

Super D. S 2491

Chapter 2491: kill!

Of course, it is also because of this mystery, after all, it is also used by the genius of the younger generation who are deliberately kept by the strong to exercise!

Those who can participate in this mystery are all super geniuses of the demon gods. Most of them are the identity of the Son. Even if they are not saints, they also have the same talent. This kind of person is called the quasi-son. !

The people waited silently.

With the sound of squeaking, the door finally opened slowly.

The gate is a kind of mysterious material. It is not impossible to force it to be broken. However, the messenger sent by the Lord of God here all the year round, if someone really does this, fearing that it has not yet begun to act, it will be killed!

Therefore, only waiting for the door to open, all talents can enter!

"Let's go, let's go in!"

Ye Xuan said to Tianhu, the two took steps and walked toward the gate.

At this time, everyone's mind is entering the secret of the absolute domain. No one thinks more. Of course, except for the Tiger, the more it is, the more excited the tiger is.

Although many people are very excited at this time, Ye Xuan is clear, what is the excitement of Tianhu.

The formation was launched, and Ye Xuan and Tian Hu were directly transferred into the secret.

There are still a lot of people coming in with them, but most of them immediately left the place and rushed out to the front.

This unique secret is not the first time to open, so many people have been there before, and many people naturally have maps left by the family's predecessors.

However, there are still people who do not know how to live and die in front of the Tiger.

"Haha, Shrimp, I wish you all the garbage in the secrets of the ruins. Take care, don't fall into it."

Tianhu glanced at the man and did not speak. Instead, he looked at Ye Xuan.

Ye Xuan nodded faintly, just said a word: "kill!"

"Yes, boss!"

Tianhu is moving!

From the moment he came to the secrets of the extermination, he never said anything, and the Tianhu, which did not ask anything, suddenly moved.

"boom!"

Absolute crushing, absolute spike!

The talent that has the fusion of law, is the cultivation of the super supernatural power that Ye Xuan gave him. At this time, the strength of Tianhu, the strength is not as bad as before. The inside of the family is bigger than the first, but it is not blown out, but it is real. Hit it out.

Therefore, it is just a punch, and the person who has spoken has fallen.

"Tiger, what do you want to do!"

Tianhu suddenly started, scared the companion of that person a big jump. In their image, Tianhu is only a existence that can only bully the weak. In front of them, the tigers have always dared not resist. Of course, he also has no strength to resist.

But today, why does this tiger even dare to injure people? Even killing a saint directly?

Although the strength of the Son is not very good, but after all, it is a saint, a person who is as honorable as their identity.

"What do I want? I can ask me about this. In fact, I don't want to do anything, just want to borrow your life to play."

Tianhu said faintly, while talking, he has already walked toward those few people.

Ye Xuan looked at the action of Tianhu in silence, and Ye Xuan waited, waiting for Tianhu to kill all these people.

It can be said that if the Tigers can't even do this, then I am afraid it will be difficult to cultivate.

"Tianhu, you dare! We are all sons, you killed us, are you not afraid that my predecessors will marry you?"

"Tianhu, don't think that your father is a **** of heaven, you can do whatever you want. I am the same as the Son. It is the existence of special care by God! If you come in chaos, God will never spare you."

These people are actually afraid?

After all, Tianhu's tricks have killed their companions. They have never experienced this kind of experience before. In their eyes, Tianhu has always been synonymous with weakness, weakness and deception, but today, Tianhu actually Dare to kill, this has made them hard to imagine!

"Whatever nonsense, leave him, dare to kill, first take him down and say."

Someone yelled, these people immediately set up their battles and prepared to fight with the Tigers.

Tianhu is still a bit nervous at the moment. After all, what he needs is one person facing a few strong people. This kind of experience is something he has never had before.

However, the tiger turned his head and saw Ye Xuan, who stood behind him like a passerby, but immediately filled with strength!

Because Tianhu believes that as long as Ye Xuan is there, then he has nothing to do.

"Let's go together, lest I have to wait and see more."

Tianhu said faintly, the law of the giant shrimp behind him has already been revealed!

"court death!"

The few people roared and rushed toward the Tianhu.

"Boom! Boom! Boom!"

In a flash, the battle has been fierce.

However, Ye Xuan is still just watching it. There is no such thing as a shot.

At this moment, there are not many people here. Most of them will leave as soon as they appear, because they will attract them even more than the special inheritance of the secrets of the Tianhu.

Business has not businesssed for too long, but it has really won the group. There are only five people, but now they have closed our mouth.

The remaining three people have already fallen to the ground at this moment, constantly seeking for mercy.

They have also seen that the Tianhu at this time is no longer the one before, letting them bully the Tianhu. At this time, the Tianhu is not only powerful, but also very decisive.

They were afraid, so they begged for mercy, but it was only at this time that they thought of asking for mercy, but it was already late.

Tianhu did not hesitate, directly shot, and killed those people directly!

After doing all this, Tianhu returned to Ye Xuan's side.

Ye Xuan waved his hand and directly swallowed the bodies of those people. Then he looked at Tianhu and said: "What should I do next, you should understand?"

Tianhu nodded and said firmly: "Boss, I understand, as long as it is a person who has just humiliated me, one does not stay!"

"Well, since you understand, go, I am waiting for your good news."

Ye Xuan waved his hand, and Tianhu shook his head toward Ye Xuan. He turned and chased him in front. The direction he left was the direction in which the few people left.

At this time, Ye Xuan, the heart is still quite satisfied, not only because the Tianhu as expected by Ye Xuan, killing those people, but also because of the performance of Tianhu.

Ye Xuan just now, those bodies that were swallowed up in the face of Tianhu, although it seems that Ye Xuan just took away those bodies and could not see what Ye Xuan did.

However, since Tianhu saw Ye Xuan's movements, he did not even ask, and even had no doubts at all. At least this point, Ye Xuan was quite satisfied.

Chapter 2492: Found a beast

In the hands of Ye Xuan, there are the rules of the Tianhu, and there is a special kind of induction between the two. Although the scope of this induction is limited, it is not too far.

However, at least in this absolute secret is enough.

So Ye Xuan will not worry that Tianhu can not find himself.

Come to this secluded secret, Ye Xuan certainly can't just come to train the Tigers. At this moment, the Tigers have already started their actions, so Ye Xuan naturally has to start his own actions.

Ye Xuan still has some intentions about the so-called inheritance in this unique secret environment. Although I don't know what it is, I find it better than others.

So at this moment, Ye Xuan also took a direction and rushed out to the front. Since this saga is called a test, and it is a place to test the inheritance, then naturally, it is absolutely impossible to be so peaceful. simple.

Not long after Ye Xuan came out, he heard a fierce fighting voice. When Ye Xuan walked over to see it, he found that the five sons were besieging a beast.

This beast is surrounded by flames. With every movement of his body, this flame sometimes rises to the sky, and sometimes turns into various forms, and it has a certain sense of autonomy!

Ye Xuan can see that these movements are not controlled by the beasts, but really the self-reaction of those flames!

"Strange, it is difficult, is this flame of the beast and beast, or another life?"

Ye Xuan was quite confused. At the same time, he said to the system: "System, detect this beast, I have to look at it, what special is he!"

"Hey, the system prompts, the target is specified, the smoldering nitrogen smoldering beast! A product and other gods, special ability, psychic fire!"

The smoldering beast and the flame above the body are two lives that are symbiotic. However, they have the same mind and share a body, so strictly speaking, it is also a beast.

Ye Xuan saw this introduction, a slight glimpse, actually a symbiotic beast!

The symbiotic beast Ye Xuan has not been heard.

Don't say that it is a symbiosis between two bodies, even if it is a three-body or a four-body, it is not without it!

