cultivation.

Casting the sword beast special ability, cast sword attack, cast sword beast can quickly refine various swords in the body as an attack means, the quality of the sword is randomly generated, and if the attack fails, then the sword will be automatically recovered.

While hearing the system prompts, Ye Xuan has clearly seen the scene of the Shenjian recycling.

I saw those broken swords that fell on the ground. It turned out to be a stream of light and flew back to the beast.

A good sword-casting beast can be said that with his special magical power, he is afraid that he is also a guy who can walk sideways in the dry sea.

Unfortunately, he met Ye Xuan!

Although the system of the cast sword beast is obviously stronger than the ordinary beasts of the ancient beasts, it is absolutely impossible for Ye Xuan to be weak.

I saw Ye Xuan's quick sacrifice rule, and then he did not hesitate to pull the bowstring.

The power of the law!

Ye Xuan, is this going to prepare to conquer this cast sword beast?

However, this cast swordsman has a special ability. If it is to be conquered, it has many uses.

Since it is possible to refine the Excalibur to attack the enemy, it is natural to refine the Excalibur as its own use.

Although this sword-sword refining the Excalibur has a certain chance of failure, even if it is a refiner, when refining the magic weapon, is there a chance of failure?

Ye Xuan may not need it himself, but if he brought this cast sword beast back to the Kunfang Divine's nine-party 60,000 mirrors and brought it to Ye Zong, he was afraid that it would also achieve good results.

Of course, just using the power of the law, you want to conquer this cast sword beast, but it is also somewhat difficult.

At this moment, I saw the seven laws at the same time, and the arrows of the gods came to the side of the sword-bearing beast. The arrows of the seven laws were not all ruled powers, and the four of them were the power of the charm.

These four charms constitute a network of heaven and earth, but in a flash, the cast sword beast was taken into a cage of law.

The other three principles of power, but also constitute a horizontal chain, the cage will be strengthened again!

"Hey!"

The constant crisp sound came from the cage, and it was the law that the beast was struggling and trying to get rid of it.

"Hey, hey, hey!"

The law ball cage was hit and trembled in the air, and a crack appeared.

Ye Xuan immediately bent, and the arrows of several laws immediately flew out and reinforce the cage.

"Hey animals, if you surrender to me today, I can spare you a life, if you don't accept it, then don't blame me for tearing it into pieces!"

Ye Xuan is a great god.

This cast sword beast is also a very good spirited beast, so, Ye Xuan believes his words, this cast sword beast can understand.

"Roar!"

A big rumor came, and the sword-bearing vet responded to Ye Xuan with his own anger.

Huge power constantly hits the law cage, the crazy sword-casting beast, after knowing Ye Xuan's intentions, is obviously more crazy and struggling even more powerful.

"I don't want to accept it, today, I will play you!"

This cast sword beast does not have the power of any law, so Ye Xuan will not worry that he can knock out the law cage.

I saw that Ye Xuan once again pulled the law of the gods bow, and the various violent laws and forces suddenly flew out from the law gods.

A fierce and fierce attack made the inside of the cage of the law immediately filled with all kinds of horrible power.

"Hey!"

The sword-bearing beast sent a terrible cry, but Ye Xuan was unmoved.

The law of the gods in the hands of the gods did not close up, but instead it was a trick to lose the absolute zero.

Absolute zero, can not trap the sword sword beast for too long, but even if it is just a blink of an eye, it is enough for Ye Xuan to do a lot of things, issued numerous powerful attacks.

"Not satisfied!"

Ye Xuan asked loudly.

But the cast sword beast, except for roaring, has no other indications.

"I don't accept it, then give me the continuation!"

"Six words are true, cruel!"

With the scream of Ye Xuan, the power of Xuan'ao immediately started.

The cast sword beast had a clear body, but it was not really ruined because of its physical strength, but it was also hurt.

In the eyes of the sword-bearing beast, the horror of the beast was finally revealed. After all, Ye Xuan was just a word, and there was no other movement to hurt him.

How can this not shock him, the sword-bearing beast is not stupid, but, he is the sword of the sword, let him surrender to the strong, cast sword beast is not too resistant, but, after all, this For thousands of years, the Casting Sword Beast has long been used to it, and some people want to conquer him, he will naturally resist.

At this moment, the cast sword beast has a daze, but the anger is reduced a lot.

Ye Xuan did not know this. When he saw that the sword-bearing beast still had no intention to surrender, Ye Xuan's attack was once unfolded!

God read the pressure!

This time, Ye Xuan directly used the power of God's thoughts. This casts the sword and the beast to let him be so powerful, but only after he cultivated, it is impossible to have a too strong and powerful mind.

After all, the Casting Sword Beast lives in this dry sea, and where can he find the way to practice.

The powerful gods of the gods were directly on the body of the cast sword beast. At the same time, the voice of Ye Xuan came out.

"You, dissatisfied!"

"Hey!"

A low-pitched, Casting Sword Beast is still doing the last recalcitrant, a powerful **** to read the pressure, so that he has a feeling of wanting to fall to the ground, but his pride, does not allow him to do so.

Chapter 2483: Conquer the cast sword beast

Ye Xuan's thoughts were aggravated again, and the power of the pressure was strengthened again.

"Not satisfied yet!"

This time, the power of God's thoughts has been like the essence, and Ye Xuan has even joined the killing!

Ye Xuan's patience has been almost ruined, and he is already dying to be patient.

"I will give you a chance, surrender, or die!"

"boom!"

God's power to control the power, so that the cast sword beast finally can not hold back, directly fell to the ground, and at the same time, a sword of God's mind high hanging cast the top of the sword beast, at the same time, Ye Xuan's law in the hands of the gods Flashing, two scorpion swords, are also ready to shoot at any time.

Obviously, Ye Xuan is ready to kill, if this cast sword beast is not surrendered, afraid, he will not have the opportunity to choose!

.....

Ye Xuan no longer speaks, silently waiting, how to choose the sword-beast, Ye Xuan is impossible to make his decision, but Ye Xuan gave him the opportunity, if he is not steadfast, Ye Xuan does not mind He swallowed.

However, this swallowing beast is obviously not stupid.

After understanding that he had no choice of choice at all, the cast sword beast no longer hesitated and sent his own fragments of the gods out of the cage!

The shrine of the gods with a faint radiance slowly drifted toward Ye Xuan, and Ye Xuan's mouth was slightly tilted, and with a wave of his hand, he had already taken away the fragments of the godhead.

At the same time, all attacks against the cast sword beast disappeared for a moment.

"the host!"

A voice was introduced into the mind of the cast sword beast.

This sound is a bit tender.

It turned out that although this sword-bearing beast has been kept for thousands of years, the journey of cultivation has only been in the last 100,000 years, and the time for producing intelligence is shorter.

