### Chapter 249: Distress

"Can I go?"

Zhao Feiyan asked quietly.

Ye Xuan heard the words, suddenly opened his eyes and asked strangely: "Where are you going?"

"I... I want to go back to the sect." Zhao Feiyan was afraid of Ye Xuan, and some said awkwardly.

"It's too dangerous in the middle of the night, wait for tomorrow, I will send you back." Ye Xuandao.

Now his strength has not recovered, so he can only go to Tianyuanzong to fly back to Lingxiao House with a Tianlei eagle, just like Zhao Feiyan.

"No, thank you..." Zhao Feiyan hurriedly shook his head and went straight away.

This time, Ye Xuan did not stop, let him leave. However, shortly after Zhao Feiyan left, he also got up and followed up.

He felt that Zhao Feiyan seemed to be a little afraid of him, so he could only secretly follow it.

"This girl is not afraid to meet the mysterious beast..."

Ye Xuan is helpless, but his injury has recovered a lot. Although he is moving, he is actually refining his medicine, as long as he is not fighting.

Zhao Feiyan was also careful to hurry, but she could not find Ye Xuan who followed at the rear 100 meters.

She ran for about half an hour before she stopped to rest.

Just as she had just sat down, suddenly a voice fell into her ear. This was not from Ye Xuan, but on her head.

This scared her to hurry up, then slammed the palm of the sky and illuminated it.

"Love... bloodthirsty spider?"

She couldn't help but scream.

The bloodthirsty spider is a beast that is comparable to the human half-step Dan Yuanjing.

If it was only one, she could still cope, but she saw that the stone wall on her head had more than a dozen bloodthirsty spiders. This is definitely not something she can handle alone.

At the moment, she just ran off.

And those bloodthirsty spiders are also beginning to chase her.

Fortunately, her speed is still fast, which is directly pulling the distance. But the next moment, her feet are another meal, because there is a strange voice in front.

"call out!"

A slap in the face and illuminate the surroundings.

Zhao Feiyan's face was pale, and the whole person was soft on the ground. She saw that there was a bigger bloodthirsty spider in front, which is clearly a bloodthirsty spider king, a mysterious beast!

She, I am afraid to enter the nest of bloodthirsty spiders.

"It's over..."

Zhao Feiyan is already ready to die, so she looks at the bloodthirsty spider that is bigger than the cow in front of her, and then lifts two front claws like a sickle.

"call out!"

The two claws of the bloodthirsty spider king suddenly swayed, and the speed was fast, and it was a broken sound.

Zhao Feiyan closed his eyes and his heart was unwilling.

But at this moment, suddenly a figure fell in front of her, and then reached out to block the \*\*\*\* spider king's two sharp claws.

"Hey, mysterious beast, luck is good!"

Ye Xuan laughed and took out the Eight Desert Sword and directly stabbed it out.

"Stars and swords, stars fall!"

"Stars swordsmanship, comet strike!"

"boom!"

A bright brilliance lit up, Zhao Feiyan suddenly opened his eyes, only to see, she can easily cut her body into two halves of bloodthirsty spider king, suddenly fell to the ground, the claws all face the sky, actually dead.

Not only that, but she also found a familiar figure in front of her. Isn't this the one who killed her brother?

Then she saw Ye Xuan stepping up and directly collected the body of the bloodthirsty spider king.

"Hey, the host swallowed a mysterious corpse and got 300 million points!"

"Hey, the host has broken through to the peak of the real Xuanjing!"

The body of this bloodthirsty spider, although not high in value, is also allowing Ye Xuan to break through to the peak of the true Xuanjing.

This is a major breakthrough, because this represents that Ye Xuan will soon be able to go to Danyuan, or even the human world.

"Refining, six yuan Dan!"

At the moment, Ye Xuan uses the materials in the phagocytic space to refine a six-yuan dan and then directly put it in his mouth.

The medicinal herbs are in the abdomen, and the prompts in the mind sound instantly.

"Hey, the host broke through to the half-step Dan Yuanjing!"

Half-step Dan Yuanjing, only one step away from Shen Dan. However, don't forget, Ye Xuan also has a mysterious beast.

When this mysterious beast was swallowed by him, the mysteriousness in his body was all transformed into Dan Yuan.

First entered the Dantian!

After using the blast, the person Dan in his body broke open, but now he has re-condensed a new person.

"Haha, it's really helping me." Ye Xuanxin

Zhong Da laughed three times, and he did not expect that he could meet a mysterious beast. It was really cool.

However, the trouble is not finished yet, so he and Zhao Feiyan entered the nest of a bloodthirsty spider. At this time, he sensed that there were hundreds of bloodthirsty spiders gathered around.

"Well, let's join the two of you."

Ye Xuan glimmered and said: "Fei Yan, stay in place."

Not waiting for Zhao Feiyan to react, when the voice fell, his whole person was swept out.

Then, there was a roar of sound around the place. The light of the energy explosion was like a fireworks, and Zhao Feiyan was a little bit.

"He, who is it?" Zhao Feiyan thought in his heart.

The spike is comparable to the bloodthirsty spider king of the mysterious beast that first entered the human world. This is not something that ordinary people can do. The whole Tianyuanzong is estimated to be so dozens.

In less than a minute, these bloodthirsty spiders were all split into two halves by Ye Xuan, and even the body and the inner Dan were swallowed up.

"More than 10 billion devouring points, it's not bad!"

Ye Xuan is very satisfied.

Half-step Dan Yuanjing's body of the beast and the inner Dan, although the value is not high, but there are hundreds of here, the accumulation is much less.

"Well, the spiders are all cleaned up, don't worry."

Ye Xuan flashed to Zhao Feiyan and gently lifted her up.

"Thank you." Zhao Feiyan thanked.

She was rescued by Ye Xuan before, and now she was saved again, so the fear in her heart disappeared and she was replaced by gratitude.

"With your strength, it is difficult to get out of the canyon, take a rest for a night, go to a place with me tomorrow, then I will send you back to Tianyuan."

Ye Xuan slowly said.

"Ok."

This time, Zhao Feiyan did not resist.

They left the \*\*\*\* land and then found a place to rest. Then, Ye Xuan took out a remedy and lost it.

Zhao Feiyan was very surprised and asked: "What is this?"

"If you eat, you know, just take your medicine." Ye Xuan casually replied.

"No, thank you, you just saved me..." Zhao Feiyan shook his head.

Ye Xuan's lazy nonsense directly threatened: "Don't give it back to me, or I will throw you away from the mysterious beast."

His tone is very strong, just like scaring a child.