But before Ye Xuan knew the symbiotic beasts, they were all the same kind of living beings. For example, there is a symbiotic beast called a double-headed dog. It is also a symbiosis of two bodies. The two heads have their own thinking ability. But share a body.

However, the sacred animal and the flame are symbiotic, but Ye Xuan first saw it!

The spirit gods and the beasts symbiotic, before Ye Xuan really did not see.

At this moment, the five people surrounded the beast and were constantly attacking.

However, it was impossible to achieve too much success, or even a meal was suppressed.

After all, symbiotic beasts often have special abilities, even in the same realm, they can take advantage of some of the cheaper, let alone face enemies below their realm.

Through the system, Ye Xuan already knows that the siege of this tempting nitrogen-inflamed beast is the five superior gods!

Two of them are the top gods, and because of this, they can barely compete against the smoldering beast.

However, if this continues, I am afraid that five people will eventually be unable to hold back!

"The brother over there, please also help, and after killing this beast, I will have to thank you!"

Ye Xuanbing did not hide his figure, so at this moment, he has been discovered by one person.

Ye Xuan heard the words of the man, but it was a bit funny. In Ye Xuan's heart, what is the difference between them and the temptation of the nitrogen-inflamed beast? It's not all beasts, but it's just that this smoldering beast can't be shaped. Only.

The **** beast calls his own family a beast. This feeling makes Ye Xuan quite weird.

However, Ye Xuan will not help.

The five saints have nothing to do with your Ye Xuan. If it is true, it is also a natural hostile relationship between the human race and the beast.

Ye Xuan is not a sneak sneak attack on them at this moment, it is already considered good, and I hope that Ye Xuan will help, how is it possible?

Ye Xuan stood silently, did not shoot, did not leave, so silently looked at the battle of those people.

The five sons saw Ye Xuan's reaction, thinking that Ye Xuan wanted to take a profit, so he immediately shouted at Ye Xuan loudly: "Brother, this beast is not a guardian beast, and there is no treasure. Acquired, also asked the brothers to help me to kill him, once I waited for help, I must thank you!"

Help them? Help these five sons to kill the beasts in front of them?

It is impossible at all. For Ye Xuan, the demon of the demon **** domain, even if it is dead, Ye Xuan will not have half pity, because the more the saints of the demon gods die, the more they are for the Kunlun domain. Good thing!

As the saying goes, the Tao is different, not to mention, Ye Xuan and these guys, even the race is different!

How can you care about their lives?

Therefore, Ye Xuan is still watching silently, and the battle is still going on. As time goes by, the five people are even more difficult to resist. Seeing that Ye Xuan has no intention at all, finally, the leader is a big man: withdraw!"

The five men screened each other, quickly separated from the battle and walked away in the distance.

If it is true, as they say, this beast is not a guardian of the beast, then, when they leave, this beast will inevitably pursue, but the result is not the case, the five people are gone, but the beast has never left its position.

Ye Xuan mouth is a slight glimpse, these guys, actually have always wanted to conceal Ye Xuan, afraid that if they just shot from Ye Xuan, they will only be treated as sacrifices, and they will sacrifice in the claws of the gods, but they will not get a little bit. The benefits are not to be said, and even will be stupid.

Good and sinister intentions.

At the moment, after the five people retired, they did not go far, but they looked at Ye Xuan far away. One of them was a big **** who yelled at Ye Xuan: "Boy, I will let you help, why are you? Delayed!"

Ye Xuanben did not intend to pay attention to these five saints. It can be seen that these five saints are unreasonable, but their hearts are still somewhat angry.

"Why should I help you?"

Ye Xuan replied faintly, but I don't know, Ye Xuan answered their words, they are ready to start with them.

"Hey, I am waiting for you to help, it is to see you, you know who we are? I dare to violate our orders, I think you do not want to live!"

The well-overbearing Son, obviously wants to use Ye Xuan, sacrifice Ye Xuan to achieve their purpose, but Ye Xuan does not go to death, it is difficult to forgive in their eyes.

However, it is not Ye Xuan who wants to live at the moment, but they!

Ye Xuan is too lazy to talk nonsense with them, with a wave of his hand, the sword in his hand immediately suspended in the air!

With a thousand magical powers, there is no need for extra consumption, and there is no such thing as cooling time. Ye Xuan will naturally use him as the main means of attack. Of course, if this ability is used continuously for a short time, the power will be greatly reduced. .

Chapter 2493: Different treasure

The sacred sword hangs in the air, constantly emitting a strong radiance, and the light brings with it the power of the heart, let the talking Son subconsciously raise his head.

But at the moment, this guy didn't even realize that Ye Xuan had already killed them. He even said that he was quite proud of Ye Xuan's saying: "Not bad, it's a good sword, you mean to use this. Is the Excalibur a gift, but there is only one, how do we distribute the five?"

apologize?

Is this person too confident?

Ye Xuan was too lazy to pay attention to it, and waved it with her hand. In an instant, I saw that the sword of the sacred sword shook slightly, and it was already densely covered with the whole sky, and it was launched with a special magical power of one thousand, and the same sword was immediately spread. The whole sky.

At the same time that these swords appeared, they immediately crashed.

"Boom! Boom! Boom!"

Suddenly the attack, the five people were a little embarrassed, although the five people are not so stupid, I think Ye Xuan will not do it to them, but hey, there are two of them. The strongest of the peaks of the Emperor, so there is no such thing as Ye Xuan really dare to declare war with them.

It is a pity that Ye Xuan did not follow their ideas, and did not even say a word.

"Damn!"

Someone roared, and at the same time, the light of the law was already lit, trying to block the attack of the sword.

It is like a rainy attack. Every way has a strong attacking power that is not weaker than the body of the Sword. The Sword of the Sword has experienced these two promotions and has already been upgraded. Even if it is only a sword attack, the power is extremely extreme. Big.

"boom!"

One of the weakest shields of the Son protector was broken. In the twinkling of an eye, at least a hundred sacred swords were concentrated and attacked toward him.

"Hey, hey!"

There is a constant sound of a sword piercing into the body.

In just one stroke, one of the five people was killed on the spot.

The other four people have changed their face.

Of course, they used the mind to read Ye Xuan's cultivation, but what they can see is nothing more than a royal kingdom.

Therefore, they dare to be so arrogant, because in their hearts, Ye Xuan is even a top-notch god, and facing the two sons who are the same as the nine kings, it is impossible. It's easy to win, or to say, there is no chance of winning.

But where do they know, Ye Xuan, the top nine peaks, wait for the Emperor, but have the title of permanent title, plus all kinds of means, let alone deal with them, even if it is the strongest of the three gods, even There is also a chance to be killed by Ye Xuan!

At this moment, Ye Xuan suddenly broke out, and the powerful strength was seriously exceeded by the expectations of five people.

They underestimated Ye Xuan too, and looked at themselves too high, so there will be such a result at the moment.

If they are not underestimated by Ye Xuan, if they can be vigilant, it will not be completely suppressed by the sacred sword, but it will be killed by one person.

.....

"Who are you!"

At this moment, the leader who dared to despise Ye Xuan, the light shining around him, but did not immediately start, but asked Ye Xuan.

The cultivation of the sacred peaks of the nine traits is considered to be among the best in the Son. It can be said that if there is a ranking of the strength of the Son, then these two are the characters who can be ranked in the top 100.

In addition to some of the Sons who have never seen anyone, the other Sons, who have seen or heard more or less, never know that there is such a character as Ye Xuan.

If Ye Xuan is not a saint?

With Ye Xuan's age, plus such strength, I am afraid that it does not make sense.

So the leader of the talent will have this question.

At the time of this person's question, Ye Xuan suddenly felt that the flame beast seemed to be a little anxious. They clearly yelled at the front of the beast. However, this beast did not even mean to give in at all, still staying in place. .