After all, he was only a sword in the beginning, wanting to produce intelligence, it is as simple as that!

"Since you are a sword, I will call you Xiao Ding, Xiao Ding, after you have grown up here, what can be special here?"

Ye Xuan asked the casting sword beast.

Because Ye Xuan thinks that since this is the land where the ancient swords of the ancients left behind, there may be some rest.

"Returning to the master's words, this place has already been defeated, and most things have disappeared, but the original owner has left a seal, and there may be some special existence there."

The original owner, that is the ancient power.

In this case, you can't really have an adventure inside.

"Okay, take me there immediately."

Ye Xuan did not hesitate and said directly to the Casting Beast.

The Casting Sword Beast took Ye Xuan and walked straight toward a mountain.

From the surface, there is nothing special about this mountain. However, with the sword-bearing beast leading the way, Ye Xuan discovered that there is actually a hidden prohibition.

This kind of banned arrangement is not one of the things Ye Xuan has ever seen, and it is obviously a distant method.

This cast sword beast carries Ye Xuan, according to a certain walking law, or advances, or retreats, or left or right, sometimes, even in place.

But what is strange is that the scenery in front of Ye Xuan has changed.

"Master, here is my home, there is a strange prohibition here, a bit like overlapping space, walking on a specific way, you can go home, but if there is a step wrong, it will be launched immediately. "

Ye Xuan nodded, although this method Ye Xuan has not seen, but Ye Xuan has seen something similar, that is overlapping coexistence space!

Maybe this place is also there!

Ye Xuan followed the footsteps of the sword-bearing beast. It can be said that every step is very careful, without any mistakes.

Finally, after half a lapse of time, the scene in front of Ye Xuan suddenly changed.

The top of a mountain!

Here is the top of a huge mountain.

Moreover, this mountain is obviously artificially cut off the top position.

However, the top does not really exist, but is not far from the side, becoming a floating island.

Ye Xuan carefully observed it, but found that this mountain under his feet, together with the floating island, is not the big mountain that he saw before?

If there is no sword-bearing beast to lead the way, I am afraid that even if Ye Xuan climbs to the top of the mountain, there is no difference at all!

A weird ban, a strange place!

At this time, the place where Ye Xuan is located has been defeated. In front of Ye Xuan, there is a mound of soil. Between the faint, Ye Xuan can also see the appearance of the sword-making furnace.

According to the truth, the sword-making furnace built by the ancient cannon should not be destroyed even after thousands of years.

However, after all, the sword-making furnace has been cultivated into a beast at this moment, so naturally he cannot exist for a long time.

On the contrary, there are some broken swords that are randomly discarded, and the broken materials are quite well preserved.

This time, without the system prompts, Ye Xuan understands that these things are good things.

The materials used by the ancient canon to refine the Excalibur, even if it is only scrap, even if it is left, put it now, it is also an absolute ancient resource.

So Ye Xuan will not let go.

"Hey, congratulations to the host, get the ancient materials, seven nights!"

"Hey, congratulations to the host, get the ancient materials, Fengqi immortal wood!"

"Hey, congratulations to the host, get the ancient materials, the eight wild Liuhe longevity holy water!"

.....

The system reminds me of the constant reminder, Ye Xuan mouth hangs a laugh, this time, he earned a lot of money, these ancient resources, let alone use, even if Ye Xuan used to swallow, can let Ye Xuan prompt several levels.

However, Ye Xuan will not devour, because these materials, can be good things, can definitely create a weapon of the gods, even if not used to build the soldiers, to devour the sacred sword, but also to let the sacred sword evolve!

Therefore, these materials have been directly engulfed by Ye Xuan.

However, these things are good things in Ye Xuan's eyes, but in the eyes of the sword-bearing beast, these things become garbage!

"Master, these **** are everywhere, what do you want for this!"

Rubbish?

Ye Xuan glanced at the sword-casting beast!

This kind of garbage, how much, how much, he Ye Xuan all received.

"Do you mean that there is such a thing here?"

"Yes, the master, there is a warehouse in front, it is the place to pile up these garbage and some broken swords."

Ye Xuan will delay and go straight to the so-called warehouse.

The warehouse, really a warehouse, a huge stone cave, discarded countless materials.

Perhaps it was still well organized before, but now, no one has managed it, and it has naturally been run down.

"The ancient emperor Engen! It is said that the ancient emperor's tree has no longer existed. I did not expect that, here, I can still find this ancient emperor Engen! Although the ancient emperor Engen is not

a material of the refiner, but In the engraving method, you can have great benefits in collecting belief values!"

"What is this again? The three sharp corners of the robbery of the beast? This robbery beast is said to be a strange beast. As long as he is around, no matter what kind of catastrophe, it will not come, and his special It is the three sharp corners from the top of his head. These three sharp corners have strange functions. The power of the person who holds them can be accelerated several times!"

Chapter 2484: Casting sword inheritance

"This black ball is hard to be the eye of the black evil sky king of one of the ancient twelve days of the dragon! How can it be here! The black evil dragon is the one who fights several people and is strong, it is said that the human race is attacking The Tianlong people suffered heavy losses, which gave other mythical race opportunities!"

"The feather of the demon, is this the feather of the demon? The demon, the magical race that has been extinct, I did not expect that they can find the feathers they left here."

Ye Xuan was so surprised to see all of this in front of him, everything, just let Ye Xuan enter into a huge treasure house.

There are constantly materials that are being swallowed up by Ye Xuan's income.

These things, whether in the eyes of the ancient powers, are useful, even garbage, but now, it is absolutely good!

For Ye Xuan, it is also a great opportunity to meet and not be able to ask.

Ye Xuan said that he will not give up this opportunity.

Ye Xuan will definitely take all these things away.

There are constantly resources to be classified, and the natural understanding of Ye Xuan is taken away. If you don't know, the system will be identified. If it is not identified, it will remain.

However, not all of them are useful. Many materials are useless because they lack other auxiliary materials.

"Oh, unfortunately, this is the main material for refining the gods of the gods, but another special material that is necessary for refining the gods of the gods has long since become extinct. Even now I have this thing, there is no such thing. The method is used, but unfortunately, unfortunately!"

"Forget it, since I can't find a suitable use, then I can't waste it, just swallow it away!"

Ye Xuan hand waved, and the material that had been judged to be useless was directly swallowed by Ye Xuan.

"Hey, congratulations to the host breakthrough, the current six products are superior to the gods!"

Ye Xuanbing did not pay attention to the upgrade instructions of the system, because Ye Xuan is very clear, afraid that it will upgrade the level.

One piece of resources was quickly classified. Ye Xuan was a big bargain this time. It can be said that this time the harvest is extremely rich. If the harvest of the ancient space of the Qin is compared, let's not say a lot of the ancient space. There is no resource at all, and even if it is quantitative, it is impossible.

