Chapter 25: Missing green

Ye Xuan left the yard, but his expression was not very good.

The letter he received, although he did not know who sent it, but Ye Xuan knew that it was definitely what Chen's people called.

"Ye Xuan, I want to save your little girlfriend, I will come to the woods outside the five miles of Yuncheng in the north. Otherwise, I will play with her again, and I will hang it in front of your Yeja Gate!"

This is what the letter says.

When Ye Xuan finished reading, it was also angry and angry, Chen family, actually killed again!

.....

After leaving Ye Family, Ye Xuan left Lianyun City straight away, and then rushed to the grove outside the five miles north of Yuncheng.

It was already late in the evening and the sky began to darken.

"I don't know who is kidnapping the green. If it is the sixth martial arts, or even the martial arts seventh heavy weapon, then I can't do it."

On the way, Ye Xuan is constantly planning in his heart.

Now he is the sixth stage of the martial arts. If the other party is also the sixth heavy weapon, then it poses a threat to him. Moreover, there is Xue Qingqing's personal qualities in the hands of the other party, so Ye Xuan must think twice before moving on.

"I still have two points to devour the points, I can exchange for a bursting dan, and fight with each other."

Ye Xuan suddenly remembered an remedy in the phagocytic system.

Explosive Ling Dan, worth two points to swallow points, can raise a realm in a short time, and occasionally can raise two realms. However, it can only be taken to people who are the seventh and the martial arts, otherwise it will have no effect.

Therefore, Ye Xuan is considered to be the sixth middle of the martial arts.

However, if the other party is the sixth peak of the martial arts, then he will not have much chance of winning.

"Oh, forget it, if you come, you will be safe. If he dares to move a blue hair, I will fight for it and kill him!"

Ye Xuan no longer thinks more.

Since the other party wants to let him go alone, he must have an eyeliner in the Ye family, so if he informs the master of the Yezhang faction, Xue Qingqing may be in danger.

Soon, Ye Xuan came to the forest, but he deliberately circled a section, not going in from the road, but through the bushes of bushes, first to explore and say.

This forest is not big, there are no monsters in it, so no one will come.

Ye Xuan carefully dive in, holding his breath and moving toward the center of the forest.

He walked for a while, then he heard the voice of a person.

"Report, Ye Xuan has entered the forest alone!"

After this voice, it is a man's voice: "Where is it, it seems to want to see who I am, Ye Xuan, let Laozi come out!"

Obviously, this man is the one who kidnapped Xue Qingqing.

Moreover, Ye Xuan also recognized this voice.

This person is indeed the Chen family, and, is Chen Song's father, Chen Qiang.

"It turned out to be him!"

Ye Xuan's face is not very good, because this Chen Qiang is the military of the sixth middle of the martial arts.

"Ye Xuan, give Laozi out!"

Chen Qiang shouted in the same place.

Ye Xuan looked condensed and moved on. After a while, he saw two figures in an open space.

"Sure enough, Chen Qiang..." Ye Xuan recognized it at a glance, but another figure was not Xue Qingqing, but a guard wearing Chen's costume.

Xue Qingqing, not here?

"Ye Xuan, I know that you are here, I want to attack Laozi, please give it to me."

Chen Qiang is still in the big fight.

"This Chen Qiang is estimated to have caught Qingqing, but did not take her out of the city, but was locked in a place. If I don't come, then Chen Qiang will go back to death. But why is this Chen Qiang looking for me? I have no suspicions, no problem, he can't find the murderer, pull me to vent his anger?"

Ye Xuan and more think that there is such a possibility, it seems that he had to go out this time.

Fortunately, Xue Qingqing is not here, so Chen Qiang has no hostages in his hands. Just kill Chen Qiang and then force the Chen Jia Guard to tell Xue Qingqing's position.

"The Chen Jia **** is estimated to be the fourth most important martial art. Hey, look at me and scrap your legs!"

Ye Xuan took the black iron bow from the swallowing space and then quietly pulled it.

"Hey!"

A chasing arrow shot.

"Be careful!"

Chen Qiang was the sixth middle of the martial arts. His senses were extremely sharp. He shouted, but the Chen's guards could not respond.

"Hey!"

Just listening to a crisp sound, the Chen family guards kneel down, his knee bones have been shot by the chasing arrows.

Then, another wind rang.

"Hey!"

The other leg of the Chen family guard was also abolished.

Then, there is only one threat from Chen Qiang.

"Ye Xuan, it turns out that you killed me, today is your death!"

Even if Chen Qiang is a five-and-three-thick person, at this time, he finally understood who the murderer killed his son.

"coming!"

Ye Xuan quickly exchanged two points of devouring points in the swallowing space for a bursting dan. He swallowed this blasting dan, and the spiritual power instantly rose to a level.

The sixth middle of the martial arts!

"Damn, there is only one level!" Ye Xuan said in his heart.

The phagocytic system has instructions that Explosives sometimes raises two levels of the Warrior, but this is a small probability event.

Ye Xuan, who temporarily broke into the middle of the sixth heavy martial arts, immediately lifted the black iron bow, and Chen Qiang, who was rushing forward, shot the chasing arrow.

"Bad boy, I want you to give me a funeral!"

Chen Qiang screamed and escaped from the chasing arrows. He was also the sixth middle of the martial arts, and he also had the five martial arts of the Chen family. The strength is not comparable to that of ordinary people.

Ye Xuan took advantage of the other party's rushing time, and shot a few chasing arrows, but was still escaping by Chen Qiang.

The next moment, Chen Qiang will come to him.

Therefore, he can only put away the black iron bow.

"Kid, die for me!"

Chen Qiang came to Ye Xuan in front of a big drink, then lifted his right fist and pointed his fist at the brain.

"A strong attack, if I am hit in my head, I am afraid I will faint in the past, even die on the spot!" Ye Xuan heart condensed, today, not that he killed Chen Qiang, that is, he died in the hands of Chen Qiang, so there must be no mistakes.

Run the step!

Ye Xuan's feet have already condensed the spiritual power. In the face of this punch, he directly escaped sideways and then took out the long sword from the swallowing space.

"The blast is three consecutive thorns!"

The long sword suddenly appeared in the hands of Ye Xuan, so that Chen Qiang did not expect it. He did not wait for Chen Qiang to react. The long sword was already stabbed into his body.

"puff!"

"puff!"

"puff!"

Chen Qiang took the lead in the move and was stabbed back a few steps.