In combination with the sudden anxiety of this beast, Ye Xuan thought of a move, fearing that the things guarded by this beast have changed.

Compared with the treasures guarded by this flame beast, these few sons are not so important.

So at this moment, Ye Xuan directly said to the leader: "Let's go, if your mouth is too stinky, I am not prepared to shoot you, so now I will leave now, then I can not be embarrassed, otherwise, You should understand the consequences."

While speaking, Ye Xuan waved with his hand, casting the sword beast and the Shenmu sword, and the flower **** sword waiter appeared at the same time.

At this time, in addition to the leader, where dare someone to scream with Ye Xuan, they see very clearly, Ye Xuan wants to kill any of them, can do it.

The leader of the Son hesitated a little, then nodded and said, "Okay, let's go!"

Let's just say, the four people immediately walked away in the distance.

Ye Xuan had no time to manage whether they really left. At this moment, Ye Xuan directly ordered the flower **** sword waiter and the cast sword beast to be alert around. He himself took the Shenmu sword and walked toward the flame beast.

The flame beast looked at Ye Xuan and continued to scream, as if warning Ye Xuan not to go, otherwise he would be welcome.

Ye Xuan will not pay attention to him at all, but the alien treasure has not yet been born, Ye Xuan does not want to have a side event, so just stand by and wait silently.

This wait did not last long.

In just one and a half hours, the land of the flame beast was suddenly shaken. Obviously, it was already out of the treasure.

For a time, the clouds in the sky filled the sky, and the earth was full of brilliance.

What is it?

Here is the secret of the extremity. It is the inheritance of the strong demon of the demon gods. Is it difficult to inherit it?

But if it is passed down, should there be such a big movement?

Or is it a super heavy treasure left by a fallen man in the demon **** domain?

Ye Xuan waited silently, waiting for the results to be revealed.

The earth is still shaking, and the vibration is getting more and more intense. After a fragrant time, at the foot of the flame beast, finally a huge change has taken place!

"Boom!"

Countless roads burst into flames, the magma of the ground!

The magma was sprayed out, so what kind of alien treasure would be hidden inside the magma?

Ye Xuan Shen read it outside and carefully explored it.

However, this magma is not so ordinary on the surface, it has been refining, not only powerful, but also capable of shielding the mind.

But for a moment, the whole piece of land has completely changed appearance, and countless magma spewed out from the ground, but it was turned into a lake of magma!

At this time, under the lake, a golden light finally emerged. It was a very strange thing. It seemed to be a paw, but it was not like a paw.

Only a few Ye Xuan can confirm that this is the treasure of the demon **** domain.

Chapter 2494: Treasure

"Hey!"

The flame of the beast screams with great joy, because he finally waited!

He has been here for a long time.

For thousands of years, it can be said that he has never left this place for half a step. What he waits for is that this claw appears. Today, this alien treasure is finally born.

Unfortunately, there is one person who is also watching this thing by his side.

For Ye Xuan, since this treasure is a good thing, then Ye Xuan will naturally not let go.

"kill!"

Ye Xuan waved his hand, and Shenmu Swordsman rushed up without hesitation. At the same time, Megatron controlled the Sword of the Sword and took it one step at a time.

Ye Xuan waved the law of the gods in the hands of the gods, and shot the arrows of the law.

"Absolute zero!"

"Never night field!"

In addition to the eternal field and the law, Ye Xuan is almost full of strength!

At this moment, there is only this flame beast, so Ye Xuan does not need to use all the cards.

However, Ye Xuan underestimated the shamelessness of the four!

It turned out that after the four people left this place, they still remembered the different treasures here. They didn't care about the death of their companions, because they didn't care at all. They care about the different treasures here.

In order to win the different treasures, as soon as they left, they immediately called friends and called friends, and directly told everyone that there were different treasures here.

Coupled with the change of the heavens and the earth caused by the birth of the alien treasure, and attracted more than a dozen people, so when Ye Xuan and the flame beast battle.

As many as thirty people have come round.

However, among these people, there is a guy who is not expected by Ye Xuan.

Tianhu is actually among those people!

At this moment, Tianhu also saw Ye Xuan, his look changed slightly, but immediately smiled and said to a few people around him: "You, since we came here, the alien treasure is naturally ours, go, grab what!"

"Tiger, come back, let other people do it first!"

"Wait? Wait for someone else to do it, what else do we have?"

Tianhu screamed deliberately and rushed straight toward Ye Xuan.

When Ye Xuan thought about it, he understood the intention of Tianhu. The Tianhu is to use other people's hands to destroy the beast and save the strength.

Understand the intention of Tianhu, Ye Xuan also rushed directly toward Tianhu.

The two played hot in the air, but it was just a play.

Others saw that they could take advantage of it, and naturally they immediately rushed toward the flame beast.

"Boss, what is that?"

Tianhu's fist smashed toward Ye Xuan and asked with a voice.

"I haven't figured it out yet, but it should be useful to you."

Ye Xuan kicked the flying tiger and said.

"The boss means, is that something for us?"

Tianhu climbed up and slammed into Ye Xuan.

"I don't use it, it's a paw, I don't like to use it!"

"Paws? Is it the three-year-old three claws of the flag **** god!"

Tianhu was very excited, but a trace of mistakes, even with his face hit Ye Xuan's fist.

The Tigers quickly glanced around, but found that no one was paying attention to them, and they were relieved.

"Why, do you think your face is harder than my fist?"

Ye Xuan mouth with a smile, he knows the excitement of Tianhu at this moment, this is what the three births and three claws, obviously in the demon **** domain is also the treasure, Ye Xuan gave the Tianhu, the Tianhu naturally will be very excited.

"Cough, boss, or let's grab it now, I can't help it!"

The Ten Tigers are somewhat unbearable, and the three generations are three claws. That is the treasure of the gods of the previous generation, and this treasure is said to be refining more powerful than the Lord. How can he not be excited?

Look at the moment around the flame beast, those saints who are madly killed can understand how deadly temptation this thing is in the demon gods.

"In this case, you are standing on the side!"

Ye Xuan also does not want to delay time, at this moment, Ye Xuan is ready to use the eternal field directly!

There are more than thirty enemies here, and there is a flame beast that does not use the eternal realm. Ye Xuan has no confidence to shake them.

When Tianhu heard Ye Xuan's words, he did not understand Ye Xuan's intention. In the heart of Tianhu, Ye Xuan's strength has always been a mystery, because whether it is Tianhu, or Tianlong God, They have never detected the strength of Ye Xuan, so they have not yet known the realm of Ye Xuan.

However, since Ye Xuan let himself stand aside, then the Tianhu will stand still.

.....

Ye Xuan figured a move, directly fell from the sky, joined the battle group.

"Oh, this guy, I thought he gave up the fight, didn't expect to be so desperate, even dare to come!"

"Kid, since you are looking for death, then I will fulfill you!"

At this moment, a saint directly rushed up and blocked in front of Ye Xuan.

The battles below are not all fighting for each other, but are divided into three groups.

At this moment, I saw Ye Xuan Chong, and naturally someone made a hand to try to stop.

Ye Xuan simply ignored the man, the eternal field, Ye Xuan's biggest card, but from the beginning, until now, it has only been used once.

Today, Ye Xuan will use the second time!

"Eternal field!"

Ye Xuan waved his hand and opened the eternal realm directly.

In the battle below, not everyone does not open the field, but when the eternal field comes out, it is impossible for any force to stop!

A powerful force is centered on Ye Xuan and spreads out directly. Most of them will be included. Of course, naturally, there is a flame behind and three generations of three claws!

The most strange thing is that when the eternal realm opens, it is actually directly excluded from other areas of the scope, even directly erased!