I am afraid that this is the harvest, enough for the ancient space to produce for thousands of years!

At the same time, one piece of Ye Xuan's useless resources was swallowed up by Ye Xuan.

We must know that many of the resources swallowed up by Ye Xuan are already a unique existence in the realm of the gods. They are already extinct.

However, Ye Xuan did not hesitate to swallow it!

The value of these things is not measured by Lingshi.

Many of the strong have some special hobbies. Among them, collecting such extinct resources, most of the strong people like to do such things.

But for Ye Xuan, he doesn't care at all.

"Hey, the host breaks through, the current seven products are waiting for the Emperor's mirror!"

With the prompts of the system, this does not know how many orphaned resources Ye Xuan swallowed.

This thing is a material of a beast, this beast is called the spirit of the moon!

It is a mysterious ancient beast. The gods do not say the moon. Even the stars are hard to see. However, this moon spirit has a special ability. He can collect all the scattered memories with a strange talent. The power of the gods!

In the ancient times, this spirit of the moon has already been a very rare existence, not to mention it today!

Nowadays, the gods naturally have no such beasts to watch, and their spiritual moon beads, afraid that Ye Xuan has just swallowed up, is the last one in the realm of the gods.

Shenyuezhu is not very useful, but it can emit a strange moonlight. This moonlight is very delicate and soft, and it has a peculiar effect on women.

It is said that if you use Lingyuezhu to build a palace, not to mention the perennial residence, it is to occasionally go to the top, you will be able to top the effect of Yan Dan.

It is a pity that this kind of thing will not be there again in the whole world of the gods!

Casting the sword beast and looking at his master, in the heart of the sword-bearing beast, will not understand the joy of Ye Xuan, and even doubt, what is Ye Xuan.

You must know that in the heart of the sword-bearing beast, these things are all rubbish, and they are all things that are nothing. However, Ye Xuan likes it so much. This is what the cast sword beast can't understand!

.....

Ye Xuan almost digs three feet here, and all the things he can see are identified, usefully left, useless, swallowed, and even devour the value, but there is no waste, and then keep it out. Going to the auction is definitely the wealth of the guest.

When Ye Xuan finally finished all this, the cast sword beast said to Ye Xuan.

"Master, please come with me, the only place in the house that is well preserved is the front here. The original owner has set a ban, and I can't get in, but I can be sure that it has not been destroyed."

So, in these places, have they been ransacked?

Ye Xuan's face is a bit ugly, because it shows that there are many other good things here.

Of course, only a moment, Ye Xuan will recover. After all, even if someone has ransacked here, I am afraid that it is not a matter of years ago.

Moreover, it is very likely that it is not artificial. You must know that these things are good things even in ancient times. No matter if someone or a beast and strong person arrives here, it is reasonable to say that there should be no such thing here. There are many things.

The reason why I can explain why there are so many good things here is only two. One is because the people who robbed here are afraid that it is definitely more than the ancient times. Another possibility is that there is no intellectual thing to destroy this place!

Ye Xuanbing did not entangle this problem, but directly followed the Casting Sword Beast to the place of prohibition.

Here, the ancient prohibition was set up. For a time, Ye Xuan couldn't help.

However, Ye Xuan will not give up, because there is a ban here, it proves that there may be something intact in the seal.

Ye Xuan's understanding of the ban is also considered good. After all, he is also a master of prohibition.

At the same time, it is also a master of the gods, a master of the array, and so on. Therefore, if you want to study this method, it is not too difficult, at least it is easier than others.

It can be said that if Ye Xuan can't rob him, fear that it is the whole **** world, there are not many people who can do it.

Ye Xuan sat down and began to think.

This one is a whole year!

In a year's time, Ye Xuan did not move, as if turned into a stone.

The cast sword beast also stayed with Ye Xuan, waiting for Ye Xuan silently.

On this day, as usual, Ye Xuan sat cross-legged, and the sword-bearing beast looked at Ye Xuan silently and found that Ye Xuan still had no movement, and he was ready to go out for a lap.

But at this moment, Ye Xuan suddenly moved.

Chapter 2485: God graces the sword entrusted

"It turns out!"

A touch of voice, just four words!

But these four words, but have been waiting for a full year, a year, Ye Xuan finally realized!

At this moment, Ye Xuan simply ignored the situation around him. The sword-bearing beast was very consciously guarded by Ye Xuan, and Megatron also controlled the Shenjian sword to walk around Ye Xuan.

I saw Ye Xuan silently stood up and walked to the side of the ban as a light curtain. Then, the hand was printed directly.

A violent ray broke out between the moments and broke through the clouds. It can be said that from the outside, at this time, the whole mountain is emitting bright light.

Unfortunately, no one knows where this light came from.

And here is the dry sea, the beasts of ancient beasts, and it is not too much of such a thing at all.

The light continues, and Ye Xuan's body slowly fades.

It is the power of the stars!

The shape of Ye Xuan at this moment is not the translucent state when I feel the power of the stars.

It turned out that this ban was actually the power of the stars!

The power of the stars, how many people can be in the realm of the gods?

And to have the power of the stars, but also have a good prohibition to understand, but also have enough strength.

I am afraid that in the current realm of the gods, it is difficult to find a few more people besides Ye Xuan.

Here, it seems to be specially built for Ye Xuan.

Of course, this is simply not possible. The only explanation is that in the era of the power of this sword, perhaps the power of the stars, it should be considered a very common thing!

The light in Ye Xuan's hands is constant, and the prohibition is quickly reversed!

Open the prohibition method, but it is very simple, just need to push the prohibition to reverse!

Here, perhaps it is not a ban at all, but it is just a door.

However, this door is made by a special method, but it is added to the power of the stars, so it will make him look so magical, even no one can break.

The root of everything is because of the power of the stars.

It can be said that if it is not because of the Tianhu, I am afraid that Ye Xuan can not help.

Ye Xuan pushed in the door, but after entering it, he found that there was no such thing as a treasure in his imagination. All, but only an altar, a box.

Ye Xuan walked silently, but his heart was puzzled. Isn't this ancient power, such a collection of things, just such a box?

So what is inside the box?

Ye Xuan first spoke with the gods and determined that there was no danger, and this took the box into the hands.

Open the box and a virtual shadow appears directly.

It was an old man in a colorful war suit. The old man had white hair and a smile.

"At last, someone called me to inherit, and I waited for thousands of years, and I didn't want the old man to be so lonely!"

Ye Xuan was shocked by the fact that what kind of cultivation is necessary, can only be able to die forever!

You must know that since the power of the sword is no longer there, I am afraid that the gods are broken, but I don't want to, he will not be able to die forever!

"See the seniors!"

Ye Xuan respectfully bowed to the sorrowful soul.

After all, it is a strong man thousands of years ago, Ye Xuan still has to respect a few points.