Whether it is strength or scope, this eternal field is too overbearing.

Of course, there may be reasons for these facts. When these saints fought, there was no realm in the field. However, even so, the hegemony of the eternal field was beyond everyone's expectations.

"What do you want to do, do you still want to challenge us all alone?"

Seeing Ye Xuan's movements, the Son is angry and screaming. After all, Ye Xuan's use of the power of the field suddenly includes all of them, which naturally leads to suspicion.

Unfortunately, they don't have to doubt, because Ye Xuan has launched an attack!

"弑剑剑, kill me!"

With the singer of Ye Xuan, the sacred sword was immediately turned into a thousand, like rain, and a sword was shining.

"Hey, hey!"

These powerful sons, at this moment, suddenly found that they simply can not resist!

"No, this is what power, this is impossible!"

A saint who was cut off by an arm shouted loudly. He did not believe it. He did not believe that Ye Xuan had such a strong strength. However, the facts are facts and blood facts.

Chapter 2495: Three births and three claws

Another number of swordsmen fell, the son of the arm that was cut off, after a moment, it was broken!

And this scene is also played in several places at the same time, including the flame beast!

Powerful, invincible!

It seems that people can't find words to describe Ye Xuan at the moment, because it is too strong and powerful to be unacceptable.

For the first time, Tianhu saw Ye Xuan's outbreak. At this moment, it's just that both legs are trembled. What kind of horrible strength, who can be enemies?

At the same time kill more than 20 people, but also among them, there are no shortage of nine masters in the peak of the gods!

This kind of strength is simply unimaginable and unacceptable!

"roll!"

Ye Xuan screamed, and the rest of the people dared to hesitate, and all of them rushed away.

These saints don't roll, what do you want to do, Ye Xuan has shown the ability to kill them at will, if they are not rolling, I am afraid there is no chance to leave!

Ye Xuan satisfactorily looked at the result of her own. For those who left, Ye Xuanbing did not pursue the past. After all, in the eternal realm, Ye Xuan could exist invincible, but once he left the eternal field, then Ye Xuan may not be able to rely on these people.

"Tiger, go take your claws."

Ye Xuan said casually.

The body of the Tianhu suddenly trembled, but it immediately passed.

At this time, the people around are all envious of it, and at the same time, I also think about what kind of relationship between Tianhu and this mysterious powerhouse!

This is the three births and three claws!

This is the super-destroyer used by the Lord's level, but it was given to the Tianhu by this person!

Three generations and three claws, the most powerful magic weapon of the gods of the previous generation!

This magic weapon is very powerful, and the most important thing is his special magical power, three life and three destruction!

It is said that this magic weapon can even keep the master's soul and godhead. If it is a battle, even if the person is degraded, he can borrow this soul and **** to complete the resurrection!

At the same time, the three births and three deaths are a strange fusion law, the integration of time and space rules.

Once it is displayed, it is a horrible illusion. If there is a special magic weapon that can be broken, it will be fine. Once it is broken, waiting for the enemy, it will be the reincarnation of the Third World!

I have been trapped in the illusion for many years, but I will not be able to say it.

This three-year-three illusion, even a bit like a seal.

.....

The only thing that is so powerful is that Ye Xuan can't use it.

Although the demon **** domain and the Kunlun **** domain are also the power to practice the law, the same is the use of divine power to cultivate, but after all, the body structure and other aspects are still very different.

Therefore, most of the magic weapons produced by the demon **** domain, the human race is difficult to drive, forced to drive, the power is greatly reduced, it is more likely to cause magic weapon counterattack.

In the same way, the magic weapon of the Kunlun Divine Terran, the strong of the demon **** domain, will also be very difficult to drive!

Therefore, even if Ye Xuan gets these three raw and three claws, it can only be used to swallow.

It is better to give Tianhu the reality and enhance the strength of Tianhu. For Ye Xuan, it is not without benefits!

Tianhu quickly put the three-three-three claws into the hands, and they loved to play.

Ye Xuan has given Tianhu three things, and three times, it can be said that Tianhu is absolutely unable to resist the temptation.

Tianhu is very excited and at the same time is grateful to Ye Xuan.

"Thank you boss..."

After half a day, the Tigers can only come up with such a sentence, because he is too excited, so he can't say too much.

Different treasures to hand, Ye Xuan naturally will not stop, with the Tianhu, they will go to the distance.

The saints around the demon gods, watching Ye Xuan take away the three fathers and three claws, handed them to the tigers, they have no other way than envy.

After all, Ye Xuan's strength has long been beyond their expectations.

One person has the power to fight twenty people!

More can do spike!

What kind of power is this?

How terrible is this power?

Who is he?

For a time, the legend about Ye Xuan's identity was inevitable and began to spread.

The birth of the three births and three claws, this is a big news, and with this news, spread more widely is the guess of Ye Xuan identity!

After all, Ye Xuan's youth is obvious to all, and his strength is even more powerful.

Some people say that Ye Xuan is a hidden child, and some people say that Ye Xuan is a super-existent secret of a certain ethnic group!

Even the most ridiculous thing is that some people suspect that Ye Xuan is the nine sons...

Actually doubt that Ye Xuan is falling...

Ye Xuan and Tian Hu did not continue to stay in this place for too long, because Ye Xuan understands that heavy treasure is in hand, then it will be inevitable to be sneaked.

And if Ye Xuan does not leave quickly, perhaps all kinds of troubles will continue.

After all, in order to survive and kill the claws, the number of people who are not killed is gone, and even the strongmen of some older generations will shoot.

Tianhu has already savage the three-three-three-killing claws, and it is extremely exciting.

However, the two have not yet determined where the next destination will go, and Tianhu will receive a message.

After the Tigers read the news, the brows were wrinkled, and between the looks, they were full of anger.

"What is it, Tianhu?"

Ye Xuan asked Tianhu.

Tianhu does not conceal, directly said: "Boss, the news came from within the family, the criminal law chief colluded with foreigners, launched a rebellion, at this time has sent a strong to come to chase us! And within the family, has already been a mess. "

Tianlong drunk shrimps actually internal rebellion?

Ye Xuan's brows are slightly wrinkled. This matter is not directly related to Ye Xuan. However, it is not a single connection.

The Eight Great Gods have a secret road to the battlefield of the Lord God in their hands. Therefore, they can also return to the Kunlun domain. If Ye Xuan can leave this, it is a good thing.

In addition, through the Dragon God, perhaps Ye Xuan can get more news about the whereabouts of the fall.

"So, let's go back to your family!"

"Boss, do you mean that you are willing to help me?"

Tianhu is very excited. In the heart of Tianhu, Ye Xuan is omnipotent.

It can be said that Tianhu can have the current achievements, all relying on Ye Xuan, Ye Xuan gave him the ancient resources, gave him the ancient supernatural powers, and gave him such a powerful three-three claws!

Without Ye Xuan, Tian Hu is afraid that among many saints, even a name cannot be ranked.

In addition to borrowing the name of his father, Tianhu is nothing.

Ye Xuan gave Tianhu all this! Therefore, Tianhu always feels that there is nothing that can be difficult to live with Ye Xuan.

"Yes, I will go back with you."

Ye Xuan nodded and replied.

The two are not on the delay and start directly.

It's too flat to start on the road.

However, with the proximity of the Tianlong drunk shrimp ethnic group, Ye Xuan and Tian Hu, finally began to encounter trouble!

Chapter 2496: ambush

In order not to be recognized by the people who are being chased, Tianhu and Ye Xuan have made some disguise. Ye Xuan even specially refining the charms that can change the personal atmosphere, but unfortunately, even if it is so Found.

Since Ye Xuan and Tian Hu can think of hiding their own figure in the way of the charm, how can those who chase and kill not think about it?

Therefore, Ye Xuan and Tian Hu, who just entered the site of the Tianlong drunk shrimp family, were immediately surrounded.

"Young Master, you are back, the small now takes you to see the patriarch and elders, and the family has already fallen out."

A tribe of the drunken shrimp family came to the side of Tianhu and said to Tianhu.

At the beginning, no matter whether it was Tianhu or Ye Xuan, I didn't notice the anomaly. I thought that this person really came to pick up the tiger, so I dare not hesitate to follow him directly. .

But after a while, the Tigers found anomalies.

"No, this is not the direction of the House of the House of Representatives. Where are you going to take me?"

"The young master did not know. At this moment, the halls have been quarreled. Several elders have to rebel against the patriarchs for some reason, so the patriarchs will temporarily retreat to the Jiuye elders!"

What the person said seems to be justified, but if it is not the Tianhu know in advance that the criminal law elders are rebellious, I am afraid that he will really believe him.

This Jiuye elder is basically a group of criminal law elders, and it is still the kind of cronies!

At this moment, this guy will try to bring Tianhu and Ye Xuan to the Jiuye elders, no doubt it is to let Tianhu also Ye Xuan self-investment!

"Damn, you are the elder of the criminal law! Give me to die!"

I figured out this, and there will be a little hesitation in Tianhu, and it's a killer!

"The young master is not toasting, not eating and drinking fine wine. If it is forcing us to do it, I am afraid that the young master will not feel good!"

Unexpectedly, the man turned out to be a master, and the Tigers made a full blow. Although he was knocked back, he did not kill it!

"Oh, **** guy, since you are a traitor, then don't want to leave alive. Today, I don't care which branch you are, you will kill you!"

Tianhu is very angry. After all, whoever knows how to be in the family, is afraid that it will not be good!

Three births and three claws have been held in his hands.

At this moment, the Tianhu is no longer the one who can bully before, and will only be the melee of the melee!

At this moment, Tianhu, with the support of Ye Xuan, has long since passed!

"Give me death!"

The Tianhu suddenly screamed and an arm swung.

Between the waves, the powerful law also appeared simultaneously!

"boom!"

A loud noise, the assassin was directly shot and flew out.

Tianhu did not intend to let him go like this. I saw a wave of Tianhu's hand, and a strong force came out directly. With a loud thunder, the man was shot again.

However, even then, the man did not even have a commandment, not even injured.

At all, the realm of Tianhu is still too low. Even if the enemy is allowed to attack by the Tengu, it will not break the defense of that person.

"Give me the help!"

The man stood up as if he had not been attacked at all. At this moment, he directly ordered the arrest of Ye Xuan and Tian Hu.

Accompanied by his orders, the people around the drunken shrimp family rushed out between the surrounding moments.

"Young Master, originally I just wanted to invite you to the Jiuye elders, but since you are not interested in this, then it is no wonder that we are under heavy hands! Kill!"

"Chong, kill! Take the Tianlong Son, the criminal law elders will have a reward!"

The attackers did not hesitate, and rushed toward the Tianhu. Even the young masters were too lazy to shout. Now they are completely rebellious!

Tianhu's heart is quite angry, but unfortunately, he has limited strength, but he can't help those people.

At this moment, Tianhu can only pin their hopes on Ye Xuan.

Ye Xuan gently picks, faintly said to Tianhu: "These people, I killed."

"Boss, don't let them die so cheaply, these **** traitors must let them taste the pain and die!"

Tianhu did not plead for his own people, but instead let Ye Xuan not kill at the same time when he started, to kill these guys enough to kill.

Of course, Tianhu is just talking about it, because whether it is Tianhu, or Ye Xuan, it is very clear. In this case, it is possible to kill these enemies with a quick stop. It is most important to reach the main hall. Things.

Since it is said that this criminal law elder dares to launch a rebellion, it is obvious that all preparations have already been made. It can be said that at this time, what is the situation of the main hall, no one can know at all.

"Megatron, attack!"

Ye Xuan ordered, of course, Ye Xuan ordered the Megatron attack, in fact, it is equivalent to commanding the Shenjian attack. After all, Megatron can control the sword at the same time!

"With one thousand!"

The sacred sword once again launched a powerful attack. In the sky, a sword can almost be said to cover the sky.

These powerful swords, but they automatically locked the assassins.

"Boom!"

The continuous explosion of the ear indicates the death of some assassins!

Under the intensive attack of Megatron, the assassin who lacked strength was only killed!

Suddenly, Ye Xuan's figure was actually rushing toward the front.

"The law is the **** arrow!"

Ye Xuan sprints, while pulling the arrow of the law of the gods bow, a powerful law of the gods and arrows, accompanied by the sky, the sword of the sword, constantly falling.

In a flash, in this whole area, the light flashed, and the sound of the explosion was endless.

"Let you try this trick!"

Suddenly, Ye Xuan waved his hand and the sword was directly returned to Ye Xuan's hand.

"Destroy the gods! Give me a trick! Hey! Hey!"

boom!

An enemy is directly smashed and flies in the air!

Subsequently, another enemy was smashed by Ye Xuan, and there was a magic weapon in front of him trying to block it, but Ye Xuan was even the magic weapon in front of him, and he was split together in two!

.....

"Give me death!"

Ye Xuan handed a wave, a half-monthly general Jianguang flew out!

The two enemies were directly cut off by the waist, and the Jianguang did not weaken, directly hitting a mountain in the distance!

The mountain was counted as an innocent disaster, but it was directly split into two!

Rumble!

The collapse of the mountains does not affect the battle here.

"Destroy God, give me another!"

Boom, Ye Xuan is a sword out, the power of violent, so that an enemy basically does not even have time to react, the rescue has been killed on the spot!

Ye Xuan's crazy attack turned out to be that most of the enemies did not even react.

"go!"

Seeing that a road has been opened, Ye Xuan and Tian Hu naturally do not hesitate, and they directly rushed toward the front. They are in a hurry to catch up with time and will not delay for such a few assassins.

Chapter 2497: Tragedy of the traitor

Of course, the assassins have not dared to catch up at this time.

There is also no ability to catch up.

Ye Xuan's violent attack not only killed most of the assassins, but also left the others with injuries!

The strength of Ye Xuan is not something that these people can stop.

If Ye Xuan and Tian Hu are anxious to go to the main hall, these enemies are afraid of being one and don't want to survive.

Ye Xuan and Tian Hu together, the speed is very fast, along the way, I have encountered two enemy roads, but no matter what kind of enemy he is, Ye Xuan will not be the slightest.

Even if these people are the people of the Tianhu, but since they have been rebellious, then the Tigers will not be when they are tribes!

.....

At this time, Tianlong drunk shrimp family discussion hall, Tianlong God will be struggling to support!

The enemy is also a god.

According to the truth, the same as God, the man should not have the guts to attack the Dragon God. After all, they are the devils of the demon gods, and once they let the demon gods know, then they will certainly block.

However, these people are prepared, and at this moment, the entire hall is surrounded by a huge barrier.

This is a weird prohibition.

It is because of the power of this ban, so the Dragon God will not be able to pass the message.

Those who are trapped together with the Dragon God, and some elders who are loyal to the Dragon God.

As for the ordinary people, because they did not know what happened, they were not affected at all.

Only a part of the tribes that the elders of criminal law have been training have followed the elders of the criminal law.

"Dragon, you still don't admit defeat!"

A strong man looks at the tiger, his face is full of decisive killing!

He and Tianlong are both superior and superior, and their strengths are comparable. Under normal circumstances, if they are two hands, the outcome is only five or five.

However, the elders of the criminal law were prepared to buy a tribe who was responsible for taking care of the dragons and gods, and released the poisonous mist when the dragons were resting.