"Imperial, there are people, you can come here, it shows that we have a fate, I don't have much time, I don't want to talk nonsense, this box contains my inheritance of the sword, I only hope that you Promise me one thing, I must practice the God of Heaven."

God's grace sword?

Ye Xuan is a bit strange, I don't know how it was achieved by the sword of the ancient times that was separated by thousands of years.

"Predecessors, I don't know what is special about this **** grace sword?"

"The **** grace sword, in fact, there is nothing special, but it is a wish that I wait for, this **** grace sword, is to use the power of faith as a kind of cultivation, I will spend millions of years, will countless The believer's power of faith is condensed. This sword represents a belief, a belief in the world, the boy, your current cultivation is too low, so you can not touch that level of things, But I want to tell you, little guy, don't underestimate the power of faith. Only the power of faith is the most pure power."

The power of faith is the power of cultivation?

Ye Xuan is somewhat incomprehensible. After all, the belief value Ye Xuan has been used all the time. However, he did not see that he can be used for cultivation, but Ye Xuan also knows that this old man cannot deceive himself.

Then, is it true that the things that the old man said have been broken, or because of their own strength, but not enough to understand the existence of that level?

Ye Xuan does not know so much. Of course, Ye Xuan can't control so much. This **** is a **** sword. Since it is the wish of this sword-building power, Ye Xuan has won the inheritance of others, so he helps others to forge a sword. It is not a bad thing.

"Well, my predecessors, I promise you, as long as I have the ability, I must forge this sword of God!"

"Good, good, good!"

The sword can only say three good words, and then continue to say: "So, I am relieved, my sorrowful soul was sealed by me with special sensation, and I don't know much, actually. You can think of me as a letter. Now, since you have already passed on, then my task is to be played."

After that, the smashing soul turned into a little starlight and disappeared!

Ye Xuan once again bowed to the soul, and took the wooden box.

Obviously, the wooden box is not made of ordinary wood, otherwise it will not be immortal for millennia.

Unfortunately, now Ye Xuan has no idea what the box is.

Among the boxes is a bamboo slip.

The forging method is described in bamboo slips and has not been used yet.

However, this bamboo slip is something special, that is, there are so many things that can be recorded.

Perhaps it is because in that era, this bamboo slip is the most capable of recording the existence of things.

Ye Xuan quickly accepted the knowledge about the forged sword.

This sword can also be special, only casting a variety of Excalibur.

It can be said that he can forge a variety of quality swords, and many qualities are already not available now.

Ye Xuan will call it the Taikoo Shenbing!

The Taikoo gods forged the way, fearing that it is the gods up and down, it is the only one!

Ye Xuan silently launched here, in the world that has been sealed for thousands of years, Ye Xuan does not want to destroy.

"Let's go, Xiao Ding, let's get out of here."

Ye Xuan left the special area directly with the cast sword beast. When he left, he easily covered up all the breath here.

It can be said that apart from Ye Xuan and Casting the Sword, it is impossible to get someone into it.

Because you want to enter this special space, you must need that special step, plus Ye Xuan once again aggravated the prohibition here, it can be said that no one can find the special.

Chapter 2486: Strengthen the sword

With this inheritance of the sword, Ye Xuan did not marry this trip to the dry sea, even if Ye Xuan did not get anything, Ye Xuan has already made a big profit!

The forging method of the Taikoo Shenbing recorded in the inheritance of this sword has long been lost.

Of course, the materials needed are also very special.

It can be said that the lowest level requires ancient resources.

Fortunately, Ye Xuan's devouring space can provide these resources, so it is not afraid of anything.

After Ye Xuan stayed away from it, he did not continue to explore the dry sea. Instead, he found a remote place, arranged a ban and a formation, and built a sword-making furnace to prepare a sword.

Of course, he is not a sword, but a sword.

The sword is already super powerful, but according to the record of the inheritance of the sword, Ye Xuan found that there are still many shortcomings in the sword.

This time, Ye Xuan's goal is to integrate the formation method into the sacred sword. Of course, the integration method is not a leisure time, but a special formation called Yihuawan!

The role of this law is that once the application is carried out, it will be able to turn a sword into a thousand.

Once successful, the benefits of this are naturally indescribable.

"Xiao Ding, Shen Mujian, Wei Zhentian, check for me, no one, don't bother!"

Ye Xuan gave a command to the sword and beast, and then he sealed the cave and locked himself in it.

There is no slight influence on the practice of the sword in the cave, and it is also free from some troublesome things when practicing the sword, such as light, such as sound.

"Fire!"

With a wave of hand, the colorful flames immediately rise in the sword furnace, and this is the lowest level of flame, the colorful black fire, just the flame that Ye Xuan used to keep the stove, this time, Ye Xuan needs to use There are twelve different kinds of flames. These flames can be said to be extremely rare. Fortunately, Ye Xuan learned from the inheritance of the sword.

This cast sword inherits, including the inheritance of flames, materials, methods, and runes.

It is by no means the only one that imagines the inheritance of the sword!

If there is no system, just comprehend these things, not a few hundred thousand years, it is simply not thinking.

The flame slowly began to change, and Ye Xuan's special resources were thrown into the sword furnace without hesitation. The sword was silently suspended there, waiting quietly...

This training is full of seven seventy-four days!

Forty-nine days, not long, but unfortunately, it is enough to attract a lot of things.

Three days ago, Ye Xuan had already felt the change from the outside world. To be precise, some people were attacking the mountain gate.

But at that time, Ye Xuan, practicing sword is at the most critical juncture, so it is not allowed to slack off, and can only be ignored.

At the moment, in addition to the cave of Ye Xuan, there are more than a dozen strong people.

Although the ancient beasts are practicing, they are also very eager to pursue the soldiers.

For them, a good soldier is even more attractive to them than countless super exercises.

Just three days ago, from this cave, there was a burst of swordsmanship, which was when Ye Xuan practiced the sword, because it did not cover up the sentiment in time.

The sword is sharp and sharp.

It's just a sword, but it seems to be able to split the world.

Therefore, these ancient beasts rushed over without hesitation.

But when they came over, they found that there were three unsightly guys blocking their way.

A sword, a beast, a person!

The sword is naturally made by Megatron, and the beast is a cast sword beast, while the human is a Shenmu sword waiter.

"The master is practicing swords, noisy people, etc., it is forbidden to enter."

Casting the sword and the mouth of the animal spit, and stood out directly.

But those strong people will manage so much.

In the eyes of the beasts of ancient beasts, the Excalibur is born, and there is no such thing as a sword.

Because there are many ancient gods left in the dry sea, the ancient beasts have always thought that the **** soldiers they have received are all given by God. At this moment, I heard that some people practice swords, they are not allowed to go in, they will promise, I thought that the sword-bearing beast was an excuse to find.