The poisonous mist is extremely poisonous. Although it has not been able to kill the gods, it also makes Tianlong God lose its strength.

So, this gave the person a chance.

Of course, at this moment, the Dragon God will be desperate. If it is true, the Dragon God will be desperate. I am afraid that even if the person kills the Dragon God, he will pay a great price, and he will be seriously injured if he does not die!

The man was suspended in the air, and at their feet, there was no inch of complete land.

If the air is not forbidden to shield the fighting colleagues here, it is also a huge seal, limiting the aftermath of the battle to this area. It is feared that the battle between the two will be even more devastating.

"The patriarch!"

When I saw the sky, God would spit out another blood again. A group of people who were loyal to the gods of Tianlong shouted with amazement. Then they said to the people around them: "Can everyone still fight?"

"can!"

"Well, let's open up a **** road for the patriarch and send the patriarch to leave!"

The man said, after that, he is ready to do it.

However, Tianlong God will stop him.

"come back!"

The Dragon God will endure the uncomfortable. Of course, he knows that the guards of these people have a chance to escape. However, he cannot and does not dare to do so.

This ban is actually the last trace of the god.

If at this moment, the dragon **** will rush out, then this person will be ordered, killing the whole Tianlong drunk shrimp family!

Because only the entire Tianlong drunk shrimp family will be massacred, without the Tianlong of the tribe, it will not be valued by the Lord, and he can maintain his status.

It can be said that Tianlong has no choice at all.

When you rush out, you can live, but the people will definitely be buried, even the elders of the criminal law!

Stay here, then as time goes by, the toxicity will deepen and the Dragon will die!

Tianlong God will silently look at the elders of the criminal law, but his heart is quite unwilling. He did not expect that his **** Tianlong will kill countless enemies in his life, and he has encountered countless crises, but in the end, he still died in his own hands. !

It's really uncomfortable to be sold to your own old rivals by your own people!

"Dragon, you still want to insist, you should know what poison you are, but this is a huge price. From the hopeless abyss of the king of poisonous, the world has no medicine to solve, even if you use the power to suppress But it is just a delay."

"Fuxi, if you are fussy, I can still leave your family life!"

The **** will be around, but also with a lot of strong people. At this moment, those people look at Tianlong God to be here, but they are smiling.

As for the elders of the criminal law, I have already regretted this moment.

Until this time, he realized that he was always a drunken shrimp man!

Let the outsiders say that they are good, let the outsiders give him more benefits, but they are using him.

In fact, when the elders of the criminal law put the **** and his people in, and laid the prohibition, no one is looking at him.

What he said at the beginning would support him as a new patriarch and give him countless benefits. It was all deceptive.

The real purpose of people is to kill the dragons!

Without the Tianlong drunken shrimps of Tianlong God, in fact, nothing can be considered, the ultimate fate, only the enslaved share!

Unfortunately, now regret it, everything is late.

This elder of the criminal law has long been a person inside and outside, and his own people have abandoned him. Even the elders who supported him at the beginning have already stayed away from him.

Because no one is a fool, everyone can see it very clearly.

Infighting power, maybe there will be people who will support it, but if you collude with outsiders, you will not be able to.

What's more, the collusion is still the deadly enemy of the drunken shrimp family!

The enemy will not give you the chance to live, let alone anything else.

At this moment, the elders of the criminal law, except for some of their own people, are not around, and no one is following them. Everyone is far from him.

The tribe was disgusted, but the foreigner who had originally regarded him as a guest, but he did not look at him.

It is a pity that all of this is the elders of the criminal law who are looking for themselves. Even if he can survive, he still depends on how the patriarch he has been targeting is doing.

The patriarchs died, and they feared that even if they survived, they would only become slaves.

The patriarchs live, they can survive, but waiting for him is the punishment within the family.

Everything is self-seeking. At this moment, the elders of the criminal law have already lost all their ambitions. What they think in their minds is that they can get rid of them quickly.

.....

Suddenly, the Dragon God will move his mind, and it is actually sensing that the two figures are approaching this direction quickly!

The Dragon God will be able to sense it, then the enemy can naturally be sensed.

So at this moment, both of them look at the ban. In fact, Tianlong God will know who is coming, but unfortunately, he does not even dare to say it, because once the enemy knows that Tianhu is coming, The enemy will surely catch the Tiger, and then force the Dragon to come.

Chapter 2498: Scale god

At this moment, the **** of the dragon will be powerless!

Tianlong God will silently pray in his heart and pray that the Tigers will not come.

Unfortunately, Tianhu finally came over.

"I didn't expect that I couldn't find this little guy. I sent it to my door today. It's a good show of father and son, haha!"

The man laughed wildly, and the arrival of the Tigers allowed him to see the chance of victory and saw the opportunity to kill the gods.

As for Ye Xuan who came with Tianhu, he was too lazy to look at it.

Perhaps the nine masters of the finest emperor's cultivation are also good, but in this person's eyes, it is not enough to fear.

"Go, give me the little guy."

When the enemy waved his hand, a strong man came out and immediately rushed toward Tianhu and Ye Xuan.

"you dare!"

The Dragon God will scream, but the injury on his body flew directly toward the man.

At this moment, Tianhu and Ye Xuan have been able to see the battlefield ahead, but when Tianhu is about to enter the ban, it is stopped by Ye Xuan.

"Wait a minute, there is a ban here!"

"Boss, my father is fighting the enemy, I want to go in, you don't want to stop me."

"What can you do when you go in? Even the enemy that your father can't cope with, it's hard that you still have a way to protect the law here, I want to break this prohibition!"

Although Ye Xuan does not know what the prohibition is, but Ye Xuan knows that no matter what the ban is, the enemy is placed here, then it is definitely not good for oneself!

At this moment, Ye Xuan accompanied the Tianhu back, so naturally it is the demon to help the Tianlong drunk shrimp family.

"System, analyze this prohibition, I need to break this prohibition."

Ye Xuan directly pointed to the system command.

However, at the moment, one person has already rushed toward them.

Ye Xuan waved with his hand, and the Shenjian and Shenmu Swordsmen rushed out directly, while the Casting Sword Beast was guarded by Ye Xuan.

Ye Xuan does not need to smash the sword for him for too long, it only takes a long time, because with the help of the system, Ye Xuan wants to break the ban, in fact, it takes a long time.

At the beginning, I saw Ye Xuan's movements, and no one was too much. After all, this is a ban on the arrangement of one of the eight great gods. Naturally, no one can break it.

However, it was only half a tea time, but the enemy was panicked.

Because they clearly saw that Ye Xuan began to break the ban, and also clearly can sense the power of the ban, is being weakened!

"Damn, fast, give it to me, kill me the guy, and I must not let him break the ban."

A voice came, and the Tiger, but suddenly raised his head: "The uncle of the scales, it is you!"

Scales will be God!

This one attacked the strong dragon of Tianlong God, and it turned out to be a good relationship with the Tianlongzui shrimps.

Even from the small Tianhu and the daughter of the gods of the scales, they became a doll pro!

Once the right time is right, the two will become relatives!

Tianhu's eyes widened, and he didn't want to believe that the man who attacked his father turned out to be the uncle who respected himself since childhood!

The grievances of the older generation, Tianhu naturally do not know.

It turns out that this dragon and the gods will be the gods of the scales. When they were young, they became enemies because of a woman. Both of them could say that they wanted the other person's life, but no one succeeded. Instead, they were later prompted by the strength. Business of a good affair.

However, the seeds of hatred have been sold in the hearts of the two. The so-called children and relatives have also been seen by the Lord. The two have never really reconciled.

Even if it is a tens of thousands of years, the two still regard the other enemy as the enemy!

So, there is this scene today.

Tianhu looked at this scene in a silly manner and completely lost his ability to judge.

However, Ye Xuan can not care so much, seeing the scales of the gods to bring the strong people around, Ye Xuan directly ordered, so that Shenmu swordsman must stand up anyway, even let the cast sword beast also joined the battle.

At this moment, Ye Xuan is already at the crucial moment of cracking the ban. He only needs to give him a little time, he can crack this ban!

From the hands of Ye Xuan, a ray of light directly poured into the prohibition, Ye Xuan itself is a master of prohibition, this moment, he even used extremely violent means.

Forbidden to reverse!

This is an extremely dangerous way to crack. It can be said that if the level of understanding of the prohibition is not enough, and the rash will be displayed, the final result will only be banned and ruined.

However, Ye Xuanbing does not have these troubles. For Ye Xuan, the system is his biggest reliance. As long as there is a system, then no matter what kind of prohibition, Ye Xuan can crack!

The system gives a detailed way of cracking this prohibition. For Ye Xuan, it only needs to follow the instructions of the system, and there is no danger at all.

That was originally sturdy and incomparable, and even blocked the strong ban of the two great gods who defended the aftermath of the battle. At this moment, in front of Ye Xuan's, it seems so unspeakable.

With the light in the hands of Ye Xuan, the prohibition was actually shaking, as if it would collapse at any time!

This is the role of the prohibition of reversal, using the power of reversal for traction, using the power of the prohibition itself to destroy the prohibition!

Such destruction, no matter what kind of prohibition, can not be stopped, of course, the premise is that, like Ye Xuan, can completely grasp all the mystery of the ban!

Because only in this way, can we succeed and correct the prohibition.

Once the ban is reversed, there is no need to pay attention to it. Because the internal collapse of the ban will easily break the ban itself!

At this moment, Ye Xuan's attention was focused on those who rushed to him.

There are a total of five people rushing over, one of them is the third **** and the gods, and the rest are the superior gods!

In other words, really tricky, only such an enemy!

"Never night field!"

Suddenly, at the time when the Shenmu Swordsman and the Sword of the Sword are fighting with the enemy, Ye Xuan suddenly released the Yongye field!

Dark generals, those people immediately lost consciousness!

Of course, this is only an unexpected effect. Once the enemy reacts, it is not difficult to break the night field.

Ye Xuan clearly knows this, so Ye Xuan did not hesitate in the slightest, but also launched a crazy attack directly.

"Absolute zero!"

Ye Xuan directly freezes the unconscious, inferior gods, even if it can only limit the enemy for a while, but it is enough!

"Hey Sword, give me a concentration to kill him!"

Ye Xuan suddenly ordered.

Chapter 2499: Get out of trouble

In an instant, the sacred sword in the sky immediately took a million, and all the attacks were concentrated on the gods. At the same time, Ye Xuan was not idle, and the law of the shrine was taken out. With the same rule of the **** bow shot, there is also a magical attack!

Ye Xuan is very clear, he is now, but just a sudden sneak attack at the beginning, because the beginning of the night of the night field hit the enemy a surprise, this has a series of results.

But even if it is the slightest relaxation, there is a line of attack that is not connected, then the enemy can get rid of it. At that time, I am afraid that there will be a **** battle!

"The arrow that devours the law!"

At the same time, Ye Xuan shot seven arrows that swallowed the rules. These seven arrows fell in seven different positions of the enemy, completely encircling the enemy, powerfully engulfing the law, and once again controlling the enemy.

Then, in the hands of Ye Xuan, there was a charm, and the six knowledge closed the rune!

This charm has only one use, which is to seal all the enemy's perceptual ability for a short time!

This time is very short, but Ye Xuan did not ask for too long.

Ye Xuan, all these attacks, all the restrictions, in fact, is to create opportunities for the sword!

Wan Xuan's attack on the sword, Ye Xuan does not believe, can not kill this guy!

You must know that the attack of the Excalibur has a crit effect, and there is a chance that a hit will kill!

Wan Xuan Shen Jian, Ye Xuan does not believe that even a powerful crit can not appear.

Of course, because Ye Xuan and Sui Shenjian hit the attacking and inferior gods, naturally, the other four emperors have a chance. At this time, the four people are attacking Ye Xuan crazy. The blocking of the swordsman and the sword-bearing beast became even more difficult.

However, although it is stubborn, it is better to withstand it.

It all seems to be very long, but the real happening is just a few breaths.

The scales of God will only be a moment of thought for a moment, and Ye Xuan has already turned the corner!

Because, the sacred sword finally broke out three times in a row of crit!

The power of ten times crit may not be enough to kill the inferior gods, but it is enough to break the defense. Once the defense is broken, the results behind it can be imagined!

The end of the waiter and the strong can be said to be very miserable, it is actually cut into pieces by the follow-up sword!

Even if it is fragmentation, Ye Xuan will not disappoint it. This is a three-pronged **** deity. In any case, it is worthy of engulfing Ye Xuan.

With a wave of the hand, the body has disappeared and turned into the experience of Ye Xuan!

"Hey, the system prompts, the host breaks through, the current two products are waiting for God!"

The system prompts just reminded me that Ye Xuan's new attack has already started, because Ye Xuan has no time to wait. At this moment, Shenmu Swordsman and Casting Sword Beast have reached the limit, and the four enemies have joined forces to attack them. The defeat, the sword-soul attack method is too single, and the Shenmu sword waiter is also good at defense.

So the two of them are going to block the enemy's attack, the defense is more than enough, the offense is not enough, it seems a little stubborn!

Once Ye Xuan ends the battle there, he will naturally reinforce immediately.

"Hey!"

Even the three arrows of the Pearl, but it contains three powerful powers of the gods attack, in a flash, they stopped the attack situation of the four.

And stopping the attack of these four people, but only the beginning!

Ye Xuan instantly launched an infinite teleport, at the same time, the sacred sword has quickly flew back to Ye Xuan.

Just as Ye Xuan arrived at the four people, the Sword of the Sword also returned to Ye Xuan's hands.

"go to hell!"

Ye Xuan suddenly swept out a sword, the strength of the powerful, but the blink of an eye, they will kill the four people together!

By swallowing the bodies of the four enemies, Ye Xuan focused his attention on the enemy's scales.

All of this happened too fast. I thought that Ye Xuan had no spare time to break the ban, but Ye Xuan was not only shot, but even a shot, he killed a strong person on the scale.

The **** of scales and the **** of the dragon will suddenly erupt again in a conflict, but directly retreat.

Tianlong God made it impossible to launch an attack at this time, and in addition to sensing the change of the prohibition, the heart is even more than an atmosphere.

It can be said that it is the scales that are now in a difficult choice.

keep fighting?

Let me not say that I can kill the Dragon God, that is, the anger of the Lord, and that it is enough for him.

You must know that once the ban is broken, everything that happens here will be easily detected by the outside world, and the Dragon God will be able to pass the message out.

Once, the gods of the scales and the gods of the gods will shake hands in front of the gods, but at this moment, once the gods know, fear that the scales will not continue to attack the gods of the dragons, but also to find a way to explain this!

The **** of scales will look at the pale dragon of the dragon, but it is the thought of the heart, this dragon is very poisonous, fearing that there is no medicine at all, then the calculation is that he let him go at this time, afraid that he can not live. How long does it take to retreat 10,000 steps, even if he can survive, then it will inevitably lose strength and form a waste...

At the thought of this, the **** of scales will wave without hesitation, and will quickly leave with his people.

Because he feels that instead of killing the **** of the dragon, it is better to let him become a waste person, and then suffer from suffering!

At this moment, the gods of the scales will retreat, and the gods of Tianlong will no longer hold on and fall down directly.