"Hey, practice swords, why haven't we heard any swords, you are stupid, brothers, rushing over, they must have hidden their own soldiers."

.....

The ancient beasts actually said that they are not stupid?

It is estimated that they will believe it.

However, these guys' heads are inherently lacking in roots, so they simply can't help but directly shoot.

Shenmu Swordsman has a strong defensive ability. At this moment, he confronts the beasts of the ancient beasts and does not fall into the wind.

The shape of the Megatron, the shape of the sword, the support of the wandering, the support of the sword and the beast, the three people cooperated, but also barely resisted.

Unfortunately, it is just barely.

As the battle progressed, the three men were obviously unable to grasp.

After three days, the cast sword beast has long been languid, and even his legs are shaking, apparently hurt.

As for Megatron, I don't know how many times I was beaten to change the magic weapon.

It is also a little better for the Shenmu Swordsman, but unfortunately, it's just a little bit better, and it's already hurt all over the body.

.....

"Booming!"

A thunder sounded.

It is the power of the gods!

The power of the ***** thunder suddenly fell down, and with a single blow, the entire mountain was broken into powder.

It turned out that the sacred sword was finally formed, and at this moment, it was leading Tianlei to make the final consolidation.

Tianlei practicing sword is the most common method that Ye Xuan got from the sword. Moreover, the greater the power of Tianlei, the better the effect.

The power to destroy the earth and the earth finally let the ancient beasts stop their movements and look at the caves with doubt.

And a figure is also coming out.

Step by step, the figure is easy to walk, with a faint smile on the corner of his mouth.

"the host."

In an instant, the three people, such as the Jian Jian beast, immediately returned to Ye Xuan, and Megatron even had to directly remove the magic weapon form and hide in Ye Xuan.

Shenmu Swordsman is still guarded in front of Ye Xuan, but Ye Xuan said faintly: "Okay, let's go to rest, the rest of the things, give it to me."

.....

The people of the ancient beasts looked at Ye Xuan, but they couldn't figure it out, but they could see the speciality of the sword in the back of Ye Xuan.

"Hand over the soldiers, spare you not to die!"

A strong beast of the ancient beasts said that the gold is cut off.

Unfortunately, answering him is a powerful attack.

"You, look for death!"

Ye Xuan has never been a good bully, especially when someone bullies him, and it is still alien!

"Never night field!"

In an instant, all the beasts of the ancient beasts lost their sight at the same time, letting his body be strong, without God, and falling into the field of never-night, they will not see anything.

"I, I can't see it!"

"Kill, kill!"

"Black, how is it black!"

The guys of these ancient beasts yelled, they didn't understand what was going on, so they vented in their own way.

Chapter 2487: One million

Unfortunately, Ye Xuan did not continue to attack, because Ye Xuan was waiting, waiting for the sword to play the final step.

Ye Xuan wants to use these guys as a sword to test the sword!

The sound of the thunder is constantly coming, and the sacred sword is experiencing the catastrophe that belongs to him. The thunder is rolling, and every thunder will make the scorpion sword more concise, and as time goes by, it will be behind the thunder. Falling down, it has already made the sacred pattern appear on the sacred sword. These patterns are the final result of this time.

Rune!

The reinforcement rune is above the sacred sword, which is the main medium for the sacred sword to have the martial arts.

These rune techniques are now lost.

The rune of the gods and the runes are simply two different things.

The runes are very simple, perhaps just a few simple lines, they have unique uses, the power of runes is not simple, but unfortunately the way to make runes, now only a little bit in the formation.

The rune that is said at the moment is not a simple rune, but an ancient rune.

Exquisite lines and simple techniques are the main ways of constructing ancient runes.

The power of the thunderstorm that the Shenjian sword experienced at the moment is also constantly cultivating those runes. Only by making the runes more concise, this time the forged sword is forged, it is truly a success.

It can be said that the last process, the reason why you need to borrow the power of Shen Lei, is also because Ye Xuan wants to strengthen the rune by his own strength, it is impossible!

The thunder flashes and continues. If the lower bounds encounter such a **** of thunder, let alone such a chain of thunder, even if it is only one of the forces contained, there is no power to resist.

The power of this **** of mine can be said that even if Ye Xuan personally resists, he can't resist much.

However, the experience of the sacred sword is 999 sacred thunder!

The speed at which the thunder landed was extremely fast.

It is slow, but in fact it is only a half-column time. The time of this semi-column is extremely dangerous. It can be said that at any time, the sword of the scorpion has the possibility of cracking.

But how the 弑Sword is the ordinary Excalibur, so the Sword Exalted.

The thunder disappeared and the sword was returned to Ye Xuan's hand.

Ye Xuan holds the sword of the scorpion. It seems that there is no difference, but he knows that the sacred sword has already undergone a great change.

"It's time to try and test out the new ability of Shenjian. With one turn, I have to look at it. What kind of power is this sword?"

"Hey Sword, give me a sigh!"

Hey, the sword is in the air and turns into a thousand shadows. It is not the illusion of divine power, but the real existence.

"Boom! Boom! Boom!"

In an instant, many ancient beasts who were trapped in the field of the nightmare, suffered a huge blow that they never imagined!

In the sky, a sacred sword was turned into a streamer, and it rushed straight toward the beasts of the ancient beasts.

One by one, one after another, the swords and lights are connected, without gaps.

"Hey!"

Even if the body of the ancient beast is dead, how can it really resist the sharpness of the sword!

You must know that this time, the sword is refreshed, and it also makes him more sharp!

The beasts of the ancient beasts were penetrated, perhaps until they died, and they did not figure out what was going on.

In the field of the night, they can't see anything, they can only bear it silently.

When the last scorpion sword fell, Ye Xuan finally removed the Yongye field.

At the moment, in front of Ye Xuan, it is a broken world. Many ancient beasts of ancient beasts have been directly smashed by swords and swords!

The power of terror is just a forging, but it is to increase the power of the sword.

The power of this cast sword is much more powerful than the expectations of Ye Xuan!

It is more useful to get this heritage than to get a few powerful magical powers!

"Devouring!"

Ye Xuan took a wave and swallowed the beasts of the ancient beasts. After all, the bodies of these ancient beasts are still useful.

"Hey, the system prompts, the host breaks through, the current eight products are in the royal world!"

Even two levels!

This time, the devouring, actually let Ye Xuan rise two levels!

It can be seen that these ancient beasts are strong, but unfortunately, they only cultivate the flesh. Then, in front of the sword, there is no resistance at all!

At this time, Ye Xuan was quite emotional in his heart. He only cultivated the flesh, even if it was how strong the flesh was, but unfortunately, it was still flawed.

If the same number of strong, with the power of the law, then perhaps, even if Ye Xuan can use the power of the sword to kill them, it must not be so easy, or even bad, Ye Xuan will be counter-killed!