"father!"

Tianhu slammed into the air immediately.

Ye Xuan silently looked at all of these things, but there was no relationship with Ye Xuan, but Ye Xuan did not leave, but silently meditated in the original hall of the drunken shrimp family.

Tianhu is very busy these days. The things in the family, from the inquiry of the Lord God, the visits of other ethnic groups, and so on, make the Tigers not get a break for a while, so the Tigers have hardly seen the leaves. Xuan.

Of course, Ye Xuan does not mind this. For Ye Xuan, there is not much difference between Tianhu and No.

Together with Ye Xuan, I also know exactly what kind of troubles Tianyu is facing now.

Tianlong God will fall down, and the whole Tianlong drunk shrimp family will be immediately despised.

The demon **** gods only came once once. After seeing the situation of the gods, they turned and walked away. Soon after, the tigers received news that the scales were still held in the main hall of God, but they were directly put. come out.

Obviously, the demon **** god god, is to give up the dragon god.

Subsequently, including the elders of the criminal law, the inside of the drunken shrimp family, thousands of people were guilty of crimes, and were killed by the crime of rebel, hundreds of people!

This undoubtedly makes the Tianlong drunk shrimps lose their strength!

Originally some of the subordinate races that have been obeying the Tianlong drunk shrimp family, through this opportunity to declare independence!

Chapter 2500: Lian Dan detoxification

The race around the Tianlong drunk shrimp family also took advantage of this opportunity to invade the interests of the Tianlong drunk shrimp family!

It can be said that the days of Tianhu are very difficult.

Once, this time is a full year and a half!

For a year and a half, Ye Xuan has never left in the ruins. Many people don't understand what Ye Xuan really wants to do. However, Ye Xuan himself is very clear about what he is doing.

In fact, in the past year and a half, Ye Xuan has been refining medicinal herbs.

It is not that simple thing that Tianlong God wants to clean up the toxins in the body. It is definitely not a common remedy that can be resolved.

Even Ye Xuan, who spent a full year and a half, was able to refine a million poisonous Dan with the help of the system!

Wandan Dan, made from thousands of toxins, can be said to be extremely poisonous.

However, this is the most reasonable detoxification drug after Ye Xuan tried thousands of times!

In the past one and a half years, the Tianlong Excalibur is not as good as one day. It can be said that if it is not the Tianlong drunk shrimp family, it will be degraded.

Ye Xuan needs Tianlong drunk shrimp family, because Tianlong drunk shrimp family has the transmission array that Ye Xuan wants, can leave the transmission array of the demon **** domain, and Ye Xuan will not force to capture, because Ye Xuan will drunk the shrimp family The encounter is in the eyes, he knows that after the dragon will recover, it is impossible to go to the gods of the demon gods.

And this is the opportunity of Ye Xuan!

Looking for opportunities to drop further clues, as long as you get the support of the Dragon God, then, no doubt, Ye Xuan can get more news in the demon **** domain.

Since it is the detoxification of Ye Xuan's refining system, it takes so much time, and how to leave behind the backhand. It can be said that Tianlong God will take down the detoxification of Ye Xuan, naturally it can detoxify, but at the same time, fear It can only be like the Tianhu, life-long for Ye Xuan!

This is the result of Ye Xuan.

Ye Xuan is not only to control the Tianhu, but also to control the Tianlong gods, to control the entire Tianlong drunk shrimp family, let them serve their lives, and thus, to find the whereabouts of the fall, in this demon **** domain, arrange their own power!

On this day, Ye Xuan finally completed the medicinal herbs he wanted, and he immediately got up and walked toward the new hall of the Tianlong drunk shrimp family.

For Ye Xuan, at this time, the Tianlong drunk shrimp family has long been unknown.

Almost everyone knows that if there is no Ye Xuan, then their drunken shrimp family may have been extinct.

So, seeing Ye Xuan come over, naturally no one can stop.

Tianhu is dealing with affairs, suddenly heard Ye Xuan arrive, immediately put down everything in his hand and directly greeted him.

"Boss, you are here."

Ye Xuan nodded and asked directly: "Your father?"

Hearing Ye Xuan mentioned his father, Tianhu's face showed helplessness and said: "Boss, my father's poison has already been attacked, and even the gods have been polluted. I am afraid that it will not last long."

"It doesn't matter, let's go, take me to see your father, I have refining the drug."

Ye Xuan said faintly.

However, his words made Tianhu, as well as all the Tianlong drunk shrimp people who were present, suddenly stunned.

Only know after dying to cherish!

After many and a few years of change in this year and a half, Tianlong drunk shrimp people, for the first time know how important their patriarchs are to them!

There is no Tianlong drunk shrimp family that Tianlong God will say, nothing is!

At this moment, I heard that Ye Xuan said that he had already refining the medicine, how they were not excited.

"Boss, what you said is true, you mean, my father is saved?"

"You can try it, but I can't guarantee a certain success. There are about seven layers to grasp. If you want to try it, look at your own choice!"

Seven layers of grasp!

Tianhu's heart is inexplicable. Don't say seven layers of grasping now. Even if there is a chance, he is willing to try. I believe Tianlong God will be the same!

After all, living like a waste man like now, it is better to die.

At this moment, since there are seven layers of grasp, why not cherish it.

Tianhu did not hesitate to go straight to the bedroom of Tianlong God with Ye Xuan.

Sure enough, as Ye Xuan and Tianhu expected, I heard that Ye Xuan refining the system to understand the poison Dan, and there are seven layers of grasp that can detoxify the Dragon God.

Tianlong God will almost hesitate and directly agree to come down.

"Well, I am willing to try, anyway, living like this now, there is no meaning at all, let alone the seven-layer opportunity, even one layer, half-layer! I have to try!"

Tianlong God will be very excited.

But Ye Xuan did not rush to start, but continued to say to the **** of the dragon: "There is still something I must tell you, your godhead has been polluted, so I need to poison your godhead, once successful After that, I can't return you with your godhead fragments. Are you still willing?"

Originally, this restriction was placed in the poisonous dan, but Ye Xuan Tianhu said that the gods of Tianlong God had been polluted and temporarily changed their minds.

Instead of sneaking the control of the dragon with Vanguard, it is better to use the debris of the gods to control.

I believe that the Dragon God will not be able to refuse at all.

Sure enough, after hearing Ye Xuan's words, Tianlong God will only hesitate for a moment, and he will say directly: "Yes, if it is really detoxification, then this life is what you gave, and it is natural for you to live. "

Since Tianlong God will be able to understand for himself, it is definitely a good thing for Ye Xuan!

Ye Xuan did not hesitate to hand over Wan Duo Dan to Tian Long Shen.

"Remember, this is the way to attack poison, so you will be extremely uncomfortable in the process. If you can live in the past, you will not be able to live, then you will only die!"

Tianlong God will not hesitate to swallow the poisonous dan, and then he said: "Be able to live, suffer, and count."

Ye Xuan nodded slightly, but immediately let Tianhu remove everyone, even Tianhu, Ye Xuan did not allow him to stay.

"If your father can get through, you can only look at himself. At this time, your father is the most incomprehensible, so anyone, including you, must leave. Can you stand up and see yourself? The creation."

Tianhu's words for Ye Xuan have already been heard and heard. At this moment, they naturally do not hesitate. Although they are reluctant in their hearts, they still follow Ye Xuan.

.....

In the following days, almost the entire Tianlong drunk shrimp family could hear the painful roar of the dragon.

But everyone did not hear, did not see the general, just silently praying in the heart but not in the past.

After all, Ye Xuan has already told that when Tianlong God will detoxify, no one can bother.

The time is seven days.

In the seven days, the entire Tianlong drunk shrimp family did not have a moment of rest, but waited silently.