Ye Xuan once heard that the strength should not be too greedy, greedy and chewed, the best practice is to be able to choose a suitable path and then go all the way.

But at the moment, Ye Xuan has different ideas.

The requirement of the former title is to be able to master more power, sub-professionals, and the number of rules, the more, the stronger the power.

Now the results of the ancient beasts dedicated to the body are also placed in front of Ye Xuan.

Perhaps, in the realm of the gods, the so-called greed and chewing is simply nowhere to say.

In the realm of the gods, wanting more powerful forces, the most simple and simple way is to cultivate more choices, magical powers, legal powers, or vice-professionals!

Having more choices seems to be the best way to practice in the realm of the gods.

Of course, although Ye Xuan has such feelings, can it work, but it is not necessarily.

After all, even if you are a powerful genius, it is impossible to have too much power at one time, and practice more. Even if it is only how powerful the day is, it is not enough.

Of course, in the tradition of the gods, there is no one who will really cultivate too much.

But now Ye Xuan's sentiment is telling Ye Xuan that it seems that it is good to cultivate more.

Let's go, leave here.

Ye Xuan waved his hand and received the sword of the gods, and walked away with the sword-bearing beast.

The next way, Ye Xuan continues to look for ancient beasts to kill, after all, the ancient beasts are so good to kill, the experience value is not low, do not kill them, and kill anything.

Until, Ye Xuan's action finally caught the attention of the ancient beast.

On this day, Ye Xuan also killed the ancient beast as before, and then swallowed the body to enhance the realm.

However, there was a sudden darkness in the sky. From the sky, a huge black shadow fell.

It is a mechanically eccentric building like a loft that can fly.

And the ones that drive them are not the power of divine power, or the law, but the three big birds that look strange!

It is these three big birds that constantly flap their wings and lift the attic here.

Chapter 2488: The strength of the ancient beast general

When the attic fell to the ground, I saw an ancient beast coming out of it.

The surface of this ancient beast and other ancient beasts does not seem to make much difference. The only thing that is investigated is that he is even bigger, and he wears an armor that does not know what material to build.

After the ancient beast, he followed a team of ancient beasts.

After seeing Ye Xuan, these soldiers immediately said: "The general, this weird guy, has been hunting our people!"

General?

Ancient beast general?

The strength of the ancient beasts is different from the divine world, so they are generally directly symbolized by their identity as their strength.

During Ye Xuan's time, it can be said that it has always been the killing of ancient beasts or ordinary beasts.

The general, but still encountered for the first time.

The killing of this time, the ancient beasts are not very important, and even some light enemy.

In Ye Xuan's eyes, the ancient beast is just an experience that is easier to kill!

Although such behavior is somewhat unfair to the ancient beasts, the ancient beasts are ancient animals, not humans. Therefore, in Ye Xuan's heart, there is naturally no burden.

It's like you've been trampled and you've been squatting, can you still feel uneasy?

Although the strength of the ancient beast is many times stronger than that of the ants, it feels like that.

"Who are you? Why kill my people? Want to die?"

Three consecutive questions, when only let Ye Xuan more recognize the ignorance of these guys.

Ye Xuan's heart is not too much attention to the ancient beast generals, even too lazy to nonsense, directly choose to shoot.

"弑剑剑, attack!"

弑Shenjian's ability to make a million, can be said to be very delicious in this dry sea, so Ye Xuan did not think much, directly changed the attack.

But this time, the result is beyond the expectations of Ye Xuan!

The attack is invalid!

The sword of the gods turned into a sword of the eternal rush to the general of the ancient beast, but the result is that the attack is invalid!

All the attacks, all hit the ancient beast general, but the ancient beast generals, and even moved to be too lazy to move, let the attack of the sacred sword rushed over, but not in the ancient beast general beast, even if it left any mark!

Perhaps the only result is that the armor of the ancient beast will be damaged!

"You dare to hurt my armor!"

Accompanied by this sentence, the ancient beast general, directly burst into a fist like Ye Xuan.

It's weird, and it's so fast that Ye Xuan is almost too late to react.

Fortunately, just a little more!

Ye Xuan still responded in time, but it was only a few steps away.

The advantage of taking a few steps is that the punch did not directly hit Ye Xuan, but it did not mean that it had no effect.

It's just a boxing style, but it makes Ye Xuan feel the intense pressure, and even can't help but spit out a blood!

This ancient beast general is too strong, so strong that even if you have a boxing style, you can have such power.

Ye Xuan put away the contempt in his heart. This time, he realized that there was such a terrible existence in this dry sea.

keep fighting?

If you know that you can't beat it, you have to fight hard, then Ye Xuan is stupid!

Ye Xuan at the moment, there will continue to be entangled, just a blow, Ye Xuan already knows the strength of this ancient beast general.

Retreat, crazy incomparable retreat, Ye Xuan did not dare to have a little delay.

Some things, that is, to be decisive, the first contact, since Ye Xuan already knows the power of this fire, then why Ye Xuan has to continue fighting, looking for things?

Escape, wandering and fleeing, Ye Xuan at this time, where there is still a little bit before the arbitrary killing of the posture of the ancient beast, Ye Xuan at this time, for the ancient beast general, has long been afraid of a few points.

His own attack has no effect, and the attack of the ancient beasts, even if it is just a random blow, can make Ye Xuan uncomfortable.

This is the gap, the huge gap.

Therefore, Ye Xuan only escapes!

Fortunately, after this period of improvement, Ye Xuan has already upgraded once, and Ye Xuan at the moment is already the top of the nine kings.

The nine products are superior to the peak of the Emperor, and only one step can be promoted to the status of God. Ye Xuan's goal is to leave the place after advancing to God's honor, but now there is such an ancient beast general, but he has to Let Ye Xuan change his mind.

It seems that this dry sea is listed as a realm by the demon gods. Even if the gods personally bring people into the country, it is not without reason. After all, a general has this kind of combat power, and the generals must have the rest. For example, the commander, such as the king!

These strong people do not know how strong they are.

In general, although the individual practice is weak at the end.

But at least, there are still great advantages in the early stage, and it is not easy to deal with.

Ye Xuan left quickly because he was temporarily unable to counter this ancient beast general.

It can be said that Ye Xuan wants to leave, even if there are many ancient beasts, it is impossible to stop him, and an ancient beast general in this area, it is impossible to block Ye Xuan.

Ye Xuan's figure flashed in succession, and with only one infinite teleport, the ancient beast general could not help.

The ancient beast general, no matter what, always can only walk on the line, but Ye Xuan wireless teleport, not only erratic, but also very fast, it can be said that the ancient beast generals have not even half way, can only follow the leaves Eat ash after the body.

Crazy linkage, Ye Xuan withdraws a million miles, this is really safe.

I don't know if the ancient beast general did not really want to hunt down Ye Xuan, or because the ancient beast general could not keep up with Ye Xuan's action. In short, when Ye Xuan quits a million miles, he has already moved away from the ancient beast general.

When Ye Xuan ran away, he did not choose the direction, but moved forward arbitrarily, but it was retreating toward the periphery. Unconsciously, Ye Xuan at the moment had already entered the Yellow Sands area very much.

In the mind of God, Ye Xuan has already seen the edge of the yellow sand zone. When it arrived here, Ye Xuan stopped moving forward.

How to choose next?

Is to re-select a direction, continue to explore the dry sea, or leave?

Continue to explore the dry sea, perhaps there are other opportunities, not to mention other, is to kill the ancient beasts, enhance the realm, is a very good choice.

However, since Ye Xuan's action has already alarmed an ancient beast general, it is very likely that Ye Xuan may encounter other ancient beasts regardless of where he goes.

So this choice is not very good.

The soldier did not hesitate for too long, he had already made a choice. He decided to leave the dry sea.

There may be a lot of unknowns in the core of the dry sea, but Ye Xuan does not want to continue to explore.

The danger is second, mainly because Ye Xuan does not feel that there is a more subtle heritage in the dry sea than the inheritance of the sword.

The inheritance of the sword was given to the opportunity of Ye Xuan to cast the sword of the Taikoo. So, in this dry sea, can it be better to inherit than the sword? Or is it a treasure?

Chapter 2489: Absolute secret

I am afraid not, so even if Ye Xuan continues to explore this dry sea, he can only find some treasures, but it is not very useful.

In this case, why does Ye Xuan continue to explore in the dry sea?

With a decision in mind, Ye Xuan quickly passed through the yellow sand area and found Tianhu.

"Boss, are you out?"

Tianhu looked at Ye Xuan, and his heart was quite a surprise.

Because of the special nature of the dry sea, at the beginning, Tianhu did not support Ye Xuan's entry into the dry sea. After all, in the heart of Tianhu, Ye Xuan entered the dry sea and was in danger.

According to Ye Xuan's decision, Tianhu is not qualified to block it. Even if the dry sea is also told by Tian Xuan, Tianhu's danger to the dry sea is very clear.

At the moment, Ye Xuan came out and Tianhu immediately said.

"The boss will come out, it is too dangerous in the dry sea. If the boss is interested in finding opportunities, it is better to go to the 12 realm secrets to come to reality. After all, there are countless treasures in the 12 realm secrets, and the danger is relatively a lot less."

Ye Xuan did not feel that there was anything wrong with the trip to the dry sea, but he was already very satisfied with the things he got. So, for Tianhu's mention of the dangers of the dry sea, Ye Xuan did not care, but it was in the mouth of Tianhu. The twelve extinct areas have caused Ye Xuan's attention.

"Twelve extinct areas? Where is that?"

"The boss does not know, these twelve territorial secrets are also quite famous in my demon **** domain. It can be said that many strong people who reach the royal kingdom will choose to enter, find the opportunity to break through, these twelve territorial secrets It is said that there are twelve secrets. It is said that these twelve secrets are the cave houses left by the former superpowers. Among them, there are three caves left by the great gods of the past!"

Dongfu?

Ye Xuan frowned slightly, but heard the Tigers continue to say.

"In our demon **** domain, many strong people have a habit, that is, when they know that they are about to fall, they will save their life, and their inheritance will be sealed in a secret way in a special way, waiting Those who have a chance to go open. There are five inheritances in the 12 secret worlds that have been discovered, creating a shocking and powerful person, but the rest of the place has not been discovered."

"You said that looking for a suitable place, I did not think about it for a while, but now it seems that the 12-year-old mystery is more suitable for you than the dry sea. As long as you get any of them, it is enough to be used. Lifelong, but only, these twelve unique realms, every time you open, will inevitably lead to countless strong people to go, there will be a **** battle that can not be avoided, maybe some tricky."

Is it tricky?

For Ye Xuan, this is not a problem.

Ye Xuan, who is in the dry sea, does not feel that there is anything wrong with it. Instead, she feels that she has made a big profit.

At the moment, the so-called twelve-minded mystery, even if it is not harvested, Ye Xuan will not feel any loss, so, in these 12 secret realms, Ye Xuan is going to see what is special.

"That line, go to these twelve territorial secrets, you lead the way!"

"Okay, the boss, the twelve unique secrets are opened one each year, and it happens that this year's sacred secrets are open, just in the middle of next month, we are now, time is really enough!"

Tianhu seems to be a little happy. After all, the Tianhu of the dry sea does not dare to follow Ye Xuan, but enters the secret world, the Tianhu really dare, even he has already participated in a trip to the region, only his time What I have gone is a mysterious secret that has been passed down, so the level of danger is not high.

Among the secrets of the extremities, although there are guardians left by the strong, the main danger comes from other beasts. After all, once treasures are discovered, there will inevitably be a battle.

In the heart of Tianhu, fighting with other beasts and strong beasts, he is still sure, but to face the ancient beasts in the dry sea, but there is no certainty, so Tianhu hears Ye Xuan willing to go to the secrets of the world. So happy.

The two quickly set off and went straight to the target.

However, Ye Xuan did not know at the moment.

In the demon **** domain, the Tianlong drunk shrimp family is in a meeting.

The leader is the criminal law elder who is drunk in the shrimp family.

It turns out that since the Tianhu nationality has won the first place, the division of resources within the entire family and the division of rights have changed a lot.

In the past, his elders of criminal law also had great rights in the tribe, and they were able to obtain many benefits, because his grandchildren were arrogant, even once surpassed the tigers!

How is the Tianhu expensive as a saint? If it is not the authority of the **** of the dragon, it is afraid that the title of the saint has already been taken.

In the eyes of the elders of the criminal law, only his grandson is worthy of having the title of the Son.

In the past, because the Tianhu was mediocre and his grandchildren were extremely good, the elders of the criminal law did not have any extra ideas. They only wanted to use the rights in his hands to seek more benefits for his grandchildren, and he Also did it.

It can be said that there is something in the Son of Heaven, and his grandchildren will certainly have it, but the Tianhu does not have it, and he cannot claim that his grandson still owns it.

But now it is not the same. I don't know where the Tianhu went to find a strong backing. It turned out that the strength suddenly rose, and he won his grandson in the family.

In this way, the elders of the criminal law felt the pressure of being strong.

He felt that his status was not guaranteed, and the rights in his hands were also squeezed by the gods of the sky and divided by several other elders.

How can the elders of the criminal law swallow this breath, so although the surface still maintains peace, but inside, the entire sky drunk shrimp people have been able to feel that a change is about to begin!

The demon **** domain, nature can't really be so united.

The sky **** will naturally have its own opponent.

The choice of the elders of the criminal law is also very simple and rude. He chose the old rival of the Dragon God as his backing, preparing to find a suitable opportunity, uniting the foreign enemy, overthrowing the **** of the dragon, and he himself took the position of the patriarch.

It can be said that all the plans are arranged in accordance with his anticipation, and the strong ones of the drunken shrimps are bought. If the spirit is not working, he will find a chance to get rid of it.

The elders of the criminal law are in charge of the criminal law. This is the second person in the Tianlong drunk shrimp family. What kind of small action he wants to make is simply a breeze.

In a short period of time, in fact, more than six elders have been killed in the drunken shrimp family. The elders of the criminal law have acted in the name of the investigation, but they have tried their best to find out that Ye Xuan and Tian Hu are removed.

However, Ye Xuan and Tian Hu have been in the dry sea, so no one doubts there, and it has not been discovered.

Chapter 2490: Tianhu's belly black road

Can Tianhu take Ye Xuan to prepare the secrets of the region, it will inevitably pass through many places, including the city.

Then, the news was quickly passed to the ears of the criminal law elders.

"Elders, this is the case. My disciples found the whereabouts of the two men there, but the two seemed to be on the road, so it was just a moment of rest and they went on the road again."

"Well, if you add people, you must find out the two guys. I will arrange the men now. This time, I must remove the two guys."

"Yes, elders!"

The figure retreats, but the face of the criminal law elder is full of viciousness.

This time, he has made up his mind and must remove Ye Xuan and Tian Hu.

Ye Xuan is mysterious, and the elders of criminal law have always felt that Ye Xuan is not simple.

However, unlike today, he is now supported by another god. The elders of the criminal law are full of enthusiasm. He feels that this time, he has enough opportunities to kill Ye Xuan and Tian Hu!

Tianlong drunk shrimp family, even if the Tianlong God will not know very well, it is not to mention Ye Xuan and Tianhu.

At this moment, after two days, I have finally arrived at the secrets of the region they are going to!

Every time the local secrets are opened, there will be many people who want to go in and try their luck.

In the hearts of many people, as long as they do not enter the core area, there is no danger.

It is because of this kind of thinking that many people will come to the mentality of trying.

Of course, there are also people who have gone from the beginning to the inheritance.

At this moment, it is only the Son who gathers outside the secret of this sacred domain. There are dozens of people on the side, and other strong ones are more.

Ye Xuan and Tian Hu are mixed in the crowd, but they are still recognized by many people.

The Tigers can be regarded as a special existence between the Sons, and many people have different rumors about the Tiger.

But one thing is common, that is, in the hearts of many saints, the strength of the tiger is not in the eye.

In the hearts of many saints, the Tianhu is a guy who can only be brute force melee.

Many people even think that Tianhu only knows how to fight brutally and is not qualified to be rated as a saint.

If it is not Tianzhu's father, Tianlong God will have a strong fighting power, and at the same time, it will have enough power, fearing that these saints will not be satisfied.

So at this moment, when Tianhu came here, he heard a bitter and harsh voice.

"Hey, this is not our great Tianzi Son. I didn't expect it to be good. I thought that our Tianlong Son had already returned to the West. It seems that I thought about it. I didn't expect that our day. Tiger Son, still alive and now."

"Haha, brother, you said that our Tianzi Son is a bit wrong. Isn't it true that the Tianzi Son will go back and tell the great Dragon God? By then, you will have to eat and leave!"

"That is, the Son of the Heavenly Tiger is not so good, you dare to be disrespectful to the Son of Heaven, be careful to be cleaned up."

Everyone said a word to me, but in the words, it was all about slapstick. Obviously, no one really put the tiger in the eye.

Ye Xuan can feel the anger of the tiger's heart. From his clenched fist, he can see that the tiger is extremely depressed.

But this time, Ye Xuan patted the shoulders of Tianhu, and said to Tianhu with a rumor secret.

"Don't ignore these guys, wait, let them stay in the secrets of the universe forever."

Ye Xuan's words are very straightforward, and Tianhu can't understand why.

Ye Xuan is to let Tianhu kill in the secret world. As for now, I don't care.

Tianhu first glimpsed a little, and his face showed a fierce look.

For Ye Xuan, Tianhu is very recognized, others must let themselves lose face, others must humiliate themselves, then they will have his life, let them use death to confess!

In order to cultivate Tianhu, Ye Xuan can be said to have spared no effort. After all, Ye Xuan has already prepared to cultivate Tianhu as his loyal servant, indecisive entourage, Ye Xuan does not need, Ye Xuan needs only as soon as he orders, then no matter what kind of enemy, Tianhu dare to rush to play!

Ye Xuan wants a person who is full of blood and can dare to fight at any time.

Although it is not like the Shenmu swordsman, or the flower **** swordsman, there is no way to violate Ye Xuan's orders, and there is no half discount, but such a follower of Tianhu is also very necessary.

After all, sometimes, some things that Ye Xuan is not convenient to handle in person, and handed it to Tianhu to deal with, is the best choice.

Therefore, Ye Xuan naturally does not teach Tianhu what morality and morality!

In the world where the strong is respected, there is no morality and morality. Ye Xuan will only make Tianhu more black, and will only tell Tianhu. The purpose is fundamental, means, but it is just a means.

Of course, this process has to be slow, even if the Tianhu is impossible to violate Ye Xuan's orders, but Ye Xuan hopes that Tianhu is willing to do things for himself, willing to serve his own life, and like the tasks he has arranged for him.

Because this is the only way to get the most out of it.

The reason why there is such an arrangement, in fact, Ye Xuan is not a temporary intention, but already has such an idea.

It can be said that when the nine sides of the six thousand mirrors, Ye Xuan hopes that there is such a person around him.

Because there is such a person, then many things can be simplified.

With the expansion of Ye Xuan's forces and the strength of its strength, Ye Xuan is in this world of God. It is impossible to say that it is always a person, a partner, a subordinate, a competitor, an enemy!

In the future, these people will be more and more, and Ye Xuan can't do anything according to his own ideas. Even if he can, he is not good at it.

Therefore, from that time on, in the heart of Ye Xuan, there was the idea of cultivating such a follower.

The appearance of Tianhu, let Ye Xuan see the opportunity.

Naturally, Tianhu's talents needless to say that as long as Ye Xuan is properly trained, Tianhu can naturally become a generation of strong, so that Tianhu will be able to play any task that Ye Xuan confesses.

At this moment, those people around, they still do not know what the fate of waiting for them is, still there are countless tigers, constant irony, and even cursing. If it was before, the tigers feared that they would either violently jump or escape.

But today, the face of Tianhu, with a faint smile, did not care.

Because Tianhu's heart only thinks about the fate of these people.

This secret is similar to other secrets, but the entrance to the entrance is a gate. There is a transmission array in the gate. After all, this is the secret of the demon gods who have fallen, so it is impossible to say things from the outside world. It can be easily opened.
